FIRST SPECIAL SESSION-2021

Legislative Document       No. 1660

H.P. 1231                   House of Representatives, May 5, 2021

An Act To Modify Dental Licensure Requirements To Consider
Credentialed Individuals from Other Jurisdictions

(AFTER DEADLINE)

(EMERGENCY)

Submitted by the Department of Professional and Financial Regulation and approved for introduction by a majority of the Legislative Council pursuant to Joint Rule 205.

Received by the Clerk of the House on May 3, 2021. Referred to the Committee on Health Coverage, Insurance and Financial Services pursuant to Joint Rule 308.2 and ordered printed pursuant to Joint Rule 401.

Presented by Representative TEPLER of Topsham.
Emergency preamble. Whereas, acts and resolves of the Legislature do not
become effective until 90 days after adjournment unless enacted as emergencies; and

Whereas, the sole purpose of the Board of Dental Practice is to protect the public
health and welfare by ensuring that the public is served by competent and honest
practitioners and by establishing minimum standards of proficiency; and

Whereas, the sole reliance on the accreditation status provided by the American
Dental Association Commission on Dental Accreditation to doctoral degree programs in
dentistry and dental hygiene degree programs has created unnecessary barriers for
otherwise qualified applicants to obtain licensure in dentistry and dental hygiene; and

Whereas, the sole reliance on licensure in good standing from another state or
Canadian province has created unnecessary barriers for otherwise qualified applicants from
other jurisdictions to obtain licensure under the Dental Practice Act; and

Whereas, immediate enactment of this legislation is necessary to give the Board of
Dental Practice statutory authority to consider on a case-by-case basis an applicant's
educational equivalency in meeting the educational qualifications for licensure and to
consider on a case-by-case basis an applicant's licensure in good standing from another
jurisdiction; and

Whereas, in the judgment of the Legislature, these facts create an emergency within
the meaning of the Constitution of Maine and require the following legislation as
immediately necessary for the preservation of the public peace, health and safety; now,
therefore,

Be it enacted by the People of the State of Maine as follows:

Sec. 1. 32 MRSA §18342, sub-§1, ¶A, as enacted by PL 2015, c. 429, §21, is

§18347. Endorsement; applicants authorized to practice in another jurisdiction

The board is authorized, at its discretion, to waive the examination requirements and issue a license or grant an authority to an applicant who is licensed under the laws of another state or a Canadian province, a United States territory, a foreign nation or a foreign administrative division that issues licenses in the dental professions who furnishes proof, satisfactory to the board, that the requirements for licensure under this chapter have been met. Applicants must comply with the provisions set forth in section 18341.

1. Applicants licensed in another jurisdiction. An applicant for licensure or seeking authority under this chapter who is licensed under the laws of another jurisdiction is governed by this subsection.

A. An applicant who is licensed in good standing at the time of application to the board under the laws of another state or a Canadian province, a United States territory, a foreign nation or a foreign administrative division that issues licenses in the dental professions may qualify for licensure by submitting evidence to the board that the applicant has held a substantially equivalent, valid license for at least 3 consecutive
years immediately preceding the application to the board at the level of licensure applied for in this State.

B. An applicant who does not meet the requirements of paragraph A but is licensed in good standing at the time of application to the board under the laws of another state or a Canadian province, a United States territory, a foreign nation or a foreign administrative division that issues licenses in the dental professions may qualify for licensure by submitting evidence satisfactory to the board that the applicant's qualifications for licensure are substantially similar to the requirements in this chapter for the relevant license.

Emergency clause. In view of the emergency cited in the preamble, this legislation takes effect when approved.

SUMMARY

This bill authorizes the Board of Dental Practice on a case-by-case basis to grant licensure to otherwise qualified applicants for dentist licenses, limited dentist licenses and dental hygienist licenses who did not obtain either a doctoral degree in dentistry or a dental hygiene degree from a program accredited by the American Dental Association Commission on Dental Accreditation by authorizing the board to consider educational equivalency in determining the educational qualifications. It also authorizes the Board of Dental Practice on a case-by-case basis to grant licensure to otherwise qualified applicants for dentist faculty licenses, limited dentist licenses, expanded function dental assistant licenses, faculty dental hygiene licenses, faculty denturist licenses and licenses under the Dental Practice Act endorsement provision who are licensed in good standing in a United States territory, a foreign nation or a foreign administrative division that issues licenses in the dental professions.
