B. The state supervisor of the forest protection unit of the Bureau of Forestry, as Chief Forest Ranger, must be appointed from among the forest rangers of the department and must be qualified by training and experience in wildfire protection and law enforcement. In the event that the Chief Forest Ranger is not reappointed, the Chief Forest Ranger has the right to be restored to the position from which the Chief Forest Ranger was promoted or to a position equivalent in salary grade, without impairment of personnel status or the loss of seniority, retirement or other rights to which uninterrupted service in the previous position would have entitled the former Chief Forest Ranger. If service as Chief Forest Ranger is terminated for cause, the right to be restored to that previous or an equivalent position must be determined by the State Civil Service Appeals Board. [PL 2021, c. 34, §1 (NEW).]

[PL 2021, c. 34, §1 (AMD).]

2. Powers and duties. Forest rangers and the state supervisor shall:

A. Subject to supervision of the director, supervise the state wildfire control program, including personnel and facilities of all types; [PL 2013, c. 130, §1 (AMD).]

G. Carry out such other duties as the director prescribes; and [PL 1989, c. 174, §1 (AMD).]

H. Have rights of access to all lands within the State to carry out the duties they are authorized by law to administer and enforce. Entry into private property under this paragraph is not a trespass. This paragraph does not authorize entry into any building or structure. [PL 1989, c. 174, §2 (NEW).]

Forest rangers and the state supervisor may also exercise the powers in this subsection when appropriate for agricultural and park fires.

[PL 2013, c. 130, §1 (AMD); PL 2013, c. 405, Pt. A, §24 (REV).]

3. Law enforcement powers. In addition to any law enforcement powers expressly provided to forest rangers by another law:

The Director of the Bureau of Forestry, at the director's discretion, may authorize forest rangers and the state supervisor while on duty to arrest without a warrant a person who has committed or is committing in the ranger's or supervisor's presence any crime involving the use or threatened use of physical force against a person.

For the purposes of this paragraph, criminal conduct has been committed or is being committed in the presence of a law enforcement officer when one or more of the officer's senses afford that officer personal knowledge of facts that are sufficient to warrant a prudent and cautious law enforcement officer's belief that a crime involving the use or threatened use of physical force against a person is being or has just been committed and that the person arrested has committed or is committing that crime. An arrest made pursuant to this paragraph must be made at the time of the commission of the criminal conduct, or some part thereof, or within a reasonable time thereafter or upon fresh pursuit; and [PL 1999, c. 352, §1 (NEW); PL 2011, c. 657, Pt. The municipal fire chief shall be appointed as forest fire warden if practicable and no other person may be appointed without the approval of the municipal officers. All appointed forest fire wardens shall serve at the pleasure of the director and shall be sworn to the faithful discharge of these duties and a certificate thereof shall be returned to the bureau. This fee in no way limits payment to the warden from his town. His services for work on actual forest fires, as well as that of deputy forest fire wardens, shall be paid by the town and at a rate determined by the town. [PL 1979, c. 545, §3 (NEW).]

2. Equipment. The director may establish lookout stations connected by telephone and radio, and construct, equip and maintain office-storehouse headquarters for necessary supplies, tools and equipment and provide for any other facilities essential for forest fire control. All fire lookout towers must be staffed during periods of fire danger. The director shall notify the joint standing committees of the Legislature having jurisdiction over energy and natural resources and appropriations and financial affairs in writing prior to implementing any major policy changes in the operation and staffing of the fire lookout tower system. Within the unorganized territory, the director may, in addition to this subsection, construct and maintain roads and trails. In the event the director determines that any currently active fire tower should not be reopened for the subsequent fire season, the director shall provide notice to the Legislature of intended action by January 15th. This notice must include the location of the fire towers affected and the justifications for the closures. Notice of closures must be reviewed by the joint standing committee of the Legislature having jurisdiction over natural resources. Unless the Legislature determines otherwise, the director may close towers so indicated. If any fire

tower is not reopened, the department shall work closely with the municipality in which the fire tower is located to minimize the impact that action will have on the municipality's responsibility to control forest fires.

Any person who fails to appear in court after having been served with a summons commits a Class E crime. Upon that person's failure to appear, the court may issue a warrant of arrest. DISPOSAL OF SLASH

§9331. Slash defined

For the purposes of this Part "slash" is defined as branches, bark, tops, chunks, cull logs, uprooted stumps and broken or uprooted trees and shrubs left on the ground as a result of logging, right-of-way construction or maintenance and land clearance. [PL 1979, c. 545, §3 (NEW).]

SECTION HISTORY

PL 1979, c. 545, §3 (NEW).

§9332. Disposal along highways

A stumpage owner, operator, landowner or agent who cuts or causes or permits to be cut any forest growth on lands that are within or border the right-of-way of a public highway within the State shall dispose of the slash that is within the right-of-way or within 50 feet of the nearer side of the shoulder of the right-of-way as provided in this section. [PL 1999, c. 332, §1 (RPR).]

1. Slash may not remain. Except as provided in this section, slash may not remain on the ground within the right-of-way or within 50 feet of the nearer side of the shoulder of the right-of-way.

[PL 1999, c. 332, §1 (NEW).]

2. Slash with diameter of 3 inches or less. Slash with a diameter of 3 inches or less must be hauled away, burned or chipped.

[PL 1999, c. 332, §1 (NEW).]

3. Slash more than 3 inches in diameter. Slash that is more than 3 inches in diameter must be removed or limbed and placed on the ground surface so that the pieces are separated and not piled one piece over another. Usable timber products generated from right-of-way maintenance may be piled within the right-of-way but must be removed within 30 days.

§9333. Disposal along railroads and utility lines

1. Stumpage owner. A stumpage owner, operator, landowner or agent who cuts or causes or permits to be cut any forest growth on lands that are within or border the right-of-way of a railroad, a pipeline or an electric power, telegraph, telephone or cable line may not place slash or allow it to remain on the ground within the right-of-way or within 25 feet of the nearer side of the right-of-way.

[PL 1999, c. 332, §1 (NEW).]

2. Construction. Slash accumulated by the construction and maintenance of a railroad, a highway, a pipeline or an electric power, telegraph, telephone or cable line may not be left on the ground but must be hauled away, burned or chipped. Slash may not be left or placed within the right-of-way or within 25 feet of the nearer side of the right-of-way. If a burning permit is denied or revoked under this chapter, the director may allow logs that are too large to be chipped to remain in the right-of-way until the director determines that their removal is economically feasible.

[PL 1999, c. 332, §1 (NEW).]

3. Utility line maintenance. Slash accumulated by the periodic maintenance of a pipeline or an electric power, telegraph, telephone or cable line may be disposed of in the following manner.

A. Slash with a diameter of 3 inches or less may be left in piles on the ground within the maintained portion of the right-of-way. A pile may not be higher than 18 inches from the ground or longer than 50 feet and must be separated from other piles by a minimum of 25 feet in every direction. A buffer strip with a minimum width of 10% of the total width of the maintained right-of-way must be kept totally free of slash with a diameter of 3 inches or less. [PL 1999, c. 332, §1 (NEW).]

B. Slash with a diameter of more than 3 inches must be removed, chipped or limbed and placed on the ground surface. The pieces must be separated and may not be piled one piece over another. Slash of this size may be left within the maintained buffer strips. [PL 1999, c. 332, §1 (NEW).]

C. If a utility line right-of-way is adjacent to a road, slash that is 3 inches or less in diameter must be removed, burned or chipped. Slash with a diameter of more than 3 inches may be left on the ground within the right-of-way and must be limbed and separated and may not be piled one piece over another. Usable timber products generated from the maintenance of a utility right-of-way may be piled within the right-of-way but must be removed within 30 days. [PL 1999, c. 332, §1 (NEW).]

§9405-A. Railroad right-of-way; director may order flammable materials removed

A person, firm or corporation operating a railroad on or through forest, brush, grass-covered land or areas of high-value property shall maintain its right-of-way according to the minimum standards established in this section by destroying, removing, or modifying so as not to be flammable any vegetation or other flammable material as defined in this section. The director or an authorized agent is the final authority as to whether material is considered a flammable material and whether a condition is considered a fire hazard. [PL 1993, c. 271, §2 (NEW); PL 1993, c. 271, §4 (AFF).]

1. Definitions. As used in this section, unless the context otherwise indicates, the following terms have the following meanings.

A. "Authorized agent" means any forest ranger of the State. [PL 1993, c. 271, §2 (NEW); PL 1993, c. 271, §4 (AFF).]

B. "Authorized railroad representative" means a person designated by a railroad to accept a legal summons and other documents. [PL 1993, c. 271, §2 (NEW); PL 1993, c. 271, §4 (AFF).]

C. "Distance" means horizontal distance and not slope distance. [PL 1993, c. 271, §2 (NEW); PL 1993, c. 271, §4 (AFF).]

D. "Fire hazard" means a condition resulting from a combination of the factors of ease of ignition, heat yield, and rate of fire spread as influenced by particular vegetation and other flammable materials, weather and slope. [PL 1993, c. 271, §2 (NEW); PL 1993, c. 271, §4 (AFF).]

E. "Fire-start area" means an area that has experienced one or more railroad-caused fires in the previous 5 calendar years. [PL 1993, c. 271, §2 (NEW); PL 1993, c. 271, §4 (AFF).]

F. "Flammable material" includes, but is not limited to, grass, weeds, brush, logs, waste railroad ties, refuse material, debris, dead and desiccated vegetation, and all materials that burn easily. "Flammable material" does not include:

- (1) Wooden poles or towers and cross arms supporting switching circuits or other electrical power or communication conductors;
- (2) Wooden components of trestles, tunnels and other structures; or
- (3) Material that an authorized agent has evaluated and determines not flammable. [PL 1993, c. 271, §2 (NEW); PL 1993, c. 271, §4 (AFF).]

G. "Forest, brush and grass-covered land" means land covered wholly or in part by timber, trees, brush, shrubs, grass, including grain and hay, and other natural vegetation. Cultivated agricultural land planted to crops other than grain or hay is not included. [RR 1993, c. 1, §37 (COR).]

H. "Operator" means the person or entity responsible for maintenance of the railroad right-of-way. [PL 1993, c. 271, §2 (NEW); PL 1993, c. 271, §4 (AFF).]

I. "Railroad-caused fire" means a preventable fire resulting from operations upon a railroad right-of-way. It does not mean unpreventable fires such as those caused by wrecks, bombs or natural causes such as lightning or controlled burning for the purpose of destroying flammable materials. [RR 1993, c. 1, §37 (COR).]

J. "Right-of-way" means the strip of land, outside of yard limits, owned or controlled by the person or entity operating a railroad for a distance not exceeding 100 feet or to the property boundary measured at right angles to the axis of the rail at any given location. The distance must be measured from the outermost rail on both sides of the mainline or mainlines, on sidings, and also includes intervening strips between sidings and mainlines. [PL 1993, c. 271, §2 (NEW); PL 1993, c. 271, §4 (AFF).]

K. "Towpath" means a narrow strip of right-of-way adjacent to each side of ballast that is commonly referred to as the walkway and is normally kept clear for personnel safety and is not less than 6 feet from outside rail to outer edge. [PL 1993, c. 271, §2 (NEW); PL 1993, c. 271, §4 (AFF).]

[RR 1993, c. 1, §37 (COR).]

2. Minimum standards. A railroad right-of-way must be maintained and kept in compliance with the following minimum fire hazard reduction standards.

A. The area within 7 feet of outside of rail, including ballast and towpath, must be kept clear of flammable material that by its physical arrangement or its accumulation is likely to contribute to the propagation of railroad-caused fires. [PL 1993, c. 271, §2 (NEW); PL 1993, c. 271, §4 (AFF).]

B. For a fire-start area, the area within 25 feet of outside of rail, including ballast and towpath, must be kept clear of flammable material that by its physical arrangement or its accumulation is likely to contribute to the propagation of railroad-caused fires. A linear distance of 1/4 mile on either side of an identified fire-start area must be maintained along both sides of the railroad track as specified in this paragraph. [PL 1993, c. 271, §2 (NEW); PL 1993, c. 271, §4 (AFF).]

C. Where a right-of-way passes through an area of high-value property and the right-of-way contains sufficient flammable material so that a fire starting on the right-of-way could travel to and threaten the high-value property, the minimum 7-foot standard is extended to 25 feet. [PL 1993, c. 271, §2 (NEW); PL 1993, c. 271, §4 (AFF).]

[PL 1993, c. 271, §2 (NEW); PL 1993, c. 271, §4 (AFF).]

3. Communications. The bureau shall inform annually a railroad company operating within the State of the 5-year fire-start areas and the areas that are high-value property along its right-of-way. In addition, the bureau shall notify a railroad company of new forest fire occurrences and changes in high-value property as they are observed.

A railroad company shall notify the bureau of the name and mailing address of its authorized railroad representative on the effective date of this section and thereafter whenever the name or mailing address changes.

[RR 1993, c. 1, §38 (COR); PL 2011, c. 657, Pt. W, §7 (REV); PL 2013, c. 405, Pt. A, §23 (REV).]

4. Failure to maintain. Failure to maintain a railroad right-of-way as provided in this section constitutes a violation. For the purposes of this section, every day from January 1st of the calendar year in which the violation occurred and continuing until full compliance is achieved is a separate offense.

[PL 1993, c. 271, §2 (NEW); PL 1993, c. 271, §4 (AFF).]

5. Legal service. Legal service of a summons under this section occurs when a legal summons is delivered in person or by certified mail, return receipt requested, to the railroad company's authorized representative.

[PL 1993, c. 271, §2 (NEW); PL 1993, c. 271, §4 (AFF).]

§9406. Devices to prevent fires

Every railroad operating locomotives powered by diesel or other type fuel shall equip the same with devices designed to prevent the escape of live coals, sparks or carbon deposits which may cause fires. Employees shall exercise due care to keep such devices in effective operating condition. Every such railroad shall make and enforce regulations concerning the use of open-flame type signals or flares in such manner as to prevent the spread of fire upon the right-of-way or to adjacent land. No person shall throw or drop burning matches, burning cigars, burning cigarettes or parts thereof from any railroad equipment. [PL 1979, c. 545, §3 (NEW).]
