An Act To Authorize a General Fund Bond Issue To Support the Growth of and To Build Infrastructure for the Marine and Biotechnology Sectors of the State's Economy

Approved for introduction by a majority of the Legislative Council pursuant to Joint Rule 203.
Reference to the Committee on Appropriations and Financial Affairs suggested and ordered printed.

Presented by Speaker EVES of North Berwick.
Preamble. Two thirds of both Houses of the Legislature deeming it necessary in accordance with the Constitution of Maine, Article IX, Section 14 to authorize the issuance of bonds on behalf of the State of Maine to provide funds as described in this Act.

Be it enacted by the People of the State of Maine as follows:

PART A

Sec. A-1. Authorization of bonds. The Treasurer of State is authorized, under the direction of the Governor, to issue bonds in the name and on behalf of the State in an amount not exceeding $30,000,000 for the purposes described in section 5 of this Part. The bonds are a pledge of the full faith and credit of the State. The bonds may not run for a period longer than 10 years from the date of the original issue of the bonds.

Sec. A-2. Records of bonds issued; Treasurer of State. The Treasurer of State shall ensure that an account of each bond is kept showing the number of the bond, the name of the successful bidder to whom sold, the amount received for the bond, the date of sale and the date when payable.

Sec. A-3. Sale; how negotiated; proceeds appropriated. The Treasurer of State may negotiate the sale of the bonds by direction of the Governor, but no bond may be loaned, pledged or hypothecated on behalf of the State. The proceeds of the sale of the bonds, which must be held by the Treasurer of State and paid by the Treasurer of State upon warrants drawn by the State Controller, are appropriated solely for the purposes set forth in this Part. Any unencumbered balances remaining at the completion of the project in this Part lapse to the Office of the Treasurer of State to be used for the retirement of general obligation bonds.

Sec. A-4. Interest and debt retirement. The Treasurer of State shall pay interest due or accruing on any bonds issued under this Part and all sums coming due for payment of bonds at maturity.

Sec. A-5. Disbursement of bond proceeds from General Fund bond issue. The proceeds of the sale of the bonds authorized under this Part must be expended as designated in the following schedule under the direction and supervision of the agencies and entities set forth in this section.

ECONOMIC AND COMMUNITY DEVELOPMENT, DEPARTMENT OF

Provides funds, to be matched by $15,000,000 in other funds, to establish a state center for marine economy coordinated and managed by the University of New England in partnership with public sector and private sector marine research centers and marine industries throughout the State, including but not limited to the Southern Maine Community College; the University of Maine at Machias, Downeast Institute of Applied Marine Research and Education; and the Cobscook Community Learning Center, to facilitate the growth of business and commercial enterprises that create
jobs in the State's marine economy and related industries and interests through capital
investments in a shared marine research and resource vessel; infrastructure and
equipment to support the vessel and its statewide operations; expanded facilities
statewide to support collaboration and commercialization; and infrastructure and
equipment for experimental sea- and land-based sustainable aquaculture sites located
around the State.

Total $15,000,000

Provides funds, to be matched by $16,000,000 in other funds, to establish at the
Jackson Laboratory in Bar Harbor a center for biometric analysis using state-of-the-art
technologies to expand the State's research capabilities in the area of medical
analytics, make the State a global resource for precision medicine, improve the State's
capacity to attract and retain young professionals and facilitate additional grant
funding, private sector investment, job growth and economic activity in the State.

Total $15,000,000

Sec. A-6. Contingent upon ratification of bond issue. Sections 1 to 5 do not
become effective unless the people of the State ratify the issuance of the bonds as set
forth in this Part.

Sec. A-7. Appropriation balances at year-end. At the end of each fiscal year,
all unencumbered appropriation balances representing state money carry forward. Bond
proceeds that have not been expended within 10 years after the date of the sale of the
bonds lapse to the Office of the Treasurer of State to be used for the retirement of general
obligation bonds.

Sec. A-8. Bonds authorized but not issued. Any bonds authorized but not
issued within 5 years of ratification of this Part are deauthorized and may not be issued,
except that the Legislature may, within 2 years after the expiration of that 5-year period,
extend the period for issuing any remaining unissued bonds for an additional amount of
time not to exceed 5 years.

Sec. A-9. Referendum for ratification; submission at election; form of
question; effective date. This Part must be submitted to the legal voters of the State at
a statewide election held in the month of November following passage of this Act. The
municipal officers of this State shall notify the inhabitants of their respective cities, towns
and plantations to meet, in the manner prescribed by law for holding a statewide election,
to vote on the acceptance or rejection of this Part by voting on the following question:

"Do you favor a $30,000,000 bond issue to:

1. Provide $15,000,000 in funds to establish a state center for marine
economy coordinated and managed by the University of New England in
partnership with public sector and private sector marine research centers
and marine industries throughout the State, including but not limited to
the Southern Maine Community College; the University of Maine at Machias, Downeast Institute of Applied Marine Research and Education; and the Cobscook Community Learning Center, to facilitate the growth of business and commercial enterprises that create jobs in the State's marine economy and related industries and interests through capital investments in a shared marine research and resource vessel; infrastructure and equipment to support the vessel and its statewide operations; expanded facilities statewide to support collaboration and commercialization; and infrastructure and equipment for experimental sea- and land-based sustainable aquaculture sites located around the State, to be matched by $15,000,000 in private and public contributions; and

2. Provide funds to establish at the Jackson Laboratory in Bar Harbor a center for biometric analysis using state-of-the-art technologies to expand the State's research capabilities in the area of medical analytics, make the State a global resource for precision medicine, improve the State's capacity to attract and retain young professionals and facilitate additional grant funding, private sector investment, job growth and economic activity in the State, to be matched by $16,000,000 in private and public contributions?"

The legal voters of each city, town and plantation shall vote by ballot on this question and designate their choice by a cross or check mark placed within a corresponding square below the word "Yes" or "No." The ballots must be received, sorted, counted and declared in open ward, town and plantation meetings and returns made to the Secretary of State in the same manner as votes for members of the Legislature. The Governor shall review the returns. If a majority of the legal votes are cast in favor of this Part, the Governor shall proclaim the result without delay and this Part becomes effective 30 days after the date of the proclamation.

The Secretary of State shall prepare and furnish to each city, town and plantation all ballots, returns and copies of this Part necessary to carry out the purposes of this referendum.

PART B

Sec. B-1. Establishment of center for marine economy. The Department of Economic and Community Development shall oversee the disbursement of bond proceeds and matching funds authorized pursuant to Part A in accordance with this section.

The department shall support the establishment of the Maine Center for the Marine Economy, referred to in this Part as "the center," to be coordinated and managed by the University of New England in partnership with public sector and private sector marine research centers and marine industries throughout the State, including but not limited to the Southern Maine Community College; the University of Maine at Machias, Downeast Institute of Applied Marine Research and Education; and the Cobscook Community Learning Center, to:
1. Support business and commercial enterprises creating jobs in the State's marine economy;

2. Support the expansion of the seafood economy by testing and integrating new methods of managing and marketing fisheries and seafood industries with sustainable aquaculture; and

3. Facilitate the growth of business and commercial enterprises that create jobs in the State's marine economy and related industries and interests through capital investments in a shared marine research and resource vessel, infrastructure and equipment to support the vessel and its statewide operations, expanded facilities statewide to support collaboration and commercialization and infrastructure and equipment for experimental sea- and land-based sustainable aquaculture sites located around the State.

Sec. B-2. Contingent effective date. This Part takes effect only if the General Fund bond issue proposed in Part A is approved by the voters of the State.

SUMMARY

This bill authorizes the issuance of bonds in the amount of $30,000,000, to be matched by $31,000,000 in other funds, to:

1. Establish a Maine center for marine economy coordinated and managed by the University of New England in partnership with public sector and private sector marine research centers and marine industries throughout the State, including but not limited to the Southern Maine Community College; the University of Maine at Machias, Downeast Institute of Applied Marine Research and Education; and the Cobscook Community Learning Center, to facilitate the growth of business and commercial enterprises that create jobs in Maine’s marine economy and related industries and interests through capital investments in a shared marine research and resource vessel; infrastructure and equipment to support the vessel and its statewide operations; expanded facilities statewide to support collaboration and commercialization; and infrastructure and equipment for experimental sea- and land-based sustainable aquaculture sites located around the State; and

2. Establish at the Jackson Laboratory in Bar Harbor a center for biometric analysis using state-of-the-art technologies to expand the State's research capabilities in the area of medical analytics, make the State a global resource for precision medicine, improve the State's capacity to attract and retain young professionals and facilitate additional grant funding, private sector investment, job growth and economic activity in the State.
