### **SUBCHAPTER 1-A**

#### **NATURAL RESOURCES FINANCING AND MARKETING PROGRAMS**

##### **§981. Legislative findings**

The Legislature has consistently found that agriculture, forestry and fisheries are major industries in the State, contributing substantially to the state's overall economy, essential to the maintenance and strengthening of rural life and values and necessary to the preservation of the health, safety and welfare of all of the people of the State. The Legislature also recognizes that food and fiber production is an appropriate use of the natural resources of the State. The Legislature finds that the survival of the family

farm and of fishing and forestry enterprises is of special concern to the people of the State and that the ability of these enterprises to prosper, while producing an abundance of high quality food and fiber, deserves a place of high priority in the determination of public policy. In addition, the Legislature specifically finds: [PL 1983, c. 519, §7 (NEW).]

**1. Existing conditions.** Compared with the national average, Maine is a capital-short State, with particular lack of long-term debt and equity capital. The existing interest rates and the existing pattern of lending to the agricultural, forestry and fishing industries are constraining the optimal economic use of farm, fisheries and forest resources. The State, in the past, has been overly reliant on the financing programs of the Federal Government, particularly the Farmers Home Administration. The ordinary operations of private enterprise in the State have not corrected this condition, leaving Maine vulnerable to changes in federal policy. Farm debt has risen much faster than gross income, with the cost of borrowing money rising more rapidly than any other production cost. Similar financing difficulties confront other natural resource enterprises, particularly wood-processing and other value-added enterprises;  
[PL 1983, c. 519, §7 (NEW).]

**2. New natural resource enterprises.** New natural resource enterprises face particular problems in obtaining adequate financing. There are more full-time farmers going out of business than entering farming, a problem which is caused, in part, because loans for new farmers for agricultural land, improvements and operations are either unavailable or unaffordable through the conventional credit markets. There are increasing numbers of new, small and part-time farmers whose needs are not adequately served by any existing financing or technical assistance programs;  
[PL 1983, c. 519, §7 (NEW).]

**3. Marketing and technical assistance.** Enterprises adding the greatest value by conversion of native raw products and by promotion of raw and processed Maine products are of particular benefit to the State. Producers and processors of natural resource products are not receiving sufficient assistance in marketing and management. There is an overall lack of a statewide marketing strategy for natural resource products and producers of these products do not receive the market information, technical assistance or market service necessary to optimize their marketing and profits. There is a need for technical assistance and training in business management, particularly among new, small and part-time participants in natural resource enterprises;  
[PL 1983, c. 519, §7 (NEW).]

**4. Resulting problems.** The lack of affordable financing options and marketing and other technical assistance jeopardizes the maintenance of agricultural, forestry and fishery operations at present levels and makes expansion and diversification of these enterprises more difficult. The lack of appropriate financing and technical assistance is contributing to the abandonment of agricultural lands in the State. The inability to continue agricultural, forestry and fishery operations at current or expanded levels jeopardizes the continued existence of family-owned natural resource enterprises and lessens the supply of locally produced food and fiber available to fulfill the needs of the citizens of this State. The constraints on the operation and expansion of natural resource enterprises decrease the available employment, particularly in rural areas and result in the problems attendant on unemployment. The threat to the viability of the family farm and other natural resource enterprises directly threatens the essence of the rural values and way of life, to the detriment of the welfare of all the people of the State;  
[PL 1983, c. 519, §7 (NEW).]

**5. Public necessity.** The existing situation will not be relieved or improved through the operation of private enterprise alone. It is necessary, desirable and in the best interest of the welfare of all of the citizens of the State that provisions be made to work with existing public and private institutions to promote the development of natural resources by making available to persons engaged in natural resource enterprises or wishing to enter these enterprises, adequate marketing and technical assistance,

as well as adequate financing opportunities, at interest rates lower than would be otherwise obtainable; and

[PL 1985, c. 344, §27 (AMD).]

**6. Public purpose and benefit.** The authority is established to stimulate the economy, to reduce unemployment, to support community development and to assure an adequate supply of food and fiber, in all respects for the benefit of the people of the State and for the improvement of their health, safety and welfare. The authority will be serving a public purpose and performing an essential governmental function in the exercise of the powers and duties conferred upon it by this subchapter. Any benefits accruing to private individuals or associations, as a result of the activities of the authority, are deemed by the Legislature to be incidental to the public purposes to be achieved by the implementation of this subchapter.

**6. [PL 1983, c. 519, §7 (NEW).]

**1. Ownership.** The authority shall not become an owner of land or facilities, except on a temporary basis where necessary to protect its investments, to maintain land in natural resource production, to facilitate transfer of lands or facilities for the use of entrants to natural resource enterprises or to otherwise implement its programs, provided that this limitation shall not apply to any development rights related to agricultural land which may be acquired by the authority, which rights may be retained by the authority, nor shall this section apply to any property acquired without payment by the authority

Financing assistance may be provided with respect to the soft costs associated with eligible projects, but not for working capital.

[PL 1989, c. 552, §12 (NEW).]

**3. Eligible borrowers.** Eligible borrowers shall include profit and nonprofit businesses, producer groups, cooperatives and governmental entities.

[PL 1989, c. 552, §12 (NEW).]

**4. Assistance provided.** The authority is authorized to provide assistance in the form of direct loans or security for commercial loans or equity investments, subject to the following limitations.

A. In the case of direct loans, funds may be provided from the fund established under section 988-A for up to 45% of total project costs. Borrowers must contribute at least 10% of total project costs in equity or the equivalent and the balance of project costs may be financed by a lender. The authority may provide that repayment of loans from the fund and the security therefor may be subordinate to the lender loan. The interest rate, other loan terms and conditions and fees to the authority may be established by the authority by rulemaking pursuant to the Maine Administrative Procedure Act, Title 5, chapter 375, subchapter II, provided that the interest rate is not less than 5% per year and loan terms do not exceed 10 years for equipment, 20 years for vessels and 25 years for real estate. [PL 1989, c. 552, §12 (NEW).]

B. In the case of security for commercial loans, funds may be provided from the fund established under section 988-A to the lender as collateral for the loan on terms and conditions established by the authority by rulemaking pursuant to the Maine Administrative Procedure Act, Title 5, chapter 375, subchapter II, provided that funds deposited with the lender do not exceed 45% of the total loan. The authority may also provide funds to a lender as a deposit in the name of the authority at a reduced rate of interest provided that the interest savings to the lender is passed on to the borrower in the form of a lower interest rate on the loan. [PL 1989, c. 552, §12 (NEW).]

C. In the case of security for equity investments, the authority may pledge or deposit money from the fund established under section 988-A as security for up to 30% of a direct equity investment in an eligible borrower on terms and conditions established by the authority by rulemaking pursuant to the Maine Administrative Procedure Act, Title 5, chapter 375, subchapter II. [PL 1989, c. 552, §12 (NEW).]

D. Assistance from the fund pursuant to this section may not exceed in aggregate 45% of total project costs of an eligible project. The authority may establish a mechanism for reserving funds for or giving priority to projects in industries or areas of the State deemed to require special assistance. [PL 1989, c. 552, §12 (NEW).]

E. Each applicant must demonstrate a reasonable likelihood that it would not be able to obtain financing or investment sufficient for the project's needs on reasonable terms without assistance from the fund, that there is a reasonable likelihood that it will be able to repay the loan or secured investment and that the project will assist in accomplishing the purposes of this subchapter. **§997. Program for entrants to natural resource enterprises**

In addition to other programs and financing assistance established under this subchapter which may be available to natural resource enterprises, the authority shall establish a supplemental financing and technical assistance program designed specifically to meet the needs of entrants to natural resource enterprises. [PL 1985, c. 344, §36 (AMD).]

**1. Criteria for participation.** In addition to the applicable provisions of sections 987 and 988, persons seeking financing assistance under the entrants to natural resource enterprises programs shall be subject to the following.

A. In the case of an applicant who is an individual, the entrant to natural resource enterprises must be a resident of the State and must have, together with the individual's spouse and dependent children, an aggregate net worth, as determined by the authority, of \$100,000 or less when an application is made. In the case of an applicant that is a business organization, the entrant to natural resource enterprises must be organized under the laws of the State so that at least 51% of the controlling ownership is held by residents of the State, each of whom has, together with the resident's spouse and dependent children, an aggregate net worth, as determined by the authority, of \$100,000 or less when an application is made. [RR 2023, c. 2, Pt. C, §7 (COR).]

B. The authority shall provide financing assistance in such amount as it determines is appropriate to reflect the cost of a reasonably-sized beginning enterprise. [PL 1985, c. 344, §36 (AMD).]

C. The entrant has not previously received financing assistance under the program for the acquisition of property similar in nature to the property for which the financing assistance is sought, except that this restriction shall not apply if the amount previously received for an enterprise, plus the amount of the additional assistance sought for that enterprise, does not exceed the total determined by the authority pursuant to paragraph B. [PL 1985, c. 344, §36 (AMD).]

D. The entrant agrees to engage in one or more natural resource enterprises and to participate in such marketing and training programs as the authority may require. [PL 1985, c. 344, §36 (AMD).]

E. The entrant agrees to such other conditions as the authority may impose. [PL 1985, c. 344, §36 (AMD).]

[RR 2023, c. 2, Pt. C, §7 (COR).]

**2. Financing assistance terms.** In addition to the applicable provisions of sections 987 and 988, assistance provided pursuant to this section may involve special financing terms, including, but not limited to:

A. For the acquisition of land and facilities, arrangements where the authority agrees to make payments and binding commitments and to continue these payments, if necessary, over the life of the mortgage on behalf of entrants to natural resource enterprises in order to reduce interest costs on market rate credit to the level the authority by rule determines conducive to achieving the purpose of this section, provided that the rate shall not be lower than 5%. Persons benefiting from these assistance payments may be required to pay a larger interest payment as their ability to pay increases. No commitment made by the authority under this paragraph may be construed to commit the faith and credit of the State; [PL 1985, c. 344, §36 (AMD).]

B. Deferred payment schedules; [PL 1983, c. 519, §7 (NEW).]

C. Loan insurance for loans that satisfy the following requirements:

[PL 1987, c. 159, §1 (NEW).]

## SECTION HISTORY

PL 1987, c. 159, §1 (NEW).

**§1012. Maine Natural Disaster Business Assistance Program**

**1. Purpose.** The authority shall administer the Maine Natural Disaster Business Assistance Program for the purpose of providing assistance to businesses that are victims of natural disasters that have caused the State or portions of the State to be declared disaster areas by the President of the United States or the President's authorized representative.

[RR 2023, c. 2, Pt. C, §8 (COR).]

**2. Eligibility.** Any eligible enterprise, as defined in section 963-A, subsection 9, shall be eligible for financial assistance under the program provided that:

A. The applicant has suffered serious financial hardship as a direct result of a natural disaster; [PL 1987, c. 159, §1 (NEW).]

B. The applicant has insufficient access to federal or other disaster funds or other financial assistance on a timely basis other than pursuant to this program; and [PL 1987, c. 159, §1 (NEW).]

C. The applicant is a business enterprise operated for profit. [PL 1987, c. 159, §1 (NEW).]  
[PL 1987, c. 159, §1 (NEW).]

**3. Operation.** Financial assistance under the program shall be used for the purpose of assisting eligible enterprises in recovering from the effects of natural disasters. The program may be administered in conjunction with other programs of the authority. Money in the fund may be used:

A. To provide direct loans to eligible enterprises; [PL 1987, c. 159, §1 (NEW).]

B. As security for loans from financial institutions to eligible enterprises; and [PL 1987, c. 159, §1 (NEW).]

[PL 1987, c. 159, §1 (NEW).]

**4. Criteria.** No financial assistance may be approved unless the authority determines that there is a reasonable likelihood that the applicant will be able to repay any loan made or secured under the program, that the applicant has demonstrated that it has insufficient access to other sources of funds and that the financial assistance is needed to assure the recovery of the applicant from the effects of the natural disaster. All applications must be received not later than June 30, 1987. The authority, by rules adopted in accordance with the Maine Administrative Procedure Act, Title 5, chapter 375, may establish temporary reservations for geographic areas of the State and may establish such other criteria as may be consistent with the purposes of the program.  
[PL 1987, c. 159, §1 (NEW).]

**5. Limitations on financial assistance.** Financial assistance under this subchapter shall be subject to the following limitations.

A. The initial term of financial assistance to applicants who are eligible to apply for federal funds as a result of a natural disaster shall not exceed 6 months. If federal funds are not available within the initial 6-month term to repay loans made or secured under this subchapter, the authority may extend the financial assistance or convert a loan from a financial institution secured under this subchapter to a direct loan for such term and on such conditions as may be appropriate and consistent with the purposes of this subchapter. [PL 1987, c. 159, §1 (NEW).]

B. Loans pursuant to this subchapter shall ordinarily be made at interest rates not exceeding the prime rate of interest as reported in national financial publications and for terms not exceeding 20 years, provided that the authority may in its discretion vary those limitations if necessary to ensure

the viability of the enterprise and repayment of the loan, and provided further that the authority may charge a higher rate of interest after default. [PL 1987, c. 159, §1 (NEW).]

C. Loans made or secured under this subchapter shall be secured by such collateral, including personal guarantees, as may be reasonably available. The authority may provide financial assistance with less than adequate collateral when the applicant is credit worthy and demonstrates the ability to repay the loan. [PL 1987, c. 159, §1 (NEW).]

D. The amount of financial assistance to an applicant from the fund shall not exceed \$50,000, provided that the initial amount of each loan shall not exceed the minimum amount necessary for operation of the applicant's business during the initial 6-month term, as determined by the authority. [PL 1987, c. 159, §1 (NEW).]

E. The authority may agree to deposit money from the fund with a financial institution to secure a loan to an eligible applicant and may waive the payment to the authority of some or all of the interest accruing on such deposit, provided that the applicant receives a reduced interest rate as a result of the deposit. [PL 1987, c. 159, §1 (NEW).]

F. The authority may impose and collect a penalty of an amount not to exceed 50% of the amount of principal, interest and other charges due from a recipient of financial assistance under this subchapter in any case when the authority determines that the recipient has willfully applied the financial assistance to purposes or uses other than those purposes or uses approved by the authority or when the recipient has willfully failed to promptly repay the financial assistance with federal or other disaster funds available for that purpose as required by the authority. [PL 1987, c. 159, §1 (NEW).]

G. Money from the fund shall not be released to or for the benefit of recipients until all applicable local, state and federal permits have been issued, and, for recipients located in flood plains, evidence of flood insurance has been provided. [PL 1987, c. 159, §1 (NEW).]

#### **§1023-N. Potato Marketing Improvement Fund**

There is created a fund known as the Potato Marketing Improvement Fund, referred to in this section as "the fund." The fund must be deposited with and maintained by the authority to be used solely for investment in the Maine potato industry. The fund must be administered by the Maine Potato Board, established in Title 36, section 4603 and referred to in this section as "the board." All money received by the authority from any source for the development and implementation of improved storage, packing and marketing and programs and activities that improve the economic viability of the potato industry must be credited to the fund. Any money credited to the fund from the issuance of bonds on behalf of the State for agricultural development may be used only for the purposes of state loans as prescribed by Title 7, section 974-A to provide assistance to potato farmers for the design, construction, improvement, support and operation of storage, packing and marketing facilities; for programs and activities that improve the economic viability of the potato industry; and to pay the administrative costs of processing loan applications and servicing and administering the fund and loans and grants made therein, to the extent that the costs exceed the fee for administrative costs established by Title 7, section 974-A, subsection 2-A. At the discretion of the Commissioner of Agriculture, Conservation and Forestry, the authority shall make payments directly to the board, which shall use those payments to implement the requirements of this section. During any period that the commissioner has authorized direct payments from the authority to the board, the authority shall make written annual reports to the commissioner and the joint standing committee of the Legislature having jurisdiction over agriculture, conservation and forestry matters detailing the amounts of payments to the board and the dates payments were made and detailing the expenditure of those payments. Repayment of the loans and interest on the loans must be credited to the fund to be available for making additional state loans for the same purposes, except that any interest earned on the cash balance of the fund may be used for the grants authorized by Title 7, section 975-A. In order to provide additional amounts for loans, the commissioner, upon consultation with the board, may take such actions and enter into such agreements as may be necessary to sell or assign up to \$2,000,000 in the aggregate principal amount of loans and undivided interests in a pool of loans and assign or pledge any mortgage or other security to the authority, under the terms and conditions the commissioner considers advisable upon consultation with

the board. The assignment and related transactions may not result in indebtedness of the State. The proceeds of the sale or assignment must be credited to the fund and used for the purposes authorized in this section. [PL 2021, c. 560, §8 (AMD).]

A purchaser of a modern storage facility that was previously financed with a state loan from the fund may receive a loan under the conditions of this section. Mortgages obtained from the fund may be assumed by subsequent purchasers of the property. The board shall adopt rules concerning the purchase of existing buildings. [PL 2013, c. 403, §12 (AMD).]

Rules adopted pursuant to this section are routine technical rules as defined in Title 5, chapter 375, subchapter II-A. These rules must include provisions that ensure that such purchases are in keeping with the purposes and intent of this subchapter and of Private and Special Law 1981, chapters 65 and 75. They must also include a definition of a modern storage facility. [PL 2001, c. 125, §6 (NEW).]

The authority may further assist the borrower by allowing for the deferral of interest or principal payments for a period of time. Loans may be subject to conditions that allow the authority to make a reasonable return based on the risk of the investment, which may include royalties or additional payments based on sales, net cash flow or other financial measures and rights to equity in the company.

The authority may require less than adequate collateral for loans under this subsection, may provide for deferral of payments of principal or both principal and interest, and may waive accrual of interest for a period of up to 12 months. In order to process loan requests as promptly as possible, the chief executive officer is authorized to act on behalf of the authority and may approve loans under this section on such terms and conditions as the chief executive officer determines necessary or prudent, without the need for rulemaking and without being limited by the provisions of existing rules adopted in accordance with subsection 3. Investment performance of the program may be partially guaranteed by refundable tax credits issued by the authority to the retirement system. This section does not mandate or require any investment by the retirement system or give the retirement system any economic development responsibilities, its sole responsibility being to safeguard, invest and increase retirement system assets consistent with its fiduciary duty to its members.  
[PL 2009, c. 633, §4 (NEW).]

**2. Investment goal; guidelines.** The goal of the program is to attract more venture capital to innovative businesses in this State by providing the retirement system with an incentive to invest in high-quality venture capital funds that evidence both a commitment to seeking investments in the State and the ability to produce favorable returns to minimize the risk of tax credit redemption. Consistent with this investment goal, the retirement system may, in the exercise of its discretion and consistent with its fiduciary duties to the beneficiaries of the retirement system, apply to the authority for approval under the program for proposed investments in venture capital funds. The authority may approve such a proposed venture capital fund investment under the program if it determines that the venture capital fund will give strong consideration to investing in businesses in this State that fall within the targeted technologies. In making this decision, the authority shall consider whether the venture capital fund:

A. Will maintain at least a periodic presence in the State; [PL 2009, c. 633, §4 (NEW).]

B. Will build linkages to, and accept referrals from, at least some of the organizations promoting the State's innovation economy, including the authority, the Maine Technology Institute under Title 5, section 15302, the Small Enterprise Growth Fund under section 383, the Department of Economic and Community Development, the Maine Patent Program under section 1921, the

University of Maine System and other venture capital investors within the State; [PL 2009, c. 633, §4 (NEW).]

C. Will actively prospect for investments in the State; [PL 2009, c. 633, §4 (NEW).]

D. Expresses a commitment to seek investments in businesses in this State that meet its investment criteria; and [PL 2009, c. 633, §4 (NEW).]

E. Demonstrates the ability to make successful venture capital investments. [PL 2009, c. 633, §4 (NEW).]

[PL 2009, c. 633, §4 (NEW).]

**3. Investment restrictions.** Investments under the program are governed by this subsection.

A. The retirement system may not invest directly in individual businesses under this program but may invest only in venture capital funds that are managed to best achieve the purpose set out under subsection 2. [PL 2009, c. 633, §4 (NEW).]

B. No more than \$4,000,000 of tax credits may be placed at risk with respect to any single commitment to a venture capital fund. [PL 2009, c. 633, §4 (NEW).]

C. The retirement system may cooperate with the authority and other organizations promoting the State's innovation economy by encouraging participating venture capital funds to consider investments in this State consistent with their investment strategies. The retirement system may at any time be relieved of this obligation by releasing the State from its obligations under all outstanding tax credit certificates issued under the program. [PL 2009, c. 633, §4 (NEW).]

[PL 2009, c. 633, §4 (NEW).]

**4. Refundable tax credits.** The authority may issue to the retirement system certificates of up to \$20,000,000 in refundable tax credits as provided by Title 36, section 5219-EE to serve as partial security against a loss of capital under the program. Certificates must be issued to expire no later than July 1, 2028.

A. Refundable tax credits as authorized by this subsection may be redeemed only as necessary to offset 80% of any realized loss of capital in the program. [PL 2009, c. 633, §4 (NEW).]

B. A certificate of tax credits issued by the authority under this section is binding on the State and constitutes a solemn contractual commitment of the State protected under the contract clauses of the Constitution of Maine, Article I, Section 11 and the United States Constitution, Article I, Section 10. Once issued, as long as the retirement system is not in default under its agreement with the authority with respect to any certificate of tax credits, the certificate may not be modified, terminated or rescinded until the certificate expires, is redeemed or is released by the retirement system. [PL 2009, c. 633, §4 (NEW).]

C. The authority shall register each refundable tax credit under this section with the Department of Administrative and Financial Services, Bureau of Revenue Services. The retirement system shall report annually to the authority on the status and valuation of investments secured by the certificate of tax credits and such other information as may be required pursuant to an agreement between the retirement system and the authority. The report must include details of capital calls and distributions. [PL 2009, c. 633, §4 (NEW).]

D. A refundable tax credit allowed pursuant to this section is not a security under Title 32, chapter 135. [PL 2009, c. 633, §4 (NEW).]

E. On the final liquidation of a venture capital fund for which a certificate of tax credits has been issued, the retirement system shall notify the authority of termination of the investment and certify the amount of any loss. The authority may request such information or documentation from the retirement system as it determines reasonably necessary to confirm the amount of any loss and shall promptly certify any capital loss to the Department of Administrative and Financial Services,

Bureau of Revenue Services. Upon submission by the authority, the bureau shall redeem registered credits as necessary to pay 80% of the loss certified by the authority up to a maximum payment of \$4,000,000 with respect to any single venture capital fund investment or an aggregate loss under the program of \$20,000,000. For purposes of this subsection, "loss" means the total amount of investment by the retirement system into the venture capital fund less the total value of all distributions received by the retirement system from such venture capital fund, as determined by the authority. [PL 2009, c. 633, §4 (NEW).]

F. Nothing in this section may be construed to place the assets of the authority at risk. Except for those rights that relate to refundable tax credits, nothing in this section may be construed to create an obligation of the State or of any political subdivision of the State, and this section may not be construed to require or mandate the retirement system to make any investments under the program. [PL 2009, c. 633, §4 (NEW).]

G. The authority may charge the retirement system reasonable fees for the cost of implementing and administering the program and any tax credits authorized by this section, not to exceed the authority's out-of-pocket costs plus an annualized fee not to exceed 1% of the outstanding balance of tax credits. In addition, the authority may assess a reasonable program fee from gains received by the retirement system from investments under the program. Any such fees are subject to the approval of the retirement system and the authority. [PL 2009, c. 633, §4 (NEW).]

[PL 2009, c. 633, §4 (NEW).]

#### §1032. Capital reserve funds; obligation of State

**1. Capital reserve fund.** The authority may create and establish one or more capital reserve funds and may pay into any such capital reserve fund any money appropriated and made available by the State for the purposes of any such fund and any other money available to the authority. For purposes of this section, the amount of any letter of credit, insurance contract, surety bond, indemnification agreement or similar financial undertaking available to be drawn on and applied to obligations to which money in any such fund may be applied shall be deemed to be and counted as money in the capital reserve fund.

[PL 1987, c. 697, §9 (NEW).]

**2. Application.** Money in any capital reserve fund created pursuant to subsection 1, except as provided in this section, must be used solely with respect to mortgage loans, repayment of which is secured by any such fund, for the payment of principal, accrued interest and costs and expenses chargeable to the mortgage loan, with respect to interest rate swap agreements benefiting eligible enterprises, and with respect to amounts borrowed by the authority to be used for direct loans from the authority to eligible businesses or students pursuing higher education when direct loans have been authorized by law. Money in any capital reserve fund may be used to pay all amounts due and payable, whether by acceleration or otherwise, under the contractual agreements pertaining to such mortgage loans, interest rate swap agreements and loans to the authority, including fees, commissions, indemnities, expenses and other amounts due. Security for loans.** With respect to any loans that may be insured under this subchapter, interest rate swap agreements benefiting eligible enterprises and loans to the authority to be used for direct loans to eligible enterprises or students pursuing higher education, the authority may provide that such loans, interest rate swap agreements or loans to the authority must be secured by one or more capital reserve funds established pursuant to subsection 1 instead of or in addition to insurance provided under other sections of this subchapter. Limitations and requirements applicable to insurance under sections 1026-A to 1028 are applicable to loans, but not interest rate swap agreements or loans to the authority, to which one or more capital reserve funds apply as if the loans were backed by insurance. Capital reserve funds may secure interest rate swap agreements pertaining to eligible enterprises that

demonstrate the ability to honor the swap agreement as determined by the authority and that do not have as a principal element space for retail sales or professional office space, as defined by the authority. Any commitment with respect to a loan executed and delivered pursuant to this section is conclusive evidence of the eligibility of the loan for insurance and the validity of any such commitment or contract is incontestable in the hands of a lender, swap counterparty or lender to the authority except for fraud or misrepresentation on the part of the lender, swap counterparty or lender to the authority. Loans secured by capital reserve funds under this section are made legal investments for all insurance companies, trust companies, banks, investment companies, savings banks, savings and loan associations, executors, trustees and other fiduciaries, public and private pension or retirement funds and other persons.

[PL 1989, c. 552, §15 (AMD).]

Appropriation.** On or before December 1st, annually, the authority shall certify to the Governor the amount, if any, necessary to restore the amount in any capital reserve fund to which this section is stated in any written agreement of the authority to apply, to the reserve requirement established by the authority. The Governor shall pay directly from the State Contingent Account to any such fund as much of the amount as is available in that account and shall transmit directly to the Legislature certification and a statement of the amount, if any, remaining to be paid. The certified amount shall be appropriated and paid to the authority during the current state fiscal year.

[PL 1987, c. 697, §9 (NEW).]

**6. Obligations outstanding.** The authority may not have at any one time outstanding obligations to which this section is stated in any agreement of the authority to apply in principal amount exceeding \$150,000,000, less the amount of revenue obligation securities to which section 1053 is stated in the trust agreement or other document to apply. Amounts of revenue obligation securities that are not taken into account pursuant to section 1053, subsection 6, may not be taken into account for purposes of determining the amount that may be outstanding under this section. The authority may assist applicants, who may be persons, firms and corporations, private or public, except as provided in this chapter, in the financing of projects by issuing revenue obligation securities, drafting financing documents, trust agreements and other contracts, arranging the financing and negotiating for the sale of the securities. [PL 1981, c. 476, §2 (NEW).]

**SECTION HISTORY**

PL 1981, c. 476, §2 (NEW).

**§1043. Certificates of approval**

**1. Issue.** The authority is authorized and empowered to approve or disapprove projects following submission to it of applications for approval thereof, in such form and with such supporting data as it may require and, upon approval of a project, to issue a certificate of approval. The authority shall publish once in the state newspaper and in a newspaper of general circulation in the area of the State in which the project is to be located, notice of the date on which the authority will consider issuance of a certificate of approval for the project. The notice shall be published at least 7 days prior to the date scheduled for such consideration, shall set forth the name of the applicant, describe generally the project and set forth the time and place at which the application will be considered. In addition to the notice required to be published by the authority, the applicant shall make all reasonable efforts to give timely notice to any and all known competitors of the time and place at which the application will be considered. Where individual written notice is not practical, as determined by the authority, the authority may specify other or additional forms of notice, including display newspaper advertisements and written notice to any trade, industry, professional or interest group. The certificate of approval shall identify and describe each project as to location, purpose and the amount of revenue obligation securities to be issued. If a single issue of revenue obligation securities is to provide for the costs of more than one project, the certificate of approval shall identify the aggregate amount of revenue obligation securities to be issued.

[PL 1985, c. 344, §63 (AMD).]

**2. Criteria.** Before issuing a certificate of approval for any project, the authority shall determine that:

A. The project will make a contribution to the economic growth of, the control of pollution in or the betterment of the health, welfare or safety of the inhabitants of the State; [PL 1985, c. 344, §63 (AMD).]

B. The project will not result in a substantial detriment to existing business in the State. In order to make this determination, the authority shall consider, pursuant to rules adopted in accordance with the Maine Administrative Procedure Act, Title 5, chapter 375, subchapter II, such factors as it deems necessary to measure and evaluate the effect of the project on existing business, including considering:

(1) Whether a project should be approved if, as a result of the project, there will not be sufficient demand within the market area of the State to be served by the project to employ the efficient capacity of existing business; and

(2) Whether any adverse economic effect of the project on existing business is outweighed by the contribution which the project will make to the economic growth of, the control of pollution in or the betterment of the health, welfare or safety of the inhabitants of the State.

The applicant shall have the burden of demonstrating that the project will not result in a substantial detriment to existing business in accordance with the requirements of this paragraph, including rules adopted in accordance therewith, except in cases where no interested parties object to the project, in which event the requirements of this paragraph shall be deemed satisfied. Interested parties shall be given an opportunity, with or without a hearing at the discretion of the authority, to present their objections to the project on grounds that the project will result in a substantial detriment to existing business. If any such party presents such objections with reasonable specificity and persuasiveness, the authority may divulge whatever information concerning the project which it deems necessary for a fair presentation by the objecting party and evaluation of such objections. If the authority finds that the applicant has failed to meet its burden as specified in this paragraph, the application shall be denied. [PL 1985, c. 714, §29 (AMD).]

C. Adequate provision is being made to meet any increased demand upon public facilities that might result from the project; [PL 1981, c. 476, §2 (NEW).]

D. In cases where it is proposed to relocate an industrial-commercial or recreational facility existing in the State, there is a clear economic justification for such relocation; [PL 1981, c. 476, §2 (NEW).]

E. [PL 1985, c. 344, §63 (RP).]

E-1. In the case of recycling and waste reduction projects, the proposed facility must be consistent with the state waste management and recycling plan under Title 38, chapter 24, and will reduce the amount of solid or hazardous waste requiring disposal. [PL 1989, c. 585, Pt. C, §12 (NEW).]

F. In the case of projects that are primarily pollution-control facilities:

(1) The proposed users of the facilities make a contribution to the economy of the State;

(2) A public benefit will result from including the facilities in the project; and

(3) It is unlikely that public facilities meeting the needs of the users and securing comparable public benefit will become available in the reasonably foreseeable future; [PL 1995, c. 4, §5 (AMD).]

G. [PL 1985, c. 344, §63 (RP).]

H. [PL 1985, c. 344, §63 (RP).]

I. The project will, to the extent possible, cooperate with representatives of the Department of Labor and the Department of Health and Human Services regarding employment opportunities for recipients of the services of those departments; [PL 1999, c. 484, §5 (AMD); PL 2003, c. 689, Pt. B, §6 (REV).]

J. [PL 2019, c. 160, §6 (RP).]

K. In the case of a paper industry job retention project, the applicant is creditworthy and there is a strong likelihood that the revenue obligation securities will be repaid through the revenues of the project and any other sources of revenues and collateral pledged to the repayment of those securities. To assist in making its determination the authority may engage, at the borrower's expense, independent consultants to assist in the evaluation of the project. In making this determination, the authority shall consider factors it considers necessary to measure and evaluate the sufficiency of the pledged revenues to repay the securities, including:

- (1) Whether individuals or entities obligated to repay the securities have demonstrated sufficient revenues from the project or from other sources to repay the securities and a strong probability that those revenues will continue to be available for the term of the securities;
- (2) Whether the applicant demonstrates a strong probability that the project will continue to operate and to provide the public benefits projected to be created for the term of the securities;
- (3) Whether the applicant demonstrates that the benefits projected to be created by the project are enhanced through the use of financial assistance from the authority;
- (4) Whether the applicant's creditworthiness is demonstrated by such factors as historical financial performance, management ability and the applicant's plan for marketing products or service and its ability to access conventional financing;
- (5) Whether the applicant meets or exceeds industry average financial performance ratios commonly accepted in determining creditworthiness in that industry. In assessing projected financial performance, the authority must consider the value and effect of any contractual labor cost reductions that will be in effect at the time the financial assistance is provided;
- (6) Whether collateral securing the repayment obligation, valued in place and in use, is reasonably sufficient under the circumstances;
- (7) Whether the owner will make an important equity contribution to the project. If the applicant requests financing assistance from the authority in an amount greater than \$25,000,000, the amount financed by the authority may not exceed \$25,000,000 plus 50% of the total project costs in excess of \$25,000,000. If other financing is subordinate to the financing provided by the authority, the amount financed by the authority may not exceed \$25,000,000 plus 70% of the total project costs in excess of \$25,000,000; and
- (8) Whether the applicant demonstrates that the need for authority assistance is due to the reduced cost and increased flexibility of the financing for the project that result from the authority assistance and not from an inability to obtain necessary financing without the capital reserve fund security provided by the authority; [PL 2009, c. 372, Pt. D, §5 (AMD).]

L. In the case of transmission facilities projects, the applicant is creditworthy and there is a strong likelihood that the revenue obligation securities will be repaid through the revenues of the project and any other source of revenues and collateral pledged to the repayment of those securities. In order to make this determination, the authority shall consider such factors as it considers necessary and appropriate in light of the special purpose or other nature of the business entity owning the project to measure and evaluate the project and the sufficiency of the pledged revenues to repay the obligations, including:

- (1) Whether the individuals or entities obligated to repay the obligations have demonstrated sufficient revenues from the project or from other sources to repay the obligations and a strong probability that those revenues will continue to be available for the term of the revenue obligation securities;
- (2) Whether the applicant demonstrates a strong probability that the project will continue to operate and provide the public benefits projected to be created for the term of the revenue obligation securities;
- (3) Whether the applicant demonstrates that the benefits projected to be created by the project are enhanced through the use of financing assistance from the authority;
- (4) Whether the applicant's creditworthiness is demonstrated by factors such as its historical financial performance, management ability, plan for marketing its product or service and ability to access conventional financing;
- (5) Whether the applicant meets or exceeds industry average financial performance ratios commonly accepted in determining creditworthiness in that industry;
- (6) Whether the applicant demonstrates that the need for authority assistance is due to the reduced cost and increased flexibility of the financing for the project that result from authority assistance and not from an inability to obtain necessary financing without the capital reserve fund security provided by the authority;
- (7) Whether collateral securing the repayment obligation is reasonably sufficient under the circumstances;
- (8) Whether the proposed project enhances the opportunities for economic development;
- (9) The effect that the proposed project financing has on the authority's financial resources; and
- (10) Whether the Northern Maine Transmission Corporation, as established in section 9202, has recommended the project.

Upon request by the authority, state agencies, including but not limited to the Public Utilities Commission, shall provide necessary assistance to the authority in evaluating the feasibility of the project and its importance for northern Maine. In providing assistance, the Public Utilities Commission shall consider whether the proposed project enhances the competitiveness of the wholesale and retail energy market; how the proposed project is likely to affect energy prices for Maine residents; whether the proposed project will augment or enhance the reliability and stability of the grid; and whether there is likely to be a long-term need for the product as produced by the proposed project.

The authority may establish, pursuant to rules adopted in accordance with Title 5, chapter 375, subchapter 2, application procedures, approval criteria and reasonable fees for transmission facilities projects. Rules adopted by the authority under this paragraph are routine technical rules pursuant to Title 5, chapter 375, subchapter 2-A. In addition, the authority may require the applicant to pay the reasonable costs of an evaluation of the project risks by an independent consultant. If the authority directs the applicant to pay for such an independent evaluation of the project, the authority shall make every reasonable effort, in its discretion, to minimize the cost of the evaluation and any delay such an evaluation may cause in authority action.

The authority may not finance any project involving an electric transmission line capable of operating at 69 kilovolts or more unless the Public Utilities Commission has issued a certificate of public convenience for the construction of the line pursuant to Title 35-A, section 3132; [PL 2009, c. 517, §7 (AMD).]

M. In the case of an Efficiency Maine project, as defined in section 963-A, subsection 10-A, there is a reasonable likelihood that the income, proceeds, revenues and funds of Efficiency Maine Trust derived from or held for activities under Title 35-A, chapter 97 or otherwise pledged to payment of the bonds will be sufficient to pay the principal, the interest and all other amounts that may at any time become due and payable under the bonds. In making this determination, the authority shall consider Efficiency Maine Trust's analysis of the proposed bond issue and the revenues to make payments on the bonds and may require such information, projections, studies and independent analyses as it considers necessary or desirable and may charge Efficiency Maine Trust reasonable fees and expenses. The authority may require that it be indemnified, defended and held harmless by Efficiency Maine Trust for any liability or cause of action arising out of or with respect to the bonds. The principal and interest of bonds must be made payable solely from the income, proceeds, revenues and funds of Efficiency Maine Trust derived from or held for activities under Title 35-A, chapter 97 or other provision of law. Payment of the principal and interest of bonds may be further secured by a pledge of a loan, grant or contribution from the Federal Government or other source in aid of activities of Efficiency Maine Trust under Title 35-A, chapter 97; [PL 2011, c. 261, §2 (AMD).]

N. In the case of recovery zone facility bonds, the project will benefit the county or counties in which it is located; and [PL 2011, c. 261, §3 (AMD).]

O. [PL 2017, c. 95, §1 (AMD); MRSA T. 10 §1043, sub-§2, ¶O (RP).]  
[PL 2019, c. 160, §6 (AMD).]

**3. Effect of certificate.** A certificate of approval issued under this subchapter shall be conclusive proof that the authority has made the determinations required by this section.  
[PL 1981, c. 476, §2 (NEW).]

**4. Exception.** This section and section 1044, subsection 2, shall not apply in the case of issue by the authority of revenue obligation securities for the purpose of acquiring one or more issues of outstanding revenue obligation securities issued by municipalities or one or more issues of any other bond not eligible for purchase pursuant to Title 30-A, chapter 225.  
[PL 1987, c. 737, Pt. C, §§15, 106 (AMD); PL 1989, c. 6 (AMD); PL 1989, c. 9, §2 (AMD); PL 1989, c. 104, Pt. C, §§8, 10 (AMD).]

**5. Assistance.** In considering any request for financial assistance from an applicant for a project regulated by the Public Utilities Commission with respect to rates or terms of service or that requires for construction or operation authorization or certification from the commission, the commission, upon request of the authority, shall provide assistance in analyzing financial, economic or technical issues on which the commission has expertise. At the request of the commission, the authority shall assess the applicant a fee to be paid to the commission to reimburse the commission for any costs incurred by the commission that cannot be absorbed within its existing resources.  
[PL 2011, c. 261, §5 (NEW).]

## §1044. Issuance of revenue obligation securities

**1. Notice of intent to issue bonds; actions to contest validity.** The authority may provide, at one time or from time to time, for the issuance of revenue obligation securities of the authority for the purposes authorized in this chapter. No revenue obligation securities of the authority may be issued until:

- A. A certificate of approval, as provided in section 1043, has been issued; and [PL 1985, c. 344, §64 (AMD).]
- B. [PL 1985, c. 344, §64 (RP).]
- C. A notice of the intent of the authority to issue the securities is published at least once in the state newspaper and in a newspaper of general circulation in the municipality in which the project is to be located:
  - (1) No later than 14 full days after the date on which the certificate is issued;
  - (2) Describing the general purpose or purposes for which the securities are to be issued;
  - (3) Stating the maximum principal amount of the proposed securities;
  - (4) Setting forth or summarizing the text of the certificate of approval; and
  - (5) Including a statement as to the time within which any petition to contest the issuance of the securities or to set aside or otherwise obtain relief on the grounds of invalidity of the certificate of approval must be commenced. [PL 1985, c. 344, §64 (AMD).]

Any action or proceeding in any court to contest the issuance of the securities, to set aside a certificate of approval or to obtain relief upon the grounds that the certificate of approval was improperly issued, was issued for unauthorized purposes, or is otherwise invalid for any reason, must be started within 30 days after the date of the publication required by paragraph C and otherwise shall be governed by Title 5, chapter 375, subchapter VII. Notwithstanding the provisions of section 969-A, subsection 11 and Title 5, chapter 375, subchapter VII, including, but not limited to, Title 5, sections 11002 and 11003, any such action or proceeding must be commenced only by first serving the petition for review upon the authority, in hand, within that 30-day period. For the purposes of this subchapter and the Maine Administrative Procedure Act, Title 5, chapter 375, the later date of newspaper publication required by paragraph C shall constitute the final agency action with respect to the certificate of approval and the issuance of the securities. After the expiration of the 30-day period of limitation, no right of action or defense founded upon the invalidity of the approval or contesting any provision or the issuance of the certificate of approval or the issuance of the securities may be started or asserted nor may the certificate of approval or the issuance of the securities be open to question in any court upon any grounds. [PL 1989, c. 765, §2 (AMD).]

**2. Treasurer of State as agent.** The Treasurer of State shall at the direction of the authority, act as the authority's agent for the sale and delivery of revenue obligation securities and anticipatory notes. The Treasurer of State shall assist the authority in the preparation, issuance, negotiation and sale of the securities and notes and provide reasonable advice and management assistance. The authority may employ further counsel or assistants or act in its own behalf, provided that the sale and delivery of revenue obligation securities and anticipatory notes shall be carried out at the authority's direction with and through the Treasurer of State. [PL 1981, c. 476, §2 (NEW).]

**3. Resolution.**  
[PL 1985, c. 344, §65 (RP).]

Conclusive authorization.** All revenue obligation securities of the authority shall be conclusively presumed to be fully authorized and issued under the laws of the State, and any person or governmental unit shall be estopped from questioning their authorization, sale, issuance, execution or delivery by the authority.

[PL 1985, c. 344, §66 (AMD).]

**5. Maturity; interest.** The securities of each issue of revenue obligation securities shall be dated, shall mature at a time or times not exceeding 30 years from their date and shall bear interest at a rate or rates determined by the authority. At the option of the authority, the securities may be made redeemable before maturity at a price or prices and under terms and conditions fixed prior to their issuance.

[PL 1981, c. 476, §2 (NEW).]

**6. Form.** The authority shall determine the form of the securities, including any attached interest coupons, the manner of execution of the securities, the denomination or denominations of the securities and the place or places for payment of principal and interest, which may be at any financial institution within or without the State. Revenue obligation securities must be executed in the name of the authority by the manual or facsimile signature of the authorized official or officials. Any attached coupons must be executed with the manual or facsimile signature of the authorized official or officials. Signatures and facsimiles of signatures on securities and coupons are valid for all purposes even if the authorized official ceases to hold office before delivery of the securities. The securities may be issued in coupon or registered form or both as the authority may determine. Provision may be made for the registration of any coupon securities as to principal alone and as to both principal and interest and for the reconversion into coupon securities of any securities registered as to both principal and interest. In addition to this subsection, the authority may provide for transfer of registration of its registered revenue obligation securities by book entry on the records of the entity designated for that purpose and may enter into such contractual arrangements as may be necessary to accomplish these purposes. In the event a book entry method of transfer is used, principal of and interest on those registered securities must be payable to the registered owner shown in the book entry or the registered owner's legal representatives, successors or transferees.

[RR 2023, c. 2, Pt. C, §9 (COR).]

**7. Sale.** The authority may sell the securities at a public or private sale, in a manner and at a price it determines is in the best interest of the authority. The authority shall not sell the securities to any firm, partnership, corporation or association, including an affiliate or subsidiary, which is a party to any contract pertaining to the financed project or which is to rent, purchase, lease or otherwise occupy premises constituting part of the project. The authority may sell its securities to a seller of the project if the project is to be used and operated by a 3rd party.

[PL 1981, c. 476, §2 (NEW).]

**8. Proceeds.** The proceeds of each issue shall be used solely for the authorized purposes and shall be disbursed as provided in the securing trust agreement or other document. Administration costs incurred by the authority under this program may be drawn from those proceeds. If the proceeds are less than the cost of the project, by error in the estimate or otherwise, additional securities may be issued in a like manner to provide the amount of the deficit and, unless otherwise provided in the securing trust agreement or such other document and without again carrying out the procedures set forth in section 1043, the additional securities are deemed to be of the same issue and shall be entitled to payment from the same fund without preference or priority of the securities first issued for the same purpose. The authority may place limits or restrictions on the issuance of additional revenue obligation securities through the securing trust agreement or other document. The authority may provide for the replacement of mutilated, destroyed or lost securities. Revenue obligation securities may be issued under this subchapter without obtaining the consent of any department, division, commission, board, bureau or agency of the State and without any other proceedings or the happening of any other conditions or things than those proceedings, conditions or things which are specifically required by this subchapter. Notwithstanding any of the other provisions of this subchapter, or of any recitals in any securities issued under this subchapter, all such securities are deemed to be negotiable instruments issued under the laws of this State.

[PL 1985, c. 344, §68 (AMD).]

**9. Credit not pledged.** Except as provided in this subsection, securities issued under this subchapter do not constitute any debt or liability of the State or of any municipality therein or any political subdivision thereof, or of the authority or a pledge of the faith and credit of the State or of any such municipality or political subdivision, but are payable solely from the revenues of the project or projects for which they are issued or from other eligible collateral or the revenues or proceeds of other eligible collateral pledged to the payment of the revenue obligation securities and all such securities must contain on their face a statement to that effect. The issuance of securities under this subchapter does not directly or indirectly or contingently obligate the State or any municipality or political subdivision to levy or to pledge any form of taxation whatever therefor or to make any appropriation for their payment. Under subchapter 2, the authority may insure loans made with the proceeds of revenue obligation securities. To these ends, the faith and credit of the State may be pledged, under and consistent with the terms and limitations of the Constitution of Maine, Article IX, Section 14-A or 14-D, and such further limitations, if any, as may be provided by statute.  
[PL 2003, c. 537, §49 (AMD); PL 2003, c. 537, §53 (AFF).]

**10. Anticipatory borrowing.** In anticipation of the sale of securities under this subchapter, the authority may issue temporary notes and renewal notes, the total face amount of which does not exceed at any one time outstanding the authorized amount of the securities. The period of such anticipatory borrowing shall not exceed 3 years and the time within which the securities are to become due shall not be extended by the anticipatory borrowing beyond the term permitted by law.  
[PL 1985, c. 344, §70 (AMD).]

**11. Environmental protection.** For all revenue obligation securities in excess of \$1,000,000 and in other instances when the authority determines it is appropriate, the authority shall obtain a written assessment from the Department of Environmental Protection of the environmental conditions known by the department to exist at a project location so that the authority fully considers environmental risks when making its decisions. Environmental conditions posing risks that must be considered include, but are not limited to, licensing obligations, existing or historic regulatory noncompliance and site clean-up responsibilities.  
[PL 2003, c. 537, §50 (RPR); PL 2003, c. 537, §53 (AFF).]

**12. Energy facilities.** In the case of an energy generating system, an energy distribution system or an industrial-commercial project, any of which includes hydroelectric facilities:

A. Revenue obligation securities of the authority shall not be issued until the Public Utilities Commission has certified that all licenses required by that commission with respect to the project have been issued or that none are required; and [PL 1985, c. 344, §71 (NEW).]

B. Revenue obligation securities of the authority may not be issued until the Director of the Governor's Energy Office has reviewed and commented upon the project proposal. The director shall make comments within 30 days after receipt of a notification and copy of the project proposal from the authority. The authority shall take the comments into consideration in its processing of the project. [PL 2025, c. 390, Pt. A, §17 (AMD).]

[PL 2025, c. 390, Pt. A, §17 (AMD).]

**13. Limitation.** The authority may not issue revenue obligation securities for energy distribution system projects or energy generating system projects unless the authority issued a certificate of approval for the energy distribution system project or energy generating system project before January 1, 2020. Notwithstanding this subsection, revenue refunding securities may be issued to refund any outstanding revenue obligation securities.

The authority may provide for the issuance of revenue refunding securities of the authority to refund any outstanding revenue obligation securities issued under this subchapter, subchapter IV or under previous chapter 104 or to refund any obligations or securities of any municipality, including the payment of any redemption premiums and any interest accrued or to accrue to the date of redemption, and, if considered advisable by the authority, to construct or enable the construction of improvements, extensions, enlargements or additions of the original project. The authority may provide for the issuance

of revenue obligation securities of the authority for the combined purpose of refunding any outstanding revenue obligation securities or revenue refunding securities issued under this subchapter, subchapter IV or under previous chapter 104 or to refund any obligations or securities of any municipality, including the payment of redemption premiums and interest accrued or to accrue and paying all or any part of the cost of acquiring or constructing or enabling the acquisition or construction of any additional project or part or any improvements, extensions, enlargements or additions of any project. [PL 1993, c. 741, §2 (AMD).]

Notwithstanding the foregoing, the authority may approve or disapprove the issuance of revenue refunding securities without any notice of the issuance being given by the authority, by the applicant or otherwise, under section 1043, subsection 1; section 1044, subsection 1; or otherwise, and without having to hold any public hearing or otherwise fulfill the requirements of section 1043, if the authority determines that no expansion of the original project is involved and there will be no increase in the original amount of the revenue obligation securities issued for the project. Once the authority has made the determinations, it may approve the issuance of revenue refunding securities by issuing an amended certificate of approval. [PL 1993, c. 741, §2 (NEW).]

If, in connection with any outstanding revenue obligation securities issued under previous chapter 104, any predecessor to the authority financed or guaranteed more than 90% of the total value of a project, the authority, in connection with issuing its revenue refunding securities, may continue to finance or guarantee the corresponding percentage of the total value of the project financed or guaranteed by its predecessor, notwithstanding section 1026-A, subsection 1, paragraph A, subparagraph (1). #### SECTION HISTORY

PL 1983, c. 519, §16 (NEW).

#### **§1053. Capital reserve funds; obligation of State**

**1. Capital reserve fund.** The authority may create and establish one or more capital reserve funds and may pay into any such capital reserve fund any money appropriated and made available by the State for the purposes of any such fund, any proceeds of sale by the authority of revenue obligation securities to the extent determined by the authority and any other money available to the authority. For purposes of this section, the amount of any letter of credit, insurance contract, surety bond or similar financial undertaking available to be drawn on and applied to obligations to which money in any such fund may be applied shall be deemed to be and counted as money in the capital reserve fund. [PL 1987, c. 697, §11 (AMD).]

**2. Application.** Money held in any capital reserve fund, except as provided in this section, shall be used solely with respect to revenue obligation securities, repayment of which is secured by any such fund and solely for the payment of principal of the securities, the purchase or redemption of the securities, including any fees or premiums or the payment of interest on the securities. In addition, if the authority obtains a letter of credit, insurance contract, surety bond or similar financial undertaking to establish and fund a capital reserve fund under subsection 1, money in the fund may be used to pay, as and when due, whether by acceleration or otherwise, all reimbursement obligations of the authority established in connection with that letter of credit, insurance contract, surety bond or similar financial undertaking, including, but not limited to, all fees, expenses, indemnities and commissions. Money in excess of the reserve requirement established as provided in subsection 3 may be transferred to other funds and accounts of the authority. [PL 1989, c. 594, §1 (AMD); PL 1989, c. 594, §3 (AFF).]

**3. Reserve requirement.** The authority may provide that money in any such fund shall not be withdrawn at any time in such amount as would reduce the amount of any such fund below an amount established by the authority with respect to the fund, the amount established by the authority being referred to as the "capital reserve requirement," except for the purpose of paying the amount due and payable with respect to revenue obligation securities, repayment of which is secured by any such fund, or reimbursement obligations of the authority with respect to any letter of credit, insurance contract, surety bond or similar financial undertaking pertaining to any such fund.

[PL 1989, c. 594, §2 (AMD); PL 1989, c. 594, §3 (AFF).]

**4. Issuance limit.** The authority may provide that it shall not issue revenue obligation securities if the capital reserve requirement established by the authority with respect to securities outstanding and then to be issued and secured by any such fund will exceed the amount of any such fund, including the amount available under any letter of credit, insurance contract, surety bond or other similar financial undertaking given to secure the capital reserve requirement, at the time of issuance, unless the authority, at the time of issuance of the securities, shall deposit in any such fund from proceeds of the securities so to be issued, or from other sources, an amount, which, together with the amounts then in any such fund and amounts available under any letter of credit, insurance contract, surety bond or other similar financial undertaking, will not be less than the capital reserve requirement.

[PL 1989, c. 594, §2 (AMD); PL 1989, c. 594, §3 (AFF).]

**5. Appropriation.** On or before December 1st, annually, the authority shall certify to the Governor the amount, if any, necessary to restore the amount in any capital reserve fund, to which this subsection is stated in the trust agreement or other document to apply, to the capital reserve requirement. The Governor shall forthwith pay from the Contingent Account to any such fund so much of the amount as is available in the Contingent Account and shall forthwith transmit to the Legislature such certification and a statement of the amount, if any, remaining to be paid and the amount so certified shall be appropriated and paid to the authority during the then current state fiscal year.

[PL 1985, c. 344, §78 (NEW).]

**6. Securities outstanding.** The principal amount of revenue obligation securities the authority may have outstanding at any one time, to which subsection 5 is stated to apply in the trust agreement or other document, may not exceed an aggregate principal amount equal to \$762,000,000 as follows:

A. The sum of \$180,000,000 consisting of not more than \$150,000,000 for loans and up to \$30,000,000 for use of bond proceeds to fund capital reserve funds for revenue obligation securities issued pursuant to this subchapter relating to loans for electric rate stabilization projects, loans for energy generating system projects or loans for energy distribution system projects; [PL 2015, c. 504, §5 (AMD).]

B. [PL 2019, c. 160, §7 (RP).]

C. The sum of \$57,000,000 consisting of not more than \$45,000,000 for loans and up to \$12,000,000 for use of bond proceeds to fund capital reserve funds for revenue obligation securities issued pursuant to this subchapter relating to workers' compensation residual market mechanism projects; [PL 1999, c. 531, Pt. G, §1 (RPR).]

D. The sum of \$270,000,000 less the aggregate outstanding balance of mortgage loans secured by capital reserve funds pursuant to section 1032 for all other revenue obligation securities issued pursuant to this subchapter; [PL 2019, c. 160, §7 (AMD).]

E. The sum of \$120,000,000 consisting of not more than \$100,000,000 for loans and up to \$20,000,000 for use of bond proceeds to fund capital reserve funds for revenue obligation securities issued pursuant to this subchapter relating to loans for paper industry job retention projects; and [PL 2021, c. 1, Pt. M, §6 (AMD).]

F. The sum of \$100,000,000 consisting of not more than \$85,000,000 for loans and up to \$15,000,000 for use of bond proceeds to fund capital reserve funds for revenue obligation securities issued pursuant to this subchapter relating to loans for transmission facilities projects as defined in section 963-A, subsection 49-H. [PL 2021, c. 1, Pt. M, §7 (AMD).]

G. [PL 2021, c. 1, Pt. M, §8 (RP).]

The amount of revenue obligation securities issued to refund securities previously issued may not be taken into account in determining the principal amount of securities outstanding, as long as proceeds

of the refunding securities are applied as promptly as possible to the refunding of the previously issued securities. In computing the total amount of revenue obligation securities of the authority that may at any time be outstanding for any purpose, the amounts of the outstanding revenue obligation securities that have been issued as capital appreciation bonds or as similar instruments are valued as of any date of calculation at their then current accreted value rather than their face value.

#### **§1054. Taxable bond option**

With respect to all or any portion of any issue of any bonds or any series of bonds that the authority may issue in accordance with the limitations and restrictions of this subchapter, the authority may covenant and consent that the interest on the bonds is includable, under the United States Internal Revenue Code of 1986 or any subsequent corresponding internal revenue law of the United States, in the gross income of the holders of the bonds to the same extent and in the same manner that the interest on bills, bonds, notes or other obligations of the United States is includable in the gross income of the holders under the United States Internal Revenue Code or any subsequent law. Bonds issued pursuant to this section are not subject to any limitations or restrictions of any law that may limit the authority's power to issue those bonds or to the procedures set forth in section 1043 or in section 1044, subsections 1, 11 and 12. The foregoing grant of power may not be construed as limiting the inherent power of the State or its agencies under any other provision of law to issue debt, the interest on which is includable in the gross income of the holders of the interest under the United States Internal Revenue Code or any subsequent law. Any action or proceeding in any court to contest the issuance of the securities, the approval by the authority of a project to benefit from issuance of the securities or the approval by the authority of mortgage insurance or the provision of a capital reserve fund for the securities for any reason must be started within 30 days after the date on which the members of the authority adopt a formal resolution approving issuance of the securities and otherwise must be governed by Title 5, chapter 375, subchapter 7. Once the authority has adopted a resolution to approve the issuance of securities pursuant to this section, any action by the authority to amend, alter or revise the resolution may not commence a new period of time within which any such action or proceeding may be commenced. Notwithstanding the provisions of section 969-A, subsection 11 and Title 5, chapter 375, subchapter 7, including, but not limited to, Title 5, sections 11002 and 11003, any such action or proceeding may be commenced only by first serving the petition for review upon the authority, in hand, within that 30-day period. After the expiration of the 30-day period of limitation, no right of action or defense founded upon the invalidity of the resolution or contesting any provision of the resolution, any amendment to the resolution or the issuance of the securities may be started or asserted nor may the resolution or the issuance of the securities be open to question in any court upon any grounds. #### **§1063. Certificates of approval**

**1. Issue.** The authority may approve or disapprove projects and issue certificates of approval upon application by municipalities proposing to issue revenue obligation securities under this subchapter. The authority shall publish, once in the state newspaper and in a newspaper of general circulation in the municipality in which the project is to be located, notice of the date on which the authority will consider the application. The notice shall be published at least 7 days prior to the date scheduled for such consideration, shall set forth the name of the municipality and the proposed user of the project, describe generally the project and set forth the time and place at which the application will be considered. In addition to the notice required to be published by the authority, the applicant shall make all reasonable efforts to give timely notice to any and all known competitors of the time and place at which the application will be considered. Where individual written notice is not practical, as determined by the authority, the authority may specify other or additional forms of notice, including display newspaper advertisements and written notice to any trade, industry, professional or interest group. The certificate of approval shall identify and describe each project as to location, purpose and amount of revenue obligation securities to be issued. [PL 1985, c. 344, §81 (AMD).]

**2. Criteria.** Before issuing a certificate of approval for any project, the authority shall determine that:

A. The project will make a contribution to the economic growth of, the control of pollution in or the betterment of the health, welfare or safety of the inhabitants of the State; [PL 1985, c. 344, §82 (AMD).]

B. The project will not result in a substantial detriment to existing business in the State. In order to make this determination, the authority shall consider, pursuant to rules adopted in accordance with the Maine Administrative Procedure Act, Title 5, chapter 375, subchapter II, such factors as it deems necessary to measure and evaluate the effect of the project on existing business, including considering:

(1) Whether a project should be approved if, as a result of the project, there will not be sufficient demand within the market area of the State to be served by the project to employ the efficient capacity of existing business; and

(2) Whether any adverse economic effect of the project on existing business is outweighed by the contribution which the project will make to the economic growth of, the control of pollution in or the betterment of the health, welfare or safety of the inhabitants of the State.

The applicant shall have the burden of demonstrating that the project will not result in a substantial detriment to existing business in accordance with the requirements of this paragraph, including rules adopted in accordance therewith, except in cases where no interested parties object to the project, in which event the requirements of this paragraph shall be deemed satisfied. Interested parties shall be given an opportunity, with or without a hearing at the discretion of the authority, to present their objections to the project on grounds that the project will result in a substantial detriment to existing business. If any such party presents such objections with reasonable specificity and persuasiveness, the authority may divulge whatever information concerning the project which it deems necessary for a fair presentation by the objecting party and evaluation of such objections. If the authority finds that the applicant has failed to meet its burden as specified in this paragraph, the application shall be denied; [PL 1985, c. 714, §34 (AMD).]

C. Adequate provision is being made to meet any increased demand upon public facilities that might result from the project; [PL 1981, c. 476, §2 (NEW).]

D. In cases where it is proposed to relocate an energy generating system, energy distribution system, industrial-commercial project, water supply system or recreational facility existing in the State, there is a clear economic justification for the relocation; [PL 1981, c. 476, §2 (NEW).]

E. For all revenue obligation securities in excess of \$1,000,000 and in other instances when the authority determines it is appropriate, the Department of Environmental Protection has provided a written assessment to the authority of the environmental conditions known by the department to exist at a project location so that the authority fully considers environmental risks when making its decisions. Environmental conditions posing risks that must be considered include, but are not limited to, licensing obligations, existing or historic regulatory noncompliance and site clean-up responsibilities. [PL 2003, c. 537, §52 (RPR); PL 2003, c. 537, §53 (AFF).]

F. In the case of projects including pollution-control facilities:

- (1) The proposed users of the facilities make a significant contribution to the economy of the State;
- (2) A substantial public benefit will result from including the facilities in the project; and
- (3) It is unlikely that public facilities meeting the needs of the users and securing comparable public benefit will become available in the reasonable foreseeable future; [PL 1981, c. 476, §2 (NEW).]

G. [PL 1985, c. 344, §84 (RP).]

H. In the case of water supply system projects:

- (1) That the project will result in substantial public benefits;
- (2) That the issuance of securities for the project has been reviewed and approved by the Public Utilities Commission in accordance with Title 35-A, chapter 9, sections 901 to 910 and 6508; and
- (3) The Public Utilities Commission and the Department of Health and Human Services have certified that all permits, licenses and approvals required from those departments have been issued or granted or that none are required, and until a location permit from the applicable licensing authority has been issued or it is determined that none is required. Any subsequent enlargement of or addition to the project, for which approval is sought from the authority, shall also require certification by the Public Utilities Commission and the Department of Health and Human Services; [PL 1987, c. 141, Pt. B, §8 (AMD); PL 2003, c. 689, Pt. B, §6 (REV).]

I. In the case of an energy generating system project or energy distribution project which is intended to produce or distribute energy for sale to any person, municipality, firm, corporation or the State that the issuance of securities for the project has been reviewed and approved by the Public

Utilities Commission in accordance with Title 35-A, chapter 9, sections 901 to 910 and 6508; [PL 1987, c. 141, Pt. B, §8 (AMD).]

I-1. In the case of recycling and waste reduction projects, the proposed facility is consistent with and will contribute to the management goals and objectives outlined in the state waste management and recycling plan under Title 38, chapter 24 and will reduce the amount of solid or hazardous waste requiring disposal. The Department of Environmental Protection shall provide assistance to the authority in determining consistency, technical eligibility and merit of applications for assistance under this subchapter; and [PL 2021, c. 676, Pt. D, §1 (AMD).]

J. In the case of an energy generating system, an energy distribution system or an industrial-commercial project, any of which includes hydroelectric facilities deemed necessary for the production of electricity:

(1) The Public Utilities Commission has certified that all required licenses have been issued or that none are required; and

(2) The Director of the Office of Policy Innovation and the Future has reviewed and commented upon the project proposal. The Director of the Office of Policy Innovation and the Future shall make comments within 30 days after receipt of a notification and copy of the project proposal from the authority. The authority shall take the comments into consideration in its consideration of the project. [PL 2021, c. 676, Pt. D, §2 (AMD).]

K. [PL 2021, c. 676, Pt. D, §3 (RP).]  
[PL 2021, c. 676, Pt. D, §§1-3 (AMD).]

**3. Effect of certificate.** A certificate of approval issued under this subchapter shall be conclusive proof that the authority has made the determinations required by this section.

#### §1064. Issuance of revenue obligation securities

**1. Notice of intent to issue bonds; actions to contest validity.** The municipal officers of any municipality are authorized to provide by resolution, at one time or from time to time, for the issuance of revenue obligation securities of the municipality for the purposes authorized in this subchapter. No revenue obligation securities of the municipality may be authorized and issued until:

A. A certificate of approval, as provided in section 1063, is received; [PL 1981, c. 476, §2 (NEW).]

B. A resolution is adopted by vote of the municipal officers; and [PL 1981, c. 476, §2 (NEW).]

C. A notice of the intent of the municipality to issue the securities is published at least once in the state newspaper and in a newspaper of general circulation in the municipality:

(1) No later than 14 full days after the date on which the resolution is adopted;

(2) Describing the general purpose or purposes for which the securities are to be issued;

(3) Stating the maximum principal amount of the proposed securities;

- (4) Setting forth or summarizing the text of the certificate of approval; and
- (5) Including a statement as to the time within which any action or proceeding to set aside the resolution or otherwise obtain relief on the grounds of its invalidity or that of the certificate of approval must be commenced. [PL 1981, c. 476, §2 (NEW).]

Any action or proceeding in any court to set aside a resolution or certificate of approval or to obtain relief upon the grounds that the resolution or certificate of approval was improperly adopted, was adopted for unauthorized purposes or is otherwise invalid for any reason, must be started within 30 days after the date of the publication. After the expiration of the period of limitation, no right of action or defense founded upon the invalidity of the resolution or approval or any provision shall be started or asserted nor shall the validity of the resolution or approval or provision be open to question in any court upon any grounds.

[PL 1981, c. 476, §2 (NEW).]

**2. Maturity; interest.** The securities of each issue of revenue obligation securities shall be dated, shall mature at a time or times not exceeding 25 years from their date or dates and shall bear interest at a rate or rates determined by the option of the municipal officers. The securities may be made redeemable before maturity at a price or prices and under terms and conditions fixed prior to their issue. In determining an interest rate, the municipal officers shall specify a rate which shall be the maximum rate for the particular revenue obligation security issue related to a single project, which rate may be a variable rate measured as a percentage of or otherwise in relation to a prime rate or other measuring standard.

A. [PL 1985, c. 714, §36 (RP).]

B. [PL 1985, c. 714, §36 (RP).]

C. [PL 1985, c. 344, §85 (RP).]

D. [PL 1985, c. 714, §36 (RP).]

[PL 1985, c. 714, §36 (RPR).]

**3. Form.** The municipal officers shall determine the form of the securities, including any attached interest coupons, the manner of execution of the securities, the denomination or denominations of the securities. Revenue obligation securities shall be executed in the name of the municipality by the manual or facsimile signature of the municipal officer or officers authorized in the resolution, but at least one signature on each security shall be a manual signature. Any attached coupons shall be executed with the facsimile signature of the designated official. Signatures and facsimiles of signatures on securities and coupons will be valid for all purposes, even if the designated official ceases to hold office before delivery of the securities. The securities may be issued in coupon or registered form, or both. Provision may be made for the registration of any coupon securities as to principal alone and as to both principal and interest, and for the reconversion into coupon securities of any securities registered as to both principal and interest.

[PL 1981, c. 476, §2 (NEW).]

**4. Sale.** The municipal officers may sell the securities at a private or public sale, in a manner and at a price they determine, but no sale may be made at a price so low as to require the payment of interest on the money received at more than the interest approved by the authority.

The municipal officers shall not sell the securities to any firm, partnership, corporation, water company or association, including an affiliate or subsidiary, which is a party to any contract pertaining to the financial project or which is to rent, purchase, lease or otherwise occupy premises constituting part of the project. The municipal officers may sell the securities to a seller of the project if the project is to be used and operated by a 3rd party.

[PL 1981, c. 476, §2 (NEW).]

**5. Use of proceeds; disbursements; deficits.** Proceeds of each issue shall be used solely for the authorized purposes and shall be disbursed as provided in the authorizing resolution or in the securing trust agreement. If the proceeds shall be less than the cost of the project, by error in the estimate or otherwise, additional securities may be issued in a like manner to provide the amount of the deficit and, unless otherwise provided in the authorizing resolution or the securing trust agreement, the additional securities are deemed to be of the same issue and shall be entitled to payment from the same fund without preference or priority of the securities first issued for the same purpose, provided the aggregate principal amount of revenue obligation securities of a municipality may not exceed the amount approved by the resolution of the municipal officers. The municipality may place limits or restrictions on the issuance of additional revenue obligation securities through the authorizing resolution or any securing trust agreement. The municipality may provide for the replacement of mutilated, destroyed or lost securities. Revenue obligation securities may be issued under this chapter without obtaining the consent of any department, division, commission, board, bureau or agency of the State and without any other proceedings, or the happening of any other conditions or things than those proceedings, conditions or things which are specifically required by this chapter. Notwithstanding any of the other provisions of this subchapter or any recitals in any securities issued under this subchapter, all such securities are deemed to be negotiable instruments issued under the laws of this State.

[PL 1985, c. 344, §86 (AMD).]

**6. Credit not pledged.** Securities issued under this subchapter shall not constitute any debt or liability of the State, its political subdivisions or any municipality; shall not constitute a pledge of the faith and credit of the State, its political subdivisions or any municipality; shall be payable solely from the revenues of the project or projects for which they are issued; and shall contain on their face a statement to that effect. The securities issued under this subchapter shall not directly or indirectly or contingently obligate the State, its political subdivisions or any municipality to levy or to pledge any form of taxation whatever or to make any appropriation for their payment. The prohibitions or limitations of this subsection shall not be construed to restrict any rights or obligations of a municipality arising under Title 38, section 1304-B.

[PL 1985, c. 593, §5 (AMD).]

**7. Anticipatory borrowing.** In anticipation of the sale of securities under this subchapter, the municipal officers may issue temporary notes and renewal notes, the total face amount of which does not exceed at any one time outstanding the authorized amount of the securities. The period of such anticipatory borrowing shall not exceed one year, and the time within which the securities are to become due shall not be extended by the anticipatory borrowing beyond the time fixed in the authorizing resolution or, if no term is specified, beyond the term permitted by law.

[PL 1981, c. 476, §2 (NEW).]

**8. Conclusive authorization.** All revenue obligation securities of the municipality shall be conclusively presumed to be fully authorized and issued under the laws of the State, and any person or governmental unit shall be estopped from questioning their authorization, sale, issuance, execution or delivery by the municipality.

[PL 1985, c. 344, §87 (NEW).]

It shall be lawful for any bank or trust company incorporated under the laws of the State, which may act as depository of the proceeds of securities or of revenues, to furnish indemnifying bonds or to pledge the securities as may be required by the municipal officers.  
[PL 1981, c. 476, §2 (NEW).]

**2. Mortgages.** To further secure the payment of the revenue obligation securities, the trust agreement or other financial document may mortgage the project or any part and create a lien upon any or all of the real or personal property of the project. In the event of a default with respect to the revenue obligation securities, the trustee or mortgagee may be authorized by the trust agreement or financial document containing a mortgage or assignment of a mortgage to take possession of, hold, manage and operate all or any part of the mortgaged property and, with or without taking possession, to sell or, from time to time, to lease the property in accordance with law. **2. Fund established.** There is established the Waste Oil Furnace Loan Fund which is managed by the authority but held separate from other funds of the authority and used by the authority to carry out this subchapter. Payments to approved lenders equal to the present value of the difference between the total interest costs charged by the lenders over the terms of the loans and the interest costs paid by the borrowers at the program effective interest rate of 3% are charged to the fund.

[PL 1989, c. 774, §4 (NEW).]

**3. Lenders.** Lenders may not participate in the program without the authority's approval. As a condition of approval by the authority, the lender must agree to originate and administer all loans made under the program and to receive the interest payment for loans made under the program from the authority in an amount equal to the present value of the interest due over the term of the loan. The lender shall determine the interest rate of the loan.

[PL 1989, c. 774, §4 (NEW).]

**4. Entities.** Entities participating in the program are responsible for repayment of the principal borrowed plus 3% interest, subject to conditions established by the authority and the lenders. As a condition of the loan, entities must:

A. Properly install the boiler or furnace and consent to post-installation inspection procedures established by the authority; and [PL 1989, c. 774, §4 (NEW).]

B. Agree to burn only self-generated waste oil or waste oil that has the characteristics of specification waste oil as defined by rule of the Department of Environmental Protection. [PL 1989, c. 774, §4 (NEW).]

[PL 1991, c. 255, §2 (AMD).]

**5. Rulemaking.** The authority shall adopt rules to carry out this subchapter no later than January 1, 1991. The rules must be adopted in accordance with the Maine Administrative Procedure Act, Title 5, chapter 375, and must include:

A. A list of approved lenders; [PL 1989, c. 774, §4 (NEW).]

B. Procedures governing the transfer of money from the fund to the lenders; [PL 1989, c. 774, §4 (NEW).]

C. Procedures to determine the amount charged to the fund for each loan; and [PL 1989, c. 774, §4 (NEW).]

D. Loan applications, program evaluation or program administration forms and procedures that the authority considers necessary to implement this subchapter. [PL 1989, c. 774, §4 (NEW).]

[PL 1989, c. 774, §4 (NEW).]

**MAINE JOB-START PROGRAM**

**§1100-M. Authorization**

The Finance Authority of Maine may administer a statewide program to make low interest loans to stimulate the development and expansion of small business in this State pursuant to contracts between the authority and local community action agencies designated under Title 22, chapter 1477. This program is known as the Maine Job-start Program or the Maine Job-start Micro Enterprise Loan Program. [PL 1993, c. 214, §1 (AMD).]

**SECTION HISTORY**

PL 1983, c. 856, §4 (NEW). PL 1993, c. 214, §1 (AMD).

**§1100-N. Administration and procedures**

**1. Contracts.** The authority may contract with any community action agency that seeks to organize a job-start program. The authority shall first contract with community action agencies that have current contracts with the authority to administer the Maine Job-start Program. The authority may then contract with any community action agency that seeks to organize a job-start program. A participating agency shall accept applications from eligible participants, regardless of whether an applicant resides in the region normally served by that agency, unless the applicant resides in a region served by another participating agency. The contract must provide as a minimum the following.

A. Each community action agency shall designate a coordinator who shall be responsible for the job-start program in that region. [PL 1989, c. 857, §49 (AMD).]

B. The board of directors of a community action agency shall appoint a job-start advisory board, which may consist of a subcommittee of the board of directors, to review and make recommendations concerning loan applications and offer other advice to small businesses. The advisory board must consist of 5 members who represent low-income people and representatives knowledgeable of business and financial matters. Members of the job-start advisory board serve for a 2-year term and may be reappointed to successive terms. [PL 1989, c. 857, §49 (AMD).]

C. The community action agency is responsible for up to 30% of the administrative costs of implementing the job-start program, which costs may be derived from direct financial support or in-kind services, or both. [PL 1989, c. 857, §49 (AMD).]

D. The community action agency shall involve existing small business technical assistance and counseling programs in their implementation of the job-start program and shall, to the maximum extent feasible, contract or arrange for the in-kind donation of technical and counseling services to assist job-start loan applicants. [PL 1989, c. 857, §49 (AMD).]

E. A majority vote of the local job-start advisory board is necessary to recommend approval of a loan. Upon approval, the loan is then transmitted to the authority for final disposition in accordance with the policies adopted by the authority. [PL 1993, c. 214, §3 (NEW).]

F. Loan applications must be reviewed by both the local job-start advisory board and the authority to determine the feasibility and reasonableness of the business proposal, whether the applicant has sufficient capital, whether an adequate market analysis or other counseling requirement has been completed, whether the applicant is creditworthy within the scope of this program and whether adequate collateral is offered to secure the loan. [PL 1993, c. 214, §3 (NEW).]

G. Loan applications must be on forms and accompanied by additional information required by the authority. Loan applicants may be required to submit personal or business-related financial information considered necessary to determine eligibility for the job-start program. [PL 1993, c. 214, §3 (NEW).]

[PL 1993, c. 214, §3 (AMD).]

**1-A. Contracts for local agency control of funds.** The authority may contract with a community action agency to administer the Maine Job-start Program and may provide for agency control of a portion of the Job-start Revolving Loan Fund for a specified period of time. A contract entered into with an agency pursuant to this section may provide that the agency is responsible for the administration of all existing loans made by the authority upon the recommendation of the agency's advisory committee. A contract may be renewed upon a showing of continued compliance with all requirements. The authority may enter into a contract with a community action agency upon a showing by the local agency that it complies with each of the following requirements.

A. The agency must have a job-start loan board to review and make recommendations concerning loan applications. The loan board must consist of 5 members and include representatives of persons of low income and members experienced in business, lending and financial matters. [PL 1993, c. 214, §4 (NEW).]

B. The agency must prove its capacity to originate prudent loans and to service those loans through:

- (1) The ability to solicit and screen potential applicants and provide necessary technical assistance to help applicants prepare a business plan and determine the viability of the business, repayment ability and the amount of loan funds needed;
- (2) The ability to properly document each loan transaction, including the perfection of the interest of the agency in all collateral;
- (3) The ability to access appropriate legal guidance to ensure adherence to all applicable laws concerning lending, loan administration and collection;
- (4) The ability to accurately account for all loan repayments;
- (5) The ability to pursue collection actions;
- (6) The ability to invest and administer the Job-start Revolving Loan Fund; and
- (7) Such other criteria as the authority determines necessary to ensure the efficient administration of the program. [PL 1993, c. 214, §4 (NEW).]

C. The community action agency must agree to follow each of the following mechanisms for loan review and approval.

(1) Loan applications must be reviewed by the job-start loan board to determine the feasibility and general reasonableness of the business proposal, whether the applicant has sufficient capital for the intended purpose, whether an adequate market analysis or other counseling requirement has been completed, whether the applicant is creditworthy within the scope of this program and whether adequate collateral is offered to secure the loan.

(2) A majority vote of the full job-start loan board is necessary to approve a loan in accordance with the policies adopted by the agency and approved by the authority. The decision of the loan board is final.

(3) Loan applications must be on forms and accompanied by additional information required by the agency. Loan applicants may be required to submit personal or business-related financial information considered necessary to determine eligibility for the job-start program. [PL 1993, c. 214, §4 (NEW).]

D. The community action agency must provide the authority with an annual report detailing the loan fund activity in the form and containing the information required by the contract between the agency and the authority. [PL 1993, c. 214, §4 (NEW).]

E. The community action agency must allow the authority or an agent of the authority to perform an audit of the loan fund and the administration of the program at the times and in the manner provided in the contract between the agency and the authority. [PL 1993, c. 214, §4 (NEW).]

[PL 1993, c. 214, §4 (NEW).]

**2. Loan criteria and procedures.** The authority may adopt rules to implement the Maine Job-start Program, which must include, but are not limited to, the following loan criteria:

A. The purpose of the loan shall be to establish, strengthen or expand a business of any person or business organization, except any nonprofit corporation, which in the case of:

(1) An existing business, at the time application is made for financing assistance, employs 20 persons or less or has gross sales not exceeding \$2,500,000 per year; or

(2) A new business, at the time application is made for financing assistance, projects that, during the first 12 months of operation, it will employ 20 persons or less or will have gross sales not exceeding \$2,500,000; [PL 1985, c. 344, §96 (AMD).]

B. Loans may be made to applicants with insufficient access to conventional sources of credit and whose gross annual household income is at or below income limits established by the authority by rulemaking pursuant to Title 5, chapter 375, subchapter II; [PL 1985, c. 344, §96 (AMD).]

C. No loan may be made in an amount in excess of \$10,000 to any single applicant, nor at an interest rate in excess of rate limits established by the authority by rulemaking pursuant to Title 5, chapter 375, subchapter II; [PL 1985, c. 344, §96 (AMD).]

D. [PL 1993, c. 214, §5 (RP).]

E. [PL 1993, c. 214, §5 (RP).]

F. Loans may not be insured or guaranteed by the State, but the authority shall require collateral in the form of security for the loan, if available, and may, in appropriate cases, take a mortgage on real estate; and [PL 1993, c. 214, §6 (AMD).]

G. Loan funds must be made available by the authority for loan recommendations by community action agencies on the basis of a formula that takes into consideration both the population served by the agency and the economic conditions of the region, as evidenced by unemployment statistics and per capita income. [PL 1993, c. 214, §6 (AMD).]

H. [PL 1993, c. 214, §7 (RP).]  
[PL 1993, c. 214, §§5-7 (AMD).]

**3. Business support group initiative.** Notwithstanding anything in this section to the contrary, the authority and any contracting community action agency may delegate application review, loan approval and servicing decisions to one or more designated business support groups in the area served by the contracting community action agencies, subject to the following requirements.

A. Each group shall be composed of not less than 5 individuals, corporations or partnerships which meet the eligibility criteria for job-start program applicants, are hopeful of starting or expanding separate businesses eligible for job-start financing and have community or other ties demonstrating a common mission or purpose. [PL 1987, c. 697, §14 (NEW).]

B. Each group must agree to undergo a business management training program established by the authority and each group member must agree to provide business support to other members of the group. [PL 1987, c. 697, §14 (NEW).]

C. The authority, in consultation with contracting community action agencies, may set aside by rule not more than \$75,000 in the aggregate for purposes of this initiative, which will be available for loans to business support group members. [PL 1987, c. 697, §14 (NEW).]

D. The authority shall establish by rule limitations on the amount of loans which may be approved by each business support group and shall establish incentives which condition release of loan funds to each group on successful compliance with loan conditions and payment obligations on prior loans made to group members. [PL 1987, c. 697, §14 (NEW).]

#### §1100-O. Revolving loan fund

**1. Creation of fund.** A Job-start Revolving Loan Fund is established by the authority for the job-start program. The fund contains appropriations provided for that purpose and all repayments of principal and interest of loans under this subchapter and interest earned by the fund prior to its allocation for individual loans. The fund may be divided into separate revolving loan funds to be administered by community action agencies upon approval by the authority. Each separate fund must contain all repayments of principal and interest for loans made from that fund and interest earned by the fund. Interest and principal payments required by loan defaults are charged to the fund to which repayments are applied. The authority has sole responsibility for the allocation and distribution of the original fund and for appropriations and repayments applied to the original fund. Each community action agency has responsibility for the allocation and distribution of the portion of the fund allocated to its separate revolving loan fund. Any funds appropriated for this purpose may not lapse, but must remain available for the purposes set forth in this subchapter.

[PL 1993, c. 214, §8 (AMD).]

**2. Administrative expenses.** All interest earned by the fund, either by means of investment or loan payments, is available to the authority or the community action agency administering that separate revolving loan fund to which the interest is attributable. The authority or the community action agency shall allocate these funds primarily for administrative and counseling services. Beginning in fiscal year 1990-91, the authority may allocate up to \$10,000 of administrative program funds for each agency with which it contracts under section 1100-N for expenses incurred by the authority under this program. [PL 1993, c. 214, §8 (AMD).]

**3. Deposited with authority or invested.** Moneys in the fund, not needed currently to meet the obligations of the authority, as provided for in this subchapter, shall be deposited with the authority to the credit of the fund or may be invested in such manner as is provided for by statute.

### SUBCHAPTER 9

#### MAINE SEED CAPITAL TAX CREDIT PROGRAM

#### §1100-T. Tax credit certificates

**1. Legislative findings; authorization.** The Legislature finds that the growth of new and existing small businesses in the State results in increased job opportunities for Maine residents, produces more spending in the State and increases municipal tax bases. Businesses that export their products or services out of the State bring capital into the State and help to develop export markets for Maine products. Small new and existing businesses can provide significant economic benefits to the State if they can obtain sufficient seed equity financing to carry them from start-up through the initial development phases of a business. The jobs created by such businesses tend to pay higher wages and offer more benefits than other businesses; however, the per capita level of private venture capital investment in businesses located in the State is substantially below the national average and the average of the other New England states. In order to encourage the increased availability of risk equity capital to enterprises that have the potential for rapid growth and that bring capital into the State, the authority is authorized to issue certificates of eligibility for the seed capital investment tax credit permitted by

Title 36, section 5216-B, subject to the requirements of this section. This program is known as the Maine Seed Capital Tax Credit Program.

[PL 2011, c. 454, §1 (AMD).]

**1-A. Private venture capital fund.** As used in this section, "private venture capital fund" means a professionally managed pool of capital organized to make equity or equity-like investments in unrelated private companies using capital derived from multiple limited partners or members at least half of which, measured in dollar commitments, are unaffiliated and unrelated, and includes any venture capital fund licensed by the United States Small Business Administration. The authority may require such information as may be necessary or desirable for determining whether an entity qualifies as a private venture capital fund. An entity that otherwise qualifies as a private venture capital fund may elect not to be treated as a private venture capital fund for purposes of this section with respect to any investment.

[PL 2013, c. 438, §2 (AMD).]

**2. Eligibility for tax credit certificate for individuals and entities other than venture capital funds.** The authority shall adopt rules in accordance with the Maine Administrative Procedure Act, Title 5, chapter 375, to implement the program. Without limitation, the requirements for eligibility for a tax credit certificate include the following.

A. For investments made in tax years beginning before January 1, 2012, a tax credit certificate may be issued in an amount not more than 40% of the amount of cash actually invested in an eligible Maine business in any calendar year or in an amount not more than 60% of the amount of cash actually invested in any one calendar year in an eligible Maine business located in a high-unemployment area, as determined by rule by the authority. For investments made in tax years beginning on or after January 1, 2012, a tax credit certificate may be issued to an investor other than a private venture capital fund in an amount not more than 60% of the amount of cash actually invested in an eligible Maine business in any calendar year. For investments made in tax years beginning on or after January 1, 2014, a tax credit certificate may be issued to an investor other than a private venture capital fund in an amount not more than 50% of the amount of cash actually invested in an eligible Maine business in any calendar year. For investments made on or after April 1, 2020, a tax credit certificate may be issued to an investor other than a private venture capital fund in an amount not more than 40% of the amount of cash actually invested in an eligible Maine business in any calendar year. Rules adopted pursuant to this section are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A. [PL 2019, c. 616, Pt. LL, §1 (AMD).]

B. The Maine business must be determined by the authority to be a manufacturer or a value-added natural resource enterprise; must provide a product or service that is sold or rendered, or is projected to be sold or rendered, predominantly outside of the State; must be engaged in the development or application of advanced technologies; or must be certified as a visual media production company under Title 5, section 13090-L. The business must certify that the amount of the investment is necessary to allow the business to create or retain jobs in the State. [PL 2013, c. 438, §3 (AMD).]

C. Aggregate investment eligible for tax credits may not be more than \$5,000,000 for any one business as of the date of issuance of a tax credit certificate. Beginning with investments made on or after April 1, 2020, aggregate investment eligible for tax credits may not be more than \$3,500,000 for any one business as of the date of issuance of a tax credit certificate and not more than \$2,000,000 for any calendar year. Notwithstanding the other provisions of this paragraph, with respect to a business that was approved by the authority as an eligible business under this subsection before April 1, 2020, the aggregate investment eligible for tax credits may not be more than \$5,000,000 for that business as of the date of the issuance of the tax credit certificate, and the \$2,000,000 annual limitation does not apply. [PL 2021, c. 412, §1 (AMD).]

D. The investment with respect to which any individual is applying for a tax credit certificate may not be more than an aggregate of \$500,000 in any one business in any 3 consecutive calendar years, except that this paragraph does not limit other investment by any applicant for which that applicant is not applying for a tax credit certificate and except that, if the entity applying for a tax credit certificate is a partnership, limited liability company, S corporation, nontaxable trust or any other entity that is treated as a flow-through entity for tax purposes under the federal Internal Revenue Code but not as a private venture capital fund, the aggregate limit of \$500,000 applies to each individual partner, member, stockholder, beneficiary or equity owner of the entity and not to the entity itself. [PL 2013, c. 438, §3 (AMD).]

E. For investments made in tax years beginning before January 1, 2014, the business receiving the investment must have annual gross sales of \$3,000,000 or less. For investments made in tax years beginning on or after January 1, 2014, the business receiving the investment must have annual gross sales of \$5,000,000 or less. The operation of the business must be a substantial professional activity of at least one of the principal owners, as determined by the authority. The principal owner and the principal owner's spouse are not eligible for a credit for investment in that business. A tax credit certificate may not be issued to a parent, sibling or child of a principal owner if the parent, sibling or child has any existing ownership interest in the business. [RR 2023, c. 2, Pt. C, §11 (COR).]

F. The investment must be expended on plant, equipment, research and development, or working capital for the business or such other business activity as may be approved by the authority. [PL 1987, c. 854, §§2, 5 (NEW).]

G. The authority shall establish limits on repayment of the investment. The investment must be at risk in the business. [PL 1991, c. 854, Pt. A, §10 (AMD).]

H. The investors qualifying for the credit must each own less than 1/2 of the business. [PL 2011, c. 454, §4 (AMD).]

I. The business receiving the investment may not be in violation of the requirements of subsection 7. [PL 2019, c. 616, Pt. LL, §3 (AMD).]

[RR 2023, c. 2, Pt. C, §11 (COR).]

**2-A. Eligibility of private venture capital funds for tax credit certificate.** The authority shall adopt rules in accordance with the Maine Administrative Procedure Act to implement application of the program to investment in a private venture capital fund. This subsection does not apply to credits claimed for tax years beginning on or after January 1, 2012. The requirements for eligibility for a tax credit certificate for investment in a private venture capital fund include the following.

A. For investments made in tax years beginning before January 1, 2012, a tax credit certificate may be issued to an individual who invests in a private venture capital fund in an amount that:

(1) Is not more than 40% of the amount of cash actually invested in or unconditionally committed to a private venture capital fund in any calendar year by the individual or entity, except that with respect to fund investments that are made in eligible businesses that are located in a high unemployment area, as determined by rule of the authority under subsection 2, the tax credit certificate may not be more than 60% of the cash actually invested in or unconditionally committed to a private venture capital fund in any calendar year by the individual or entity; and

(2) Does not exceed 40% of the amount of cash invested by the fund in eligible businesses, except that with respect to fund investments that are made in eligible businesses that are located in a high unemployment area, as determined by rule of the authority under subsection 2, a tax credit certificate may not be more than 60% of the cash invested by the fund in any calendar year in such businesses; provided that the authority may issue tax credit certificates in an amount not to exceed 20% of the amount of cash actually invested in or unconditionally

committed to a private venture capital fund in any calendar year if the authority determines that the private venture capital fund is located in this State, is owned and controlled primarily by residents of this State and has designated investing in eligible businesses of this State as a major investment objective. The credit may be revoked to the extent that the private venture capital fund does not make investments eligible for the tax credit in an amount sufficient to qualify for the credits within 3 years after the date of the tax credit certificates. Notwithstanding any revocation pursuant to this subparagraph, each investor remains eligible for tax credit certificates for eligible investments as and when made by the private venture capital fund.

The aggregate amount of credits issued to investors in a fund may not exceed 40% of the amount of cash invested by the fund in eligible businesses, except that with respect to fund investments in eligible businesses that are located in a high unemployment area, the aggregate amount of tax credits issued to investors in a fund may not exceed 60% of the cash invested by the fund in eligible businesses. [PL 2011, c. 454, §5 (AMD).]

B. As used in this subsection, unless the context otherwise indicates, an "eligible business" means a business located in the State that:

- (1) Is a manufacturer;
- (2) Is engaged in the development or application of advanced technologies;
- (3) Provides a product or service that is sold or rendered, or is projected to be sold or rendered, predominantly outside of the State;
- (4) Brings capital into the State, as determined by the authority; or
- (5) Is certified as a visual media production company under Title 5, section 13090-L. [PL 2019, c. 616, Pt. LL, §4 (AMD).]

C. Aggregate investment eligible for tax credits may not be more than \$5,000,000 for any one business for any one private venture capital fund as of the date of issuance of a tax credit certificate. [PL 2003, c. 451, Pt. E, §4 (AMD).]

D. The investment with respect to which any individual or entity is applying for a tax credit certificate may not be more than an aggregate of \$500,000 in any one eligible business invested in by a private venture capital fund in any 3 consecutive calendar years, except that this paragraph does not limit other investment by any applicant for which that applicant is not applying for a tax credit certificate and except that, if the entity applying for a tax credit certificate is a partnership, limited liability company, S corporation, nontaxable trust or any other entity that is treated as a flow-through entity for tax purposes under the federal Internal Revenue Code, the aggregate limit of \$500,000 or \$200,000, as applicable, applies to each individual partner, member, stockholder, beneficiary or equity owner of the entity and not to the entity itself. This paragraph does not limit other investment by any applicant for which that applicant is not applying for a tax credit certificate. [PL 2003, c. 451, Pt. E, §4 (AMD).]

E. Each business receiving an investment from a private venture capital fund, if the investment is used as the basis for the issuance of a tax credit certificate, must have annual gross sales of \$3,000,000 or less and the operation of the business must be the full-time professional activity of the principal owner, as determined by the authority. The principal owner and principal owner's spouse, if any, are not eligible for a credit for investment in that business or for an investment by the private venture capital fund in that business. A tax credit certificate may not be issued to a parent, sibling or child of a principal owner if the parent, sibling or child has any existing ownership interest in that business or for an investment by the private venture capital fund in that business. [RR 2023, c. 2, Pt. C, §12 (COR).]

F. Each investment received by a business from a private venture capital fund, which investment is used as the basis for the issuance of a tax credit certificate, must be expended on plant maintenance and construction, equipment, research and development or working capital for the business or on such other business activity as may be approved by the authority. [PL 1997, c. 774, §1 (AMD).]

G. The authority shall establish limits on repayment of the investment by an individual in and the investments made by a private venture capital fund, which investment is used as the basis for the issuance of a tax credit certificate. The investments must be at risk in the private venture capital fund and the business, respectively. [PL 1997, c. 774, §1 (AMD).]

H. The investors in a private venture capital fund are not entitled to the credit for collective ownership in excess of 50% of any business. An investor in a private venture capital fund determined by the authority to be a principal owner of a business and the principal owner's spouse, if any, are not entitled to a credit with respect to investment in that business, nor are the principal owner's parents, siblings or children entitled to a credit if they have any existing ownership interest in the business. [PL 2001, c. 446, §2 (AMD); PL 2001, c. 446, §6 (AFF).]  
[RR 2023, c. 2, Pt. C, §12 (COR).]

**2-B. Eligibility of private venture capital funds for tax credit certificate until July 1, 2001.** [PL 1999, c. 752, §2 (NEW); PL 1999, c. 752, §6 (AFF); MRSA T. 10 §1100-T, sub-§2-B (RP).]

**2-C. Eligibility of private venture capital funds for refundable tax credit certificate.** This subsection applies to investments by private venture capital funds in eligible businesses made in tax years beginning on or after January 1, 2012. The authority shall adopt routine technical rules as defined in Title 5, chapter 375, subchapter 2-A to implement application of the program to investments in eligible businesses by private venture capital funds. The requirements for eligibility for a tax credit certificate for an investment by a private venture capital fund include the following.

A. For investments made in tax years beginning on or after January 1, 2012, a tax credit certificate may be issued to a private venture capital fund in an amount that is not more than 50% of the amount of cash actually invested in an eligible business. For investments made on or after April 1, 2020, a tax credit certificate may be issued to a private venture capital fund in an amount that is not more than 40% of the amount of cash actually invested in an eligible business. The tax credit certificate may be revoked and the credit recaptured pursuant to Title 36, section 5216-B, subsection 5 to the extent that the authority determines that the eligible business for which the tax credit certificate was issued moves substantially all of its operations and assets outside of the State during the period ending 4 years after an investment, except in the case of an arm's length, fair value acquisition approved by the authority. A private venture capital fund that received the 20% credit certificate under subsection 2-A, paragraph A, subparagraph (2) for an investment is not eligible for a tax credit certificate under this subsection for that investment. [PL 2019, c. 616, Pt. LL, §5 (AMD).]

B. As used in this subsection, unless the context otherwise indicates, "eligible business" means a business located in the State that has certified that the amount of the investment is necessary to allow the business to create or retain jobs in the State and that, as determined by the authority:

- (1) Is a manufacturer or a value-added natural resource enterprise;
- (2) Is engaged in the development or application of advanced technologies;
- (3) Provides a product or service that is sold or rendered, or is projected to be sold or rendered, predominantly outside of the State; or
- (5) Is certified as a visual media production company under Title 5, section 13090-L. [PL 2019, c. 616, Pt. LL, §6 (AMD).]

C. Aggregate investment eligible for tax credit certificates, including investments under this subsection and under subsection 2, may not be more than \$5,000,000 for any one eligible business. Beginning with investments made on or after April 1, 2020, aggregate investment eligible for tax credit certificates, including investments under this subsection and under subsection 2, may not be more than \$3,500,000 for any one eligible business in total and not more than \$2,000,000 for any calendar year. Notwithstanding the other provisions of this paragraph, with respect to a business that was approved by the authority as an eligible business under this subsection before April 1, 2020, the aggregate investment eligible for tax credits may not be more than \$5,000,000 for that business as of the date of the issuance of the tax credit certificate, and the \$2,000,000 annual limitation does not apply. [PL 2021, c. 412, §2 (AMD).]

D. The investment with respect to which any private venture capital fund is applying for a tax credit certificate may not be more than the lesser of an amount equal to \$500,000 times the number of investors in the private venture capital fund and an aggregate of \$4,000,000 in any one eligible business invested in by a private venture capital fund in any 3 consecutive calendar years. For investments made on or after April 1, 2020, the investment with respect to which any private venture capital fund is applying for a tax credit certificate may not be more than the lesser of an amount equal to \$500,000 times the number of investors in the private venture capital fund and an aggregate of \$3,500,000 in any one eligible business invested in by a private venture capital fund, but investments in a business that was approved by the authority as an eligible business under this subsection before April 1, 2020 with respect to which any private venture capital fund is applying for a tax credit certificate may not be more than the lesser of an amount equal to \$500,000 times the number of investors in the private venture capital fund and an aggregate of \$4,000,000 for that eligible business. This paragraph does not limit other investment by an applicant for which that applicant is not applying for a tax credit certificate. A private venture capital fund must certify to the authority that it will be in compliance with these limitations. The tax credit certificate issued to a private venture capital fund may be revoked and any credit taken recaptured pursuant to Title 36, section 5216-B, subsection 5 if the fund is not in compliance with this paragraph. [PL 2021, c. 412, §3 (AMD).]

E. For investments made in tax years beginning before January 1, 2014, an eligible business receiving an investment from a private venture capital fund, which investment is used as the basis for the issuance of a tax credit certificate, may not have annual gross sales of more than \$3,000,000. For investments made in tax years beginning on or after January 1, 2014, an eligible business receiving an investment from a private venture capital fund, which investment is used as the basis for the issuance of a tax credit certificate, may not have annual gross sales of more than \$5,000,000. The operation of the business must be a substantial professional activity of one or more individuals who are not managers of the private venture capital fund, as determined by the authority. A tax credit certificate may not be issued to a private venture capital fund if a manager of the fund is a principal owner of the eligible business or a spouse, parent, sibling or child of a principal owner and if the spouse, parent, sibling or child has any existing ownership interest in the business. A private venture capital fund must certify to the authority that it will be in compliance with these limitations. The tax credit certificate issued to a private venture capital fund may be revoked and any credit taken recaptured pursuant to Title 36, section 5216-B, subsection 5 if the fund is not in compliance with this paragraph. [PL 2013, c. 438, §4 (AMD).]

F. An investment received by an eligible business from a private venture capital fund for which the investment is used as the basis for the issuance of a tax credit certificate must be expended on plant maintenance and construction, equipment, research and development or working capital for the business or on such other business activity as may be approved by the authority. [PL 2011, c. 454, §6 (NEW).]

G. The authority shall establish limits on repayment of the investments made by a private venture capital fund for which the investments are used as the basis for the issuance of tax credit certificates. The investments must be at risk in the private venture capital fund and the eligible business, respectively. [PL 2011, c. 454, §6 (NEW).]

H. A private venture capital fund is not entitled to the credit if it owns in excess of 50% of the eligible business, except that, if the private venture capital fund is issued a tax credit certificate and later makes an additional investment that increases its ownership to more than 50%, the existing tax credit certificate remains valid and is not subject to revocation due to the ownership percentage as long as there was no intent to take controlling ownership at the time of the initial qualified investment. [PL 2011, c. 454, §6 (NEW).]

[PL 2021, c. 412, §§2, 3 (AMD).]

**3. Priority.** The authority may reserve \$500,000 in tax credit authorization for "natural resource enterprises," as defined in section 963-A, subsection 41.

[PL 1995, c. 462, Pt. A, §19 (AMD).]

**4. Total of credits authorized.** The authority may issue tax credit certificates to investors eligible pursuant to subsections 2, 2-A and 2-C in an aggregate amount not to exceed \$2,000,000 up to and including calendar year 1996, \$3,000,000 up to and including calendar year 1997, \$5,500,000 up to and including calendar year 1998, \$8,000,000 up to and including calendar year 2001, \$11,000,000 up to and including calendar year 2002, \$14,000,000 up to and including calendar year 2003, \$17,000,000 up to and including calendar year 2004, \$20,000,000 up to and including calendar year 2005, \$23,000,000 up to and including calendar year 2006, \$26,000,000 up to and including calendar year 2007 and \$30,000,000 up to and including calendar year 2013, in addition to which, the authority may issue tax credit certificates to investors eligible pursuant to subsections 2, 2-A and 2-C in an annual amount not to exceed \$675,000 for investments made between January 1, 2014 and December 31, 2014, \$4,000,000 for investments made in calendar year 2015, \$5,000,000 for investments made in calendar years 2016 to 2019, \$15,000,000 for investments made in calendar year 2020, \$13,500,000 for investments made in calendar years 2021 and 2022, \$15,000,000 for investments made in calendar years 2023 to 2026 and \$10,000,000 each year for investments made in calendar years beginning with 2027. The authority may provide that investors eligible for a tax credit under this section in a year when there is insufficient credit available are entitled to take the credit when it becomes available subject to limitations established by the authority by rule. Rules adopted pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.

[PL 2025, c. 442, §1 (AMD).]

**5. Revocation of tax credit certificate.** The authority may revoke a tax credit certificate if any representation to the authority in connection with the application for the certificate proves to have been false when made or if the applicant violates any conditions established by the authority and stated in the tax credit certificate. The revocation may be in full or in part as the authority may determine. The authority shall specify the amount of credit being revoked and shall send notice of the revocation to the investor and to the State Tax Assessor.

[PL 1987, c. 854, §§2, 5 (NEW).]

## **6. Reports.**

[PL 2019, c. 616, Pt. LL, §10 (RP).]

**7. Reports.** The following reports are required regarding activities under this section.

A. A business eligible to have investors receive a tax credit under this section shall report to the authority, in a manner determined by the authority, the following information regarding that business's activities in the State over the calendar year in which the investment occurred and for each additional year for which a credit is claimed:

- (1) The total amount of private investment received by the eligible business from each investor eligible to receive a tax credit;
  - (2) The total number of persons employed by the eligible business as of December 31st;
  - (3) The total number and geographic location of jobs created and retained by the eligible business stated separately for all jobs in the State and for those jobs that would not have been created or retained in the absence of the credit;
  - (4) Total annual payroll of the eligible business stated separately for all employees in the State and for those employees who would not have been employed in the absence of the credit; and
  - (5) Total sales revenue of the eligible business stated separately within and outside the State.
- [PL 2019, c. 616, Pt. LL, §11 (NEW).]

B. An investor eligible for a tax credit under this section shall notify the authority when a business that received an investment from that investor eligible for a credit under this section ceases operations and the likely reasons for the cessation of business. [PL 2019, c. 616, Pt. LL, §11 (NEW).]

C. The authority shall report annually to the joint standing committee of the Legislature having jurisdiction over taxation matters and to the Office of Program Evaluation and Government Accountability on all activity under this section during the prior calendar year. The authority shall identify in its report businesses receiving investments eligible for a credit under this section and the authority's determination as to whether the investments would have been made in the absence of the credit. [PL 2019, c. 616, Pt. LL, §11 (NEW).]

**SUBCHAPTER 12****MAINE NEW MARKETS CAPITAL INVESTMENT PROGRAM****§1100-Z. Maine New Markets Capital Investment Program**

**1. Findings and intent.** The Legislature finds that encouragement of investment in qualified businesses and developments located in economically distressed areas of the State and the creation and preservation of jobs are in the public interest and promote the general welfare of the State. The Legislature further finds that the enactment of incentives as set forth in this subchapter to promote investments is necessary in order to ensure the long-term economic vitality of this State, to preserve numerous opportunities for jobs for the people of the State and to make this State more competitive in the attraction of investment capital and thus to ensure the preservation and betterment of the economy of the State for the benefit of its people. The Legislature further finds that the foregoing benefits to the State and its people far exceed the costs to the State of providing the incentives set forth in this subchapter. The Legislature further finds that the provisions of this subchapter are necessary to accomplish these objectives.

The Legislature finds that the incentives offered by the State pursuant to this subchapter are intended to induce major investments in qualified businesses and developments located in economically distressed areas of the State and that any party who accepts and reasonably relies upon these inducements in making qualified investments is entitled to the full realization of these incentives without impairment by subsequent changes in law. The Legislature finds that when determining

whether a project is financially feasible an investing party must rely in good faith upon the Legislature to ensure that the promised incentives of this subchapter will be available for a period of 7 years following the date of each qualified investment and that a party's confidence in the full realization of these benefits is a critical factor in inducing the party to make the desired investment. It is the intent of this Legislature that all successor Legislatures honor the commitments held out by this subchapter. [PL 2011, c. 380, Pt. Q, §1 (NEW); PL 2011, c. 380, Pt. Q, §7 (AFF).]

**2. Program.** The Maine New Markets Capital Investment Program, referred to in this section as "the program," is established to encourage new investment in economically distressed areas of the State. For the purposes of this section, unless otherwise defined in this section, all terms have the same meaning as under Title 36, section 5219-HH and Section 45D of the United States Internal Revenue Code of 1986, as amended.

[PL 2011, c. 548, §3 (AMD).]

**3. Application for tax credits; allocation of tax credit authority.** Tax credit authority is allocated under the program as described in this subsection.

A. The authority shall provide an application form, which must be available to applicants no later than the date when the final rule implementing this section is adopted. [PL 2011, c. 380, Pt. Q, §1 (NEW); PL 2011, c. 380, Pt. Q, §7 (AFF).]

B. A qualified community development entity that seeks an allocation of tax credit authority shall apply to the authority. The qualified community development entity shall submit an application on a form that the authority provides. The application must include:

- (1) The name, address and tax identification number of the entity and evidence of the certification of the entity as a qualified community development entity;
- (2) A copy of an allocation agreement executed by the qualified community development entity, its controlling entity or other entity controlled by the same controlling entity and the Community Development Financial Institutions Fund of the United States Department of the Treasury, which includes the State in its service area;
- (3) A certificate executed by an executive officer of the qualified community development entity attesting that the allocation agreement remains in effect and has not been revoked or canceled by the Community Development Financial Institutions Fund;
- (4) Information regarding the amount of tax credit authority requested and the proposed use of proceeds from the issuance of the qualified equity investment or long-term debt security; and
- (5) Responses to the following 5 questions, which must be answered affirmatively or negatively without explanation or elaboration, to determine qualification for participating in the program:
  - (a) Whether the Community Development Financial Institutions Fund has awarded multiple rounds of federal New Markets Tax Credit allocation to the qualified community development entity, its controlling entity or other entity controlled by the same controlling entity;
  - (b) Whether the qualified community development entity, its controlling entity or other entity controlled by the same controlling entity has participated as a qualified community development entity in a state New Markets Tax Credit program or has made an investment in this State that qualifies for federal New Markets Tax Credits;
  - (c) Whether the qualified community development entity, its controlling entity or other entity controlled by the same controlling entity has made an investment qualified for tax credits in a business located in a nonmetropolitan census tract;

(d) Whether the qualified community development entity, its controlling entity or other entity controlled by the same controlling entity has made an investment qualified for tax credits in a state where it did not previously have substantial operations; and

(e) Whether the qualified community development entity, its controlling entity or other entity controlled by the same controlling entity has explored potential investment opportunities in this State that would qualify under this subchapter.

Applicants answering affirmatively to 4 or more of the 5 questions must be determined to be qualified. [PL 2011, c. 380, Pt. Q, §1 (NEW); PL 2011, c. 380, Pt. Q, §7 (AFF).]

B-1. A qualified community development entity that is a Maine fund that seeks an allocation of tax credit authority shall submit an application to the authority on a form that the authority provides.

(1) In addition to the requirements specified in paragraph B, subparagraphs (1) and (4), the applicant shall include in the application evidence that the applicant is a qualified community development entity with its principal business operation in the State for at least 60 months.

(2) As used in this paragraph, "Maine fund" means a qualified community development entity as defined in Section 45D(c) of the United States Internal Revenue Code of 1986, as amended, that has its principal place of business in the State.

A Maine fund that meets the requirements of this paragraph is qualified as a community development entity. [PL 2025, c. 497, §1 (NEW).]

C. In the rule implementing this subchapter, the authority shall set a nonrefundable application fee, which must be paid to the authority at the time each application is submitted. The authority shall also set an annual report fee and establish a payment schedule along with requirements for the report pursuant to subsection 5. [PL 2011, c. 380, Pt. Q, §1 (NEW); PL 2011, c. 380, Pt. Q, §7 (AFF).]

D. Within 60 days of receipt of an application for tax credit authority, the authority shall either approve the application and, as part of that approval, indicate the amount of tax credit authority issued to the qualified community development entity or determine that the authority intends to deny the application. If the authority intends to deny the application, it shall inform the qualified community development entity by written notice of the grounds for the intended denial. Upon receipt of the notice of intended denial by the qualified community development entity:

(1) If the qualified community development entity provides any additional information required by the authority or otherwise completes its application within 15 days, the application must be considered complete as of the original date of submission and the authority has an additional 30 days to either approve or deny the application; or

(2) If the qualified community development entity fails to provide the information or complete its application within the 15-day period, the application is deemed denied and may be resubmitted in full with a new submission date. [PL 2011, c. 380, Pt. Q, §1 (NEW); PL 2011, c. 380, Pt. Q, §7 (AFF).]

E. The authority shall approve applications for tax credit authority in the order applications are received by the authority. Applications received on the same day are deemed to have been received simultaneously. For applications received on the same day and determined to be complete, the authority shall certify, consistent with remaining tax credit capacity, tax credit authority in proportionate percentages based upon the ratio of the amount of tax credit authority requested in an application to the total amount of tax credit authority requested in all applications received on the same day. If a pending request cannot be fully certified because of the limitations contained in this subchapter, the authority shall certify the portion that may be certified unless the qualified community development entity elects to withdraw its request rather than receive partial credit. The

authority shall provide written notification to each qualified community development entity of the approval of tax allocation authority and the amount of tax credit authority it was allocated. [PL 2011, c. 380, Pt. Q, §1 (NEW); PL 2011, c. 380, Pt. Q, §7 (AFF).]

F. Within 24 months with respect to program 1 tax credit authority and 12 months with respect to program 2 tax credit authority, after receipt of the notice of the allocation of tax credit authority, the qualified community development entity shall issue the qualified equity investments or long-term debt securities and receive cash in the amount of the total amount of tax credit authority that the qualified community development entity was allocated. The qualified community development entity shall provide the authority with evidence of the entity's receipt of the cash investment within 10 business days after receipt. If the qualified community development entity does not issue the qualified equity investment or long-term debt security and receive the cash purchase price within 24 months with respect to program 1 tax credit authority and 12 months with respect to program 2 tax credit authority following receipt of the tax credit authority notice for any portion of its allocation, such unused allocation of tax credit authority lapses and the qualified community development entity may not issue the qualified equity investments or long-term debt securities without reapplying to the authority for additional tax credit authority. Any tax credit authority that lapses reverts back to the authority and may be reissued only in accordance with the application process outlined in this section. [PL 2025, c. 497, §2 (AMD).]

G. Upon receipt of notice that a qualified community development entity has issued its qualified equity investments or long-term debt securities, the authority shall certify the entity's qualified equity investments or long-term debt securities as qualified equity investments and eligible for tax credits under Title 36, section 5219-HH. The authority shall provide written notice, sent by certified mail or any other means considered feasible by the authority, of the certification to the qualified community development entity, the Department of Administrative and Financial Services, Bureau of Revenue Services and the Commissioner of Administrative and Financial Services. The notice must include the names of persons eligible to claim the tax credits and their respective tax credit amounts. If the names of the persons that are eligible to claim the tax credits change due to a transfer of a qualified equity investment or a change in an allocation pursuant to this subchapter, the qualified community development entity shall notify the authority and the Department of Administrative and Financial Services, Bureau of Revenue Services of that transfer or change. [PL 2015, c. 300, Pt. A, §1 (AMD).]

H. On the date designated by the authority, the authority shall begin accepting applications for the full \$250,000,000 of qualified equity investments under subsection 4. An applicant may not be awarded more than 25% of the total tax credit authority available. [PL 2011, c. 380, Pt. Q, §1 (NEW); PL 2011, c. 380, Pt. Q, §7 (AFF).]

[PL 2025, c. 497, §§1, 2 (AMD).]

**4. Limit on amount of tax credits authorized.** Tax credits issued by the authority are limited as provided in this subsection.

A. With respect to program 1 tax credit authority, the maximum aggregate amount of qualified equity investments for which the authority may issue tax credit authority under this section is \$250,000,000; a tax credit claim may not exceed \$20,000,000 in any one state fiscal year over the 7 years of the tax credit allowance dates as described in Title 36, section 5219-HH, subsection 1, paragraph A. [PL 2025, c. 497, §3 (NEW).]

B.
