Current biennium cost increase - General Fund

Fiscal Detail and Notes

The Department of Corrections has indicated that it would incur additional costs and require one Public Service Coordinator II position to generate the annual reporting required by the bill. The impact on existing programs of the Department absorbing these costs within existing resources cannot be determined.

Any additional costs to the Departments of Health and Human Services and Corrections to take part in a working group to support juveniles involved in the juvenile justice system are expected to be minor and can be absorbed within existing budgeted resources.
