§8. Restructuring public schools
The commissioner shall encourage school administrative units to pursue an ongoing process of school restructuring as a means of more effectively meeting the learning needs and improving the academic performance of all students. The public and private postsecondary institutions of higher education in the State are urged to cooperate with the department, the state board and school administrative units to provide appropriate and timely professional development programs and other support services to educators employed in public schools engaged in school restructuring efforts. [PL 1991, c. 407, §1 (NEW)].

1. School restructuring. For the purposes of this section, the term "school restructuring" means the process by which schools and communities make significant changes in the existing school structure, including the policies, roles, relationships and schedules that influence teaching and learning in the school. School restructuring recognizes the critical educational role of technology and integrates technology and technological systems in the classroom, in school governance and in school record keeping. School restructuring is based on:

A. The development of comprehensive educational goals establishing community expectations for what all students should know, the skills they should possess, the attitude toward work and learning they should hold upon completing school and the role of the school in the community; [PL 1991, c. 407, §1 (NEW)].

C. A commitment to revise the basic school structure to achieve the comprehensive educational goals. [PL 1991, c. 407, §1 (NEW)].

School restructuring, which is most effectively carried out at the local level, depends on community and educator involvement and approval and student participation. School restructuring includes consideration of changing roles for parents, students, teachers, administrators, support staff, postsecondary education institutions and officials, and various segments of the community. It may include a significantly broadened role for schools.
School restructuring may include schools and school administrative units combining efforts to cooperatively pursue restructuring activities. When that occurs, one or more schools or units may be designated as demonstration sites. [PL 1991, c. 407, §1 (NEW).]

2. **Waiver of rules for local schools.** A school administrative unit undergoing school restructuring may request that the commissioner waive the application of specific rules to that unit, or to certain schools in that unit, if such action is necessary to achieve school restructuring. The commissioner shall grant a waiver if the requesting unit, as determined by the commissioner, has:

   B. Demonstrated that reasonable steps have been taken to provide the safeguards offered by the rules in question to allow continued educational progress by students and protect the continuity and integrity of the unit and employees of that unit; [PL 1991, c. 407, §1 (NEW).]

   C. Provided evidence that the necessary resources and community and staff support are present to ensure that the restructuring changes requiring the waiver stand a reasonable chance of succeeding; [PL 1991, c. 407, §1 (NEW).]

   D. Informed any bargaining agent or agents representing affected school employees of the waiver request; and [PL 1991, c. 407, §1 (NEW).]

   E. Established a working relationship regarding professional development with an institution of higher education or a professional development service provider. [PL 1991, c. 407, §1 (NEW).]

The request for the waiver must include documentation to substantiate the conditions of this subsection. If the request is denied, the commissioner shall provide the reasons for denying the request to the school unit. [PL 1991, c. 407, §1 (NEW).]

3. **Waiver of rules for educator preparation programs.** In order to prepare educators to work in restructuring schools, an educator preparation program may request that the state board waive the application of specific rules governing approval of that program. The state board shall grant waiver requests if, in the board's opinion, the program has:

   A. Demonstrated that the rules for which a waiver is requested prevent or seriously handicap the program in its pursuit of a plan to meet the educational needs of its students and the staffing needs of restructuring schools; [PL 1991, c. 407, §1 (NEW).]

   B. Demonstrated that reasonable steps have been taken to provide the safeguards offered by the rules in question to allow continued educational progress by students and protect the continuity and integrity of the program and employees of that program; [PL 1991, c. 407, §1 (NEW).]

   C. Provided evidence that the necessary resources and support from the governing body and staff of an institution of higher education are present to ensure that the changes requiring the waiver stand a reasonable chance of succeeding; [PL 1991, c. 407, §1 (NEW).]

   D. Informed any bargaining agent or agents representing affected program employees of the waiver request; and [PL 1991, c. 407, §1 (NEW).]

   E. Developed service, research and teaching relationships with one or more restructuring public schools. [PL 1991, c. 407, §1 (NEW).]
