#### Fiscal Detail and Notes

This amendment reduces the ongoing General Fund cost of the bill by \$200,000 per year beginning in fiscal year 2022-23 by eliminating the funding to the University of Maine System to expand the capacity for applied research, ongoing labor history and customized educational programs for the organized and unorganized labor force in the State.

As amended, the bill still includes ongoing General Fund appropriations of \$500,000 per year beginning in fiscal year 2022-23 to the University of Maine System for the establishment of a labor and community education center at the University of Southern Maine to provide labor education and outreach.
