

CHAPTER 56

PSYCHOLOGISTS

SUBCHAPTER 1

GENERAL PROVISIONS

§3811. Definition of practice of psychology

Two levels of psychological practice are defined for the purpose of this chapter. Such levels shall be known and referred to as "psychological examiner" and "psychologist". [PL 1967, c. 544, §82 (NEW).]

1. Psychological examiner. A person practices as a "psychological examiner" within the meaning of this chapter when he holds himself out to be a psychological examiner, or renders to individuals or to the public for remuneration services involving the application of recognized principles, methods and procedures of the science and profession of psychology, but limited to interviewing or administering and interpreting tests of mental abilities, aptitudes, interests and personality characteristics, for such purposes as psychological evaluation or for educational or vocational selection, guidance or placement. A psychological examiner may provide intervention, such as consultation, behavior management or social skills training under the supervision of a licensed psychologist or as otherwise provided in law or rules issued in accordance with this chapter. A psychological examiner may not provide psychotherapy services under any circumstances. The State Board of Examiners of Psychologists shall establish rules for supervision of psychological examiners for intervention services. [PL 1985, c. 481, Pt. A, §55 (AMD).]

2. Psychologist. A person practices as a "psychologist" within the meaning of this chapter when he holds himself out to be a psychologist, or renders to individuals or to the public for remuneration any service involving the application of recognized principles, methods and procedures of the science and profession of psychology. Services which may be provided by psychologists include diagnosing, assessing and treating mental, emotional and psychological illness, disorders, problems and concerns and evaluation and treatment of vocational, social, educational, behavioral, intellectual and learning and cognitive disorders. These functions are performed through recognized psychological techniques such as, but not limited to, psychological testing, psychological interviews, psychological assessments, psychotherapy, personality counseling, behavior modification, cognitive therapies, learning therapies, biofeedback, hypnotherapy and psychological consultation to individuals and organizations. [PL 1985, c. 481, Pt. A, §55 (AMD).]

3. Limitation. Nothing in this chapter shall be construed as permitting the practice of medicine as defined in section 3270 by psychological examiners or psychologists. [PL 1977, c. 564, §124 (AMD).]

§3811-A. Definitions

As used in this chapter, unless the context otherwise indicates, the following terms have the following meanings. [PL 2007, c. 402, Pt. Q, §1 (NEW).]

1. Board. "Board" means the State Board of Examiners of Psychologists. [PL 2007, c. 402, Pt. Q, §1 (NEW).]

§3812. Unlicensed practice; exemptions

An individual or organization may not profess to be or be presented to the public by any title incorporating the name "psychological," "psychologist" or "psychology," other than those so licensed by this chapter, except that any psychological scientist employed by a recognized research laboratory, college, university or state or federal agency may use the title conferred upon the scientist by the administration of such or equivalent laboratory, college, university or state or federal agency. Nothing in this section may be construed as permitting such persons to offer their service to any other persons or organizations as consultants or to accept remuneration for any psychological services other than that of their institutional salaries unless they have been licensed under this chapter. Visiting lecturers from recognized laboratories, colleges or universities are exempt from this section and may utilize their academic research title when presenting lectures to similar institutions or organizations. Students of psychology, psychological interns and other persons preparing for the profession of psychological examiner or psychologist under qualified supervision in recognized training institutions or facilities may be designated by such titles as "psychological intern", "psychological trainee" or others clearly indicating such training status. [PL 2007, c. 402, Pt. Q, §2 (AMD).]

The use of occasional services of qualified consultant psychologists from another state or jurisdiction or the use of the services of organizations from another state or jurisdiction employing qualified psychologists does not constitute the unlawful practice of psychology. §3812-A. Delegation authorized

1. Delegation authorized. This chapter may not be construed to prohibit a psychologist from delegating to an individual the administration and observation of tests and certain activities relating to the practice of psychology, as long as those activities are under the supervision and control of the psychologist. "Supervision and control" may not be construed to require the personal presence of the supervising and controlling psychologist at the place where those activities take place, unless a physical presence is necessary to provide patient care of the same quality as provided by the psychologist. The board may adopt rules identifying delegated activities and appropriate levels of supervision in the practice setting. Rules adopted pursuant to this subsection are routine technical rules as defined by Title 5, chapter 375, subchapter 2-A. The activities delegated by a psychologist under this subsection may not include the interpretation of test results and diagnosing and treating mental, emotional and psychological illnesses and disorders.

[PL 2009, c. 112, Pt. A, §11 (NEW).]

2. Responsibility. A psychologist who delegates activities as described in subsection 1 to an individual is legally and ethically responsible for all of the professional activities of that individual, and the individual in this relationship is considered the psychologist's agent. This subsection may not be construed to apply to an individual acting under a separate license accepted by the State to render services independently.

[PL 2009, c. 112, Pt. A, §11 (NEW).]

Students of psychology, psychological interns and other persons preparing for the profession of psychological examiner or psychologist may perform as a part of their training the functions specified in section 3811, but only under the supervision of a licensed psychologist. No industrial or business firm or corporation may sell or offer to the public or to other firms or corporations for remuneration any psychological services as specified in section 3811, unless such services are performed or supervised by individuals duly and appropriately licensed under this chapter as "psychologist". A person who engages in the practice of a psychological examiner or psychologist without a license under this chapter has engaged in an unfair trade practice in violation of Title 5, chapter 10. Nothing in this section may be construed so as to prohibit the licensed person rendering such services from informing the parent or guardian. For purposes of this section, "substance use" means the use of drugs or alcohol solely for their stimulant, depressant or hallucinogenic effect upon the higher functions of the central nervous system and not as

The duty imposed under this subsection may not be interpreted to require the licensee to take any action that in the reasonable professional judgment of the licensee would endanger the licensee or increase the threat of danger to a potential victim.

[PL 2019, c. 317, §3 (NEW).]

SUBCHAPTER 4

PSYCHOLOGY INTERJURISDICTIONAL COMPACT

§3841. Short title; legislative intent; declaration of purpose - Article 1

1. Short title. This subchapter may be known and cited as "the Psychology Interjurisdictional Compact."

[PL 2021, c. 331, §1 (NEW).]

2. Legislative intent. This compact is the Maine enactment of the Psychology Interjurisdictional Compact, which is referred to in this subchapter as "the compact." The form, format and text of the compact have been changed minimally so as to conform to the Maine Revised Statutes. The changes to the compact are technical in nature, and this Act must be interpreted as substantively the same as the compact that is enacted by other compact states.

[PL 2021, c. 331, §1 (NEW).]

3. Purpose. The compact protects the public through the verification of education, training and experience and ensures accountability for the professional practice of psychology.

A. The compact:

- (1) Regulates the day-to-day practice of telepsychology, that is, the provision of psychological services using telecommunications technologies by psychologists across state boundaries in the performance of their psychological practice as assigned by an appropriate authority;
- (2) Regulates the temporary in-person, face-to-face practice of psychology by psychologists across state boundaries for 30 days within a calendar year in the performance of their psychological practice as assigned by an appropriate authority;
- (3) Authorizes state psychology regulatory authorities to afford legal recognition, in a manner consistent with the terms of the compact, to psychologists licensed in another state;
- (4) Recognizes that states have a vested interest in protecting public health and safety through their licensing and regulation of psychologists and that such regulation will best protect public health and safety;
- (5) Does not apply when psychologists are licensed in both their home state and receiving states; and
- (6) Does not apply to ongoing in-person, face-to-face practice but allows for authorization of a temporary psychological practice. [PL 2021, c. 331, §1 (NEW).]

B. The compact is designed to achieve the following purposes and objectives:

- (1) To increase public access to professional psychological services by allowing for telepsychological practice across state lines as well as temporary in-person, face-to-face services in a state in which the psychologist is not licensed to practice psychology;
- (2) To enhance a state's ability to protect public health and safety, especially client safety;
- (3) To encourage the cooperation of compact states in the areas of psychology licensure and regulation;
- (4) To facilitate the exchange of information between compact states regarding psychologist licensure, adverse actions and disciplinary history;
- (5) To promote compliance with the laws governing psychological practice in each compact state; and
- (6) To invest all compact states with the authority to hold licensed psychologists accountable through the mutual recognition of compact states' licenses. [PL 2021, c. 331, §1 (NEW).]

[PL 2021, c. 331, §1 (NEW).]

§3847. Adverse actions - Article 7

1. Authority of home state and distant state. A home state has the power to impose adverse action against a psychologist's license issued by the home state. A distant state has the power to take adverse action on a psychologist's temporary authorization to practice within that distant state.

[PL 2021, c. 331, §1 (NEW).]

2. Authority of receiving state and home state. A receiving state may take adverse action on a psychologist's authority to practice interjurisdictional telepsychology within that receiving state. A home state may take adverse action against a psychologist based on an adverse action taken by a distant state regarding temporary in-person, face-to-face practice.

[PL 2021, c. 331, §1 (NEW).]

3. Adverse action by home state. If a home state takes adverse action against a psychologist's license, that psychologist's authority to practice interjurisdictional telepsychology is terminated and the e-passport is revoked. Furthermore, that psychologist's temporary authorization to practice is terminated, and the interjurisdictional practice certificate is revoked.

A. All home state disciplinary orders that impose adverse action must be reported to the commission in accordance with the rules promulgated by the commission. A compact state shall report adverse actions in accordance with the rules. [PL 2021, c. 331, §1 (NEW).]

B. In the event discipline is reported on a psychologist, the psychologist is not eligible for telepsychology or temporary in-person, face-to-face practice in accordance with the rules. [PL 2021, c. 331, §1 (NEW).]

4. Investigation by home state. A home state's state psychology regulatory authority shall investigate and take appropriate action with respect to reported inappropriate conduct engaged in by a

licensee that occurred in a receiving state as it would if such conduct by a licensee had occurred within the home state. In such cases, the home state's law controls in determining any adverse action against a psychologist's license.

[PL 2021, c. 331, §1 (NEW).]

5. Investigation by distant state. A distant state's state psychology regulatory authority shall investigate and take appropriate action with respect to reported inappropriate conduct engaged in by a psychologist practicing under temporary authorization to practice that occurred in that distant state as it would if such conduct by a licensee had occurred within the home state. In such cases, the distant state's law controls in determining any adverse action against a psychologist's temporary authorization to practice.

[PL 2021, c. 331, §1 (NEW).]

6. Participation in alternative program in lieu of adverse action. Nothing in this compact overrides a compact state's decision that a psychologist's participation in an alternative program may be used in lieu of adverse action and that such participation must remain nonpublic if required by the compact state's law. Compact states shall require psychologists who enter any alternative program to not provide telepsychology services under the authority to practice interjurisdictional telepsychology or not provide temporary psychological services under the temporary authorization to practice in any other compact state during the term of the alternative program.

[PL 2021, c. 331, §1 (NEW).]

11. Revisions. The commission or an authorized committee of the commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency or grammatical errors. Public notice of any revisions must be posted on the website of the commission. The revision is subject to challenge by any person for a period of 30 days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule.

If the revision is challenged, the revision may not take effect without the approval of the commission.

SECTION HISTORY

PL 2021, c. 331, §1 (NEW).

§3850-B. Oversight, dispute resolution and enforcement - Article 12

1. Oversight. The executive, legislative and judicial branches of State Government in each compact state shall enforce this compact and take all actions necessary and appropriate to effectuate the compact's purposes and intent. The provisions of this compact and the rules promulgated hereunder have standing as statutory law.

A. All courts shall take judicial notice of the compact and the rules in any judicial or administrative proceeding in a compact state pertaining to the subject matter of this compact that may affect the powers, responsibilities or actions of the commission. [PL 2021, c. 331, §1 (NEW).]

B. The commission may receive service of process in any proceeding under paragraph A and has standing to intervene in such a proceeding for all purposes. Failure to provide service of process to the commission renders a judgment or order void as to the commission, this compact or promulgated rules. [PL 2021, c. 331, §1 (NEW).]

[PL 2021, c. 331, §1 (NEW).]

2. Default, technical assistance and termination. This subsection governs the default of a compact state.

A. If the commission determines that a compact state has defaulted in the performance of its obligations or responsibilities under this compact or the promulgated rules, the commission shall:

(1) Provide written notice to the defaulting state and other compact states of the nature of the default, the proposed means of remedying the default and any other action to be taken by the commission; and

(2) Provide remedial training and specific technical assistance regarding the default. [PL 2021, c. 331, §1 (NEW).]

B. If a state in default fails to remedy the default, the defaulting state may be terminated from the compact upon an affirmative vote of a majority of the compact states and all rights, privileges and benefits conferred by this compact must be terminated on the effective date of termination. A remedy of the default does not relieve the offending state of obligations or liabilities incurred during the period of default. [PL 2021, c. 331, §1 (NEW).]

C. Termination of membership in the compact may be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate must be submitted by the commission to the Governor, the majority and minority leaders of the defaulting state's Legislature and each of the compact states. [PL 2021, c. 331, §1 (NEW).]

D. A compact state that has been terminated is responsible for all assessments, obligations and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination. [PL 2021, c. 331, §1 (NEW).]

E. The commission may not bear any costs incurred by a state that is found to be in default or that has been terminated from the compact, unless agreed upon in writing between the commission and the defaulting state. [PL 2021, c. 331, §1 (NEW).]

F. The defaulting state may appeal the action of the commission by petitioning the United States District Court for the State of Georgia or the federal district where the compact has its principal offices. The prevailing member must be awarded all costs of such litigation, including reasonable attorney's fees. [PL 2021, c. 331, §1 (NEW).]

[PL 2021, c. 331, §1 (NEW).]

3. Dispute resolution. Upon request by a compact state, the commission shall attempt to resolve disputes related to the compact that arise among compact states and between compact and non-compact states. The commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes that arise before the commission.

[PL 2021, c. 331, §1 (NEW).]

4. Enforcement. This subsection governs the commission's enforcement of the compact.

A. The commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact. [PL 2021, c. 331, §1 (NEW).]

B. By majority vote, the commission may initiate legal action in the United States District Court for the State of Georgia or the federal district where the compact has its principal offices against a compact state in default to enforce compliance with the provisions of the compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. If judicial enforcement is necessary, the prevailing member must be awarded all costs of such litigation, including reasonable attorney's fees. [PL 2021, c. 331, §1 (NEW).]

C. The remedies herein are not the exclusive remedies of the commission. The commission may pursue any other remedies available under federal or state law. [PL 2021, c. 331, §1 (NEW).]

[PL 2021, c. 331, §1 (NEW).]

The provisions, which become effective at that time, are limited to the powers granted to the commission relating to assembly and the promulgation of rules. [PL 2021, c. 331, §1 (NEW).]

3. Withdrawal. Any compact state may withdraw from this compact by enacting a statute repealing the same.

A. A compact state's withdrawal does not take effect until 6 months after enactment of the repealing statute. [PL 2021, c. 331, §1 (NEW).]

B. Withdrawal does not affect the continuing requirement of the withdrawing state's psychology regulatory authority to comply with the investigative and adverse action reporting requirements of this compact prior to the effective date of withdrawal. [PL 2021, c. 331, §1 (NEW).]

[PL 2021, c. 331, §1 (NEW).]

4. Construction. Nothing contained in this compact may be construed to invalidate or prevent any psychology licensure agreement or other cooperative arrangement between a compact state and a non-compact state that does not conflict with the provisions of this compact.

[PL 2021, c. 331, §1 (NEW).]

5. Amendment of compact. This compact may be amended by the compact states. An amendment to this compact is not effective and binding upon any compact state until it is enacted into the law of all compact states.
