§11613. Determination of need
The authority shall establish the need of a student for a Maine State Grant for an academic year for which the student applies. A student is considered to have a need to qualify for a grant if the total of the cost of attendance of the student, minus the expected family contribution for the student, minus estimated student financial assistance not received under this program, is greater than zero. 2. Expected family contribution. The expected family contribution is the sum of the parental contribution and the student and spouse contribution. The method of determining the expected family contribution shall be established by rule of the authority adopted in accordance with the Maine Administrative Procedure Act, Title 5, chapter 375, and shall be uniformly applied to all students. [PL 1989, c. 559, §10 (NEW).]

3. Cost of attendance. In determining the cost of attendance to determine eligibility under this chapter, the authority shall include the following:

[PL 2001, c. 70, §8 (AMD).]

6. **Safety net.** Notwithstanding the provisions of this section, the authority may not allocate less in grants under this chapter for students attending the University of Maine System, the Maine Maritime Academy, the Maine Community College System and private postsecondary institutions than was allocated for students in each of those institutions or groups of institutions of higher education in 1988-89.
