

127th MAINE LEGISLATURE

FIRST REGULAR SESSION-2015

Legislative Document

No. 134

H.P. 92

House of Representatives, January 22, 2015

Resolve, To Study the Impact of Winter Ticks on the State's Moose Population

Reference to the Committee on Inland Fisheries and Wildlife suggested and ordered printed.

ROBERT B. HUNT
Clerk

Presented by Representative MARTIN of Sinclair. Cosponsored by Senator EDGECOMB of Aroostook and Representative: MARTIN of Eagle Lake. Sec. 1. Department of Inland Fisheries and Wildlife to study impact of winter ticks on the State's moose population. Resolved: That the Department of Inland Fisheries and Wildlife shall conduct a study of the impact of winter ticks on the State's moose population, including identifying any problems for the moose population created by the ticks and recommending possible courses of action, if any, to address those problems; and be it further

Sec. 2. Reporting date established. Resolved: That the Department of Inland Fisheries and Wildlife shall report the findings of its study under section 1, including recommendations to address problems of the State's moose population caused by winter ticks, to the Joint Standing Committee on Inland Fisheries and Wildlife by January 4, 2016. The committee may report out legislation based upon the report to the Second Regular Session of the 127th Legislature.

13 SUMMARY

 This resolve directs the Department of Inland Fisheries and Wildlife to conduct a study of the impact of winter ticks on the State's moose population, including identifying any problems for the moose population created by the ticks and recommending possible courses of action, if any, to address those problems.
