

CHAPTER 73

TELEPHONE RATES

§7301. Telephone charges for local calls from pay telephones

The rate charged by a telephone utility for a local telephone call made from a public or semipublic pay telephone shall be the same throughout its service territory for calls of equal duration. [PL 1987, c. 141, Pt. A, §6 (NEW).]

SECTION HISTORY

PL 1987, c. 141, §A6 (NEW).

§7302. Toll-call rates for deaf, hard-of-hearing, late-deafened or speech-impaired persons

1. Rate reduction. The commission shall establish a 70% rate reduction for usage-sensitive intrastate toll calls made on lines, or via credit cards assigned to lines, used for making calls from certified deaf, hard-of-hearing, late-deafened or speech-impaired persons who must rely on telecommunications devices for the deaf for residential telephone communications. In addition, the 70% rate reduction must apply to all usage-sensitive intrastate toll calls using the state telecommunications relay service. Upon request, this discount must be provided to any noncertified user making calls to a certified user, provided the noncertified user informs the intrastate toll provider of the relevant billed calls made during each billing period. This reduction must also apply to intrastate toll calls made by agencies certified by the Division for the Deaf, Hard of Hearing and Late Deafened in the Department of Labor as eligible to receive a discount, while providing vocal relay services to deaf, hard-of-hearing, late-deafened or speech-impaired persons, as well as to community service centers serving deaf, hard-of-hearing, late-deafened or speech-impaired persons certified by the Division for the Deaf, Hard of Hearing and Late Deafened of the Department of Labor as eligible to receive a discount. The costs incurred by an intrastate toll provider under this subsection are just and reasonable expenses for rate-making purposes.

[PL 2009, c. 174, §23 (AMD).]

2. Customers qualifying for the reduction. To qualify for the reduction, a customer must file an affidavit, on a form approved by the commission, with the customer's intrastate toll provider, stating that, due to deafness, hearing impairment or speech impairment, the customer or a member of the household must rely on a telecommunications device for the deaf for telecommunications.

[PL 2009, c. 68, §2 (AMD).]
