**Resolve, To Direct the Permanent Commission on the Status of Racial, Indigenous and Maine Tribal Populations To Study and Propose Solutions to Disparities in Access to Prenatal Care in the State**

(EMERGENCY)

---

Received by the Secretary of the Senate on March 18, 2021. Referred to the Committee on Health and Human Services pursuant to Joint Rule 308.2 and ordered printed.

Presented by Senator CARNEY of Cumberland.
Cosponsored by Representative TALBOT ROSS of Portland and Senators: BREEN of Cumberland, MOORE of Washington.
Emergency preamble. Whereas, acts and resolves of the Legislature do not become effective until 90 days after adjournment unless enacted as emergencies; and

Whereas, the study required by this resolve must be initiated before the 90-day period expires so that the Permanent Commission on the Status of Racial, Indigenous and Maine Tribal Populations can submit legislation to create equity in access to prenatal care in the State to the Second Regular Session of the 130th Legislature; and

Whereas, the State has significant disparities in access to prenatal care: for example, 90% of all women have a prenatal visit in the first trimester, while less than 75% of African-American women have a visit in the first trimester; and 4% of all women have no visit until the last trimester as compared to 15% of African-American women; and

Whereas, delayed access to prenatal care increases the risk of maternal morbidity and mortality and poor birth outcomes; and

Whereas, in the judgment of the Legislature, these facts create an emergency within the meaning of the Constitution of Maine and require the following legislation as immediately necessary for the preservation of the public peace, health and safety; now, therefore, be it

Sec. 1. Permanent Commission on the Status of Racial, Indigenous and Maine Tribal Populations to study and propose solutions to disparities in access to prenatal care in the State. Resolved: That the Permanent Commission on the Status of Racial, Indigenous and Maine Tribal Populations, established under the Maine Revised Statutes, Title 5, section 12004-I, subsection 74-J and referred to in this resolve as "the commission," shall study the extent of disparities in access to prenatal care for the State's racial, indigenous and tribal populations through data and other information; study the causes of the disparities in access to prenatal care, including through interviews with those women who had no prenatal visit until the last trimester or had no prenatal care at all; and recommend solutions to disparities in access to prenatal care in the State. The commission may submit legislation that serves to create equity in access to prenatal care in the State to the Second Regular Session of the 130th Legislature in accordance with Title 5, section 25007, subsection 2, paragraph D. Notwithstanding Title 5, section 12004-I, subsection 74-J, for their expenses incurred in the work of the commission pursuant to this section, members of the commission receive reimbursement pursuant to Title 5, section 12002-A.

Emergency clause. In view of the emergency cited in the preamble, this legislation takes effect when approved.

SUMMARY

This resolve directs the Permanent Commission on the Status of Racial, Indigenous and Maine Tribal Populations to study disparities in access to prenatal care in the State. It authorizes the commission to submit legislation that serves to create equity in access to prenatal care in the State to the Second Regular Session of the 130th Legislature and allows the members of the commission to be reimbursed for their expenses incurred in this work.
