

130th MAINE LEGISLATURE

LD 69

LR 136(03)

An Act To Reduce Duplicative Permitting Review for Projects under the Site Location of Development Laws

Fiscal Note for Bill as Engrossed with:

No Amendments

Committee: Environment and Natural Resources

Fiscal Note

Minor savings - Other Special Revenue Funds
Minor revenue decrease - Other Special Revenue Funds

Fiscal Detail and Notes

The bill would increase from seven to ten acres the size of a project that a town can review under the delegated authority exemption in the site development laws. The Department of Environmental Protection anticipates this change will result in a small increase in projects that would be exempted from department review. This will result in a minor decrease in application fee revenue and minor savings from decreased workload.
