An Act To Secure Transitions to Economic Prosperity for Maine Families and Children

Reference to the Committee on Health and Human Services suggested and ordered printed.

Presented by Representative STEWART of Presque Isle.
Cosponsored by Senator DOW of Lincoln and
Representatives: Speaker GIDEON of Freeport, HYMANSON of York, O'CONNOR of Berwick, STOVER of Boothbay, TALBOT ROSS of Portland, Senators: CLAXTON of Androscoggin, MOORE of Washington.
Be it enacted by the People of the State of Maine as follows:

Sec. 1. 22 MRSA §3762, sub-§3, ¶B, as amended by PL 2017, c. 256, §1; c. 284, Pt. NNNNNNN, §10; c. 290, §1; and c. 412, §2, is further amended to read:

B. The department may use funds, insofar as resources permit, provided under and in accordance with the United States Social Security Act or state funds appropriated for this purpose or a combination of state and federal funds to provide assistance to families under this chapter. In addition to assistance for families described in this subsection, funds must be expended for the following purposes:

(1) To continue the pass-through of the first $50 per month of current child support collections and the exclusion of the $50 pass-through from the budget tests and benefit calculations;

(2) To provide financial assistance to noncitizens legally admitted to the United States who are receiving assistance under this subsection as of July 1, 2011. Recipients of assistance under this subparagraph are limited to the categories of noncitizens who would be eligible for the TANF programs but for their status as aliens under PRWORA. Eligibility for the TANF program for these categories of noncitizens must be determined using the criteria applicable to other recipients of assistance from the TANF program. Any household receiving assistance as of July 1, 2011 may continue to receive assistance, as long as that household remains eligible, without regard to interruptions in coverage or gaps in eligibility for service. A noncitizen legally admitted to the United States who is neither receiving assistance on July 1, 2011 nor has an application pending for assistance on July 1, 2011 that is later approved is not eligible for financial assistance through a state-funded program unless that noncitizen is:

(a) Elderly or disabled, as described under the laws governing supplemental security income in 42 United States Code, Sections 1381 to 1383f (2010);

(b) A victim of domestic violence;

(c) Experiencing other hardship, such as time necessary to obtain proper work documentation, as defined by the department by rule. Rules adopted by the department under this division are routine technical rules as defined by Title 5, chapter 375, subchapter 2-A; or

(d) Unemployed but has obtained proper work documentation, as defined by the department by rule. Rules adopted by the department under this division are routine technical rules as defined by Title 5, chapter 375, subchapter 2-A;

(3) To provide benefits to 2-parent families with children using the same eligibility requirements as apply to families headed by a single custodial parent or caretaker relative;

(4) To provide an assistance program for needy children, 19 to 21 years of age, who are in full-time attendance in secondary school. The program is operated for those individuals who qualify for TANF under the United States Social Security Act, except that they fail to meet the age requirement, and is also operated for the parent or caretaker relative of those individuals. Except for the age requirement,
all provisions of TANF, including the standard of need and the amount of
assistance, apply to the program established pursuant to this subparagraph;

(5) To provide assistance for a pregnant woman who is otherwise eligible for
assistance under this chapter, except that she has no dependents under 19 years of
age. An individual is eligible for the monthly benefit for one eligible person if
the medically substantiated expected date of the birth of her child is not more
than 90 days following the date the benefit is received;

(6) To provide a special housing allowance for TANF families whose shelter
expenses for rent, mortgage or similar payments, homeowners insurance and
property taxes equal or exceed 50% of their monthly income. The special
housing allowance is limited to $300 per month for each family. For purposes of
this subparagraph, "monthly income" means the total of the TANF monthly
benefit and all income countable under the TANF program, plus child support
received by the family, excluding the $50 pass-through payment;

(7) In determining benefit levels for TANF recipients who have earnings from
employment, the department shall disregard from monthly earnings the
following:

(a) One hundred and eight dollars;
(b) Fifty percent of the remaining earnings that are less than the federal
poverty level; and
(c) All actual child care costs necessary for work, except that the department
may limit the child care disregard to $175 per month per child or $200 per
month per child under 2 years of age or with special needs;

(7-A) In determining eligibility and benefit levels, the department may apply a
gross income test only to applicants and not to recipients;

(7-C) In determining financial eligibility for applicants who have earnings from
employment, the department shall disregard from monthly earnings the
following:

(a) One hundred and eight dollars;
(b) Fifty percent of the remaining earnings that are less than the federal
poverty level; and
(c) All actual child care costs necessary for work, except that the department
may limit the child care disregard to $175 per month per child or $200 per
month per child under 2 years of age or with special needs;

(7-D) In determining benefit levels, the department shall disregard the following
amounts from the monthly earnings of recipients:

(a) One hundred percent of all earned income for the first 6 months of
employment during a period of continuous receipt of assistance that is not
interrupted by a break in assistance of more than 2 months;
(b) Seventy-five percent of all earned income beginning in the 7th month of employment during a period of continuous receipt of assistance that is not interrupted by a break in assistance of more than 2 months;

(c) One hundred and eight dollars and 50% of the remaining earnings that are less than the federal poverty level beginning in the 13th month of employment during a period of continuous receipt of assistance that is not interrupted by a break in assistance of more than 2 months;

(d) In the event of a break in assistance of more than 2 months, for any new period of assistance, $108 and 50% of the remaining earnings; and

(e) All actual child care costs necessary for work, except that the department may limit the child care disregard to $175 per month per child or $200 per month per child under 2 years of age or with special needs;

(7-E) For any period during which a household's food supplement assistance is reduced as a result of earnings and receipt of the earned income disregard applied under subparagraph (7-D), division (a) or (b), the household must receive additional food supplement assistance in an amount that will, in addition to the food supplement assistance for which the household remains eligible, provide the household with the same amount of food supplement assistance as it received in the month immediately preceding the month in which it received the enhanced earned income disregard. Additional food supplement assistance under this subparagraph is a noncash benefit and may be used to purchase only those food items permitted under the food supplement program. These funds must be provided under the TANF block grant available under Title IV-A of the United States Social Security Act;

(8) In cases when the TANF recipient has no child care cost, the monthly TANF benefit is the maximum payment level or the difference between the countable earnings and the standard of need established by rule adopted by the department, whichever is lower;

(9) In cases when the TANF recipient has child care costs, the department shall determine a total benefit package, including TANF cash assistance, determined in accordance with subparagraph (7) (7-D) and additional child care assistance, as provided by rule, necessary to cover the TANF recipient's actual child care costs up to the maximum amount specified in section 3782-A, subsection 5, paragraph B. The benefit amount must be paid as provided in this subparagraph.

(a) Before the first month in which child care assistance is available to an ASPIRE-TANF recipient under this paragraph and periodically thereafter, the department shall notify the recipient of the total benefit package and the following options of the recipient: to receive the total benefit package directly; or to have the department pay the recipient's child care assistance directly to the designated child care provider for the recipient and pay the balance of the total benefit package to the recipient.

(b) If an ASPIRE-TANF recipient notifies the department that the recipient chooses to receive the child care assistance directly, the department shall pay the total benefit package to the recipient.
(c) If an ASPIRE-TANF recipient does not respond or notifies the
department of the choice to have the child care assistance paid directly to the
child care provider from the total benefit package, the department shall pay
the child care assistance directly to the designated child care provider for the
recipient. The department shall pay the balance of the total benefit package
to the recipient;

(10) Child care assistance under this paragraph must be paid by the department
in a prompt manner that permits an ASPIRE-TANF recipient to access child care
necessary for work; and

(11) The department shall adopt rules pursuant to Title 5, chapter 375 to
implement this subsection. Rules adopted pursuant to this subparagraph are
routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.

Sec. 2. 22 MRSA §3762, sub-§8, ¶F, as enacted by PL 2011, c. 655, Pt. S, §2, is
amended to read:

F. The department may provide limited transitional food benefits to meet the needs
of food supplement benefit recipients living with one or more dependent children
under 18 years of age who are working at least 30 hours per week or who are working
at least 20 hours per week if one or more dependent child is under 6 years of age.
The benefit may not exceed $50 $100 per month per family.

Sec. 3. 22 MRSA §3762, sub-§18, as enacted by PL 2011, c. 380, Pt. PP, §2, is
amended to read:

18. Lifetime limit on assistance. Beginning January 1, 2012, a family may not
receive TANF assistance for longer than 60 months except in those cases in which the
department has determined that the family qualifies for an exemption or extension under
rules adopted by the department. When an adult has received TANF assistance for 60
months, unless the adult has been exempted or granted an extension by the department,
the family unit in which the adult is a member is ineligible for assistance. The
department shall consider conditions or situations beyond the control of the adult
recipient, including but not limited to a physical or mental condition that prevents the adult from obtaining or retaining gainful employment, being a victim of domestic
violence, participating in good standing in an approved education program or a program
that is expected to lead to gainful employment, being the caretaker relative in the
household who is not the parent of the child or children in the assistance unit and who is
required to remain at home to care for a dependent in the assistance unit and loss of
employment by the adult following termination of TANF under this subsection. Any
month in which a family receives an earnings disregard under subsection 3, paragraph B,
subparagraph (7-D), division (a) or (b) may not be counted toward the 60-month limit
established by this subsection.

The department shall adopt rules to implement this subsection. Rules adopted pursuant to
this subsection are routine technical rules pursuant to Title 5, chapter 375, subchapter 2-A.

Sec. 4. 22 MRSA §3769-G is enacted to read:
§3769-G. Temporary Assistance for Needy Families block grant; whole family economic security initiatives

1. Use of block grant funds. In fiscal year 2020-21 and annually thereafter, the department shall provide up to $3,000,000 in funds provided under the Temporary Assistance for Needy Families block grant to community action agencies designated pursuant to section 5324 or other community-based organizations the department finds qualified pursuant to subsection 3 to assist parents with children as the parents pursue stable employment or education intended to lead to employment. The block grant funds must be used to administer services to families with children with income less than 200% of the nonfarm income official poverty line.

2. Required services. Services provided by a community-based organization the department finds qualified pursuant to subsection 3 must include education, including, but not limited to, assisting family members to acquire postsecondary degrees or other credentials, and the provision of health, social and economic support.

3. Qualifications. In order to be qualified under this section, a community action agency designated pursuant to section 5324 or a community-based organization must demonstrate to the department that it has the resources and capacity to implement evidence-based practices to provide the services required under this section. The department shall annually review contracts awarded under this section on the basis of tangible performance measures; participant satisfaction and well-being; and fiscal and administrative accountability.

4. Rules. The department shall adopt rules to implement this section. Rules adopted pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.

Sec. 5. 22 MRSA §3788, sub-§7-A is enacted to read:

7-A. Basic skills education. The department shall make available to individuals participating in the ASPIRE-TANF program basic skills education, including programs that assist individuals in obtaining a high school equivalency diploma. The time spent by an ASPIRE-TANF participant in basic skills education must be counted towards the first 20 hours of the participant's required weekly work participation. The department shall ensure that the State's work verification plan required under federal law for validating work participation activities of ASPIRE-TANF participants includes basic skills education in the definition of vocational educational training when it is a necessary part of a participant's vocational educational training plan.

Sec. 6. Funding. Any additional costs to the State resulting from the implementation of this Act must be paid from funds provided to the Department of Health and Human Services under the Temporary Assistance for Needy Families block grant available under Title IV-A of the United States Social Security Act or from resources representing the State's maintenance of effort in order to qualify for federal funds and may not result in an additional net cost to the General Fund.
SUMMARY

This bill:

1. Increases the income amounts that are disregarded when calculating benefits from the Temporary Assistance for Needy Families program, or TANF program, for recipients who have earnings from employment. It also replaces for a limited period food assistance lost as a result of increased earnings from employment and the increased income amounts that are disregarded;

2. Increases the transitional food benefits available under the TANF program from $50 per month per family to $100 per month per family;

3. Establishes a whole family economic security initiative as part of the TANF program to increase the economic security of the entire family; and

4. Requires the Department of Health and Human Services to count the participation of a participant in the ASPIRE-TANF program in basic skills education, which includes programs to assist individuals in obtaining a high school equivalency diploma, toward the first 20 hours of the participant's weekly work participation requirements.
