8 amended to read:

9 **2. Rulemaking.** The department, after consultation with the Department of Health
10 and Human Services, may adopt rules as necessary to administer and enforce this chapter
11 or amend rules previously adopted pursuant to this chapter. Rules adopted pursuant to this
12 subsection are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A,
13 except that, beginning July 1, 2021, rules adopted pursuant to this subsection are major
14 substantive rules as defined in Title 5, chapter 375, subchapter 2-A. Before adopting rules
15 pursuant to this subsection, the department shall consult with caregivers, registered
16 caregivers, patients and medical providers with significant knowledge and experience
17 certifying patients under this chapter. The department shall develop a process to use when
18 hiring consultants to advise on rule changes related to this chapter and shall report any
19 subsequent changes to that process to the joint standing committee of the Legislature
20 having jurisdiction over medical use of marijuana matters.

21 **Sec. 2. 22 MRSA §2423-A, sub-§10, ¶D**, as repealed and replaced by PL 2019, c.
22 331, §13 and c. 354, §3, is repealed and the following enacted in its place:

23 D. The department shall adopt routine technical rules as defined in Title 5, chapter
24 375, subchapter 2-A, except that, beginning July 1, 2021, rules adopted pursuant to this
25 paragraph are major substantive rules as defined in Title 5, chapter 375, subchapter
26 2-A, governing marijuana testing facilities, including but not limited to:

27 (1) Marijuana testing facility officer or director qualification requirements;

28 (2) Required security for marijuana testing facilities; and

29 (3) Requirements for the registration, certification or other approval of marijuana
30 testing facilities.

31 The failure of the department to adopt rules under this paragraph does not prevent a
32 marijuana testing facility from engaging in activities in compliance with this chapter.

33 **Sec. 3. 22 MRSA §2423-A, sub-§10, ¶D-1**, as enacted by PL 2019, c. 354, §4, is

37 pursuant to section 569 as meeting all operational and technical requirements in
38 accordance with rules adopted by the department after consultation with the Maine
39 Center for Disease Control and Prevention. Rules adopted pursuant to this paragraph
40 are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A, except
41 that, beginning July 1, 2021, rules adopted pursuant to this paragraph are major
42 substantive rules as defined in Title 5, chapter 375, subchapter 2-A. A marijuana
43 testing facility operating in compliance with this chapter on the date of the adoption of

1 rules pursuant to this paragraph and paragraph D may continue to operate pending
2 completion of certification under this paragraph. The failure of the department to adopt
3 rules under this paragraph does not prevent a marijuana testing facility from engaging
4 in activities in compliance with this chapter.

14 Title 5, chapter 375, subchapter 2-A, except that, beginning July 1, 2021, rules adopted
15 pursuant to this subsection are major substantive rules as defined in Title 5, chapter 375,
