## Testimony of Kirsten LC Figueroa, Commissioner Department of Administrative and Financial Services

# Before the Joint Standing Committee on Appropriations and Financial Affairs

## "An Act To Establish A Local Fiscal Recovery Funds Program and Allocation"

### **April 20, 2021**

Good morning Senator Breen, Representative Pierce, and members of the Joint Standing Committee on Appropriations and Financial Affairs. My name is Kirsten Figueroa, and I am the Commissioner of the Department of Administrative and Financial Services. I am here today to testify in support of LD 1507, An Act To Establish A Local Fiscal Recovery Funds Program and Allocation.

The American Rescue Plan of 2021 (PL 117-2, Section 9901, Sec. 603) includes \$130 billion nationwide for local governments available through the Local Fiscal Recovery Fund. The Local Fiscal Recovery Fund includes funding for three categories: metropolitan, counties, and other municipalities referred to as non-entitlement. The total amount estimated for Maine is \$493,973,030: \$118 million to metropolitan; \$260.7 million to counties; and, \$115.2 million to non-entitlement. Funds will flow either direct from the federal government to the entity (metropolitan and county) or from the federal government to the state to the entity (non-entitlement).

This Act creates a new program and establishes allocation authorizing the distribution of any Local Fiscal Recovery Funds included in the American Rescue Plan of 2021 that will transfer from the state to the entity.

According to the federal law, initial payments of 50% for each of the three categories of local funding are to be made by the federal government within 60 days of enactment of the American Rescue Plan 2021. Based on this statement, we expect the first payment to be received by May 10, 2021.

Within 30 days of receiving funds (estimated to be June 9, 2021), a state must distribute the initial 50% payment to non-entitlement units of local government based on relative shares of the state's non-entitlement population.

Extensions are available. The remaining 50% may be paid no sooner than 12 months after the first payment.

For the non-entitlement payments, it is not merely a passthrough of funds. According to Section 603(b)(C)(iii), total assistance to a non-entitlement unit of local government may not exceed 75% of the most recent budget for that government as of January 27, 2020. Any undistributed funds stemming from this provision must be returned to the federal government.

Based on the few specifics in the federal law, DAFS is establishing a process whereby:

- Non-entitlement entities will attest and certify their budget as of January 27, 2020;
- DAFS determines allowable amount of funding: not more than 75% of budget as of January 27, 2020;
- DAFS processes payment equal to 50% of allowable amount as outlined above;
- DAFS queues remaining 50% payment, which may be paid no sooner than 12 months after the first payment.
- DAFS returns any undistributed funds the difference between the estimated allocation and the allowable amount of 75% of budget as of January 27, 2020 to the federal government;
- DAFS completes any auditing, reporting, and reconciliation as required. Guidance on these components has not yet been finalized and is expected to come from U.S. Treasury before the May 2021 distribution date.

Given what we currently know, the following is an example of "Town A".

- Their allocation per federal estimate is \$1,000,000
- The town attests and certifies their budget as of January 27, 2020 to be \$800,000
- This means the allowable amount of Local Fiscal Recovery Funds is 75% of the \$800,000, or \$600,000
- DAFS to process first payment of \$300,000 by June 9, 2021
- DAFS to queue second payment of \$300,000 for no sooner than June 9, 2022
- DAFS to return difference between estimated and allowable (in this example \$400,000) to federal government
- Town A will provide whatever is needed for DAFS to comply with audit, reporting, and reconciliation requirements prescribed by U.S. Treasury.

If state payments are not made within 120 days (or later if so authorized by an extension), any undistributed funds become state debt owed to the federal government, paid from the state allocation.

Given the information and timing currently available, it appears likely that we will make payments to local governments in multiple fiscal years. This Act identifies a \$500 allocation in fiscal years 2021, 2022, and 2023. As previously noted, while it is expected that metropolitan and county funds will be provided directly to those entities by the federal government, it is possible these funds could be provided to the state for distribution. In order to account for this, we request that the allocation amounts be updated to \$246,986,515 in both fiscal years 2021 and 2022. This represents the total estimated federal amount for the three categories. The \$500 allocation in fiscal year 2023 is in case second payments roll into that fiscal year; this amount can be adjusted by financial order as necessary.

The U.S. Treasury has not yet provided formal guidance regarding the use and reporting of these Local Fiscal Recovery Funds, but we know the following from the law:

Permissible uses for costs incurred through December 31, 2024:

- Respond to the COVID-19 public health emergency and cover costs related to it, including assistance to households, small businesses, non-profits, and affected industries such as tourism, travel, and hospitality
- Provide premium pay (up to \$13 per hour in addition to base pay, up to a \$25,000 cap) to state, territory, or tribal government workers who perform essential work during the public health emergency, or provide grants to employers with employees who perform essential work (defined as work needed to maintain continuity of operations of critical infrastructure and other sectors designated by the governor as critical to protect the health and well-being of residents)
- Provide government services to the extent of lost revenue from the public health emergency, relative to revenues in the fiscal year prior to the pandemic
- Make investments in water, sewer, or broadband infrastructure.

## Funds may not be used to:

- Reduce taxes directly or indirectly between March 3, 2021, and the last day of the fiscal year in which all funds received have been spent or returned
- Make payments to pension funds.

The legislation requires grantees to submit periodic reports on the use of funds, including any tax modifications. States and territories are required to repay any funds whose use does not comply with the uses and restrictions specified above.

Failure to create this program and allocation before June 9, 2021 will impede Maine's ability to timely distribute the Local Fiscal Recovery Funds as established in the American Rescue Plan Act 2021.

This concludes my testimony. Thank you. I'm happy to address any questions you may have.

The American Rescue Plan of 2021 (PL 117-2, Section 9901, Sec. 603) includes \$130 billion for local governments available through the Local Fiscal Recovery Fund. The Local Fiscal Recovery Funds include funding for three categories: metropolitan, counties, non-entitlement (other municipalities).

Assistance to a non-entitlement unit of local government may not exceed 75% of the most recent budget for that government as of January 27, 2020. (Section 603(b)(C)(iii)) Any undistributed funds stemming from this provision must be returned to the federal government.

The amounts identified here are estimates of allowable maximum allocations.

#### State and Local Allocation Estimates, 03.08.21

(all totals in thousands)

			Other Non-			States (Capital		
<u>State</u>	State Govts	Metro Cities	Counties	<u>Counties</u>	Local Total	Projects)	<u>Total</u>	
Maine	1,028,700,488	118,037,708	115,233,695	260,701,627	493,973,030	129,058,668	1,651,732,186	

#### Metro City Allocation Projections, 03.08.21

**Note:** Estimates use FY2020 HUD data to identify populations eligible for assistance, and may not include localities that relinquished their CDBG allocation in that year. Funding to localities on this list would be reduced to the extent that such cities apply for and receive funding as a metro city under this proposal.

State	Name	Allocation
Maine	Auburn	14,195,078
Maine	Bangor	21,139,547
Maine	Biddeford	11,696,910
Maine	Lewiston	22,819,259
Maine	Portland	48,186,915

Metro Cities Estimate

118,037,709

#### County Allocation Projections, 03.08.21

**Note:** CDBG urban county adjustments use FY2020 HUD data to identify populations eligible for assistance, and may not include localities that relinquished their CDBG allocation in that year. County funding would be slightly altered to the extent that such cities apply for and receive funding as a metro city under this proposal.

	Name	State	<u>Allocation</u>
Androscoggin County		Maine	20,999,657
Aroostook County		Maine	13,004,904
Cumberland County		Maine	57,214,015
Franklin County		Maine	5,856,910
Hancock County		Maine	10,664,390
Kennebec County		Maine	23,719,720
Knox County		Maine	7,713,534
Lincoln County		Maine	6,717,051
Oxford County		Maine	11,243,894
Penobscot County		Maine	29,508,168
Piscataquis County		Maine	3,255,347
Sagadahoc County		Maine	6,954,050
Somerset County		Maine	9,791,061
Waldo County		Maine	7,702,480
Washington County		Maine	6,085,764
York County		Maine	40,270,693
Counties Estimate			260,701,640

Note: Estimates use 2019 Census data to identify populations eligible for assistance, and do not include villages or other sublocal entities that may also qualify for funding. Projected amounts may be distributed to more nonentitlement governments than are listed in the breakdown to the extent that eligible nonentitlement governments have overlapping populations (for example, residents of a village government and town government in New York). What this means is that village AND town governments will be receiving a direct allocation of federal assistance, as intended by the legislation, but village amounts are not included because of the complications of calculating those amounts until a process is put in place to divvy up funds between overlapping governments. Identification of eligible governments and distribution of assistance across units with overlapping populations may reflect decisions made by the Department of Treasury and state governments.
