**STATE OF MAINE  
HOUSE OF REPRESENTATIVES  
128TH LEGISLATURE  
FIRST REGULAR SESSION**

COMMITTEE AMENDMENT “ ” to H.P. 597, L.D. 848, Bill, “An Act To Support Law Enforcement Officers and First Responders Diagnosed with Post-traumatic Stress Disorder”

Amend the bill by inserting after the title and before the enacting clause the following:

**'Mandate preamble.** This measure requires one or more local units of government to expand or modify activities so as to necessitate additional expenditures from local revenues but does not provide funding for at least 90% of those expenditures. Pursuant to the Constitution of Maine, Article IX, Section 21, 2/3 of all of the members elected to each House have determined it necessary to enact this measure.'

Amend the bill in section 2 in subsection 3-A by striking out all of paragraph B and inserting the following:

'B. The employee is a law enforcement officer, firefighter or emergency medical services person and is diagnosed by an allopathic physician or an osteopathic physician licensed under Title 32, chapter 48 or chapter 36, respectively, with a specialization in psychiatry or a psychologist licensed under Title 32, chapter 56 as having post-traumatic stress disorder that resulted from work stress, that the work stress was extraordinary and unusual compared with that experienced by the average employee and the work stress and not some other source of stress was the predominant cause of the post-traumatic stress disorder, in which case the post-traumatic stress disorder is presumed to have arisen out of and in the course of the worker's employment. This presumption may be rebutted by clear and convincing evidence to the contrary. For purposes of this paragraph, "law enforcement officer," "firefighter" and "emergency medical services person" have the same meaning as in section 328-A, subsection 1.

By January 1, 2022, the board shall submit a report to the joint standing committee of the Legislature having jurisdiction over labor matters that includes an analysis of the number of claims brought under this paragraph, the portion of those claims that resulted in a settlement or award of benefits and the effect of the provisions of this

3 Department of Public Safety shall assist the board in developing the report, and the  
4 board shall seek the input of an association, the membership of which consists

8 **SUMMARY**

9 This amendment changes the rebuttable presumption in the workers' compensation  
10 laws created by the bill by requiring that a psychiatrist or psychologist must diagnose the  
11 employee as having post-traumatic stress disorder resulting from work stress that was  
12 extraordinary and unusual and that the work stress and not some other source of stress  
13 was the predominant cause of the post-traumatic stress disorder. The amendment also  
14 eliminates corrections officers from the classes of employees that are eligible for the  
15 presumption. This amendment directs the Workers' Compensation Board to submit a  
16 report to the joint standing committee of the Legislature having jurisdiction over labor  
17 matters by January 1, 2022 analyzing the number of claims brought as a result of the  
18 provisions of the bill, the portion of those claims that resulted in a settlement or award of  
19 benefits and the effect of the provisions of the bill on costs to the State and its  
20 subdivisions. The Department of Administrative and Financial Services, Bureau of  
21 Human Resources and the Department of Public Safety are directed to assist the board in  
22 developing the report, and the board is required to seek the input of an association, the  
23 membership of which consists exclusively of counties, municipalities and other political  
24 or administrative subdivisions, in the development of the report. This amendment also  
25 repeals the new rebuttable presumption October 1, 2022 and adds a mandate preamble.
