An Act To Direct the Commissioner of Education To Adopt a Model Policy Regarding Management of Head Injuries in School Activities and Athletics

(EMERGENCY)

Reported by Senator LANGLEY of Hancock for the Joint Standing Committee on Education and Cultural Affairs pursuant to Joint Order, S.P. 644.

Reference to the Committee on Education and Cultural Affairs suggested and ordered printed pursuant to Joint Rule 218.

JOSEPH G. CARLETON, JR.
Secretary of the Senate
Emergency preamble. Whereas, acts and resolves of the Legislature do not become effective until 90 days after adjournment unless enacted as emergencies; and

Whereas, students who participate in certain school activities and athletics are at risk of suffering concussive and other head injuries; and

Whereas, immediate enactment of this legislation will facilitate adoption of a model policy on the management of concussive and other head injuries that will benefit the health and safety of Maine’s students; and

Whereas, in the judgment of the Legislature, these facts create an emergency within the meaning of the Constitution of Maine and require the following legislation as immediately necessary for the preservation of the public peace, health and safety; now, therefore,

Be it enacted by the People of the State of Maine as follows:

Sec. 1. 20-A MRSA §254, sub-§16 is enacted to read:

16. Model policy for management of concussive and other head injuries. In consultation with organizations representing school principals, school boards, school superintendents, athletic directors, athletic trainers, sports medicine practitioners, the Acquired Brain Injury Advisory Council established in Title 34-B, section 19001 and other interested parties, the commissioner shall develop a model policy on the management of concussive and other head injuries in school activities and athletics.

Sec. 2. 20-A MRSA §1001, sub-§19 is enacted to read:

19. Adoption of policy to manage concussive and other head injuries. Beginning January 1, 2013, the school board of each public school and the governing body of each private school enrolling more than 60% of its students at public expense in this State shall adopt and implement a policy on the management of concussive and other head injuries in school activities and athletics that is consistent with the model policy developed by the commissioner in accordance with section 254, subsection 16.

Sec. 3. Working group. The Commissioner of Education shall convene a working group to meet during the spring and summer of 2012, and periodically thereafter, to advise the commissioner on the prevention, diagnosis and treatment of concussive and other head injuries in students and student athletes. The commissioner shall invite representatives from the Maine Principals’ Association, the Maine School Superintendents Association, the Maine School Boards Association, the Maine School Management Association, the Acquired Brain Injury Advisory Council, the Maine Athletic Directors Association, the Maine Athletic Trainers Association, the Maine Concussion Management Initiative, sports medicine practitioners and medical providers to participate in the working group.

Sec. 4. Model policy. The working group under section 3 shall advise the Commissioner of Education on the provisions to be included in the model policy under the Maine Revised Statutes, Title 20-A, section 254, subsection 16 for the management of
concussive and other head injuries in school activities and athletics and on the procedures
to update the policy as medical knowledge of head injuries progresses. The model policy
proposed by the commissioner must include, but is not limited to, the following
provisions:

1. **Training.** A requirement that athletic directors, coaches and other school
personnel involved with school activities and athletics must be trained in the
identification and management of concussive and other head injuries;

2. **Student and parental acknowledgment.** A requirement that prior to each school
year each student participating in a school athletic activity and the student's parent or
legal guardian must review the school's policy for the management of concussive and
other head injuries and sign a statement acknowledging that review;

3. **Protocols and forms.** A requirement that the Department of Education must
create protocols and forms that must be used by schools in the implementation of the
policy on the management of concussive and other head injuries;

4. **Immediate removal and evaluation.** A requirement that a student suspected of
having sustained a concussive or other head injury in any school activity or athletic
practice or game must be removed from the activity, practice or game immediately and
evaluated for brain injury prior to returning to the activity or practices and games; and

5. **Medical clearance.** A requirement that a student suspected of having sustained a
concussion after an evaluation under subsection 4 must be banned from the school
activity or athletic practices and games until the student has received written medical
clearance from a licensed health care provider trained in concussion management for the
student to begin the gradual resumption of participation in the activity or practices and
games based on the current standards of care.

Sec. 5. **Implementation of model policy; phase-in.** In accordance with the
provisions of section 4 and by September 1, 2012, the Commissioner of Education shall
develop a model policy for the management of concussive and other head injuries as set
forth in the Maine Revised Statutes, Title 20-A, section 254, subsection 16 for full
implementation by school administrative units and private schools enrolling more than
60% of their students at public expense in this State no later than the 2013-2014 school
year. Notwithstanding Title 20-A, section 1001, subsection 19, the implementation of the
model policy must be phased in according to the following timeline.

1. **Local adoption by January 1, 2013.** The school board of each school
administrative unit and the governing body of each private school enrolling more than
60% of its students at public expense in this State shall adopt and begin implementation
of a policy on the management of concussive and other head injuries as set forth in Title

2. **Phased-in implementation.** The school board of each school administrative unit
and the governing body of each private school enrolling more than 60% of its students at
public expense in this State shall gradually implement their policies, including the
requirements included in the model policy developed by the commissioner, during the
2012-2013 and 2013-2014 school years and in accordance with the regular sequence of
school activities and athletic seasons over that period of time so that the policies are fully
implemented by the end of the 2013-2014 school year.

The commissioner shall report to the joint standing committee of the Legislature
having jurisdiction over education matters by January 15, 2014 on the status of the
implementation of the policies.

Sec. 6. Sharing information. The Commissioner of Education, school
administrative units and private schools enrolling more than 60% of their students at
public expense in this State may share with statewide and local organizations that sponsor
sports and athletics the model policy, information, training, protocols and forms
developed under section 4 regarding the management of concussive and other head
injuries in school activities and athletics.

Emergency clause. In view of the emergency cited in the preamble, this
legislation takes effect when approved.

SUMMARY

This bill is reported out by the Joint Standing Committee on Education and Cultural
Affairs pursuant to Joint Order 2011, S.P. 644. The bill directs the Commissioner of
Education to propose a model policy for public schools and private schools enrolling
more than 60% of their students at public expense in this State on the management of
concussive and other head injuries in school activities and athletics. The bill also
accomplishes the following.

1. It directs the commissioner to invite representatives of educational stakeholders
and interested parties to participate in a working group that will meet during the spring
and summer of 2012 to develop a model policy that addresses the prevention, diagnosis
and treatment of concussive and other head injuries in students and student athletes.

2. It provides that the model policy must include the following requirements:

A. That athletic directors, coaches and other school personnel involved with school
activities and athletics must be provided with training in the identification and
management of concussive and other head injuries;

B. That a student participating in a school athletic activity and the student's parent or
legal guardian must review the school's policy on the management of concussive and
other head injuries;

C. That schools must use protocols and forms in the implementation of the policy on
the management of concussive and other head injuries;

D. That a student suspected of having sustained a concussive or other head injury in
any activity or athletic practice or game must be removed from participation
immediately and evaluated for brain injury prior to returning to the activity or
practices and games; and
E. That a student suspected of having sustained a concussion after an evaluation must be banned from further participation until the student has received written medical clearance from a licensed health care provider trained in concussion management for the student to begin the gradual resumption of participation in the activity or practices and games.

3. It establishes that schools are required to adopt a policy on management of head injuries and begin implementation of the policy by January 1, 2013 and further provides that schools must gradually implement the policy during the 2012-2013 and 2013-2014 school years.

4. It provides that the Commissioner of Education and school officials may share the model policy on the management of concussive and other head injuries, including the information, training, protocols and forms included in the policy, with statewide and local organizations that sponsor sports and athletics.
