
Amend the bill in section 1 in paragraph B in subparagraph (6) in the 3rd line (page 2, line 10 in L.D.) by inserting after the following: "income" the following: "excluding any income disregarded pursuant to subparagraph (7-D), divisions (a) and (b)"

Amend the bill in section 1 in paragraph B by striking out all of subparagraphs (7-D) and (7-E) and inserting the following:

'(7-D) In determining benefit levels, the department shall disregard the following amounts from the monthly earnings of recipients:

(a) One hundred percent of all earned income for the first 3 months of employment. Any month in which the disregard under this division does not increase the recipient's benefit above that which it would be if the disregard in division (c) is applied does not count as a month in which earned income is disregarded under this division;

(b) Seventy-five percent of all earned income for the 4th to 6th months of employment. Any month in which the disregard under this division does not increase the recipient's benefit above that which it would be if the disregard in division (c) is applied does not count as a month in which earned income is disregarded under this division;

(c) One hundred and eight dollars and 50% of the remaining earnings that are less than the federal poverty level for any month of employment in which a disregard in division (a) or (b) is not applied; and

(d) All actual child care costs necessary for work, except that the department may limit the child care disregard to $175 per month per child or $200 per month per child under 2 years of age or with special needs;

(7-E) For any period during which a household's food supplement assistance is reduced as a result of earnings and receipt of the earned income disregard applied
under subparagraph (7-D), division (a) or (b), the household must receive
additional food supplement assistance in an amount that will, in addition to the
food supplement assistance for which the household remains eligible, provide the
household with a minimum of $50 in food supplement assistance. Additional
food supplement assistance under this subparagraph is a noncash benefit and may be used to purchase only those food items permitted under the food supplement
program.'

Amend the bill in section 3 in subsection 18 by striking out all of the last sentence

7-A. Basic skills education. The department shall make available to individuals participating in the ASPIRE-TANF program basic skills education, including programs that assist individuals in obtaining a high school diploma or its equivalent or comparable credential. The time spent by an ASPIRE-TANF participant in basic skills education must be counted toward the first 20 hours of the participant's required weekly work participation, except that this subsection is suspended for any period for which it would cause the State to fail to meet the work participation rate requirements pursuant to 42 United States Code, Section 607, subsection (a). The department shall ensure that the State's work verification plan required under federal law for validating work participation activities of ASPIRE-TANF participants includes basic skills education in the definition of vocational educational training when it is a necessary part of a participant's vocational educational training plan.

Amend the bill by relettering or renumbering any nonconsecutive Part letter or section number to read consecutively.

SUMMARY

This amendment makes the following changes to the bill.

1. It clarifies that employment earnings in the months when earnings are subject to disregards do not affect special housing allowances.

2. It reduces the number of months that the Department of Health and Human Services disregards the earnings of a recipient of temporary assistance for needy families, or TANF, benefits and removes the requirement that the earnings be continuous for more than 2 months to be counted.

3. It stipulates that a month in which earnings are insufficient to change a benefit amount is not counted as a month in which earnings are disregarded.

4. It changes the requirement for food supplement assistance for a TANF recipient to be the same amount as prior to employment to a minimum of $50 in food supplement assistance.

5. It requires the Department of Health and Human Services to approve an extension from the 60-month limit for TANF recipients who have employment earnings that are subject to disregards rather than not counting those months in the 60-month limit.

6. It changes the amount of TANF block grant funds that can be used for initiatives in the bill from $3,000,000 to $2,000,000.

7. It corrects the language for basic skills education to refer to a high school diploma or equivalent or comparable credential. It also states that basic skills education counting as work participation requirements may be suspended if the State no longer meets the work participation rates required by the Federal Government.

The amendment also adds an appropriations and allocations section.
