SUMMARY

This amendment replaces the bill. It changes the duties of the Maine HIV Advisory Committee by adding budgeting to the areas on which the committee advises the Governor and other agencies and removing the annual assessment of budget proposals at state agencies related to HIV. It also changes the date by which the committee must report to the Governor and the Legislature from January 15th to January 31st. It reduces the size of the committee from 21 members to 19. It changes the composition of the committee membership to 2 members of the Legislature, 5 state agency representatives, 3 members that have HIV or AIDS, 2 health care professionals, 2 HIV-related prevention or social services providers, a member of a state HIV community planning group, a representative of the statewide AIDS alliance, a representative of a statewide coordinating council for public health and 2 at-large members selected from certain specified groups. Members who represent state agencies are nonvoting members and serve only for the duration of the term of the commissioner of the agency each member represents. It removes the names of positions and offices no longer used and updates them with current names. It provides that those members currently serving on the committee continue to serve for the balance of their 3-year terms.
