2. Development of policy. The policy must be developed in coordination with the institution's Title IX coordinator and a local rape crisis center or domestic violence support center. An institution may consider input from various internal and external entities including, but not limited to, administrators, personnel affiliated with on-campus and off-campus health care centers, confidential resource advisors, residence life staff, students, local law enforcement agencies and the district attorney having jurisdiction in the municipality where the institution of higher education's primary campus is located. The policy must be culturally competent and reflect the diverse needs of all students.

3. Content of policy. The policy must include, but is not limited to:

   A. Procedures by which students and employees at the institution may report or disclose alleged incidents of sexual misconduct regardless of where the alleged incident occurred;
   B. Information on where a reporting party may receive immediate emergency assistance following an alleged incident of sexual misconduct including, but not limited to:

E. The process for requesting supportive measures reasonably available from the institution including, but not limited to, options for changing academic, living, campus transportation or working arrangements or taking a leave of absence in response to an alleged incident of sexual misconduct, how to request those changes and the process to have any such measures reviewed;

F. The contact information for the closest local, state and federal law enforcement agencies with jurisdiction over matters involving sexual misconduct, procedures for students to notify the institution that a protection order has been issued under state or federal law and the institution's responsibilities upon receipt of such notice;

(4) The reporting party and the responding party may consult with and be
accompanied by an advisor or support person of that party's choice, which may
include an advocate or counsel, during any meetings and disciplinary proceedings
including during any meeting with the individual conducting the investigation
pursuant to subparagraph (3) or fact finding for the institution. The policy may
include guidelines regarding the extent to which the advisor or support person for
each party may participate in a meeting or disciplinary proceeding as long as any
limitations on participation apply equally to both parties. The policy must include
reasonable measures to provide for the involvement of the advisor or support
person for each party as long as providing for the involvement of the advisor or
support person does not significantly delay a meeting or disciplinary proceeding;

policy regarding the submission and consideration of evidence that may be used
during a disciplinary proceeding and have equal opportunity to present evidence
and witnesses on the party's behalf during a disciplinary proceeding. Each party

be informed of the process, if any, for appealing the decision;

unavailable relevant evidence that could significantly impact the outcome of a
disciplinary proceeding or the sanction's or penalty's being disproportionate to the
offense, the reporting party and the responding party be provided with an equal
opportunity to make the appeal;

prohibiting sexual misconduct.
