An Act Regarding Minimum Wage Increases

Reference to the Committee on Labor, Commerce, Research and Economic Development suggested and ordered printed.

Presented by Representative STEWART of Presque Isle.
Be it enacted by the People of the State of Maine as follows:

Sec. 1. 26 MRSA §664, sub-§1, as amended by IB 2015, c. 2, §1, is further amended to read:

1. Minimum wage. The minimum hourly wage is $7.50 per hour. Starting January 1, 2017, the minimum hourly wage is $9.00 per hour; starting January 1, 2018, the minimum hourly wage is $10.00 per hour; starting January 1, 2019, the minimum hourly wage is $11.00 per hour; and starting January 1, 2020, the minimum hourly wage is $12.00 per hour. On January 1, 2021 and each January 1st thereafter, the minimum hourly wage then in effect must be increased by the increase, if any, in the cost of living. The increase in the cost of living must be measured by the percentage increase, if any, as of August of the previous year over the level as of August of the year preceding that year in the Consumer Price Index for Urban Wage Earners and Clerical Workers, CPI-W, for the Northeast Region, or its successor index, as published by the United States Department of Labor, Bureau of Labor Statistics or its successor agency, with the amount of the minimum wage increase rounded to the nearest multiple of 5¢. If the highest federal minimum wage is increased in excess of the minimum wage in effect under this section, the minimum wage under this section is increased to the same amount, effective on the same date as the increase in the federal minimum wage, and must be increased in accordance with this section thereafter.

Sec. 2. 26 MRSA §664, sub-§2, as amended by IB 2015, c. 2, §2, is further amended to read:

2. Tip credit. An employer may consider tips as part of the wages of a service employee, but such a tip credit may not exceed 50% of the minimum hourly wage established in this section. Starting January 1, 2017, the minimum cash wage paid directly to a tipped service employee may not be less than $5.00 per hour, and the tip credit may not exceed the difference between the minimum cash wage paid directly to a tipped-service employee and the minimum hourly wage established under subsection 1. Starting January 1, 2018, and on each January 1st thereafter, the minimum cash wage paid directly to a tipped service employee must be increased by an additional $1.00 per hour until it reaches the same amount as the annually adjusted minimum hourly wage established under subsection 1, except that if the minimum cash wage paid directly to a tipped service employee is less than $1.00 less than the annually adjusted minimum hourly wage, it must be increased by that lesser amount. An employer who elects to use the tip credit, until it is eliminated under this subsection, must inform the affected employee in advance and must be able to show that the employee receives at least the minimum hourly wage when direct wages and the tip credit are combined. Upon a satisfactory showing by the employee or the employee's representative that the actual tips received were less than the tip credit, the employer shall increase the direct wages by the difference.

The tips received by a service employee become the property of the employee and may not be shared with the employer. Tips that are automatically included in the customer's bill or that are charged to a credit card must be treated like tips given to the service employee. A tip that is charged to a credit card must be paid by the employer to the
employee by the next regular payday and may not be held while the employer is awaiting
reimbursement from a credit card company.

SUMMARY

This bill eliminates the $1 per hour increases in the minimum wage scheduled for
each of the next 3 years and eliminates increases in the minimum wage based on the
increase in the cost of living starting in 2021. It also restores the tip credit to the
minimum wage laws.
