#### Fiscal Detail and Notes

Requiring health insurance plans to provide coverage for fertility diagnostic care, fertility treatment and fertility preservation services will increase General Fund costs to the State Employee Health Plan beginning in the plan year that starts July 1, 2023 by \$174,818 in fiscal year 2023-24. The bill will also increase Highway Fund costs by \$61,542 in fiscal year 2023-24. These estimates are based on the assumption that this required coverage will increase costs to the plan by \$1.41 per member per month (PMPM).
