## Fiscal Note

Current biennium cost increase - Highway Fund

Current biennium cost increase - Federal Expenditures Funds

Potential future biennium revenue increase - Other Special Revenue Funds

### Fiscal Detail and Notes

This legislation requires the Department of Transportation to facilitate and oversee an independent study of the feasibility of a privately funded, privately operated and publicly accessible east-west highway. The department currently has planning funds on hand which can be used to cover the costs of this study, estimated to be \$300,000. If final authorization is received to construct the highway, the developer must reimburse the department for the cost of the study.
