SUMMARY

This amendment is the majority report of the Joint Standing Committee on Education and Cultural Affairs.

'An Act To Assess the Physical Education Capacity of Elementary Schools in Maine and
To Establish the Obesity and Chronic Disease Fund within the Department of Education'

This amendment replaces the bill. The amendment preserves provisions in the bill that require the Commissioner of Education to conduct an assessment of the physical education capacities of elementary schools in the State using a survey or sampling methodology and to report on that assessment to the Joint Standing Committee on Education and Cultural Affairs by February 1, 2010. The amendment also preserves provisions in the bill that establish the Obesity and Chronic Disease Fund, although the fund is transferred by this amendment from the Department of Health and Human Services to the Department of Education. This amendment does not appropriate any funds to the Obesity and Chronic Disease Fund, but expressly allows the fund to receive public or private funds or income from other sources. The Commissioner of Education is not authorized, however, to make any expenditures from the fund prior to July 1, 2010.

The amendment also authorizes the Joint Standing Committee on Education and Cultural Affairs to submit a bill to the Second Regular Session of the 124th Legislature pertaining to physical education in elementary schools in the State after receipt of the assessment of the physical education capacity of elementary schools.
