Committee: Labor, Commerce, Research and Economic Development

Fiscal Note

Potential current biennium savings - Multiple Funds

Fiscal Detail and Notes

This bill could allow the State Employee Health Plan to achieve savings estimated at \$3.0 million (all funds) per year for the biennium. These savings would be used to meet the State Employee Health Plan's budgeted premium target for the biennium (i.e., the Governor's 2014-2015 Biennial Budget, LD 1509, proposes a flat premium target for the biennium) and would be distributed across personal services accounts in all programs in the General Fund, Highway Fund and other funds.
