

§363. Allocation of the state ceiling**1. Formula and procedure.**

[PL 1987, c. 413, §4 (RP).]

1-A. Procedure. For each calendar year, the Legislature may establish a procedure for allocation of the entire amount of the state ceiling by allocating an amount of the state ceiling to the specific issuers designated in this section for further allocation by each specific issuer to itself or to other issuers for specific bond issues requiring an allocation of the state ceiling or for carryforward. This procedure supersedes the federal formula to the full extent that the United States Code, Title 26, authorizes the Legislature to vary the federal formula. Allocations may be reviewed by the Legislature periodically and unused allocations may be reallocated to other issuers; however, notwithstanding the existence of legislation allocating or reallocating all or any portion of the state ceiling, at any time during the period from September 1st to and including December 31st of any calendar year, and at any other time that the Legislature is not in session, a group consisting of a representative of each of the issuers specifically identified in subsections 4, 5, 6, 7, 8 and 8-A; and a representative of the Governor designated each year by the Governor may, by written agreement executed by no fewer than 5 of the 6 voting representatives, allocate amounts not previously allocated and reallocate unused allocations from one of the specific issuers designated in this section to another specific issuer for further allocation or carryforward, with respect to the state ceiling for that calendar year only. In no event may any issuer have more than one vote. If an issuer is allocated a portion of the state ceiling in more than one category, the written agreement must be executed by no fewer than 4 of the 6 voting representatives. Except for records containing specific and identifiable personal information acquired from applicants for or recipients of financial assistance, the records of the group of representatives described in this subsection are public records and the meetings of the group of representatives described in this subsection are public proceedings within the meaning of Title 1, chapter 13, subchapter 1.

2. Allocations by the Governor and the Legislature.

[PL 1987, c. 413, §4 (RP).]

2-A. Recommendation of Governor and issuers. At any time action of the Legislature under subsection 1-A is necessary or desirable, the Governor shall recommend to the appropriate committee of the Legislature a proposed allocation or reallocation of all or part of the state ceiling. To assist the Governor in making a recommendation of proposed allocations of the state ceiling on private activity bonds, the group of 7 representatives described in subsection 1-A shall make a recommendation regarding allocation or reallocation of the state ceiling. In order to assist the group in making its recommendation and to assist the Governor and the Legislature, the Department of Administrative and Financial Services shall prepare an annual analysis of the State's economic outlook, prevailing interest rate forecasts related to tax-exempt financing by the issuers specifically identified in subsections 4 to 8, the availability to those issuers of alternative financing from sources that do not require an allocation of the state ceiling and the relationship of these factors and various public policy considerations to the allocation or reallocation of the state ceiling. In recommending any allocation or reallocation of the state ceiling to the Legislature, the Governor shall consider the requests and recommendations of those issuers of bonds within the State designated in this section, the recommendations of the group of representatives described in subsection 1-A and the annual analysis of the Department of Administrative and Financial Services.
