Fiscal Detail and Notes

The Office of Professional and Occupational Regulation and the Administrative Services Division within the Department of Professional and Financial Regulation will each require a one-time Other Special Revenue Funds allocation of \$2,500 in fiscal year 2012-13 for the costs associated with rulemaking and licensing system modifications necessary for pharmacists or pharmacies to operate a drug and vaccine administration clinic. According to officials at the Department of Professional and Financial Regulation, there are sufficient funds within the board's existing budget to fund the additional allocations without increasing fees.
