§13. Human Services Fraud Investigation Unit
1. Establishment; composition. The Commissioner of Health and Human Services is authorized to create within the department a Human Services Fraud Investigation Unit, hereinafter referred to in this section as the "unit." The commissioner is authorized to employ and assign to the unit such employees as he deems appropriate.
[PL 1975, c. 715, §3 (NEW); PL 2003, c. 689, Pt. B, §7 (REV).]
2. **Purpose.** The purpose of the unit shall be to investigate reported acts of fraud or attempted fraud or incidents of commingling or misapplication of funds in connection with, but not limited to, the requesting, obtaining, receiving, withholding, recording, reporting, expending or handling of funds administered by the department. The unit shall investigate such reported acts or incidents involving, but not limited to, recipients, providers and vendors receiving or applying for services or funds administered by the department.  

[PL 1975, c. 715, §3 (NEW).]

3. **Cooperation; information.** All agencies of the State and municipal governments shall cooperate fully with the unit, rendering any assistance requested by the unit. Every head of a department, bureau, division, commission or any other unit of State Government shall report in writing to the unit all information concerning any suspected incident of fraud or attempted fraud or violation of any law in connection with funds administered by the department.  

[PL 1975, c. 715, §3 (NEW).]

4. **Violation of law; action.** Whenever the unit determines that a fraud, attempted fraud or a violation of law in connection with funds administered by the department may have occurred, it shall report in writing all information concerning such fraud or violation to the Attorney General or his delegate for such action as he may deem appropriate, including civil action for recovery of funds and criminal prosecution by the Department of the Attorney General. The unit shall, upon request of the Attorney General and in such a manner as he deems appropriate, assist in the recovery of funds.  

[PL 1975, c. 715, §3 (NEW).]

5. **Audit methods.** When conducting audits pursuant to this section, the department may not engage a private vendor to conduct the audit or base any auditor's compensation on a percentage of the alleged overpayment amount, except that the department may engage a private vendor to conduct audits of providers located outside this State and may base that vendor's compensation on a percentage of the amount of overpayment received by the department. The department shall disclose to the public any mathematical algorithm used in performance of an audit.  

[PL 2005, c. 12, Pt. QQ, §1 (AMD).]

6. **Limitation on actions to recover overpayments.** The department may impose a sanction or withhold payment from a MaineCare provider in order to recover or impose penalties for an overpayment for services rendered or goods delivered under the MaineCare program as provided in this subsection.

A. The department may impose a sanction or withhold payment when the department has obtained an order from Superior Court allowing interim sanctions upon showing a substantial likelihood that overpayment or fraud has occurred and that substantial harm to the department will result from further delay or when the department has taken final agency action and the provider has waived or exhausted its right to judicial review.  

[PL 2003, c. 688, Pt. C, §6 (AMD).]

B. Notwithstanding paragraph A, the department may terminate or suspend the participation of a provider in the MaineCare program pursuant to federal regulation and state rule. This authority includes, but is not limited to, provider payment suspensions required under section 1714-E.  

[RR 2011, c. 2, §22 (COR).]

C. For the purposes of this subsection, "overpayment" does not include an overestimate made as part of a prospective interim payment, a 3rd-party liability recovery, a departmental administrative error or receivership fees or debt. In addition, this subsection does not apply to routine adjustments of $2,500 or less that result from claims editing or processing.  

[RR 2011, c. 2, §22 (COR).]

SECTION HISTORY
§13-A. MaineCare program integrity recovery audit contractor agreement

Notwithstanding any other provision of law to the contrary, the provisions of this section apply to MaineCare program integrity recovery audit contracting. The department may enter into an agreement with a recovery audit contractor for the purpose of ensuring MaineCare program integrity, specifically to identify and reimburse to correct underpayments and to identify and recoup overpayments under the Medicaid state plan and under any waiver of the state plan. An agreement entered into under this section must provide that payment to the contractor may be made only from amounts recovered and that payments for identifying underpayments and collecting overpayments must be made on a contingent fee basis. After payments to correct underpayments and payment of any contingent fees due to the contractor, the proceeds of collections from overpayments must be deposited into the Medical Care - Payments to Providers program, Other Special Revenue Funds account in the Department of Health and Human Services for the purpose of providing state match under the federal Medicaid program. [PL 2011, c. 593, §1 (NEW).]

SECTION HISTORY
PL 2011, c. 593, §1 (NEW).

§14. Action against parties liable for medical care rendered to assistance recipients; assignment of claims

1. Recovery procedures. When benefits are provided or will be provided to a member under the MaineCare program administered by the department pursuant to the United States Social Security Act, Title XIX, including any prescription drug programs administered under the auspices of MaineCare, referred to collectively in this section as MaineCare, for the medical costs of injury, disease, disability or similar occurrence for which a 3rd party is, or may be, liable, the commissioner may recover from that party the cost of the benefits provided. This right of recovery is separate and independent from any rights or causes of action belonging to a member under the MaineCare program. For MaineCare recipients who participated in the MaineCare managed care program, "cost" means the total value of coverable medical services provided measured by the amount that MaineCare would have paid to providers directly for such services, were it not for the managed care system. The MaineCare program is the payor of last resort and shall provide medical coverage only when there are no other available resources. The Attorney General, or counsel appointed by the Attorney General, may, to enforce this right, institute and prosecute legal proceedings directly against the 3rd party in the appropriate court in the name of the commissioner.

In addition to the right of recovery set forth in this subsection, the commissioner must also be subrogated, to the extent of any benefits provided under the MaineCare program, to any cause of action or claim that a member has against a 3rd party who is or may be liable for medical costs incurred by or on behalf of the member. The Attorney General, or counsel appointed by the Attorney General, to enforce this right may institute and prosecute legal proceedings in the name of the injured person, member, guardian, personal representative, estate or survivor. If necessary to enforce the commissioner's right of recovery, the Attorney General, or counsel appointed by the Attorney General, may institute legal proceedings against any member, including the agent, representative or attorney of that member, who has received a settlement or award from a 3rd party.

The commissioner's right to recover the cost of benefits provided constitutes a statutory lien on the proceeds of an award or settlement from a 3rd party if recovery for MaineCare costs was or could have been included in the recipient's claim for damages from the 3rd party to the extent of the recovery for medical expenses. The commissioner is entitled to recover the cost of the benefits actually paid out
when the commissioner has determined that collection will be cost-effective to the extent that there are proceeds available for such recovery after the deduction of reasonable attorney's fees and litigation costs from the gross award or settlement. In determining whether collection will be cost-effective, the commissioner shall consider all factors that diminish potential recovery by the department, including but not limited to questions of liability and comparative negligence or other legal defenses, exigencies of trial that reduce a settlement or award in order to resolve the recipient's claim and limits on the amount of applicable insurance coverage that reduce the claim to the amount recoverable by the recipient. The department's statutory lien may not be reduced to reflect an assessment of a pro rata share of the recipient's attorney's fees or litigation costs. The commissioner may, at the commissioner's discretion, compromise, or otherwise settle and execute a release of, any claim or waive any claim, in whole or in part, if the commissioner determines the collection will not be cost-effective or that the best possible outcome requires compromise, release or settlement. [PL 2007, c. 381, §1 (AMD).]

2. Condition for eligibility. [PL 1981, c. 24, §1 (RP).]

2-A. Assignment of rights of recovery. The receipt of benefits under the MaineCare program constitutes an assignment by the recipient or any legally liable relative to the department of the right to recover from 3rd parties for the medical cost of injury, disease, disability or similar occurrence for which the recipient receives medical benefits. The department's assigned right to recover is limited to the amount of medical benefits received by the recipient and does not operate as a waiver by the recipient of any other right of recovery against a 3rd party that a recipient may have. The recipient is also deemed to have appointed the commissioner as the recipient's attorney in fact to perform the specific act of submitting claims, making inquiries, requesting information, verifying other previous, current or potential coverage for the recipient or the recipient's spouse or dependents or endorsing over to the department any and all drafts, checks, money orders or any other negotiable instruments connected with the payment of 3rd-party medical claims to 3rd parties, liable parties or potentially liable 3rd parties. The appointment includes complete access to medical expense records and data, insurance policies and coverage and all other information relating to MaineCare's duty to cost-avoid and seek other coverage or payment response. [PL 2007, c. 240, Pt. JJJ, §1 (AMD); PL 2007, c. 448, §7 (AMD); PL 2007, c. 448, §14 (AFF).]

2-B. Direct reimbursement to health care provider. When an insured is eligible under the MaineCare program for the medical costs of injury, disease, disability or similar occurrence for which an insurer is liable, and the insured's claim is payable to a health care provider as provided or permitted by the terms of a health insurance policy or pursuant to an assignment of rights by an insured, the insurer shall directly reimburse the health care provider to the extent that the claim is honored. [PL 2003, c. 20, Pt. K, §2 (AMD).]

2-C. Direct reimbursement to department. When an insured is eligible under the MaineCare program for the medical costs of injury, disease, disability or similar occurrence for which an insurer is liable, and the claim is not payable to a health care provider under the terms of the insurance policy, the insurer shall directly reimburse the Department of Health and Human Services for any medical services paid by the department on behalf of a recipient under the MaineCare program to the extent that those medical services are payable under the terms of the insurance policy. If the insurer knows or has information upon which to reasonably conclude that the insured is a recipient of MaineCare services, the insurer shall advise the department in writing as to the existence of the claim prior to any other payment. [PL 2003, c. 20, Pt. K, §2 (AMD); PL 2003, c. 689, Pt. B, §6 (REV).]

2-D. Notification of claim. A recipient under the MaineCare program, or any agent, representative or attorney representing a recipient under the MaineCare program, who makes a claim to recover the
medical cost of injury, disease, disability or similar occurrence for which the party received medical 
benefits under the MaineCare program shall notify the department in writing prior to settlement 
negotiations and provide information required by the department of the existence of the claim. If the 
notice is not given and the department's ability to recover for benefits paid is compromised, the 
department may institute legal proceedings against a recipient, including the agent, representative or 
attorney of that recipient, who has received a settlement or award from a 3rd party. The department 
may accept a letter of MaineCare claim protection in lieu of this section. 
[PL 2007, c. 381, §2 (AMD).]

2-E. Notification of pleading. In an action to recover the medical cost of injury, disease, disability 
or similar occurrence for which the party received medical benefits under the MaineCare program, the 
party bringing the action shall notify the department of that action at least 10 days prior to filing the 
pleadings. The notification must provide timely opportunity for the department, at its discretion, to 
terivate in all actions as an interested party. If adequate opportunity to intervene is not given and the 
department's ability to recover for benefits paid is compromised, the department may institute legal 
proceedings against a recipient, including the agent, representative or attorney of that recipient, who 
has received a settlement or award from a 3rd party. The department may accept a letter of MaineCare 
claim protection in lieu of intervention. Department records indicating medical benefits paid by the 
department on behalf of the recipient are prima facie evidence of the medical expenses incurred by the 
recipient for the related medical services. 
[PL 2007, c. 381, §3 (AMD).]

2-F. Disbursement. Except as otherwise provided in this subsection, a disbursement of any award, 
judgment or settlement may not be made to a recipient without the recipient or the recipient's attorney 
first paying to the department that amount of the award, judgment or settlement that constitutes 
reimbursement for medical payments made or obtaining from the department a release of any obligation 
owed to it for medical benefits provided to the recipient. If a dispute arises between the recipient and 
the commissioner as to the settlement of any claim that the commissioner may have under this section, 
the 3rd party or the recipient's attorney shall withhold from disbursement to the recipient an amount 
equal to the commissioner's claim. Either party may apply to the Superior Court or the District Court 
in which an action based upon the recipient's claim could have been commenced for an order to 
determine a reasonable amount in satisfaction of the statutory lien, consistent with federal law. 
[PL 2007, c. 381, §4 (AMD).]

2-G. Claims against estates of certain Medicaid recipients. 
[PL 1993, c. 410, Pt. I, §2 (RP).]

2-H. Honoring of assignments. The following provisions apply to claims for payment submitted 
by the department or a health care provider.

A. Whenever the department submits claims to a health insurer, as included in 42 United States 
Code, Section 1396a(a)(25)(I), including self-insured plans, group health plans as defined in the 
federal Employee Retirement Income Security Act of 1974, Section 607(1), service benefit plans, 
managed care organizations, pharmacy benefit managers or other parties that are, by statute, 
contract or agreement, legally responsible for payment of a claim for a health care item or service, 
on behalf of a current or former recipient under the MaineCare program for whom an assignment 
of rights has been received, or whose rights have been assigned by the operation of law, the health 
insurer doing business in the State must respond to the department within 60 days and:

(1) Provide information, with respect to individuals who are eligible for or are provided 
medical assistance under MaineCare, upon the request of the State, to determine during what 
period the individual or the individual's spouse or dependents may be or may have been covered 
by a health insurer and the nature of the coverage that is or was provided by the health insurer,
including the name, address and identifying number of the plan, in a manner prescribed by the United States Secretary of Health and Human Services;

(2) Accept the State's right of recovery and the assignment to the State of any right of an individual or other entity to payment from the party for an item or service for which payment has been made under the state plan;

(3) Respond to any inquiry by the State regarding a claim for payment for any health care item or service that is submitted not later than 3 years after the date of the provision of such health care item or service; and

(4) Agree not to deny a claim submitted by the State solely on the basis of the date of submission of the claim, the type or format of the claim form or a failure to present proper documentation at the point-of-sale that is the basis of the claim, if:

   (a) The claim is submitted by the State within the 3-year period beginning on the date on which the item or service was furnished; and

   (b) Any action by the State to enforce its rights with respect to such claim is commenced within 6 years of the State's submission of such claim. [PL 2007, c. 240, Pt. JJJ, §2 (AMD); PL 2007, c. 448, §8 (AMD); PL 2007, c. 448, §14 (AFF).]

2-I. Claims against estates of MaineCare recipients. Claims against the estates of MaineCare recipients are governed by this subsection.

A. The department has a claim against the estate of a MaineCare recipient when, after the death of the recipient:

   (1) Property or other assets are discovered that existed and were owned by the recipient during the period when MaineCare benefits were paid for the recipient and disclosure of the property or assets at the time benefits were being paid would have rendered the recipient ineligible to receive the benefits;

   (2) It is determined that the recipient was 55 years of age or older when that person received MaineCare assistance; or

   (3) It is determined that the recipient has received or is entitled to receive benefits under a long-term care insurance policy in connection with which assets or resources are disregarded and medical assistance was paid on behalf of the recipient for nursing facility or other long-term care services. [PL 2003, c. 20, Pt. K, §2 (AMD).]

B. The amount of MaineCare benefits paid and recoverable under this subsection is a claim against the estate of the deceased recipient.

   (1) As to assets of the recipient included in the probated estate, this claim may be enforced pursuant to Title 18-C, Article 3, Part 8.

   (2) As to assets of the recipient not included in the probated estate, this claim may be enforced by filing a claim in any court of competent jurisdiction. [PL 2017, c. 402, Pt. C, §41 (AMD); PL 2019, c. 417, Pt. B, §14 (AFF).]

C. Except for a claim collected through a voluntary payment arrangement under paragraph C-2, a claim may not be made under paragraph A, subparagraph (2) or (3) until:

   (1) The recipient has no surviving spouse; and
(2) The recipient has no surviving child who is under age 21 or who is blind or permanently and totally disabled as defined in 42 United States Code, Section 1382c. [PL 2005, c. 12, Pt. DDD, §9 (AMD); PL 2005, c. 12, Pt. DDD, §17 (AFF).]

C-1. [PL 2007, c. 423, §1 (RP).]

C-2. The department shall provide heirs, assignees or transferees of a deceased recipient an opportunity to pay a claim under this subsection through a voluntary payment arrangement that is acceptable to the department. The payment arrangement may consist of a payment plan, promissory note or other payment mechanism. [PL 2005, c. 12, Pt. DDD, §9 (NEW); PL 2005, c. 12, Pt. DDD, §17 (AFF).]

D. Paragraph A, subparagraphs (2) and (3) apply only to a recipient who died on or after October 1, 1993 for MaineCare payments made on or after October 1, 1993. [PL 2003, c. 20, Pt. K, §2 (AMD).]

E. A claim under paragraph A, subparagraph (2) must be waived if enforcement of the claim would create an undue hardship under criteria developed by the department or if the costs of collection are likely to exceed the amount recovered. A waiver may be granted in full or in part. A waiver may not be granted if the recipient or waiver applicant acted to lose, diminish, divest, encumber or otherwise transfer any value of or title to an asset for the purpose of preventing recovery under this subsection. [PL 2005, c. 12, Pt. DDD, §9 (AMD); PL 2005, c. 12, Pt. DDD, §17 (AFF).]

F. As used in this subsection, unless the context otherwise indicates, the term "estate" means:

(1) All real and personal property and other assets included in the recipient's estate, as defined in Title 18-C, section 1-201; and

(2) Any other real and personal property and other assets in which the recipient had any legal interest at the time of death, to the extent of that interest, including assets conveyed to a survivor, heir or assign of the deceased recipient through tenancy in common, survivorship, life estate, living trust, joint tenancy in personal property or other arrangement but not including joint tenancy in real property.

Unless otherwise required by the United States Social Security Act, 42 United States Code, Section 1396p(b), "estate" does not include an account established under a qualified ABLE program that complies with the requirements of the federal Achieving a Better Life Experience Act of 2014, Public Law 113-295. [PL 2019, c. 348, §2 (AMD); PL 2019, c. 417, Pt. B, §14 (AFF).]

G. The department may accept, hold, transfer title to and sell real property to collect a claim under this subsection. The department may receive title to real property from a personal representative, special or public administrator, creditor, heir, devisee, assignee or transferee in full or partial satisfaction of a claim under this subsection. [PL 2005, c. 12, Pt. DDD, §12 (NEW); PL 2005, c. 12, Pt. DDD, §17 (AFF).]

[PL 2019, c. 348, §2 (AMD); PL 2019, c. 417, Pt. B, §14 (AFF).]

**2-J. Authority to contract for attorney services.** The department is authorized to pursue rights under this section, including 3rd-party reimbursement of MaineCare costs in workers' compensation claims cases, through contracted attorney services. The department may adopt rules as necessary to implement this subsection. Rules adopted pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A. [PL 2007, c. 311, §1 (NEW).]

**3. Definitions.** For purposes of this section, "3rd party" or "liable party" or "potentially liable party" means any entity, including, but not limited to, any health insurer as included in 42 United States Code, Section 1396a(a)(25)(I) and any other parties that are, by statute, contract or agreement, legally responsible for payment of a claim for a health care item or service, that may be liable under a contract.
to provide health, automobile, workers' compensation or other insurance coverage that is or may be liable to pay all or part of the medical cost of injury, disease, disability or similar occurrence of an applicant or recipient of benefits under the MaineCare program. For purposes of this section and sections 18 and 19, an "insurance carrier" includes, but is not limited to, health insurers, group health plans as defined in 29 United States Code, Section 1167(1), service benefit plans and health maintenance organizations, as well as any other entity included in 42 United States Code, Section 1396a(a)(25)(I).

"Liable party," "potentially liable party" or "3rd party" also includes the trustee or trustees of any mortuary trust established by the recipient or on the recipient's behalf in which there is money remaining after the actual costs of the funeral and burial have been paid in accordance with the terms of the trust and in which there is no provision that the excess be paid to the decedent's estate. "Liable party," "potentially liable party" or "3rd party" may also include the recipient of benefits under the MaineCare program.

[PL 2007, c. 240, Pt. JJJ, §4 (AMD); PL 2007, c. 448, §9 (AMD); PL 2007, c. 448, §14 (AFF).]

B. "Financial institution" means a trust company, savings bank, industrial bank, commercial bank, savings and loan association or credit union organized under the laws of this State or otherwise authorized to do business in this State. [PL 1995, c. 419, §28 (NEW).]

C. "Match" means an automated comparison by name and social security number of a list of obligors provided to a financial institution by the department and a list of depositors of any financial institution. [PL 1995, c. 419, §28 (NEW).]

E. "Overdue support" means a debt of $500 or more for maintenance and support of a child or children that has been owed for a least 60 days, if the obligor had prior notice of the debt and a prior opportunity to contest the amount owed. "Overdue support" includes spousal support or alimony being collected in conjunction with child support. [PL 1995, c. 419, §28 (NEW).]

2. Computer match. Upon written request from the commissioner to a financial institution in this State with the technological capacity to perform a match, the financial institution shall perform a match using the list of obligors' social security numbers provided by the department. The department is responsible for making its computer data compatible with the data of the financial institution with which a match is sought. The department's data, at a minimum, must include the full name and social security number of and the amount of overdue support owed by each obligor. The department may not request a financial institution to perform a match under this section more often than once every calendar quarter. [PL 1997, c. 537, §53 (AMD); PL 1997, c. 537, §62 (AFF).]

The list must contain the following information, if available to the financial institution through its matching procedure, for each account identified:

A. The obligor's full name; [PL 1995, c. 419, §28 (NEW).]

5. Notice to customer. The financial institution may not provide notice in any form to a depositor contained in a match list submitted to the department under subsection 4. Failure to provide notice to a depositor does not constitute a violation of the financial institution's duty of good faith to its customers. [PL 1995, c. 419, §28 (NEW).]

6. Reasonable fee. To cover the costs of carrying out the requirements of this section, a financial institution may assess a reasonable fee to the department not to exceed the actual costs incurred by the financial institution. [PL 1995, c. 419, §28 (NEW).]

7. Confidentiality. The list of obligors, with their social security numbers and the amount of the overdue support provided by the department to a financial institution is confidential. The information may be used only for the purpose of carrying out the requirements of this section. Knowing or

[PL 1995, c. 419, §28 (NEW).]

8. Immunity from liability; hold harmless. A financial institution is immune from any liability for its good faith actions to comply with this section. [PL 2007, c. 448, §10 (AMD).]

2. Condition for eligibility. The department shall require, as a condition of being or remaining eligible for medical assistance, an individual otherwise entitled to medical assistance under this Title to apply for enrollment in a group health plan in which the individual is otherwise eligible to be enrolled, if the department determines that enrollment is cost-effective. For purposes of this section, the term "cost-effective" means that the reduction in medical assistance expenditures as a result of the individual's enrollment in a group health plan is likely to be greater than the additional expenditures by the department for premiums and cost-sharing with respect to that enrollment.

3. Payments covered. If the individual enrolls in a group health plan or is accepted for coverage under an individual health insurance policy pursuant to the department's approval under the Private Health Insurance Premium Program, except as provided in subsection 5, the department shall provide for payments of all premiums, deductibles, coinsurance and other cost-sharing obligations for items and services otherwise covered under the department's medical assistance program and shall treat coverage under the group health plan or the individual health insurance policy as a third-party liability under section 14.

4. Family enrollment in employer plan. The department shall require, as a condition of being or remaining eligible for medical assistance, an individual who is a parent, is eligible for medical assistance under this Title and is eligible for family health coverage through an employer, to apply for enrollment for each eligible child. If the employed parent refuses to apply for such enrollment, the employer shall accept an application for enrollment of children, if otherwise eligible for family health coverage, submitted by the other parent or by the department. The employer shall enroll children in the employer plan without regard to any enrollment season restrictions.
5. **Cost-effective enrollment.** If some members of a family are not eligible for medical assistance under this Title and enrollment of the family members who are eligible for medical assistance is not possible without also enrolling the members who are not eligible for medical assistance, the department shall provide for payment of enrollment premiums for all family members if, taking into account payment of all such premiums, the enrollment is cost-effective. SUBCHAPTER 2

ADMINISTRATION

§41. Commissioner's report

The commissioner, as soon as practicable after the close of the fiscal year which is indicated by an even number, shall report to the Governor the activities of the department during the biennial period just ended with such suggestions as to legislative action as he deems necessary or important. [PL 1975, c. 771, §211 (AMD).]

SECTION HISTORY
PL 1975, c. 771, §211 (AMD).

§41-A. Biennial funding comparison report
By January 31, 2003, and every 2 years thereafter, the commissioner shall report to the joint standing committee of the Legislature having jurisdiction over health and human services matters and the joint standing committee of the Legislature having jurisdiction over appropriations and financial affairs the amounts of appropriations and allocations that would be required to fully fund all reimbursable costs for nursing facilities and medical and remedial private nonmedical institutions covered by the department, determined pursuant to the department's principles of reimbursement and the amounts of appropriations and allocations that would be necessary to raise the reimbursement rates for all providers of services reimbursed under the Medicaid program on a fee-for-service basis who are reimbursed below 70% of usual and customary rates to a level equal to 70% of usual customary rates, as long as the rate does not exceed the rate allowed by federal law or regulation. The information in the report regarding nursing facilities and private nonmedical institutions must be presented in a manner that compares the amounts that would be required to fully fund the 2 types of facilities, the amounts that are requested in the Governor's budget bill and the amounts that were appropriated and allocated for each of the 2 years of the biennium in which the report is made. [PL 2001, c. 666, Pt. D, §1 (NEW).]

SECTION HISTORY
PL 2001, c. 666, §D1 (NEW).

§41-B. Auditing and adjusting of health care and community service provider costs

This section governs the rules of the department and the practices of its auditors in interpreting and applying those rules with respect to payments for providers under the MaineCare program and payments by the department under grants and agreements audited pursuant to the Maine Uniform Accounting and Auditing Practices Act for Community Agencies. [PL 2005, c. 588, §2 (NEW).]

1. Revised audit interpretations to be applied prospectively. Whenever the department's auditors revise an interpretation of a rule, agreement, circular or guideline in a manner that would result in a negative adjustment of a provider's or agency's allowable costs, the revised interpretation may be applied only to provider or agency fiscal years beginning after the date of the examination report, audit report or other written notification in which the provider or agency receives direct notice of the revised interpretation. For the fiscal year to which the report containing the revised interpretation applies, and any subsequent fiscal year ending prior to the issuance of the revised interpretation, the cost that is the subject of the revised interpretation must be considered allowable to the extent that it was allowable under the interpretation previously applied by the Office of Audit for MaineCare and Social Services, referred to in this section as "the office of audit." This subsection does not prohibit the office of audit from applying an adjustment to a fiscal year solely because that cost was not disallowed in a prior year. [PL 2005, c. 588, §2 (NEW).]

2. Determination of "ordinary," "necessary" and "reasonable" costs. In making findings concerning whether a cost is "ordinary," "necessary" and "reasonable," the office of audit shall consider the following criteria in conjunction with applicable state and federal rules, regulations, guidelines and agreements:

A. Whether a substantial number of providers of health care or community services in the State incur costs of similar magnitude, frequency, quantity or price level to the costs under review; [PL 2005, c. 588, §2 (NEW).]

B. Whether the expenditure is reasonably incurred to produce, accomplish, facilitate or compensate persons for providing an item or service related to the purpose of a program or activity for which the State has contracted or for which the State otherwise provides payment; [PL 2005, c. 588, §2 (NEW).]
C. Whether the expenditure is comparable to an expenditure made by a department or agency of the State responsible for services or programs similar to those to which the finding applies; and [PL 2005, c. 588, §2 (NEW).]

D. Whether the expenditure is consistent with meeting special needs of the population served through innovative or specialized services offered by a particular provider. [PL 2005, c. 588, §2 (NEW).]

[PL 2005, c. 588, §2 (NEW).]

3. Employee compensation and benefit costs. In evaluating whether employee wages, salaries and benefits are reasonable and allowable, the department may not disallow the costs of any employee benefits, wages or salaries if the total of those costs is reasonable under the criteria set forth in subsection 2. [PL 2005, c. 588, §2 (NEW).]

4. Other expenses. The department shall modify its rules governing MaineCare reimbursement and other reimbursements pursuant to grants, contracts or agreements for health care providers and other agencies providing community services to allow, to the extent permitted by applicable federal law, the costs of employee information publications, health or first-aid clinics or infirmaries, recreational activities, employee counseling services and any other expenses incurred in accordance with the health care provider or other agency's established practice or custom for the improvement of working conditions, employer-employee relations, employee morale and employee performance. [PL 2005, c. 588, §2 (NEW).]

SECTION HISTORY

PL 2005, c. 588, §2 (NEW).

§42. Rules and regulations

1. General. The department shall issue rules and regulations considered necessary and proper for the protection of life, health and welfare, and the successful operation of the health and welfare laws. The rules and regulations shall be adopted pursuant to the requirements of the Maine Administrative Procedure Act. [PL 1977, c. 694, §331 (AMD).]

1-A. Administration of medication. The administration of medication in boarding care facilities, drug treatment centers, day care facilities, children's homes and nursery schools and group home intermediate care facilities for persons with intellectual disabilities must be in accordance with rules established by the department. In other facilities licensed or approved by the department, excluding those facilities licensed under section 1811, other than group home intermediate care facilities for persons with intellectual disabilities, the department may establish rules for the administration of medication as it considers necessary. In establishing rules for each type of facility, the department shall consider, among other factors, the general health of the persons likely to receive medication, the number of persons served by the facility and the number of persons employed at the facility who might be involved in the administration of medication. Any rules for the administration of medication must be established in accordance with Title 5, chapter 375. [PL 2011, c. 542, Pt. A, §24 (AMD).]

2. Department records. The department shall make and enforce reasonable rules and regulations governing the custody, use and preservation of the records, papers, files and communications of the department, and especially those which pertain to the granting of public assistance. The use of such records, papers, files and communications by any other agency or department of government to which they may be furnished shall be limited to the purposes for which they are furnished and by the law under which they may be furnished. It shall be unlawful for any person, except for purposes directly connected with the administration of the public assistance and in accordance with the rules and
regulations of the department, to solicit, disclose, receive, make use of or authorize, knowingly permit, participate in or acquiesce in the use of, any list of or names of, or any information concerning, persons applying for or receiving such assistance, directly or indirectly, derived from the records, papers, files or communications of the State or subdivisions or agencies thereof, or acquired in the course of the performance of official duties. Any person violating any provision of this subsection shall be punished by a fine of not more than $500 or by imprisonment for not more than 11 months, or by both.

[PL 1973, c. 521, §1 (RPR).]

3. Subsurface sewage disposal. The department shall adopt minimum rules relating to subsurface sewage disposal systems. All rules, including installation and inspection rules, must be consistent with Title 30-A, chapter 185, subchapter III and Title 32, chapter 49, but this does not preemp the authority of municipalities under Title 30-A, section 3001 to adopt more restrictive ordinances. These rules may regulate the location of water supply wells to provide minimum separation distances from subsurface sewage disposal systems. The department may require a deed covenant or deed restriction when determined necessary.

Any person who violates the rules adopted under this subsection, or who violates a municipal ordinance adopted pursuant to Title 30-A, sections 4201 and 4211 or uses a subsurface waste water disposal system not in compliance with rules applicable at the time of installation or modification must be penalized in accordance with Title 30-A, section 4452. Enforcement of the rules is the responsibility of the municipalities rather than the department. The department or a municipality may seek to enjoin violations of the rules or municipal ordinances. In the prosecution of a violation by a municipality, the court shall award reasonable attorney's fees to a municipality if that municipality is the prevailing party, unless the court finds that special circumstances make the award of these fees unjust.

3-A. Licensing of persons to evaluate soils for subsurface wastewater disposal systems. The department shall adopt rules providing for professional qualification and competence, ethical standards, licensing and relicensing and revocation of licenses of persons to evaluate soils for the purpose of designing subsurface wastewater disposal systems. The hearings provided for in subsection 3 must include consideration of the adoption or change of those rules.

The department shall investigate or cause to be investigated all cases or complaints of noncompliance with or violations of this section and the rules adopted pursuant to this section. The department has the authority to grant or amend, modify or refuse to issue or renew a license in accordance with the Maine Administrative Procedure Act, Title 5, chapter 375, subchapter 5. The District Court has the exclusive jurisdiction to suspend or revoke the license of any person who is found guilty of noncompliance with or violation of the rules adopted pursuant to this subsection or subsection 3.

The department may charge applicants no more than $100 for examination to become a licensed site evaluator. The department shall by rule charge a biennial site evaluator license fee of not more than $150. A licensed site evaluator who is employed by the department to administer this section and does not practice for the public is exempt from the license fee requirement. Appropriate rules must be adopted by the department defining the appropriate financial procedure. The fees are paid to the Treasurer of State to be maintained as a permanent fund and used by the department for carrying out its plumbing and subsurface wastewater disposal rules and site evaluation program.

[PL 2015, c. 494, Pt. A, §14 (AMD).]

3-B. Inspection of plumbing and subsurface waste water disposal systems. The department shall adopt rules providing for the inspection of plumbing and subsurface waste water disposal systems. In municipalities, the municipal officers shall provide for the appointment of one or more plumbing inspectors. In plantations, the assessors shall appoint plumbing inspectors in accordance with Title 30-A, section 4221. In the unorganized areas of the State, the department shall appoint plumbing inspectors or act in the capacity of a plumbing inspector until a person is appointed.
4. **Industrial employees.**

[PL 1977, c. 83, §2 (RP).]

5. **Confidentiality of records containing certain medical information.** Department records that contain personally identifying medical information that are created or obtained in connection with the department's public health activities or programs are confidential. These records include, but are not limited to, information on genetic, communicable, occupational or environmental disease entities, and information gathered from public health nurse activities, or any program for which the department collects personally identifying medical information.

The department's confidential records may not be open to public inspection, are not public records for purposes of Title 1, chapter 13, subchapter 1 and may not be examined in any judicial, executive, legislative or other proceeding as to the existence or content of any individual's records obtained by the department.

Exceptions to this subsection include release of medical and epidemiologic information in such a manner that an individual cannot be identified; disclosures that are necessary to carry out the provisions of chapter 250; disclosures made upon written authorization by the subject of the record, except as otherwise provided in this section; and disclosures that are specifically provided for by statute or by departmental rule. The department may participate in a regional or national tracking system as provided in sections 1533 and 8824.

Nothing in this subsection precludes the department, during the data collection phase of an epidemiologic investigation, from refusing to allow the inspection or copying of any record or survey instrument, including any redacted record or survey instrument, containing information pertaining to an identifiable individual that has been collected in the course of that investigation. The department's refusal is not reviewable.

[PL 2009, c. 514, §1 (AMD).]

6. **Preadministrative hearing settlement process.** The department may adopt rules to establish a preadministrative hearing settlement process. Rules adopted pursuant to this subsection are routine technical rules as defined by Title 5, chapter 375, subchapter II-A.

[PL 1997, c. 218, §1 (NEW).]

7. **Appeal process.** The department shall amend the rules governing appeals of informal review decisions of MaineCare payment and cost report audit and review issues filed by MaineCare providers of goods and services or initiated by the department and any other informal review decisions that seek to impose repayment, recovery or recoupment obligations or sanctions or fines on providers as provided in this subsection.

   A. The department shall allow a provider 60 days after the provider's receipt of an audit report, examination report or other audit determination to seek informal review of that determination. The department shall give to the provider involved in an informal review decision written notice of the informal review decision and of the appeal process and the time period for filing a notice of appeal. The department shall allow an additional 60 days for a provider to request an appeal hearing for review of the department's informal review decision. [PL 2005, c. 588, §3 (AMD).]

   B. [PL 2003, c. 419, §2 (RP).]

   C. Compensation under any contract into which the department enters for hearing officer services may reflect the number of appeals on which recommendations are made by the hearing officer and may not reflect the substance of the recommendations made by the hearing officer. [PL 2003, c. 419, §2 (AMD).]
D. The hearing officer shall conduct a hearing de novo on issues raised in the notice of appeal filed by the provider and shall in a timely manner render a written recommendation based on the record and in accordance with applicable state and federal law, rule and regulation. The hearing officer shall provide a copy of the recommendation to the department and to the provider along with notice of the opportunity to submit written comments to the commissioner. [PL 2001, c. 666, Pt. C, §1 (NEW).]

E. The recommendation of the hearing officer must be forwarded to the commissioner for a final decision, based on the record, which must include any written comment submitted in a timely manner by the provider and the department. The commissioner may adopt, adopt with modification or reject the recommendation of the hearing officer. The commissioner shall issue a final decision in writing, which must include the reasons for any departure from the recommendation of the hearing officer and notice of the process for appeal pursuant to Title 5, chapter 375, subchapter 7. If the commissioner deviates from a prior decision cited in the course of a proceeding, the final decision must include an explanation of the reason that the prior decision was not followed. [PL 2003, c. 419, §2 (AMD).]

F. By July 1, 2004 the department shall make available on its publicly accessible website the decisions in all MaineCare provider appeals beginning January 1, 2004, including the recommendations of the hearing officer and the decision of the commissioner. By October 1, 2006 the department shall make available on the same website all decisions issued by the department regarding audit findings, audit reports or examination reports, including final informal review decisions issued as well as decisions on appeal pursuant to the Maine Uniform Accounting and Auditing Practices Act for Community Agencies. The Office of Audit for MaineCare and Social Services also shall include on the website a summary of key interpretations and findings in recent audits that, in the opinion of the office, are to be considered generally by providers in their operations and cost reporting.

   (1) The website must include a search feature allowing users to obtain information on specific issues of interest.

   (2) The website must protect information that is personal or confidential. [PL 2005, c. 588, §4 (AMD).]

G. In lieu of the appeal procedure provided in this subsection, the parties may choose arbitration by a qualified arbitrator or panel of arbitrators as provided in this paragraph. By January 1, 2004, the department shall adopt rules to implement this paragraph that are consistent with federal law and regulation. Rules adopted pursuant to this paragraph are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.

   (1) The arbitrator or panel of arbitrators must be selected and compensated as agreed by the parties.

   (2) Arbitration under this paragraph is available only when the amount in controversy is $10,000 or less and the subject matter in controversy is assessments, recovery or recoupment orders, sanctions or administrative fines.

   (3) A provider choosing arbitration under this paragraph may waive any right of appeal. [PL 2003, c. 419, §2 (NEW).]

H. In an administrative appeal of an informal review decision under this subsection, the department bears the burden of proving a violation of law or rule by a preponderance of the evidence. If the department proves that existing and available records of goods or services are defective, the department may impose a penalty or sanction, including total recoupment. Total recoupment for defective records is warranted only when the provider has failed to demonstrate by a preponderance of the evidence that the disputed goods or services were medically necessary, MaineCare-covered
goods or services and were actually provided to eligible MaineCare members. [PL 2003, c. 688, Pt. C, §7 (AMD).]

The department shall provide funding for contractual services under this subsection from within existing resources. [PL 2005, c. 588, §§3, 4 (AMD).]

8. Adoption of rules with retroactive application. The department is authorized to adopt rules that have a retroactive application for a period not to exceed 8 calendar quarters prior to the date of issuance of the rule in accordance with the provisions of this subsection.

A. The Office of MaineCare Services is authorized to adopt rules that have retroactive application when necessary to maximize available federal revenue sources, specifically regarding the federal Medicaid program, or to conform to the state Medicaid plan as filed with the Federal Government. The Bureau of Family Independence is authorized to adopt rules in the MaineCare, Temporary Assistance for Needy Families and food stamp programs that have retroactive application to comply with federal requirements or to conform to the state Medicaid plan as filed with the Federal Government. [PL 2019, c. 343, Pt. YY, §2 (AMD).]

B. With respect to any services that MaineCare providers have rendered prior to the date of adoption of retroactive rules adopted pursuant to this subsection, such rules may not reduce or otherwise negatively affect the reimbursement or other payments that those providers are entitled to receive under the previously applicable rules. The reimbursement or other payments under the amended rules must be equal to or greater than the reimbursement under the rules previously in effect. The rules may retroactively increase provider reimbursement on an emergency basis if needed to ensure that MaineCare members have access to covered medically necessary services. [PL 2005, c. 648, §1 (AMD).]

C. For any benefits or services in the MaineCare, Temporary Assistance for Needy Families or food stamp programs that beneficiaries have received prior to the date of adoption of retroactive rules adopted pursuant to this subsection, such rules may not reduce or otherwise negatively affect the reimbursement or other payments, benefits or services that those beneficiaries are entitled to have covered or paid under the previously applicable rules. The reimbursement or other payments, benefits or services under the amended rules must be equal to or greater than under the rules previously in effect. [PL 2003, c. 612, §1 (NEW).]

D. This subsection does not give the department the authority to adopt retroactively any rule that has an adverse financial impact on any MaineCare provider or member, Temporary Assistance for Needy Families program or food stamp recipient or the beneficiary or recipient of any other program administered by the department. Specific statutory authority is required for adoption of a retroactive rule that has an adverse financial impact on any MaineCare provider or member, Temporary Assistance for Needy Families program or food stamp recipient or the beneficiary or recipient of any other program administered by the department. [PL 2003, c. 612, §1 (NEW).]

E. Rules adopted pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A; except that, if the underlying statutory rule-making authority for a rule or set of rules specifies that rules adopted pursuant to that authority are major substantive rules, then the related rule or rules adopted under this subsection are major substantive rules. [PL 2003, c. 612, §1 (NEW).]

F. [PL 2005, c. 648, §2 (RP).]
[PL 2019, c. 343, Pt. YY, §2 (AMD).]

9. Effective date of newly adopted rules. Notwithstanding any other provision of law, when the department adopts a rule affecting a process or procedural change for licensed health care providers, the rule may not take effect for at least 30 days unless the department determines that an emergency
rule is necessary pursuant to Title 5, section 8054 or unless the rule affects reimbursement rates applicable to those licensed health care providers. For the purposes of this subsection, "licensed health care provider" means a physician, clinic, hospital, health maintenance organization, home health agency, private clinical laboratory or other person who provides primary health care services and is registered or licensed by the State. [PL 2005, c. 241, §1 (NEW).]

The only exceptions to the above specific procedures are those instances in which the charitable or benevolent organization by agreement with the department elects to return its state appropriation, either in whole or in part, to the department for matching with federal funds. [PL 1981, c. 470, Pt. A, §54 (AMD).]

C. The program may provide access to prescription drugs from pharmacies located outside the country, provided that the department has specifically approved the use of any pharmacies located outside the country. [PL 2005, c. 165, §1 (NEW).]

D. The program may provide access to prescription drugs that are brand-name drugs in their original sealed packaging. [PL 2005, c. 165, §1 (NEW).]

PL 2005, c. 165, §1 (NEW).

§254-D. Elderly low-cost drug program

The Department of Health and Human Services may conduct the elderly low-cost drug program to provide low-cost prescription and nonprescription drugs, medication and medical supplies to disadvantaged, elderly and disabled individuals. [PL 2005, c. 401, Pt. A, §2 (NEW).]
1. Definitions. As used in this section, unless the context otherwise indicates, the following terms have the following meanings.

E. "Manufacturer" means a manufacturer of prescription drugs and includes a subsidiary or affiliate of the manufacturer or a person or entity that receives prescription drugs from a manufacturer or wholesaler and repackages those drugs for later retail sale and has a labeler code from the federal Food and Drug Administration under 21 Code of Federal Regulations, 207.20 (1999). [PL 2005, c. 401, Pt. A, §2 (NEW).]

G. "Program" means the elderly low-cost drug program authorized in this section. [PL 2005, c. 401, Pt. A, §2 (NEW).]

H. "Wholesale price" means the average price paid by a wholesaler to a manufacturer for a product distributed for retail sale. "Wholesale price" includes a deduction for any customary prompt payment discounts. [PL 2005, c. 401, Pt. A, §2 (NEW).]

2. Administration. The commissioner shall provide sufficient personnel to ensure efficient administration of the program. The commissioner shall determine the extent and the magnitude of the program on the basis of the calculated need of the recipient population and the available funds. The department may not spend more on this program than is available through appropriations from the General Fund, dedicated revenue, federal or other grants and other established and committed funding sources. The commissioner may accept, for the purposes of carrying out this program, federal funds appropriated under any federal law relating to the furnishing of free or low-cost drugs to disadvantaged, elderly or disabled individuals and may take such action as is necessary for the purposes of carrying out that federal law and may accept from any other agency of government, individual, group or corporation such funds as may be available to carry out this chapter. The department may establish priorities of coverage and cost-sharing with available funds. Funds appropriated from the General Fund to carry out the purposes of this section may not lapse but must carry from year to year. [PL 2005, c. 401, Pt. A, §2 (NEW).]

3. Applications. The commissioner shall make available suitable applications for benefits under the program with instructions for applicants. Individuals who are eligible for benefits under both MaineCare and Medicare Part D may be deemed eligible for the program without the need for application. [PL 2005, c. 401, Pt. A, §2 (NEW).]

4. Conduct of program. This subsection governs the conduct of the program, including the basic, supplemental and catastrophic components, by the department.

A. Prescription and nonprescription drugs, medications and medical supplies of manufacturers that enter into rebate agreements pursuant to paragraph H may be available under the program. The
department may create and implement a preferred drug list. Drugs may be made available through the operation of the basic and supplemental components of the program as follows.

1. The basic component of the program must provide drugs and medications for cardiac conditions and high blood pressure, diabetes, arthritis, anticoagulation, hyperlipidemia, osteoporosis, chronic obstructive pulmonary disease and asthma, incontinence, thyroid diseases, glaucoma, parkinson's disease, multiple sclerosis and amyotrophic lateral sclerosis. The basic component must also provide over-the-counter medications that are prescribed by a health care provider and approved as cost-effective by the department.

2. The supplemental component of the program must provide all prescription drugs and medications of manufacturers that enter into rebate agreements pursuant to paragraph H other than those prescription drugs and medications provided under subparagraph (1). [PL 2005, c. 401, Pt. A, §2 (NEW).]

B. An individual is eligible for the program if that individual:

1. Is a legal resident of the State;
2. Meets the income eligibility criteria set forth in this section or is eligible for both MaineCare and Medicare Part D;
3. Does not receive full MaineCare pharmaceutical benefits;
4. Is at least 62 years of age, or is 19 years of age or older and determined to be disabled by the standards of the federal social security program. A person who was eligible for the program at any time from August 1, 1998 to July 31, 1999 and who does not meet the requirements of this subparagraph at the time of application or renewal retains eligibility for the program if that person is a member of a household of an eligible person; and
5. Does not have more than $50,000 individually or more than $75,000 per couple in liquid assets. [PL 2015, c. 267, Pt. TT, §1 (AMD).]

C. The department may require that an enrollee or applicant for the program who is otherwise eligible for Medicare Part D become a beneficiary under Medicare Part D unless the department determines that good cause exists for the person not to participate in Medicare Part D. [PL 2005, c. 401, Pt. A, §2 (NEW).]

D. Income eligibility of individuals must be determined by this paragraph and by reference to the federal poverty guidelines for the 48 contiguous states and the District of Columbia, as defined by the federal Office of Management and Budget and revised annually in accordance with the United States Omnibus Budget Reconciliation Act of 1981, Section 673, Subsection 2, Public Law 97-35, reauthorized by Public Law 105-285, Section 201 (1998). If the household income is not more than 185% of the federal poverty guideline applicable to the household, the individual is eligible for the basic program and the supplemental program. Individuals are also eligible for the basic and the supplemental program if the household spends at least 40% of its income on unreimbursed direct medical expenses for prescription drugs and medications and the household income is not more than 25% higher than the levels specified in this paragraph. For the purposes of this paragraph, the cost of drugs provided to a household under this section is considered a cost incurred by the household for eligibility determination purposes. [PL 2019, c. 343, Pt. ZZ, §1 (AMD).]

E. Specifications for the administration and management of the program may include, but are not limited to, program objectives, accounting and handling practices, supervisory authority and evaluation methodology. [PL 2005, c. 401, Pt. A, §2 (NEW).]

F. The method of prescribing or ordering the drugs under paragraph A may include, but is not limited to, the use of standard or larger prescription refill sizes so as to minimize operational costs and to maximize economy. Unless the prescribing physician indicates otherwise or the department
determines that it would not be cost-effective, the use of generic or chemically equivalent drugs is required, as long as these drugs are of the same quality and have the same mode of delivery as is provided to the general public, consistent with good pharmaceutical practice. [PL 2005, c. 401, Pt. A, §2 (NEW).]

G. The commissioner may establish the amount of payment to be made by the program and by enrollees toward the cost of drugs and medications furnished under the program, including covered prescription and nonprescription drugs, medications and medical supplies, under the following terms.

1. For the basic component of the program, the total cost to an enrollee for the purchase of any covered drug or medication may not exceed the sum of $2 plus 20% of the price allowed for that drug or medication under program rules.

2. For the supplemental component of the program, the total cost to an enrollee for the purchase of any covered drug or medication may not exceed:
   a. For a brand name drug or medication, the cost to the program for that drug or medication minus the $2 paid by the program; and
   b. For a generic drug or medication, the sum of $2 plus 20% of the price allowed for that drug or medication under program rules.

3. For the catastrophic component of the program, the commissioner shall establish annual limits on the costs incurred by enrollees for drugs and medications covered under the program on or prior to May 31, 2001. After the limit is reached, the program must pay 80% of the cost of each drug and medication covered by the supplemental component of the program on May 31, 2001 minus $2. Any remaining amount is paid by the enrollee. The limits must be set by the commissioner by rule as necessary to operate the program within the program budget. [PL 2005, c. 401, Pt. A, §2 (NEW).]

H. Payment must be denied for drugs from manufacturers that do not enter into a rebate agreement with the department.

1. Each agreement must provide that the manufacturer make rebate payments for both the basic and supplemental components of the program to the department according to the following schedule.
   a. From October 1, 1992 to October 1, 1998, the rebate percentage is equal to the percentage recommended by the federal Center for Medicare and Medicaid Services of the manufacturer's wholesale price for the total number of dosage units of each form and strength of a prescription drug that the department reports as reimbursed to providers of prescription drugs, provided payments are not due until 30 days following the manufacturer's receipt of utilization data supplied by the department, including the number of dosage units reimbursed to providers of prescription drugs during the period for which payments are due.
   b. Beginning October 1, 1998, the department shall seek to achieve an aggregate rebate amount from all rebate agreements that is 6 percentage points higher than that required by division (a), provided such rebates result in a net increase in the rebate revenue available to the elderly low-cost drug program.

2. Upon receipt of data from the department, the manufacturer shall calculate the quarterly payment.
   a. If a discrepancy is discovered, the department may, at its expense, hire a mutually agreed-upon independent auditor to verify the manufacturer's calculation.
(b) If a discrepancy is still found, the manufacturer shall justify its calculation or make payment to the department for any additional amount due.

(c) The manufacturer may, at its expense, hire a mutually agreed-upon independent auditor to verify the accuracy of the utilization data provided by the department. If a discrepancy is discovered, the department shall justify its data or refund any excess payment to the manufacturer.

(d) If the dispute over the rebate amount is not resolved, a request for a hearing with supporting documentation must be submitted to the department's division of administrative hearings. Failure to resolve the dispute may be cause for terminating the drug rebate agreement and denying payment to the manufacturer for any drugs.

(3) A prescription drug of a manufacturer that does not enter into an agreement pursuant to this paragraph is reimbursable only if the department determines the prescription drug is essential.

(4) All prescription drugs of a manufacturer that enters into an agreement pursuant to this paragraph that appear on the list of approved drugs under the program must be immediately available and the cost of the drugs must be reimbursed except as provided in this paragraph. The commissioner may impose prior authorization requirements on drugs under the program. If the commissioner establishes maximum retail prices for prescription drugs pursuant to section 2693, the department shall adopt rules for the program requiring the use of a drug formulary and prior authorization for the dispensing of certain drugs to be listed on a formulary.

(5) The names of manufacturers who do and do not enter into rebate agreements pursuant to this paragraph are public information. The department shall release this information to health care providers and the public on a regular basis and shall publicize participation by manufacturers that is of particular benefit to the public. [RR 2015, c. 1, §16 (COR).]

I. The eligibility determination made by the department is final, subject to appeal in accordance with the appeal process established in the MaineCare program. [PL 2005, c. 401, Pt. A, §2 (NEW).]

[PL 2019, c. 343, Pt. ZZ, §1 (AMD).]

5. Relationship to federal Medicare program. To the extent permitted by federal law and to the extent that funds are available, the department may:

A. Serve as the authorized representative for enrollees for the purpose of enrollment in a Medicare Part D plan; [PL 2005, c. 401, Pt. A, §2 (NEW).]

B. Apply for Medicare Part D benefits and subsidies on behalf of enrollees; [PL 2005, c. 401, Pt. A, §2 (NEW).]

C. Establish rules by which enrollees may opt out of the procedures under paragraphs A and B; [PL 2005, c. 401, Pt. A, §2 (NEW).]

D. At its discretion, file exceptions and appeals pertaining to Medicare Part D eligibility or benefits on behalf of enrollees who are beneficiaries under Medicare Part D. The department may identify a designee for this function; [PL 2005, c. 401, Pt. A, §2 (NEW).]

E. Identify objective criteria for evaluating Medicare Part D plans for the purposes of assisting or enrolling persons in those plans; [PL 2005, c. 401, Pt. A, §2 (NEW).]

F. Deem eligible for and enroll in the program without the need for application individuals who are eligible for both MaineCare and Medicare Part D; [PL 2005, c. 401, Pt. A, §2 (NEW).]

G. For enrollees who are also beneficiaries under or eligible for Medicare Part D:
(1) Provide coverage of drugs to the same extent that coverage is available to enrollees who are not eligible for Medicare Part D; and

(2) Provide assistance with premiums and other cost-sharing requirements of Medicare Part D; and [PL 2005, c. 401, Pt. A, §2 (NEW).]

H. For enrollees who are MaineCare members and who are also beneficiaries under or eligible for Medicare Part D:

(1) Provide coverage of drugs to the same extent that coverage is available to enrollees who are MaineCare members who are not eligible for Medicare Part D; and

§255. Coordination of health services funded through the state and federal funds

1. Findings and declaration of legislative intent. The Legislature finds that the costs of health care and services provided by health care facilities are matters of vital concern to the people of this State and have a direct relationship to the ability of the people to obtain necessary health care. The Legislature makes the following statements of findings and purposes. [PL 2001, c. 664, §2 (NEW).]

1. Findings. The Legislature finds that unnecessary construction or modification of health care facilities and duplication of health services are substantial factors in the cost of health care and the ability of the public to obtain necessary medical services. [PL 2001, c. 664, §2 (NEW).]

2. Purposes. The purposes of this chapter are to:
   A. Support effective health planning; [PL 2001, c. 664, §2 (NEW).]
   B. Support the provision of quality health care in a manner that ensures access to cost-effective services; [PL 2001, c. 664, §2 (NEW).]
   C. Support reasonable choice in health care services while avoiding excessive duplication; [PL 2001, c. 664, §2 (NEW).]
   D. Ensure that state funds are used prudently in the provision of health care services; [PL 2001, c. 664, §2 (NEW).]
   E. Ensure public participation in the process of determining the array, distribution, quantity, quality and cost of these health care services; [PL 2001, c. 664, §2 (NEW).]
   F. Improve the availability of health care services throughout the State; [PL 2001, c. 664, §2 (NEW).]
   G. Support the development and availability of health care services regardless of the consumer's ability to pay; [PL 2001, c. 664, §2 (NEW).]
   H. Seek a balance, to the extent a balance assists in achieving the purposes of this subsection, between competition and regulation in the provision of health care; and [PL 2001, c. 664, §2 (NEW).]
   I. Promote the development of primary and secondary preventive health care services. [PL 2001, c. 664, §2 (NEW).]

1. Access to care. "Access to care" means the ability to obtain in a timely manner needed personal health services to achieve the best possible health outcomes balanced by the health system's resource limitations. Access to care may be influenced by many factors, including, without limitation, travel, distance, waiting time, available resources, availability of a source of care and the health status of the population served. [PL 2001, c. 664, §2 (NEW).]

In determining whether medical equipment costs more than the threshold provided in this subsection, the cost of studies, surveys, designs, plans, working drawings, specifications and other activities essential to acquiring the equipment must be included. If the equipment is acquired for less than fair market value, the term "cost" includes the fair market value. 1. **Criteria for subsequent review.** The following activities require subsequent review and approval if the department has previously issued a certificate of need and one or more of the following circumstances occur within 3 years after the approved activity is undertaken:

   A. There is a significant change in financing; [PL 2001, c. 664, §2 (NEW).]
   B. There is a change affecting the licensed or certified bed capacity as approved in the certificate of need; [PL 2001, c. 664, §2 (NEW).]
   C. There is a change involving the addition or termination of the health services proposed to be rendered; [PL 2001, c. 664, §2 (NEW).]
   D. There is a change in the site or the location of the proposed health care facility; or [PL 2001, c. 664, §2 (NEW).]
   E. There is a substantial change proposed in the design of the health care facility or the type of construction. [PL 2001, c. 664, §2 (NEW).]

[PL 2001, c. 664, §2 (NEW).]

2. **Procedures for subsequent review.** Any person proposing to undertake any activity requiring subsequent review and approval shall file with the department, within 30 days of the time that person first has actual knowledge of the circumstances requiring subsequent review, a notice setting forth the following information:

   A. The nature of the proposed change; [PL 2001, c. 664, §2 (NEW).]
   B. The rationale for the change including, where appropriate, an explanation of why the change was not set forth in the original application or letter of intent; and [PL 2001, c. 664, §2 (NEW).]
   C. Other pertinent detail subject to the procedures and criteria set forth in section 335. [PL 2001, c. 664, §2 (NEW).]
The department shall, within 30 days of receipt of the information, advise that person in writing whether the proposed change is approved. If not approved, the application must be treated as a new application under this Act. If approved, the department shall amend the certificate of need as appropriate. [PL 2001, c. 664, §2 (NEW).]

SECTION HISTORY

§332. Subsequent review

1. Subsequent review following approval. When the commissioner has approved an application filed unconditionally or subject to conditions pursuant to section 335, subsection 8, the commissioner may conduct a subsequent review to ensure compliance with any terms or conditions of approval within 3 years after the approved activity is undertaken. In this subsequent review, the commissioner may hold a public hearing and may consider any material or significant changes in factors or circumstances relied upon by the commissioner in approving the application and significant and relevant information that either is new or was withheld by the applicant at the time of the process under section 335. If, upon review, the commissioner determines that any terms or conditions of the approval have not been met, the commissioner may take enforcement action consistent with subsection 3 and other applicable provisions of this Act. [PL 2007, c. 440, §7 (NEW).]

2. Subsequent review following determination of nonapplicability. The commissioner may hold a public hearing to determine whether the proponent of the expenditure knowingly withheld significant and relevant information or made any material misrepresentations at the time the nonapplicability determination was rendered. The commissioner may take enforcement action consistent with the provisions of this Act if, upon review, the commissioner determines that:

   A. At the time the nonapplicability determination was rendered the proponent of the expenditure knowingly withheld significant and relevant information or made any material misrepresentations; and [PL 2007, c. 440, §7 (NEW).]

   B. If the proponent had provided proper information, a certificate of need would have been required for the expenditure or action. [PL 2007, c. 440, §7 (NEW).]

[PL 2007, c. 440, §7 (NEW).]

3. Enforcement actions. When the commissioner determines, following the procedures set forth in subsections 1 and 2, that the holder of a certificate of need when properly required has failed to meet the conditions set forth in the certificate of need approval or that a person covered by this Act has improperly obtained a nonapplicability ruling, the commissioner may take one or more of the following actions.

   A. The commissioner may, pursuant to section 347, condition the person's license to prohibit the unauthorized activity and determine the ongoing conduct of that activity to be in violation of the respective chapter under which the person is licensed. A person that is subject to a ruling under this paragraph may request, and the commissioner shall grant pursuant to the Maine Administrative Procedure Act, a stay of the effect of any such determination to condition the person's license to prohibit the particular activity pending final agency action. [PL 2007, c. 440, §7 (NEW).]

   B. The commissioner may seek to enjoin the unlawful activity pursuant to section 349. [PL 2007, c. 440, §7 (NEW).]

   C. The commissioner may impose civil penalties against the person pursuant to section 350. [PL 2007, c. 440, §7 (NEW).]

   D. The commissioner may, pursuant to section 348, petition the Superior Court to withhold prospectively the reimbursement, payment or other financial assistance, either directly or indirectly,
from a state agency or other 3rd-party payor that is directly related to the project or activity that required a certificate of need. [PL 2007, c. 440, §7 (NEW).]

E. In determining the appropriate sanction, the commissioner or the court shall consider a range of factors and public interests, as applicable to the circumstances, including but not limited to:

1. The degree of negligent or intentional conduct;
2. The clarity or vagueness of the relevant statute or rule;
3. The clarity or vagueness of the prior approval or condition;
4. The efforts of the person to maintain compliance;
5. Whether the person knowingly withheld significant and relevant information or made any material misrepresentations at the time the nonapplicability determination was rendered;
6. The public interest in maintaining the service; and
7. All other proper factors at law and in equity. [PL 2007, c. 440, §7 (NEW).]

[PL 2007, c. 440, §7 (NEW).]

SECTION HISTORY

§333. Procedures after voluntary nursing facility reductions

1. Procedures. A nursing facility that voluntarily reduces the number of its licensed beds at any time prior to July 1, 2007, for any reason except to create private rooms may convert the beds back and thereby increase the number of nursing facility beds to no more than the previously licensed number of nursing facility beds, after obtaining a certificate of need in accordance with this section, as long as the nursing facility has been in continuous operation without material change of ownership. For purposes of this section and sections 333-A and 334-A, beds voluntarily removed from service prior to July 1, 2007 and available to be reinstated under this section are referred to as "reserved beds." Reserved beds remain facility property until they lapse as provided for in this section or are transferred. To reinstate reserved beds under this subsection, the nursing facility must:

A. Give notice of the number of beds it is reserving no later than 30 days after the effective date of the license reduction; [PL 2007, c. 440, §8 (AMD).]

A-1. Annually provide notice to the department no later than July 1st of each year of the nursing facility's intent to retain these reserved beds, subject to the limitations set forth in subsection 2, paragraph B. Notice provided under this paragraph preserves the reserved beds through June 30th of the following year. The annual notice on reserved beds may be filed by an individual nursing facility or by multiple nursing facilities through a membership organization approved by the department by a single filing; and [PL 2011, c. 648, §2 (AMD).]

B. Obtain a certificate of need to convert beds back under section 335, except that, if no construction is required for the conversion of beds back, the application must be processed in accordance with subsection 2. The department in its review shall evaluate the impact that the nursing facility beds to be converted back would have on those existing nursing facility beds and facilities within 30 miles of the applicant's facility and shall determine whether to approve the request based on current certificate of need criteria and methodology. [PL 2011, c. 424, Pt. B, §3 (AMD); PL 2011, c. 424, Pt. E, §1 (AFF).]

[PL 2011, c. 648, §2 (AMD).]

2. Expedited review. Except as provided in subsection 1, paragraph B, an application for a certificate of need to reopen beds reserved in accordance with this section must be processed on an
expedited basis in accordance with rules adopted by the department providing for shortened review
time and for a public hearing if requested by a person directly affected by a review. The department
shall consider and decide upon these applications as follows:

A. Review of applications that meet the requirements of this section must be based on the
requirements of section 335, subsection 7, except that the determinations required by section 335,
subsection 7, paragraph B must be based on the historical costs of operating the beds and must
consider whether the projected costs are consistent with the costs of the beds prior to closure,
adjusted for inflation; and [PL 2001, c. 664, §2 (NEW).]

B. If the nursing facility fails to provide the annual notices required by subsection 1, paragraph B,
the nursing facility’s ability to convert beds back under this section lapses, and the beds must be
treated as lapsed beds for purposes of this section and sections 333-A and 334-A. [PL 2011, c.
424, Pt. B, §4 (AMD); PL 2011, c. 424, Pt. E, §1 (AFF).]
[PL 2011, c. 648, §3 (AMD).]

3. Effect on other review proceedings. Lapsed beds may not be treated as available nursing
facility beds for the purpose of evaluating need under section 335. Reserved beds must be counted as
available nursing facility beds for the purpose of evaluating need under section 335 only if:

A. The nursing facility retains the ability to convert the reserved beds back to nursing facility use
under the terms of this section; [PL 2007, c. 440, §10 (NEW).]

B. The nursing facility having the reserved beds is located within a reasonable distance of the
population projected to be served by the project under review; and [PL 2007, c. 440, §10
(NEW).]

C. The nursing facility having the reserved beds is willing to convert them to meet a need identified
in that project review. The department shall inquire of facilities having reserved beds in the area
of the State to be served by a proposed project before determining whether reserved beds will be
counted as available. [PL 2007, c. 440, §10 (NEW).]
[PL 2007, c. 440, §10 (RPR).]

4. Rulemaking. Rules adopted pursuant to this section are routine technical rules as defined by
Title 5, chapter 375, subchapter 2-A.
[PL 2009, c. 383, §7 (AMD).]

SECTION HISTORY
(AMD).

§333-A. Procedures for allowing reallocation of nursing facility capacity

1. Nursing facility MaineCare funding pool. Except as set forth in subsection 3-A and section
334-A, savings to the MaineCare program as a result of delicensing of nursing facility beds on or after
July 1, 2005, including savings from lapsed beds but excluding savings from reserved beds, must be
credited to the nursing facility MaineCare funding pool, which must be maintained by the department
to provide for the development of new beds or other improvements requiring a certificate of need. For
those nursing facility projects that propose to add new nursing facility beds to the inventory of beds
within the State, the balance of the nursing facility MaineCare funding pool, as adjusted to reflect
current costs consistent with the rules and statutes governing reimbursement of nursing facilities, serves
as a limit on the MaineCare share of all incremental 3rd-year operating costs of such projects unless
such projects are approved under applicable provisions of section 334-A. Nursing facility projects that
do not add new nursing facility beds to the inventory of beds within the State are not subject to the
nursing facility MaineCare funding pool.
2. Procedure. The balance of the nursing facility MaineCare funding pool must be used for development of additional nursing facility beds in areas of the State where additional beds are needed to meet the community need. The department must assess needs throughout the State and issue requests for proposals for the development of additional beds in areas where need has been identified by the department, except in the event of an emergency, when the department may use a sole source process. Proposals must be evaluated based on consideration of quality of care and cost, and preference must be given to existing nursing facilities in the identified need area that may increase licensed capacity by adding on to or renovating the existing facility.

3. Emergencies and necessary renovations.

3-A. Transfers between nursing facility and residential care facility. A nursing facility may delicense and sell or transfer beds to a residential care facility for the purpose of permitting the residential care facility to add MaineCare-funded beds to meet identified needs for such beds. Such a transfer does not require a certificate of need but is subject to prior approval of the department on an expedited basis. The divisions within the department that are responsible for licensing and MaineCare reimbursement for nursing facilities and residential care facilities shall work cooperatively to review and consider whether to approve such transfers on an expedited basis. When the average current occupancy rate for existing state-funded residential care beds within 30 miles of the applicant facility is 80% or less, the department in its review under section 335 shall evaluate the impact that the proposed additional state-funded residential care beds would have on these existing state-funded residential care beds and facilities. Beds and MaineCare resources transferred pursuant to this subsection are not subject to the nursing facility MaineCare funding pool. In order for the department to approve delicensing, selling or transferring under this subsection, the department must determine that any increased MaineCare residential care costs associated with the converted beds are fully offset by reductions in the MaineCare costs from the reduction in MaineCare nursing facility costs associated with the converted beds.

4. Rulemaking. The department may establish rules to implement this section. Rules adopted pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.

§334. Nursing facility projects

§334-A. Nursing facility projects

1. Projects that expand current bed capacity.
1-A. Projects that expand current bed capacity. Nursing facility projects that propose to add new nursing facility beds to the inventory of nursing facility beds within the State may be considered under either of the following 2 options:

A. These projects may be grouped for competitive review purposes consistent with funds available from the nursing facility MaineCare funding pool and may be approved if sufficient funds are available from the nursing facility MaineCare funding pool or are added to the pool by an act of the Legislature, except that the department may approve, without available funds from the pool, projects to reopen beds previously reserved by a nursing facility through a voluntary reduction pursuant to section 333 if the annual total of reopened beds approved does not exceed 100; or [PL 2011, c. 424, Pt. B, §10 (NEW); PL 2011, c. 424, Pt. E, §1 (AFF).]

B. Petitioners proposing such projects may elect not to participate in a competitive review under paragraph A and the projects may be approved if:

(1) The petitioner, or one or more nursing facilities or residential care facilities or combinations thereof under common ownership or control, has agreed to delicense a sufficient number of beds from the total number of currently licensed or reserved beds, or is otherwise reconfiguring the operations of such facilities, so that the MaineCare savings associated with such actions are sufficient to fully offset any incremental MaineCare costs that would otherwise arise from implementation of the certificate of need project and, as a result, there are no net incremental MaineCare costs arising from implementation of the certificate of need project or

(2) The petitioner, or one or more nursing facilities or residential care facilities or combinations thereof under common ownership or control, has acquired bed rights from another nursing facility or facilities or residential care facility or facilities or combinations thereof that agree to delicense beds or that are ceasing operations or otherwise reconfiguring their operations, and the MaineCare revenues associated with these acquired bed rights and related actions are sufficient to cover the additional requested MaineCare costs associated with the project. The divisions within the department that are responsible for licensing and MaineCare reimbursement for nursing facilities and residential care facilities shall work cooperatively to review and consider whether to approve such projects.

With respect to the option described in this paragraph, when the average then current occupancy rate for existing nursing facility beds at facilities within 30 miles of the applicant facility exceeds 85%, the department in its review under section 335 shall evaluate the impact that the proposed additional nursing facility beds would have on those existing nursing facility beds and facilities and shall determine whether to approve the request based on current certificate of need criteria and methodology.

Certificate of need projects described in this paragraph are not subject to or limited by the nursing facility MaineCare funding pool. [PL 2011, c. 648, §5 (AMD).]

[PL 2011, c. 648, §5 (AMD).]

2. Projects to relocate beds. Nursing facility projects that do not add new nursing facility beds to the inventory of nursing facility beds within the State, but instead propose to relocate beds from one or more nursing facilities to one or more existing or new nursing facilities:

A. May also propose renovation, replacement or other actions requiring certificate of need review; and [PL 2007, c. 440, §13 (NEW).]

B. May be approved by the department upon a showing by the petitioner that the project fulfills all pertinent requirements and the review criteria set forth in section 335. [PL 2011, c. 424, Pt. B, §11 (AMD); PL 2011, c. 424, Pt. E, §1 (AFF).]

Certificate of need projects described in this subsection are not subject to or limited by the nursing facility MaineCare funding pool.
2-A. Other types of certificate of need projects. Other types of nursing facility projects that do not add new nursing facility beds to the inventory of nursing facility beds within the State and do not propose to relocate beds from one facility to another existing or new facility and that propose any renovation, replacement, transfer of ownership or other actions requiring certificate of need review, such as capital expenditures for equipment and renovations that are above applicable thresholds, may be approved by the department upon a showing that the project fulfills all pertinent requirements and the review criteria set forth in section 335.

Certificate of need projects described in this subsection are not subject to or limited by the nursing facility MaineCare funding pool.

2-B. Emergencies and necessary nursing facility projects. If the department determines that an emergency exists, it may approve a necessary nursing facility certificate of need application on an expedited basis when the applicant proposes capital expenditures for renovations and improvements that are necessary:

A. To achieve compliance with code and related regulatory requirements; [PL 2011, c. 424, Pt. B, §13 (NEW); PL 2011, c. 424, Pt. E, §1 (AFF).]

C. To address other patient safety requirements and standards; or [PL 2011, c. 424, Pt. B, §13 (NEW); PL 2011, c. 424, Pt. E, §1 (AFF).]

D. To address other necessary and time-sensitive patient safety or compliance issues. [PL 2011, c. 424, Pt. B, §13 (NEW); PL 2011, c. 424, Pt. E, §1 (AFF).]

Certificate of need projects described in this subsection are not subject to or limited by the nursing facility MaineCare funding pool.

3. Evaluating costs. Beginning with all applications pending on February 15, 2012, in evaluating whether a project will increase MaineCare expenditures for a nursing facility for the purposes of this section, the department shall:

A. Allow gross square footage per licensed bed of not less than 500 square feet unless the applicant specifies a smaller allowance for the project. [PL 2011, c. 424, Pt. B, §14 (AMD); PL 2011, c. 424, Pt. E, §1 (AFF).]

4. Cost associated with energy-efficient improvements. The cost associated with energy-efficient improvements in nursing facilities, as set forth in rules governing special reimbursement provisions for energy-efficient improvements adopted by the department, must be excluded from the cost of a project in determining whether the project is subject to review.

[PL 2009, c. 430, §5 (NEW).]
§335. Approval; record

This section applies to determinations by the commissioner under this chapter. [PL 2001, c. 664, §2 (NEW).]

1. Basis for decision. Based solely on a review of the record maintained under subsection 6, the commissioner shall approve an application for a certificate of need if the commissioner determines that the project:
   A. Meets the conditions set forth in subsection 7; [PL 2003, c. 469, Pt. C, §8 (NEW).]
   B. [PL 2011, c. 90, Pt. J, §5 (RP).]
   C. Ensures high-quality outcomes and does not negatively affect the quality of care delivered by existing service providers; [PL 2003, c. 469, Pt. C, §8 (NEW).]
   D. Does not result in inappropriate increases in service utilization, according to the principles of evidence-based medicine adopted by the Maine Quality Forum, as established in Title 24-A, section 6951, when the principles adopted by the Maine Quality Forum are directly applicable to the application; and [PL 2011, c. 424, Pt. B, §15 (AMD); PL 2011, c. 424, Pt. E, §1 (AFF).]
   E. [PL 2013, c. 424, Pt. A, §10 (RP).]
   F. In the case of a nursing facility project that proposes to add new nursing facility beds to the inventory of nursing facility beds within the State, is consistent with the nursing facility MaineCare funding pool and other applicable provisions of sections 333-A and 334-A. [PL 2011, c. 424, Pt. B, §15 (NEW); PL 2011, c. 424, Pt. E, §1 (AFF).]
   [PL 2013, c. 424, Pt. A, §10 (AMD).]

1-A. Competitive review. The commissioner may review applications on a competitive basis if the applications propose the same or similar services. [PL 2011, c. 648, §6 (AMD).]

2. Communications. Staff of the department with responsibility for the certificate of need program may meet with, or otherwise communicate with, any person who is not a department employee and who wants to provide information to be considered in connection with an application for a certificate of need. [PL 2011, c. 648, §7 (AMD).]

3. Limited communications. All communications regarding any letter of intent or application with the commissioner or with department staff responsible for the certificate of need program from any person who is not a department employee that the department staff reasonably believes is intended to influence the analyses relating to or the decision regarding an application for certificate of need must be made part of the record described in subsection 5-A. If such communications are not in written form or part of public meetings, these communications must be noted in writing by the commissioner or by department staff and that notation must be made part of the application record. [PL 2011, c. 648, §8 (AMD).]

4. Decision. The commissioner's decision must be in writing and must contain appropriate references to the record. If the application is denied, the decision must specifically address comments received and made part of the record that favor granting the application. If the application is approved, the decision must specifically address comments received and made part of the record that favor denial of the application. [PL 2001, c. 664, §2 (NEW).]
5. Record.

[PL 2007, c. 440, §17 (RP).]

5-A. Record. The record created by the department in the course of its review of an application must contain the following:

A. The letter of intent described in section 337, subsection 1, all other materials submitted by the applicant relating to the letter of intent and any written materials relating to the letter of intent; [PL 2007, c. 440, §18 (NEW).]

B. The application and all other materials submitted by the applicant for the purpose of making those documents part of the record; [PL 2007, c. 440, §18 (NEW).]

C. All information generated by or for the department in the course of gathering material to assist the commissioner in determining whether the conditions for granting an application for a certificate of need have or have not been met. This information may include, without limitation, the report of consultants, including reports by panels of experts assembled by the department to advise it on the application, memoranda of meetings or conversations with any person interested in commenting on the application, letters, memoranda and documents from other interested agencies of State Government and memoranda describing officially noticed facts; [PL 2007, c. 440, §18 (NEW).]

D. Stenographic or electronic recordings of any public hearing held by the commissioner or the staff of the department at the direction of the commissioner regarding the application; [PL 2007, c. 440, §18 (NEW).]

E. Stenographic or electronic recording of any public informational meeting held by the department pursuant to section 337, subsection 5; [PL 2007, c. 440, §18 (NEW).]

F. Any documents submitted by any person for the purpose of making those documents part of the record regarding any application for a certificate of need or for the purpose of influencing the outcome of any analyses or decisions regarding an application for certificate of need, except documents that have been submitted anonymously. Such source-identified documents automatically become part of the record upon receipt by the department; [PL 2007, c. 440, §18 (NEW).]

G. Preliminary and final analyses of the record prepared by the staff; [PL 2007, c. 440, §18 (NEW).]

H. Except with regard to a project related to nursing facility services, a written assessment by the Director of the Maine Center for Disease Control and Prevention of the impact of the project on the health of Maine citizens; and [PL 2007, c. 440, §18 (NEW).]

I. Except with regard to a project related to nursing facility services, or a project that qualifies for a simplified review process under section 336, a written assessment by the Superintendent of Insurance of the impact of the project on the cost of insurance in the region and the State when required by the commissioner. The superintendent may request additional information from the applicant for the purpose of reviewing the application. Any such request must be transmitted through the department and becomes part of the official record. The applicant shall respond to the request within 30 days. Any such response must be transmitted through the department and becomes part of the official record. The inability of the superintendent to complete the review of the application due to the failure of the applicant to respond timely must be noted in the superintendent's assessment filed with the department and may be cause for the commissioner to deny approval of the project. [PL 2013, c. 424, Pt. B, §9 (AMD).]

[PL 2013, c. 424, Pt. B, §9 (AMD).]

6. Maintenance of the record. The record created pursuant to subsection 5-A first opens on the day the department receives a certificate of need application. From that day, all of the record is a public
record. The letter of intent becomes a public record upon the receipt of the letter and is available for review from the date of receipt. Any person may examine all or part of the public record and purchase copies of any or all of that record during the normal business hours of the department.

A. The department shall accept public comments and additional information from the applicant for a period of 30 days after the public informational meeting held under section 337, subsection 5 or the public hearing held under section 339, subsection 2, whichever is later. The record will then close until public notice that the preliminary staff analysis has been made part of the record. [PL 2011, c. 648, §10 (NEW).]

B. A technical assistance meeting with the department must be scheduled at least 10 days before the department publishes the preliminary analysis of a certificate of need application. At the technical assistance meeting the department shall:

1. Give applicants an opportunity to hear whether the certificate of need application is likely to be approved or denied;
2. Give applicants an opportunity to address issues and concerns expressed by the department regarding compliance with this chapter; and
3. Give applicants an opportunity to offer additional information to the department.

Any additional information submitted by the applicant becomes part of the public record. The department shall complete its review after the technical assistance meeting and before the department publishes the preliminary analysis. [PL 2011, c. 648, §10 (NEW).]

C. The department shall give notice that the preliminary analysis is complete and part of the public record by publication in a newspaper of general circulation in Kennebec County, in a newspaper published within the service area of the project and on the department’s publicly accessible website. [PL 2011, c. 648, §10 (NEW).]

D. The public and the applicant may submit comments on the preliminary analysis for 15 business days after the notice is published under paragraph C. [PL 2011, c. 648, §10 (NEW).]

E. The department may determine to reopen the record in circumstances that it determines to be appropriate for a limited time to permit submission of additional information, as long as the department gives public notice consistent with the provisions of this subsection. [PL 2011, c. 648, §10 (NEW).]

7. Expanded review process; approval. Except as provided in section 334-A, subsection 2-B with respect to emergency nursing facility projects, section 336 with respect to the simplified review process and subsection 9 of this section with respect to emergency certificates of need, the commissioner, or the commissioner’s designee in the case of a simplified review under section 336 or an emergency review, shall issue a certificate of need if the commissioner or the commissioner's designee determines and makes specific written findings regarding that determination that:

A. The applicant is fit, willing and able to provide the proposed services at the proper standard of care as demonstrated by, among other factors, whether the quality of any health care provided in the past by the applicant or a related party under the applicant's control meets industry standards.

If the applicant is a provider of health care services that are substantially similar to those services being reviewed and is licensed in the State, the requirements of this paragraph are deemed to have been met if the services previously provided in the State by the applicant are consistent with applicable licensing and certification standards; [PL 2011, c. 648, §11 (AMD).]

B. The economic feasibility of the proposed services is demonstrated in terms of the:
(1) Capacity of the applicant to support the project financially over its useful life, in light of the rates the applicant expects to be able to charge for the services to be provided by the project; and

(2) Applicant's ability to establish and operate the project in accordance with existing and reasonably anticipated future changes in federal, state and local licensure and other applicable or potentially applicable rules. If the applicant is a provider of health care services that are substantially similar to those services being reviewed and is licensed in the State, the applicant is deemed to have fulfilled the requirements of this subparagraph if the services provided in the State by the applicant during the most recent 3-year period are of similar size and scope and are consistent with applicable licensing and certification standards; [PL 2011, c. 648, §11 (AMD).]

C. There is a public need for the proposed services as demonstrated by certain factors, including, but not limited to:

(1) Whether, and the extent to which, the project will substantially address specific health problems as measured by health needs in the area to be served by the project;

(2) Whether the project will have a positive impact on the health status indicators of the population to be served;

(3) Whether the services affected by the project will be accessible to all residents of the area proposed to be served; and

(4) Whether the project will provide demonstrable improvements in quality and outcome measures applicable to the services proposed in the project; [PL 2003, c. 469, Pt. C, §11 (AMD).]

D. The proposed services are consistent with the orderly and economic development of health facilities and health resources for the State as demonstrated by:

(1) The impact of the project on total health care expenditures after taking into account, to the extent practical, both the costs and benefits of the project and the competing demands in the local service area and statewide for available resources for health care;

(2) The availability of state funds to cover any increase in state costs associated with utilization of the project's services; and

(3) The likelihood that more effective, more accessible or less costly alternative technologies or methods of service delivery may become available; and [PL 2003, c. 469, Pt. C, §11 (AMD).]

E. The project meets the criteria set forth in subsection 1. [PL 2003, c. 469, Pt. C, §12 (NEW).] In making a determination under this subsection, the commissioner may use data from the Maine Health Data Organization established in chapter 1683 and other information available to the commissioner to the extent such data and information is applicable to the determination being made. The commissioner may give appropriate weight to information that indicates that the proposed health services are innovations in high-quality health care delivery, that the proposed health services are not reasonably available in the proposed area and that the facility proposing the new health services is designed to provide excellent quality health care. [PL 2011, c. 648, §11 (AMD).]

8. Conditional approvals. The commissioner may grant an application subject to conditions that relate to the criteria for approval of the application. [PL 2001, c. 664, §2 (NEW).]
9. Emergency certificate of need. Upon the written or oral request of an applicant asserting that an emergency situation exists, the department shall immediately determine whether an emergency situation exists and upon finding that an emergency situation does exist shall issue a certificate of need for a project necessary on account of the emergency situation. The scope of the certificate of need may not exceed that which is necessary to remedy or otherwise effectively address the emergency situation. The certificate of need may be subject to conditions consistent with the purpose of this Act that do not interfere with the applicant's ability to respond effectively to the emergency.

The commissioner shall find an emergency situation exists whenever the commissioner finds that an applicant has demonstrated:

A. The necessity for immediate or temporary relief due to a natural disaster, a fire, an unforeseen safety consideration, a major accident, equipment failure, foreclosure, receivership or an action of the department or other circumstances determined appropriate by the department; [PL 2001, c. 664, §2 (NEW).]

B. The serious adverse effect of delay on the applicant and the community that would be occasioned by compliance with the regular requirements of this chapter and the rules adopted by the department; and [PL 2001, c. 664, §2 (NEW).]

C. The lack of substantial change in the facility or services that existed before the emergency situation. [PL 2001, c. 664, §2 (NEW).]

§336. Simplified review and approval process

Notwithstanding the requirements set forth in section 335, the department shall conduct a simplified review and approval process in accordance with this section unless a public hearing has been requested pursuant to section 339, subsection 2, paragraph D, in which case the project is subject to the expanded review in section 335. The department shall by rule set forth this simplified review and approval process. To the extent practicable, a simplified review must be completed and the commissioner shall make a decision within 60 days after the application has been certified as complete by the applicant pursuant to section 337, subsection 4, unless a hearing is requested by a person directly affected by a review or the commissioner determines to hold a hearing. The following projects may qualify for a simplified review process: [PL 2011, c. 648, §12 (AMD).]

1. Maintenance projects. The commissioner shall issue a certificate of need for a project that primarily involves the maintenance of a health facility if the commissioner determines that the project:

A. Will result in no or a minimal additional expense to the public or to the health care facility's clients; [PL 2001, c. 664, §2 (NEW).]

B. Will be in compliance with other applicable state and local laws and regulations; and [PL 2001, c. 664, §2 (NEW).]

C. Will significantly improve or, in the alternative, not significantly adversely affect the health and welfare of any person currently being served by the health care facility. [PL 2001, c. 664, §2 (NEW).]
2. **Life safety codes; previous certificate of need.** The commissioner shall issue a certificate of need for a project that is required to meet federal, state or local life safety codes. [PL 2011, c. 648, §12 (AMD).]

3. **Acquisition of control.** The commissioner shall issue a certificate of need for a project that involves the acquisition of control of a health facility when the acquisition consists of a management agreement or similar arrangement and primarily involves the day-to-day operation of the facility in its current form, or transfers ownership of a nursing facility to an existing provider of nursing facility services licensed in this State if the commissioner determines that the project meets the requirements of section 335, subsection 7, paragraph B and that the project is economically feasible in light of its impact on:

   A. The operating budget of the facility and the applicant; and [PL 2001, c. 664, §2 (NEW).]
   B. The applicant's ability to operate the facility without increases in the facility's rates beyond those that would otherwise occur absent the acquisition. [PL 2001, c. 664, §2 (NEW).] [PL 2011, c. 648, §12 (AMD).]

4. **Capital expenditures for compliance or quality improvement.** The commissioner shall issue a certificate of need for a proposed capital expenditure upon determining that:

   A. The capital expenditure is required to eliminate or prevent imminent safety hazards, as defined by applicable fire, building or life safety codes and regulations; to comply with state licensure standards; to provide demonstrable improvements in patient safety or quality of care; or to comply with accreditation or certification standards that must be met to receive reimbursement under the United States Social Security Act, Title XVIII or payments under a state plan for medical assistance approved under Title XIX of that Act; [PL 2011, c. 648, §12 (AMD).]
   B. The economic feasibility of the project is demonstrated in terms of its effects on the operating budget of the applicant, including its existing rate structure; [PL 2001, c. 664, §2 (NEW).]
   C. There remains a public need for the service to be provided; and [PL 2001, c. 664, §2 (NEW).]
   D. The corrective action proposed by the applicant is a cost-effective alternative available under the circumstances. [PL 2011, c. 648, §12 (AMD).] [PL 2011, c. 648, §12 (AMD).]

5. **Major medical equipment.** The commissioner shall issue a certificate of need for replacement of major medical equipment that is not otherwise exempt from review pursuant to section 329, subsection 2-A, paragraph B, subparagraph (1) upon determining that a project meets the requirements of section 335, subsection 7. [PL 2009, c. 383, §9 (NEW).]

6. **Other projects.** The commissioner may by rule identify other categories of projects that qualify for simplified review under this section that are consistent with the purposes of this section and will foster timely review and approval for qualifying projects. [PL 2011, c. 648, §12 (NEW).]

**SECTION HISTORY**

§337. **Application process for certificate of need**

1. **Letter of intent.** Prior to filing an application for a certificate of need, an applicant shall file a letter of intent with the department. The letter of intent forms the basis for determining the applicability of this chapter to the proposed expenditure or action. A letter of intent is deemed withdrawn one year after receipt by the department, unless sooner superseded by an application, except that the applicant is not precluded from resubmitting the same letter of intent.
2. Application filed. Paragraphs A to C apply in the given order to the application process for certificate of need.

A. After receiving the letter of intent, the department shall issue a letter or checklist, or both, to an applicant that stipulates and clarifies what will be required in the application. [PL 2001, c. 664, §2 (NEW).]

B. Within 15 days of filing the letter of intent, the applicant shall schedule a meeting with the department staff in order to assist the department in understanding the application and to receive technical assistance concerning the nature, extent and format of the documentary evidence, statistical data and financial data required for the department to evaluate the proposal. The applicant may waive the technical assistance meeting requirement under this paragraph. [PL 2011, c. 648, §13 (AMD).]

C. After receiving notice from the department that a certificate of need is required for a proposed expenditure or action, if the applicant wishes to proceed with the project, the applicant must file an application for a certificate of need. [PL 2001, c. 664, §2 (NEW).]

3. Application content; department-approved forms. An application for a certificate of need must describe with specificity how the proposed project meets each of the standards for granting a certificate of need that are applicable to the project. A statement or statements that the project will meet the standards without supporting facts backed by relevant documentation and analysis constitute sufficient cause to deny the application. An application subject to an expanded review must contain, if available and relevant to the particular service or technology, information on health status, public health need for the service or technology, quality assurance processes and prevention programs.

A. The department shall make available on the department's publicly accessible website multiple project-specific, department-approved certificate of need forms for at least the following certificate of need categories:
   
   (1) Nursing facility projects;
   (2) Hospital projects; and
   (3) Other projects subject to review. [PL 2011, c. 648, §14 (NEW).]

B. The department-approved forms must set forth application elements that are relevant to each category and must elicit the information and data reasonably necessary to permit the department to carry out the review and approval process in a timely and cost-effective manner, with consideration for the costs and responsibilities imposed on applicants. [PL 2011, c. 648, §14 (NEW).]

C. Submission of the completed applicable department-approved forms and required information, together with other information that is appropriate to the application, and the applicant's certification that the application is complete pursuant to subsection 4 constitutes a sufficient record for the department to make a determination regarding the application for a certificate of need, unless a hearing is requested either by the department or by a person directly affected by a review. [PL 2011, c. 648, §14 (NEW).]

D. If an application is contested by another provider of services or a person directly affected by a review or the department determines that a public hearing must be held pursuant to section 339, subsection 2, additional information may be required by the department. [PL 2011, c. 648, §14 (NEW).]

4. Application complete. An application is certified as complete when the applicant delivers to the department a certification in writing that states that the application should be considered complete.
by the department. Subsequent to the applicant's certification under this subsection, the applicant may submit information that is responsive to any concern, issue, question or allegation of facts contrary to those in the application made by the department or any other person. [PL 2001, c. 664, §2 (NEW).]

5. Public notice; public informational meeting. Within 5 business days of the filing of a certificate by an applicant that a complete certificate of need application is on file with the department, public notice that the application has been filed must be given by publication in a newspaper of general circulation in Kennebec County and in a newspaper published within the service area in which the proposed expenditure will occur. If an existing health care facility may close or lose bed capacity as a result of a proposal for which a certificate of need application has been filed, the department shall notify the municipal officers of the municipality in which that health care facility is located and the members of the State House of Representatives and the State Senate representing any part of that municipality. The notice must also be provided to all persons who have requested notification by means of asking that their names be placed on a mailing list maintained by the department for this purpose. The notice must also be published on the department's publicly accessible website. This notice must include:

A. A brief description of the proposed expenditure or other action, including the name and location of any existing health care facility that may close or lose bed capacity as a result of a proposal for which a certificate of need application has been filed; [PL 2013, c. 424, Pt. A, §11 (RPR).]

B. A description of the review process and schedule; [PL 2013, c. 424, Pt. A, §11 (RPR).]

C. A statement that any person may examine the application, submit comments in writing to the department regarding the application and examine the entire record assembled by the department at any time from the date of publication of the notice until the application process is closed for comment; [PL 2013, c. 424, Pt. A, §11 (RPR).]

D. If a public informational meeting is being held, the time and location of the public informational meeting, a statement that any person may appear at the meeting to question the applicant regarding the project or the department regarding the conditions the applicant must satisfy in order to receive a certificate of need for the project, and a statement that a public hearing may be requested by any person directly affected by a review if the request is received by the commissioner within 15 days following the public informational meeting pursuant to the provisions of section 339, subsection 2; and [PL 2013, c. 424, Pt. A, §11 (RPR).]

E. If a public informational meeting is not being held, a statement that a public hearing may be requested by any person directly affected by a review if the request is received by the commissioner within 15 days following the publication of the notice that an application has been filed. [PL 2013, c. 424, Pt. A, §11 (RPR).]

The department shall make an electronic or stenographic record of the public informational meeting. A public informational meeting is not required for the simplified review and approval process in section 336 unless requested by the applicant, the department or a person directly affected by a review. [PL 2013, c. 424, Pt. A, §11 (RPR).]

6. Voluntary withdrawal of application. During the review period, prior to the date that department staff submits a final report to the commissioner, an applicant may withdraw an application without prejudice by filing written notice of the withdrawal with the department. A withdrawn application may be resubmitted and will be processed as an entirely new application under this chapter. [PL 2001, c. 664, §2 (NEW).]

7. Fees. The department shall adopt rules setting minimum and maximum filing fees under this chapter. A nonrefundable filing fee must be paid at the time an application is filed. If the approved capital expenditure or operating cost upon which a fee is based is higher than the initially proposed capital expenditure, then the filing fee must be recalculated and the difference, if any, must be paid...
before the certificate of need may be issued. In addition to filing fees, the department shall adopt rules to establish reasonable and necessary fees to carry out the provisions of this chapter. All fees received by the department under this subsection must be placed in a separate, nonlapsing account to be used in accordance with this chapter. Rules adopted pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.

[PL 2011, c. 648, §16 (AMD).]

8. Suspension of review. An applicant may request and be granted a suspension of the review process prior to the date on which the department staff submits its final analysis to the commissioner.

A. A request for suspension of the review process must be for specific periods of no less than 10 days and not greater than 12 months. [PL 2011, c. 648, §17 (NEW).]

B. If there are no competing applicants, a request under this subsection must be granted. [PL 2011, c. 648, §17 (NEW).]

C. If there are competing applicants, the request under this subsection must be reviewed and approved or disapproved within 3 business days, taking into account the interests of the public and of competing applicants. [PL 2011, c. 648, §17 (NEW).]

D. If a request to suspend the review is granted, the department shall determine:

   (1) If the suspension will suspend review of all competing applications; or

   (2) If the suspension will not affect competing applications, which will continue to be reviewed without interruption. [PL 2011, c. 648, §17 (NEW).]

E. Failure to reactivate an application within the time period approved by the department results in automatic withdrawal of the suspended application. [PL 2011, c. 648, §17 (NEW).]

[PL 2011, c. 648, §17 (NEW).]

5. Reviews. To the extent practicable, a review must be completed and the commissioner shall make a decision within 60 days after the application has been certified as complete by the applicant for a simplified review, or within 90 days for an expanded review. The department shall establish criteria for determining when it is not practicable to complete a review within these time frames. [PL 2001, c. 664, §2 (NEW).]

2. Competitive reviews. If a person or persons file for review under Title 5, chapter 375, regarding competitive reviews of proposals to construct new nursing facility beds, the court shall require the party seeking judicial review to give security in such sums as the court determines proper for the payment of costs and damages that may be incurred or suffered by any other party who is found to have been wrongfully delayed or restrained from proceeding to implement the certificate of need, except that, for good cause shown and recited in the order, the court may waive the giving of security. With regard to all certificates granted on a conditional basis, the report must include a summary of information reported pursuant to section 332 and any accompanying statements by the commissioner or department staff submitted regarding the reports.  
[PL 2009, c. 383, §13 (AMD).]

[PL 2001, c. 664, §2 (NEW).]

3. Issued certificate; duration and expiration. After the issuance of a certificate of need, the department shall periodically review the progress of the holder of the certificate in meeting the timetable for making the service or equipment available or for completing the project specified in the approved application. A certificate of need expires if the project for which the certificate has been issued is not commenced within 24 months following the issuance of the certificate. The department may grant an extension of a certificate for an additional specified time not to exceed 12 months if good cause is shown why the project has not commenced. The department may require evidence of the continuing feasibility and availability of financing for a project as a condition for extending the life of the certificate. In addition, if on the basis of its periodic review of progress under the certificate the department determines that the holder of a certificate is not otherwise meeting the timetable and is not making a good faith effort to meet it, the department may, after a hearing, withdraw the certificate of need. The department shall adopt rules for the withdrawal of certificates of need. [PL 2011, c. 648, §23 (AMD).]

Reimbursement, payment or other financial assistance, either directly or indirectly, from a state agency or other 3rd-party payor may be subject to an enforcement action by the commissioner to withhold or deny reimbursement, in whole or in part, with respect to a project granted a certificate of need when the commissioner determines that the applicant fails to meet any of the conditions set forth in the certificate of need approval in accordance with the procedures set forth in section 332. For the purposes of this section, the department shall determine the eligibility of a facility to receive reimbursement for all projects subject to the provisions of this chapter. [PL 2007, c. 440, §20 (AMD).]

SECTION HISTORY

CHAPTER 159-A
STATE NUCLEAR SAFETY PROGRAM

§661. Public policy

In the interests of the public health and welfare of the people of this State, it is the declared public policy of this State that a facility licensed by the United States Nuclear Regulatory Commission and situated in the State must be accomplished in a manner consistent with protection of the public health and safety and in compliance with the environmental protection policies of this State. It is the purpose of this chapter, in conjunction with sections 671 to 690; Title 25, section 51; and Title 35-A, sections 4351 to 4393, to exercise the jurisdiction of the State to the maximum extent permitted by the United States Constitution and federal law and to establish in cooperation with the Federal Government a state nuclear safety inspector program for the on-site monitoring, regulatory review and oversight of a facility within the State that holds a license issued by the United States Nuclear Regulatory Commission. Nothing in this chapter may be construed as an attempt by the State to regulate radiological health and safety reserved to the Federal Government by reason of the United States Atomic Energy Act of 1954, as amended. [PL 2007, c. 539, Pt. KK, §1 (AMD).]

SECTION HISTORY

§662. Definitions

As used in this chapter, unless the context otherwise indicates, the following terms have the following meanings. [PL 1987, c. 519, §1 (NEW).]

1. Facility. A "facility" means a production or utilization facility situated in this State that holds an operating permit or license issued by the United States Nuclear Regulatory Commission. It also means a power reactor licensee situated in the State, whether decommissioned or not, with a possession-only license issued by the United States Nuclear Regulatory Commission for special nuclear material, by-product material and source material. It also includes spent fuel or high-level waste storage facilities.
§663. State Nuclear Safety Inspector

(REPEALED)

There is established within the department the State Nuclear Safety Inspector Office administered by the State Nuclear Safety Inspector. The State Nuclear Safety Inspector is a classified employee, subject to the Civil Service Law.

1. Qualifications. The State Nuclear Safety Inspector must be an individual knowledgeable in the field of commercial nuclear power production and possess, at a minimum, a bachelor's degree with major work in nuclear, mechanical, electrical or chemical engineering and have at least 4 years' experience in nuclear operations.

2. Duties. The State Nuclear Safety Inspector shall serve as an on-site nuclear safety inspector of a facility and of the on-site storage and transportation of high-level and low-level nuclear waste.

3. Staff. The State Nuclear Safety Inspector may employ other personnel as necessary to carry out the purposes of this chapter.

§664. Responsibility of facility licensees

The responsibility of facility licensees is as follows.

1. Records. Each facility licensee shall permit the inspection and copying, for the purposes of this chapter, of its books and records, maintained in any form, except that books and records that are privileged as a matter of law, proprietary, security-related or restricted by federal law, are not open to inspection. Subject to the approval of the United States Nuclear Regulatory Commission and of the facility licensee, access to books and records that are proprietary, security-related or restricted by federal law may be granted if the State Nuclear Safety Inspector, on behalf of the State, enters into a nondisclosure agreement. For purposes of this section, proprietary information includes personnel records, manufacturers' proprietary information, licensee proprietary information and trade secrets. For purposes of this subsection, "trade secrets" means any confidential formula, pattern, process, device, information or compilation of information, including chemical name, that is used in any employer's business that gives the employer an opportunity to obtain any advantage over competitors who do not know or use it.

2. Monitoring. Each facility licensee shall permit monitoring, for the purposes of this chapter, of the premises, equipment and materials, including source, special nuclear and by-product materials, in its possession or use, or subject to its control and any vehicle or means of transportation used to remove materials or equipment from the site, including, but not limited to, by rail, water, roadway or air.
Monitoring of vehicles or other means of transportation used to remove materials or equipment from the site must be undertaken in a manner that is safe, that employs properly calibrated instruments and that does not result in unreasonable delays in the removal of materials or equipment from the site. For the purposes of this subsection, "monitoring" means any one or combination of the following:

A. Observing the conduct of operations, including maintenance, quality assurance activities, the preparation, transportation and handling of radioactive waste, emissions monitoring, radiation protection and the observation of emergency preparedness tests and drills; [PL 1999, c. 739, §1 (NEW).]

B. Taking analytical radiological measurements using properly calibrated instruments to confirm:
   (1) The results of quality assurance activities undertaken by or on behalf of the facility licensee;
   (2) That the preparation, transportation and handling of radioactive waste is undertaken in accordance with applicable standards;
   (3) The results of emissions monitoring undertaken by or on behalf of the facility licensee; or
   (4) That adequate radiation protection measures are in place; and [PL 2005, c. 254, Pt. B, §4 (AMD).]

C. Taking radiological measurements for the purpose of verifying compliance with applicable state laws, including, but not limited to, Title 38, section 1455, and confirming and verifying compliance with the standards of the United States Nuclear Regulatory Commission for unrestricted license termination, provided that the taking of such measurements employs techniques, protocols, instruments and quality assurance practices in accordance with generally accepted scientific or industry practices, including, but not limited to, those described in the federal Multi-Agency Radiation Survey and Site Investigation Manual. [PL 1999, c. 739, §1 (NEW).]

The licensee shall, upon request, provide split samples to the State Nuclear Safety Inspector. All analytical measurements taken pursuant to this subsection must be shared with the licensee. The licensee may provide data to explain any conflicts between measurements taken by the licensee and measurements taken pursuant to this subsection. [PL 2007, c. 539, Pt. KK, §4 (AMD).]

SECTION HISTORY
§666. Responsibilities of the State Nuclear Safety Inspector

The responsibilities of the State Nuclear Safety Inspector are as follows. [PL 2007, c. 539, Pt. KK, §5 (REEN).]

1. Damages to public health and safety. If the State Nuclear Safety Inspector has reason to believe that any activity poses a danger to public health and safety, and after notifying the facility licensee and the United States Nuclear Regulatory Commission, the inspector shall immediately notify the Governor and the Commissioner of Health and Human Services. This subsection may not be construed as precluding the State Nuclear Safety Inspector from discussing the safety inspector's concerns with the United States Nuclear Regulatory Commission or others before making a determination that any activity poses a danger to public health and safety. [PL 2011, c. 655, Pt. MM, §12 (AMD); PL 2011, c. 655, Pt. MM, §26 (AFF).]

2. Reports. The State Nuclear Safety Inspector, with the cooperation of the Director of Health Engineering, shall prepare a report of the safety inspector's activities under this chapter to be submitted July 1st of each year to the Governor's Energy Office and the Legislature. The State Nuclear Safety Inspector shall prepare monthly reports for the Governor's Energy Office, the President of the Senate and the Speaker of the House, with copies to the United States Nuclear Regulatory Commission and the facility licensee. [PL 2011, c. 655, Pt. MM, §12 (AMD); PL 2011, c. 655, Pt. MM, §26 (AFF).]

3. Confidential and privileged information. The State Nuclear Safety Inspector shall keep confidential and privileged the identity of any person providing communications that, in the opinion of the State Nuclear Safety Inspector, support a presumption of unsafe activities, conduct or operation of a facility or that indicate any violation of the facility licensee's license issued by the United States Nuclear Regulatory Commission, unless the request for confidentiality is waived or withdrawn by such person. The safety inspector shall make all prudent efforts to investigate the basis for any related allegation of unsafe or improper activities and shall cooperate to the extent feasible with the United States Nuclear Regulatory Commission personnel in this effort. Any information brought to the attention of the safety inspector that involves the safety of the plant or a possible violation of United States Nuclear Regulatory Commission regulations must be immediately brought to the attention of the United States Nuclear Regulatory Commission and the facility licensee. [PL 2007, c. 539, Pt. KK, §5 (REEN).]

§669. State assessment

1. Annual fee. Any licensee operating an interim spent fuel storage facility in this State shall pay a fixed annual fee to cover all present and reasonably foreseeable future state fees, costs and assessments with respect to the licensee, including, but not limited to, the costs of any commission investigation; the commission's participation in wholesale rate proceedings; safety, radiation and environmental monitoring; and security oversight-related costs. This annual fee consolidates the various fees and assessments imposed by the State on the licensee. [PL 2007, c. 539, Pt. KK, §7 (NEW).]

2. Amount. The amount of the fixed payment is as follows:
   A. Calendar year 2008, $296,667; and [PL 2007, c. 539, Pt. KK, §7 (NEW).]

3. Compliance costs. The fees paid under this section are independent of and in addition to any compliance costs incurred either by the licensee or by any contractor hired by the Department of Environmental Protection to oversee, monitor or implement measures necessary to ensure compliance pursuant to the federal Resource Conservation and Recovery Act of 1976, as amended. [PL 2007, c. 539, Pt. KK, §7 (NEW).]

under subsection 6. The commissioner shall assess each generator such a fee using the same method
for computing individual assessments as set out in subsection 2. Each generator must pay the fee within
30 days, except that any generator may choose to make quarterly payments instead.
4. Fee exemptions. The following types of low-level radioactive waste are exempt from the fees established in subsections 2 and 3:

The purposes of this compact are to: [PL 1967, c. 226 (NEW).]

1. **Promote protection.** Promote the radiological health protection of the public and individuals within the party states; [PL 1967, c. 226 (NEW).]

2. **Mutual aid.** Provide mutual aid and assistance in radiological health matters including, but not limited to, radiation incidents;
3. **Personnel and equipment.** Encourage and facilitate the efficient use of personnel and equipment by furthering the orderly acquisition and sharing of resources useful for programs of radiation protection.

[PL 1967, c. 226 (NEW).]

**SECTION HISTORY**
PL 1967, c. 226 (NEW).

§752. **Enactment -- Article II**

This compact shall become effective when enacted into law by any 2 or more of the states of Connecticut, Maine, Massachusetts, New Hampshire, Rhode Island and Vermont. Thereafter it shall become effective with respect to any other aforementioned state upon its enacting this compact into law. Any state not mentioned in this Article which is contiguous to any party state may become a party to this compact by enacting the same. [PL 1967, c. 226 (NEW).]

**SECTION HISTORY**
PL 1967, c. 226 (NEW).

§753. **Duties of states -- Article III**

1. **Plan.** It shall be the duty of each party state to formulate and put into effect an intrastate radiation incident plan which is compatible with the interstate radiation incident plan formulated pursuant to this compact.

[PL 1967, c. 226 (NEW).]

2. **Aid.** Whenever the compact administrator of a party state requests aid from the compact administrator of any other party state pursuant to this compact, it shall be the duty of the requested state to render all possible aid to the requesting state which is consonant with the maintenance of protection of its own people. The compact administrator of a party state may delegate any or all of his authority to request aid or respond to requests for aid pursuant to this compact to one or more subordinates, in order that requests for aid and responses thereto shall not be impeded by reason of the absence of unavailability of the compact administrator. Any compact administrator making such a delegation shall inform all the other compact administrators thereof, and shall inform them of the identity of the subordinate or subordinates to whom the delegation has been made.

[PL 1967, c. 226 (NEW).]

3. **Personnel and equipment.** Each party state shall maintain adequate radiation protection personnel and equipment to meet normal demands for radiation protection within its borders.

[PL 1967, c. 226 (NEW).]

**SECTION HISTORY**
PL 1967, c. 226 (NEW).

§754. **Liability -- Article IV**

Whenever the officers or employees of any party state are rendering outside aid pursuant to the request of another party state under this compact, the officers or employees of such state shall, under the direction of the authorities of the state to which they are rendering aid, have the same powers, duties, rights, privileges and immunities as comparable officers and employees of the state to which they are rendering aid. [PL 1967, c. 226 (NEW).]

No party state or its officers or employees rendering outside aid pursuant to this compact shall be liable on account of any act or omission on their part while so engaged, or on account of the maintenance or use of any equipment or supplies in connection therewith. [PL 1967, c. 226 (NEW).]
All liability that may arise either under the laws of the requesting state or under the laws of the aiding state or under the laws of a 3rd state, on account of or in connection with a request for aid, shall be assumed and borne by the requesting state. [PL 1967, c. 226 (NEW).]

Any party state rendering outside aid to cope with a radiation incident shall be reimbursed by the party state receiving such aid for any loss or damage to, or expense incurred in the operation of any equipment answering a request for aid, and for the cost of all materials, transportation and maintenance of officers, employees and equipment incurred in connection with such request, provided that nothing herein contained shall prevent any assisting party state from assuming such loss, damage, expense or other cost or from loaning such equipment or from donating such services to the receiving party state without charge or cost. [PL 1967, c. 226 (NEW).]

Each party state shall provide for the payment of compensation and death benefits to injured officers and employees and the representatives of deceased officers and employees in case officers or employees sustain injuries or are killed while rendering outside aid pursuant to this compact, in the same manner and on the same terms as if the injury or death were sustained within the state for or in which the officer or employee was regularly employed. Whenever a department, agency or officer of a party state responsible for and having control of facilities or equipment designed for or useful in radiation control, radiation research, or any other phase of a radiological health program or programs, determines that such a facility or item of equipment is not being used to its full capacity by such party state, or that temporarily it is not needed for current use by such state, a department, agency or officer may, upon request of an appropriate department, agency or officer of another party state, make such facility or item of equipment available for use by such requesting department, agency or officer. Unless otherwise required by law, the availability and use resulting therefrom may be with or without charge, at the discretion of the lending department, agency or officer. [PL 1967, c. 226 (NEW).]

Any personal property made available pursuant to this section may be removed to the requesting state, but no such property shall be made available, except for a specified period and pursuant to written agreement. Except when necessary to meet an emergency, no supplies or materials intended to be consumed prior to return shall be made available pursuant to this section. [PL 1967, c. 226 (NEW).]

In recognition of the mutual benefits, in addition to those resulting from Article IV, accruing to the party states from the existence and flexible use of professional or technical personnel having special skills or training related to radiation protection, such personnel may be made available to a party state by appropriate departments, agencies and officers of other party states, provided that the borrower reimburses such party state regularly employing the personnel in question for any cost of making such personnel available, including a prorated share of the salary or other compensation of the personnel involved. that such care, treatment or evaluation is immediately necessary. An ex parte order must be served on
the subject of the petition immediately upon apprehension.

2. Hearing within time certain. Unless waived in writing by the individual, after opportunity to

counsel pursuant to section 811.
[PL 1989, c. 487, §11 (NEW).]

hearing, unless a petition for court ordered commitment is filed under section 812, subsection 1,
paragraph F; if a petition is filed, the limitations imposed by the court under this subsection may
continue until a hearing on the petition for commitment is held; that hearing must occur within 10 days

SECTION HISTORY

§812. Public health measures

1. Court order. If, based upon clear and convincing evidence, the court finds that a public health threat exists, the court shall issue the requested order for treatment or such other order as may direct the least restrictive measures necessary to effectively protect the public health. These measures include, but are not limited to:
A. Participation in an education program designated or developed in accordance with rules adopted pursuant to section 802 or 807; [PL 1989, c. 487, §11 (NEW).]

B. Participation in a counseling program designated or developed in accordance with rules adopted pursuant to section 802 or 807; [PL 1989, c. 487, §11 (NEW).]

C. Participation in a treatment program designated or developed in accordance with rules adopted pursuant to section 802 or 807; [PL 1989, c. 487, §11 (NEW).]

D. Appearance before designated health officials for purposes of monitoring measures set out in paragraph A, B or C; [PL 1989, c. 487, §11 (NEW).]

E. Part or full-time supervision or monitoring for a period and under conditions set by the court; [PL 1989, c. 487, §11 (NEW).]

F. Commitment to a facility that will provide appropriate diagnosis, care, treatment or isolation of the individual without undue risk to the public health, for a period not to exceed 30 days and under conditions set by the court; [PL 1989, c. 487, §11 (NEW).]

G. Undergoing a comprehensive medical assessment by the State Forensic Service. The court, in selecting the examination site, shall consider proximity to the court, availability of an examiner and the need to protect the public health. No person may be presented for examination under this subsection without arrangements for examination having first been made by the court, clerk of the court or the petitioner with the State Forensic Service. The opinion of the State Forensic Service must be reported to the court forthwith following the examination.

The court shall order the individual to be further examined by a psychiatrist, neurologist and any additional expert if, based on the report of the State Forensic Service, it appears that:

1. The individual suffers from a mental disease or defect that causes the individual to act in such a manner as to endanger others with risk of infection with a communicable disease; or

2. Further observation or examination is required.

If, based on the examinations, the department determines that admission to an appropriate institution for persons with mental illness or a residential program for persons with intellectual disabilities is necessary, it shall petition for involuntary hospitalization pursuant to Title 34-B, chapter 3. If the District Court orders the involuntary hospitalization of the individual pursuant to Title 34-B, chapter 3, the petition brought pursuant to section 811 must be dismissed without prejudice. If it is determined that admission to an appropriate institution for persons with mental illness or a residential program for persons with intellectual disabilities is not necessary, the head of the institution where the examinations have taken place shall notify the commissioner or the commissioner's designee, prior to discharging the respondent.

In no event may the period of examination pursuant to this subsection exceed 60 days without further order by the court, which may extend commitment for further observation or examination for an additional 60 days, provided that the court finds facts sufficient to show that the individual suffers from a mental disease or defect that causes the individual to act in such a manner as to endanger others with risk of infection with a communicable disease; and [PL 2011, c. 542, Pt. A, §26 (AMD).]

H. Compliance with any combination of measures outlined in paragraphs A to G, or other measures considered just by the court. [PL 1989, c. 487, §11 (NEW).]

[PL 2011, c. 542, Pt. A, §26 (AMD).]

2. Time limits. Orders issued pursuant to subsection 1, paragraphs A to E shall not exceed 180 days without further review as provided by section 813, subsection 1. If commitment pursuant to subsection 1, paragraph F, is sought by the department beyond the original 30 days, the department shall file a motion for review pursuant to section 813, subsection 2.
3. **Appeals.** Orders issued pursuant to this chapter may be appealed to the Superior Court.
   A. The order of the District Court shall remain in effect pending appeal, unless stayed by the Superior Court. [PL 1989, c. 487, §11 (NEW).]
   B. The Supreme Judicial Court shall, by rule, provide for expedited appellate review of cases appealed under this chapter. [PL 1989, c. 487, §11 (NEW)].

§813. **Review**

1. **Treatment orders.** If the department determines that it is necessary to continue a treatment order issued pursuant to section 812, subsection 1, paragraphs A to E, it shall petition the District Court which ordered the disposition for review of the original order. The court shall hold a hearing in accordance with section 811 and if the court finds that a public health threat would continue in the absence of a public health measure, it shall make additional orders that it deems necessary, provided that no treatment order exceeds 180 days in duration without further review by the court. [PL 1989, c. 487, §11 (NEW).]

2. **Commitment orders.** If the department determines that it is necessary to continue a commitment order issued pursuant to section 812, subsection 1, paragraph F, beyond the original 30 days, it shall petition the District Court which ordered the disposition for review of the original order. The court shall hold a hearing in accordance with section 811 and if the court finds that a public health threat would continue in the absence of a public health measure and that commitment is the least restrictive measure necessary to effectively protect the public health, it shall make such additional orders as it deems necessary, provided that no order of commitment exceeds 90 days without further review by the court.

The committed patient may request the appointment of a medical review board. Upon motion of the patient, the committing court shall appoint a medical review board to determine whether the patient's medical status permits termination of the commitment. The medical review board shall consist of 3 physicians appointed by the court who shall have training and experience in the treatment of the communicable disease. Upon the request of the patient, the court shall appoint as one member of the board a physician who has training and experience in the treatment of communicable diseases who is selected by the patient. Upon receipt of the findings of the medical review board and any other evidence, the court, after a hearing pursuant to this subsection, may continue or terminate the commitment. [PL 1989, c. 487, §11 (NEW).]

§814. **Court orders; additional requirements**

If commitment or a supervised living arrangement is ordered, the court shall require the head of the institutional facility or the person in charge of supervision to submit: [PL 1989, c. 487, §11 (NEW).]

1. **Plan of treatment.** A plan of treatment within 10 days of the commencement of the commitment or supervision; and [PL 1989, c. 487, §11 (NEW).]
2. Written report. A written report, with a copy to both the department and the individual, at least 20 days, but not more than 25 days, from the start of the commitment or supervision, setting forth the following:

A. The types of support or therapy groups, if any, which the individual is attending and how often the individual attends; [PL 1989, c. 487, §11 (NEW).]

B. The type of care or treatment the individual is receiving and what future care is necessary; [PL 1989, c. 487, §11 (NEW).]

C. Whether the individual has been cured or made noninfectious or otherwise has ceased to pose a threat to public health; [PL 1989, c. 487, §11 (NEW).]

D. Whether continued supervision or commitment is necessary; and [PL 1989, c. 487, §11 (NEW).]

E. Any other information the court considers necessary. [PL 1989, c. 487, §11 (NEW).]

§815. Privileged or confidential communications

1. Privileges abrogated. Subject to the limitations imposed by United States Code, Title 42, Sections 290dd-3 and 290ee-3, the physician-patient and psychotherapist-patient privileges under the Maine Rules of Evidence and those confidential communications described under Title 5, section 19203, Title 24-A, section 4224, Title 32, section 7005 and Title 34-B, section 1207 are abrogated to the extent necessary to permit reporting to the Bureau of Health any incidents of notifiable disease or condition; cooperating with the Bureau of Health or an intervention team appointed by the Bureau of Health in investigating a case of a notifiable disease or condition or suspected epidemic, or taking preventive action in such a case; or giving evidence in a proceeding pursuant to this chapter. Information released to the bureau pursuant to this section must be kept confidential and may not be disclosed by the bureau except as provided in section 824 and Title 5, section 19203, subsection 8. [PL 2005, c. 383, §13 (AMD).]

      (b) There are no less restrictive alternatives available to protect the public health and safety; and

      (c) The delay involved in securing a court order would pose an imminent risk to the person or a significant medical risk of transmission of the disease.

   (2) The department may act pursuant to a court order obtained under subsection 2.

   (3) A person is exempt from examination, vaccination, medical care or treatment if alternative public health measures are available, even if those measures are more restrictive, and if:

      (a) The person demonstrates a sincere religious or conscientious objection to the examination, vaccination, medical care or treatment; or

B. An authorized representative of the employer of the person exposed has informed the patient of the occupational exposure and has sought to obtain written informed consent from the person whose blood or body fluid is the source of the exposure; and [PL 1997, c. 368, §1 (NEW).]

The board may not impose more than one interim assessment per year, except in the case of a public health emergency declared in accordance with state or federal law. [PL 2009, c. 595, §2 (NEW).]

F. If the combination of funding available from the United States Department of Health and Human Services, Centers for Disease Control and Prevention, Vaccines for Children Program and the immunization grant program under the federal Public Health Service Act, Section 1928 of the Social Security Act, 42 United States Code, Section 1396s is insufficient to provide coverage for vaccines for the children who qualify for vaccines under the Vaccines for Children Program, money from the fund may not be used to cover the cost of vaccines for children who would otherwise be provided vaccines under the Vaccines for Children Program. [PL 2009, c. 595, §2 (NEW).]
G. If the assessments under this subsection are insufficient to cover the cost of vaccines to be provided to children covered by assessed entities, the State is not required to cover the cost of vaccines for those children. [PL 2009, c. 595, §2 (NEW).]

6. Failure to pay assessment. If an assessment under subsection 5 is not paid on the due date established by the board, the provisions of this subsection apply.

A. The board shall submit a report to the superintendent listing each assessed entity that has failed to pay an assessment under subsection 5. [PL 2009, c. 595, §2 (NEW).]

B. If an assessed entity has not paid an assessment under subsection 5 within 45 days following the close of the calendar quarter, interest accrues at 12% per annum on or after the due date. Interest paid under this paragraph must be deposited into the fund. Upon application, the board may waive such interest payments for good cause shown. [PL 2009, c. 595, §2 (NEW).]

The superintendent may take any action authorized under Title 24-A to enforce collection of any unpaid assessment or fine and may impose any penalty authorized under Title 24-A for noncompliance with this section if the assessed entity has engaged in a pattern of conduct that demonstrates a lack of good faith in complying with the requirements of this subsection. [PL 2009, c. 595, §2 (NEW).]

7. Fund. The Childhood Immunization Fund is established for the sole purpose of funding the program, including any costs of vaccines provided under the program to children and any costs the board may incur for staff, a service agent, administrative support services, legal representation and contracted services. The fund is administered by the board or the service agent, which shall act as a fiduciary and manage and invest the fund in conformance with prudent investor standards and maintain complete records of all assets, investments, deposits, disbursements and other transactions of the fund. All money and securities in the fund must be held in trust by the Treasurer of State for the purpose of making payments under this section and are not money or property for the general use of the State. The Treasurer of State is the custodian of the fund and may make disbursements only upon written direction from the board or the service agent. All assessments collected pursuant to this section, all interest on the balance in the fund and all income from any other source must be deposited into the fund. The fund does not lapse. No portion of the fund may be used to subsidize other programs or budgets. [PL 2009, c. 595, §2 (NEW).]

8. Reporting. By January 15th of each year the board shall report to the joint standing committee of the Legislature having jurisdiction over health and human services matters regarding the operation of the program, the progress of the program in expanding access to immunizations for children and the assets, investments and expenditures of the fund. [PL 2009, c. 595, §2 (NEW).]

9. Service agent. The board, by written contract, may delegate administration of the fund to a service agent. The service agent:

A. May contract with attorneys acceptable to the board for legal representation for the board; [PL 2009, c. 595, §2 (NEW).]

B. May levy assessments, institute collection procedures, including legal action if necessary, and deposit money in the fund with the Treasurer of State if those funds are not needed to meet immediate cash flow demands; and [PL 2009, c. 595, §2 (NEW).]

C. Shall make recommendations to the board regarding policies, rules and standards necessary for the proper administration of the fund. [PL 2009, c. 595, §2 (NEW).]
10. **Freedom from liability.** There is no liability on the part of, and a cause of action may not arise against, a member of the board for any acts or omissions in the performance of the member's duties under this section. This immunity does not extend to willful neglect or malfeasance that would otherwise be actionable.

[PL 2009, c. 595, §2 (NEW).]

11. **Rules.** The department and the board shall jointly adopt rules to implement this section. Rules adopted pursuant to this subsection are routine technical rules pursuant to Title 5, chapter 375, subchapter 2-A.

§1311. Killing or impounding of dogs

The department may, in the case of an emergency or threatened epidemic of rabies or hydrophobia when in its opinion the health and safety of the people in a community are endangered, issue orders to the mayor of any city or the municipal officers of any town or plantation to have killed any dogs found

§1312. Immunization of dogs
(REPEALED)

SECTION HISTORY

§1313. Procedures for the transportation, quarantine, euthanasia and testing of animals suspected of having rabies

1. Establishment of procedures. The commissioner, in consultation with the Commissioner of Agriculture, Conservation and Forestry and the Commissioner of Inland Fisheries and Wildlife, shall adopt rules, in accordance with the Maine Administrative Procedure Act, establishing procedures for responding to a report of an animal suspected of having rabies. The procedures must include provisions for the transportation, quarantine, euthanasia and testing of an animal suspected of having rabies and, when that animal has bitten a person, provisions for the notification of the animal control officer in the locality where the bite occurred. The procedures may differ based on the perceived public health threat determined in part by consideration of the following factors:

A. Whether the animal is a domesticated animal for which a known effective vaccine exists and, if so, whether the animal's vaccination status can be verified; [PL 2007, c. 133, §1 (AMD).]

B. Whether the animal has bitten a person or exhibited other aggressive behavior; and [PL 2007, c. 133, §1 (AMD).]

C. Whether the animal is a wolf hybrid that has bitten or may have otherwise exposed a person or a domesticated animal to rabies. [PL 2007, c. 133, §1 (NEW).]

[PL 2007, c. 133, §1 (AMD); PL 2011, c. 657, Pt. W, §6 (REV).]

2. Role of animal control officer; game warden. An animal control officer appointed in accordance with Title 7, section 3947 receiving a report of an animal suspected of having rabies shall ensure that the procedures established pursuant to this section and sections 1313-A and 1313-B are carried out. If the animal is an undomesticated animal, other than a wolf hybrid, a game warden shall assist the animal control officer. [PL 2007, c. 133, §1 (AMD).]

3. Costs associated with transportation, quarantine, testing and euthanasia. The Department of Inland Fisheries and Wildlife shall provide for or pay all necessary costs for transportation and euthanasia of an undomesticated animal suspected of having rabies. The owner of a domesticated animal or a wolf hybrid suspected of having rabies shall pay all costs for transportation, quarantine, euthanasia and testing of the animal. If a domesticated animal or a wolf hybrid is a stray or the owner is unknown, the municipality in which the animal was apprehended is responsible for transportation, quarantine, euthanasia and testing costs. Cost of testing animals judged by the department to have created a public health risk of rabies must be borne by the department through its General Fund appropriations. [PL 2007, c. 133, §1 (AMD).]

SECTION HISTORY

§1313-A. Provisions for immediate destruction of certain animals
If an undomesticated animal suspected of having rabies bites or may have otherwise exposed to rabies a person or a domestic animal, an animal control officer or a game warden shall immediately either remove the undomesticated animal or cause the undomesticated animal to be removed and euthanized for testing. If a wolf hybrid suspected of having rabies bites or may have otherwise exposed to rabies a person or a domestic animal, an animal control officer or a law enforcement officer shall immediately cause the animal to be euthanized for testing. When in the judgment of the animal control officer, game warden or law enforcement officer the animal poses an immediate threat to a person or domestic animal, the animal control officer, game warden or law enforcement officer may immediately kill or order killed that animal without destroying the head. The Department of Inland Fisheries and Wildlife shall arrange for the transportation of the head to the State Health and Environmental Testing Laboratory, except that the animal control officer shall make the arrangements if the animal is a wolf hybrid. [PL 2007, c. 598, §11 (AMD).]

The Department of Inland Fisheries and Wildlife shall pay transportation and testing costs for undomesticated animals. The owner of a domesticated ferret, domesticated wolf or domesticated wolf hybrid shall pay transportation and testing costs for that animal. [PL 1993, c. 468, §23 (NEW).]

§1313-B. Civil violation, court authorization for removal and other remedies

1. Violation. A person who violates a rule established under this chapter commits a civil violation for which a forfeiture of not less than $100 nor more than $500 may be adjudged for each offense. In addition, the court may include an order of restitution as part of the sentencing for costs including removing, controlling and confining the animal. [PL 1997, c. 704, §12 (NEW).]

2. Court authorization for removal. When home quarantine procedures, as described on the official notice of quarantine, have been violated, or in the case of a wolf hybrid, when the owner fails to bring the animal to a veterinarian for euthanasia and testing or to turn the animal over to authorities as required by rules established pursuant to this chapter, an animal control officer, person acting in that capacity or law enforcement officer shall apply to the District Court or Superior Court for authorization to take possession of the animal for placement, at the owner's expense, in a veterinary hospital, boarding kennel or other suitable location for the remainder of the quarantine period or, in the case of a wolf hybrid, removal for euthanasia. At the end of the quarantine period for domestic animals, or if the animal shows signs of rabies, the person in possession of the animal shall report to the court, and the court shall either dissolve the possession order or order the animal euthanized and tested for rabies. [PL 2007, c. 133, §3 (AMD).]

3. Other remedies. In addition to filing a civil action to enforce this section:
   A. The municipality may record a lien against the property of the owner or keeper of an animal if the person fails or refuses to comply with an order to confine or quarantine the animal; [PL 1997, c. 704, §12 (NEW).]
   B. The municipal officers or their designated agent, such as the animal control officer, shall serve written notice on the owner or keeper of the animal that specifies the action necessary to comply with the order and the time limit for compliance; [PL 1997, c. 704, §12 (NEW).]
   C. If the owner or keeper of the animal fails to comply within the time stated, the animal control officer must apply to District Court or Superior Court for an order to seize the animal and make arrangements for quarantine or euthanasia at the owner's or keeper's expense; and [PL 1997, c. 704, §12 (NEW).]
D. If the owner or keeper of the animal fails to pay the costs of confinement or quarantine within 30 days after written demand from the municipal officers, the municipal assessors may file a record of lien against the property of the owner or keeper of the animal. [PL 1997, c. 704, §12 (NEW).]

§1322-F. Lead poisoning prevention fee

(EXITANTE TEXT WITH VARYING EFFECTIVE DATES)

(WHOLE SECTION TEXT EFFECTIVE UNTIL CONTINGENCY: See T. 22, §1322-F, sub-
§4)

1. Fee imposed. Beginning July 1, 2006, a fee is imposed on manufacturers or wholesalers of paint sold in the State to support the Lead Poisoning Prevention Fund under section 1322-E. The fee must be imposed at the manufacturer or wholesaler level, in the amount of 25¢ per gallon of paint estimated to have been sold in the State during the prior year, as determined by rule adopted by the department. [PL 2005, c. 403, §1 (NEW).]

2. Rules. By July 1, 2006, the department shall adopt rules to implement this section, including rules to determine which manufacturers or wholesalers of paint sold in the State are responsible for the fees imposed under subsection 1 and rules establishing the estimated number of gallons of paint sold in the State in the prior year for each manufacturer and rules determining the manner of payment. The rules must provide for waivers of payment for manufacturers and wholesalers of paint that is sold in low quantities in the State. The costs for development of these rules and for administration of the Lead Poisoning Prevention Fund must be reimbursed from the fees collected. The rules must specify that the first payment of fees is due by April 1, 2007. Rules adopted pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A. [PL 2005, c. 403, §1 (NEW).]

3. Enforcement. The Attorney General shall enforce payment of fees under this section through an action in Superior Court in Kennebec County and may collect costs and attorney's fees. [PL 2005, c. 403, §1 (NEW).]
4. **Contingent repeal.** This section is repealed when the Commissioner of Health and Human Services certifies that a period of 24 months has elapsed since the Department of Health and Human Services identified a child with an elevated blood lead level through screening by health care providers under section 1317-C. The Commissioner of Health and Human Services shall provide notice to the Secretary of the Senate, the Clerk of the House of Representatives and the Office of the Revisor of Statutes when this condition has been met. For purposes of this subsection, "elevated blood lead level" means a confirmed level of blood lead that is equal to or exceeds 5 micrograms per deciliter. [PL 2019, c. 479, §3 (AMD).]

**SECTION HISTORY**

§1444. Control of browntail moths

1. Declaration of public health nuisance. The Director of the Bureau of Health may declare that an infestation of browntail moths is a public health nuisance. The declaration may be made on the director's own initiative or on petition to the director by municipal officers in a municipality affected by the infestation.

[PL 1997, c. 215, §1 (NEW).]

2. Aerial spraying. When the infestation causing a public health nuisance may be controlled by the aerial spraying of pesticides, the municipal officers in the affected municipality may conduct aerial spraying subject to rules adopted by the Board of Pesticides Control pursuant to Title 7, section 610 and Title 22, section 1471-M, except that:

A. The municipality is responsible for compliance with the notification and consent regulations; [PL 2015, c. 58, §1 (AMD).]

B. Landowners who are sent written notification by mail, sent to the landowner's last known address as contained in the municipal assessing records and who fail to respond to the notice within 30 days are deemed to have consented to aerial spraying; [PL 1997, c. 215, §1 (NEW).]

C. A landowner's written consent to spray remains valid unless the municipal officers are notified in writing at least 90 days before spraying is to occur that:

(1) The landowner withdraws consent; or

(2) Ownership of the property has been transferred and the notice contains the name and mailing address of the new owner; [PL 1997, c. 215, §1 (NEW).]

D. [PL 2015, c. 58, §1 (RP).]

E. Written notice to the landowners must identify the chemicals to be used in the aerial spraying; and [PL 1997, c. 215, §1 (NEW).]

F. Public notice of the date of the aerial spraying, subject to change because of weather conditions, must be given 24 hours prior to the spraying. [PL 1997, c. 215, §1 (NEW).]

[PL 2015, c. 58, §1 (AMD).]

3. Refusal to consent; cost of extermination. After the declaration of the Director of the Bureau of Health and a written declaration by the municipal officers of their intent to conduct aerial spraying, any landowner who refuses to consent to aerial spraying shall remove any browntail moth infestation from that landowner's property at that landowner's expense in a time and manner satisfactory to the local health officer. Regardless of whether the nonconsenting landowner's property has an infestation of moths, the nonconsenting landowner is also liable for the additional expenses actually incurred by neighboring consenting landowners or the municipality when neighboring consenting landowners or
the municipality uses a method of removal other than aerial spraying due to lack of consent. In such cases, consenting landowners shall remove any browntail moth infestation from their own property at their own initial expense in a time and manner satisfactory to the local health officer.

All additional expenses incurred by a municipality must be repaid to the municipality within 30 days after written demand mailed to the nonconsenting landowner by the municipal officers. If the written demand is not met, a service charge may be assessed by the municipal officers against the land of the nonconsenting landowner for the amount of those expenses. The service charge must be collected in the same manner as municipal sewer service charges are collected pursuant to Title 30-A, section 3406.

All additional expenses incurred by neighboring consenting landowners may be collected by the municipality from nonconsenting landowners as a service charge described in this subsection, following certification in writing by the consenting landowners to the municipal officers of the additional costs. The municipal officers shall make suitable provisions to reimburse the consenting landowners from the amounts collected.

[PL 1997, c. 215, §1 (NEW).]

The department is the lead agency for monitoring for mosquito-borne diseases in the State and determining the severity of the threat to the public health. The Maine Center for Disease Control and Prevention shall create and maintain an arboviral illness surveillance, prevention and response plan for the purposes of alerting the public and other state, local and federal agencies about the existence of the threat so that appropriate actions may be taken. Four members constitute a quorum and, except as otherwise provided in this subsection, any action requires the affirmative vote of the greater of either a majority of those present
and voting or at least 2 members. Any action by the board requesting that the Attorney General pursue a court action against an alleged violator of any law or rule requires an affirmative vote by 3 members or a majority of those present and voting, whichever is greater. The chair and any other officers shall serve in those capacities for a period of one year following their elections. [PL 1989, c. 841, §4 (AMD).]

reduced licensing requirements for classes of commercial applicators of general-use pesticides applied 
by hand or nonpowered equipment if the board finds that applications by those classes do not pose a 
significant risk to health or the environment and the requirement of licensing does not serve a 
meaningful public purpose.

the board for certification or licensing shall be required to comply with such standards of competency 
as are established by the board concerning adequate knowledge of pesticide distribution or use and the 
related dangers and necessary precautions; provided that, in the case of applicants for commercial

private applicators are valid for such period as prescribed by the board by rule. Application for renewal 
must be accompanied by such reasonable fee as the board may by rule require. The board may, by rule, 
require that such renewal application include reexamination or other procedures designed to assure a 
continuing level of competence to distribute, use or supervise the use of pesticides safely and properly. 
If the board fails to renew a license upon application of the licensee or certificate holder, it shall afford 
the licensee or certificate holder an opportunity for a hearing in conformity with Title 5, chapter 375, 
subchapter 4.  
[PL 2015, c. 58, §8 (AMD).]

[PL 1975, c. 397, §2 (NEW).]

C. Establish standards for the certification and renewal of certification of private applicators. Such standards shall require that the private applicator indicate satisfactory knowledge of pest problems and pest control practices, including as a minimum the ability to recognize common pests and the damage they cause, to understand the pesticide label, to apply pesticides in accordance with label instructions and warnings, to recognize local environmental situations that must be considered to avoid contamination, to recognize poisoning symptoms and corrective procedures, and to understand applicable federal and state laws and regulations. Before April 1, 2002, the board shall submit a report on pesticide activities during the previous calendar year to the joint standing committee of the Legislature having jurisdiction over pesticide control matters. The board shall provide historical information on pesticide use and sales in the report when the information available is appropriate for comparison.

§1503-A. Authority for consent by a surrogate

1. Consent by a surrogate; notice of need for health care. A surrogate may give consent for health care for a minor except that a surrogate may not withhold or withdraw life-sustaining treatment or deny surgery, procedures or other interventions that are life-saving and medically necessary. The existence of a surrogate does not affect the ability of a minor to give consent as otherwise provided by law. Before the surrogate may give consent, the surrogate must make a reasonable good faith attempt to inform the minor's parents or legal guardian of the minor's need for health care and the parents' right to make those decisions. If parental notification is not required by other provisions of law, the surrogate is not required to inform or attempt to inform the minor's parents or legal guardian.

The sending of correspondence by regular mail, e-mail, texting, posting to a personal website or other written means of communication to the last known address or contacting by telephone using the last known telephone number of the minor's parents or legal guardian, whichever means the surrogate believes to be the most effective way to ensure actual notification, is deemed a reasonable good faith attempt to provide notice for purposes of this subsection.

3. Penalties. The following penalties apply to violations of this section.
   A. A surrogate who makes decisions for a minor knowing that the decisions are prohibited by subsection 1 commits a Class E crime. [PL 2015, c. 444, §2 (NEW).]

   C. A surrogate who fails to attempt to give notice as required in subsection 1 or 2 commits a Class E crime. [PL 2015, c. 444, §2 (NEW).]
§1504. Good faith reliance on consent

1. Reliance on minor’s consent. A health care practitioner or health care provider who takes reasonable steps to ascertain that a minor is authorized to consent to health care as authorized in section 1503 and who subsequently renders health care in reliance on that consent is not liable for failing to have secured consent of the minor's parents or legal guardian prior to providing health care to the minor. [PL 2015, c. 444, §3 (NEW).]

2. Reliance on surrogate’s consent. Recovery is not allowed against any health care practitioner or health care provider upon the grounds that the health care was rendered without informed consent if consent is given by the minor's surrogate pursuant to section 1503-A and the health care practitioner or provider acts with good faith reliance on that consent. [PL 2015, c. 444, §3 (NEW).]

§1505. Confidentiality; notification

If there is support for the proposal among a majority of the members of the committee, the committee shall request the joint standing committee of the Legislature having jurisdiction over health and human services matters to review and evaluate the proposal as it pertains to the fund. The joint standing committee of the Legislature having jurisdiction over health and human services matters shall conduct the review and report to the committee of jurisdiction and to the joint standing committee of the Legislature having jurisdiction over appropriations and financial affairs.

[PL 2017, c. 308, §6 (AMD).]

10. Affirmative defense. It is an affirmative defense to prosecution for a violation of subsection 1, 2 or 4 that the defendant sold, furnished, gave away or offered to sell, furnish or give away a tobacco product in violation of subsection 5-A in reasonable reliance upon a fraudulent proof of age presented by the purchaser. [PL 2017, c. 308, §6 (AMD).]

11. Manner of displaying and offering for sale. Tobacco products may be displayed or offered for sale only in a manner that does not allow the purchaser direct access to the tobacco products. The requirements of this subsection do not apply to the display or offering for sale of tobacco products in multi-unit packages of 10 or more units, in tobacco specialty stores or in locations in which the presence of minors is generally prohibited. This requirement does not preempt a municipal ordinance that provides for more restrictive regulation of the sale of tobacco products. [PL 1999, c. 314, §1 (NEW); PL 1999, c. 314, §2 (AFF).]

**SECTION HISTORY**
§1555-E. Reduced ignition propensity cigarettes

1. Definitions. As used in this section, unless the context otherwise indicates, the following terms have the following meanings.

A. "Agent" means any person licensed by the State Tax Assessor to purchase and affix stamps on packages of cigarettes. [PL 2007, c. 253, §1 (NEW); PL 2007, c. 253, §3 (AFF).]

B. "ASTM" means the American Society of Testing and Materials or a successor organization. [PL 2007, c. 253, §1 (NEW); PL 2007, c. 253, §3 (AFF).]

C. "Cigarette" means any product that contains nicotine, is intended to be burned or heated under ordinary conditions of use and consists of or contains any roll of tobacco wrapped in paper or in any substance not containing tobacco or in any substance other than tobacco and, because of its appearance, the type of tobacco used or its packaging or labeling, is offered to or purchased by consumers as a cigarette. [PL 2007, c. 253, §1 (NEW); PL 2007, c. 253, §3 (AFF).]

D. "Distributor" has the same meaning as in Title 36, section 4401, subsection 2. [PL 2007, c. 253, §1 (NEW); PL 2007, c. 253, §3 (AFF).]

F. "Quality control and quality assurance program" means the laboratory procedures implemented to ensure that operator bias, systematic and nonsystematic methodological errors and equipment-related problems do not affect the results of testing under subsection 2. A quality control and quality assurance program ensures that the testing repeatability remains within the required repeatability values stated in subsection 2, paragraph A, subparagraph (6) for all test trials used to certify cigarettes in accordance with this section. [PL 2007, c. 253, §1 (NEW); PL 2007, c. 253, §3 (AFF).]

G. "Repeatability" means the range of values within which the results of repeated cigarette test trials from a single laboratory will fall 95% of the time. [PL 2007, c. 253, §1 (NEW); PL 2007, c. 253, §3 (AFF).]

H. "Sale" means any transfer of possession or exchange or barter, conditional or otherwise, of cigarettes in any manner or by any means or any agreement. 2. Test methods and performance standards. Cigarette test methods and performance standards are governed by the provisions of this subsection.

A. Unless federal law provides otherwise, cigarettes may not be sold or offered for sale in this State or offered for sale or sold to persons located in this State unless the cigarettes have been tested in accordance with the test methods and meet the performance standards specified in this subsection, a written certification has been filed by the manufacturer with the State Fire Marshal in accordance with subsection 3 and the cigarettes have been marked in accordance with subsection 4.

   (2) Testing must be conducted on 10 layers of filter paper.

   (3) No more than 25% of the cigarettes tested in a test trial in accordance with this subsection may exhibit full-length burns. Forty replicate tests constitutes a complete test trial for each cigarette tested.

   (4) The performance standards required by this subsection may be applied only to a complete test trial.

   (5) Written certifications must be based upon testing conducted by a laboratory that has been accredited pursuant to standard ISO/IEC 17025 of the International Organization for Standardization or other comparable accreditation standards required by the State Fire Marshal.

   (6) Laboratories conducting testing in accordance with this subsection shall implement a quality control and quality assurance program that includes a procedure that will determine the repeatability of the testing results. The repeatability value must be no greater than 0.19.

   (7) This subsection does not require additional testing if cigarettes are tested consistent with this section for any other purpose.

   (8) Testing performed or sponsored by the State Fire Marshal to determine a cigarette's compliance with the performance standards required by this subsection must be conducted in accordance with this subsection. [PL 2007, c. 253, §1 (NEW); PL 2007, c. 253, §3 (AFF).]

B. Each cigarette listed in a certification submitted pursuant to subsection 3 that uses lowered permeability bands in the cigarette paper to achieve compliance with the performance standards set forth in this subsection must have at least 2 nominally identical bands on the paper surrounding the tobacco column. At least one complete band must be located at least 15 millimeters from the lighting end of the cigarette. For cigarettes on which the bands are positioned by design, there must be at least 2 bands located at least 15 millimeters from the lighting end and 10 millimeters from the filter end of the tobacco column or 10 millimeters from the labeled end of the tobacco column for nonfiltered cigarettes. [PL 2007, c. 253, §1 (NEW); PL 2007, c. 253, §3 (AFF).]

C. The provisions of this paragraph apply to alternative test methods.

   (1) A manufacturer of a cigarette that the State Fire Marshal determines cannot be tested in accordance with the test methods prescribed in paragraph A shall propose test methods and performance standards for the cigarette to the State Fire Marshal. Upon approval of the proposed test methods and a determination by the State Fire Marshal that the performance standards proposed by the manufacturer are equivalent to the performance standards prescribed in paragraph A, the manufacturer may employ the test methods and performance standards to certify the cigarette pursuant to subsection 3.

   (2) If a manufacturer has certified a cigarette pursuant to subsection 3 and thereafter makes any change to the cigarette that is likely to alter its compliance with the reduced ignition propensity standards required by this section, that cigarette may not be sold or offered for sale
in this State until the manufacturer retests the cigarette in accordance with the testing standards set forth in this subsection and maintains records of that retesting as required by this subsection. Any altered cigarette that does not meet the performance standards set forth in this subsection may not be sold in this State.

(3) If the State Fire Marshal determines that another state has enacted reduced ignition propensity standards that include test methods and performance standards that are the same as those contained in this subsection and finds that the officials responsible for implementing those requirements have approved the proposed alternative test methods and performance standards for a particular cigarette proposed by a manufacturer as meeting the fire safety standards of that state's law or regulation, then the State Fire Marshal shall authorize that manufacturer to employ the alternative test methods and performance standards to certify that cigarette for sale in this State, unless the State Fire Marshal finds a reasonable basis that the alternative test should not be accepted under this section. All other applicable requirements of this subsection apply to the manufacturer. [PL 2007, c. 253, §1 (NEW); PL 2007, c. 253, §3 (AFF).]

D. Each manufacturer shall maintain copies of the reports of all tests conducted on all cigarettes offered for sale for a period of 3 years and shall make copies of these reports available to the State Fire Marshal and the Attorney General upon written request. Any manufacturer who fails to make copies of these reports available within 60 days of receiving a written request commits a civil violation for which a fine not to exceed $5,000 must be applied for each day after the 60th day that the manufacturer does not make such copies available. [PL 2007, c. 253, §1 (NEW); PL 2007, c. 253, §3 (AFF).]

E. The State Fire Marshal may adopt a subsequent ASTM standard test method for measuring the ignition strength of cigarettes upon a finding that the subsequent method does not result in a change in the percentage of full-length burns exhibited by any tested cigarette when compared to the percentage of full-length burns the same cigarette would exhibit when tested in accordance with ASTM Standard E2187-04 and the performance standard in paragraph A, subparagraph (3). [PL 2007, c. 253, §1 (NEW); PL 2007, c. 253, §3 (AFF).]

[PL 2007, c. 253, §1 (NEW); PL 2007, c. 253, §3 (AFF).]

3. Certification. This subsection governs the certification of cigarettes under this section.

A. Each manufacturer shall submit to the State Fire Marshal a written certification attesting that:

(1) Each cigarette listed in the certification has been tested in accordance with subsection 2; and

(2) Each cigarette listed in the certification meets the performance standards set forth in subsection 2. [PL 2007, c. 253, §1 (NEW); PL 2007, c. 253, §3 (AFF).]

B. Information listed in the certification of each cigarette must include:

(1) Brand or trade name on the package;

(2) Style, such as light or ultra light;

(3) Length in millimeters;

(4) Circumference in millimeters;

(5) Flavor, such as menthol, if applicable;

(7) Package description, such as soft pack or box;

(8) Marking approved in accordance with subsection 4;
(9) The name, address and telephone number of the laboratory, if different than the manufacturer, that conducted the test; and

(10) The date that the testing occurred. [PL 2007, c. 253, §1 (NEW); PL 2007, c. 253, §3 (AFF).]

C. The manufacturer must make a certification available to the Attorney General for purposes consistent with this section and the State Tax Assessor for the purposes of ensuring compliance with this section. [PL 2007, c. 253, §1 (NEW); PL 2007, c. 253, §3 (AFF).]

D. Each cigarette certified under this subsection must be recertified every 3 years. [PL 2007, c. 253, §1 (NEW); PL 2007, c. 253, §3 (AFF).]

4. Marking of cigarette packaging. The provisions of this subsection govern marking of cigarette packaging.

A. The packaging of cigarettes that are certified by a manufacturer in accordance with subsection 3 must be marked to indicate compliance with the requirements of subsection 2. The marking must be in 8-point or larger type and consist of:

   (1) Modification of the universal product code to include a visible mark printed in the area of the universal product code. This mark may consist of an alphanumeric or symbolic character or characters permanently stamped, engraved, embossed or printed in conjunction with the universal product code; or

   (2) Any visible combination of alphanumeric or symbolic characters or text permanently stamped, engraved or embossed upon the cigarette package or cellophane wrap. [PL 2007, c. 253, §1 (NEW); PL 2007, c. 253, §3 (AFF).]

B. A manufacturer shall use only one marking and shall apply this marking uniformly for all packages, including, but not limited to, packs, cartons and cases, and brands marketed by that manufacturer. [PL 2007, c. 253, §1 (NEW); PL 2007, c. 253, §3 (AFF).]

C. Prior to the certification of any cigarette, a manufacturer shall present its proposed marking to the State Fire Marshal for approval. Upon receipt of the request, the State Fire Marshal shall approve or disapprove the marking offered, except that the State Fire Marshal shall approve any marking in use and approved for sale in New York pursuant to the New York Fire Safety Standards for Cigarettes. Proposed markings are deemed approved if the State Fire Marshal fails to act within 10 business days of receiving a request for approval. The State Fire Marshal shall notify the State Tax Assessor as to the marking that has been approved. [PL 2007, c. 253, §1 (NEW); PL 2007, c. 253, §3 (AFF).]

D. A manufacturer may not modify its approved marking unless the modification has been approved by the State Fire Marshal in accordance with this subsection. [PL 2007, c. 253, §1 (NEW); PL 2007, c. 253, §3 (AFF).]

E. A manufacturer certifying cigarettes in accordance with subsection 3 shall provide a copy of the certification to all distributors and agents to which the manufacturer sells cigarettes and shall also provide sufficient copies of an illustration of the package marking used by the manufacturer pursuant to this section for each tobacco retailer to which the distributors or agents sell cigarettes. Distributors and agents shall provide copies of these illustrations to all tobacco retailers to which they sell cigarettes. Distributors, agents and tobacco retailers shall permit the State Fire Marshal, the State Tax Assessor, the Attorney General and their employees to inspect cigarette packaging marked in accordance with this subsection. ### SUBCHAPTER 3

**TOBACCO MANUFACTURERS ACT**

§1580-G. **Findings and purpose**

Cigarette smoking presents serious public health concerns to the State and to the citizens of the State. The Surgeon General has determined that smoking causes lung cancer, heart disease and other serious diseases, and that there are hundreds of thousands of tobacco-related deaths in the United States each year. These diseases most often do not appear until many years after the person in question begins smoking. [PL 1999, c. 401, Pt. U, §1 (NEW); PL 1999, c. 401, Pt. U, §2 (AFF).]

Cigarette smoking also presents serious financial concerns for the State. Under certain health-care programs, the State may have a legal obligation to provide medical assistance to eligible persons for health conditions associated with cigarette smoking, and those persons may have a legal entitlement to
receive such medical assistance. [PL 1999, c. 401, Pt. U, §1 (NEW); PL 1999, c. 401, Pt. U, §2 (AFF).]

Under these programs, the State pays millions of dollars each year to provide medical assistance for these persons for health conditions associated with cigarette smoking. [PL 1999, c. 401, Pt. U, §1 (NEW); PL 1999, c. 401, Pt. U, §2 (AFF).]

It is the policy of the State that financial burdens imposed on the State by cigarette smoking be borne by tobacco product manufacturers rather than by the State to the extent that such manufacturers either determine to enter into a settlement with the State or are found culpable by the courts. [PL 1999, c. 401, Pt. U, §1 (NEW); PL 1999, c. 401, Pt. U, §2 (AFF).]

On November 23, 1998, leading United States tobacco product manufacturers entered into a settlement agreement, entitled the "Master Settlement Agreement," with the State. The Master Settlement Agreement obligates these manufacturers, in return for a release of past, present and certain future claims against them as described therein, to pay substantial sums to the State (tied in part to their volume of sales); to fund a national foundation devoted to the interest of public health; and to make substantial changes in their advertising and marketing practices and corporate culture, with the intention of reducing underage smoking. [PL 1999, c. 401, Pt. U, §1 (NEW); PL 1999, c. 401, Pt. U, §2 (AFF).]

It would be contrary to the policy of the State if tobacco product manufacturers who determine not to enter into such a settlement could use a resulting cost advantage to derive large, short-term profits in the years before liability may arise without ensuring that the State will have an eventual source of recovery from them if they are proven to have acted culpably. It is thus in the interest of the State to require that such manufacturers establish a reserve fund to guarantee a source of compensation and to prevent such manufacturers from deriving large, short-term profits and then becoming judgment-proof before liability may arise. [PL 1999, c. 401, Pt. U, §1 (NEW); PL 1999, c. 401, Pt. U, §2 (AFF).]

[PL 1999, c. 401, Pt. U, §1 (NEW); PL 1999, c. 401, Pt. U, §2 (AFF).]

U, §1 (NEW); PL 1999, c. 401, Pt. U, §2 (AFF).]

B. is the first purchaser anywhere for the resale in the United States of cigarettes manufactured anywhere that the manufacturer does not intend to be sold in the United States; or [PL 1999, c. 401, Pt. U, §1 (NEW); PL 1999, c. 401, Pt. U, §2 (AFF).]

C. becomes a successor of an entity described in paragraph A or B. [PL 1999, c. 401, Pt. U, §1 (NEW); PL 1999, c. 401, Pt. U, §2 (AFF).]
The term "tobacco product manufacturer" shall not include an affiliate of a tobacco product manufacturer unless such affiliate itself falls within any of paragraphs A to C above. [PL 1999, c. 401, Pt. U, §1 (NEW); PL 1999, c. 401, Pt. U, §2 (AFF).]

10. "Units sold" means the number of individual cigarettes sold in the State by the applicable tobacco product manufacturer (whether directly or through a distributor, retailer or similar intermediary or intermediaries) during the year in question, as measured by excise taxes collected by the State on packs bearing the excise tax stamp of the State or "roll-your-own" tobacco containers. The Attorney General may adopt rules as are necessary to obtain information from any tobacco product retailer, distributor or manufacturer to ascertain the amount of state excise tax paid on tobacco products of each tobacco product manufacturer for each year. Rules established pursuant to this section are routine technical rules, as provided in Title 5, chapter 375, subchapter 2-A. Notwithstanding any other provision of law, the Bureau of Revenue Services may provide information to the Attorney General as is necessary for a tobacco product manufacturer to compile its escrow payment hereunder. In addition, the Attorney General may subpoena the records of any tobacco product retailer, distributor or manufacturer to enforce this Act. [PL 2003, c. 435, §1 (AMD).]

If a court of competent jurisdiction holds that this subparagraph is unconstitutional, then this subparagraph is deemed repealed; or

(2-A) (TEXT EFFECTIVE ON CONTINGENCY: Only if, following repeal of subparagraph (2), court of competent jurisdiction holds that paragraph A is unconstitutional) to the extent that a tobacco product manufacturer establishes that the amount it was required to place into escrow in a particular year was greater than the State's allocable share of the total payments that such manufacturer would have been required to make in that year under the Master Settlement Agreement (as determined pursuant to section IX(i)(2) of the Master Settlement Agreement, and before any of the adjustments or offsets described in section IX(i)(3) of that Agreement other than the Inflation Adjustment) had it been a participating manufacturer, the excess must be released from escrow and revert back to such tobacco product manufacturer. This subparagraph takes effect only if, following the repeal of subparagraph (2), as described therein, a court of competent jurisdiction holds that paragraph A is unconstitutional; or

(3) to the extent not released from escrow under subparagraph (1) or (2), funds must be released from escrow and revert back to such tobacco product manufacturer 25 years after the date on which they were placed into escrow. [PL 2003, c. 435, §2 (AMD).]

B. Each tobacco product manufacturer that elects to place funds into escrow pursuant to this subsection shall annually certify to the Attorney General that it is in compliance with this subsection. [PL 2003, c. 435, §2 (AMD).]

Each failure to make an annual deposit required under this section shall constitute a separate violation. In addition to the amounts set forth above, the State's costs and attorney's fees shall be paid by the violator. [PL 1999, c. 401, Pt. U, §1 (NEW); PL 1999, c. 401, Pt. U, §2 (AFF).]

A. Any health care professional or counselor providing pregnancy information and counseling under this subsection shall, in a manner that will be understood by the minor:

(1) Explain that the information being given to the minor is being given objectively and is not intended to coerce, persuade or induce the minor to choose either to have an abortion or to carry the pregnancy to term;

[PL 2019, c. 262, §2 (AMD).]

B. After the person provides the information and counseling to a minor as required by this subsection, that person shall have the minor sign and date a form stating that:

(1) The minor has received information on prenatal care and alternatives to abortion and that there are agencies that will provide assistance;

(2) The minor has received an explanation that the minor may withdraw an abortion decision or reconsider a decision to carry a pregnancy to term;

(3) The alternatives available for managing the pregnancy have been clearly and fully explored with the minor;

(6) The reasons for not involving the minor's parents, guardian or other adult family members are put in writing on the form by the minor or the person providing the information and counseling; and
(7) The minor has been given an adequate opportunity to ask questions.

The person providing the information and counseling shall also sign and date the form and include that person's address and telephone number. The person shall keep a copy for that person's files and shall give the form to the minor or, if the minor requests and if the person providing the information is not the health care professional performing the abortion, transmit the form to the health care professional performing the abortion. [PL 2019, c. 262, §2 (AMD).]

5. Presumption of validity of informed written consent; rebuttal. An informed consent which is evidenced in writing containing information and statements provided in subsection 4 and which is signed by the minor shall be presumed to be a valid informed consent. This presumption may be subject to rebuttal only upon proof that the informed consent was obtained through fraud, deception or misrepresentation of material fact. [PL 1989, c. 573, §2 (NEW).]

6. Court order concerning consent to abortion. The court may issue an order for the purpose of consenting to the abortion by the minor under the following circumstances and procedures.

A. The minor or next friend of the minor for the purposes of filing a petition may make an application to the Probate Court or District Court which shall assist the minor or next friend in preparing the petition. The minor or the next friend of the minor shall file a petition setting forth:

   (1) The initials of the minor;
   (2) The age of the minor;
   (3) That the minor has been fully informed of the risks and consequences of the abortion;
   (4) That the minor is of sound mind and has sufficient intellectual capacity to consent to the abortion;
   (5) That, if the court does not grant the minor majority rights for the purpose of consent to the abortion, the court should find that the abortion is in the best interest of the minor and give judicial consent to the abortion;
   (7) That, if the minor does not have private counsel, that the court may appoint counsel.

The minor or the next friend shall sign the petition. [PL 1989, c. 573, §2 (NEW).]

B. The petition is a confidential record and the court files on the petition shall be impounded. [PL 1989, c. 573, §2 (NEW).]

C. A hearing on the merits of the petition shall be held as soon as possible within 5 days of the filing of the petition. If any party is unable to afford counsel, the court shall appoint counsel at least 24 hours before the time of the hearing. At the hearing, the court shall hear evidence relating to:

   (1) The emotional development, maturity, intellect and understanding of the minor;
   (2) The nature, possible consequences and alternatives to the abortion; and
   (3) Any other evidence that the court may find useful in determining whether the minor should be granted majority rights for the purpose of consenting to the abortion or whether the abortion is in the best interest of the minor.

The hearing on the petition shall be held as soon as possible within 5 days of the filing of the petition. The court shall conduct the hearing in private with only the minor, interested parties as determined by the court and necessary court officers or personnel present. The record of the hearing is not a public record. [PL 1989, c. 573, §2 (NEW).]

D. In the decree, the court shall for good cause:
(1) Grant the petition for majority rights for the sole purpose of consenting to the abortion;
(2) Find the abortion to be in the best interest of the minor and give judicial consent to the abortion, setting forth the grounds for the finding; or
(3) Deny the petition only if the court finds that the minor is not mature enough to make her own decision and that the abortion is not in her best interest. [PL 1989, c. 573, §2 (NEW).]

E. If the petition is allowed, the informed consent of the minor, pursuant to a court grant of majority rights or the judicial consent, shall bar an action by the parent or guardian of the minor on the grounds of battery of the minor by those performing the abortion. The immunity granted shall only extend to the performance of the abortion and any necessary accompanying services which are performed in a competent manner. [PL 1989, c. 573, §2 (NEW).]

F. The minor may appeal an order issued in accordance with this section to the Superior Court. The notice of appeal shall be filed within 24 hours from the date of issuance of the order. Any record on appeal shall be completed and the appeal shall be perfected within 5 days from the filing of notice to appeal. The Supreme Judicial Court shall, by court rule, provide for expedited appellate review of cases appealed under this section. [PL 1989, c. 573, §2 (NEW).]

7. Abortion performed against the minor's will. No abortion may be performed on any minor against her will, except that an abortion may be performed against the will of a minor pursuant to a court order described in subsection 6 that the abortion is necessary to preserve the life of the minor. A person who violates this paragraph commits a civil violation for which a fine of not more than $1,000 may be adjudged for each violation. [PL 2019, c. 262, §3 (AMD).]

9. Nonseverability. In the event that any portion of this section is held invalid, it is the intent of the Legislature that this entire section shall be invalid. [PL 1989, c. 573, §2 (NEW).]

[PL 2019, c. 262, §6 (AMD).]

2. Informed consent. To ensure that the consent for an abortion is truly informed consent, the health care professional, as defined in section 1596, subsection 1, paragraph C, shall inform the woman, in a manner that in the health care professional's professional judgment is not misleading and that will be understood by the patient, of at least the following:

CHAPTER 265

MASS GATHERINGS

§1601. Permit required

1. Hazard. The Legislature finds that mass outdoor gatherings frequently create a hazard to the public health, safety and peace. Accordingly, it is deemed to be appropriate and in the interest of the public welfare to regulate the conduct of such gatherings in order to protect the public health and safety. [PL 1977, c. 347, §2 (RPR).]

2. Mass outdoor gatherings. For the purposes of this chapter, a mass outdoor gathering shall be deemed to mean any gathering held outdoors with the intent to attract the continued attendance of 2,000 or more persons for 12 or more hours. [PL 1977, c. 347, §2 (RPR).]

3. Permit required. No person, corporation, partnership, association or group of any kind shall sponsor, promote or conduct a mass outdoor gathering until a permit has been obtained from the Commissioner of Health and Human Services. [PL 1977, c. 347, §2 (RPR); PL 2003, c. 689, Pt. B, §7 (REV).]

SECTION HISTORY

§1602. Permit issuance

1. Written application. The Commissioner of Health and Human Services shall issue a permit for a mass outdoor gathering upon receipt of a written application therefor unless, after the consideration of the factors listed in subsection 2, it appears to the commissioner within a reasonable certainty that the gathering will present a grave and imminent danger to the public health or to the public safety. [PL 1977, c. 347, §3 (NEW); PL 2003, c. 689, Pt. B, §7 (REV).]

2. Commissioner's determination. In determining whether there exists a reasonable certainty that the gathering will present a grave and imminent danger to the public health or safety, the commissioner shall consider the nature of the gathering and the availability of:

A. An adequate and satisfactory water supply and facilities; [PL 1977, c. 347, §3 (NEW).]
B. Adequate refuse storage and disposal facilities; [PL 1977, c. 347, §3 (NEW).]
C. Sleeping areas and facilities; [PL 1977, c. 347, §3 (NEW).]
D. Wholesome and sanitary food service; [PL 1977, c. 347, §3 (NEW).]
E. Adequate medical supplies and care; [PL 1977, c. 347, §3 (NEW).]
F. Adequate fire protection; [PL 1977, c. 347, §3 (NEW).]
G. Adequate police protection; [PL 1977, c. 347, §3 (NEW).]
H. Adequate traffic control; and [PL 1977, c. 347, §3 (NEW).]
I. Any other matters as may affect the security of the public health or safety. [PL 1977, c. 347, §3 (NEW).]

3. Plans; cooperation. In its review of applications for permits for the holding or promoting of a mass outdoor gathering, the department may require such plans, specifications and reports as it shall deem necessary for a proper review. In its review of such applications, as well as in carrying out its other duties and functions in connection with such a gathering, the department may request, and shall receive from all public officers, departments and agencies of the State and its political subdivisions such cooperation and assistance as may be necessary and proper. No permit may be issued by the department until the commissioner or his representative has discussed the application with the municipal officers of the municipality in which the event is intended to be held.

4. Permit denied; appeal. An applicant who has been aggrieved by the department's decision to deny a permit under this chapter may file within 30 days of the notice of the denial a complaint with the District Court, as provided in Title 5, chapter 375. A hearing before the District Court for reconsideration of the denial may be advanced on the docket and receive priority over other cases when the court determines that the interests of justice so require.

5. Municipal ordinances and regulations. The requirements of this chapter and of the regulations adopted under this chapter shall be considered minimum requirements. Nothing shall preclude a municipality from enforcing any ordinance or regulation which is more stringent than the requirements of this chapter or of the regulations adopted under this chapter.

The Department of Health and Human Services may also require, prior to the issuance of a permit, that the applicant furnish to the department a bond of a surety company qualified to do business in this State in such an amount as the department shall determine, but in no event more than $5,000, to ensure the public peace, safety and compensation of damage to property, public or private. This requirement for a bond does not preclude the applicant or any other persons from obtaining personal liability insurance for a mass outdoor gathering. Cash or negotiable securities of equivalent value may be furnished in lieu of the bond. The bond must guarantee cleanup by the applicant of the area used for the mass outdoor gathering, compliance by the applicant with any applicable state or local law or
regulation and payment by the applicant of all proper claims against the applicant for damage to real or personal property in the municipality for which the permit is issued and arising out of facts done or omitted to be done by the applicant, the applicant's agents or employees. Any person having such a claim may bring an action upon the bond in the Superior Court of the county in which the municipality is located within one year of the occurrence of the act complained of. In furnishing such a bond, the applicant is deemed to have appointed the surety company as agent for the service of process upon the applicant or if cash or securities are supplied in lieu of a bond, the applicant shall in writing appoint an agent for the service of process, irrevocably, for the term within which action may be brought before any permit is issued. [PL 2003, c. 673, Pt. AA, §2 (AMD); PL 2003, c. 689, Pt. B, §6 (REV).]

§1634. Municipal ordinances

Nothing in this chapter may be construed as a preemption by the State. CHAPTER 269
RAPE CRISIS CENTERS

§1661. Legislative intent

The Legislature finds that rape and sexual assault are crimes of violence that are both underreported and increasing in incidence; that victims of rape need support services and counseling that are currently unavailable from traditional medical or legal institutions; that the recent formation of local and regional rape crisis centers has provided rape and sexual assault victims with vital counseling and intervention services; and that the volunteer efforts of these and future rape crisis centers shall be supported and enhanced on a statewide basis, if possible. The Legislature declares that it is consistent with public policy to fund counseling and preventive educational programs by rape crisis centers. [PL 1983, c. 826, §1 (NEW).]

SUBCHAPTER 1

ENVIRONMENTAL HEALTH PROGRAMS

§1691. Findings and declaration of purpose

The Legislature finds that adequate measures must be taken to ensure that any threats to the health of the people of the State posed by natural phenomena or the introduction of potentially toxic substances into the environment are identified, appropriately considered and responded to by those responsible for protecting the public's health and environment. [PL 1981, c. 508, §1 (NEW).]
The purpose of this chapter is to create an Environmental Health Program within the Department of Health and Human Services, Bureau of Health, which would provide the department with the capability it requires to discharge its responsibilities satisfactorily, and to advise other departments and boards charged with similar or related responsibilities regarding the potential health implications of their actions. [PL 1981, c. 508, §1 (NEW); PL 2003, c. 689, Pt. B, §6 (REV).]

4. Advise state agencies. Advise the Commissioner of Health and Human Services, as well as other state agencies and boards, such as the Departments of Conservation, Environmental Protection and Agriculture, Food and Rural Resources, regarding the potential health implications of their actions, the nature and extent of identified problems and the steps which can be taken to address them; and [PL 1981, c. 508, §1 (NEW); PL 2003, c. 689, Pt. B, §7 (REV).]

5. Public information. Provide the public with information, and advise them as to preventive and corrective actions in the area of environmental health. [PL 1981, c. 508, §1 (NEW).]

1. Access to reports and records. The Department of Health and Human Services must be given access to all confidential reports and records filed by physicians, hospitals or other private or public sector organizations, with all departments, agencies, commissions or boards of the State for the purpose of conducting investigations or evaluating the completeness or quality of data submitted to the department's disease surveillance programs. The department shall follow the data confidentiality requirements of the departments, agencies, commissions or boards of the State providing this information.

Upon notification by the Department of Health and Human Services, physicians or hospitals shall provide to the department any further information requested for the purpose of conducting investigations or evaluating the completeness or quality of data submitted to the department's disease surveillance programs.

[PL 1989, c. 844, §2 (NEW); PL 2003, c. 689, Pt. B, §6 (REV).]

2. Limited immunity. A physician, hospital, or employee of a physician or hospital is not liable for any civil damages as a result of the department's use of information gathered under this section. This immunity is limited to legitimate activities pursued in good faith under this section.

[PL 1989, c. 844, §2 (NEW).]

3. Adoption of rules. The department shall adopt rules governing the conditions under which and purposes for which the department may use identifying information under this section. The rules must ensure that:

A. Identifying information is used only to gain access to medical records and other medical information pertaining to an investigation designed to accomplish public health research of substantial public importance; [PL 1989, c. 844, §2 (NEW).]

B. Medical information about an identified patient is not sought from any person without the consent of that patient except when the information sought pertains solely to verification or comparison of health data that the department is otherwise authorized by law to collect and the department finds that confidentiality can be adequately protected without patient consent; [PL 1989, c. 844, §2 (NEW).]

C. Those persons conducting the investigation do not disclose medical information about an identified patient to any other person except a health care practitioner responsible for treating the patient; [PL 1989, c. 844, §2 (NEW).]

D. Those persons gaining access to medical information about an identified patient use that information to the minimum extent necessary to accomplish the purposes of the investigation; [PL 1989, c. 844, §2 (NEW).]

E. The protocol for any investigation is designed to preserve the confidentiality of all medical information that can be associated with identified patients, to specify the manner in which contact is made with patients, and to maintain public confidence in the protection of confidential information; [PL 1989, c. 844, §2 (NEW).]

F. An advisory body, independent from the department, is established and charged with responsibility for approving the protocol of the investigation, overseeing the conduct of the investigation to assure consistency with the protocol and the department's rules, and assessing both the scientific validity of the investigation and its effects upon patients; [PL 1989, c. 844, §2 (NEW).]

G. The department does not seek information under this section if the proposed identification of or contact with patients or health care practitioners would diminish the confidentiality of medical information or the public's confidence in the protection of that information in a manner that
outweighs the expected benefit to the public of the proposed investigation; and [PL 1989, c. 844, §2 (NEW).]

H. Whenever a physician or hospital furnishes patient information requested by the department in accordance with this section, the department reimburses the physician or hospital for the reasonable costs incurred in providing the information. [PL 1989, c. 844, §2 (NEW).]

§1708. Appropriations for aid of public and private hospitals and nursing homes
1. Compensation for hospitals. Such sums of money as may be appropriated by the Legislature in aid of public and private hospitals shall be expended under the direction of the department, and the expense of administration shall be charged to the appropriation of that department for general administration. The department is authorized to compensate hospitals located in the State of New Hampshire within 15 miles from the Maine - New Hampshire state line or hospitals located in the Provinces of Quebec or New Brunswick, Canada, within 5 miles of the international boundary, for cases where the hospital care is for persons resident in the State of Maine and, in the judgment of the commissioner, adequate local hospital facilities are not available. The department may compensate hospitals at such rates as it may establish for hospital care of persons whose resources or the resources
of whose responsible relatives are insufficient therefor, except as provided in subsection 2. Bills itemizing the expenses of such hospital care, when approved by the department and audited by the State Controller, shall be paid by the Treasurer of State.

[PL 1975, c. 365, §1 (RPR).]

2. Compensation for nursing homes.

2-A. Base-year revisions.

3. Compensation for nursing homes. A nursing home, as defined under section 1812-A, or any portion of a hospital or institution operated as a nursing home, when the State is liable for payment for care, must be reimbursed at a rate established by the Department of Health and Human Services pursuant to this subsection. The department may not establish a so-called "flat rate." This subsection applies to all funds, including federal funds, paid by any agency of the State to a nursing home for patient care. The department shall establish rules concerning reimbursement that:

A. Take into account the costs of providing care and services in conformity with applicable state and federal laws, rules, regulations and quality and safety standards; [PL 1991, c. 528, Pt. E, §21 (NEW); PL 1991, c. 528, Pt. E, §22 (AFF); PL 1991, c. 528, Pt. RRR (AFF); PL 1991, c. 591, Pt. E, §21 (NEW); PL 1991, c. 591, Pt. E, §22 (AFF).]

B. Are reasonable and adequate to meet the costs incurred by efficiently and economically operated facilities; [PL 1995, c. 696, Pt. A, §32 (AMD).]

C. Are consistent with federal requirements relative to limits on reimbursement under the federal Social Security Act, Title XIX; [PL 2001, c. 666, Pt. A, §1 (AMD); PL 2001, c. 666, Pt. E, §1 (AFF).]

D. Ensure that any calculation of an occupancy percentage or other basis for adjusting the rate of reimbursement for nursing facility services to reduce the amount paid in response to a decrease in the number of residents in the facility or the percentage of the facility's occupied beds excludes all beds that the facility has removed from service for all or part of the relevant fiscal period in accordance with section 333. If the excluded beds are converted to residential care beds or another program for which the department provides reimbursement, nothing in this paragraph precludes the department from including those beds for purposes of any occupancy standard applicable to the residential care or other program pursuant to duly adopted rules of the department; [PL 2013, c. 594, §1 (AMD).]

E. Contain an annual inflation adjustment that:

   (1) Recognizes regional variations in labor costs and the rates of increase in labor costs determined pursuant to the principles of reimbursement and establishes at least 4 regions for purposes of annual inflation adjustments; and

   (2) Uses the applicable regional inflation factor as established by a national economic research organization selected by the department to adjust costs other than labor costs or fixed costs; and

F. Establish a nursing facility's base year every 2 years and increase the rate of reimbursement beginning July 1, 2014 and every year thereafter until June 30, 2018. For the state fiscal year beginning July 1, 2018, the base year for each facility is its fiscal year that ended in the calendar year.
year 2016. For state fiscal years beginning on or after July 1, 2019, subsequent rebasing must be based on the most recent cost report filings available. The department may provide a mechanism for subsequent adjustments to base year costs to reflect any material difference between as-filed cost reports used in rebasing and subsequent determinations of audited, allowable costs for the same fiscal period. The department's rules must provide that, beginning in the state fiscal year beginning July 1, 2018, the rates set for each rebasing year must include an inflation adjustment for a cost-of-living percentage change in nursing facility reimbursement each year in accordance with the United States Department of Labor, Bureau of Labor Statistics Consumer Price Index medical care services index.

Any rebasing done pursuant to this paragraph may not result in a nursing facility receiving a reimbursement rate that is lower than the rate in effect on June 30, 2018. [PL 2017, c. 460, Pt. B, §1 (AMD).]

Rules adopted pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A. [PL 2017, c. 460, Pt. B, §1 (AMD).]

§1710. Deferred revenue payments

The Department of Health and Human Services may make a payment to each general hospital in the State which is certified for participation in the Medical Assistance Program under Title 19 of the Social Security Act, not to exceed the average amount paid to that hospital by the department during a 30-day period in the next preceding fiscal year. Such payment shall constitute a deferred revenue obligation for the hospital. Any unliquidated balance of such obligation shall be repaid to the department upon demand. [PL 1975, c. 293, §4 (AMD); PL 2003, c. 689, Pt. B, §6 (REV).]

SECTION HISTORY

§1711. Patient access to hospital medical records

If a patient of an institution licensed as a hospital by the State, after discharge from such institution, makes written request for copies of the patient's medical records, the copies must, if available, be made available to the patient in accordance with the requirements of 45 Code of Federal Regulations, Section 164.524 (2019) or for a hospital not subject to the requirements of 45 Code of Federal Regulations, Section 164.524 (2019) within a reasonable time unless, in the opinion of the hospital, it would be detrimental to the health of the patient to obtain the records. If the hospital is of the opinion that release
of the records to the patient would be detrimental to the health of the patient, the hospital shall advise the patient that copies of the records will be made available to the patient's authorized representative upon presentation of a proper authorization signed by the patient. The hospital may exclude from the copies of medical records released any information related to a clinical trial sponsored, authorized or regulated by the federal Food and Drug Administration. [PL 2019, c. 503, Pt. F, §1 (AMD).]

If an authorized representative for a patient requests, in writing, that a hospital provide the authorized representative with a copy of the patient's medical records and presents a proper authorization from the patient for the release of the information, copies must be provided to the authorized representative in accordance with the requirements of 45 Code of Federal Regulations, Section 164.524 (2019) or for a hospital not subject to the requirements of 45 Code of Federal Regulations, Section 164.524 (2019) within a reasonable time. [PL 2019, c. 503, Pt. F, §1 (AMD).]

A written request or authorization for release of medical records under this section satisfies the requirements of section 1711-C, subsection 3. [PL 1997, c. 793, Pt. A, §1 (NEW); PL 1997, c. 793, Pt. A, §10 (AFF).]

A patient or, if the patient is a minor who has not consented to health care treatment in accordance with the laws of this State, the minor's parent, legal guardian or guardian ad litem may submit to a hospital health care information that corrects or clarifies the patient's treatment record, which must be retained with the medical record by the hospital. If the hospital adds to the medical record a statement in response to the submitted correction or clarification, the hospital shall provide a copy to the patient or, if the patient is a minor who has not consented to health care treatment in accordance with the laws of this State, the minor's parent, legal guardian or guardian ad litem. [PL 1999, c. 512, Pt. A, §1 (AMD); PL 1999, c. 512, Pt. A, §7 (AFF); PL 1999, c. 790, Pt. A, §§58, 60 (AFF).]

Reasonable costs incurred by the hospital in making and providing paper copies of medical records and additions to medical records may be assessed as charges to the requesting person and the hospital may require payment prior to responding to the request. The charge for paper copies of records may not exceed $5 for the first page and 45¢ for each additional page, up to a maximum of $250 for the entire medical record. [PL 2013, c. 158, §1 (AMD).]

If a medical record exists in a digital or electronic format, the hospital shall provide an electronic copy of the medical record if an electronic copy is requested and it is reasonably possible to provide it. The hospital may assess as charges reasonable actual costs of staff time to create or copy the medical record and the costs of necessary supplies and postage. Actual costs may not include a retrieval fee or the costs of new technology, maintenance of the electronic record system, data access or storage infrastructure. Charges assessed under this paragraph may not exceed $150. [PL 2013, c. 158, §2 (NEW).]

Release of a patient's medical records to a person other than the patient or, if the patient is a minor who has not consented to health care treatment in accordance with the laws of this State, the minor's parent, legal guardian or guardian ad litem is governed by section 1711-C. [PL 1999, c. 512, Pt. A, §2 (AMD); PL 1999, c. 512, Pt. A, §7 (AFF); PL 1999, c. 790, Pt. A, §§58, 60 (AFF).]

may not exceed the reasonable costs incurred by the health care practitioner in making and providing the copies or the report. The charge for the copies or the report may not exceed $5 for the first page and 45¢ for each additional page, up to a maximum of $250 for the entire treatment record or medical report. 5. Discharge plan. If written consent is received under subsection 3, a hospital shall make reasonable efforts to communicate with a lay caregiver designated under subsection 2 regarding the development of a patient's discharge plan to help prepare the designated lay caregiver for the patient's aftercare needs at the patient's residence in accordance with the hospital's discharge policy.

6. Instruction to designated lay caregiver. If written consent is received under subsection 3, prior to a patient's discharge, the hospital shall make reasonable efforts to instruct the patient's lay caregiver designated under subsection 2, in a culturally competent manner, on how to meet the patient's aftercare needs and shall provide a meaningful opportunity for the designated lay caregiver to ask questions about the patient's discharge plan.

7. Noninterference with health care directives. The provisions of this section may not be construed to interfere with the rights of an agent of a patient operating under a valid health care directive under Title 18-C, Article 5, Part 8.

4. Successor liability. Liability of transferees is governed by this subsection.

A. When a nursing home, boarding home, hospital or other provider of health care services is transferred, the transferee is liable for debts owed to the department by the former provider unless by the time of sale:

1. All debts owed by the former provider to the department have been paid, except as stated in subparagraph (2);
2. If the indebtedness is the subject of an administrative appeal, an escrow account has been created and funded in an amount sufficient to cover the debt as claimed by the department; or
3. An interim cost report has:
(a) Been filed and an escrow account has been created and funded in an amount sufficient to cover any overpayment identified in the report; or

(b) Not been filed and an escrow account has been created and funded in an amount sufficient to cover 5% of Medicaid reimbursement or cost reimbursement for the last fiscal year or $50,000, whichever is less. [PL 2011, c. 687, §7 (AMD).]

B. Any person affected by this subsection may request that the department identify the amount of any debt owed by a nursing home, boarding home, hospital or other provider of health care services. When the department receives such a request, it shall identify the debt within 30 days. Failure to identify the amount of a debt when a request is made in writing at least 30 days prior to the transfer precludes the department from recovering that debt from the transferee. [PL 2011, c. 687, §7 (AMD).]

C. The department shall provide written notice of the requirements of this section to the transferee in a letter acknowledging receipt of a request for a certificate of need or waiver of the certificate of need for a nursing home or hospital transfer or in response to a request for an application for a license to operate a boarding home or to provide other health care services. [PL 2011, c. 687, §8 (AMD).]

D. If a transferee becomes liable for a debt pursuant to this subsection, the transferee shall succeed to any defenses to the debt that could have been exercised by the former provider. [PL 1991, c. 9, Pt. G, §4 (NEW).]

E. Nothing in this subsection may limit the liability of the former provider to the department for any debts whether or not they are identified at the time of sale. In addition, a transferee has a cause of action against a former provider to the extent that debts of the former provider are paid by the transferee, unless the transferee has waived the right to sue the former provider for those debts. [PL 1991, c. 568, §2 (AMD).]

F. The commissioner may waive all or part of a transferee's liability under this subsection if the commissioner finds that a waiver of liability is in the public interest. [PL 1991, c. 568, §3 (NEW).]

[PL 2011, c. 687, §§7, 8 (AMD).]

5. Department may offset. The department may offset against current reimbursement owed to a provider or any entity related by ownership or control to that provider any debt it is owed by that provider after the debt becomes collectible. The department shall adopt rules that implement this subsection and define the ownership or control relationships that are subject to an offset under this subsection, except that the department may not define any ownership or control relationship as subject to an offset unless the relationship allows the person whose relationship is the subject of the offset to control at least the number of votes of the provider's governing body or management that is needed to govern the operations of the provider. Rules adopted pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A. [PL 2017, c. 442, §1 (AMD).]

6. Liens. Collection by lien is as follows.

A. After a debt is collectible, the amount stated in the notice of debt or overpayment is a lien in favor of the department against all real or personal property of the provider or any entity related by ownership or control to the provider. [PL 1991, c. 568, §4 (NEW).]

B. The lien attaches to all real and personal property of the responsible party when the department files in the registry of deeds of any county, or with any office appropriate for a notice with respect to personal property, a certificate that states the name of the responsible party, that party's address, the amount of debt accrued, the date of the underlying audit or decision and the name and address of the authorized agent of the department who issues the lien. [PL 1991, c. 568, §4 (NEW).]
C. When a lien has been filed and the person having notice of the lien possesses any property that may be subject to the lien, that property may not be paid over, released, sold, transferred, encumbered or conveyed unless:

   (1) A release or waiver signed by the commissioner has been delivered to the person in possession of the property; or
   (2) A court has ordered the release of the lien. A court may order a release only when alternative security has been provided for the debt owed the department. [PL 1991, c. 568, §4 (NEW).]

D. The commissioner may hold title to real or personal property for the purpose of foreclosure on filed liens. Foreclosure must proceed as follows.

   (1) Actions to foreclose liens on real property filed under this subsection may be brought in the county where the lien is filed pursuant to the procedures of Title 14, chapter 713, subchapter VI. For purposes of foreclosure by civil action as described in Title 14, chapter 713, subchapter VI, a lien filed in accordance with this subsection constitutes a mortgage claim of the department on any real property owned by the debtor. Failure to pay the debt owed the department constitutes a breach of condition in the mortgage.

   (2) Actions to foreclose liens on personal property filed under this subsection may be brought, pursuant to Title 14, chapter 509, subchapter III, in the county where the lien is filed. [PL 1991, c. 568, §4 (NEW).]

7. Other collection actions. In addition to the other remedies provided in this section, the department may seek collection of any debt established under subsection 2 pursuant to Title 14, chapter 502, Title 36, chapter 7 and Title 36, section 185-A.

   A business entity, including a sole proprietorship, is considered out of business for the purposes of the department's recovering indebtedness if, after reasonable investigation, the department or its legal counsel has certified in writing that the business entity is no longer conducting operations and that there is no realistic expectation of collecting any significant money from the entity based upon one or more of the following conditions:

   A. The business entity has ceased offering retail or wholesale goods and services to the public; [PL 2003, c. 673, Pt. YYY, §1 (NEW).]

   B. Upon reasonable investigation, nonexempt assets of the business entity of substantial value can not be identified or are otherwise unavailable for attachment and recovery; [PL 2003, c. 673, Pt. YYY, §1 (NEW).]

   C. The business entity's physical location or locations of business are closed to the public; [PL 2003, c. 673, Pt. YYY, §1 (NEW).]

   D. The business entity's corporate status is no longer in good standing; [PL 2003, c. 673, Pt. YYY, §1 (NEW).]

   E. The business entity has admitted that it has insufficient assets to satisfy the debt; [RR 2007, c. 2, §8 (COR).]

   F. After reasonable investigation, the department or its counsel can not locate the business entity or identify the debtor's nonexempt assets; and [PL 2003, c. 673, Pt. YYY, §1 (NEW).]

   G. The business entity has transferred substantially all of its business assets to a 3rd party and there are no recoverable assets as a result of the transfer. [PL 2003, c. 673, Pt. YYY, §1 (NEW).]

Certification by the department that a business entity is out of business under this subsection does not preclude further collection and recovery procedures by the department, whether to formally adjudicate
the indebtedness or to proceed with collection and recovery if the department becomes aware of facts that merit further recovery efforts.
[PL 2019, c. 659, Pt. D, §5 (AMD).]

8. Rulemaking. The department may adopt or amend any rule as necessary to implement this section.
[PL 1991, c. 568, §4 (NEW).]

9. Cost-of-care overpayments. On or before June 30, 2015, the department shall collect the total amount of debt arising from cost-of-care overpayments that exceeds by $4,000,000 the amount of that debt that had been budgeted for fiscal year 2014-15 as of April 15, 2014. To the extent necessary to meet this requirement, the department may establish payment terms, modify as otherwise permitted by law existing payment agreements to accelerate payment terms and offset current payments in accordance with subsection 5. If 7 days' notice and opportunity to comment are provided, the department may adopt rules on an emergency basis to modify its implementation of subsection 5 on an emergency basis for purposes of collecting cost-of-care overpayments without making the emergency findings otherwise required by Title 5, section 8054, subsection 2.
[PL 2013, c. 594, §2 (NEW).]

10. No imposition of liability on other persons. The department may not by any means, including without limitation any rule or any contract or agreement with a provider, impose liability for a debt under this section on any person other than the provider notified of the debt pursuant to subsection 2 or a person subject to collection by offset pursuant to rules adopted under subsection 5. This subsection does not prohibit the department from seeking recovery of civil penalties from any person as provided in section 15.
[PL 2017, c. 442, §2 (NEW).]

_REVISOR'S NOTE:_ §1714-D. Credible allegations of fraud; provider payment suspensions (As enacted by PL 2011, c. 687, §9 is REALLOCATED TO TITLE 22, SECTION 1714-E)

SECTION HISTORY

§1714-E. Credible allegations of fraud; provider payment suspensions

(WHOLE SECTION TEXT EFFECTIVE UNTIL CONTINGENCY: See T. 22, §1714-E, sub-§7)
(REALLOCATED TO FROM TITLE 22, SECTION 1714-D)
(WHOLE SECTION TEXT REPEALED ON CONTINGENCY: See T. 22, §1714-E, sub-§7)

If the department determines that there is a credible allegation of fraud by a provider under the MaineCare program, the following procedures apply. [RR 2011, c. 2, §25 (RAL).]

1. **Suspension of payments.** The department shall suspend payment in whole or in part to a MaineCare provider when a suspension is necessary to comply with Section 6402(h)(2) of the federal Patient Protection and Affordable Care Act, Public Law 111-148 and 42 Code of Federal Regulations, Part 455. [PL 2015, c. 329, Pt. A, §5 (AMD).]

2. **Administrative appeal; scope.** A MaineCare provider may administratively appeal the department's decision to suspend payment under subsection 1. [RR 2011, c. 2, §25 (RAL).]

3. **No stay during administrative appeal.** A suspension of payments under subsection 1 may not be stayed during an administrative appeal of the department's decision to suspend payment. The department may provide a fair opportunity for appropriate expedited relief from a suspension of payments consistent with federal law. [RR 2011, c. 2, §25 (RAL).]

4. **Final determination; offset.** Upon a final determination that fraud has occurred and that money is owed by the MaineCare provider to the department, and 31 days after exhaustion of all administrative appeals and any judicial review available under Title 5, chapter 375, the department may retain and apply as an offset to amounts determined to be owed to the department any payments to the provider that were suspended by the department pursuant to this section. The amount retained pursuant to this subsection may not exceed the amount determined finally to be owed. [RR 2011, c. 2, §25 (RAL).]

5. **Confidentiality.** Except as necessary for purposes of the investigation of fraud or the administration of the MaineCare program, the department's records regarding a determination of a credible allegation of fraud are confidential until the relevant MaineCare provider has been given notice of a suspension of payments under subsection 1. [RR 2011, c. 2, §25 (RAL).]

6. **Rules.** The department shall adopt rules to implement this section, including rules to define "credible allegation of fraud" and to provide exception and appeal procedures as required by and in accordance with the requirements of federal law and regulations. If the department provides a procedure for expedited relief from suspension of payments, as authorized in subsection 3, the rules must include
that procedure. Rules adopted pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.

[RR 2011, c. 2, §25 (RAL).]

7. **Repeal.** This section is repealed if Section 6402(h)(2) of the federal Patient Protection and Affordable Care Act, Public Law 111-148 and 42 Code of Federal Regulations, Part 455 are invalidated by the United States Supreme Court. The department shall notify the Secretary of State, the Secretary of the Senate, the Clerk of the House of Representatives and the Revisor of Statutes if the section of law and the regulation are invalidated.

§1718. Consumer information

Each hospital or ambulatory surgical center licensed under chapter 405 shall, upon request by an individual, provide the average charge for any inpatient service or outpatient procedure provided by the licensee. This section applies to the disclosure of health care prices by a health care entity.  
[PL 2013, c. 515, §2 (NEW).]

1. Definitions. As used in this section, unless the context otherwise indicates, the following terms have the following meanings.

A. "Frequently provided health care services and procedures" means those health care services and procedures that were provided by the health care entity at least 50 times in the preceding calendar year.

The prices stated must be the prices that the health care entity charges patients directly when there is no insurance coverage for the services or procedures or when reimbursement by an insurance company is denied. [PL 2013, c. 515, §2 (NEW).]

A health care entity shall comply with this paragraph by providing a written notice at the time the health care entity recommends or refers a patient for a health care service or procedure that may qualify as a comparable health care service. A written notice provided under this paragraph must include a notification that, prior to obtaining the recommended service, the patient may review the health care price transparency tool provided by the patient's carrier or contact the patient's carrier directly via a toll-free telephone number so that the patient may consider whether the recommended provider of the comparable health care service represents the best value for the patient. A written notice provided under this paragraph must also include a description of the service or the applicable standard medical codes or current procedural terminology codes used by the American Medical Association sufficient to allow the carrier to assist the patient in comparing prices for the comparable health care service. Upon the request of an uninsured patient, a health care entity, as defined in section 1718-B, subsection 1, paragraph B, shall provide within a reasonable time of the request an estimate of the total price of medical services to be rendered directly by that health care entity during a single medical encounter. If the health care entity is unable to provide an accurate estimate of the total price of a specific medical service because the amount of the medical service to be consumed during the medical encounter is unknown in advance, the health care entity shall provide a brief description of the basis for determining the total price of that particular medical service. If a single medical encounter will involve medical services to be rendered by one or more 3rd-party health care entities, the health care
entity shall identify each 3rd-party health care entity to enable the uninsured patient to seek an estimate of the total price of medical services to be rendered directly by each health care entity to that patient. §1718-D. Prohibition on balance billing for surprise bills and bills for out-of-network emergency services; disputes of bills for uninsured patients and persons covered under self-insured health benefit plans; disclosure related to referrals

1. Definitions. As used in this section, unless the context otherwise indicates, the following terms have the following meanings.

A. "Enrollee" has the same meaning as in Title 24-A, section 4301-A, subsection 5. [PL 2017, c. 218, §1 (NEW); PL 2017, c. 218, §3 (AFF).]

B. "Health plan" has the same meaning as in Title 24-A, section 4301-A, subsection 7. [PL 2017, c. 218, §1 (NEW); PL 2017, c. 218, §3 (AFF).]

B-1. "Knowingly elected to obtain the services from an out-of-network provider" means that an enrollee chose the services of a specific provider, with full knowledge that the provider is an out-of-network provider with respect to the enrollee's health plan, under circumstances that indicate that the enrollee had and was informed of the opportunity to receive services from a network provider but instead selected the out-of-network provider. The disclosure by a provider of network status does not render an enrollee's decision to proceed with treatment from that provider a choice made knowingly pursuant to this paragraph. [PL 2019, c. 668, §1 (NEW).]

C. "Provider" has the same meaning as in Title 24-A, section 4301-A, subsection 16. [PL 2017, c. 218, §1 (NEW); PL 2017, c. 218, §3 (AFF).]

D. "Surprise bill" has the same meaning as in Title 24-A, section 4303-C, subsection 1. [PL 2017, c. 218, §1 (NEW); PL 2017, c. 218, §3 (AFF).]

E. "Visit" means any interaction between an enrollee and one or more providers for the purpose of assessing the health status of an enrollee or providing one or more health care services between the time an enrollee enters a facility and the time an enrollee is discharged. [PL 2019, c. 668, §1 (NEW).] [PL 2019, c. 668, §1 (AMD).]

2. Prohibition on balance billing. An out-of-network provider reimbursed for a surprise bill or a bill for covered emergency services under Title 24-A, section 4303-C or, if there is a dispute, under Title 24-A, section 4303-E may not bill an enrollee for health care services beyond the applicable coinsurance, copayment, deductible or other out-of-pocket cost expense that would be imposed for the health care services if the services were rendered by a network provider under the enrollee's health plan. For an enrollee subject to coinsurance, the out-of-network provider shall calculate the coinsurance amount based on the median network rate for that health care service under the enrollee's health plan. An out-of-network provider is also subject to the following with respect to any overpayment made by an enrollee.

A. If an out-of-network provider provides health care services covered under an enrollee's health plan and the out-of-network provider receives payment from the enrollee for health care services for which the enrollee is not responsible pursuant to this subsection, the out-of-network provider shall reimburse the enrollee within 30 calendar days after the earlier of the date that the provider
received notice of the overpayment and the date the provider became aware of the overpayment. [PL 2019, c. 668, §1 (NEW).]

B. An out-of-network provider that fails to reimburse an enrollee for an overpayment as required by paragraph A shall pay interest on the overpayment at the rate of 10% per annum beginning on the earlier of the date the provider received notice of the overpayment and the date the provider became aware of the overpayment. An enrollee is not required to request the accrued interest from the out-of-network provider in order to receive interest with the reimbursement amount. [PL 2019, c. 668, §1 (NEW).]

[PL 2019, c. 668, §1 (AMD).]

3. **Uninsured patients; disputes of bills.** An uninsured patient who has received a bill for emergency services from a provider for one or more emergency health care services rendered during a single visit totaling $750 or more may dispute the bill and request resolution of the dispute using the process under Title 24-A, section 4303-E. The independent dispute resolution entity contracted to resolve the dispute over the surprise bill shall select either the out-of-network provider's fee or the uninsured patient's proposed payment amount in accordance with Title 24-A, section 4303-E. An uninsured patient may not be charged by a provider more than the amounts generally billed to a patient who has insurance covering emergency services as determined using the method described in 26 Code of Federal Regulations, Section 1.501(r)-5, paragraph (b)(3) or (b)(4). A provider shall hold the uninsured patient harmless for the duration of the independent dispute resolution process and may not seek payment until the independent dispute resolution process is completed. Notwithstanding Title 24-A, section 4303-E, subsection 1, paragraph F, payment for the independent dispute resolution process is the responsibility of the provider. In the event a claim includes more than one emergency health care service rendered during a single visit, the independent dispute resolution entity may allocate the prorated independent dispute resolution costs at its discretion among providers. [PL 2019, c. 668, §1 (NEW).]

The independent dispute resolution entity contracted to resolve the dispute over the bill shall select either the out-of-network provider's fee or the covered person's proposed payment amount in accordance with Title 24-A, section 4303-E, subsection 1. This subsection does not apply to a person covered under a self-insured health benefit plan who knowingly elected to obtain the services from an out-of-network provider. [PL 2019, c. 668, §1 (NEW).]

5. **(REALLOCATED FROM T. 22, §1718-D, sub-§3) Referral to an out-of-network provider.** A provider receiving a nonemergency referral or self-referral for any in-person health care service or procedure shall disclose to the enrollee whether that provider to whom the enrollee is being referred is a member of the provider network under the enrollee's health plan before the enrollee schedules the appointment for that service or procedure. Each hospital shall annually report to the joint standing committee of the Legislature having jurisdiction over health and human services matters regarding its efforts made pursuant to this section. The targets and methodology apply to each hospital’s fiscal year beginning on or after the effective date of this section.

DIRECT PRIMARY CARE SERVICE AGREEMENTS

§1771. Direct primary care service agreements

1. Definitions. As used in this section, unless the context otherwise indicates, the following terms have the following meanings.

A. "Direct primary care service agreement" means a contractual agreement between a direct primary care provider and an individual patient, or the patient's legal representative, in which:
(1) The direct primary care provider agrees to provide primary care services to the individual patient for an agreed-to fee over an agreed-to period of time; and

(2) The direct primary care provider agrees not to bill 3rd parties on a fee-for-service or capitated basis for services already covered in the direct primary care service agreement. [PL 2017, c. 112, §1 (NEW).]

B. "Direct primary care provider" means an individual who is a licensed physician or osteopathic physician or other advanced health care practitioner who is authorized to engage in independent medical practice in this State, who is qualified to provide primary care services and who chooses to practice direct primary care by entering into a direct primary care service agreement with patients. The term includes, but is not limited to, an individual primary care provider or a group of primary care providers. [PL 2017, c. 112, §1 (NEW).]

C. "Primary care" means outpatient, nonspecialty health care services or the coordination of health care for the purpose of:

(1) Promoting or maintaining mental and physical health and wellness; and

(2) The diagnosis, treatment or management of acute or chronic conditions caused by disease, injury or illness. [PL 2017, c. 112, §1 (NEW).]

[PL 2017, c. 112, §1 (NEW).]

2. Not insurance. A direct primary care service agreement is not an insurance policy and is not subject to regulation by the Department of Professional and Financial Regulation, Bureau of Insurance. [PL 2017, c. 112, §1 (NEW).]

3. Ability to contract. A direct primary care service agreement is an agreement between the direct primary care provider and either an individual or the individual's representative, regardless of whether the periodic fee or other fees are paid by the individual, the individual's representative or a 3rd party. [PL 2017, c. 112, §1 (NEW).]

4. Covered services. A direct primary care service agreement covers only the services specified in the agreement. Any goods or services that are not covered by the direct primary care service agreement may be billed separately. [PL 2017, c. 112, §1 (NEW).]

5. Disclosure. A direct primary care service agreement must clearly state within the agreement that direct primary care services are not considered health insurance and do not meet requirements of any federal law mandating individuals to purchase health insurance and that the fees charged in the agreement may not be reimbursed or apply towards a deductible under a health insurance policy with an insurer. [PL 2017, c. 112, §1 (NEW).]

6. Other care not prohibited. A primary care provider is considered a direct primary care provider only when the provider is engaged in a direct primary care service agreement with a patient or group of patients. A primary care provider is not prohibited from providing care to other patients under a separate agreement or contract with an insurer. [PL 2017, c. 112, §1 (NEW).]

7. Other agreements not prohibited. This section does not prohibit a direct primary care provider from entering into:

A. An agreement with an insurer offering a policy specifically designed to supplement a direct primary care service agreement; or [PL 2017, c. 112, §1 (NEW).]

B. A pilot program for direct primary care with a federal or state agency that provides health coverage. [PL 2017, c. 112, §1 (NEW).]

The administration of medication in facilities licensed under section 1811, except group home intermediate care facilities for persons with intellectual disabilities, may be delegated to unlicensed personnel when such personnel have received appropriate training and instruction and the programs of training and instruction have been approved by the State Board of Nursing. The administration of medication in group home intermediate care facilities for persons with intellectual disabilities may be performed by unlicensed personnel when these personnel have received appropriate training and instruction and the programs of training and instruction have been approved by the department. Delegation of the administration of medication does not require the personal presence of the delegating professional nurse at the place where this service is performed, unless that personal presence is necessary to assure that medications are safely administered. The board shall issue such rules concerning delegation as it considers necessary to insure the highest quality of health care to the patient. The department shall issue such rules as it considers necessary to insure the highest quality of health care to residents of group home intermediate care facilities for persons with intellectual disabilities. [PL 2011, c. 542, Pt. A, §28 (AMD).]

[PL 1987, c. 195, §2 (NEW).]

6-A. Shared staffing. The department shall permit staff in nursing facilities to be shared with facilities licensed to provide assisted living services as long as there is a clear, documented audit trail and the staffing in the nursing facilities remains adequate to meet the needs of residents. The department may adopt rules necessary to implement this subsection. Rules adopted pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A. [PL 2015, c. 196, §9 (AMD).]
5. Employment eligibility verification; certified nursing assistant. An employer, including a health care institution, facility or other organization that employs an individual as a certified nursing assistant, shall verify that the certified nursing assistant is listed as active and has no disqualifying notations on the registry. B. [PL 2015, c. 494, Pt. A, §16 (RP).]

[PL 2015, c. 494, Pt. A, §16 (RPR).]

6-A. Background check. Certified nursing assistants and direct care workers are subject to a background check as defined by rules adopted by the department and according to the following:

A. A training program for certified nursing assistants or direct care workers must secure or pay for a background check on each individual who applies for enrollment. The individual's current name and all previous names are subject to the background check. A copy of the background check is given to the individual who, upon successful completion of the training, submits it with an application to be listed on the registry as a certified nursing assistant or a registered direct care worker.

(1) Prior to enrolling an individual, a training program for certified nursing assistants or direct care workers must notify individuals that a background check will be conducted and that certain disqualifying offenses, including criminal convictions, may prohibit an individual from working as a certified nursing assistant or a direct care worker. [PL 2015, c. 196, §9 (NEW); PL 2015, c. 299, §10 (NEW).]

B. Pursuant to sections 1717, 1724, 2137, 2149-A, 7706, 8606 and 9005 and Title 34-B, section 1225, licensed, certified or registered providers shall secure and pay for a background check prior to hiring an individual who will work in direct contact with clients, patients or residents, including a certified nursing assistant or a direct care worker. [PL 2015, c. 494, Pt. A, §17 (RPR).]

C. The department may secure a background check on certified nursing assistants and registered direct care workers on the registry every 2 years. [PL 2015, c. 196, §9 (NEW); PL 2015, c. 299, §10 (NEW).]

D. A person or other legal entity that is not otherwise licensed by the department and that employs or places a certified nursing assistant or direct care worker to provide services allowing direct access shall secure and pay for a background check in accordance with state law and rules adopted by the department. [PL 2015, c. 494, Pt. A, §§17, 18 (AMD).]

6-B. Convictions within previous 10 years; impact on employment eligibility. The department shall determine the effect of a criminal conviction within the previous 10 years on the employability of an individual as a certified nursing assistant or direct care worker based on rules adopted by the department pursuant to subsection 18.
6-C. **Table of crimes.** Department rules must include a table of crimes. Specific crimes listed on the table must be considered substantive offenses under Title 17-A, Part 2 or crimes identified in federal or state law that prohibit employment of an individual subject to this chapter. Convictions of specific crimes must be categorized in the table of crimes as disqualifying criminal convictions or nondisqualifying criminal convictions. Convictions in other jurisdictions for similar crimes must be identified as disqualifying or nondisqualifying convictions.

A. A disqualifying criminal conviction within the previous 10 years prohibits employment as a certified nursing assistant or a direct care worker.

   (1) An individual with a disqualifying criminal conviction is subject to an employment ban of 10 or 30 years. The department shall adopt rules that specify disqualifying criminal convictions that prohibit employment for 10 years and disqualifying criminal convictions that prohibit employment for 30 years. [PL 2015, c. 196, §9 (NEW).]

B. Nondisqualifying criminal convictions do not prohibit employment as a certified nursing assistant or a direct care worker. [PL 2015, c. 196, §9 (NEW).]

6-D. **Petition for removal of an employment ban; criminal conviction.** Prior to the expiration of an employment ban under subsection 6-C, paragraph A, subparagraph (1), an individual may petition the department for removal of an employment ban that is based on a disqualifying criminal conviction. Unless otherwise prohibited, removal of the employment ban allows the individual to work as a certified nursing assistant or a direct care worker.

A. No sooner than 5 years after an individual is discharged from the legal restraints imposed by the criminal conviction, an individual may petition the department for removal of a 10-year employment ban. [PL 2015, c. 196, §9 (NEW).]

B. No sooner than 15 years after an individual is discharged from the legal restraints imposed by the criminal conviction, an individual may petition the department for removal of a 30-year employment ban. [PL 2015, c. 196, §9 (NEW).]

C. A successful petitioner must meet the criteria established by department rules for removal of an employment ban. Criteria must include but not be limited to an assessment of the risk of reoffending and the conduct of the petitioner since the conviction.

   A petition for removal of an employment ban submitted by a certified nursing assistant or a registered direct care worker must be denied if the conduct that led to the conviction would have resulted in a lifetime ban if that conduct had been investigated as a complaint that resulted in a substantiated finding under subsection 13. [PL 2015, c. 196, §9 (NEW).]

D. When the department grants a petition for removal of an employment ban, the individual, unless otherwise prohibited, may work as a certified nursing assistant or a direct care worker. The notation of the criminal conviction remains on the registry. [PL 2015, c. 196, §9 (NEW).]

7. **Time limit on consideration of prior criminal conviction.**

[PL 2015, c. 196, §9 (AMD).]
[PL 2015, c. 196, §9 (RP).]

10. Complaint investigation. The department may investigate complaints and allegations against certified nursing assistants or registered direct care workers of abuse, neglect, exploitation or misappropriation of property of a client, patient or resident.  
[PL 2015, c. 196, §9 (NEW).]

11. Issue a decision. After an investigation under subsection 10, the department shall issue a written decision that the allegation of abuse, neglect, exploitation or misappropriation of property of a client, patient or resident is unsubstantiated or substantiated. Each allegation of abuse, neglect or misappropriation of property must be considered separately. A substantiated finding must be based on factors established by department rules. The written decision must include at least the following information:

A. Whether the allegation is unsubstantiated or substantiated;  [PL 2015, c. 196, §9 (NEW).]
B. A description of the factors supporting a substantiated finding;  [PL 2015, c. 196, §9 (NEW).]
C. If a notation of a substantiated finding is entered on the registry;  [PL 2015, c. 196, §9 (NEW).]
D. A description of the employment prohibition, if any; and  [PL 2015, c. 196, §9 (NEW).]
E. Notice of the right to appeal the department’s decision pursuant to subsection 12.  [PL 2015, c. 196, §9 (NEW).]

12. Right to hearing; appeal. In accordance with department rules, a certified nursing assistant or registered direct care worker may request an administrative hearing to appeal a substantiated finding under subsection 11.

[PL 2015, c. 196, §9 (NEW).]

14. Registration requirements; direct care workers. An individual registered by the department as a direct care worker for training, education or compliance purposes must comply with requirements established by department rules, including but not limited to the following:

A. Submission of a completed department-approved application form with required documents;  [PL 2015, c. 196, §9 (NEW).]
B. Successful completion of training requirements; and  [PL 2015, c. 196, §9 (NEW).]
C. Submission to a background check, if required.  [PL 2015, c. 196, §9 (NEW).]

15. Department review of application; decision. After review of an application for an initial or renewed registration for a direct care worker for training, education or compliance purposes, the department shall render a written decision to either deny or approve the application. The decision must be based on factors established by department rules and the factors must be included in the written decision.

A. A department-issued registration for a direct care worker for training, education or compliance purposes is for a term of 2 years. The issued date and the expiration date must be on the registration.  
[PL 2015, c. 196, §9 (NEW).]
16. **Renewal of registration.** Prior to expiration of a direct care worker's registration for training, education or compliance purposes, the direct care worker shall secure a department-issued renewed registration.

[PL 2015, c. 196, §9 (NEW).]

17. **Failure to renew registration prior to expiration.** Upon expiration of the 2-year registration under subsection 15, a direct care worker registered for training, education or compliance purposes pursuant to subsection 14 who fails to secure a department-issued renewed registration will receive a notation on the registry that may disqualify the direct care worker for employment in the capacity for which the training, education or compliance purposes were required. A direct care worker who elects not to renew a registration remains eligible for employment as a direct care worker in a capacity that does not require registration-level training or education pursuant to subsection 14, paragraph B.

[PL 2015, c. 196, §9 (NEW).]

18. **Rules.** The department shall adopt rules necessary to implement this section. Rules adopted pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.

[PL 1993, c. 410, Pt. FF, §5 (AMD).]

2-A. **Rules.** The department shall adopt rules to implement this section. The rules must consider the unique needs of different parts of the State. Nursing facilities in different parts of the State may be required to certify different numbers or percentages of beds depending on the number of Medicare recipients in those areas, the number of patients in hospitals who are waiting for nursing facility admission and other relevant demographic information. Nothing in this subsection prohibits the department from requiring all nursing facilities to certify all of their beds as Medicare skilled nursing facility beds.
Rules adopted pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.
[PL 2007, c. 324, §3 (AMD).]

2-B. Implementation. Notwithstanding any provision of this section to the contrary, a nursing facility may decline to admit a prospective resident after an evaluation of the person's clinical condition and related care needs and a determination that the facility lacks qualified staff to meet the level of care required for that person. A nursing facility is not subject to penalty or sanction for declining to admit a prospective resident under this subsection. Nothing in this subsection affects the obligation of a nursing facility to provide care specific to the needs of residents of the facility.
[PL 2001, c. 600, §1 (NEW).]

3. Sanctions. Failure to comply with any of the provisions listed in this section may result in the imposition of a penalty. The department may impose a penalty of not less than $100 per bed per day and not more than $5,000 per day for failure to comply with any of these provisions. This penalty must be imposed for each day a facility fails to comply with subsection 2, paragraph D. A repeated failure to comply with a provision results in fines of not less than $200 per bed per day and not more than $10,000 per day. The imposition and collection of these penalties are governed by section 7946.

In addition to the fee in section 1815, an application for a license to operate a nursing home must be accompanied by a nonrefundable surcharge of $5 for each bed contained within the facility. The surcharge must be deposited in the General Fund. [PL 1991, c. 765, §1 (NEW).]

SECTION HISTORY

§1816. Inspections

Every building, institution or establishment for which a license has been issued must be periodically inspected by duly appointed representatives of the Office of MaineCare Services under the rules and regulations to be established by the department. An institution licensed pursuant to this chapter may not be required to be licensed or inspected under the laws of this State relating to hotels, restaurants, lodging houses, boardinghouses and places of refreshments. A license may not be issued until the applicant has furnished the department with a written statement signed by the Commissioner of Public Safety or the proper municipal official designated in Title 25, chapters 313 to 321 to make fire safety inspections that the home and premises comply with chapters 313 to 321 relating to fire safety. The department shall establish and pay reasonable fees to the municipal official or the Commissioner of
Public Safety for each such inspection. This written statement must be furnished annually. [PL 2019, c. 343, Pt. YY, §5 (AMD).]

For nursing facilities providing both nursing home and assisted living services, the department shall ensure that a single coordinated licensing and life safety code inspection is performed. The commissioner shall adopt rules to implement this paragraph. Rules adopted pursuant to this paragraph are routine technical rules as defined by Title 5, chapter 375, subchapter II-A. [PL 1997, c. 488, §2 (NEW).]

A hospital licensed under this chapter is exempt from department inspection requirements under this chapter if the hospital is certified by the Centers for Medicare and Medicaid Services for participation in the federal Medicare program and holds full accreditation status by a health care facility accrediting organization recognized by the Centers for Medicare and Medicaid Services. If a hospital is certified to participate in the federal Medicare program and not accredited by a health care facility accrediting organization recognized by the Centers for Medicare and Medicaid Services, the department shall inspect the hospital every 3 years for compliance with the Centers for Medicare and Medicaid Services' conditions of participation. The provisions of this paragraph do not exempt a hospital from an inspection by the department in response to a complaint or suspected violation of this chapter or of the Centers for Medicare and Medicaid Services' conditions of participation or an inspection by another state agency or municipality for building code, fire code, life safety code or other purposes unrelated to health care facility licensing or accreditation. For purposes of this paragraph, "Centers for Medicare and Medicaid Services" means the United States Department of Health and Human Services, Centers for Medicare and Medicaid Services. [PL 2007, c. 314, §1 (NEW); PL 2007, c. 314, §2 (AFF).]

SECTION HISTORY

§1817. Issuance of licenses
The department is authorized to issue licenses to operate hospitals, sanatoriums, convalescent homes, rest homes, nursing homes, ambulatory surgical facilities and other related institutions that, after inspection, are found to comply with this chapter and any rules adopted by the department. An initial license may be issued for up to 12 months. A license may be renewed for up to 24 months. The fee for this temporary or conditional license is $15 and is payable at the time of issuance of the license regardless of the term. When an institution, upon inspection by the department, is found not to meet all requirements of this chapter or department rules, the department is authorized to issue either: [PL 2007, c. 324, §4 (RPR).]

1. Temporary license. A temporary license for a specified period not to exceed 90 days, during which time corrections specified by the department must be made by the institution for compliance with this chapter and departmental rules, if in the judgment of the commissioner the best interests of the public will be so served; or [PL 2007, c. 324, §4 (NEW).]

2. Conditional license. A conditional license setting forth conditions that must be met by the institution to the satisfaction of the department. [PL 2007, c. 324, §4 (NEW).]

Failure of the institution to meet any of the department's conditions immediately voids the temporary or conditional license by written notice by the department to the licensee or, if the licensee cannot be reached for personal service, by notice left at the licensed premises. A new application for a regular license may be considered by the department if, when and after the conditions set forth by the department at the time of the issuance of this temporary or conditional license have been met and
satisfactory evidence of this fact has been furnished to the department. The department may amend, modify or refuse to renew a license in conformity with the Maine Administrative Procedure Act, or file a complaint with the District Court requesting suspension or revocation of any license on any of the following grounds: violation of this chapter or the rules issued pursuant to this chapter; permitting, aiding or abetting the commission of any illegal act in that institution; or conduct of practices detrimental to the welfare of a patient. Whenever, on inspection by the department, conditions are found to exist that violate this chapter or department rules issued pursuant to this chapter that, in the opinion of the commissioner, immediately endanger the health or safety of patients in an institution or create an emergency, the department by its duly authorized agents may, under the emergency provisions of Title 4, section 184, subsection 6, request that the District Court suspend or revoke the license. Rules adopted pursuant to this section are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A. [PL 2007, c. 324, §4 (NEW).]

No standards, rules or regulations of the department pursuant to this chapter shall be adopted or enforced which would have the effect of denying a license to any hospital or other institution required to be licensed, solely by reason of the school or system of practice employed or permitted to be employed by physicians therein, provided such school or system of practice is recognized by the laws of this State.

§1820-A. Right of entry and inspection of nursing homes and boarding homes

The department and any duly designated officer or employee thereof shall have the right to enter upon and into the premises of any nursing home licensed pursuant to this chapter at any reasonable time in order to determine the state of compliance with this chapter and any rules and regulations in force pursuant thereto. Copies of the application and all accompanying materials filed by the applicant, public comments, records of the department maintained with regard to the application and copies of the letter of intent filed for a merger may be examined at an office of the department. [PL 2011, c. 90, Pt. J, §§11, 12 (AMD).]

3. Public notice. Within 10 business days of the filing of an application under this section, the department shall give public notice of the filing as follows.

A. The department shall publish notice in a newspaper of general circulation in Kennebec County and in a newspaper published within the service area in which the proposed cooperative agreement would be effective. [PL 2005, c. 670, §1 (NEW); PL 2005, c. 670, §4 (AFF).]

C. Notice under this subsection must include:

   (1) A brief description of the proposal;
   (2) A description of the review process and schedule; and
   (3) A statement of the availability of the application and records pertaining to it and letter of intent as provided in subsection 2. [PL 2005, c. 670, §1 (NEW); PL 2005, c. 670, §4 (AFF).]

   [PL 2005, c. 670, §1 (NEW); PL 2005, c. 670, §4 (AFF).]

4. Procedure for department review. The following procedures apply to review by the department of an application filed under this section.

A. The department shall review and evaluate the application in accordance with the standards set forth in subsection 5. [PL 2005, c. 670, §1 (NEW); PL 2005, c. 670, §4 (AFF).]

B. Any person may provide the department with written comments concerning the application within 30 days after the public notice in subsection 3, paragraph A. [PL 2005, c. 670, §1 (NEW); PL 2005, c. 670, §4 (AFF).]

C. The department shall provide the Attorney General with copies of all comments from persons submitted under paragraph B. [PL 2011, c. 90, Pt. J, §13 (AMD).]

D. This paragraph applies with regard to a public hearing.

   (1) The department may hold a public hearing when it determines a public hearing is appropriate.
   (2) The department shall hold a public hearing if 5 or more persons who are residents of the State and who are from the health service area to be served by the applicant request, in writing, that a hearing be held. A request under this subparagraph must be received by the department no later than 30 days after publication of the notice under subsection 3.
(3) If a public hearing is held, an electronic or stenographic record of the public hearing must be kept as part of the record of the application by the department. [PL 2005, c. 670, §1 (NEW); PL 2005, c. 670, §4 (AFF).]

E. The parties to a cooperative agreement may withdraw their application and thereby terminate all proceedings under this chapter as follows:

(1) Without the approval of the department, any party or the Superior Court at any time prior to the filing of an answer or responsive pleading in a court action under section 1848, subsection 2 or prior to entry of a consent decree under section 1848, subsection 9; or

(2) Without the approval of the department or any party at any time prior to the issuance of a final decision under paragraph G if a court action has not been filed under section 1848, subsection 2. [PL 2005, c. 670, §1 (NEW); PL 2005, c. 670, §4 (AFF).]

F. The department shall issue a final decision to grant or deny an application for a certificate of public advantage under this section no less than 40 days and no more than 90 days after the filing of the application. The department shall issue a preliminary decision at least 5 days prior to issuing the final decision. The preliminary and final decisions must be in writing and set forth the basis for the decisions. The department shall provide copies of the preliminary and final decisions to the applicants, the Office of the Attorney General and all persons who requested notification from the department under subsection 3, paragraph B. [PL 2011, c. 90, Pt. J, §14 (AMD).]

[PL 2011, c. 90, Pt. J, §§13, 14 (AMD).]

5. **Standards for approval of a certificate of public advantage.** The department shall issue a certificate of public advantage for a cooperative agreement if it determines that the applicants have demonstrated by a preponderance of the evidence that the likely benefits resulting from the agreement outweigh any disadvantages attributable to a reduction in competition likely to result from the agreement. The department may not issue to health care providers a certificate of public advantage for a cooperative agreement that allows coordinated negotiation and contracting with payors or employers unless such negotiation and contracting are ancillary to clinical or financial integration. In issuing a decision on an application for a certificate of public advantage under this section, the department shall make specific findings as to the nature and extent of any likely benefits and disadvantages found under this subsection.

A. In evaluating the potential benefits of a cooperative agreement, the department shall consider whether one or more of the following benefits are likely to result from the cooperative agreement:

(1) Enhancement of the quality of care provided to citizens of the State;

(2) Preservation of hospitals or health care providers and related facilities in geographical proximity to the communities traditionally served by those facilities;

(3) Gains in the cost efficiency of services provided by the hospitals or others;

(4) Improvements in the utilization of hospital or other health care resources and equipment;

(5) Avoidance of duplication of hospital or other health care resources; and

(6) Continuation or establishment of needed educational programs for health care providers. [PL 2005, c. 670, §1 (NEW); PL 2005, c. 670, §4 (AFF).]

B. The department's evaluation of any disadvantages attributable to a reduction in competition likely to result from a cooperative agreement may include, but is not limited to, the following factors:

(1) The extent of any likely adverse impact on the ability of health maintenance organizations, preferred provider organizations, managed health care service agents or other health care
payors to negotiate optimal payment and service arrangements with hospitals or health care providers;

(2) The extent of any disadvantages attributable to reduction in competition among covered entities or other persons furnishing goods or services to, or in competition with, covered entities that is likely to result directly or indirectly from the cooperative agreement;

(3) The extent of any likely adverse impact on patients or clients in the quality, availability and price of health care services;

(4) The extent of any likely adverse impact on the access of persons enrolled in in-state educational programs for health professions to existing or future clinical training programs; and

(5) The availability of arrangements that are less restrictive to competition and achieve the same benefits or a more favorable balance of benefits over disadvantages attributable to any reduction in competition likely to result from the agreement. [PL 2005, c. 670, §1 (NEW); PL 2005, c. 670, §4 (AFF).]

C. In evaluating a cooperative agreement under the standards in paragraphs A and B, the department shall consider the extent to which any likely disadvantages may be ameliorated by any reasonably enforceable conditions under subparagraph (1) and the extent to which the likely benefits or favorable balance of benefits over disadvantages may be enhanced by any reasonably enforceable conditions under subparagraph (2). Reasonably enforceable conditions are those conditions that the department determines are subject to future measurement or evaluation in order to assess compliance with those conditions.

(1) In a certificate issued under this subsection, the department may include conditions reasonably necessary to ameliorate any likely disadvantages of the type specified in paragraph B.

(2) In a certificate issued under this subsection, the department may include additional conditions, if proposed by the applicants, designed to achieve public benefits, which may include but are not limited to the benefits listed in paragraph A. [PL 2005, c. 670, §1 (NEW); PL 2005, c. 670, §4 (AFF).]

D. In a certificate of public advantage issued under this subsection, the department may include a condition requiring the certificate holders to submit fees sufficient to fund expenses for consultants or experts necessary for the continuing supervision required under section 1845. These fees must be paid at the time of any review conducted under section 1845. The total amount charged to the certificate holders for continuing supervision may not exceed $5,000 for mergers involving hospitals with 50 or more beds and $2,500 for all other cooperative agreements. [PL 2005, c. 670, §1 (NEW); PL 2005, c. 670, §4 (AFF).]

6. Intervention. The Attorney General may intervene as a right in any proceeding under this chapter before the department. Except as provided in this subsection, intervention is governed by the provisions of Title 5, section 9054. [PL 2011, c. 90, Pt. J, §15 (AMD).]

7. Attorney General enforcement. The Attorney General may file an action in Superior Court to enforce any final action taken by the department under this section. In the event that the Attorney General files an action pursuant to its separate authority outlined in section 1848, pending department proceedings in accordance with this section are stayed pursuant to section 1848, subsection 2. [PL 2005, c. 670, §1 (NEW); PL 2005, c. 670, §4 (AFF).]

SECTION HISTORY
§1845. Continuing supervision

Continuing supervision of holders of certificates of public advantage under this chapter may consist of periodic reports, supervisory reviews and additional supervisory activities. [PL 2005, c. 670, §1 (NEW); PL 2005, c. 670, §4 (AFF).]

1. Periodic report and supervisory review. With regard to a certificate of public advantage approved under this chapter, the certificate holder shall report periodically to the department on the extent of the benefits realized and compliance with other terms and conditions of the certificate. The certificate holder shall submit copies of the report to the Attorney General at the time the report is filed with the department. The Attorney General may submit to the department comments on the report filed under this subsection. The department shall consider any comments on the report from the Attorney General in the course of its evaluation of the certificate holder's report. Within 60 days of receipt of the certificate holder's report, the department shall make findings regarding the report, including responses to any comments from the Attorney General, determine whether to institute additional supervisory activities under this section and notify the certificate holder. [PL 2011, c. 90, Pt. J, §16 (AMD).]

2. Additional supervisory activities. The provisions of this subsection apply to additional supervisory activities determined necessary under subsection 1.

A. The department shall conduct additional supervisory activities whenever requested by the Attorney General or whenever the department, in its discretion, determines those activities appropriate, and:

(1) For certificates of public advantage not involving mergers, at least once in the first 18 months after the transaction described in the cooperative agreement has closed; and

(2) For certificates of public advantage involving mergers, at least once between 12 and 30 months after the transaction described in the cooperative agreement has closed. [PL 2011, c. 90, Pt. J, §17 (AMD).]

B. In its discretion, the department may conduct additional supervisory activities by:

(1) Soliciting and reviewing written submissions from the certificate holders, the Attorney General or the public;

(2) Conducting a hearing in accordance with Title 5, chapter 375, subchapter 4 and the department's administrative hearings rules; or

(3) Using any alternative procedures appropriate under the circumstances. [PL 2011, c. 90, Pt. J, §17 (AMD).]

C. The department shall notify the certificate holders if it intends to consider the imposition of any additional conditions or measures authorized under subsection 3. If the department notifies certificate holders under this paragraph, the certificate holders may request and are entitled to a hearing in accordance with Title 5, chapter 375, subchapter 4. [PL 2005, c. 670, §1 (NEW); PL 2005, c. 670, §4 (AFF).]

D. A decision of the department regarding additional supervisory activities is governed by the standards set forth in subsection 3. The burden of proof is on the parties seeking any remedial order. A remedial order may not issue unless the basis for it is established by a preponderance of the evidence. [PL 2005, c. 670, §1 (NEW); PL 2005, c. 670, §4 (AFF).]

[PL 2011, c. 90, Pt. J, §17 (AMD).]

3. Standards governing additional supervisory activities. The provisions of this subsection govern the standards of any additional supervisory activities conducted under subsection 2.
A. If the department determines in any additional supervisory activities conducted under subsection 2 that the certificate holders are not in substantial compliance with any conditions included in the certificate under section 1844, subsection 5 or in a consent decree entered into by the department, the department may at its discretion:

(1) Impose additional conditions to secure compliance with any conditions included in the certificate or consent decree; or

(2) Issue notice to the certificate holders compelling compliance with any conditions included in the certificate or consent decree. If after 30 days the department determines that the notice was not effective in securing compliance with the conditions, the department may impose any additional measures authorized by law to compel compliance with the conditions, or seek a court order revoking the certificate in accordance with subsection 4. [PL 2005, c. 670, §1 (NEW); PL 2005, c. 670, §4 (AFF).]

B. The department may impose additional conditions to ameliorate any disadvantages attributable to any reduction in competition, or seek a court order revoking the certificate in accordance with subsection 4, if the department determines in any additional supervisory activities conducted under subsection 2 that, as a result of changed or unanticipated circumstances, the benefits resulting from the activities authorized under the certificate and the unavoidable costs of revoking the certificate are outweighed by disadvantages attributable to a reduction in competition resulting from the activities authorized under the certificate. For purposes of this paragraph, "unanticipated circumstances" includes the failure to realize anticipated benefits of the agreement or the realization of unanticipated anticompetitive effects from the agreement. [PL 2005, c. 670, §1 (NEW); PL 2005, c. 670, §4 (AFF).] [PL 2005, c. 670, §1 (NEW); PL 2005, c. 670, §4 (AFF).]

4. Action to revoke certificate. The department is authorized to seek a court order revoking a certificate of public advantage under the circumstances specified in subsection 3, paragraph A, subparagraph (2) or subsection 3, paragraph B. In any such action the standards for adjudication to be applied by the court are the same as in section 1848, subsections 5 and 6. In assessing disadvantages attributable to a reduction in competition likely to result from the agreement, the court may draw upon the determinations of federal and Maine courts concerning unreasonable restraint of trade under 15 United States Code, Sections 1 and 2 and Title 10, sections 1101 and 1102. The department's burden of proof is the same as that for the Attorney General in an action under section 1848, subsections 5 and 6. [PL 2005, c. 670, §1 (NEW); PL 2005, c. 670, §4 (AFF).]

5. Attorney General enforcement. The Attorney General may file an action in Superior Court to enforce any final action taken by the department as a result of additional supervisory proceedings under this section. In the event that the Attorney General files an action pursuant to its separate authority outlined in section 1848, any pending department proceedings are stayed pursuant to section 1848, subsection 7. [PL 2005, c. 670, §1 (NEW); PL 2005, c. 670, §4 (AFF).]

6. Fees and costs. If the department prevails in an action under this section, the department and the Attorney General are entitled to an award of the reasonable costs of deposition transcripts incurred in the course of the action and reasonable attorney's fees, expert witness fees and court costs incurred in the action. [PL 2005, c. 670, §1 (NEW); PL 2005, c. 670, §4 (AFF).]

SECTION HISTORY

The department shall maintain records of all applications for a certificate of public advantage, together with the records of all submissions, comments, reports and department proceedings with respect to those applications, certificates approved by the department, continuing supervision and any other proceedings under this chapter. [PL 2005, c. 670, §1 (NEW); PL 2005, c. 670, §4 (AFF).]

SECTION HISTORY

§1847. Judicial review of department action

An applicant, certificate holder or intervenor aggrieved by a final decision of the department in granting or denying an application for a certificate of public advantage, refusing to act on an application or imposing additional conditions or measures with regard to a certificate of public advantage is entitled to judicial review of the final decision in accordance with the Maine Administrative Procedure Act. [PL 2005, c. 670, §1 (NEW); PL 2005, c. 670, §4 (AFF).]

SECTION HISTORY

§1848. Attorney General authority

1. Investigative powers. The Attorney General, at any time after an application or letter of intent is filed under section 1844, subsection 2, may require by subpoena the attendance and testimony of witnesses and the production of documents in Kennebec County, or the county in which the applicants are located, for the purpose of investigating whether the cooperative agreement satisfies the standards set forth in section 1844, subsection 5. All documents produced and testimony given to the Attorney General are confidential. The Attorney General may seek an order from the Superior Court compelling compliance with a subpoena issued under this section. [PL 2005, c. 670, §1 (NEW); PL 2005, c. 670, §4 (AFF).]

2. Court action; time limits. The Attorney General may seek to enjoin the operation of a cooperative agreement for which an application for a certificate of public advantage has been filed by filing suit against the parties to the cooperative agreement in Superior Court. The Attorney General may file an action before or after the department acts on the application for a certificate; however, the action must be brought no later than 40 days following the department's approval of an application for a certificate of public advantage. After the filing of a court action under this subsection, the department may not take any further action under this chapter and the time periods specified for departmental action under section 1844, subsection 4 are tolled until the court action is dismissed by the Attorney General or the Superior Court orders the department to take further action. [PL 2005, c. 670, §1 (NEW); PL 2005, c. 670, §4 (AFF).]

3. Automatic stay. Upon the filing of a complaint in an action under subsection 2, the department's approval of a certificate of public advantage, if previously issued, must be stayed unless the court orders otherwise or until the action is concluded. The applicant for a certificate may apply to the Superior Court for relief from that stay. Relief may be granted only upon showing of compelling justification. The Attorney General may apply to the court for any temporary or preliminary relief to enjoin the implementation of the cooperative agreement pending final disposition of the case. [PL 2005, c. 670, §1 (NEW); PL 2005, c. 670, §4 (AFF).]

4. Standard for adjudication. In an action brought under subsection 2, the applicants for a certificate of public advantage bear the burden of establishing by a preponderance of the evidence that, in accordance with section 1844, subsection 5, the likely benefits resulting from the cooperative agreement and any conditions proposed by the applicants outweigh any disadvantages attributable to a reduction in competition that may result from the agreement. In assessing disadvantages attributable to a reduction in competition likely to result from the agreement, the court may draw upon the
5. **Ongoing evaluation of benefits.** If, at any time following the 40-day period specified in subsection 2, the Attorney General determines that, as a result of changed circumstances or unanticipated circumstances, the benefits resulting from a certified cooperative agreement or a consent decree entered under subsection 9 do not outweigh any disadvantages attributable to a reduction in competition resulting from the agreement, the Attorney General may file suit in the Superior Court seeking to revoke the certificate of public advantage. The standard for adjudication for an action to revoke brought under this subsection is as follows.

A. Except as provided in paragraph B, in an action brought under this subsection, the Attorney General has the burden of establishing by a preponderance of the evidence that, as a result of changed circumstances or unanticipated circumstances, the benefits resulting from the cooperative agreement and the unavoidable costs of revoking the certificate are outweighed by disadvantages attributable to a reduction in competition resulting from the agreement. For purposes of this paragraph, "unanticipated circumstances" includes the failure to realize anticipated benefits of the agreement or the realization of unanticipated anticompetitive effects from the agreement. [PL 2005, c. 670, §1 (NEW); PL 2005, c. 670, §4 (AFF).]

B. In an action brought under this subsection, if the Attorney General first establishes by a preponderance of the evidence that the department's certification was obtained as a result of material misrepresentation to the department or the Attorney General or as the result of coercion, threats or intimidation toward any party to the cooperative agreement, then the parties to the agreement bear the burden of establishing by clear and convincing evidence that the benefits resulting from the agreement and the unavoidable costs of revoking the agreement outweigh the disadvantages attributable to any reduction in competition resulting from the agreement. [PL 2005, c. 670, §1 (NEW); PL 2005, c. 670, §4 (AFF).]

6. **Enforcement of conditions.** Conditions and measures included in a certificate of public advantage may be enforced according to this subsection.

A. If the certificate holders in a cooperative agreement not involving a merger are not in substantial compliance with the conditions included in the certificate of public advantage under section 1844, subsection 5 or a consent decree entered under subsection 9 or with the conditions or measures added pursuant to additional supervisory activities under section 1845, subsection 3, the Attorney General may seek an order from the Superior Court compelling compliance with such conditions or measures or other appropriate equitable remedies. If the Superior Court grants such relief and that relief is not effective in securing compliance with the conditions or measures, the Superior Court may impose additional equitable remedies, including the exercise of civil contempt powers, or may revoke the certificate upon a determination that advantages to be gained by revoking the certificate outweigh the unavoidable costs resulting from a revocation of the certificate. [PL 2005, c. 670, §1 (NEW); PL 2005, c. 670, §4 (AFF).]

B. If the certificate holders in a cooperative agreement involving a merger are not in substantial compliance with the conditions included in the certificate of public advantage under section 1844, subsection 5 or a consent decree entered under subsection 9 or with the conditions or measures added pursuant to additional supervisory activities under section 1845, subsection 3, the Attorney General may seek an order from the Superior Court compelling compliance with such conditions or measures. If the certificate holders to the merger fail to comply with any court order compelling compliance with such conditions or measures, the Superior Court may impose additional equitable remedies to secure compliance with its orders, including the exercise of civil contempt powers or
appointment of a receiver. If these additional measures are not effective in securing compliance with the conditions or measures and the Superior Court determines that the advantages to be gained by divestiture outweigh the unavoidable costs of requiring divestiture, the Superior Court may revoke the certificate and order divestiture of assets. [PL 2005, c. 670, §1 (NEW); PL 2005, c. 670, §4 (AFF).]

C. In an action brought under this subsection, the Attorney General has the burden of proving by a preponderance of the evidence the basis for any equitable remedies requested by the Attorney General and adopted by the Superior Court. [PL 2005, c. 670, §1 (NEW); PL 2005, c. 670, §4 (AFF).]

[RR 2005, c. 2, §16 (COR).]

7. **Effect of court action.** After the filing of a court action under subsection 5 or 6, the department may not take any further action under this chapter until the court action is dismissed by the Attorney General or the Superior Court orders the department to take further action.

[PL 2005, c. 670, §1 (NEW); PL 2005, c. 670, §4 (AFF).]

8. **Fees and costs.** If the Attorney General prevails in an action under this section, the Attorney General and the department are entitled to an award of the reasonable costs of deposition transcripts incurred in the course of the investigation or litigation and reasonable attorney's fees, expert witness fees and court costs incurred in litigation.

[PL 2005, c. 670, §1 (NEW); PL 2005, c. 670, §4 (AFF).]

9. **Resolution by consent decree.** The Superior Court may resolve any action brought by the Attorney General under this chapter by entering an order with the consent of the parties. The consent decree may contain any conditions authorized by section 1844, subsection 5, paragraph C or conditions or measures authorized under section 1845, subsection 3. A consent decree under this subsection may not be filed with the Superior Court until 30 days after the filing of the application under section 1844, subsection 2. Upon the entry of such an order, the parties to the cooperative agreement have the protection specified in section 1849 and the cooperative agreement has the effectiveness specified in section 1849.

[PL 2005, c. 670, §1 (NEW); PL 2005, c. 670, §4 (AFF).]

SECTION HISTORY

§1849. **Effect of filing an application under this chapter; applicability**

1. **Validity of certified cooperative agreements.** Notwithstanding Title 5, chapter 10; Title 10, chapter 201; or any other provision of law, a cooperative agreement for which a certificate of public advantage has been issued is a lawful agreement. Notwithstanding Title 5, chapter 10; Title 10, chapter 201; or any other provision of law, if the parties to a cooperative agreement file an application for a certificate of public advantage governing the agreement with the department, the conduct of the parties in negotiating and entering into a cooperative agreement is lawful conduct. This subsection does not provide immunity to any person for conduct in negotiating and entering into a cooperative agreement for which an application for a certificate of public advantage is not filed.

[PL 2005, c. 670, §1 (NEW); PL 2005, c. 670, §4 (AFF).]

2. **Validity of cooperative agreements determined not in public interest.** In an action by the Attorney General under section 1848, subsection 2, if the Superior Court determines that the applicants have not established by a preponderance of the evidence that the likely benefits resulting from a cooperative agreement outweigh any disadvantages attributable to any potential reduction in competition resulting from the agreement, the cooperative agreement is invalid and has no further force or effect when the judgment becomes final after the time for appeal has expired or the judgment of the Superior Court is affirmed on appeal.
3. **Other laws, rules and regulations.** This chapter does not exempt covered entities from compliance with laws governing certificates of need or other applicable laws, rules and regulations. [PL 2005, c. 670, §1 (NEW); PL 2005, c. 670, §4 (AFF).]

4. **Contract disputes.** A dispute between parties to a cooperative agreement concerning its meaning or terms is governed by normal principles of contract law. [PL 2005, c. 670, §1 (NEW); PL 2005, c. 670, §4 (AFF).]

5. **Termination; surrender.** This chapter does not prohibit certificate holders from terminating their cooperative agreement by mutual agreement, consent decree or court determination or by surrendering their certificate of public advantage to the department. Any certificate holder that terminates the agreement shall file a notice of termination with the department within 30 days after termination, surrender the certificate of public advantage and submit copies to the Attorney General at the time the notice of termination is submitted to the department. [PL 2011, c. 90, Pt. J, §18 (AMD).]

**SECTION HISTORY**

§1850. **Assessment**

Except for state-operated mental health hospitals, any hospital licensed by the department is subject to an annual assessment under this chapter. The department shall determine and collect the assessment. The amount of the assessment must be based upon each hospital's gross patient service revenue. For any fiscal year, the aggregate amount raised by assessment may not exceed $200,000. The department shall deposit funds collected under this section into a dedicated revenue account. Funds remaining in the account at the end of each fiscal year do not lapse but carry forward into subsequent years. Funds deposited into the account must be allocated to carry out the purposes of this chapter. [PL 2005, c. 670, §1 (NEW); PL 2005, c. 670, §4 (AFF).]

**SECTION HISTORY**

§1851. **Application fee**

The application fee for a certificate of public advantage is governed by this section. The application fee for a certificate of public advantage that involves a merger of 2 or more hospitals, each of which has 50 or more beds, is $10,000. The application fee is $2500 for a certificate of public advantage filed by health care providers or hospitals that are not subject to the $10,000 fee pursuant to this section. The department shall deposit all funds received under this section and section 1844, subsection 5 into a nonlapsing dedicated revenue account to be used only by the Attorney General for the payment of the cost of experts and consultants in connection with reviews conducted under this chapter. [PL 2005, c. 670, §1 (NEW); PL 2005, c. 670, §4 (AFF).]

**SECTION HISTORY**

§1852. **Rulemaking**

The department shall adopt rules to carry out the purposes of this chapter. Rules adopted pursuant to this section are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A. [PL 2005, c. 670, §1 (NEW); PL 2005, c. 670, §4 (AFF).]

**SECTION HISTORY**

CHAPTER 405-B

LIMITATION ON PAYMENTS TO HEALTH CARE INSTITUTIONS

§1861. Limitation on payments to health care institutions

The Legislature is concerned that certain health care institutions have engaged persons with the intent to interfere with, inhibit or disrupt the free exercise of the right of all employees to organize and choose representatives for the purpose of negotiating the terms and conditions of their employment or other mutual aid or protection as provided in Title 26, section 931. The Legislature declares that it is consistent with public policy to prohibit the use of funds received from the State for the purpose of engaging those persons. The Legislature acknowledges the right of employers to communicate with employees concerning the issue of unionization and further recognizes that employers may obtain counsel for advice and assistance. [PL 1989, c. 502, Pt. A, §69 (AMD).]

TUBERCULOSIS SANATORIUMS

§1871. Establishment and maintenance

The State shall maintain by building, lease or by purchase one or more sanatoriums in such districts of the State as seems best to serve the needs of the people for the care and treatment of persons affected with tuberculosis. If at any time the number of persons requiring such care and treatment in these sanatoriums decreases to a level which, in the judgment of the Commissioner of Health and Human Services, makes continued operation and maintenance of a sanatorium impracticable, the commissioner, with the advice and consent of the Governor, may close any or all sanatoriums. In the event that all sanatoriums are closed as provided, any funds from the sanatorium accounts and appropriations may, with the advice and consent of the Governor, be made available to the Commissioner of Health and Human Services for the purpose of providing alternative treatment and care for those patients needing treatment and care. Where lease or purchase is made, the State shall have the right to enlarge or otherwise adapt the property to meet the needs of the situation. These additions or improvements shall be considered permanent. At the expiration of the original lease of any property for use as a tuberculosis sanatorium, the State shall have the right of renewal or of purchase. [PL 1983, c. 816, Pt. A, §16 (RAL); PL 2003, c. 689, Pt. B, §7 (REV).]

Without regard to the matter of sanatorium closure, the commissioner also may purchase care for tuberculosis patients from private practitioners and private medical institutions. In making payments for care, he shall take into consideration payments that may be available through insurance or other 3rd parties. [PL 1983, c. 816, Pt. A, §16 (RAL).]

The department may, if it finds that the patient or relatives liable by law are unable to pay the amount

FAMILY PLANNING SERVICES

§1901. Legislative intent
The Legislature finds that family planning services are not sufficiently available as a practical matter to many persons in this State, that unwanted pregnancy may place severe medical, emotional, social and economic burdens on the family unit and that it is desirable that inhibitions and restrictions to the delivery of family planning services be reduced so that all persons desiring and needing such services have ready and practicable access to the services in appropriate settings sensitive to persons' needs and beliefs. The Legislature therefore declares that it is consistent with public policy to make available comprehensive medical knowledge, assistance and services relating to family planning. [PL 2019, c. 236, §2 (AMD).]

4. Powers of authority. The powers of the authority are vested in its members, and 5 members of the authority constitute a quorum at any meeting of the authority. A vacancy in the membership of the authority does not impair the right of a quorum to exercise all the rights and perform all the duties of the authority. An action taken by the authority under this chapter may be authorized by resolution approved by a majority of the members present at any regular or special meeting, which resolution takes effect immediately, or an action taken by the authority may be authorized by a resolution circularized or sent to each member of the authority, which resolution takes effect at such time as a majority of the members have signed an assent to such resolution. D. Each member who is not physically present at the location of the public proceeding and who is participating through telephonic, video, electronic or other similar means of communication has received prior to the public proceeding all documents and materials discussed at the public proceeding, with substantially the same content as those presented at the public proceeding. Documents or other materials made available at the public proceeding may be transmitted to the member not physically present during the public proceeding if the transmission technology is available. Failure to comply with this paragraph does not invalidate an action taken by the authority at the public proceeding. [PL 2015, c. 449, §2 (NEW).] [PL 2015, c. 449, §2 (AMD).]

5. Bond. 6. Expenses. The members of the authority shall be compensated according to the provisions of Title 5, chapter 379.

7. Conflict of interest. Notwithstanding any other law to the contrary, it does not constitute a conflict of interest for a trustee, director, officer or employee of a health care facility or a participating institution providing an educational program or for a trustee, member of a corporation or board of governors, officer or employee of an institution for higher education to serve as a member of the authority if that trustee, director, member of a corporation or board of governors, officer or employee abstains from deliberation, action and vote by the authority under this chapter in specific respect to the health care facility, institution for higher education or participating institution providing an educational program of which that member is a trustee, director, member of a corporation or board of governors, officer or employee.

4. **Payment.** Adequate provision has been or will be made for the payment of such project and that under no circumstances will the State be obligated for the payment of such project, or for the payment of the principal of, or interest on, any obligations issued to finance such project; and [PL 2001, c. 609, §2 (AMD).]

5. **Projects for program of independent housing with services not required to be licensed.** If the project is for a program of independent housing with services that is not required to be licensed under this Title, the participating health care facility has agreed to comply with the requirements applicable to assisted living providers with regard to the standardized contract under section 7916 and residents' rights under section 7902-A, subsection 6 and rules adopted pursuant to those provisions. This requirement does not apply to the refinancing of an authority loan outstanding on April 1, 2002 or to a project specifically authorized under this chapter.

### §2062. Trust agreement to secure bonds

In the discretion of the authority, any bonds issued under this chapter may be secured by a trust agreement by and between the authority and a corporate trustee or trustees, which may be any trust company or bank having the powers of a trust company within or without the State. Such trust agreement or the resolution providing for the issuance of such bonds may pledge or assign the revenues to be received or proceeds of any contract or contracts pledged and may convey or mortgage the project or any portion thereof. Such trust agreement or resolution providing for the issuance of such bonds may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper, and not in violation of law, including particularly such provisions as have been specifically authorized to be included in any resolution or resolutions of the authority authorizing bonds thereof. Any bank or trust company incorporated under the laws of this State, which may act as depositary of the proceeds of bonds or of revenues or other moneys, may furnish such indemnifying bonds or pledge such securities as may be required by the authority. Any such trust agreement may set forth the rights and remedies of the bondholders and of the trustee or trustees, and may restrict the individual right of action by bondholders. In addition, any such trust agreement or resolution may contain such other provisions as the authority may deem reasonable and proper for the security of the bondholders. All expenses incurred in carrying out such trust agreement or resolution may be treated as a part of the cost of the operation of a project. [PL 1971, c. 303, §1 (NEW).]

**SECTION HISTORY**

PL 1971, c. 303, §1 (NEW).

### §2063. Credit of State not pledged

Bonds and notes issued under this chapter do not constitute or create a debt or debts, liability or liabilities on behalf of the State or of a political subdivision of the State other than the authority or a loan of the credit of the State or a pledge of the faith and credit of the State or of any such political subdivision other than the authority, but are payable solely from the funds provided for the bonds and notes. All such bonds and notes must contain on the face of the bonds and notes a statement to the effect that neither the State nor a political subdivision of the State is obligated to pay the same or the interest on the bonds and notes, except from revenues of the project or the portion of the project for
which they are issued and that neither the faith and credit nor the taxing power of the State or of a political subdivision of the State is pledged to the payment of the principal of or the interest on such bonds or notes. The issuance of bonds or notes under this chapter may not directly or indirectly or contingently obligate the State or a political subdivision of the State to levy or to pledge any form of taxation whatever for the bonds and notes or to make an appropriation for their payment. Nothing in this section may prevent nor be construed to prevent the authority from pledging its full faith and credit or the full faith and credit of a participating health care facility, participating institution for higher education or participating institution providing an educational program to the payment of bonds or notes or issue of notes or bonds authorized pursuant to this chapter. [PL 2007, c. 354, §22 (AMD).]

SECTION HISTORY

§2064. Rents and charges

The authority is authorized to fix, revise, charge and collect rates, rents, fees and charges for the use of and for the services furnished or to be furnished by each project and to contract with a person, partnership, association or corporation, or other body, public or private, in respect of rates, rents, fees and charges. Such rates, rents, fees and charges must be fixed and adjusted in respect of the aggregate of rates, rents, fees and charges from such project so as to provide funds sufficient with other revenues or money available for the project, if any, to pay the cost of maintaining, repairing and operating the project and each and every portion of the project, to the extent that the payment of such cost has not otherwise been adequately provided for, to pay the principal of and the interest on outstanding bonds or notes of the authority issued in respect of such project as the same become due and payable, and to create and maintain reserves required or provided for in a resolution authorizing, or trust agreement securing, such bonds or notes of the authority. Such rates, rents, fees and charges are not subject to supervision or regulation by a department, commission, board, body, bureau or agency of this State other than the authority. A sufficient amount of the revenues derived in respect of a project, except such part of such revenues as may be necessary to pay the cost of maintenance, repair and operation and to provide reserves and for renewals, replacements, extensions, enlargements and improvements as may be provided for in the resolution authorizing the issuance of bonds or notes of the authority or in the trust agreement securing the same, must be set aside at such regular intervals as may be provided in such resolution or trust agreement in a sinking or other similar fund that is pledged to, and charged with, the payment of the principal of and the interest on such bonds or notes as the same become due, and the redemption price or the purchase price of bonds retired by call or purchase as therein provided. Such pledge is valid and binding from the time when the pledge is made; the rates, rents, fees and charges and other revenues or other money so pledged and later received by the authority are immediately subject to the lien of such pledge without any physical delivery of the revenues or money or further act, and the lien of any such pledge is valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the authority, irrespective of whether such parties have notice of the lien. Neither the resolution nor a trust agreement nor any other agreement nor any lease by which a pledge is created need be filed or recorded except in the records of the authority. The use and disposition of money to the credit of such sinking or other similar fund are subject to the resolution authorizing the issuance of such bonds or notes or of such trust agreement. Except as may otherwise be provided in such resolution or such trust agreement, such sinking or other similar fund may be a fund for all such bonds or notes issued to finance projects at a particular participating health care facility, participating institution for higher education or participating institution providing an educational program without distinction or priority of one over another, provided the authority in any such resolution or trust agreement may provide that such sinking or other similar fund is the fund for a particular project at a participating health care facility, participating institution for higher education or participating institution providing an educational program and for the bonds issued to finance a
particular project and may, additionally, permit and provide for the issuance of bonds having a subordinate lien in respect of the security authorized in this chapter to other bonds of the authority, and, in such case, the authority may create separate sinking or other similar funds in respect of such subordinate lien bonds. [PL 2007, c. 354, §23 (AMD).]

All moneys received pursuant to the authority of this chapter whether as proceeds from the sale of bonds or notes or as revenues, are trust funds to be held and applied solely as provided in this chapter. Any officer with whom, or any bank or trust company with which, such moneys are deposited shall act as trustee of such moneys and shall hold and apply the same for the purposes of this chapter, subject to such regulations as this chapter and the resolution authorizing the bonds or notes of any issue or the trust agreement securing such bonds or notes provide. §2067. Exemption from taxation

The exercise of the powers granted by this chapter will be in all respects for the benefit of the people of the State, for the increase of their commerce, welfare and prosperity, and for the improvement of their health and living conditions, and will constitute the performance of an essential governmental function, and neither the authority nor its agent shall or may be required to pay any taxes or assessments upon or in respect of a project or projects or any property acquired, used by the authority or its agent or under the jurisdiction, control, possession or supervision of the same or upon the activities of the authority or its agent in the operation or maintenance of a project or projects under this chapter, or upon income or other revenues received therefrom, and any bonds, notes and other obligations issued under this chapter, their transfer and the income therefrom, including any profit made on the sale thereof, as well as the income and property of the authority, are at all times exempt from taxation of every kind by the State and by the municipalities and all other political subdivisions of the State. or time deposits secured by obligations of, or guaranteed by, the United States of America, maturing at such time or times as shall be appropriate to assure the prompt payment, as to principal, interest and redemption premium, if any, of the outstanding bonds to be so refunded. The interest, income and profits, if any, earned or realized on any such investment may also be applied to the payment of the outstanding bonds to be so refunded. After the terms of the escrow have been fully satisfied and carried out, any balance of such proceeds and interest, income and profits, if any, earned or realized on the investments thereof may be returned to the authority for use by it in any lawful manner.

[PL 1971, c. 303, §1 (NEW).]

4. Investments. The portion of the proceeds of any such bonds issued for the additional purpose of paying all or any part of the cost of constructing and acquiring additions, improvements, extensions or enlargements of a project may be invested and reinvested in obligations of, or guaranteed by, the United States of America, or in certificates of deposit or time deposit secured by obligations of, or guaranteed by, the United States of America, maturing not later than the time or times when such proceeds will be needed for the purpose of paying all or any part of such cost. The interest, income and profits, if any, earned or realized on such investment may be applied to the payment of all or any part of such cost or may be used by the authority in any lawful manner.

[PL 1971, c. 303, §1 (NEW).]

§2072. Agreement of the State

The State pledges to and agrees with the holders of bonds, notes and other obligations issued under this chapter, and with those parties who may enter into contracts with the authority pursuant to this chapter, that the State will not limit, alter, restrict or impair the rights hereby vested in the authority and the participating health care facilities, the participating institutions for higher education and the participating institutions providing an educational program to acquire, construct, reconstruct, maintain and operate a project as defined in this chapter or to establish, revise, charge and collect rates, rents, fees and other charges as may be convenient or necessary to produce sufficient revenues to meet the expenses of maintenance and operation of the project and to fulfill the terms of any agreements made with the holders of bonds, notes or other obligations authorized and issued by this chapter, and with the parties who may enter into contracts with the authority pursuant to this chapter, or in any way impair the rights or remedies of the holders of such bonds, notes or other obligations of such parties until the bonds, notes and such other obligations, together with interest on the bonds, notes and other obligations, with interest on any unpaid installment of interest and all costs and expenses in connection with an action or proceeding by or on behalf of the bondholders, are fully met and discharged and such contracts are fully performed on the part of the authority. Nothing in this chapter precludes such limitation or alteration if and when adequate provision is made by law for the protection of the holders of such bonds, notes or other obligations of the authority or those entering into such contracts with the authority. The
authority is authorized to include this pledge and undertaking for the State in such bonds, notes or other obligations or contracts. [PL 2007, c. 354, §24 (AMD).]

SECTION HISTORY

§2073. Act cumulative; no notice required

Neither this chapter nor anything contained in this chapter is or shall be construed as a restriction or limitation upon any powers which the Maine Health and Higher Educational Facilities Authority might otherwise have under any laws of this State, and this chapter is cumulative of any such powers. This chapter does and shall be construed to provide a complete, additional and alternative method for the doing of the things authorized thereby and shall be regarded as supplemental and additional to powers conferred by other laws. Neither the making of contracts nor the issuance of bonds, notes, refunding bonds and other obligations pursuant to the provisions of this chapter need comply with the requirements of any other state law applicable to the making of contracts and the issuance of bonds, notes and other obligations, for the construction and acquisition of any project undertaken pursuant to this chapter. No proceedings, notice or approval shall be required for the issuance of any bonds, notes and other obligations or any instrument as security therefor, except as is provided in this chapter. [PL 1979, c. 680, §22 (AMD).]

SECTION HISTORY
PL 1971, c. 303, §1 (NEW).

§2075. Maine Health Facilities' Reserve Fund

1. Maine Health Facilities' Reserve Fund. The authority shall establish and maintain a reserve fund called the "Maine Health Facilities' Reserve Fund" in which is deposited all money appropriated by the State for the purpose of that fund, all proceeds of bonds required to be deposited in the fund by terms of any contract between the authority and its bondholders or any resolution of the authority with respect to the proceeds of bonds and any other money or funds of the authority that the authority determines to deposit in the fund and any other money made available to the authority only for the purposes of the fund from any other source or sources.

   A. Money in the reserve fund is held and applied solely to the payment of the interest on and principal of bonds secured by the reserve fund and sinking fund payments referred to in this chapter with respect to bonds secured by the reserve fund as the interest, principal and sinking fund payments become due and payable; and for the retirement of bonds, including the payment of any redemption premium required to be paid when any bonds are redeemed or retired before maturity. Money may not be withdrawn from the fund if the withdrawal reduces the amount in the reserve fund to an amount less than the required debt service reserve, except for:

      (1) Payment of interest then due and payable on bonds;
      (2) Payment of the principal of bonds then maturing and payable;
      (3) Sinking fund payments referred to in this chapter with respect to bonds;
(4) The retirement of bonds in accordance with the terms of any contract between the authority and its bondholders; or

(5) The payment for which other money of the authority is not then available for payment of interest, principal or sinking fund payments or the retirement of bonds in accordance with the terms of any such contract. [PL 1991, c. 584, §6 (NEW).]

B. As used in this chapter, "required debt service reserve" means, as of any date of computation, the amount or amounts required to be on deposit in the reserve fund as provided by resolution of the authority. For purposes of this chapter, the amount of any letter of credit, insurance contract, surety bond or similar financial undertaking available to be drawn upon and applied to obligations to which money in the reserve fund may be applied is deemed to be and must be counted as money in the Maine Health Facilities' Reserve Fund, capital reserve funds or any other reserve fund as provided by resolution of the authority. The required debt service reserve is, as of any date of computation, an aggregate amount equal to at least the largest amount of money required by the terms of all contracts between the authority and holders of bonds secured by the reserve fund to be raised in the current or any succeeding calendar year for:

(1) The payment of interest on and maturing principal of that portion of outstanding bonds secured by the reserve fund; and

(2) Sinking fund payments required by the terms of any such contracts to sinking funds established for the payment or redemption of those bonds. [PL 1995, c. 179, §4 (AMD).]

C. To ensure the maintenance of the required debt service reserve in the reserve fund, there must be annually appropriated and paid to the authority for deposit in the fund the sum, if any, certified by the executive director of the authority to the Governor, required to restore the reserve fund to an amount equal to the required debt service reserve. On or before December 1st of each year, the executive director shall make and deliver to the Governor a certificate stating the sum and the sum or sums so certified must be appropriated and paid to the authority during the current state fiscal year.

To ensure the maintenance of the required debt service reserve in any capital reserve fund to which, at the direction of the authority pursuant to the resolution or resolutions establishing a capital reserve fund, this provision applies, there is annually appropriated and paid to the authority for deposit in the fund the sum, if any, certified by the executive director of the authority to the Governor, required to restore the reserve fund to an amount equal to the required debt service reserve. On or before December 1st of each year, the director shall make and deliver to the Governor a certificate stating the sum and the sum or sums so certified must be appropriated and paid to the authority during the current state fiscal year. [PL 1991, c. 584, §6 (NEW).]

[PL 1995, c. 179, §4 (AMD).]

2. Capital reserve fund. This subsection applies to capital reserve funds.

A. The authority may establish and maintain one or more special funds called "capital reserve funds" in which must be deposited:

(1) All money appropriated by the State for the purpose of those funds;

(2) All proceeds of bonds required to be deposited in those funds by the terms of any contract between the authority and its bondholders or any resolution of the authority with respect to the proceeds of bonds;

(3) Any other money or funds of the authority that the authority determines to deposit in those funds; and

(4) Any other money made available to the authority only for the purposes of the fund from any other source or sources. [PL 1991, c. 584, §6 (NEW).]
B. Money in any capital reserve fund is held and applied solely:

   (1) To pay the interest on and principal of bonds secured by the capital reserve fund and sinking fund payments referred to in this chapter with respect to bonds secured by the capital reserve fund as the interest and principal becomes due and payable; and

   (2) To retire bonds secured by the capital reserve fund, including the payment of any redemption premium required to be paid when any such bonds are redeemed or retired before maturity. [PL 1991, c. 584, §6 (NEW).]

C. The minimum amount of any capital reserve fund must be equal to the amounts required under the resolutions pursuant to which the bonds secured by the capital reserve fund are issued. These amounts are referred to in this chapter as the "required minimum reserve." With respect to bonds secured by a capital reserve fund for which the resolution authorizing the issuance of those bonds states that the provisions of subsection 1, paragraph C apply, the required minimum reserve is, as of any date of computation, an aggregate amount equal to at least the largest amount of money required by the terms of all contracts between the authority and its bondholders of the bonds to be raised in the current or any succeeding calendar year for the payment of interest on and maturing principal of that portion of the outstanding bonds or sinking fund payments required by the terms of any such contracts to sinking funds established for the payment or redemption of the bonds, all calculated on the assumption that the bonds will cease to be outstanding after the date of the computation because of the payment of the bonds at their respective maturities and the payments of the required money to sinking funds and the application of the sinking funds in accordance with the terms of all such contracts to the retirement of the bonds. [PL 1991, c. 584, §6 (NEW).]

D. Money in any capital reserve fund may not be withdrawn if the withdrawal reduces the amount in the capital reserve fund to an amount less than the required minimum reserve for all such bonds issued and to be issued that are secured by the capital reserve fund, except for:

   (1) Payment of interest then due and payable on bonds secured by the capital reserve fund then maturing and payable;

   (2) Sinking fund payments required by the terms of any such contracts to sinking funds established for the payment of redemption of the bonds;

   (3) The retirement of bonds secured by the capital reserve fund in accordance with the terms of any contract between the authority and its bondholders; and

   (4) The payments for which other money of the authority is not then available for payment of interest or principal or sinking fund payments or retirement of bonds secured by the capital reserve fund in accordance with the terms of any such contract. [PL 1991, c. 584, §6 (NEW).]

[PL 1991, c. 584, §6 (NEW).]

SECTION HISTORY

§2076. Authority to intercept federal and state aid

1. Treasurer to withhold funds. When the authority notifies the Treasurer of State in writing that an entity eligible to use the authority is in default as to the payment of principal or interest on any securities of that entity sold through or by the authority, or that the authority has reasonable grounds to predict that the entity will not be able to make a full payment when that payment is due, the Treasurer of State shall withhold any funds in the Treasurer of State's custody that are due or payable to the eligible entity until the amount of the principal or interest due or anticipated to be due has been paid to the authority or the trustee for the bondholders, or the authority notifies the Treasurer of State that satisfactory arrangements have been made for the payment of the principal and interest. Funds subject
to withholding under this subsection include, but are not limited to, federal and state grants, contracts, allocations or appropriations.

[PL 1991, c. 584, §7 (NEW).]

2. Withheld funds to be made available to authority. If the authority further notifies the Treasurer of State in writing that no other arrangements are satisfactory, the Treasurer of State shall deposit in the General Fund and make available to the authority any funds withheld from the eligible entity under this section. The authority shall apply the funds to the costs incurred by the eligible entity, including payments required to be made to the authority or trustee for any bondholders of debt service on any debt issued by the authority for the eligible entity or required by the terms of any other law or contract to be paid to the holders or owners of debt issued on behalf of the eligible entity upon failure or default, or reasonable expectation of failure or default, of the eligible institution to pay the principal or interest on its securities when due.

[PL 1991, c. 584, §7 (NEW).]

3. Other agencies to be notified. Concurrent with any notice from the authority to the Treasurer of State under this section, the authority shall notify any other agency, department or authority of State Government that exercises regulatory, supervisory or statutory control over the operations of the eligible entity. Upon notification, the agency, department or authority shall immediately undertake reviews to determine what action, if any, that agency, department or authority should undertake to assist in the payment by the eligible entity of the money due or steps that the agencies of the State other than the Treasurer of State or the authority should take to assure the continued prudent operation of the eligible entity or provision of services to the people served by the eligible entity.

[PL 1991, c. 584, §7 (NEW).]

SECTION HISTORY

PL 1991, c. 584, §7 (NEW).

§2077. Lease finance program

1. Establishment; administration. A lease finance program under the jurisdiction and direction of the authority is established to provide for or assist with financing leases for eligible entities to acquire the use of personal or real property. The lease finance program must provide methods of direct or indirect financing, insurance, borrowing, credit enhancement and other financial tools for the lease, lease-purchase, rental or right of use of any real or personal property or other authorized activity of an eligible entity. For the purposes authorized in this section the University of Maine System and its colleges and universities are eligible participating institutions under the definition of eligible participant for the authority.

[PL 1997, c. 385, §5 (NEW).]

2. Eligible entity defined. For purposes of this section "eligible entity" means an eligible entity, as defined in section 2053, subsection 3-B, that is organized pursuant to the United States Internal Revenue Code, Section 501.

[PL 1997, c. 385, §5 (NEW).]

3. Powers. The authority may make loans or borrow money on behalf of any eligible entity for any of the purposes of this section. The authority may purchase, refinance or enter into leases with or on behalf of any eligible entity. The authority may purchase or refinance for or on behalf of any eligible entity any lease that is held or issued by a 3rd party. The authority may issue its bonds or notes for the purchase of leases on behalf of any eligible entity or any group of those entities or for the establishment of a pool of funds to be used for the purchase, financing or other means of acquisition of leases. The authority shall establish prudent standards for the terms and conditions of any lease financing made available to any eligible entity or any group of those entities. Terms and conditions include, but are not limited to, the general obligation of the eligible entity, liens on any real or personal property held by
the eligible entity whether financed by the specific lease or not and sinking funds held by or available to the eligible entity.

[PL 1997, c. 385, §§5 (NEW).]

4. **Application; eligibility.** The authority may prescribe and require an application or procedure for an eligible entity to participate in any form of lease financing assistance made available under this section. An application must include any information that the authority decides is necessary for implementing this section, including, but not limited to, supporting documents, certifications, feasibility studies, financial data, utilization studies or other applicable information. An eligible entity may not participate in any lease finance assistance made available under this section unless, in the sole judgment of the authority, the eligible entity has satisfactorily demonstrated that it will pay the principal, interest, fees and related charges on the bond, debt, or other instrument issued by the authority on its behalf or purchased by the bank from the eligible entity as well as the costs for operation and maintenance of any real or personal property acquired or made available for use by the eligible entity by virtue of the lease assistance. Satisfactory assurance can be demonstrated if an eligible entity has:

A. Established a method of payment by fee, rate, charges, assessment or other mechanism satisfactory to the authority; or [PL 1997, c. 385, §§5 (NEW).]

B. Provided collateral sufficient to ensure payment. [PL 1997, c. 385, §§5 (NEW).]

[PL 1997, c. 385, §§5 (NEW).]

5. **State not liable.** Bonds, notes, leases or other forms of debt or liability entered into or issued by the authority under this section are not in any way a debt or liability of the State and do not constitute a loan of the credit of the State or create any debt or debts, liability or liabilities on behalf of the State or constitute a pledge of the faith and credit of the State. Each bond, note, lease or other evidence of debt or liability entered into by the authority must contain a statement to the effect that the authority is obligated to pay the principal, interest, redemption premium, if any, and any other amounts payable solely from the sources pledged for that purpose by the authority and that neither the faith and credit nor the taxing power of the State is pledged to the payment of the principal, interest, premium, charge, fee or other amount of the bond, note, lease or other form of indebtedness, as the case may be.

[PL 1997, c. 385, §§5 (NEW).]

6. **Lease finance agreement.** Lease financing and refinancing, lease purchase, loans and other forms of indebtedness or obligations incurred by an eligible entity due the authority under the terms of this section must be evidenced by and be made in accordance with the terms and conditions specified in a lease finance agreement to be executed by the authority and any eligible entity or any group of those entities. The lease finance agreement must specify, among other things, the terms and conditions for the disbursement of lease finance proceeds, the term and interest rate of the lease, the scheduling of lease payments or bond payments, as the case may be, and any other terms and conditions determined necessary or desirable by the authority.

[PL 1997, c. 385, §§5 (NEW).]

7. **Utilization of municipal lease finance program.** The authority, for the benefit of its eligible entities, may utilize the municipal lease finance program created in Title 30-A, section 6006-C for the purposes of this section.

B. The services of the health care practitioners are provided through the group and payments received for health services are treated as receipts of the group; and [PL 1993, c. 308, §1 (NEW).]

C. The overhead expenses and the income from the practice are distributed by methods previously determined by the group. [PL 1993, c. 308, §1 (NEW).]
[PL 1993, c. 308, §1 (NEW).]

4. Health care practitioner. "Health care practitioner" means an individual regulated under the laws of this State to provide health services. "Health care practitioners" include, without limitation, acupuncturists, chiropractors, dentists, dental hygienists, nurses, occupational therapists, optometrists, pharmacists, physical therapists, physicians including allopathic and osteopathic physicians, physician
assistants, podiatrists, psychologists, clinical social workers, speech therapists and audiologists or hearing aid dealers and examiners.

[PL 1993, c. 308, §1 (NEW).]

5. **Health services.** "Health services" means diagnosis, treatment and rehabilitative services for an injured, disabled or sick person.

[PL 1993, c. 308, §1 (NEW).]

6. **Immediate family member.** "Immediate family member" means a health care practitioner's parent, spouse, child or child's spouse.

[PL 1993, c. 308, §1 (NEW).]

7. **Investment interest.** "Investment interest" means an equity or debt security issued by a facility, including, without limitation, shares of stock in a corporation, units or other interests in a partnership, bonds, debentures, notes or other equity interests or debt instruments, except that investment interest does not include interest in a hospital licensed under state law.

[PL 1993, c. 308, §1 (NEW).]

8. **Investor.** "Investor" means an individual who owns, whose immediate family owns or who directly or indirectly owns a controlling interest in another facility that owns an investment interest in a facility that provides health services.

[PL 1993, c. 308, §1 (NEW).]

9. **Office practice.** "Office practice" includes the facility or facilities at which a health care practitioner, on a regular basis, provides or supervises the provision of professional health services to individuals.

[PL 1993, c. 308, §1 (NEW).]

10. **Referral.** "Referral" means a referral of a patient for health services, including, without limitation:

A. The forwarding of a patient by one health care practitioner to another health care practitioner or a facility outside the health care practitioner's office practice or group practice that provides health services; or

[PL 1993, c. 308, §1 (NEW).]

B. The establishment by a health care practitioner of a plan of care outside the health care practitioner's office practice or group practice that includes the provision of any health services.

[PL 1993, c. 308, §1 (NEW).]

**SECTION HISTORY**

PL 1993, c. 308, §1 (NEW).

§2085. **Prohibited referrals and claims for payment**

1. **Prohibited referrals.** A health care practitioner may refer a patient to an outside facility in which that health care practitioner is an investor only when that health care practitioner directly provides health services within the facility and will be personally involved with the provision of care to the referred patient.

[PL 1993, c. 308, §1 (NEW).]

2. **Exemption.** Referrals by a health care practitioner are exempt from this chapter if the bureau determines that there is demonstrated need in the community for the facility and alternative financing is not available. A health care practitioner does not have to demonstrate a need for alternative financing if the practitioner has sufficient financial resources in the provider's practice without seeking financing from outside sources other than conventional bank loans. Demonstrated need in the community for the facility exists when:
A. There is no facility of reasonable quality that provides an appropriate service, or the bureau
determines that the quality of health care services would be improved in the community, such as
by providing new specialty or subspecialty services without increasing overall health care costs and
utilization above levels likely to occur if such an exemption were not granted; [PL 1999, c. 553,
§2 (AMD).]

B. Use of existing facilities is onerous or creates too great a hardship for patients; [PL 1993, c.
308, §1 (NEW).]

C. The facility is formed to own or lease medical equipment that replaces obsolete or otherwise
inadequate equipment in or under the control of a hospital located in a federally designated health
manpower shortage area; or [PL 1993, c. 308, §1 (NEW).]

D. The facility meets other standards established by rule by the bureau, including a standard
allowing the bureau to determine whether the fees charged for the health services are competitive
with fees charged for those services outside the community. "Community" must be defined by rule
by the bureau. The following requirements must be met to be exempt under this section.

(1) Individuals who are not in a position to refer patients to a facility must be given a bona fide
opportunity to invest in that facility on the same terms as those offered a referring health care
practitioner.

(2) A health care practitioner who invests may not be required or encouraged to make referrals
to the facility or otherwise generate business as a condition of becoming or remaining an
investor.

(3) The facility shall market or furnish its services to investors who are referring health care
practitioners and to other investors on equal terms.

(4) The facility may not loan funds or guarantee loans for health care practitioners who are in
a position to refer patients to that facility.

(5) The income on the health care practitioner's investment must be tied to the health care
practitioner's equity in the facility rather than to the volume of referrals made.

(6) An investment contract between the facility and the health care practitioner may not include
a covenant or noncompetition clause that prevents a health care practitioner from investing in
other facilities.

(7) When making a referral, a health care practitioner shall disclose to the patient being referred
to the facility that health care practitioner's investment interest in that facility. If alternative
facilities are reasonably available, the health care practitioner shall provide the patient with a
list of alternative facilities. The health care practitioner shall inform the patient that the patient
has the option to use an alternative facility and the patient will not be treated differently by the
health care practitioner if the patient chooses to use another facility. This subparagraph applies
to all investors who are health care practitioners, including those who provide direct care or
services for their patients in facilities outside their office practice.

(8) If a 3rd-party payor requests information regarding a health care practitioner's investment
interest, that information must be disclosed.

(9) The facility shall establish an internal utilization review program.

(10) If a health care practitioner's financial interest in a facility is incompatible with a referred
patient's interest, the health care practitioner shall make alternative arrangements for that
patient's care. [PL 1993, c. 308, §1 (NEW).]

The bureau shall make its determination on a request for an exemption within 90 days of a completed
written request.
3. **Exception.** It is not a violation of this chapter for a health care practitioner to refer a patient to a publicly traded facility in which that health care practitioner has an investment interest when:

   A. The facility is listed for trading on the New York Stock Exchange or on the American Stock Exchange or is a national market system security traded under an automated interdealer quotation system operated by the National Association of Securities Dealers; [PL 1993, c. 308, §1 (NEW).]

   B. The facility, at the end of its most recent fiscal year, had total net assets of at least $50,000,000 related to the furnishing of health services; [PL 1993, c. 308, §1 (NEW).]

   C. Investment interest obtained after the effective date of this chapter is traded on the exchanges listed in paragraph A; [PL 1993, c. 308, §1 (NEW).]

   D. The facility markets or furnishes its services to investors who are referring health care practitioners and to other health care practitioners on equal terms; [PL 1993, c. 308, §1 (NEW).]

   E. All stock held in that facility, including stock held in the predecessor privately held facility, is of one class without preferential treatment as to status or remuneration; [PL 1993, c. 308, §1 (NEW).]

   F. The facility does not loan funds or guarantee loans for health care practitioners who are in a position to make referrals to a facility; [PL 1993, c. 308, §1 (NEW).]

   G. The income on the health care practitioner's investment is tied to the health care practitioner's equity in the facility rather than to the volume of referrals made; and [PL 1993, c. 308, §1 (NEW).]

   H. The investment interest does not exceed 1/2 of 1% of the facility's total equity. [PL 1993, c. 308, §1 (NEW).]

4. **Compelling practitioner.** A health care practitioner may not compel or coerce, or attempt to compel or coerce, any other health care practitioner to violate any provision of this chapter. [PL 1993, c. 308, §1 (NEW).]

5. **Third-party referrals.** A health care practitioner may not participate in any arrangement or plan that is designed to evade the prohibitions in this chapter by using a 3rd party to redirect referrals that are prohibited under subsection 1 if the 3rd party was not involved in the referral. [PL 1993, c. 308, §1 (NEW).]

6. **Alternate facilities.** If compliance with the community need and alternative financing criteria is not practical, the health care practitioner shall identify to the patient reasonably available alternative facilities. The bureau, by rule, shall designate when compliance is not practical. [PL 1993, c. 308, §1 (NEW).]

7. **Bureau opinion.** Health care practitioners may request that the bureau render an advisory opinion as to whether a referral to an existing or proposed facility under specified circumstances violates the provision of this chapter. The bureau's opinion is presumptively correct as to whether the provisions of this chapter are violated. [PL 1993, c. 308, §1 (NEW).]

8. **Health organizations.** Notwithstanding any provision of this chapter, a health care practitioner may refer a patient who is a member of a health maintenance organization or a preferred provider organization licensed in this State for health services to a facility outside that health care practitioner's office or group practice in which that health care practitioner is an investor when the referral is made pursuant to a contract with the organization. [PL 1993, c. 308, §1 (NEW).]
SECTION HISTORY

§2086. Penalties

A facility or a health care practitioner that makes or causes to be made a referral prohibited under section 2085 or presents or causes to be presented a bill or claim for service that the facility or health care practitioner knows or should know is prohibited by section 2085 is subject to a civil penalty of no more than $2,000 for each referral, bill or claim. [PL 1993, c. 308, §1 (NEW).] A violation of this chapter by a health care practitioner or a facility constitutes grounds for disciplinary action by the applicable licensing body. [PL 1993, c. 308, §1 (NEW).]

2. Exceptions. Procedures and criteria for exceptions to the prohibitions set forth in section 2085; [PL 1993, c. 308, §1 (NEW).]

SECTION HISTORY

CHAPTER 416-A
DENTAL SERVICES

§2127. Oral health care
1. Access to quality oral health services. The department shall develop access to quality oral health services for low-income residents with emphasis on underserved areas or populations by encouraging the development or expansion of community-operated, nonprofit oral health care programs that serve persons who are uninsured or underinsured for oral health care and that serve persons whose oral health care is covered by Medicaid. [PL 1999, c. 401, Pt. MM, §1 (NEW); PL 1999, c. 401, Pt. MM, §5 (AFF).]

2. Development of oral health care programs. The department shall use funds appropriated for the purposes of this chapter, any available funds from Medicaid or other resources to provide funding for the start-up or expansion of public or nonprofit oral health care programs; to subsidize the provision of oral health care to persons without insurance coverage for that care in accordance with paragraph B;
and to provide oral health case management and community oral health education designed to encourage good oral hygiene and to prevent oral diseases and tooth decay. Any oral health care program receiving funds under this chapter must:

A. Serve persons whose oral health care is covered by Medicaid; [PL 1999, c. 401, Pt. MM, §1 (NEW); PL 1999, c. 401, Pt. MM, §5 (AFF).]

B. Provide oral health care services to persons whose gross income is below 200% of the nonfarm income official federal poverty guidelines for whom insurance coverage is not available for the same payment as provided by Medicaid for the service if the subsidy described in this subsection is available. Persons without insurance to cover the service required and who have an income under 200% of the nonfarm income official federal poverty guidelines must be charged fees for oral health care on a sliding scale. The department shall establish the sliding scale by routine technical rules adopted pursuant to Title 5, chapter 375, subchapter II-A. The difference between the Medicaid rate and the payment made by the patient under the sliding fee arrangement must be paid to the oral health care program by the department. If a Medicaid rate is not established for a particular service provided under this section, the department shall establish a rate for that service.

(1) Persons with gross income less than 100% of the nonfarm official federal poverty guidelines may not be required to pay more than a nominal fee. For the purposes of this section, "nominal fee" has the same meaning as it has under Medicaid.

(2) In determining gross income, the department shall permit the deduction of business-related expenses of those who are self-employed; [PL 1999, c. 401, Pt. MM, §1 (NEW); PL 1999, c. 401, Pt. MM, §5 (AFF).]

C. Be governed by a board, a majority of whose members are individuals who are or will be served by the program and who, as a group, represent the individuals being served in terms of demographic factors such as residing in the community being served, income, race, ethnicity and gender. The board is responsible for:

(1) The establishment of the policy in the conduct of the program;

(2) Holding regularly scheduled meetings, of which minutes must be kept;

(3) Approval of the selection or dismissal of a program director or chief executive officer of the program;

(4) Establishing personnel policies and procedures, including selection and dismissal procedures, salary and benefit scales, employee grievance procedures and equal opportunity practices;

(5) Adopting policies for financial management practices, including a system to ensure accountability for program resources, approval of the annual program budget, program priorities, eligibility for services, including criteria for partial payment schedules, and long-range financial planning;

(6) Evaluating program activities including services utilization patterns, program productivity, patient satisfaction, achievement of program objectives and development of a process for hearing and resolving patient grievances;

(7) Ensuring that the program is operated in compliance with applicable federal, state and local laws, rules and regulations; and

(8) Adopting health care policies including scope and availability of services, location and hours of services and quality of care audit procedures; [PL 1999, c. 401, Pt. MM, §1 (NEW); PL 1999, c. 401, Pt. MM, §5 (AFF).]
D. Use any funds provided for the purposes of this chapter to supplement, and not supplant, other funds that are or may be available to the oral health care program; [PL 1999, c. 401, Pt. MM, §1 (NEW); PL 1999, c. 401, Pt. MM, §5 (AFF).]

E. Implement a patient screening process to determine patient eligibility for Medicaid, the Cub Care program under Title 22, section 3174-T and the sliding fee scale; and [PL 1999, c. 401, Pt. MM, §1 (NEW); PL 1999, c. 401, Pt. MM, §5 (AFF).]

F. Employ at least one full-time equivalent dentist practicing general dentistry and be open for business at least 20 hours a week, providing at least 4 hours of coverage during evenings or weekends. [PL 1999, c. 401, Pt. MM, §1 (NEW); PL 1999, c. 401, Pt. MM, §5 (AFF).]

A program may not receive funds under this chapter to serve more than 3 contiguous dental care analysis areas as defined by the Bureau of Health in the department. [PL 1999, c. 401, Pt. MM, §1 (NEW); PL 1999, c. 401, Pt. MM, §5 (AFF).]

3. Discrimination prohibited. An oral health care program receiving funds under this chapter may not discriminate among patients within its service area based upon payment source except as specifically authorized in subsection 2, paragraph B. [PL 1999, c. 401, Pt. MM, §1 (NEW); PL 1999, c. 401, Pt. MM, §5 (AFF).]

4. Vouchers for private dental services. An oral health program that receives funds under this chapter may establish a voucher system for the purpose of reimbursing private dental providers providing services to patients of the program in accordance with the provisions of this subsection.

   A. A voucher may be used only when:
      (1) A program chooses to provide specialized oral health services to its patients but can not provide these services directly;
      (2) The patient can not be served by the program with reasonable promptness; or
      (3) The distance to the program location or transportation problems make access to the program difficult for the patient. [PL 1999, c. 401, Pt. MM, §1 (NEW); PL 1999, c. 401, Pt. MM, §5 (AFF).]

   B. A voucher payment made to a private provider does not exceed the difference between the patient's obligation, if any, under a sliding scale and the rate that Medicaid would reimburse a private provider for that same service. If no fee is established for the particular service in the Medicaid program, the department shall establish a fee. [PL 1999, c. 401, Pt. MM, §1 (NEW); PL 1999, c. 401, Pt. MM, §5 (AFF).]

   C. A voucher payment is made only to a provider enrolled to provide services in the Medicaid program. [PL 1999, c. 401, Pt. MM, §1 (NEW); PL 1999, c. 401, Pt. MM, §5 (AFF).]

An oral health care program may place reasonable restrictions on a voucher system it establishes if those restrictions are consistent with the purposes of this chapter pursuant to subsection 1.

Even though an oral health care program receives funds under this chapter for the purpose of serving part of its service area through a voucher system, this does not prevent the application of another organization seeking funds under this chapter to provide direct program services to the residents of that area. [PL 1999, c. 401, Pt. MM, §1 (NEW); PL 1999, c. 401, Pt. MM, §5 (AFF).]

5. Encouraging community support. The department shall require any entity seeking funds for the start-up or expansion of oral health programs under this chapter to raise matching funds, including in-kind support, sufficient to demonstrate community support. [PL 1999, c. 401, Pt. MM, §1 (NEW); PL 1999, c. 401, Pt. MM, §5 (AFF).]
6. Coordination with Medicaid and the Cub Care program. The department shall coordinate assistance under this chapter with Medicaid and the Cub Care program under Title 22, section 3174-T in a manner most likely to obtain and maximize federal matching funds. [PL 1999, c. 401, Pt. MM, §1 (NEW); PL 1999, c. 401, Pt. MM, §5 (AFF).]

6-A. Monitoring of grants. The program director or chief executive officer under subsection 2, paragraph C, subparagraph (3) shall monitor contracts resulting from grant awards established by the department concerning community-based dental clinics affiliated with or operated by a school of dentistry. [PL 2009, c. 645, Pt. E, §1 (NEW); PL 2009, c. 645, Pt. G, §1 (AFF).]

7. Rules. The department shall adopt rules, which are routine technical rules, pursuant to Title 5, chapter 375, subchapter II-A, to implement this chapter. [PL 1999, c. 401, Pt. MM, §1 (NEW); PL 1999, c. 401, Pt. MM, §5 (AFF).]

SECTION HISTORY

§2128. Grant program to promote oral health assessments and care for children

The commissioner, in consultation with the Commissioner of Education, shall administer a grant program to promote oral health assessments of children entering elementary school and facilitate the provision of care for those students identified as in need of dental services. [PL 2005, c. 653, §2 (NEW).]

1. Eligibility for grants. A nonprofit organization may apply for a grant by submitting an application as requested by the commissioner to demonstrate that the applicant:

Any obligation owing under any currently existing contract may not be conditioned upon or affected by the making or rescinding of a request by a person for medication to end the person's life in a humane and dignified manner. [PL 2019, c. 271, §4 (NEW).]

19. Insurance or annuity policies. The sale, procurement or issuance of any life, health or accident insurance or annuity policy or the rate charged for any life, health or accident insurance or annuity policy may not be conditioned upon or affected by the making or rescinding of a request by a qualified patient for medication that the patient may self-administer to end the patient's life in accordance with this Act. A qualified patient whose life is insured under a life insurance policy issued under the provisions of Title 24-A, chapter 29 and the beneficiaries of the policy may not be denied benefits on the basis of self-administration of medication by the qualified patient in accordance with this Act. The rating, sale, procurement or issuance of any medical professional liability insurance policy delivered or issued for delivery in this State must be in accordance with the provisions of Title 24-A. [PL 2019, c. 271, §4 (NEW).]
20. Authority of Act; references to acts committed under Act; applicable standard of care. This Act does not authorize a physician or any other person to end a patient's life by lethal injection, mercy killing or active euthanasia. Actions taken in accordance with this Act do not, for any purpose, constitute suicide, assisted suicide, mercy killing or homicide under the law. State reports may not refer to acts committed under this Act as "suicide" or "assisted suicide." Consistent with the provisions of this Act, state reports must refer to acts committed under this Act as obtaining and self-administering life-ending medication. Nothing contained in this Act may be interpreted to lower the applicable standard of care for the attending physician, the consulting physician, a psychiatrist or a psychologist or other health care provider providing services under this Act. [PL 2019, c. 271, §4 (NEW).]

21. Voluntary participation. Nothing in this Act requires a health care provider to provide medication to a qualified patient to end the qualified patient's life. If a health care provider is unable or unwilling to carry out the qualified patient's request under this Act, the health care provider shall transfer any relevant medical records for the patient to a new health care provider upon request by the patient. [PL 2019, c. 271, §4 (NEW).]

22. Basis for prohibiting persons or entities from participation; notification; penalties; permissible actions. The following provisions govern the basis for prohibiting persons or entities from participating in activities under this Act, notification, penalties and permissible actions.

A. Subject to compliance with paragraph B and notwithstanding any other law, a health care provider may prohibit its employees, independent contractors or other persons or entities, including other health care providers, from participating in activities under this Act while on premises owned or under the management or direct control of that prohibiting health care provider or while acting within the course and scope of any employment by, or contract with, the prohibiting health care provider. [PL 2019, c. 271, §4 (NEW).]

B. A health care provider that elects to prohibit its employees, independent contractors or other persons or entities, including other health care providers, from participating in activities under this Act, as described in paragraph A, shall first give notice of the policy prohibiting participation under this Act to those employees, independent contractors or other persons or entities, including other health care providers. A health care provider that fails to provide notice to those employees, independent contractors or other persons or entities, including other health care providers, in compliance with this paragraph may not enforce such a policy against those employees, independent contractors or other persons or entities, including other health care providers. [PL 2019, c. 271, §4 (NEW).]

C. Subject to compliance with paragraph B, the prohibiting health care provider may take action, including, but not limited to, the following, as applicable, against an employee, independent contractor or other person or entity, including another health care provider, that violates this policy:

1. Loss of privileges, loss of membership or other action authorized by the bylaws or rules and regulations of the medical staff;
2. Suspension, loss of employment or other action authorized by the policies and practices of the prohibiting health care provider;
3. Termination of any lease or other contract between the prohibiting health care provider and the employee, independent contractor or other person or entity, including another health care provider, that violates the policy; or
4. Imposition of any other nonmonetary remedy provided for in any lease or contract between the prohibiting health care provider and the employee, independent contractor or other person...
or entity, including another health care provider, in violation of the policy. [PL 2019, c. 271, §4 (NEW).]

D. Nothing in this section may be construed to prevent, or to allow a prohibiting health care provider to prohibit, an employee, independent contractor or other person or entity, including another health care provider, from any of the following:

(1) Participating, or entering into an agreement to participate, in activities under this Act while on premises that are not owned or under the management or direct control of the prohibiting health care provider or while acting outside the course and scope of the participant's duties as an employee of, or an independent contractor for, the prohibiting health care provider; or

(2) Participating, or entering into an agreement to participate, in activities under this Act as an attending physician or consulting physician while on premises that are not owned or under the management or direct control of the prohibiting health care provider. [PL 2019, c. 271, §4 (NEW).]

E. In taking actions pursuant to paragraph C, a health care provider shall comply with all procedures required by law, its own policies or procedures and any contract with the employee, independent contractor or other person or entity, including another health care provider, in violation of the policy, as applicable. [PL 2019, c. 271, §4 (NEW).]

F. Any action taken by a prohibiting health care provider pursuant to this subsection is not reportable to the appropriate licensing board under Title 32, including, but not limited to, the Board of Licensure in Medicine, the Board of Osteopathic Licensure and the Maine Board of Pharmacy. The fact that a health care provider participates in activities under this Act may not be the sole basis for a complaint or report by another health care provider to the appropriate licensing board under Title 32, including, but not limited to, the Board of Licensure in Medicine, the Board of Osteopathic Licensure and the Maine Board of Pharmacy. [PL 2019, c. 271, §4 (NEW).]

G. As used in this subsection, unless the context otherwise indicates, the following terms have the following meanings.

(1) "Notice" means a separate statement in writing advising of the prohibiting health care provider's policy with respect to participating in activities under this Act.

(2) "Participating, or entering into an agreement to participate, in activities under this Act" means doing or entering into an agreement to do any one or more of the following:

(a) Performing the duties of an attending physician as specified in this Act;

(b) Performing the duties of a consulting physician as specified in this Act;

(d) Delivering the prescription for, dispensing or delivering the dispensed medication pursuant to this Act; or

(e) Being present when the qualified patient takes the medication prescribed pursuant to this Act.

(1) "Participating, or entering into an agreement to participate, in activities under this Act" does not include doing, or entering into an agreement to do, any of the following: diagnosing whether a patient has a terminal disease, informing the patient of the medical prognosis or determining whether a patient has the capacity to make decisions; providing information to a patient about this Act; or providing a patient, upon the patient's request, with a referral to
another health care provider for the purposes of participating in the activities authorized by this Act. [PL 2019, c. 271, §4 (NEW).]

23. Claims by governmental entity for costs incurred. Any governmental entity that incurs costs resulting from a person ending the person's life under this Act in a public place has a claim against the estate of the person to recover the costs and reasonable attorney's fees related to enforcing the claim. [PL 2019, c. 271, §4 (NEW).]

24. Form of the request. A request for medication as authorized by this Act must be in substantially the following form:

[PL 1983, c. 570 (NEW).]
It is the intent of this chapter to set forth the statutory authorization for home health care licensure, including the standards, start-up procedures and means by which licensure is established. [PL 1983, c. 570 (NEW).]

3. Home health care provider. "Home health care provider" means any business entity or subdivision thereof, whether public or private, proprietary or not for profit, that is engaged in providing acute, restorative, rehabilitative, maintenance, preventive or health promotion services through professional nursing or another therapeutic service, such as physical therapy, home health aides, nurse assistants, medical social work, nutritionist services or personal care services, either directly or through contractual agreement, in a client's place of residence. This term does not apply to any sole practitioner providing private duty nursing services or other restorative, rehabilitative, maintenance, preventive or health promotion services in a client's place of residence or to municipal entities providing health promotion services in a client's place of residence. This term does not apply to a federally qualified health center or a rural health clinic as defined in 42 United States Code, Section 1395x, subsection (aa) (1993) that is delivering case management services or health education in a client's place of residence. Beginning October 1, 1991, "home health care provider" includes any business entity or subdivision thereof, whether public or private, proprietary or nonprofit, that is engaged in providing speech pathology services.    (1) Has not previously operated as a home health care provider or is licensed but has not
       operated during the term of that license;
   (2) Complies with all applicable laws and rules, except those which can only be complied with
       once clients are served by the applicant; and

       provisional license term. [PL 1983, c. 570 (NEW).]

B. The department shall issue a full license to an applicant who complies with all applicable laws
   and rules. [PL 1983, c. 570 (NEW).]

C. A conditional license may be issued by the department, when the provider fails to comply with

   would be so served by issuing a conditional license. The conditional license shall specify when
   and what corrections shall be made during the term of the conditional license. [PL 1983, c. 570
   (NEW).]

D. The commissioner may grant a full, provisional or conditional license under this chapter to

      full license to a conditional license. [PL 1983, c. 570 (NEW).]
C. Any license issued under this chapter may be suspended or revoked for violation of applicable laws and rules committing, permitting, aiding or abetting any illegal practices in the operation of the provider of conduct or practices detrimental to the welfare of persons to whom home health care services are provided. When the department believes that a license must be suspended or revoked, it shall file a complaint with the District Court in accordance with Title 4, section 184 or the Maine Administrative Procedure Act, Title 5, chapter 375. **SECTION HISTORY**

§2158. **Addition of certain substances limited**

Any poisonous or deleterious substance added to any food, except where such substance is required in the production thereof or cannot be avoided by good manufacturing practice, must be deemed to be unsafe for purposes of the application of section 2156, subsection 1, paragraph B; but when such substance is so required or cannot be avoided, the Commissioner of Agriculture, Conservation and Forestry shall adopt rules limiting the quantity therein or thereon to such extent as the commissioner finds necessary for the protection of public health, and any quantity exceeding the limits so fixed must be deemed to be unsafe for purposes of the application of section 2156, subsection 1, paragraph B. While such a rule is in effect limiting the quantity of any such substance in the case of any food, such food may not, by reason of bearing or containing any added amount of such substance, be considered to be adulterated within the meaning of section 2156, subsection 1, paragraph A. In determining the quantity of such added substance to be tolerated in or on different articles of food, the commissioner shall take into account the extent to which the use of such substance is required or cannot be avoided in the production of each such article and the other ways in which the consumer may be affected by the same or other poisonous or deleterious substances. Goods that are prepared by a caregiver under section 2152, subsection 4-A, paragraph G or in a food establishment that is a licensed facility under section
2167 and that contain marijuana for medical use by a qualifying patient, pursuant to chapter 558-C, are

in section 2491, subsection 7, may not make a claim that food, food additives or food products that
contain hemp can diagnose, treat, cure or prevent any disease, condition or injury without approval
pursuant to federal law.  For the purposes of this section, "hemp" has the same meaning as in Title 7,
section 2231, subsection 1-A, paragraph D and "manufacturing" means producing, preparing,
processing, propagating, blending, infusing, compounding, concentrating or converting hemp or food,

§2159. Articles detained, embargoed and condemned

Whenever a duly authorized agent of the Commissioner of Agriculture, Conservation and Forestry
finds or has reason to believe that any food is adulterated, or so misbranded as to be dangerous or
fraudulent, within the meaning of this subchapter, he may issue an order detaining or embargoing that
food to any person or persons with possession or control thereof, and may affix or require the person
or persons to whom the order is directed to affix to such article a tag or other appropriate marking,
giving notice that such article is or is suspected of being adulterated or misbranded and has been
detained or embargoed, and warning all persons not to remove or dispose of such article by sale or
otherwise until permission for removal or disposal is given by such agent or the court.  It shall be
unlawful for any person to remove or dispose of such detained or embargoed article by sale or otherwise
without such permission. Orders relating to detention and embargo issued pursuant to this chapter shall
not be considered licensing or an adjudicatory proceeding, as those terms are defined by the Maine
Administrative Procedure Act, Title 5, chapter 375.  [PL 1985, c. 49, §1 (AMD); PL 2011, c. 657,
Pt. W, §6 (REV).]

When an article detained or embargoed under the preceding paragraph has been found by such
agent to be adulterated or misbranded, he shall petition the proper officer of the District Court or
Superior Court in whose jurisdiction the article is detained or embargoed for a libel for condemnation

If the court finds that a detained or embargoed article is adulterated or misbranded, such article shall, after entry of the decree, be destroyed at the expense of the claimant thereof, under the supervision of such agent, and all court costs and fees, and storage and other proper expenses, shall be taxed against the claimant of such article or his agent. When the adulteration or misbranding can be corrected by proper labeling or processing of the article, the court, after entry of the decree and after such costs, fees and expenses have been paid and a good and sufficient bond, conditioned that such article shall be so labeled or processed, has been executed, may by order direct that such article be delivered to the claimant thereof for such labeling or processing under the supervision of an agent of the commissioner. The expense of such supervision shall be paid by the claimant. Such bond shall be returned to the claimant of the article on representation to the court by the commissioner that the article is no longer in violation of this subchapter, and that the expenses of such supervision have been paid.

Whenever the commissioner or any of the commissioner's authorized agents finds in any room, building, vehicle of transportation or other structure any meat, seafood, poultry, vegetable, fruit or other perishable articles that are unsound or contain any filthy, decomposed or putrid substance or that may be poisonous or deleterious to health or otherwise unsafe, the same being declared to be a nuisance, the commissioner or the commissioner's authorized agent shall forthwith condemn or destroy the same, or in any other manner render the same unsalable as human food. In the event that any food found on any vehicle of transportation is detained, embargoed, condemned or destroyed under any of the provisions of this section by the commissioner or the commissioner's authorized agents, the commissioner shall forthwith notify the consignor, consignee and the carrier of the action taken and the amount and kind of goods detained, embargoed, condemned or destroyed.     D. **(CONFLICT: Text as repealed and replaced by PL 2019, c. 331, §13)** The department shall adopt routine technical rules as defined in Title 5, chapter 375, subchapter 2-A governing marijuana testing facilities, including but not limited to:

The failure of the department to adopt rules under this paragraph does not prevent a marijuana testing facility from engaging in activities in compliance with this chapter. [PL 2019, c. 331, §13 (RPR).]

E. (CONFLICT: Text as repealed and replaced by PL 2019, c. 331, §13) A marijuana testing facility shall obtain and must be able to produce, upon demand of the department or a municipal code enforcement officer, documentation of the facility's accreditation pursuant to standard ISO/IEC 17025 of the International Organization for Standardization by a 3rd-party accrediting body. SECTION HISTORY

§2423-B. Authorized conduct by a medical provider

A medical provider may provide a written certification in accordance with this section for the medical use of marijuana under this chapter and, after having done so, may otherwise state that in the medical provider's professional opinion a qualifying patient is likely to receive therapeutic or palliative benefit from the medical use of marijuana to treat or alleviate the patient's medical diagnosis. [PL 2017, c. 452, §5 (AMD).]

1. Adult qualifying patient. Prior to providing written certification for the medical use of marijuana under this section, a medical provider shall inform an adult qualifying patient or the patient's legal guardian or representative of the risks and benefits of the medical use of marijuana and that the patient may benefit from the medical use of marijuana. [PL 2017, c. 452, §5 (AMD).]

2-A. Minor qualifying patient. A medical provider who provides a written certification to a patient who has not attained 18 years of age:

A. Shall inform the qualifying patient and the parent, legal guardian or person having legal custody of the patient of the risks and benefits of the medical use of marijuana and that the patient may benefit from the medical use of marijuana; [PL 2017, c. 452, §5 (NEW).]

B. May provide a written certification to a qualifying patient if the patient is eligible for hospice services and has a medical diagnosis that, in the medical provider's professional opinion, may be alleviated by the therapeutic or palliative medical use of marijuana; [PL 2017, c. 452, §5 (NEW).]

C. May provide a written certification to a qualifying patient if the patient has a medical diagnosis of epilepsy, cancer, a developmental disability or an intellectual disability that, in the medical provider's professional opinion, may be alleviated by the therapeutic or palliative medical use of marijuana; and [PL 2017, c. 452, §5 (NEW).]

D. If a patient does not satisfy the requirements of paragraphs B and C, may provide a written certification to a qualifying patient after consulting with a physician from a list of physicians who may be willing to consult with a medical provider maintained by the department that is compiled by the department after consultation with the Department of Health and Human Services and statewide associations representing licensed medical professionals. The consultation between the medical provider and the consulting physician may consist of examination of the patient or review of the patient's medical file. The consulting physician shall provide an advisory opinion to the medical provider and the parent, legal guardian or person having legal custody of the qualifying patient concerning whether the patient is likely to receive therapeutic or palliative benefit from the medical use of marijuana to treat or alleviate the patient's medical diagnosis. If the department or the consulting physician does not respond to a request by the medical provider within 10 days of receipt of the request, the medical provider may provide a written certification without consultation with a physician.

The parent, legal guardian or person having legal custody of a qualifying patient who has not attained 18 years of age may submit a request to the department for reimbursement of the costs associated with obtaining a 2nd opinion required by this paragraph. Requests must be submitted
on a form developed by the department. The department shall review the family's annual income and expenses in determining whether to reimburse the family from the Medical Use of Marijuana Fund under section 2430 for the cost of the required 2nd consultation.

The department shall adopt routine technical rules as defined in Title 5, chapter 375, subchapter 2-A to implement the reimbursement request under this paragraph. [PL 2017, c. 452, §5 (NEW).]

2-B. Adult and minor patients with substance use disorder. Prior to providing written certification for the medical use of marijuana under this section for a medical diagnosis of substance use disorder that, in the medical provider's professional opinion, may be alleviated by the therapeutic or palliative medical use of marijuana, the medical provider shall develop a recovery plan with the patient. For purposes of this subsection, "substance use disorder" means a diagnosis related to alcohol or drug abuse covered by Title 5, chapter 521.

2-C. Bona fide provider-patient relationship. A written certification may be made only in the course of a bona fide medical provider-patient relationship after the medical provider has completed a full assessment of the patient's medical history. If a patient has not provided a medical provider who is not the patient's primary care provider with the name and contact information of the patient's primary care provider, a medical provider shall conduct an in-person consultation with the patient prior to providing a written certification.

3. Expiration. A written certification form for the medical use of marijuana under this section is valid for the term provided by the qualifying patient's medical provider.

4. Form; content. A written certification under this section must be in the form required by rule adopted by the department and may not require a qualifying patient's medical provider to state the patient's specific medical diagnosis.

5. Possible sanctions. Nothing in this chapter prevents a professional licensing board from sanctioning a medical provider for failing to properly evaluate or treat a patient's medical diagnosis or otherwise violating the applicable standard of care for evaluating or treating medical diagnoses.

6. Certification issued based on medical diagnosis. A medical provider may not condition the issuance of a written certification for the medical use of marijuana on any requirements other than that the patient's medical diagnosis may be alleviated by the therapeutic or palliative medical use of marijuana. Nothing in this section may be construed to prevent a medical provider from exercising professional judgment in declining to issue a certification for the medical use of marijuana.

7. Patient referral disclosure of interest. Prior to providing a referral to a qualifying patient for goods and services associated with a certification for the medical use of marijuana to an entity in which the medical provider has a direct or indirect financial interest, a medical provider shall provide written disclosure to the qualifying patient regarding any direct or indirect financial interest the medical provider has or may have in the resulting referral and shall maintain a copy of this disclosure in the qualifying patient's record.

8. Continuing medical education. A medical provider who has not previously provided a written certification to a qualifying patient for the medical use of marijuana shall, prior to providing a written certification to a qualifying patient, submit evidence, satisfactory to the department, of successful
completion of a one-hour course of continuing medical education relating to medical marijuana within the preceding 24 months.

2. Legal protection for hospitals and long-term care facilities. The immunity provisions in this subsection apply to a hospital licensed under chapter 405 and an officer or director, employee or agent of the hospital and a long-term care facility and an officer or director, employee or agent of the long-term care facility. Any immunity provision in this chapter in conflict with this subsection does not apply to a hospital or long-term care facility. The legal protection for hospitals and long-term care facilities applies in accordance with the following.

   A. If the use of a form of harvested marijuana that is not smoked, including but not limited to edible marijuana products and tinctures and salves of marijuana, by an admitted patient who has been certified under section 2423-B occurs in a hospital, that hospital is not subject to prosecution, search, seizure or penalty in any manner, including but not limited to a civil penalty or disciplinary action by an occupational or professional licensing board or entity, and may not be denied any license, registration, right or privilege solely because the admitted patient lawfully engages in conduct involving the medical use of marijuana authorized under this chapter. [PL 2017, c. 452, §24 (NEW).]

   B. If the use of a form of harvested marijuana consistent with a long-term facility's policy by an admitted patient who has been certified under section 2423-B occurs in the long-term care facility, that long-term care facility is not subject to prosecution, search, seizure or penalty in any manner, including but not limited to a civil penalty or disciplinary action by an occupational or professional licensing board or entity, and may not be denied any license, registration, right or privilege solely because the admitted patient lawfully engages in conduct involving the medical use of marijuana authorized under this chapter. 3. School, employer or landlord may not discriminate. A school, employer or landlord may not refuse to enroll or employ or lease to or otherwise penalize a person solely for that person's status as a qualifying patient or a caregiver unless failing to do so would put the school, employer or landlord in violation of federal law or cause it to lose a federal contract or funding. This subsection does not prohibit a restriction on the administration or cultivation of marijuana on premises when that
administration or cultivation would be inconsistent with the general use of the premises. A landlord or business owner may prohibit the smoking of marijuana for medical purposes on the premises of the landlord or business if the landlord or business owner prohibits all smoking on the premises and posts notice to that effect on the premises. [PL 2017, c. 452, §24 (NEW).]

A transplant evaluator may require medical marijuana used by a qualifying patient to be tested for fungal contamination by a marijuana testing facility. For purposes of this subsection, "transplant evaluator" means a person responsible for determining another person's suitability for receiving an anatomical gift. For the purposes of this subsection, "anatomical gift" has the same meaning as in section 2942, subsection 2. [PL 2017, c. 452, §24 (NEW).]

A law enforcement officer in possession of marijuana in violation of this subsection shall return the marijuana within 7 days after receiving a written request for return by the owner of the marijuana. Notwithstanding the provisions of Title 14, chapter 741, if the law enforcement officer fails to return marijuana possessed in violation of this subsection within 7 days of receiving a written request for return of the marijuana under this subsection, the owner of the marijuana may file a claim in the District Court in the district where the owner lives or where the law enforcement officer is employed. [PL 2017, c. 452, §24 (NEW).]

7. Requirements for protection. To receive protection under this section for conduct authorized under this chapter, a person must:

[PL 2017, c. 452, §24 (NEW).]
   [PL 2017, c. 452, §24 (NEW).]

8. Evidence of lawful conduct. A person who has been issued a registry identification card pursuant to section 2425-A must also possess a valid government-issued identification that includes a photo and proof of address in order to establish proof of authorized participation in the medical use of marijuana under this chapter. Possession of a registry identification card by a cardholder, the act of applying for such a registry identification card, possession of a written certification issued under section
2423-B or possession of a designation document executed under section 2423-A, subsection 1, paragraph F-1 is not evidence of unlawful conduct and may not be used to support the search of that person or that person's property. The possession of or application for a registry identification card or possession of a written certification does not prevent the issuance of a warrant if probable cause exists on other grounds. [PL 2017, c. 452, §24 (NEW).]

9. Immunity. The immunity provisions in this subsection apply to caregivers, marijuana testing facilities, manufacturing facilities and dispensaries and the officers or directors or assistants of caregivers, marijuana testing facilities, manufacturing facilities and dispensaries.

All fees collected by the department must be deposited into a special revenue account established for this purpose. No such fee may be refunded. No license may be assignable or transferable. The fees may not exceed: [PL 2017, c. 322, §5 (AMD).]

3. Three hundred dollars. Three hundred dollars for all other establishments, places and camps not included in subsection 1 or 2. [PL 2009, c. 589, §2 (AMD).]

All such fees are for the license, one licensure inspection and one follow-up inspection. When additional inspections are required to determine an applicant's eligibility for licensure, the department is authorized through its rules to charge an additional fee not to exceed $100 to cover the costs of each additional inspection or visit. Failure to pay such charges within 30 days of the billing date constitutes
grounds for revocation of the license, unless an extension for a period not to exceed 60 days is granted in writing by the commissioner. [PL 2011, c. 375, §1 (AMD).]

**SECTION HISTORY**

§2495. Issuance of licenses

The department shall, within 30 days following receipt of application, issue an annual license to operate any eating establishment, lodging place, recreational camp, youth camp or campground that is found to comply with this chapter and the rules adopted by the department. When any initial applicant is found, based upon an inspection by the department or by municipal inspection made according to section 2499, not in compliance with the requirements of this chapter or departmental regulations adopted and approved pursuant to section 2496 or 2499, subsection 1, the department may refuse issuance of the initial license, but shall issue a conditional license, except when conditions are found that present a serious danger to the health and safety of the public. A conditional license may not exceed 90 days. Failure by the conditional licensee to meet the conditions specified by the department permits the department to void the conditional license. [PL 2003, c. 673, Pt. X, §2 (AMD).]

The conditional license shall be void when the department has delivered in hand or by certified mail a written notice to the conditional licensee or, if the licensee cannot be reached for service in hand or by certified mail, has left notice thereof at the facility. [PL 1981, c. 203, §1 (RPR).]

The department may redistribute expiration dates for new and renewed licenses to provide for comparable distribution of licenses on a quarterly basis throughout the year and shall prorate the fees for licenses with a term less or more than one year. The prescribed fee shall accompany the application for a new license, or the renewal of a license. [PL 1981, c. 203, §1 (RPR).]

Licenses shall be renewed upon application therefor and upon payment of the prescribed fee and subject to compliance with regulations of the department and with this chapter. The department shall provide licensees with notice of the need for renewal and necessary forms no less than 30 days prior to the expiration of the license. [PL 1981, c. 203, §1 (RPR).]

The issuance of the license provided for in this chapter does not provide exemption from other state or local laws, ordinances or regulations, notwithstanding any other provision of law. [PL 1981, c. 203, §1 (RPR).]

Licenses erroneously issued by the department are void and shall be returned to the department on demand in a notice delivered by hand or by certified mail to the licensee. For cause, the department may revoke or suspend any license pursuant to section 2500. [PL 1981, c. 203, §1 (RPR).]

6. License fee. When a license is issued to an establishment, as described in section 2492, subsection 1, located in a municipality to which authority to conduct inspection has been delegated by the department as specified in this section, the requirement for payment of a license fee by the establishment to the department as set forth in section 2494 must be waived. 1. Caloric information.  A chain restaurant shall state on a food display tag, menu or menu board
the total amount of calories per serving of each food and beverage item listed for sale on the food
display tag, menu or menu board. The statement of calories required in this subsection must be:

A. Clear and conspicuous;  [PL 2009, c. 395, §7 (NEW); PL 2009, c. 395, §8 (AFF).]

B. Adjacent to or in close proximity and clearly associated with the item to which the statement
refers; and  [PL 2011, c. 691, Pt. D, §9 (AMD).]

of the item to which the statement refers.  [PL 2011, c. 691, Pt. D, §9 (AMD).]

D.  [PL 2011, c. 691, Pt. D, §9 (RP).]

As the statement of calories pertains to beer, wine and spirits, the statement must also meet the
requirements of subsection 6.  [PL 2011, c. 691, Pt. D, §9 (AMD).]

2. Determining caloric content.  The caloric content information required by subsection 1 must
be determined on a reasonable basis and may be determined only once per standard menu item if the
eating establishment follows a standardized recipe, trains to a consistent method of preparation and
maintains a reasonably consistent portion size. For the purposes of this subsection a reasonable basis
for determining caloric content means use of a recognized method for determining calorie content, including, but not limited to, nutrient databases, laboratory testing and other reliable methods of analysis. Caloric content may be rounded to the nearest 10 calories for caloric content above 50 calories and to the nearest 5 calories for caloric content of 50 calories and below.

[PL 2009, c. 395, §7 (NEW); PL 2009, c. 395, §8 (AFF).]

3. **Required statement.** A menu or menu board or written nutrition information provided to a customer by a chain restaurant must contain the following statement in a clear and conspicuous manner and in a prominent location: "To maintain a healthy weight, a typical adult should consume approximately 2,000 calories per day; however, individual calorie needs may vary." A menu, menu board or written nutrition information provided to a customer by a chain restaurant may include the following statement or a statement similar to the following: "Nutrition information is based upon standard recipes and product formulations; however, modest variations may occur due to differences in preparation, serving sizes, ingredients or special orders.”

[PL 2009, c. 395, §7 (NEW); PL 2009, c. 395, §8 (AFF).]

4. **Different varieties.** For a food or beverage item that is listed as a single item but includes more than one variety, the caloric information required under subsection 1 for that item must be the median value of calories for all varieties offered for that item if the caloric information for each variety of the item is within 20% of the median for that item. If the caloric information required by subsection 1 for a variety of a food or beverage item is not within 20% of the median for that item, then the caloric information must be stated for each variety of that item. If a food display tag is used to identify a specific variety of a food or beverage item, the caloric information required by subsection 1 must be for that specific variety of the item.

[PL 2009, c. 395, §7 (NEW); PL 2009, c. 395, §8 (AFF).]

5. **Exceptions.** A chain restaurant is not required to provide information pursuant to subsection 1 for:

   A. Food items served at a self-service salad bar or buffet;  
     [PL 2009, c. 395, §7 (NEW); PL 2009, c. 395, §8 (AFF).]

   B. An item offered for a limited time that appears on a menu, menu board or food display tag for less than 90 days per year;

   D. An item sold to a customer in a manufacturer’s original sealed package that contains nutrition information as required by federal law; or  
     [PL 2009, c. 395, §7 (NEW); PL 2009, c. 395, §8 (AFF).]

   E. A custom order for a food or beverage item that does not appear on a menu, menu board or food display tag.  
     [PL 2009, c. 395, §7 (NEW); PL 2009, c. 395, §8 (AFF).]

[PL 2009, c. 395, §7 (NEW); PL 2009, c. 395, §8 (AFF).]

6. **Alcoholic beverages.** A chain restaurant shall state on a food display tag, menu or menu board the average caloric value for beers, wines and spirits as established by the United States Department of Agriculture, Agriculture Research Service in the National Nutrient Database for Standard Reference. A food display tag, menu or menu board for beer, wine and spirits may include the following statement: "Signature drinks or liqueurs with added ingredients may contain increased caloric content."  

[PL 2009, c. 395, §7 (NEW); PL 2009, c. 395, §8 (AFF).]

7. **Compliance; enforcement.** The department or an agent authorized to inspect an eating establishment under section 2499 shall ensure compliance with the provisions of this section but is not required to verify the accuracy of the caloric information required by this section. Upon request a chain restaurant shall provide to the department documentation of the accuracy of the information required.
by subsection 1. A violation of this section is a violation of the Maine Unfair Trade Practices Act, enforceable against the owner or franchisee of the eating establishment, except that no private remedies exist under Title 5, section 213. This section may not be construed to create or enhance any claim, right of action or civil liability that did not exist under state law prior to the effective date of this subsection or limit any claim, right of action or civil liability that otherwise exists under state law. No private right of action arises out of this section. The only mechanism for enforcing this section is as provided in this subsection.

[PL 2009, c. 395, §7 (NEW); PL 2009, c. 395, §8 (AFF).]

8. Uniformity of regulation; preemption. To the extent consistent with federal law, the regulation of disclosure of caloric and nutritional information is a matter of statewide concern, and state law governing that disclosure occupies the whole field of regulation regarding disclosure by chain restaurants of nutritional information and requirements regarding the content required to be posted on menus, menu boards and food display tags. A local government may not adopt an ordinance regulating the dissemination of caloric or nutritional information or requiring information to be placed on menus, menu boards or food display tags by a chain restaurant, and any ordinance or regulation that violates this subsection is void and has no force or effect.

[PL 2009, c. 395, §7 (NEW); PL 2009, c. 395, §8 (AFF).]

CHAPTER 601

WATER FOR HUMAN CONSUMPTION

SUBCHAPTER 1

GENERAL PROVISIONS

§2601. Definitions

As used in this chapter, unless the context otherwise indicates, the following words shall have the following meanings. [PL 1975, c. 751, §4 (NEW).]

1. Contaminant. "Contaminant" means any physical, chemical, biological or radiological substance or matter in water. [PL 1975, c. 751, §4 (NEW).]

1-A. Administrative compliance order. "Administrative compliance order" means an administrative order that is issued by the commissioner against a public water system in violation of state drinking water laws, regulations or rules. [PL 1993, c. 678, §1 (NEW).]

1-B. Administrative consent order. "Administrative consent order" means an order issued by the commissioner pursuant to a bilateral agreement between the commissioner and a public water system in violation of state drinking water laws, regulations or rules. [PL 1993, c. 678, §1 (NEW).]

1-C. Administrative penalty. "Administrative penalty" means a fine imposed by the commissioner against a public water system in violation of state drinking water laws, regulations or rules. [PL 1993, c. 678, §1 (NEW).]

1-D. Administrative remedy. "Administrative remedy" means an administrative compliance order, an administrative consent order or an administrative penalty. [PL 1993, c. 678, §1 (NEW).]

2. Feasible. "Feasible" means capable of being done within the current limitation of economics and technology, as determined by the commissioner. [PL 1975, c. 751, §4 (NEW).]

4. **National Drinking Water Regulations.** "National Drinking Water Regulations" means the drinking water regulations promulgated by the Administrator of the U.S. Environmental Protection Agency under the authority of the Safe Drinking Water Act, P.L. 93-523.
[PL 1975, c. 751, §4 (NEW).]

4-A. **Notice of noncompliance.** "Notice of noncompliance" means a formal written complaint or a notice of violation of state drinking water laws, regulations or rules.
[PL 1993, c. 678, §1 (NEW).]

5. **Operator.** "Operator" means an individual either employed or retained by a public water system who, as part of the individual's job duties, is assigned the responsibilities for operational activities that will have a direct impact on the quality or quantity of water provided to consumers.
[PL 1999, c. 688, §1 (AMD).]

6. **Person.** "Person" means any individual, partnership, company, public or private corporation, political subdivision or agency of the State, department, agency or instrumentality of the United States or any other legal entity.
[PL 1975, c. 751, §4 (NEW).]

7. **Political subdivision.** "Political subdivision" means any municipality, county, district or any portion or combination of 2 or more thereof.
[PL 1975, c. 751, §4 (NEW).]

8. **Public water system.** "Public water system" means any publicly or privately owned system of pipes or other constructed conveyances, structures and facilities through which water is obtained for or sold, furnished or distributed to the public for human consumption if such a system has at least 15 service connections, regularly serves an average of at least 25 individuals daily at least 60 days out of the year or bottles water for sale. Any publicly or privately owned system that only stores and distributes water without treating or collecting it; obtains all its water from, but is not owned or operated by, a public water system; and does not sell water or bottled water to any person is not a "public water system." The term "public water system" includes any collection, treatment, storage or distribution pipes or other constructed conveyances, structures or facilities under the control of the supplier of water and used primarily in connection with such a system, and any collection or pretreatment storage facilities not under that control that are used primarily in connection with such a system. The system does not include the portion of service pipe owned and maintained by a customer of the public water system.

For purposes of this subsection, a connection to a system that delivers water by a constructed conveyance other than a pipe is not considered a connection if:

A. The water is used exclusively for purposes other than residential uses. For the purposes of this subsection, the term "residential uses" includes drinking, bathing, cooking and other similar uses; and
[PL 1997, c. 705, §1 (NEW).]

B. The commissioner determines that alternative water to achieve the equivalent level of public health protection provided by the applicable state primary drinking water regulation is provided for residential or similar uses; or
[PL 1997, c. 705, §1 (NEW).]

C. The commissioner determines that the water provided for residential or similar uses is centrally treated or treated at the point of entry by the provider, a pass-through entity or the user to achieve the equivalent level of protection provided by the applicable state primary drinking water regulation.
[PL 1997, c. 705, §1 (NEW).]

8-A. **Roadside spring.** "Roadside spring" means any spring, well or other water diverted by pipes for the use of the public to obtain water by using containers or other methods, including but not limited
to water being diverted and collected by a landowner by tiles, pipes, catch basins, buildings or other appurtenances.

[PL 1997, c. 45, §1 (NEW).]

9. Supplier of water. "Supplier of water" means any person who controls, owns or generally manages a public water system.

[PL 1975, c. 751, §4 (NEW).]

9-A. Violation. "Violation" means noncompliance with state drinking water laws, regulations and rules regardless of whether that noncompliance is intentional, negligent or otherwise.

[PL 1993, c. 678, §1 (NEW).]

10. Water treatment plant. "Water treatment plant" means that portion of the public water system which is designed to alter the physical, chemical, biological or radiological quality of the water or to remove any contaminants.

[PL 1975, c. 751, §4 (NEW).]

SECTION HISTORY

§2601-A. Scope

This chapter establishes a system designed to help ensure public health; to allow the State, municipalities and public water systems to identify significant public water supplies and strive for a higher degree of protection around source water areas or areas that are used as public drinking water supplies; to allow the State, municipalities and water systems to pursue watershed or wellhead protection activities around significant public water supplies; and to improve testing for and treatment of contaminants or properties in residential private drinking water wells. [PL 2017, c. 230, §1 (AMD).]

SECTION HISTORY

§2602. Fees for testing

The department shall charge the average cost of the analysis for any examination, testing or analysis required under this chapter and performed in the departmental diagnostic laboratory. The fees must be recalculated and deposited according to section 565, subsection 3 and section 568. [PL 2001, c. 471, Pt. A, §26 (AMD).]

SECTION HISTORY

§2602-A. Fees for testing private water supplies

1. Purpose. The Legislature finds that there is a growing threat to the State's drinking water from a variety of contaminants or properties and that testing of private residential water supplies is necessary to protect the public health. The Legislature recognizes that certain testing may be prohibitively expensive and accordingly provides for state-funded testing as set forth in this section. [PL 2017, c. 230, §2 (AMD).]

2. Fees. The department shall charge the average cost of the analysis for an examination, testing or analysis of private residential water supplies requested under this chapter. These fees must be recalculated and deposited according to section 565, subsection 3 and section 568, provided that the fee charged for testing a private residential water supply may not exceed $150 when:
A. In the opinion of the department, initial testing or screening performed at the expense of the owner indicates the need for additional testing at a cost in excess of $150 to determine whether that water supply contains contaminants potentially hazardous to human health and that additional testing is essential to the maintenance of public health; or [PL 1983, c. 837, §1 (NEW).]

B. In the opinion of the department, there is reason to suspect that a private residential water supply may be affected by contamination potentially hazardous to human health and that additional testing is essential to the maintenance of public health. In making such a determination, the department shall consider the following:

(1) The proximity of the private residential water supply to a known or suspected source of contamination;
(2) The proximity of the private residential water supply to another private well or water supply known to be contaminated;
(3) Information provided in writing to the department by a physician who has seen or treated a person and who has identified contaminated drinking water as a possible cause of the person's condition or symptoms; or
(4) Information provided by the owner or a user of the private residential water supply voluntarily or in response to questions asked by personnel of the department. [PL 1991, c. 499, §3 (AMD); PL 1991, c. 499, §26 (AFF).]

The department may waive all fees incurred in connection with the testing of a private residential water supply upon a showing of indigency. [PL 1991, c. 499, §3 (AMD); PL 1991, c. 499, §26 (AFF).]

§2603. Shipping costs

Any person required under this chapter to submit samples of water to the department for analysis shall pay the shipping charges thereon. [PL 1975, c. 751, §4 (NEW).]

SECTION HISTORY
PL 1975, c. 751, §4 (NEW).

§2604. Schools, sampling and examination of water

Any school, which takes water from a source other than a public water system and uses such water for drinking or culinary purposes, shall submit samples of such water to the department for analysis at least once during each school year. Such samples shall be analyzed by the department. If the water is found to violate the state primary drinking water regulations, the department shall issue an order prohibiting the use of the water for drinking or culinary purposes by the school, which order shall remain in force until the water conforms to the state primary drinking water regulations. [PL 1975, c. 751, §4 (NEW).]

Violation of this section shall, on conviction, be punishable by a fine of not more than $500. [PL 1975, c. 751, §4 (NEW).]

SECTION HISTORY
PL 1975, c. 751, §4 (NEW).

§2604-A. Roadside springs
A roadside spring is not a public water system if the owner of the roadside spring does not collect, charge or accept donations, fees or money for the water or for testing or maintenance of the water and does not post signs or construct other structures that invite persons to use the spring. [PL 1997, c. 45, §2 (NEW).]

SECTION HISTORY
PL 1997, c. 45, §2 (NEW).

§2604-B. Schools, sampling and examination of water for lead

1. Definition. As used in this section, unless the context otherwise indicates, "school" means a private school as defined in Title 20-A, section 1, subsection 22 or a public school as defined in Title 20-A, section 1, subsection 24.
[PL 2019, c. 158, §1 (NEW).]

2. Lead testing. To the extent the department provides the necessary resources to a school so that the school is not required to expand or modify its activities so as to necessitate additional expenditures from local revenue, a school shall test water used for drinking or culinary purposes for lead using water testing kits or by submitting samples of water used for drinking or culinary purposes to an approved laboratory under section 2607 for lead testing. If the water is found to violate the water lead levels established by the department, the department shall issue specific guidance to the school on reducing exposure to lead according to procedures established by the department pursuant to subsection 3.
[PL 2019, c. 158, §1 (NEW).]

3. Rules. The department shall adopt rules necessary to implement this section, including, but not limited to, establishing water lead levels; testing protocols, including the frequency of testing; abatement or mitigation methods; procedures for the issuance of guidance to reduce exposure to lead; and public notification procedures. In adopting rules to implement this section, the department shall consider the United States Environmental Protection Agency’s recommendations for reducing lead in drinking water in schools.

Rules adopted pursuant to this subsection are major substantive rules as defined in Title 5, chapter 375, subchapter 2-A.
[PL 2019, c. 158, §1 (NEW).]

4. Implementation. In implementing this section, the department:

A. May not require a school to expand or modify its activities so as to necessitate additional expenditures from local revenue; and [PL 2019, c. 158, §1 (NEW).]

B. Within existing resources, to the maximum extent possible, shall provide resources to schools in order to achieve the purposes of this section. If the department determines that sufficient resources are unavailable to a school in order to achieve the purposes of this section, the department shall seek to identify alternative means to achieve the purposes of this section. [PL 2019, c. 158, §1 (NEW).]

[PL 2019, c. 158, §1 (NEW).]

5. Reports. By January 1, 2021 and annually thereafter, the department shall submit a report to the joint standing committee of the Legislature having jurisdiction over health and human services matters on the number of schools tested for lead, whether the department issued specific guidance to any schools to reduce exposure to lead, the number of schools that engaged in abatement or mitigation and the methods of abatement or mitigation used.
[PL 2019, c. 158, §1 (NEW).]

SECTION HISTORY
PL 2019, c. 158, §1 (NEW).
§2605. Administration

To carry out this chapter, the commissioner is authorized and empowered to: [PL 1975, c. 751, §4 (NEW).]

1. Agreements. Enter into agreements, contracts or cooperative arrangements under such terms and conditions as he deems appropriate with other state, federal or interstate agencies, municipalities, education institutions, local health departments or other organizations or individuals; [PL 1975, c. 751, §4 (NEW).]

2. Assistance. Receive financial and technical assistance from the Federal Government and other public or private agencies; [PL 1975, c. 751, §4 (NEW).]

3. Program participation. Participate in related programs of the Federal Government, other states, interstate agencies or other public agencies or organizations; [PL 1975, c. 751, §4 (NEW).]

5. Procedures. Adopt and implement adequate procedures to insure compliance with this chapter and rules and regulations promulgated hereunder, including procedures for the monitoring and inspection of public water systems; and [PL 1975, c. 751, §4 (NEW).]

6. Advising other agencies. Advise other regulatory agencies of the department's rules, regulations and orders promulgated under this chapter. [PL 1975, c. 751, §4 (NEW).]

Except as otherwise specifically provided by law, the commissioner may impose no standard, method or procedure upon any water utility, as defined in Title 35-A, section 102, that is more stringent than required under the federal Safe Drinking Water Act, as amended, or rules promulgated under that Act by the Administrator of the United States Environmental Protection Agency, unless the particular standard, method or procedure has been adopted in a rule adopted according to the Maine Administrative Procedure Act and the rule specifies in detail the scientific basis justifying the more stringent standard, method or procedure and the precise criteria for when the standard, method or procedure applies to a water utility. [PL 1993, c. 514, §1 (NEW).]

SECTION HISTORY

§2606. Emergency planning

The department shall develop plans, with the advice and assistance of the Bureau of Emergency Preparedness and of the public water systems of the State, for emergency conditions and situations that may endanger the public health or welfare by contamination of drinking water. Such plans shall include potential sources of contaminants and situations or conditions that could place them in the sources of public drinking water, techniques and methods to be used by public water systems to reduce or eliminate the dangers to public health caused thereby, methods and times for analysis or testing during such emergency conditions or situations, alternate sources of water available to public water systems and methods of supplying drinking water to consumers if a public water system cannot supply such water. [PL 1975, c. 751, §4 (NEW).]

SECTION HISTORY

PL 1975, c. 751, §4 (NEW).
§2607. Approved laboratories

The department shall approve the facilities, techniques, testing methods and training of personnel of any laboratories that analyze water samples to determine compliance with State Primary Drinking Water Regulations. Such approval shall be based on the capability of the laboratory to accurately and reliably analyze samples to determine their contaminant levels under the State Primary Drinking Water Regulations, and may be limited to approval of only certain tests or contaminant level determinations. Any sample analysis performed by a laboratory not approved by the department shall not be considered in determining the compliance of a public water system with the State Primary Drinking Water Regulations. [PL 1975, c. 751, §4 (NEW).]

SECTION HISTORY
PL 1975, c. 751, §4 (NEW).

§2608. Information on private water supply contamination; interagency cooperation

1. Information on private water supply contamination. The department shall provide information and consultation to citizens who:

   A. Make reports of potential contamination of private water supplies; and [PL 1983, c. 837, §2 (NEW).]

   B. Request information on potential ground water contamination at or near the site of a private water supply. [PL 1983, c. 837, §2 (NEW).]

[PL 1983, c. 837, §2 (NEW).]

2. Interagency cooperation. The department shall coordinate with the Department of Environmental Protection for the purposes of:

   A. Assessing the public health implications of reports or requests made by citizens in subsection 1; and [PL 1983, c. 837, §2 (NEW).]

   B. Determining the appropriate response to those reports or requests, including, but not limited to, on-site investigation, well water testing and ground water monitoring. [PL 1983, c. 837, §2 (NEW).]

[PL 1983, c. 837, §2 (NEW).]

3. Cooperation with local health officer.
[PL 2007, c. 598, §12 (RP).]

SECTION HISTORY

§2609. Recovery of testing costs

Whenever the cost of testing a private residential water supply exceeds $150 and that testing is conducted pursuant to section 2602-A, the department shall seek to recover the costs of the testing above $150 from the person responsible for contaminating the water supply, or from the recipient of any compensation for the contamination of the well. [PL 1983, c. 837, §2 (NEW).]

SECTION HISTORY

§2610. Maine Drinking Water Fund

1. Establishment; administration. The Maine Drinking Water Fund, referred to in this section as "the fund," is established as provided in this section.

   A. The fund is established as a nonlapsing fund to provide financial assistance, in accordance with subsection 2, for the acquisition, planning, design, construction, reconstruction, enlargement,
repair, protection and improvement of public water systems, drinking water supplies and water treatment facilities. [PL 2009, c. 377, §1 (NEW).]

B. The department shall administer the fund. The fund must be invested in the same manner as permitted for investment of funds belonging to the State or held in the State Treasury. The fund must be established and held separate from any other funds and used and administered exclusively for the purpose of this section. The fund consists of the following:

(1) Sums that are appropriated by the Legislature or transferred to the fund from time to time from the State Water and Wastewater Infrastructure Fund, pursuant to Title 30-A, section 6006-H;

(2) Interest earned from the investment of fund balances; and

(3) Other funds from any public or private source received for use for any of the purposes for which the fund has been established. [PL 2009, c. 377, §1 (NEW).]

2. Uses. The fund may be used for one or more of the following purposes:

A. To make grants to public water systems, pursuant to this section, for the acquisition, planning, design, construction, reconstruction, enlargement, repair, protection or improvement of public water systems, drinking water supplies or water treatment facilities; [PL 2009, c. 377, §1 (NEW).]

B. To forgive loans held by public water systems for the acquisition, planning, design, construction, reconstruction, enlargement, repair, protection or improvement of public water systems, drinking water supplies or water treatment facilities; [PL 2009, c. 377, §1 (NEW).]

C. To provide a state match for federal funds provided to the Safe Drinking Water Revolving Loan Fund, pursuant to Title 30-A, section 6006-B; [PL 2009, c. 377, §1 (NEW).]

D. To invest available fund balances and to credit the net interest income on those balances to the fund; and [PL 2009, c. 377, §1 (NEW).]

E. To pay the costs of the department associated with the administration of the fund, as long as no more than 5% of the aggregate of the highest fund balance in any fiscal year is used for these purposes. [PL 2009, c. 377, §1 (NEW).]

3. Rules. The department shall adopt rules necessary to implement this section, including rules to establish one or more grant programs in accordance with subsection 2, paragraph A. Rules adopted by the department pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.

[PL 2009, c. 377, §1 (NEW).]

SECTION HISTORY

PL 2009, c. 377, §1 (NEW).

SUBCHAPTER 2

SAFE DRINKING WATER ACT

§2611. Drinking water regulations

1. State primary drinking water regulations. The commissioner shall promulgate and enforce primary drinking water regulations which are necessary to protect the public health and which shall apply to all public water systems. Such regulations shall include:
A. Identification of contaminants which may have an adverse effect on the health of persons; [PL 1975, c. 751, §4 (NEW).]

B. Specifies for each contaminant either:

(1) A maximum contaminant level that is acceptable in water for human consumption, if it is feasible to ascertain the level of such contaminant in water in public water systems; or

(2) One or more treatment techniques or methods which lead to a reduction of the level of such contaminant sufficient to protect the public health, if it is not feasible to ascertain the level of such contaminant in water in the public water system; and [PL 1975, c. 751, §4 (NEW).]

C. Criteria and procedures to assure compliance with the levels or methods determined under paragraph B, including quality control and testing procedures to insure compliance with such levels or methods and to insure proper operation and maintenance of the system, and requirements as to the minimum quality of water which may be taken into the system and the siting for new facilities. [PL 1975, c. 751, §4 (NEW).]

Such regulations shall be no less stringent than the most recent National Primary Drinking Water Regulations in effect, as issued or promulgated by the United States Environmental Protection Agency. Regulations under this subsection may be amended from time to time, as necessary. [PL 1975, c. 751, §4 (NEW).]

2. State secondary drinking water regulations or guidelines. The commissioner shall adopt secondary drinking water regulations or guidelines which are necessary to protect the public welfare. Such regulations or guidelines may apply to any contaminant in drinking water which may adversely affect the color, odor or appearance of the water and consequently may cause a substantial number of persons to discontinue using a public water system, or which may otherwise adversely affect the public welfare. Such regulations or guidelines may vary according to geographic, economic, technical or other relevant circumstances. Such regulations or guidelines shall reasonably assure the protection of the public welfare and the supply of aesthetically adequate drinking water; and shall be based upon the National Secondary Drinking Water Regulations promulgated by the United States Environmental Protection Agency. Regulations or guidelines under this subsection may be amended from time to time, as necessary. [PL 1975, c. 751, §4 (NEW).]

3.

[PL 1977, c. 694, §364 (RP).]

SECTION HISTORY

§2612. Approval of construction or alteration, training, inspection, regulations and records

1. Construction or alteration of public water systems. New construction, additions or alterations involving the source, treatment or storage of water in any public water system may not commence until the plans and specifications have been submitted to and approved by the department.

A. The commissioner may exempt the construction, addition or alteration from submission and approval if it will have no effect on public health or welfare. [PL 1999, c. 761, §2 (NEW).]

B. The department must consult with and advise persons planning or operating a public water system as to the most appropriate source of supply and the best methods of ensuring its purity. The department must consider any existing potential sources of contamination in the vicinity of the proposed source of supply when reviewing whether to approve a new source of supply and may deny approval based on those existing potential sources of contamination. [PL 1999, c. 761, §2 (NEW).]
C. In granting approval of plans and specifications, the department may require modifications, conditions or procedures to ensure, as far as feasible, the protection of the public health. The department may adopt and enforce rules governing the construction or alteration of public water systems to ensure the protection of the public health and may require the submission of water samples for analysis to determine the extent of treatment required. [PL 1999, c. 761, §2 (NEW).] Records of construction, including, when feasible, plans and descriptions of existing public water systems, must be maintained by public water systems and made promptly available to the department upon request. [PL 1999, c. 761, §2 (RPR).]

2. **Operation and maintenance of public water systems.** The department shall monitor the operation and maintenance of any public water system in the State. Such monitoring shall include all aspects of operation and maintenance which may affect the quality of the water supply. The department may adopt rules and regulations relating to operation and maintenance of public water systems to insure the purity of water and the protection of public health. Such rules and regulations may apply to all aspects of operation and maintenance which may affect the quality of water supplied to the public, including feasible purification methods, equipment and systems. The department may require, by rule or regulation, any public water system to submit water samples for analysis on a regular basis, as often as necessary to insure the public health. Records of operation and maintenance of public water systems shall be kept on forms approved or specified by the department and this data shall be submitted to the department at the times and in the manner as the department directs. The supplier of water shall promptly comply with such department directions. [PL 1975, c. 751, §4 (NEW).]

3. **Inspection.** Any officer or employee duly designated by the commissioner, upon presenting appropriate credentials and a written notice of his authority to inspect, signed by the commissioner, is authorized to enter any part of a public water system in order to determine whether such supplier is complying with this chapter and any departmental rules, regulations or orders issued hereunder. The inspection may include any portion of a public water system, including the sources of supply, treatment facilities and materials, pumping facilities, distribution and storage facilities, records, files and reports on operation. The inspection may also include the testing of any portion of a public water system affecting water quality, including raw and processed water, and the taking of any samples necessary to insure compliance with this chapter and the rules, regulations or orders issued hereunder. Each inspection shall take place at a reasonable time and be commenced and completed with reasonable promptness. The supplier shall be promptly notified of the results of the inspection. [PL 1975, c. 751, §4 (NEW).]

4. **Engineering studies.** The commissioner may order a public water supplier to carry out an engineering study of the water works system or any portion thereof, if such study is required to identify potential threats to the public health and remedies that will remove such threats. The purpose of such study shall be to ascertain the best methods of complying with this chapter and departmental rules and regulations. The department may further order a public water system to implement the feasible recommendations of the study required to protect the public health. Prior to issuing any order under this subsection, this commissioner shall provide written notice to the public water system and public notice in a newspaper of general circulation in the area served by the public water system, and shall also provide the opportunity for a public hearing on the proposed order. [PL 1975, c. 751, §4 (NEW).]

5. **Cross connections.** The department may adopt and enforce regulations governing the connection of any public water systems to any pipes, facilities or structures that carry, store or distribute water that has not been analyzed for compliance or cannot comply with the State Primary Drinking Water Standards, or any connection that may introduce contamination into the system, in order to protect the system from contamination.
6. **Training.** The department may provide training in operations and maintenance of public water systems, techniques and methods of testing and analysis of water, and the requirements of this chapter and departmental rules and regulations, for suppliers of water and operators and employees of public water systems.

[PL 1975, c. 751, §4 (NEW).]

**SECTION HISTORY**

§2612-A. **Capacity development**

1. **Authority.** The commissioner is authorized to ensure that all new community water systems and new nontransient, noncommunity systems commencing operation after October 1, 1999 demonstrate technical, managerial and financial capacity with respect to each state primary drinking water regulation in effect, or likely to be in effect, on the date of commencement of operations.

[PL 1997, c. 705, §2 (NEW).]

2. **Rulemaking.** The commissioner shall adopt rules to ensure that all new community water systems and new nontransient, noncommunity systems commencing operation after October 1, 1999 demonstrate technical, managerial and financial capacity with respect to each state primary drinking water regulation in effect, or likely to be in effect, on the date of commencement of operations. Rules adopted pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter II-A.

[PL 1997, c. 705, §2 (NEW).]

**SECTION HISTORY**

PL 1997, c. 705, §2 (NEW).

§2613. **Variances and exemptions**

1. **Variances.** The commissioner may grant one or more variances from an applicable state primary drinking water regulation to a public water system if the variance will not result in an unreasonable risk to the public health and if:

A. Because of the characteristics of the raw water sources reasonably available to the systems, the system can not meet the maximum contaminant levels of the drinking water regulation despite application of the best technology, treatment techniques or other means; or [PL 1995, c. 622, §1 (AMD).]

B. Where a specified treatment technique for a contaminant is required by the state primary drinking water regulation, the system demonstrates to the commissioner's satisfaction that the treatment technique is not required to protect the public health because of the nature of the raw water source. [PL 1995, c. 622, §1 (AMD).]

Prior to granting a variance, the commissioner shall provide an opportunity for public hearing pursuant to the Maine Administrative Procedure Act on the proposed variance. Variances may be conditioned on monitoring, testing, analyzing or other requirements to ensure the protection of the public health; and variances granted under paragraph A must include a compliance schedule under which the public water system will meet each contaminant level for which a variance is granted as expeditiously as is feasible.

A variance may be issued to a system on the condition that the system install the best technology, treatment techniques or other means that are available, taking costs into consideration, according to the United States Environmental Protection Agency and based upon an evaluation satisfactory to the commissioner that indicates that alternative sources of water are not reasonably available to the system.
1-A. Small system variances. The commissioner may grant a variance for compliance with a requirement specifying a maximum contaminant level or treatment technique contained in a state primary drinking water regulation to public water systems serving 3,300 or fewer persons. With the approval of the Administrator of the United States Environmental Protection Agency, the commissioner may grant a variance under this subsection to a public water system serving more than 3,300 persons but fewer than 10,000 persons.

The commissioner shall adopt rules for variances to be granted under this subsection. Rules adopted pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter II-A.

2. Exemptions. The commissioner may grant one or more exemptions from an applicable state primary drinking water regulation to a public water system, if:

A. The exemption will not result in an unreasonable risk to the public health; [PL 1975, c. 751, §4 (NEW).]

B. The public water system is unable to comply with the regulation or to implement measures to develop an alternative source of water supply due to compelling factors, which may include economic factors such as qualification of the public water system serving a disadvantaged community. For purposes of this paragraph "disadvantaged community" means the service area of a public water system that meets affordability criteria established by the department after public review and comment; [PL 1997, c. 705, §5 (AMD).]

C. The public water system was in operation on the earliest effective date under present or prior law of the contaminant level or treatment technique requirement; and [PL 1997, c. 705, §5 (AMD).]

D. Management or restructuring changes can not reasonably be made that will result in compliance with this chapter or, if compliance can not be achieved, improve the quality of the drinking water. [PL 1997, c. 705, §5 (AMD).]

Prior to implementation of a schedule for compliance with contaminant level or treatment technique requirements and for implementation of control measures, the commissioner shall provide notice and opportunity for public hearing pursuant to the requirements of the Maine Administrative Procedure Act. Each exemption must also be conditioned on monitoring, testing, analyzing or other requirements to ensure the protection of the public health and must include a compliance schedule, including increments of progress or measures to develop an alternative source of water supply, under which the public water system will meet each contaminant level for which an exemption is granted as expeditiously as is feasible.

3. Exemption for water distillers in retail stores. A retail store that distills and bottles water from a public water system and sells the water on the premises is exempt from state water rules except:

A. The distiller must be inspected annually by the Department of Agriculture, Conservation and Forestry; and [PL 1991, c. 113 (NEW); PL 2011, c. 657, Pt. W, §5 (REV).]

B. A bacteriological sample of the distilled water must be submitted to the Department of Health and Human Services at least every 3 months. If the distiller has a one-year history of no coliform bacteria contamination, the Department of Health and Human Services may reduce the frequency of sampling to one sample per year. [PL 1991, c. 113 (NEW); PL 2003, c. 689, Pt. B, §6 (REV).]

[PL 1991, c. 113 (NEW); PL 2003, c. 689, Pt. B, §6 (REV); PL 2011, c. 657, Pt. W, §5 (REV).]
3-A. Exemption criteria. An exemption described in subsection 2 may not be granted unless:

A. The public water system can not meet the standards without capital improvements that can not be completed within the period of the exemption; [PL 1997, c. 705, §6 (NEW).]

B. In the case of a public water system that needs financial assistance for the necessary improvements, the system has entered into an agreement to obtain such financial assistance or assistance pursuant to the state revolving loan fund program or any other federal or state program that is reasonably likely to be available within the period of the exemption; or [PL 1997, c. 705, §6 (NEW).]

C. The public water system has entered into an enforceable agreement to become part of a regional public water system and the system is taking practicable steps to meet the standards. [PL 1997, c. 705, §6 (NEW).]

4. Exemption; extended. The exemption described in subsection 2 is effective for up to one year after the date of the issuance of the exemption.

A. The final date for compliance provided in any schedule in an exemption may be extended for a period not to exceed 3 years after the date of the issuance of the exemption. [PL 1997, c. 705, §7 (AMD).]

B. In the case of a system that does not serve more than 3,300 people and that needs financial assistance for the necessary improvements, an exemption granted may be renewed for one to 3 additional 2-year periods, but may not exceed a total of 6 additional years, if the system establishes that it is taking all practicable steps to meet the requirements established in the exemption. [PL 1997, c. 705, §7 (AMD).]

A public water system may not receive an exemption under this section if the system was granted a variance under subsection 1-A. [PL 1997, c. 705, §8 (NEW).]

SECTION HISTORY

§2614. Imminent hazards to public health

1. Determination of imminent hazard. An imminent hazard shall be considered to exist when there is a violation of the state primary drinking water regulations, or when, in the judgment of the commissioner, a condition exists in a public water system or water supply which will cause a violation and will result in a serious risk to public health. [PL 1975, c. 751, §4 (NEW).]

2. Elimination of imminent hazard. In order to eliminate an imminent hazard, the commissioner may, without a prior hearing, issue an emergency order requiring the supplier of water to immediately take such action as is required under the circumstances to protect the public health. Actions required under the emergency order may include:

A. The prohibition of transportation, sale, distribution or supplying of water; [PL 1975, c. 751, §4 (NEW).]

B. The repair, installation or operation of feasible purification equipment or methods; [PL 1975, c. 751, §4 (NEW).]
C. The notification of all potential users of the system, including travelers, of the nature, extent
and possible health effects of the imminent hazard and precautions to be taken by users; or [PL
1975, c. 751, §4 (NEW).]

D. The testing, sampling or other analytical operations required to determine the nature, extent,
duration or termination of the imminent hazard. [PL 1975, c. 751, §4 (NEW).]

A copy of the emergency order shall be served in the same manner as the service of notice of the
commencement of a civil action in Superior Court. An emergency order issued by the commissioner
shall be effective immediately and shall be binding for no more than 90 days unless sooner revoked,
reviewed by the department at a public hearing or modified or rescinded by a Superior Court. At the
written request of the supplier of water, a public hearing shall be held on the emergency order within
15 days of receipt of such request. [PL 1975, c. 751, §4 (NEW).]

3. Boil-water order. For the purposes of this section and section 2615, "boil-water order" means
an order issued by the commissioner to protect the health of persons consuming water from a public
water system that may be contaminated by pathogenic microorganisms.

The boil-water order may immediately require the supplier of water to complete public notification of
the threat to public health pursuant to section 2615.

A boil-water order may be issued when, in the judgment of the commissioner, a threat to the public
health may exist from the presence of pathogenic microorganisms in a public water system. A boil-
water order may be issued without a prior public hearing and served on the supplier of water by personal
service, certified mail or by any other method if receipt is acknowledged by the supplier of water. At
the written request of a supplier of water, a public hearing must be held on the boil-water order within
15 days of the receipt of the request. [PL 1995, c. 622, §4 (NEW).]

SECTION HISTORY

§2615. Notification of noncompliance to regulatory agencies and users

1. Notification. A public water system shall notify the public of the nature and extent of possible
health effects as soon as practicable, but not later than the time period established under subsection 4,
if the system:

A. Is not in compliance with a state drinking water rule; [PL 1995, c. 622, §5 (RPR).]

B. Fails to perform monitoring, testing or analyzing or fails to provide samples as required by
departmental rules; [PL 1995, c. 622, §5 (RPR).]

C. Is subject to a variance or an exemption granted under section 2613; or [PL 1995, c. 622, §5
(RPR).]

D. Is not in compliance with the terms of a variance or an exemption granted under section 2613.
[PL 1995, c. 622, §5 (RPR).]

E. [PL 1995, c. 622, §5 (RP).]

Public notification under this section must be provided concurrently to the system's local health officer
and to the department. When required by law, the department shall forward a copy of the notification
to the Administrator of the United States Environmental Protection Agency. The department may
require notification to a public water system's individual customers by mail delivery or by hand delivery
within a reasonable time, but not earlier than required under federal laws. [PL 2001, c. 574, §14 (AMD).]
2. **Certain uses of notification prohibited.** Notification received pursuant to this section or information obtained by the exploitation of such notification shall not be used against any person or system providing such notice in any criminal case, except for prosecutions for perjury or the giving of a false statement.
[PL 1975, c. 751, §4 (NEW).]

3. **Form of notification.** In addition to the notification required under subsection 1, a public water system shall provide public notification pursuant to the requirements in 40 Code of Federal Regulations, Parts 141 to 143 (2001).
   A. [PL 2001, c. 574, §15 (RP).]
   B. [PL 2001, c. 574, §15 (RP).]
[PL 2001, c. 574, §15 (AMD).]

4. **Additional time of notification.** A public water system shall provide public notification pursuant to subsection 3:
   A. When a boil-water order is properly issued to a public water system under section 2614, subsection 3, within 24 hours. [PL 2001, c. 574, §15 (AMD).]
   B. [PL 2001, c. 574, §15 (RP).]
   C. [PL 2001, c. 574, §15 (RP).]
   D. [PL 2001, c. 574, §15 (RP).]
   E. [PL 2001, c. 574, §15 (RP).]
   F. [PL 2001, c. 574, §15 (RP).]
[PL 2001, c. 574, §15 (AMD).]

5. **Rulemaking.** The commissioner shall adopt rules establishing the procedures for the provision of public notification as required to comply with state and federal laws. Rules adopted pursuant to this section are minor technical rules as defined in Title 5, chapter 375, subchapter II-A.
[PL 1995, c. 622, §6 (NEW).]

## SECTION HISTORY

§2615-A. **Consumer confidence reports**

1. **Annual reports to customers.** The commissioner shall require each community water system, as defined in section 2660-B, subsection 2, to prepare and provide to each customer of the system at least once annually a consumer confidence report, which must include, but is not limited to, the source of drinking water and potential contamination sources, the level of detected regulated contaminants and detected unregulated contaminants for which monitoring is required by the primacy agency, the health risks associated with detected contaminants, the status and notice of public input in the renewal of variances or exemptions, the nature of applicable compliance violations, including remedial action, and access to additional information from the community water system and the United States Environmental Protection Agency's safe drinking water hotline.
[PL 1999, c. 77, §1 (NEW).]

2. **Reports to State.** Each community water system shall mail to the department a copy of the consumer confidence report and a signed certification that the report is accurate and was delivered to each customer of the system.
[PL 1999, c. 77, §1 (NEW).]

3. **Delivery to customers.** Each community water system shall mail a copy of the consumer confidence report to each customer of the system. The Governor may waive the mailing requirement
for community water systems serving fewer than 10,000 persons and require those systems to publish the consumer confidence report in a newspaper of general circulation to inform customers that the report will not be mailed and to make the report available upon request. If the Governor waives the mailing requirement for systems serving fewer than 10,000 persons, community water systems serving 500 or fewer persons have the option of posting the consumer confidence report in an appropriate public location.

Each community water system serving 100,000 or more persons shall also post its current year's report to a publicly accessible site on the Internet.

[PL 1999, c. 77, §1 (NEW).]

4. Rulemaking. The commissioner shall adopt rules establishing the requirements with respect to the form, content and delivery of consumer confidence reports under this section. Rules adopted pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter II-A.

[PL 1999, c. 77, §1 (NEW).]

SECTION HISTORY
PL 1999, c. 77, §1 (NEW).

§2616. Prohibited acts

The following acts and the causing thereof are prohibited: [PL 1975, c. 751, §4 (NEW).]

1. Failure to comply with section 2615 or dissemination of certain misleading information. Failure by a supplier of water to comply with the requirements of section 2615, or dissemination by such supplier of any false or misleading information with respect to remedial actions being undertaken to achieve compliance with state primary drinking water regulations;

[PL 1975, c. 751, §4 (NEW).]

2. Failure to comply with regulations and actions under sections 2611, 2612, 2613 and 2614. Failure by a supplier of water to comply with the regulations for water quality, monitoring, maintenance, operations, reporting and corrective actions pursuant to sections 2611, 2612, 2613 and 2614; and

[PL 1975, c. 751, §4 (NEW).]

3. Refusal to allow entry under section 2612. The refusal of a supplier of water to allow entry and inspection of establishments, facilities or other property pursuant to section 2612.

[PL 1975, c. 751, §4 (NEW).]

SECTION HISTORY
PL 1975, c. 751, §4 (NEW).

§2617. Penalties and remedies

1. Violation of section 2616 or subchapter VII. A person that violates section 2616 or subchapter VII commits a civil violation for which a penalty not to exceed $5,000 may be adjudged. Each day of operation in violation of section 2616 or subchapter VII constitutes a separate violation. The District Court or the Superior Court has jurisdiction over violations of section 2616 or subchapter VII.

[RR 1993, c. 2, §13 (COR).]

2. Injunctive relief. The commissioner may commence or cause to be instituted a civil action in the Superior Court of either Kennebec County or of the county in which the principal place of business of the supplier of water is located, to convict and punish a person under subsection 1, to seek injunctive relief to prevent the violation of any rule or regulation issued pursuant to this chapter, to prevent the violation of any order issued pursuant to sections 2612, 2613 or 2614, or to require a public water
system or supplier of water to take other action necessary to protect the public health, with or without a prior order from the commissioner or department.

[PL 1975, c. 751, §4 (NEW).]

3. Administrative remedies. The commissioner may seek and impose administrative remedies as provided in subchapter II-A for a violation of state drinking water laws, regulations and rules.

[PL 1993, c. 678, §3 (NEW).]

SECTION HISTORY

SUBCHAPTER 2-A
SAFE DRINKING WATER ADMINISTRATIVE ENFORCEMENT

§2618. General authorization
In accordance with the process outlined in section 2619, the commissioner may impose one or more of the administrative remedies provided in this subchapter when a violation of this chapter, or rules adopted pursuant to this chapter, occurs or if the commissioner determines that administrative remedies are necessary and appropriate to ensure compliance with state drinking water laws, regulations and rules. [PL 1993, c. 678, §4 (NEW).]

SECTION HISTORY

§2619. Administrative remedy process
1. Notice of noncompliance. Except as otherwise provided in this subchapter, the commissioner shall issue a notice of noncompliance to a public water system within 30 days after the commissioner has determined that the public water system has committed a violation. The notice of noncompliance must contain the following information:

A. Identification of the violation; [PL 1993, c. 678, §4 (NEW).]
B. A compliance deadline; and [PL 1993, c. 678, §4 (NEW).]
C. The possible consequences of noncompliance if the requirements of the notice are not met by the specified date. [PL 1993, c. 678, §4 (NEW).]

[PL 1993, c. 678, §4 (NEW).]

2. Administrative consent order. If the public water system has failed to correct the violation as specified in the notice of noncompliance by the date specified in the notice, the commissioner and the public water system shall make a good faith effort to agree upon a settlement and, if agreement is reached, the commissioner shall issue an administrative consent order. An administrative consent order may not be changed without written consent by all parties to the agreement. An administrative consent order must include, but is not limited to, compliance schedules and milestones. If the public water system and the commissioner fail to reach an agreement, the commissioner may issue an administrative compliance order under subsection 3 or may refer the case to the Attorney General for relief under section 2617.

[PL 1993, c. 678, §4 (NEW).]

3. Administrative compliance order. If the public water system and the commissioner fail to reach an agreement under subsection 2, the commissioner may issue an administrative compliance order to the public water system to correct the violation in a manner and within a time frame that the
commissioner determines appropriate. The administrative compliance order must contain a schedule that the public water system must follow to bring it into compliance. An administrative compliance order may include an administrative penalty that takes effect as early as the day that the parties ceased negotiating in good faith under subsection 2. The administrative compliance order must specify an administrative penalty that takes effect if the public water system fails to comply with the administrative compliance order.

[PL 1993, c. 678, §4 (NEW).]

4. Administrative penalty. If the public water system and the commissioner fail to reach an agreement under subsection 2, the commissioner may impose an administrative penalty that takes effect as early as the day that the parties ceased negotiating in good faith under subsection 2. If the public water system fails to comply with an administrative compliance order by the deadline in the compliance schedule, an administrative penalty may be assessed. A notice of penalty assessment may be issued in conjunction with or separate from an administrative compliance order, and must contain the following:

A. Identification of the violation for which it is issued; [PL 1993, c. 678, §4 (NEW).]
B. A citation of the law, rule or order being violated; [PL 1993, c. 678, §4 (NEW).]
C. The amount of the penalty; [PL 1993, c. 678, §4 (NEW).]
D. Notice of the right to an adjudicatory hearing pursuant to the Maine Administrative Procedure Act; and [PL 1993, c. 678, §4 (NEW).]
E. The procedure for paying the penalty. [PL 1993, c. 678, §4 (NEW).]

[PL 1993, c. 678, §4 (NEW).]

SECTION HISTORY

§2620. Provisions governing administrative penalties

Administrative penalties imposed under this subchapter are governed by the following provisions. [PL 1993, c. 678, §4 (NEW).]

1. Maximum penalty. An administrative penalty may not be greater than $750 for each violation, except that for public water systems serving more than 10,000 people, an administrative penalty may not be less than $1,000 for each violation. Each day that a violation remains uncorrected may be counted as a separate violation.

[PL 1997, c. 705, §9 (AMD).]

2. Schedule of penalties. The commissioner shall adopt rules in accordance with Title 5, chapter 375 establishing a schedule of administrative penalties. Factors that may be considered include but are not limited to:

A. The nature and duration of the violation; [PL 1993, c. 678, §4 (NEW).]
B. The level of assessment necessary to ensure immediate and continued compliance; [PL 1993, c. 678, §4 (NEW).]
C. Whether steps were taken by the public water system to prevent the violation; [PL 1993, c. 678, §4 (NEW).]
D. Whether steps were taken by the public water system to remediate or mitigate damage resulting from the violation; [PL 1993, c. 678, §4 (NEW).]
E. Whether the public water system has a history of violations; [PL 1993, c. 678, §4 (NEW).]
F. The financial condition of the public water system; [PL 1993, c. 678, §4 (NEW).]
G. Whether or not compliance is less costly than committing the violation; [PL 1993, c. 678, §4 (NEW).]

H. Deterrence of future noncompliance; and [PL 1993, c. 678, §4 (NEW).]

I. The best interest of the public. [PL 1993, c. 678, §4 (NEW).]

3. Payment of penalty. Administrative penalties must be paid within 30 days of the issuance of notice of administrative penalty or, if appealed, within 30 days of the appeal decision. The commissioner shall deposit administrative penalties received into the Public Drinking Water Fund established in section 2660-F.

[PL 1993, c. 678, §4 (NEW).]

4. Enforcement. Further prosecution of a person who fails to pay the full penalty imposed pursuant to this chapter must be referred to the Attorney General for appropriate action. A person who fails to pay the full penalty imposed pursuant to this chapter is liable for all fines and penalties allowed under this subchapter and all costs, interest and fees incurred by the State, including attorney's fees.

[PL 1993, c. 678, §4 (NEW).]

SECTION HISTORY

§2620-A. Appeals

Appeal of actions authorized under this section is governed by the following. [PL 1993, c. 678, §4 (NEW).]

1. Due process generally. The commissioner shall comply with the Maine Administrative Procedure Act when imposing administrative penalties and issuing administrative compliance orders. A public water system against which an administrative penalty is assessed or an administrative compliance order is issued has a right to a hearing as provided under the Maine Administrative Procedure Act. The decision of a hearing officer is a final agency action subject to review in the Superior Court, as provided in Title 5, chapter 375, subchapter VII.

[PL 1993, c. 678, §4 (NEW).]

2. Effect on penalties. A public water system has 30 days from the date an administrative penalty is issued against it to pay the full amount of the penalty or to file a request for a hearing with the commissioner. If the public water system waives the right to or fails to request a hearing within 30 days, the administrative penalty is considered final. If a request for a hearing is filed within the 30 days, the following provisions apply.

A. Violations or penalties do not accrue from the date that the public water system files the request for a hearing to the date the hearing officer renders a decision. [PL 1993, c. 678, §4 (NEW).]

B. Notwithstanding paragraph A, if the hearing officer finds that the appeal is frivolous, the violations or penalties accrue throughout the appeal period. [PL 1993, c. 678, §4 (NEW).]

C. If an administrative hearing is held and a penalty is assessed at the conclusion of that hearing, the penalty becomes final 30 days after the decision. [PL 1993, c. 678, §4 (NEW).]

[PL 1993, c. 678, §4 (NEW).]

SECTION HISTORY

§2620-B. Exception

Notwithstanding section 2619, if a violation poses a serious risk to public health, the commissioner may issue an administrative compliance order immediately without having issued a notice of
noncompliance or having attempted to negotiate an administrative consent order. [PL 1993, c. 678, §4 (NEW).]

SECTION HISTORY

§2620-C. Rules

The commissioner shall adopt rules establishing procedures regarding notice and the issuance, amendment and withdrawal of administrative compliance orders and administrative consent orders. [PL 1993, c. 678, §4 (NEW).]

The commissioner may adopt rules establishing a permitting process for public water systems. Rules adopted pursuant to this paragraph are major substantive rules as defined in Title 5, chapter 375, subchapter II-A. [PL 1997, c. 705, §10 (NEW).]

1. Right of entry for water utility. Employees or agents of a water utility may enter upon land within 1,000 feet of a public water source or upon land used for commercial or industrial purposes having a facility, structure or system draining into or suspected of flowing or seeping into a public water source and inspect the facility, structure or system, including any building or structure on that land. Entry onto property under this subsection is not a trespass. The power of entry and inspection may be exercised only after the water utility has made a reasonable effort to obtain permission from the landowner for the inspection. [PL 1991, c. 467, §2 (NEW).]

2. Right of entry for department and consumer-owned water utility. Employees or agents of the department or a consumer-owned water utility as defined in Title 35-A, section 6101 may enter any property at reasonable hours or enter any building with the consent of the owner, occupant or agent to inspect a wastewater disposal system draining into or suspected of flowing or seeping into a public water source. The order must be served in writing and state a time in which the order must be complied with. An order made pursuant to this subsection is not considered an adjudicatory proceeding within the meaning of the Maine Administrative Procedure Act. If the municipal officers have failed to act on a malfunctioning wastewater disposal unit under Title 30-A, section 3428 and have notified a consumer-owned water utility as defined in Title 35-A, section 6101 in writing of their failure to do so, the consumer-owned water utility may assume the rights of municipal officers under Title 30-A, section 3428, except that it may not assess a special tax under Title 30-A, section 3428, subsection 4, paragraph B. [PL 1991, c. 467, §2 (NEW).]

CHAPTER 603

PRESCRIPTION DRUG ACCESS

SUBCHAPTER 1

MAINE RX PLUS PROGRAM

§2681. Maine Rx Plus Program established

The Maine Rx Plus Program, referred to in this subchapter as the "program," is established to reduce prescription drug prices and to improve the quality of health care for residents of the State. The program is administered by the department and must utilize manufacturer rebates and pharmacy discounts to reduce prescription drug prices. [PL 2003, c. 494, §3 (AMD).]

1. Program goals. The Legislature finds that affordability is critical in providing access to prescription drugs for Maine residents. This subchapter is enacted by the Legislature to enable the State to take steps to make prescription drugs more affordable for qualified Maine residents, thereby
increasing the overall health of Maine residents, promoting healthy communities and protecting the public health and welfare, and to integrate the program as part of any statewide program for the uninsured. It is not the intention of the State to discourage employers from offering or paying for prescription drug benefits for their employees or to replace employer-sponsored prescription drug benefit plans that provide benefits comparable to those made available to qualified Maine residents under this subchapter.  
[PL 2003, c. 494, §4 (AMD).]

2. Definitions. As used in this subchapter, unless the context otherwise indicates, the following terms have the following meanings.

A. "Average wholesale price" means the wholesale price charged on a specific commodity that is assigned by the drug manufacturer and is listed in a nationally recognized drug pricing file. [PL 1999, c. 786, Pt. A, §3 (NEW).]

A-1. "Covered drugs" means drugs that are on the MaineCare preferred drug list established and revised from time to time by the department pursuant to its authority to operate the MaineCare program. [PL 2003, c. 494, §4 (NEW).]

B. "Initial discounted price" for a drug means the amount that participating retail pharmacies may charge qualified residents participating in the program for that drug, as established by the department through rulemaking. [PL 2003, c. 513, Pt. G, §1 (AMD).]

C. "Labeler" means an entity or person that receives prescription drugs from a manufacturer or wholesaler and repackages those drugs for later retail sale and that has a labeler code from the federal Food and Drug Administration under 21 Code of Federal Regulations, 207.20 (1999). [PL 1999, c. 786, Pt. A, §3 (NEW).]

E. [PL 2003, c. 494, §4 (RP).]

F. "Qualified resident" means a resident of the State who has a family income equal to or less than 350% of the federal poverty level and who is enrolled in the program. "Qualified resident" also means a resident of the State whose family incurs unreimbursed expenses for prescription drugs that equal 5% or more of family income or whose total unreimbursed medical expenses equal 15% or more of family income. For purposes of this paragraph, the cost of drugs provided under this subchapter is considered an expense incurred by the family for eligibility determination purposes. [PL 2003, c. 494, §4 (AMD).]

G. "Secondary discounted price" means the initial discounted price minus any further discounts paid for out of the fund. [PL 2003, c. 494, §4 (AMD).]

A drug manufacturer or labeler that sells prescription drugs in this State through the elderly low-cost drug program under section 254-D or any other publicly supported pharmaceutical assistance program shall enter into a rebate agreement with the department for this program. [PL 2005, c. 401, Pt. C, §3 (AMD).]

4. Rebate amount. The commissioner shall negotiate the amount of the rebate required from a manufacturer or labeler in accordance with this subsection.

A. The commissioner shall take into consideration the rebate calculated under the Medicaid Rebate Program pursuant to 42 United States Code, Section 1396r-8, the average wholesale price of
prescription drugs and any other information on prescription drug prices and price discounts. [PL 1999, c. 786, Pt. A, §3 (NEW).]

B. The commissioner shall use the commissioner's best efforts to obtain an initial rebate amount equal to or greater than the rebate calculated under the MaineCare program pursuant to 42 United States Code, Section 1396r-8. [PL 2003, c. 494, §4 (AMD).]

C. With respect to the rebate taking effect no later than October 1, 2004, the commissioner shall use the commissioner's best efforts to obtain an amount equal to or greater than the amount of any discount, rebate or price reduction for prescription drugs provided to the Federal Government. [PL 2003, c. 494, §4 (AMD).]

   A. The department shall establish discounted prices for drugs covered by a rebate agreement and shall promote the use of efficacious and reduced-cost drugs, taking into consideration reduced prices for state and federally capped drug programs, differential dispensing fees, administrative overhead and incentive payments. [PL 1999, c. 786, Pt. A, §3 (NEW).]

   B. Beginning January 1, 2004, a participating retail pharmacy shall offer the initial discounted price. [PL 2003, c. 494, §4 (AMD).]

   D. [PL 2003, c. 494, §4 (RP).]

6. **Operation of program.** The requirements of this subsection apply to participating retail pharmacies.

   A. The Maine Board of Pharmacy shall adopt rules requiring disclosure by participating retail pharmacies to qualified residents of the amount of savings provided as a result of the program. The rules must consider and protect information that is proprietary in nature. Rules adopted pursuant to this paragraph are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A. [PL 2003, c. 494, §4 (AMD).]

   B. The department may not impose transaction charges under this program on retail pharmacies that submit claims or receive payments under the program. [PL 1999, c. 786, Pt. A, §3 (NEW).]

   C. A participating retail pharmacy shall submit claims to the department to verify the amount charged to qualified residents under subsection 5. [PL 1999, c. 786, Pt. A, §3 (NEW).]

   D. On a weekly or biweekly basis, the department must reimburse a participating retail pharmacy for the difference between the initial discounted price and the secondary discounted price provided to qualified residents under subsection 5. [PL 2003, c. 494, §4 (AMD).]

   E. [PL 2003, c. 494, §4 (RP).]

   F. The department shall conduct ongoing quality assurance activities similar to those used in the MaineCare program. [PL 2003, c. 494, §4 (NEW).]

7. **Action with regard to nonparticipating manufacturers and labelers.** [PL 2003, c. 494, §5 (RPR); MRSA T. 22 §2681, sub-§7 (RP).]
7-A. Action with regard to nonparticipating manufacturers and labelers. The names of manufacturers and labelers who do and do not enter into rebate agreements pursuant to this subchapter are public information. The department shall release this information to health care providers and the public on a regular basis and shall publicize participation by manufacturers and labelers that is of particular benefit to the public. The department shall impose prior authorization requirements in the MaineCare program, as permitted by law, to the extent the department determines it is appropriate to do so in order to encourage manufacturer and labeler participation in the program and so long as the additional prior authorization requirements remain consistent with the goals of the MaineCare program and the requirements of the federal Social Security Act, Title 19.

This subsection takes effect on the date that the department begins offering prescription drug benefits under the program.

[PL 2003, c. 494, §6 (NEW).]

8. Discrepancies in rebate amounts.

[PL 2003, c. 494, §7 (RP).]

9. Dedicated fund. The Maine Rx Plus Dedicated Fund, referred to in this section as the "fund," is established to receive revenue from manufacturers and labelers who pay rebates as provided in subsection 4 and any appropriations or allocations designated for the fund. The purposes of the fund are to reimburse retail pharmacies for discounted prices provided to qualified residents pursuant to subsection 5; to reimburse the department for contracted services including pharmacy claims processing fees, administrative and associated computer costs and other reasonable program costs; and to benefit the elderly low-cost drug program under section 254-D. The fund is a nonlapsing dedicated fund. Interest on fund balances accrues to the fund. Surplus funds in the fund must be used for the benefit of the program. Notwithstanding Title 5, section 1585, surplus funds may also be transferred to the elderly low-cost drug program established under section 254-D.

10. Annual summary report. The department shall report the enrollment and financial status of the program to the Legislature by the 2nd week in January each year.

[PL 1999, c. 786, Pt. A, §3 (NEW).]

13. Medical assistance programs. The department shall administer the program and other medical and pharmaceutical assistance programs under this Title in a manner that is advantageous to the programs and to the enrollees in those programs. In implementing this subsection the department may coordinate the other programs and this program and may take actions to enhance efficiency, reduce the cost of prescription drugs and maximize the benefits to the programs and enrollees, including providing the benefits of this program to enrollees in other programs.

[PL 1999, c. 786, Pt. A, §3 (NEW).]
14. Rulemaking. The department may adopt rules to implement the provisions of this section. Rules adopted pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter II-A.

[PL 1999, c. 786, Pt. A, §3 (NEW).]

16. Fee imposed. Beginning July 1, 2011, a fee is imposed on all enrollees in the program established under this section. The amount of the fee must be determined by rule adopted by the department to cover the administrative and other operating costs of the program. Rules adopted pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.

(REPEALED)

SECTION HISTORY

§2693. Emergency drug pricing

In order to achieve the public health purposes listed in section 2691, maximum retail prices for prescription drugs sold in Maine may be established pursuant to this section. [PL 1999, c. 786, Pt. A, §3 (NEW).]

1. Emergency drug pricing procedures. The following provisions apply to determinations regarding maximum retail prices for prescription drugs and to the procedures for establishing those prices.

   A. By July 1, 2005, the department shall adopt rules establishing the procedures for adoption and periodic review of maximum retail prices, the procedures for establishing maximum retail prices for new prescription drugs and for reviewing maximum retail prices of selected drugs and the procedures for phasing out or terminating maximum retail prices. [PL 2007, c. 395, §26 (AMD).]

   B. By January 5, 2006, the commissioner shall determine whether the cost of prescription drugs provided to qualified residents under the Maine Rx Plus Program pursuant to subchapter 1 is reasonably comparable to the lowest cost paid for the same drugs delivered or dispensed in the State. In making this determination the following provisions apply.

      (1) The commissioner shall review prescription drug use in the MaineCare program using data from the most recent 6-month period for which data is available.

      (2) Using the data reviewed in subparagraph (1), the commissioner shall determine the 100 drugs for which the most units were provided and the 100 drugs for which the total cost was the highest.

      (3) For each prescription drug listed in subparagraph (2), the commissioner shall determine the cost for each drug for qualified residents who are provided those drugs under the Maine Rx Plus Program on a certain date. The average cost for each such drug must be calculated.

      (4) For each prescription drug listed in subparagraph (2), the commissioner shall determine the lowest cost for each drug paid by any purchaser on the date that is used for subparagraph (3) delivered or dispensed in the State, taking into consideration the federal supply schedule and prices paid by pharmaceutical benefits managers and by large purchasers and excluding drugs purchased through the Maine Rx Plus Program. The average cost for each such drug must be calculated.

      (5) If the average cost for one or more prescription drugs under the Maine Rx Plus Program as determined in subparagraph (3) is not reasonably comparable to the average lowest cost for the same drug or drugs as determined in subparagraph (4), the commissioner shall establish maximum retail prices for any or all prescription drugs sold in the State. Maximum prescription drug prices established under this subparagraph must take effect July 1, 2006. [PL 2003, c. 494, §10 (AMD).]
C. In establishing maximum retail prices under this paragraph, the commissioner shall follow procedures set forth by rules adopted by the department. [PL 2007, c. 395, §27 (AMD).]

2. Select prescription drugs. In making a determination under this section the commissioner may rely on pricing information on a selected number of prescription drugs if that list is representative of the prescription drug needs of the residents of the State and is made public as part of the process of establishing maximum retail prices.

3. Public health or welfare. The commissioner may take actions that the commissioner determines necessary if there is a severe limitation or shortage of or lack of access to prescription drugs in the State that could threaten or endanger the public health or welfare. [PL 1999, c. 786, Pt. A, §3 (NEW).]

4. Appeals. A retailer of prescription drugs may appeal the maximum retail price of a prescription drug established pursuant to this section in accordance with the Maine Administrative Procedure Act. [PL 1999, c. 786, Pt. A, §3 (NEW).]

5. Enforcement. A violation of the maximum retail prices established under this section is a violation of the Maine Unfair Trade Practices Act. [PL 1999, c. 786, Pt. A, §3 (NEW).]

The fund must be deposited with and maintained and administered by the agency. The agency may accept funds into the fund from any non-General Fund source, including grants or contributions of money or other things of value, that it determines necessary to carry out the safe, effective and proper disposal of unused pharmaceuticals. Money accepted into the fund by the agency must be used for the expenses of safe, effective and proper disposal of unused pharmaceuticals.

2. Registered domestic partners; eligibility. Domestic partners may become registered domestic partners if:
   
   A. At the time when a declaration under subsection 3 is filed, each domestic partner is a mentally competent adult and not impaired or related in a fashion that would prohibit marriage under Title 19-A, section 701, subsection 2, 3 or 4; [PL 2003, c. 672, §17 (NEW).]
   
   B. The domestic partners have been legally domiciled together in this State for at least 12 months preceding the filing; [PL 2003, c. 672, §17 (NEW).]
   
   C. Neither domestic partner is married or in a registered domestic partnership with another person; and [PL 2003, c. 672, §17 (NEW).]
   
   D. Each domestic partner is the sole domestic partner of the other and expects to remain so. [PL 2003, c. 672, §17 (NEW).]

As used in this section, "domestic partners" means 2 unmarried adults who are domiciled together under long-term arrangements that evidence a commitment to remain responsible indefinitely for each other's welfare. [PL 2003, c. 672, §17 (NEW).]

3. Registration. To become registered domestic partners, domestic partners must jointly file with the registry a declaration under oath of domestic partnership together with the required filing fee. The registry shall file the declaration in the domestic partner registry established pursuant to subsection 1 and return 2 copies of the declaration to the domestic partners at the address provided as their common residence. The registry must charge a fee for registration that is adequate to pay the projected costs for managing the registry. [PL 2003, c. 672, §17 (NEW).]

4. Termination. A registered domestic partnership is terminated by the marriage of either registered domestic partner or by the filing with the registry of:

[PL 2003, c. 672, §17 (NEW).]

6. **Forms.** The registry shall develop standard forms for the declaration and termination of registered domestic partnerships.

CHAPTER 703

BIRTH RECORDS

§2761. **Registration of live births**

A certificate of each live birth that occurs in this State must be filed with the clerk of the municipality in which the live birth occurred or with the state registrar within a reasonable period of time as specified by department rules and must be registered if the certificate has been completed and filed in accordance with this section. [PL 2009, c. 601, §16 (AMD).]

1. **Certificate from hospital.** When the live birth occurs in a hospital or an institution, or en route to the hospital or institution, the person in charge of the institution or the person's authorized designee shall obtain the personal data, prepare the certificate, certify by signature or by electronic process that the child was born alive at the place and time and on the date stated and file the certificate as directed in this section. The physician or other person in attendance shall provide the medical information required by the certificate in a timely fashion, as specified by department rule. [PL 2009, c. 601, §17 (AMD).]

2. **Date of birth.** [PL 1995, c. 260, §6 (RP).]

3. **Birth outside an institution.** When a birth occurs outside an institution, the certificate must be prepared and filed by one of the following in the indicated order of priority:

   A. The physician or other person in attendance at or immediately after the birth; [PL 1995, c. 260, §6 (AMD).]

   B. The father; [PL 1995, c. 260, §6 (AMD).]
C. The mother; or [PL 1995, c. 260, §6 (AMD)].

D. The person in charge of the premises where the live birth occurred.
[PL 1995, c. 260, §6 (AMD)].

3-A. Parentage. For the purposes of birth registration, the mother is deemed to be the woman who gives birth to the child, unless otherwise determined by a court of competent jurisdiction prior to the filing of the birth certificate or unless an attested copy of a gestational carrier agreement as defined in Title 19-A, section 1832, subsection 11 is presented that provides otherwise. If the mother was married at the time of either conception or birth, or between conception and birth, the name of the spouse must be entered on the certificate as the parent of the child, unless parentage has been determined otherwise by a court of competent jurisdiction or unless an attested copy of a gestational carrier agreement is presented that provides otherwise.
[PL 2015, c. 296, Pt. C, §25 (AMD); PL 2015, c. 296, Pt. D, §1 (AFF)].

4. Child not born of marriage. Except as otherwise provided in this subsection, if the mother was not married at the time of either conception or birth, or between conception and birth, neither the name of the putative father nor any other information about the putative father may be entered on the certificate without his written consent and that of the mother. The signature of the putative father on the written consent must be acknowledged before an official authorized to take oaths. The signature of the mother on her written consent must also be acknowledged before an official authorized to take oaths. If a determination of paternity has been made by a court of competent jurisdiction, then the name of the father as determined by the court must be entered on the birth certificate without the father's or the mother's consent. If the putative father executes an acknowledgement of paternity with the department and the putative father is either named in writing by the mother as the father or is presumed to be the father based on the results of blood or tissue-typing tests, the name of the father must be entered on the birth certificate without the father's or the mother's consent. All voluntary acknowledgments and adjudications of paternity in this State must be filed with the Office of Data, Research and Vital Statistics for comparison with information in the state registry of support orders as established in Title 19-A, section 2104.
[PL 2009, c. 601, §18 (AMD)].

4-A. Information verified. Either of the parents of the child or an informant shall verify the accuracy of the personal data to be entered on the certificate.
[PL 1995, c. 260, §6 (NEW)].

5. Certificate signed by father and mother.
[PL 1995, c. 260, §6 (RP)].

6. Disclosure of social security number. In connection with the preparation and issuance of a birth certificate pursuant to this section, section 2764 or section 2765, each parent shall furnish the social security account number, or numbers if the parent has more than one number, issued to the parent unless the State Registrar of Vital Statistics, in accordance with regulations prescribed by the Secretary of the United States Department of Health and Human Services, finds good cause for not requiring the furnishing of those numbers. The state registrar shall make numbers furnished under this subsection available to the department in its capacity as the state agency administering the State's plan under the United States Social Security Act, Title IV, Part D. Except as required by federal law, those numbers may not be recorded on the birth certificate in such a manner that the numbers would appear on a certified copy of the certificate. Except as required by federal law, the department may not use any social security number, obtained with respect to the issuance of a birth certificate, for any purpose other than for the administration of the State's plan under the United States Social Security Act, Title IV, Part D. The department shall adopt rules to implement this subsection.
[PL 1993, c. 94, §1 (NEW)].

The application for legitimation may be released to persons listed on the original birth certificate upon completion of written application to the State Registrar of Vital Statistics or the registrar's designee. 5. **Copies of original certificate.** When the new certificate of birth is established, the state registrar shall provide each municipal clerk who is required by law to have a copy of the certificate of birth on file with a copy of the new certificate of birth. In the case of a Maine certificate of birth established for a person born in a foreign country, a copy of the certificate must be provided to and must be maintained on file by the clerk of the municipality where the adoptive parents resided on the date of the adoption. All copies of the original certificate in the custody of any municipal clerk must be sealed from inspection, except as provided in section 2768, or surrendered to the state registrar as the state registrar directs.

A copy of the form must be attached to an abstract of birth issued by the Office of Data, Research and Vital Statistics and must be provided to the adoptee. [PL 2009, c. 601, §21 (AMD).]

A statement of identification of the birth parents shall not affect the rights of inheritance and descent. The form shall contain the following words in a conspicuous place: "This statement shall not affect the rights of inheritance and descent of the adoptee." [PL 1983, c. 356 (NEW).]

2. Effect. If the request submitted pursuant to subsection 1 does not contain the written, notarized consent of the genetic parent to be named on the amended birth certificate, amendment of the birth certificate pursuant to this section does not affect the rights of inheritance and descent. A birth certificate amended without the written, notarized consent of the genetic parent to be named on the amended birth certificate must contain the following words in a conspicuous place: "This birth certificate has been amended to identify a genetic parent not known or listed at the time of birth. ### SECTION HISTORY

#### §2842. Registration of deaths

Except as authorized by the department, a certificate of each death that occurs in this State must be filed with the State Registrar of Vital Statistics or clerk of the municipality where death occurred within a reasonable period of time, as specified by department rule, after the day on which death occurred and prior to the removal of the body from the State. [PL 2009, c. 601, §25 (AMD).]

1. **Certificate filed by funeral director.** The funeral director or other authorized person in charge of the disposition of the dead human body or its removal from the State is responsible for filing the certificate. The funeral director or authorized person shall obtain the personal data from the best qualified person or source available.

2. **Medical certificate by physician, nurse practitioner or physician assistant.** The medical certification of the cause of death must be completed and signed in a timely manner, as specified by department rule, by a physician, nurse practitioner or physician assistant authorized to practice in the State who has knowledge of the patient's recent medical condition, in accordance with department rules and other laws detailing who can certify and in what time frame, except when the death falls under the jurisdiction of the medical examiner as provided in section 3025. If the patient was a resident of a nursing home licensed under section 1817 at the time of death and if the health care provider in charge of the patient's care or another health care provider designated by the health care provider in charge had not examined the patient within 48 hours prior to death, or within 2 weeks prior to death in the case of a terminally ill patient, the health care provider in charge or another health care provider designated by the health care provider in charge shall examine the body prior to completing the certification of death process. Any health care provider who fails to complete the medical certification of the cause of death fully, in a timely manner, or who fails to examine the body of a nursing home resident prior to certifying cause of death as required by this section must be reported to the Board of Licensure in Medicine, the
Board of Osteopathic Licensure or the State Board of Nursing, whichever is appropriate, by the State Registrar of Vital Statistics of the Department of Health and Human Services.

For the purposes of this subsection, the following terms have the following meanings.

A. "Life-sustaining procedure" means any medical procedure or intervention that, when administered to a qualified patient, will serve only to prolong the dying process and does not include nutrition and hydration. [PL 2001, c. 574, §26 (AMD).]

When a death occurs under circumstances that make it a medical examiner case as defined in section 3025, or when inquiry as to the cause of death is required by law, the medical examiner or the Office of Chief Medical Examiner shall complete the medical certification of the cause of death as specified by department rule and sign the death certificate. A certification need not be completed before the remains are ready for release.

The medical examiner or the Office of Chief Medical Examiner is responsible for the identity of the deceased and the time, place, cause, manner and circumstances of death on the death certificate. Entries may be left "pending" if further study is needed; or, at the specific direction of the Attorney General relative to cases under investigation by the Attorney General's office, entries must be left "withheld" until such time as the Attorney General, in the Attorney General's sole discretion, determines that any criminal investigation and prosecution will not be harmed by public disclosure of such information. Notwithstanding section 2706, subsection 4, unless directed otherwise by the Attorney General as specified in this subsection, this information for which the medical examiner is responsible may be made available to the general public by the Office of Chief Medical Examiner. **§2843. Permits for final disposition of dead human bodies**

Except as authorized by the department, a dead human body may not be buried, cremated or otherwise disposed of or removed from the State until a funeral director or other authorized person in charge of the disposition of the dead human body or its removal from the State has obtained a permit from the State Registrar of Vital Statistics or the clerk of the municipality where death occurred or where the establishment of a funeral director having custody of the dead human body is located as specified by department rule. The permit is sufficient authority for final disposition in any place where dead human bodies are disposed of in this State, as long as the requirements of Title 32, section 1405 are met in appropriate cases. The permit may not be issued to anyone other than a funeral director until the state registrar or the clerk of the municipality receives a medical certificate that has been signed by a physician or a medical examiner that indicates that the physician or medical examiner has personally examined the body after death. A permit must also be issued if a nurse practitioner or physician assistant has signed the medical certificate indicating that the nurse practitioner or physician assistant has knowledge of the deceased's recent medical condition or was in charge of the deceased's care and that the nurse practitioner or physician assistant has personally examined the body after death. The authorized person may transport a dead human body only upon receipt of this permit. [PL 2009, c. 601, §27 (AMD).]

The State Registrar of Vital Statistics or a municipal clerk may issue a permit for final disposition by cremation, burial at sea, use by medical science or removal from the State only upon receipt of a certificate of release by a duly appointed medical examiner as specified in Title 32, section 1405. [PL 2009, c. 601, §27 (AMD).]

The State Registrar of Vital Statistics or a municipal clerk may issue a disposition of human remains permit to a funeral director who presents a report of death and states that the funeral director has been unable to obtain a medical certification of the cause of death. The funeral director shall name the attending physician, attending nurse practitioner, attending physician assistant or medical examiner who will certify to the cause of death and present assurances that the attending physician, attending nurse practitioner, attending physician assistant or medical examiner has agreed to do so. The funeral director shall exercise due diligence to secure the medical certification and file the death certificate as soon as possible. [PL 2009, c. 601, §27 (AMD).]
1. **Permit for transportation.** Each dead human body transported into this State for final disposition must be accompanied by a permit issued by the duly constituted authority at the place of death. Such permit is sufficient authority for final disposition in any place where dead human bodies are disposed of in this State.  
[PL 2009, c. 601, §27 (AMD).]

2. **Permit for disinterment or removal.** A dead human body may not be disinterred or removed from any vault or tomb until the person in charge of the disinterment or removal has obtained a permit from the State Registrar of Vital Statistics or from the clerk of the municipality where the dead human body is buried or entombed. The permit must be issued upon receipt of a notarized application signed by the next of kin of the deceased who verifies that the signer is the closest surviving known relative and, when any other family member of equal or greater legal or blood relationship or a domestic partner of the decedent also survives, that all such persons are aware of, and do not object to, the disinterment or removal. This subsection does not preclude a court of competent jurisdiction from ordering or enjoining disinterment or removal pursuant to section 3029 or in other appropriate circumstances. For purposes of this subsection, "domestic partner" means one of 2 unmarried adults who are domiciled together under long-term arrangements that evidence a commitment to remain responsible indefinitely for each other's welfare.  
[PL 2013, c. 20, §1 (AMD).]

3. **Permit for burial.** The person in charge of each burying ground or crematory in this State shall endorse, and provide the date the body was disposed of on, each such permit with which that person is presented, and return it to the State Registrar of Vital Statistics or to the clerk of the municipality in which such burying ground or crematory is located within 7 days after the date of disposition. If there is no person in charge of the burying ground, an official of the municipality in which the burying ground is located shall endorse, and provide the date the body was disposed of on, each such permit, and present it to the State Registrar of Vital Statistics or the clerk of the municipality. The funeral director or authorized person shall present a copy of each permit, after endorsement, to the State Registrar of Vital Statistics or the clerk of the municipality where death occurred and to the clerk who issued the permit.  
[PL 2013, c. 20, §1 (AMD).]

3-A. **Authorization for burial of cremated remains in public burying ground.** The State Registrar of Vital Statistics shall provide an authorization to be used for the purposes of this subsection. If cremated remains are buried in a public burying ground in the State, the person in charge of the public burying ground shall endorse and record the date the cremated remains were buried on an authorization for the remains and return the authorization to the State Registrar of Vital Statistics or to the clerk of the municipality in which the public burying ground is located within 7 days after the cremated remains were buried. If there is no person in charge of the public burying ground, an official of the municipality in which the public burying ground is located shall endorse and record the date the cremated remains were buried on the authorization and present the authorization to the State Registrar of Vital Statistics or the clerk of the municipality. If an authorization is not returned to the State Registrar of Vital Statistics within 7 days after cremated remains were buried, the funeral director or authorized person may present a copy of the authorization, if the authorization has been endorsed, to the State Registrar of Vital Statistics or the clerk of the municipality where death occurred and to the clerk who issued the authorization.  

For purposes of this subsection, unless the context otherwise indicates, the following terms have the following meanings.

A. "Authorization" means the form or electronic process prescribed and furnished by the State Registrar of Vital Statistics for the purpose of recording the consent of an authorized person for the burial or removal of cremated remains in a public burying ground as specified by department rule.

4. Records. Each municipality shall maintain a record of any endorsed permit received pursuant to subsection 3 or 3-A in the electronic death registration system described in section 2847. A copy of an endorsed permit must be made available to a member of the public upon a request made to the municipal clerk. The State Registrar of Vital Statistics may adopt routine technical rules pursuant to Title 5, chapter 375, subchapter 2-A to carry out the purposes of this subsection. [PL 2019, c. 611, §1 (AMD).]

§2843-A. Custody of remains of deceased persons

1. Definitions. As used in this section, unless the context otherwise indicates, the following terms have the following meanings:

A. "At-need funeral arrangements" means funeral arrangements made after death. [PL 1993, c. 609, §1 (NEW).]

B. "Custody and control" means the right to make all decisions, consistent with applicable laws, regarding the handling of a dead body, including, but not limited to, possession, at-need funeral arrangements, final disposition and disinterment. [PL 1993, c. 609, §1 (NEW).]

B-1. "Dead body" or "dead human body" means a body or fetus for which it reasonably can be determined that death occurred. [PL 2009, c. 601, §28 (NEW).]

C. "Estranged" means living in separate residences and having a relationship characterized by hostility or indifference. [PL 1993, c. 609, §1 (NEW).]

D. "Next of kin" means a person having the following relationship to the subject, in the following order of priority:

(1) The spouse;

(1-A) A domestic partner. For purposes of this section, "domestic partner" means the partner of the subject who:

(a) Is a mentally competent adult;

(b) Had been legally domiciled with the subject for at least 12 months immediately preceding the death of the subject;

(c) Is not legally married to or legally separated from another individual;

(d) Was the sole partner of the subject; and

(e) Was jointly responsible with the subject for each other's common welfare as evidenced by joint living arrangements, joint financial arrangements or joint ownership of real or personal property;

(2) An adult son or daughter;
(3) A parent;
(4) An adult brother or sister;
(5) An adult grandchild;
(6) An adult niece or nephew who is the child of a brother or sister;
(7) A maternal grandparent;
(8) A paternal grandparent;
(9) An adult aunt or uncle;
(10) An adult first cousin;
(11) Any other adult relative in descending order of blood relationship; or
(12) If the subject is a veteran and has no known living spouse or adult relative, the Adjutant General or the Adjutant General's designee. For purposes of this paragraph, "veteran" has the same meaning as in section 2900, subsection 1, paragraph B. [PL 2015, c. 208, §1 (AMD).]

E. "Subject" means the person whose remains are placed in the custody and control of another person pursuant to this section. [PL 1993, c. 609, §1 (NEW).]

[PL 2015, c. 208, §1 (AMD).]

2. Custody and control generally. The custody and control of the remains of deceased residents of this State, dead bodies or dead human bodies are governed by the following provisions in the following order of priority:

A. If the subject has designated another person to have custody and control in a written and signed document, custody and control belong to that designated person; [PL 2017, c. 475, Pt. A, §31 (RPR).]

B. If the subject has not left a written and signed document designating a person to have custody and control, or if the person designated by the subject refuses custody and control, custody and control belong to the next of kin; and [PL 2017, c. 475, Pt. A, §31 (RPR).]

C. If the next of kin is 2 or more persons with the same relationship to the subject, the majority of the next of kin have custody and control. If the next of kin cannot, by majority vote, make a decision regarding the subject's remains, the court shall make the decision upon petition under subsection 4, paragraph D. [PL 2017, c. 475, Pt. A, §31 (RPR).]

If a person who has the right of custody and control under this subsection does not exercise the rights and responsibilities of custody and control within 4 days after the death of the subject, custody and control belong to a person from the next lower level of priority as established in paragraphs A to C.

If a person who has custody and control under this subsection does not complete decision making regarding final disposition within 30 days after taking custody and control, a funeral director or practitioner of funeral service who has physical possession of the remains or dead body may bury the remains or dead body at the expense of the funeral director or practitioner.

A person who has been charged with murder, as described in Title 17-A, section 201, or manslaughter, as described in Title 17-A, section 203, subsection 1, paragraph B, forfeits the right of custody and control provided under this subsection; and a funeral director or practitioner of funeral service who is aware of the charges may not release the remains or a dead body to that person who has been charged with murder or manslaughter. If the charges against the person are dismissed or the person is acquitted of the charges before the final disposition takes place, the person regains the right of custody and control in the same position of priority established in this subsection.

The remains or a dead body is considered abandoned if no one takes custody and control of the remains or dead body for a period of 15 days. A funeral director or practitioner of funeral service who has
physical possession of abandoned remains or an abandoned dead body may bury or cremate the remains or dead body. The funeral director or practitioner of funeral service may embalm or refrigerate abandoned remains or an abandoned dead body without authorization. A certificate of abandonment that indicates the means of disposition must be filed in the municipality where the death occurred. [PL 2017, c. 475, Pt. A, §31 (RPR).]

3. Estranged spouse or domestic partner. Notwithstanding subsection 2, if the surviving spouse or surviving domestic partner and the subject were estranged at the time of death, the spouse or domestic partner may not have custody and control of the subject's remains. In these cases, custody and control belong to the next of kin following the spouse or domestic partner. [PL 2003, c. 672, §20 (AMD).]

4. Court determination. Notwithstanding other provisions of this section, the court of probate for the residence of the deceased may award custody and control to the person determined by the court most fit and appropriate to carry out the responsibilities of custody and control, and may make decisions regarding the subject's remains if those having custody and control can not agree. The following provisions apply to court determinations under this subsection.

A. Before the subject's death, the subject or the subject's legal representative may file a petition regarding custody and control of the subject's remains. [PL 1993, c. 609, §1 (NEW).]

B. A relative of the subject may file a petition. [PL 1993, c. 609, §1 (NEW).]

C. A person who claims and establishes through evidence that that person has or had a closer personal relationship to the subject than the next of kin may file a petition, if that person lived with the subject and was not in the employ of the subject or the subject's family. [PL 1993, c. 609, §1 (NEW).]

D. If the next of kin is 2 or more persons with the same relationship to the subject, and the next of kin can not, by majority vote, make a decision regarding the subject's remains, 2 or more persons who have custody or control or a funeral director may file a petition asking the court to make a determination in the matter. The court shall consider the following in making its determination:

   1. The reasonableness and practicality of the proposed arrangements;
   2. The degree of the personal relationship between the subject and each of the 2 or more persons with custody and control;
   3. The desires of the person or persons who are ready, able and willing to pay the costs of the arrangements;
   4. The convenience and needs of other family and friends wishing to pay respect;
   5. The expressed written desires of the subject; and
   6. The degree to which the arrangements will allow maximum participation by all wishing to pay respect. [PL 1993, c. 609, §1 (NEW).]

5. Wishes of subject. If the subject has left written and signed instructions regarding funeral arrangements and disposal of the subject's remains, the person having custody and control shall abide by those wishes to the extent that the subject paid for those arrangements in advance or left resources for the purpose of carrying out those wishes. [PL 1993, c. 609, §1 (NEW).]

6. Effect of payment by others. Except to the degree it must be considered by the court under subsection 4, paragraph D, the fact that a person other than the subject has paid or agreed to pay for all or part of arrangements does not give that person a greater right to custody and control than that person would otherwise have.
7. Authority of personal representative. The personal representative of the estate of the subject does not, by virtue of being the personal representative, have a greater right to custody and control than the person would otherwise have.

8. Immunity. A party, including but not limited to a funeral director or practitioner of funeral service, who, in good faith, acts upon the instructions of the party having custody and control is not liable for having carried out those instructions, may not be held civilly or criminally liable and is not subject to disciplinary action for acting in accordance with those instructions.

9. Application. This section does not apply to the disposition of the remains of a deceased person under chapter 709. This section does not diminish or otherwise alter the authority of a medical examiner or other official authorized under chapter 711. This section does not alter the rights and obligations of the decedent's next of kin under Title 18.

10. Funeral director or practitioner of funeral service. The following provisions apply to the actions and liability of a funeral director or practitioner of funeral service, cemeteries and crematories and their employees.

A. If there is a dispute regarding custody and control, a funeral director or practitioner of funeral service may refuse to accept the remains or dead body, inter or otherwise dispose of the remains or dead body or complete funeral arrangements until the funeral director or practitioner of funeral service is provided with a court order under subsection 4 or a written agreement of the person who has custody and control.

B. If there is a dispute regarding custody and control, pending a court determination under subsection 4 a funeral director or practitioner of funeral service who has physical possession of the remains or a dead body may embalm or refrigerate and shelter the remains or a dead body and may bill the estate of the subject for those costs, plus attorney's fees and court costs.

C. A person who signs a statement of funeral goods and services, cremation authorization form or other authorization for disposition of the remains or a dead body is deemed to warrant the truthfulness of the facts set forth in the document, including but not limited to the existence of custody and control and the identity of the subject.

D. A funeral director or practitioner of funeral service, cemetery or crematory may rely on a statement of funeral goods and services, cremation authorization form or other authorization signed by a person who has custody and control of the remains or a dead body and may carry out the instructions provided for in the statement of funeral goods and services or on the form or authorization unless the funeral director or practitioner of funeral service, cemetery or crematory knows of objections from another person.

E. A funeral director or practitioner of funeral service, cemetery or crematory is not required to independently investigate custody and control of the remains or a dead body or who is next of kin.

F. Upon cremation of the remains or dead body, the crematory shall prepare a certificate of cremation signed and dated by the person in charge of the cremation indicating the date of cremation and the identity of the cremated remains or dead body as identified by the funeral director or practitioner of funeral service or the cremation authorization form, including the deceased person's full name, date and place of death, gender and veteran status. The crematory shall provide
the certificate of cremation to the funeral director or practitioner of funeral service or the person who has custody and control of the remains or dead body. [PL 2017, c. 101, §3 (NEW).]

[PL 2017, c. 101, §3 (AMD).]

DISPOSAL OF DEAD BODIES

§2881. Delivery to physician for scientific purposes

If any resident of the State requests or consents that after death his body may be delivered to a regular physician or surgeon for the advancement of anatomical science, it may be used for that purpose, unless some kindred or family connection makes objection.

§2882. Collection, distribution and delivery

The professors of anatomy, the professors of surgery and the demonstrators of anatomy in the medical schools of the State which are now or may hereafter become incorporated by Act of the Legislature shall be and are constituted a board for the collection, distribution and delivery of dead human bodies to and among such persons as under this chapter are entitled thereto. When no medical schools of the State are in active operation, the Superintendent of the Dorothea Dix Psychiatric Center, the Superintendent of the Riverview Psychiatric Center, the Superintendent of the Eastern Maine Medical Center, the Superintendent of the Maine Medical Center and the Superintendent of the Central Maine Medical Center shall constitute the board. The said board shall have full power to establish rules and regulations for its government and to appoint and remove officers, and shall keep full and complete minutes of its transactions. Records shall be kept under its direction of all bodies received and distributed by said board and of the persons to whom the same are distributed. The minutes and records shall be open at all times to the inspection of each member of said board, the Attorney General and the district attorney of any county within the State.

SECTION HISTORY

§2883. Deaths in almshouses, prisons and institutions

All public officers, agents and servants of any and every county and municipality, and of any and every almshouse, prison, morgue, hospital or any other public institution having charge or control over dead human bodies required to be buried at the public expense are required to notify immediately the board of distribution, or the person or persons as may from time to time be designated by the board, or its duly authorized officer or agent, whenever any body or bodies come into their possession, charge or control, and shall, without fee or reward, deliver the body or bodies to the board or its duly authorized officer or agent, and permit and suffer the board or its agents, or the physicians and surgeons from time to time designated by it or them, who comply with this chapter, to take and remove any and all bodies to be used within the State for the advancement of medical education. No notice need be given and no body must be delivered if any person, satisfying the authorities in charge of the body that the person is a member of the family or next of kin to the deceased, shall claim the body for burial, but it must be surrendered to the person for interment, and no notice may be given and no body delivered to the board or its agents if the deceased person was a traveler and not a vagabond, who died suddenly, in which...
case the body must be buried. No notice may be given and no body delivered to the board or its agents by the Department of Corrections if, at its option, the department assumes responsibility for the expenses of burial. The option may be exercised by the Department of Corrections regardless of whether the body is claimed by a member of the family or next of kin, but in such a case it may only be exercised with the agreement of the person making the claim. The superintendents and medical staffs of the Riverview Psychiatric Center and the Dorothea Dix Psychiatric Center, having charge or control over dead human bodies required to be buried at public expense, when no person satisfies the superintendent of either hospital for the mentally ill, and the department that the person is a member of the family of, or has some family connection or is next of kin to the deceased, and wishes to claim the body for burial, may for the advancement of science hold an autopsy and examine the body of the deceased person, notwithstanding any provisions of this chapter. [PL 1995, c. 395, Pt. G, §7 (AMD); PL 2005, c. 236, §§3, 4 (REV).]

Notwithstanding the availability of lump sum death benefits under the United States Social Security Act, the term "buried at public expense" as written in this section shall be deemed to include the unclaimed dead bodies of all indigent persons otherwise within the intendment of this section. [PL 1989, c. 56 (AMD).]

As used in this section, "burial" includes cremation and burial of the cremated remains of the body. [PL 2001, c. 386, §5 (NEW).]

SECTION HISTORY

§2884. Distribution of bodies

The board or its duly authorized agent may take and receive such bodies, so delivered, and shall upon receiving them after 7 days from the date of decease distribute and deliver them to or among the schools, physicians and surgeons in the following manner: Those schools needing bodies for lectures and demonstrations shall first be supplied as fast as practicable, the number assigned to each to be based upon the number of students in actual attendance, which number shall be returned to the board at such times as it shall direct. The board of distribution may from time to time designate physicians or surgeons who shall receive said bodies, applications to be considered in the order of their receipt by said board. Subject to this chapter, it shall be lawful for the University of Maine System, Colby College, Bates College and Bowdoin College or any recognized medical school in New England to receive such bodies for the promotion of medical education, which shall be construed to include nursing training and premedical education. [PL 1985, c. 778, §62 (AMD).]

SECTION HISTORY

§2885. Enclosed from public view; carriers to obtain receipts

The said board may employ a carrier or carriers for the conveyance of said bodies, and the said bodies shall be well enclosed within a suitable encasement and carefully deposited free from public observation. Said carrier shall obtain receipts by name or, if the deceased is unknown, by a description for each body delivered by him, which receipt shall state the source from which said body was received, and shall deposit said receipts with the secretary of said board.

§2886. Bond for proper disposal; traffic outside of State

No school, college, university, or any recognized medical school in New England, physician or surgeon shall be allowed or permitted to receive any such body or bodies until a bond shall be given to
the Treasurer of State by such physician or surgeon, or by and in behalf of such school, college, university or any recognized medical school in New England, to be approved by a justice of a court of record in and for the county in which said physician or surgeon resides, or in which such school, college, university or any recognized medical school in New England is situated. Such bond shall be in the penal sum of $1,000, conditioned that all such bodies, which the said physician or surgeon or the said school, college, university or any recognized medical school in New England shall receive thereafter, shall be used only for the promotion within the state of medical education, which shall be construed to include nursing training and premedical education, and when no longer needed for such educational purposes shall be decently buried. Said bond shall be examined annually in the month of December by the Treasurer of State and he shall certify in writing upon each bond in his possession his approval of the same. In case any bond is not approved by him, he shall immediately notify the party giving the same, who shall forthwith file a new bond. Whosoever shall sell or buy such body or bodies, or in any way traffic in the same, or shall transmit or convey such body or bodies to any place outside of the State, or cause the same to be done, except as provided in section 2884, shall be punished by a fine of not more than $200 or by imprisonment for not more than 11 months.

§2887. Expenses

Neither the State nor any county or municipality, nor any officer, agent or servant thereof shall be at any expense by reason of the delivery or distribution of any such body, but all the expenses thereof, and of said board of distribution, shall be paid by those receiving the bodies in such manner as shall be specified by said board of distribution.

§2888. Neglect to discharge duties

Any person having duties enjoined upon him by this chapter who shall neglect, refuse or omit to perform the same as required by this chapter shall, on conviction thereof, be punished by a fine of not less than $100 nor more than $500, for each offense.

2. Cremated remains of veterans. [PL 2011, c. 318, §1 (NEW).]

3. Sharing information. Notwithstanding any other provision of law, a funeral director, the Adjutant General or other authorized person under subsection 2 may share information concerning cremated remains in the funeral director's or other authorized person's possession with the United States Department of Veterans Affairs, the Adjutant General, a veterans' service organization or a national cemetery to determine whether the cremated remains are those of a veteran.

[PL 2011, c. 318, §1 (NEW).]

4. Effect of unrevoked refusal. Except as otherwise provided in section 2948, subsection 7, in the absence of an express, contrary indication by the individual set forth in the refusal, an individual's unrevoked refusal to make an anatomical gift of the individual's body or a part bars all other persons from making an anatomical gift of the individual's body or the part.

SECTION HISTORY

§2948. Preclusive effect of anatomical gift, amendment or revocation

1. Person other than donor barred. Except as otherwise provided in subsection 7, in the absence of an express, contrary indication by the donor, a person other than the donor is barred from making, amending or revoking an anatomical gift of a donor's body or a part if the donor made an anatomical gift of the donor's body or the part under section 2945 or an amendment to an anatomical gift of the donor's body or the part under section 2946.

PL 2007, c. 601, §2 (NEW).]

2. Revocation not refusal. A donor's revocation of an anatomical gift of the donor's body or a part under section 2946 is not a refusal and does not bar another person specified in section 2944 or 2949 from making an anatomical gift of the donor's body or a part under section 2945 or 2950.

PL 2007, c. 601, §2 (NEW).]

3. Effect of gift or amendment by person other than donor. If a person other than the donor makes an unrevoked anatomical gift of the donor's body or a part under section 2945 or an amendment to an anatomical gift of the donor's body or a part under section 2946, another person may not make, amend or revoke the gift of the donor's body or part under section 2950.

PL 2007, c. 601, §2 (NEW).]
4. **Effect of revocation by person other than donor.** A revocation of an anatomical gift of the donor's body or a part under section 2946 by a person other than the donor does not bar another person from making an anatomical gift of the body or a part under section 2945 or 2950. [PL 2007, c. 601, §2 (NEW).]

5. **Effect of gift of a part or for a purpose.** In the absence of an express, contrary indication by the donor or other person authorized to make an anatomical gift under section 2944:

A. An anatomical gift of a part is neither a refusal to give another part nor a limitation on the making of an anatomical gift of another part at a later time by the donor or another person under section 2945 or 2950; and [PL 2007, c. 601, §2 (NEW).]

B. An anatomical gift of a part for one or more of the purposes set forth in section 2944 is not a limitation on the making of an anatomical gift of the part for any of the other purposes by the donor or any other person under section 2945 or 2950. [PL 2007, c. 601, §2 (NEW).]

6. **Donor unemancipated minor.** If a donor who is an unemancipated minor dies under 18 years of age, a parent of the donor who is reasonably available may revoke or amend an anatomical gift of the donor's body or part. [PL 2007, c. 601, §2 (NEW).]

7. **Parent's revocation of unemancipated minor's refusal.** If an unemancipated minor who signed a refusal dies under 18 years of age, a parent of the individual who is reasonably available may revoke the individual's refusal. [PL 2007, c. 601, §2 (NEW).]

**SECTION HISTORY**

§2949. **Who may make anatomical gift of decedent's body or part**

1. **Gift by members of class; priority.** Subject to subsections 2 and 3 and unless barred by subsection 4, an anatomical gift of a decedent's body or part for purposes of transplantation, therapy, research or education may be made, in the order of priority listed, by any member of the following classes of persons who is reasonably available:

K. Any other person having the authority to dispose of the decedent's body. [PL 2007, c. 601, §2 (NEW).]

2. **Anatomical gift by member of class unless object.** If there is more than one member of a class listed in subsection 1, paragraph A, D, E, F, G, H or J entitled to make an anatomical gift, an anatomical gift may be made by a member of the class unless that member or a person to which the gift can pass under section 2951 knows of an objection by another member of the class. If an objection is known, the gift may be made only by a majority of the members of the class who are reasonably available.

3. **Member of prior class reasonably available.** No person may make an anatomical gift if, at the time of the decedent's death, a person in a prior class under subsection 1 is reasonably available to make or to object to the making of an anatomical gift.

4. **Gift barred.** An anatomical gift may not be made if doing so is barred by section 2947 or 2948.

§2950. **Manner of making, amending or revoking anatomical gift of decedent's body or part**

1. **Authorized person: document; oral communication.** A person authorized to make an anatomical gift under section 2949 may make an anatomical gift by a document of gift signed by the person making the gift or that person's oral communication that is electronically recorded or is contemporaneously reduced to a record and signed by the individual receiving the oral communication.

2. **Amendment or revocation by prior class member.** Subject to subsection 3, an anatomical gift by a person authorized under section 2949 may be amended or revoked orally or in a record by any member of a prior class who is reasonably available. If more than one member of the prior class is reasonably available, the gift may be amended or revoked only if a majority of the reasonably available members object to the amending or revoking of the gift or they are equally divided as to whether to amend or revoke an anatomical gift.

3. **Revocation effective if known.** A revocation under subsection 2 is effective only if the procurement organization or transplant hospital or the physician or technician knows of the revocation before an incision has been made to remove a part from the donor's body or before invasive procedures have begun to prepare the recipient.

4. **Requesting consent.** Consent for an anatomical gift by a recovery agency under section 2949 must be documented in writing or, if secured in a telephone conversation, in a suitable recording, must disclose in plain language the specific tissue, organ or body part being donated and the purpose for which the anatomical gift will be used and must comply in all respects with rules regarding consent requirements for anatomical gifting adopted by the department pursuant to subsection 5.

5. **Rulemaking.** The department, after consultation with the Office of the Attorney General, shall adopt rules to implement this section. The rules must provide specific requirements for all recovery agencies, require federally recognized recovery agencies to demonstrate compliance with applicable federal standards governing consent to anatomical gifts and require all other recovery agencies that do
not operate under federal regulation to demonstrate adherence to the consent requirements of this section. Rules adopted pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.
[PL 2007, c. 601, §2 (NEW).]

   [PL 2007, c. 601, §2 (NEW).]

4. No named recipient or purpose. If an anatomical gift of one or more specific parts is made in a document of gift that does not name a person described in subsection 1 and does not identify the purpose of the gift, the gift passes in accordance with subsection 6 and the decedent's parts must be used for transplantation or therapy, if suitable, and, if not suitable, the gift may be used for research or education.
   [PL 2007, c. 601, §2 (NEW).]

5. General intent. If a document of gift specifies only a general intent to make an anatomical gift by words such as "donor," "organ donor" or "body donor" or by a symbol or statement of similar import, the gift passes in accordance with subsection 6 and the decedent's parts must be used for transplantation or therapy, if suitable, and, if not suitable, the gift may be used for research or education.
6. Rules of passing anatomical gifts. For purposes of subsection 1, paragraph B and subsections 3, 4 and 5, the following rules apply:
   A. If the part is an eye, the gift passes to the appropriate eye bank. [PL 2007, c. 601, §2 (NEW).]

7. Passing of organ for transplantation or therapy. An anatomical gift of an organ for transplantation or therapy, other than an anatomical gift under subsection 1, paragraph B, passes to the organ procurement organization as custodian of the organ. [PL 2007, c. 601, §2 (NEW).]

8. Custody of body or part if not passed or used. If an anatomical gift does not pass pursuant to subsections 1 to 7 or the decedent's body or part is not used for transplantation, therapy, research or education, custody of the body or part passes to the person under obligation to dispose of the body or part. [PL 2007, c. 601, §2 (NEW).]

9. Acceptance of gift prohibited. A person may not accept an anatomical gift if the person knows that the gift was not effectively made under section 2945 or 2950 or if the person knows that the decedent made a refusal under section 2947 that was not revoked. For purposes of this subsection, if a person knows that an anatomical gift was made on a document of gift, the person is deemed to know of any amendment or revocation of the gift or any refusal to make an anatomical gift on the same document of gift. [PL 2007, c. 601, §2 (NEW).]

§2954. Rights and duties of procurement organization and others

1. **Reasonable search of registry and records.** When a hospital refers an individual at or near death to a procurement organization, the organization shall make a reasonable search of any donor registry and records of the Secretary of State that it knows exist for the geographical area in which the individual resides to ascertain whether the individual has made an anatomical gift.

[PL 2007, c. 601, §2 (NEW).]

2. **Reasonable access to records of donor registry.** A procurement organization must be allowed reasonable access to information in the records of the donor registry to ascertain whether an individual at or near death is a donor.

[PL 2007, c. 601, §2 (NEW).]

3. **Reasonable examination to determine medical suitability.** When a hospital refers an individual at or near death to a procurement organization, the organization may conduct any reasonable examination necessary to assess the medical suitability of a part that is or could be the subject of an anatomical gift for transplantation, therapy, research or education from a donor or a prospective donor. During the examination period, measures necessary to maintain the potential medical suitability of the part may not be withdrawn unless the hospital or procurement organization knows that the individual expressed a contrary intent.

[PL 2007, c. 601, §2 (NEW).]

4. **Reasonable examination after death.** Unless prohibited by law other than this chapter, at any time after a donor's death, the person to which a part passes under section 2951 may conduct any reasonable examination necessary to assess the medical suitability of the body or part for its intended purpose.

[PL 2007, c. 601, §2 (NEW).]

5. **Examination of medical records.** Unless prohibited by law other than this chapter, an examination under subsection 3 or 4 may include an examination of all medical records of the donor or prospective donor.

[PL 2007, c. 601, §2 (NEW).]
6. **Reasonable search for parents of minor.** If a donor, at the time of death, is under 18 years of age, a procurement organization shall conduct a reasonable search for the parents of the donor and, unless the procurement organization knows the donor is an emancipated minor, provide the parents with an opportunity to revoke or amend the anatomical gift or revoke a refusal.

[PL 2007, c. 601, §2 (NEW).]

7. **Reasonable search for person to make gift on behalf of donor.** A procurement organization shall make a reasonable search for any person listed in section 2949 having priority to make an anatomical gift on behalf of a prospective donor.

[PL 2007, c. 601, §2 (NEW).]

8. **Advise of relevant information.** If a procurement organization receives information that an anatomical gift to any other person was made, amended or revoked, it shall promptly advise the other person of all relevant information.

9. **Superior rights.** Subject to section 2951, subsection 8 and section 2961, the rights of the person to which a part passes under section 2951 are superior to rights of all others with respect to the part. The person may accept or reject an anatomical gift in whole or in part. Subject to the terms of the document of gift and this chapter, a person that accepts an anatomical gift of an entire body may allow embalming or cremation and use of remains in a funeral service. If the gift is of a part, the person to which the part passes under section 2951, upon the death of the donor and before embalming or cremation, shall cause the part to be removed without unnecessary mutilation.

[PL 2007, c. 601, §2 (NEW).]

10. **Removal or transplantation procedure.** Neither the physician who attends the decedent at death nor the physician who determines the time of the decedent's death may participate in the procedures for removing or transplanting a part from the decedent.

[PL 2007, c. 601, §2 (NEW).]

11. **Physician or technician qualified.** A physician or technician may remove a donated part from the body of a donor that the physician or technician is qualified to remove.

SECTION HISTORY

§2958. **Donor registry**

1. **Elements of donor registry.** A donor registry must:
   A. Provide a database that allows an individual who has made an anatomical gift to be included on the donor registry. The Maine Organ Donor Registry maintained under Title 29-A, section 1402-A must comply with this paragraph beginning January 1, 2010; [PL 2007, c. 601, §2 (NEW).]

   C. Be accessible for purposes of paragraph B 7 days a week on a 24-hour basis. [PL 2007, c. 601, §2 (NEW).]

2. **Nondisclosure of personally identifiable information.** Personally identifiable information on a donor registry about a donor or prospective donor may not be used or disclosed without the express consent of the donor, prospective donor or the person that made the anatomical gift for any purpose other than to determine, at or near death of the donor or prospective donor, whether the donor or prospective donor has made an anatomical gift. [PL 2007, c. 601, §2 (NEW).]

3. **Other registries.** This section does not prohibit any person from creating or maintaining a donor registry that is not established by or under contract with the State. A registry under this subsection must comply with this chapter.
4. **Certification of donor registries.** Prior to the establishment of a nongovernmental donor registry, the donor registry must be certified by the department to ensure the registry operates in accordance with the standards and requirements of this chapter except that a donor registry established by an organ procurement organization designated by and in good standing with the United States Department of Health and Human Services is exempt from the certification requirement.

5. **Rulemaking.** The department shall adopt rules to implement this section. Rules adopted pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.

### §2959. Honoring decision of donors

A person's decision to make a donation of that person's own body, organ or tissue after death must be honored. In the absence of a revocation or amendment under section 2946, health care providers and procurement organizations shall act in accordance with the donor's decision and may take appropriate actions to effect the gift.  

### §2960. Cooperation between Chief Medical Examiner and procurement organization

1. **Cooperation to maximize opportunity.** The Chief Medical Examiner shall, consistent with the requirements of chapter 711, cooperate with a procurement organization to maximize the opportunity to recover anatomical gifts for the purpose of transplantation, therapy, research or education.

2. **Examination within compatible time period.** If the Chief Medical Examiner receives notice from a procurement organization that an anatomical gift might be available or was made with respect to a decedent whose body is under the jurisdiction of the Chief Medical Examiner and a postmortem examination may be performed, unless the Chief Medical Examiner denies recovery in accordance with section 2961, the Chief Medical Examiner or designee shall undertake reasonable efforts to conduct a postmortem examination of the body or the part in a manner and within a time period compatible with its preservation for the purposes of the gift.

3. **Subject of an anatomical gift.** A part may not be removed from the body of a decedent under the jurisdiction of the Chief Medical Examiner for transplantation, therapy, research or education unless the part is the subject of an anatomical gift. The body of a decedent under the jurisdiction of the Chief Medical Examiner may not be delivered to a person for research or education unless the body is the subject of an anatomical gift. This subsection does not preclude the Chief Medical Examiner from performing the medicolegal investigation upon the body or parts of a decedent under the jurisdiction of the Chief Medical Examiner.
1. Release of information. Subject to section 3022, subsections 8 and 13, upon request of a procurement organization, the Chief Medical Examiner shall release to the procurement organization the name, contact information and available medical and social history of a decedent whose body is under the jurisdiction of the Chief Medical Examiner pursuant to chapter 711. If the decedent's body or part is medically suitable for transplantation, therapy, research or education, the Chief Medical Examiner shall release postmortem examination results to the procurement organization. The procurement organization may make a subsequent disclosure of the postmortem examination results or other information received from the Chief Medical Examiner only if relevant to transplantation, therapy or with the express authorization of the Chief Medical Examiner, if relevant to research. [PL 2007, c. 601, §2 (NEW).]

2. Medicolegal examination. The Chief Medical Examiner may conduct a medicolegal examination by reviewing all medical records, laboratory test results, x-rays, other diagnostic results and other information that any person possesses about a prospective donor or a donor whose body is under the jurisdiction of the Chief Medical Examiner that the Chief Medical Examiner determines may be relevant to the investigation. [PL 2007, c. 601, §2 (NEW).]

3. Provision of information. A person that has any information requested by the Chief Medical Examiner pursuant to subsection 2 shall provide that information as expeditiously as possible to allow the Chief Medical Examiner to conduct the medicolegal investigation within a period compatible with the preservation of parts for purposes of transplantation, therapy, research or education. [PL 2007, c. 601, §2 (NEW).]

4. Removal not interfering with examination. If an anatomical gift has been or might be made of a part of a decedent whose body is under the jurisdiction of the Chief Medical Examiner and a postmortem examination is not required, or the Chief Medical Examiner determines that a postmortem examination is required but that the recovery of the part that is the subject of an anatomical gift will not interfere with the examination, the Chief Medical Examiner and procurement organization shall cooperate in the timely removal of the part from the decedent for purposes of transplantation, therapy, research or education. [PL 2007, c. 601, §2 (NEW).]

5. Removal may interfere with examination. If an anatomical gift of a part from a decedent under the jurisdiction of the Chief Medical Examiner has been or might be made, but the Chief Medical Examiner believes that the recovery of the part may interfere with the postmortem investigation as required by chapter 711, the Chief Medical Examiner shall make a reasonable effort to consult with the procurement organization or physician or technician designated by the procurement organization about the proposed recovery in an effort to facilitate recovery consistent with discharge of the obligations of the Chief Medical Examiner. [PL 2007, c. 601, §2 (NEW).]

6. If recovery denied. If the Chief Medical Examiner or designee denies recovery, the Chief Medical Examiner or designee shall provide the specific reasons for not allowing recovery of the part to the procurement organization. [PL 2007, c. 601, §2 (NEW).]

7. Record provided to Chief Medical Examiner. If the Chief Medical Examiner or designee allows recovery of a part under subsection 4 or 5, upon request the procurement organization shall cause the physician or technician who removes the part to provide the Chief Medical Examiner with a record describing the condition of the part, a biopsy, a photograph and any other information and observations that would assist in the postmortem examination. [PL 2007, c. 601, §2 (NEW).]
§2962. Registration of recovery agencies

1. Registration. Except as provided under subsection 2, a recovery agency must be registered by the department prior to requesting, receiving or otherwise participating in an anatomical gift under this chapter. [PL 2007, c. 601, §2 (NEW).]

2. Rulemaking. The department shall adopt rules governing the registration of recovery agencies. The rules must provide for exemptions for organ procurement organizations designated by the United States Department of Health and Human Services and tissue banks registered with the United States Department of Health and Human Services, Food and Drug Administration that are in good standing with their respective federal oversight agencies. The rules may provide for exemptions for other recovery agencies if such agencies operate in full compliance with this chapter. Rules adopted pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A. [PL 2007, c. 601, §2 (NEW).]

3. Fees. The department may charge reasonable registration fees to defray administrative costs in administering this section. [PL 2007, c. 601, §2 (NEW).]

§3025. Medical examiner case

1. Circumstances of death that must be reported. A medical examiner case may exist and must be reported as provided in section 3026 when remains are found that may be human and raise suspicion that death has occurred under any of the following circumstances:

   A. Death is suspected of having been caused by any type of physical injury, including poisoning, regardless of whether the suspected manner of death is homicide, suicide or accident. This circumstance must be reported irrespective of whether the deceased had been attended by a physician, was a patient in a hospital, survived for a considerable time following the physical injury or died from terminal natural causes consequent to and following the physical injury; [PL 2003, c. 433, §1 (AMD).]

   B. Suddenly when the person is in apparent good health and has no specific natural disease sufficient to explain death; [PL 1985, c. 611, §6 (RPR).]

   C. During diagnostic or therapeutic procedures under circumstances indicating gross negligence or when clearly due to trauma or poisoning unrelated to the ordinary risks of those procedures; [PL 1985, c. 611, §6 (RPR).]

   D. Death when the person is in custody pursuant to an arrest, confined in a state correctional or detention facility, county jail, other county correctional or detention facility or local lockup or is on the way to or from a courthouse or any of these places while in the custody of a law enforcement officer or county or state corrections official; [PL 2011, c. 420, Pt. D, §2 (AMD); PL 2011, c. 420, Pt. D, §6 (AFF).]

   E. Death while the person is a patient or resident of a facility of the Department of Health and Human Services or residential care facility maintained or licensed by the Department of Health and Human Services, unless clearly certifiable by an attending physician as due to specific natural causes; [PL 1985, c. 611, §6 (RPR); PL 1995, c. 560, Pt. K, §82 (AMD); PL 1995, c. 560, Pt. K, §83 (AFF); PL 2001, c. 354, §3 (AMD); PL 2003, c. 689, Pt. B, §6 (REV).]

   F. Death suspected of being due to a threat to the public health when the authority of the medical examiner is needed to adequately study the case for the protection of the public health; [PL 1985, c. 611, §6 (RPR).]

   G. Death suspected of not having been certified, including, but not limited to, bodies brought into the State and any buried remains uncovered other than by legal exhumation; [PL 1985, c. 611, §6 (RPR).]

   H. Deaths suspected of being medical examiner cases which may have been improperly certified or inadequately examined, including, but not limited to, bodies brought into the State under those circumstances; [PL 1991, c. 339, §3 (AMD).]

   I. Sudden infant death syndrome deaths and all other deaths of children under the age of 18 unless clearly certifiable by an attending physician as due to specific natural causes unrelated to abuse or neglect; [PL 1985, c. 611, §6 (RPR).]
J. Whenever human or possibly human remains are discovered not properly interred or disposed of, for which the responsibility to do so cannot be readily determined; or [PL 1985, c. 611, §6 (RPR).]

K. Any cause when there is no attending physician capable of certifying the death as due to natural causes. When a person dies who is under the care of a religious practitioner who uses prayer and spiritual means of healing, the fact that the deceased has been under such religious care does not warrant suspicion of foul play or investigation beyond that warranted by the other facts of the case. [PL 1985, c. 611, §6 (RPR).]

In the absence of any of the circumstances outlined in this subsection, the fact that a patient dies within 24 hours of admission to a hospital or other health care facility need not be reported to the Office of Chief Medical Examiner.

In any case in which the necessity of a report is questionable, a report must be made. [PL 2019, c. 87, §1 (AMD).]

1-A. Medical examiner case determination. Notwithstanding that a case must be reported under subsection 1, the acceptance of any reported death as a medical examiner case is to be determined by the Chief Medical Examiner unless acceptance is specifically ordered by the Attorney General or district attorney having jurisdiction.

The following deaths that must be reported need not be accepted by the Chief Medical Examiner as a medical examiner case:

A. Deaths due to the consequences of long-term exposure to environmental or occupational toxins or long-term exposure to carcinogens; [PL 2019, c. 87, §2 (AMD).]

B. Deaths in the elderly who have sustained limb or axial fractures, excluding the head, for which they are or have been hospitalized; or [PL 2003, c. 433, §4 (NEW).]

C. Sudden natural deaths in the elderly who have not had previous specific symptoms or who were not under treatment by a physician for the specific natural cause that is considered to be the cause of death. [PL 2003, c. 433, §4 (NEW).]

These reportable deaths may be referred back to the attending physician by the Chief Medical Examiner for certification of the death, even though the attending physician has not treated the patient for the specific natural disease that the attending physician will enter as the physician's diagnosis. [PL 2019, c. 87, §2 (AMD).]

2. Attendance by physician. [PL 2003, c. 433, §5 (RP).]

3. Transplant operations. No operation for the transplant of an organ or a portion of any organ may take place, when the donor's death occurs under circumstances indicating a medical examiner case, without approval of the medical examiner. Any doctor performing a transplant operation when the donor has died under these circumstances shall note the condition of the vital organs in the region of surgery and shall include this notation in a written report of the operation and manner in which death was pronounced, with the report to be given to the medical examiner upon his request. The medical examiner may choose to be present during the removal of the donated organ. [PL 1985, c. 611, §6 (RPR).]

4. Questionable cases and cases that may constitute exceptions. [PL 2003, c. 433, §6 (RP).]

5. Delayed reports. When a death has occurred that falls under this law as a medical examiner case and the body has already been released for final disposition, the case may be accepted and the
body ordered held for examination by a medical examiner, but no exhumation may take place when the body has been finally interred, except pursuant to section 3029.

[PL 1985, c. 611, §6 (NEW).]

§3026. Reports of death

1. Persons suspecting medical examiner case. Any person who becomes aware of a suspected medical examiner case shall immediately notify a law enforcement officer or the Office of Chief Medical Examiner. [PL 2001, c. 222, §7 (AMD).]

[PL 2001, c. 222, §7 (AMD).]

3. Medical examiners suspecting medical examiner case. Any medical examiner who becomes aware of a death caused by physical injury, or in which physical injury is the suspected cause, shall immediately notify the Office of Chief Medical Examiner and the appropriate law enforcement agency. The agency shall notify the district attorney for the district in which the body is located.

[PL 2001, c. 222, §7 (AMD).]

4. Cases involving or suspected of involving physical injury attributable to criminal conduct. Any law enforcement officer or medical examiner who becomes aware of a death involving physical injury attributable to criminal conduct, or in which physical injury attributable to criminal conduct is suspected, other than vehicular manslaughter, in addition to complying with the notification requirements in subsection 3, shall immediately notify the Attorney General.

[PL 2001, c. 222, §7 (AMD).]

SECTION HISTORY

§3027. Procedure at scene of death

1. Movement or alteration of body prohibited. Except as otherwise provided in this section:

A. In any medical examiner case a person may not move or alter the body or any objects at the scene of death prior to the arrival, or without the express authorization, of the medical examiner or Office of Chief Medical Examiner; [PL 2001, c. 222, §8 (AMD).]

B. In any medical examiner case in which physical injury attributable to noncriminal conduct is suspected or in which any physical injury by motor vehicle, including vehicular manslaughter, is suspected, a person may not move or alter the body or any objects at the scene of death prior to the arrival, or without the express authorization, of the district attorney for the district in which the body is located or the district attorney's authorized representative; and [PL 2001, c. 222, §8 (AMD).]
C. In any medical examiner case in which physical injury attributable to criminal conduct other than vehicular manslaughter is suspected, a person may not move or alter the body or any objects at the scene of death prior to the arrival, or without the express authorization, of the Attorney General or the Attorney General's authorized representative. [PL 2001, c. 222, §8 (AMD).] [PL 2001, c. 222, §8 (AMD).]

2. Preservation or removal of body. In any medical examiner case in which the body is in danger of being destroyed or lost or the location of the body renders it a serious threat to the safety or health of others, a person may take whatever steps are reasonably necessary for the retention or preservation of the body prior to the arrival or authorization of the medical examiner or the Office of Chief Medical Examiner. The person shall first, if practicable, exactly mark the location and position of the body.

In any medical examiner case in which physical injury attributable to criminal conduct other than vehicular manslaughter is not suspected and the presence of the body is likely to cause hardship or outrage, and a medical examiner or the Office of Chief Medical Examiner can not be reached in a reasonable period of time, the district attorney for the district in which the body is located or the district attorney's authorized representative may authorize removal of the body by the law enforcement officer in charge of the scene. The officer shall first, if practicable, exactly mark the location and position of the body.

A. When death occurs in a medical facility such as a hospital or an ambulance, the body may be removed to a mortuary under the following conditions:

(1) The incident causing the death did not occur in the medical facility;

(2) The body is transported to a secure place in the same condition as when death occurred; and

(3) The only alterations are the disconnecting of fixed medical equipment. [PL 1979, c. 538, §7 (NEW).] [PL 2001, c. 222, §8 (AMD).]

3. Procedures. Before removal of the body as provided in subsection 2, the law enforcement officer shall whenever possible arrange for photographs, measurements and a record of the location and position of the body.

When the death is suspected of involving physical injury attributable to criminal conduct other than vehicular manslaughter, the procedure in this subsection must be undertaken with the supervision of an authorized representative of the Attorney General.

In all medical examiner cases in which physical injury attributable to criminal conduct other than vehicular manslaughter is suspected, the procedure in this subsection may be waived concurrently by the Chief Medical Examiner and the Attorney General or the Attorney General's authorized representative.

In all other medical examiner cases the procedure in this subsection may be waived concurrently by the medical examiner and the district attorney for the district in which the body is located or the district attorney's authorized representative. [PL 2001, c. 222, §8 (AMD).]

SECTION HISTORY

§3028. Investigation; autopsy

1. Authority to conduct investigation. The medical examiner or medicolegal death investigator has authority to conduct an investigation and inquiry into the cause, manner and circumstances of death in a medical examiner case. The medical examiner or medicolegal death investigator shall, if it is
determined necessary, immediately proceed to the scene and, subject to the authority of the Attorney General, assume custody of the body for the purposes of the investigation, and shall retain custody until the investigation has been completed or until the Chief Medical Examiner has assumed charge of the case.

[PL 2013, c. 113, §4 (AMD).]

2. **Investigation by law enforcement officer.** When death is not suspected to be the result of physical injury attributable to criminal conduct, the medical examiner may elect not to proceed to the scene, or the Chief Medical Examiner may elect not to dispatch a medical examiner or medicolegal death investigator to the scene. If the medical examiner elects not to proceed to the scene, or the Chief Medical Examiner elects not to dispatch a medical examiner or medicolegal death investigator to the scene, the law enforcement officer in charge of the scene shall:

A. Investigate, take photographs and take possession of useful objects as directed by the medical examiner, medicolegal death investigator or the Office of Chief Medical Examiner pursuant to subsection 4; [PL 2013, c. 113, §5 (AMD).]

B. [PL 2001, c. 291, §2 (RP).]

C. Remove the body in accordance with the instructions of the medical examiner, medicolegal death investigator or the Office of Chief Medical Examiner; and [PL 2013, c. 113, §5 (AMD).]

D. Make a report of the investigation available to the medical examiner, medicolegal death investigator or the Office of Chief Medical Examiner. [PL 2013, c. 113, §5 (AMD).]

3. **Assistance of law enforcement agency.** The medical examiner, the medicolegal death investigator or the pathologist as described in subsection 8 may request the assistance and use of the facilities of the law enforcement agency having jurisdiction over the case for the purposes of photographing, fingerprinting or otherwise identifying the body. That agency shall provide the medical examiner, medicolegal death investigator or pathologist with a written report of the steps taken in providing the assistance. [PL 2013, c. 113, §6 (AMD).]

4. **Possession of useful objects.** Except as otherwise directed by the Attorney General, the Attorney General's deputies or assistants, the medical examiner, the medicolegal death investigator or the Office of Chief Medical Examiner may direct that a law enforcement officer at the scene make measurements, take photographs and take possession of all objects that in the opinion of the medical examiner, medicolegal death investigator or the Office of Chief Medical Examiner may be useful in establishing the cause, manner and circumstances of death. For these same purposes, the medical examiner, medicolegal death investigator or the Office of Chief Medical Examiner may direct that a law enforcement officer take possession of any objects or specimens that have been removed from the victim at the scene or elsewhere while under medical care. [PL 2013, c. 113, §7 (AMD).]

5. **Requests for objects.** Any person having possession of any object or objects, as described in subsection 4, shall at the request of the medical examiner or medicolegal death investigator give that object or objects to a law enforcement officer, to the medical examiner, to the medicolegal death investigator or to the Office of Chief Medical Examiner. Medical personnel and institutions turning over any objects or specimens that have been removed from the victim while under medical care are immune from civil or criminal liability when complying with this subsection. Original written or recorded material that might express suicidal intent must be sent to the Office of Chief Medical Examiner. The Chief Medical Examiner may elect to accept copies in place of originals. [PL 2017, c. 475, Pt. A, §36 (AMD).]
6. Examination of body. In all cases, the medical examiner or medicolegal death investigator shall conduct a thorough examination of the body except in those cases when the body has already been disposed of and is not being exhumed or when the Chief Medical Examiner or Deputy Chief Medical Examiner determines, after review of available records and known circumstances, that the report of the death of the decedent may be certified and completed without examining the body.

[PL 2013, c. 113, §9 (AMD).]

7. Written report. Upon completing an investigation, the medical examiner or medicolegal death investigator shall submit a written report of the investigator's findings to the Chief Medical Examiner on forms provided for that purpose. The investigator shall retain one copy of the report.

If an investigator reports suspected abuse, neglect or exploitation to the Chief Medical Examiner, the Chief Medical Examiner, by reporting that information to the department on behalf of the investigator, fulfills the medical examiner's mandatory reporting requirement under section 3477 or 4011-A.

[PL 2013, c. 113, §10 (AMD).]

8. Autopsy. If, in any medical examiner case, in the opinion of the medical examiner, the Chief Medical Examiner, the district attorney for the district in which the death has occurred or the Attorney General, it is advisable and in the public interest that an autopsy be made, the autopsy must be conducted by the Chief Medical Examiner or by a physician that the medical examiner, with the approval of the Chief Medical Examiner, may designate. The medical examiner, with the approval of the Chief Medical Examiner, may elect to perform the autopsy. The person who performs the autopsy shall make a complete report of the findings of the autopsy and shall transmit the report to the medical examiner and the Office of Chief Medical Examiner, retaining one copy of the report.

9. Autopsy of child. In the case of a child under the age of 3 years, when death occurs without medical attendance or, if attended, without a specific natural cause, the medical examiner shall order an autopsy. The autopsy may be waived by the Chief Medical Examiner, as long as the Chief Medical Examiner includes the reason for the waiver in the record.

[PL 2001, c. 222, §9 (AMD).]

10. Chief Medical Examiner; jurisdiction. The Chief Medical Examiner may assume jurisdiction over a medical examiner case and may recertify the death when the Chief Medical Examiner finds that it is in the public interest to do so. The Chief Medical Examiner shall include the reasons for so doing in the record.

[PL 2001, c. 222, §9 (AMD).]

11. Final release of body. In any medical examiner case the body shall not be finally released for embalming or burial except by order of the medical examiner in charge of the case, or by the Chief Medical Examiner. No medical examiner may release a body without first ensuring that the case has been reported to the Office of Chief Medical Examiner.

[PL 1985, c. 611, §7 (AMD).]

12. Report to domestic abuse panel. If the Chief Medical Examiner determines that a death resulted from criminal conduct and that the victim was pregnant at the time of death, the Chief Medical Examiner shall send a copy of any report prepared under this section to the Domestic Abuse Homicide Review Panel created pursuant to Title 19-A, section 4013.

[PL 2005, c. 88, Pt. A, §2 (NEW).]

Ashes of remains cremated may be disposed of in any appropriate manner. Human remains uncovered in a cared-for cemetery or known to be Indian remains are excluded from the operation of this section. [PL 2017, c. 335, §1 (AMD).]

The Chief Medical Examiner may assume responsibility for the disposal of identified human remains of a deceased resident of this State that are the subject of a medical examiner case if no one takes custody and control of the human remains for a period of 30 days after the Chief Medical Examiner has both completed an autopsy or necessary examination of the human remains and made reasonable inquiry under section 3028-D, subsection 1. Such abandoned remains may be interred or cremated. The Chief Medical Examiner shall file or cause to be filed a certificate of abandonment in the municipality where the human remains were recovered that indicates the means of disposal. [PL 2017, c. 335, §1 (NEW).]

In the absence of a responsible party, payment of expenses incurred by the Chief Medical Examiner pursuant to this section must be made pursuant to section 3028-D, subsection 2 as if the remains were unidentified. The Chief Medical Examiner may seek to recover costs from the estate or municipality of residence of the deceased. [PL 2017, c. 335, §1 (NEW).]

[PL 2017, c. 475, Pt. A, §37 (AMD).]

2. Disposal of substantial body fragments. The Chief Medical Examiner may dispose of substantial fragments of bodies that have been retained for evidence, further study or documentation or that have been recovered after the rest of the body has been finally released, in accordance with section 3028-A, unless claimed by the person responsible for burial. [PL 1985, c. 611, §8 (NEW).]

SECTION HISTORY

The Chief Medical Examiner may require hospitals, physicians, dentists and other medical institutions and practitioners to provide information, samples and specimens. A person participating in good faith in the provision of the information, samples or specimens under this section is immune from any civil or criminal liability for that act or for otherwise cooperating with the Chief Medical Examiner.
[PL 1991, c. 339, §5 (NEW).]

2. Confidentiality; disclosure. Except as provided in subsection 5, all information and materials gathered and retained pursuant to this section must be used solely for the purposes of identification of deceased persons and persons found alive who are unable to identify themselves because of mental or physical impairment. The files and materials are confidential, except that compiled data that does not identify specific individuals may be disclosed to the public. Upon the identification of a deceased person, those records and materials used for the identification may become part of the records of the Office of Chief Medical Examiner and may then be subject to public disclosure as pertinent law provides.

SECTION HISTORY

§3102. Transfer of paupers and public assistance recipients between states
The department shall have authority to enter into reciprocal agreements with corresponding agencies of other states, and to arrange with their local or county boards for the acceptance, transfer and support of persons going from one state to another and becoming public charges and to continue payments of public assistance until eligibility to receive assistance under a similar program has been established in the other state and the first payment from the other state has been received by such
recipient. Such reciprocal agreements shall in no way commit the State to support persons who are not, in the opinion of the department, entitled to support under the laws of this State.

§3103. Information upon request

The commissioner shall give to the Governor or to the Legislature or any committee thereof at any time upon their request information and advice with reference to any charitable or correctional institution about which he has information. The officers in charge of any institution of a charitable or correctional nature under the inspection of the department and local boards or committees having any powers or duties relative to the management of the same, and those who are in any way responsible for the administration of public funds used for the relief or maintenance of the poor, shall furnish to the department such information and statistics as may be demanded on such forms as the department may consider necessary to secure uniformity and accuracy in the statements.    A. Administer a statewide program in accordance with the related requirements and regulations of the United States Department of Agriculture, the United States Department of Health and Human Services and the United States Department of Education; and [PL 2009, c. 291, §2 (AMD).]

   B. Cooperate with and participate in the administration of food distribution programs in conformity with regulations promulgated by the United States Department of Agriculture. [PL 1977, c. 462 (NEW).]

[PL 2009, c. 291, §2 (AMD).]

2. Costs.

[PL 1981, c. 703, Pt. A, §21 (RP).]

3. Authorization of emergency food stamp benefits prior to full verification.

[PL 2009, c. 291, §2 (RP).]

3-A. Authorization of emergency food supplement benefits prior to full verification. Whenever an applicant for benefits under the food supplement program states to the department that the applicant is in need of immediate food assistance, the department shall, pending verification, issue and mail an electronic benefits transfer card authorizing the applicant to purchase food at the time of the department's initial interview with the applicant or within one working day of the interview, as long as all of the following conditions are met.

   A. As a result of the initial interview with the applicant, the department must have determined that the household of the applicant will probably be eligible for food supplement program benefits after full verification is completed. [PL 2009, c. 291, §2 (NEW).]

   B. When possible, the applicant shall submit to the department, at the time of the initial interview, adequate documentation to verify that the applicant is in need of immediate food assistance. [PL 2009, c. 291, §2 (NEW).]

   C. When adequate documentation is not available at the time of the initial interview, the department shall contact at least one other person for the purpose of obtaining information to confirm the applicant's statements about the applicant's need for immediate food assistance. [PL 2009, c. 291, §2 (NEW).]
The authorization to receive food supplement program benefits under this section may not exceed 30 days from the date that the applicant receives the authorizing card. Additional food supplement program benefits may not be issued to the applicant's household until full verification has been obtained that confirms the eligibility of the household.

[PL 2009, c. 291, §2 (NEW).]

4. Mail issuance of coupons.
[PL 2009, c. 291, §2 (RP).]

4-A. Electronic benefits transfer system. The department shall operate a system of issuance of food allotments through an electronic benefits transfer system as authorized by and in conformity with regulations promulgated by the United States Department of Agriculture.
[PL 2009, c. 291, §2 (NEW).]

5. Outreach. It is the intent of the Legislature that the department fully carry out all outreach activities established by federal regulation to encourage the participation of all eligible households. In carrying out its outreach activities, the department shall insure that all applicants and recipients are informed of their right to have the requirement for a face-to-face interview waived as provided by federal regulations.
[PL 1979, c. 386 (NEW).]

6. Bilingual requirements.
[PL 2009, c. 291, §2 (RP).]

7. Verification of information. The department shall establish and implement uniform verification procedures that will be applied to all applicants and recipients.
[PL 1979, c. 386 (NEW).]

[PL 2009, c. 291, §2 (AMD).]

10. Supplemental monthly issuance. Whenever a household receiving benefits through the food supplement program informs the department of a change in circumstances that will result in an increase in its food supplement benefit, the department shall issue a supplemental allotment to that household for the month in which the change is reported. The supplemental allotment must represent the difference between the amount for which the household was originally certified in that month and the amount for which it is actually eligible as a result of its reported change in circumstances. The department shall issue that supplemental allotment within 5 working days of the date that the change in circumstances was reported.
[PL 2009, c. 291, §2 (AMD).]

11. Food supplement program overpayment recovery. The Food Supplement Administration account is established as a nonlapsing Other Special Revenue Funds account in the Department of Health and Human Services, Food Supplement Administration program. Any allowable portion of money, as determined pursuant to federal law, recovered by the department as a result of the overpayment of food supplement benefits must be deposited into the Other Special Revenue Funds, Food Supplement Administration account.
[PL 2019, c. 343, Pt. HHHH, §1 (AMD).]
12. **Penalty.** The unauthorized issuance, redemption, use, transfer, acquisition, alteration or possession of coupons or other program access device, including an electronic benefits transfer card, may subject an individual, partnership, corporation or other legal entity to prosecution by the State in accordance with Sections 15 (b) and 15 (c) of the federal Food Stamp Act of 1977 and the federal Food and Nutrition Act of 2008. Penalties are in accordance with those outlined in federal law or regulations. [PL 2011, c. 687, §10 (AMD).]

13. **Categorical eligibility.** The department shall adopt rules that maximize access to the food supplement program for households in which there is a child who would be a dependent child under the Temporary Assistance for Needy Families program but that do not receive a monthly cash assistance grant from the Temporary Assistance for Needy Families program. Under rules adopted pursuant to this subsection, certain of these families must be authorized to receive referral services provided through the Temporary Assistance for Needy Families block grant and be categorically eligible for the food supplement program in accordance with federal law. Rules adopted pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.
[RR 2015, c. 1, §20 (COR).]

[PL 2009, c. 291, §2 (AMD).]

[PL 2017, c. 284, Pt. NNNNNNN, §8 (NEW).]

16. **Certain lottery and gambling winners ineligible.** A recipient of food assistance through the food supplement program may be denied food assistance as described in this subsection.

A. Lottery and gambling winnings of $5,000 or more, actually received after any offsets to the winnings required by law by an individual in the recipient's household within one calendar month, disqualifies the household from receiving food assistance through the food supplement program until financial eligibility guidelines set forth in department rule are met. [PL 2017, c. 284, Pt. NNNNNNN, §8 (NEW).]

B. The department shall enter into an agreement with the Department of Administrative and Financial Services, Bureau of Alcoholic Beverages and Lottery Operations, pursuant to which the bureau shall provide the department with reports no less than monthly to assist the department in determining whether an individual in the recipient's household has received lottery and gambling winnings of $5,000 or more within one calendar month. B. Permit a person described in paragraph A to submit an application for food supplement program benefits sufficiently in advance of the person's release date to ensure the availability of benefits on that date; and [PL 2019, c. 492, §1 (NEW).]

C. Establish that the release date of a person described in paragraph A is the first day the person is eligible for food supplement program benefits. [PL 2019, c. 492, §1 (NEW).]

   D. Unemployed but has obtained proper work documentation, as defined by the department by rule. Rules adopted by the department under this paragraph are routine technical rules as defined by Title 5, chapter 375, subchapter 2-A. [PL 2013, c. 368, Pt. OO, §2 (NEW).]

2. **Amount of assistance.** The total amount of food assistance provided under this section must equal the amount that the household would be eligible to receive under the federal Food Stamp Act of

§3107. Women, Infants and Children Special Supplemental Food Program vendor, provider and participant penalties  
The department, as part of its administration of the Women, Infants and Children Special Supplemental Food Program of the federal Child Nutrition Act of 1966, referred to in this section as "the program," shall adopt rules defining prohibited conduct under the program and establishing penalties for such conduct and as necessary to implement this section. After providing an opportunity for a hearing in accordance with Title 5, chapter 375, subchapter 4, 7 Code of Federal Regulations, Section 246.9 (2011), 7 Code of Federal Regulations, Section 246.18 (2011) and any other federal law that applies to adjudicatory proceedings for vendors, providers and participants and making a determination that the affected party has violated a provision of the program, including rules that apply to the program, the department may:  
[PL 2011, c. 512, §2 (RPR).]

1. Vendors. Assess and impose a fine or penalty against a vendor under the program;  
[PL 2011, c. 512, §2 (NEW).]

2. Providers. Disqualify a local agency provider under the program; or  
[PL 2011, c. 512, §2 (NEW).]

3. Participants. Require repayment of benefits made under the program to a participant or disqualify a participant from program benefits.  
[PL 2011, c. 512, §2 (NEW).]

Rules adopted pursuant to this section are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.  
[PL 2011, c. 512, §2 (NEW).]
§3108. Standard utility allowance

When the department becomes aware of any decisions made by a public entity or an entity operating a publicly subsidized assistance program that adversely impacts eligibility for, or the amount of assistance to, households receiving assistance under the food stamp program pursuant to section 3104, the department shall work in cooperation with that entity to achieve a resolution that minimizes the adverse impact on households receiving food stamp assistance. [PL 1995, c. 629, §1 (NEW).]

1. Examination of options. When federal law governing either the food stamp program or the Low-Income Home Energy Assistance Program is amended to eliminate the eligibility link whereby the food stamp standard utility allowance is automatically available to households receiving low-income home energy assistance benefits, the department shall immediately:

A. Examine and, if feasible, seek a waiver or grant of demonstration authority from the federal Department of Agriculture to continue to use the food stamp standard utility allowance in determining the amount of food stamp benefits available to households that previously qualified for that allowance solely by reason of receipt of low-income home energy assistance benefits; [PL 1995, c. 629, §1 (NEW).]

B. Determine, in cooperation with all appropriate entities operating publicly subsidized housing programs, a method of providing individualized bills or appropriate documentation for tenants in subsidized housing that would identify the tenants' shares of incurred heating costs, if doing so would qualify these tenants for the food stamp standard utility allowance; [PL 1995, c. 629, §1 (NEW).]

C. Determine if federal law would permit the use of the standard utility allowance by households that previously qualified for that allowance solely on the basis of receipt of low-income home energy assistance benefits and implement that section of law if doing so would not result in any increase in the households' rent and energy costs or any reduction in food stamp allotments to either those households or any other households receiving food stamp assistance; and [PL 1995, c. 629, §1 (NEW).]

D. If none of the alternatives listed in paragraphs A to C result in making the food stamp standard utility allowance available to households that had received it before the change in federal law, immediately estimate the General Fund cost of providing allotments to affected households in an amount equal to the amount they would have received had the federal law not been amended, and promptly provide that information to the joint standing committee of the Legislature having jurisdiction over human resources matters. [PL 1995, c. 629, §1 (NEW).]

2. Notice. The department shall provide prompt written notice to households affected by any change in federal law related to the eligibility link between the food stamp program and the Low-Income Energy Assistance Program, or by any waiver received pursuant to this section, of the steps that households may take to gain eligibility for the food stamp standard utility allowance. [PL 1995, c. 629, §1 (NEW).]

3. Waiver. The department shall immediately seek a waiver or demonstration authority to operate a demonstration project from the federal Department of Agriculture that would make the food stamp standard utility allowance available to households that incur a heating or cooling cost separate from their rent or mortgage, even if those bills are not based on actual usage as determined by individualized metering. [PL 1995, c. 629, §1 (NEW).]
4. **Revised waiver application.** When federal approval for the waiver or demonstration authority described in this section is not granted, the department may submit a revised waiver request to accomplish the objectives of this section as fully as possible.

[PL 1995, c. 629, §1 (NEW).]

5. **Limitation.** This section must be implemented within the limits of the department's existing General Fund resources.

[PL 1995, c. 629, §1 (NEW).]

### §3109. Promoting accountable public programs that reduce poverty, alleviate hardship and increase sustainable employment for low-income families with children

The department shall implement a system of accountability to measure access to and the performance of certain programs administered by the department under this Subtitle to ensure that those programs are working effectively to improve the health and well-being of program participants. [PL 2019, c. 485, §1 (NEW).]

1. **Definitions.** As used in this section, unless the context otherwise indicates, the following terms have the following meanings.

   A. "Federal poverty level" has the same meaning as in section 3762, subsection 1, paragraph C. [PL 2019, c. 485, §1 (NEW).]

   B. "Food supplement" means the federal supplemental nutrition assistance program administered by the State pursuant to section 3104. [PL 2019, c. 485, §1 (NEW).]

CHAPTER 855

AID TO NEEDY PERSONS

§3172. Definitions
1. Aid. "Aid" means money payments to, or in behalf of, or medical care or any type of remedial care or any related services to needy individuals who qualify for such assistance under this chapter.
1-A. **Application.** "Application" is the action by which an individual indicates in writing to the department his desire to receive or to be recertified for assistance under this chapter. An application is distinguished from an inquiry, which is simply a request for information about eligibility requirements for assistance.

1-B. **Approved Medicaid service.** "Approved Medicaid service" means a medical service which will be provided to Medicaid recipients under the provisions of the United States Social Security Act, Title XIX and successors to it and related rules of the department.

2. **Home health care.** "Home health care" means nursing services and other therapeutic services provided without a requirement that hospitalization should be an antecedent to care and provided on an intermittent visiting basis to individuals in their homes or other place of residence, excluding hospitals, extended care facilities, rehabilitation centers and skilled nursing homes. In addition to skilled nursing, these services may include physical therapy, speech therapy, occupational therapy, medical social services, home health aide services and such other services and standards of care as may be defined by the department which are pursuant to, consistent with and necessary to the administration of home health care within the intent of section 3173.

3. **Medicaid recipient.** "Medicaid recipient" means an individual authorized by the department to receive services under the provisions of the United States Social Security Act, Title XIX and successors to it.

3172-A. **Mental Health and Mental Retardation Improvement Fund**

3172-B. **Moneys received; credit to General Fund; unencumbered balance**

3173. **Powers and duties of department**

The department is authorized to administer programs of aid, medical or remedial care and services for medically indigent persons. It is empowered to employ, subject to the Civil Service Law, such assistants as may be necessary to carry out this program and to coordinate their work with that of the other work of the department. [PL 1985, c. 785, Pt. B, §91 (AMD).]

The department is authorized and empowered to make all necessary rules and regulations consistent with the laws of the State for the administration of these programs including, but not limited to,
establishing conditions of eligibility and types and amounts of aid to be provided, and defining the term "medically indigent," and the type of medical care to be provided. In administering programs of aid, the department shall, among other services, emphasize developing and providing financial support for preventive health care and home health care in order to assure that a comprehensive range of health care services is available to Maine citizens. Preventive health services shall include, but need not be limited to, programs such as early periodic screening, diagnosis and treatment; public school nursing services; child and maternal health services; and dental health education services. To meet the expenses of emphasizing preventive health care and home health care, the department is authorized to expend for each type of care no less than 1.5% of the total sum of all funds available to administer medical or remedial care and services eligible for participation under the United States Social Security Act, Title XIX and amendments and successors to it. [PL 1979, c. 127, §144 (RPR).]

The department shall provide all applicants for aid under this chapter with information in written form, and verbally as appropriate or if requested, about coverage, conditions of eligibility, scope of programs, existence of related services and the rights and responsibilities of applicants for and recipients of assistance under this chapter. [PL 1979, c. 127, §144 (RPR).]

All applications for aid under this chapter shall be acted upon and a decision made as soon as possible, but in no case shall the department fail to notify the applicant of its decision within 45 days after receipt of his application. Failure of the department to meet the requirements of this 45-day time standard, except where there is documented noncooperation by the applicant or the source of his medical information, shall lead to the immediate and automatic issuance of a temporary medical card which shall be valid only until such time as the applicant receives actual notice of a departmental denial of his application or he receives a replacement medical card. Notwithstanding an applicant's appeal of a denial of his application, the validity of the temporary medical card shall cease immediately upon receipt of the notice of denial. Any benefits received by the applicant during the interim period when he has actual use of a valid, temporary medical card shall not be recoverable by the department in any legal or administrative proceeding against the applicant. [PL 1979, c. 127, §144 (RPR).]

Whenever an applicant is determined by the department to be ineligible for a program for which he has applied, he shall be immediately so notified in writing. Any notification of denial shall contain a statement of the denial action, the reasons for denial, the specific regulations supporting the denial, an explanation of the applicant's right to request a hearing and a recommendation to the applicant of any other program administered by the department for which he may be eligible. Whenever an individual's application for Temporary Assistance for Needy Families is denied by the department, the notice of this denial shall also include, in a clear and conspicuous manner, a statement that the applicant is likely to be eligible for medical assistance and shall include information about the availability of applications for the program upon request to the department either in writing or through a toll-free telephone number. [PL 1997, c. 530, Pt. A, §34 (AMD).]

Any applicant for benefits under the medically needy program whose countable income exceeds the applicable state protected income level maximum shall be eligible for the program when his incurred medical expenses are found to exceed the difference between his countable income and the applicable state maximum. Whenever the applicant incurs sufficient medical expenses to be eligible for the medically needy program and provides reasonable proof thereof to the department, a medical card shall be issued within 10 days of the presentation of proof that eligibility has been met. Failure of the department to meet the requirements of this 10-day time standard, except where there is documented noncooperation by the applicant or the source of his medical information, shall lead to the immediate and automatic issuance of a temporary medical card which shall be valid only until such time as the applicant receives actual notice of a departmental denial of his application or he receives a replacement medical card. Any benefits received by the applicant during the interim period when he has actual use of a valid temporary medical card shall not be recoverable by the department in any legal or administrative proceeding against the applicant. [PL 1979, c. 127, §144 (RPR).]
In all situations where prior authorization of the department is required before a particular medical service can be provided, the department shall authorize or deny the request for treatment within 30 days of the completion and presentation of the request to the department. The department's response to such a request shall be supplied to both the provider and the recipient. Whenever the provider is unable or unwilling to provide the service requested within a reasonable time after approval of the request by the department, the recipient shall have the right to locate another approved provider whose sole duty shall be to notify the department of his intention to provide the service subject to the original approval. It shall be the duty of the department to vigorously assist any recipient in his search for an approved provider of a necessary medical service where, through reasonable effort, the recipient has been unable to locate a provider on his own. [PL 1979, c. 127, §144 (RPR).]

No time standard established by this section shall be used as a waiting period before granting aid, or as a basis for denial of an application or for terminating assistance. [PL 1979, c. 127, §144 (RPR).]

The department shall make and enforce reasonable rules and regulations governing the custody, use and preservation of the records, papers, files and communications of the department. The use of those records, papers, files and communications by any other agency or department of government to which they may be furnished shall be limited to the purposes for which they are furnished and by the law under which they may be furnished. [PL 1979, c. 127, §144 (RPR).]

The department shall initiate and monitor ongoing efforts performed cooperatively with other public and private agencies, religious, business and civic groups, pharmacists and other medical providers, professional associations, community organizations, unions, news media and other groups, organizations and associations to inform low-income households eligible for programs under this chapter of the availability and benefits of these programs and to insure the participation of eligible households which wish to participate by providing those households with reasonable and convenient access to the programs. [PL 1979, c. 127, §144 (RPR).]

All moneys made available to fund programs authorized by this chapter shall be expended under the direction of the department, and the department is empowered to direct the expenditures therefrom of those sums which may be necessary for purposes of administration. [PL 1979, c. 127, §144 (RPR).]

Relating to the determination of eligibility for medical care to be provided to a beneficiary of state or federal supplemental income for the blind, disabled and elderly, the department may enter into an agreement with the Secretary of the United States Department of Health and Human Services, whereby the secretary shall determine eligibility on behalf of the department. [PL 1991, c. 528, Pt. E, §23 (AMD); PL 1991, c. 528, Pt. RRR (AFF); PL 1991, c. 591, Pt. E, §23 (AMD).]

The Department of Health and Human Services may establish fee schedules governing reimbursement for services provided under this chapter. In establishing the fee schedules, the department shall consult with individual providers and their representative associations. The fee schedules shall be subject to annual review. [PL 1979, c. 127, §144 (RPR); PL 2003, c. 689, Pt. B, §6 (REV).]

During the annual review of fee schedules required by this section, the department shall consult with individual providers participating in the Medical Assistance Program and their representative associations to consider, among other factors, the cost of providing specific services, the effect of inflation or other economic factors on the adequacy of the existing fee schedule and its obligation under the federal Medicaid program to ensure sufficient provider participation in the program. [PL 1981, c. 329, §1 (NEW).]

The annual review of fee schedules shall be incorporated into the annual Medicaid report established by section 3174-B. [PL 1985, c. 727 (RPR).]
The department may enter into contracts with health care servicing entities for the provision, financing, management and oversight of the delivery of health care services in order to carry out these programs. For the purposes of this section, "health care servicing entity" means a partnership, association, corporation, limited liability company or other legal entity that enters into a contract to provide or arrange for the provision of a defined set of health care services; to assume responsibility for some aspects of quality assurance, utilization review, provider credentialing and provider relations or other related network management functions; and to assume financial risk for provision of such services to recipients through capitation reimbursement or other risk-sharing arrangements. "Health care servicing entity" does not include insurers or health maintenance organizations. In all contracts with health care servicing entities, the department shall include standards, developed in consultation with the Superintendent of Insurance, to be met by the contracting entity in the areas of financial solvency, quality assurance, utilization review, network sufficiency, access to services, network performance, complaint and grievance procedures and records maintenance. Prior to contracting with any health care servicing entity, the department must have in place a memorandum of understanding with the Superintendent of Insurance for the provision of technical assistance, which must provide for the sharing of information between the department and the superintendent and the analysis of that information by the superintendent as it relates to the fiscal integrity of the contracting entity. The department may require periodic reporting by the health care servicing entity as to activities and operations of the entity, including the entity's activities undertaken pursuant to commercial contracts with licensed insurers and health maintenance organizations. The department may share with the Superintendent of Insurance all documents filed by the health care servicing entity, including documents subject to confidential treatment if that information is treated with the same degree of confidentiality as is required of the department. [PL 1997, c. 676, §1 (NEW).]

SECTION HISTORY

§3173-A. Reimbursement for therapy; intermediate care facilities and skilled nursing facilities

When therapy is nonreimbursable under Title XVIII of the Social Security Act (Medicare), the Department of Health and Human Services shall reimburse an intermediate care facility or skilled nursing facility directly for the costs of physical and occupational therapy to individual residents or for professional consultants, or both, to the staff of the facility in accordance with professional standards of practice. [PL 1977, c. 646 (NEW); PL 2003, c. 689, Pt. B, §6 (REV).]

Reimbursement shall be included either as an allowable cost of operation in determining the per diem rate or as a separate service for which the facility bills the Medical Assistance Program, whichever method is the less costly to that program while providing adequate and timely reimbursement to the therapist. [PL 1977, c. 646 (NEW).]

In developing regulations to administer this section, the Department of Health and Human Services shall consult with the Maine Chapter of American Physical Therapists Association, the Maine Occupational Therapists Association and other groups as appropriate. The regulations shall be published within 60 days of the effective date of this section. [PL 1977, c. 646 (NEW); PL 2003, c. 689, Pt. B, §6 (REV).]

As funds permit, the department has the authority to establish income eligibility levels for the program up to and including 200% of the federal nonfarm income official poverty level, except that for individuals in households that spend at least 40% of income on unreimbursed direct medical expenses for prescription medications, the income eligibility level is increased by 25%. [PL 2001, c. 650, §3 (NEW).]

B. To the extent reasonably achievable under the federal waiver process, the program must include the full range of prescription drugs provided under the Medicaid program on the effective date of this subsection and must limit copayments and cost sharing for participants. D. In determining enrollee benefits under the program, to the extent possible, the department shall give equitable treatment to coverage of prescription medications for cancer, Alzheimer's disease and behavioral health. [PL 2001, c. 650, §3 (NEW).]

E. The department is authorized to provide funding for the program by using funds appropriated or allocated to provide prescription drugs under sections 254-D and 258. [PL 2005, c. 401, Pt. C, §6 (AMD).]

G. If, upon thorough analysis, the department determines that a waiver under this subsection is not feasible or would not significantly benefit participants in the elderly low-cost drug program, the department may decide not to pursue the waiver. Within 30 days of a decision not to proceed with a waiver and before taking action on that decision, the department shall report to the joint standing committee of the Legislature having jurisdiction over health and human services matters and shall
provide a detailed analysis of the reasons for reaching that decision. [PL 2001, c. 650, §3 (NEW).]

SECTION HISTORY

§3174-H. Availability of income between married couples in determination of eligibility

Notwithstanding this chapter, for the purpose of determining medical indigency and eligibility for assistance for an individual residing or about to reside in an institution eligible for Medicaid participation under this section, there shall be a presumption, rebuttable by either spouse, that each spouse has a marital property interest in 1/2 of the total monthly income of both spouses at the time of application for medical assistance. Only the 1/2 interest of the applicant spouse shall be considered
available to the spouse in determining eligibility for medical indigency and eligibility for assistance. [PL 1989, c. 502, Pt. A, §72 (NEW).]

The marital property interest of the applicant spouse in the income of both spouses may be rebutted upon a showing of one of the following: [PL 1989, c. 502, Pt. A, §72 (NEW).]

1. **Court order.** A court order allocating marital income pursuant to alimony, spousal support, equitable division of marital property or disposition of marital property; [PL 1989, c. 502, Pt. A, §72 (NEW).]

2. **Individual ownership.** The establishing of sole individual ownership of income from current active employment; or [PL 1989, c. 502, Pt. A, §72 (NEW).]

3. **Supplementary allocation of spousal income.** By applying to the Department of Health and Human Services for a supplementary allocation of spousal income pursuant to this section. [PL 1989, c. 502, Pt. A, §72 (NEW); PL 2003, c. 689, Pt. B, §6 (REV).]

The Department of Health and Human Services shall establish standards for the reasonable and adequate support of the community spouse and the community residence of the couple. The standards shall consider the cost of housing payments, property taxes, property insurance, utilities, food, medical expenses, transportation, other personal necessities and the presence of other dependent persons in the home. [PL 1989, c. 502, Pt. A, §72 (NEW); PL 2003, c. 689, Pt. B, §6 (REV).]

The community spouse may apply to the Department of Health and Human Services for a determination pursuant to the standards that the community spouse requires a larger portion of the marital income. Therefore, a smaller portion of the marital income will be available to the applicant spouse in determining medical indigency and eligibility for assistance. [PL 1989, c. 502, Pt. A, §72 (NEW); PL 2003, c. 689, Pt. B, §6 (REV).]

As soon as authorized by federal law, the department shall implement this section. [PL 1989, c. 502, Pt. A, §72 (NEW).]

SECTION HISTORY

§3174-I. Medicaid eligibility determinations for applicants to nursing homes

1. **Needs assessment.** In order to determine the most cost-effective and clinically appropriate level of long-term care services, the department or its designee shall assess the medical and social needs of each applicant to a nursing facility. If the department chooses a designee to carry out assessments under this section, it shall ensure that the assessments are comprehensive and objective.

   A. The assessment must be completed prior to admission or, if necessary for reasons of the person's health or safety, as soon after admission as possible. [PL 1993, c. 410, Pt. FF, §10 (AMD); PL 1993, c. 410, Pt. FF, §19 (AFF).]

   B. The department shall determine whether the services provided by the facility are medically and socially necessary and appropriate for the applicant and, if not, what other services, such as home and community-based services, would be more clinically appropriate and cost effective. [PL 1993, c. 410, Pt. FF, §10 (AMD); PL 1993, c. 410, Pt. FF, §19 (AFF).]

   B-1. For persons with severe cognitive impairments who have been assessed and found ineligible for nursing facility level care, the department, through its community options unit, shall review the assessment and provide case management to assist consumers and caregivers to receive appropriate services. [PL 2011, c. 657, Pt. BB, §2 (AMD).]

   B-2. The department shall establish additional assessment practices and related policies for persons with Alzheimer's disease and other dementias as follows.
(1) For persons who have been assessed using the department's primary assessment instrument and found to have cognitive or behavioral difficulties but who do not require nursing intervention with the frequency necessary to qualify for nursing facility level of care, the department shall administer a supplemental dementia assessment for those persons with cognitive and behavioral impairments. By May 1, 1996, the criteria reflected in this supplemental dementia assessment and the scoring mechanism must be incorporated into rules adopted by the department in consultation with consumers, providers and other interested parties. The assessment criteria proposed in the rulemaking must consider, but are not limited to, the following: orientation, memory, receptive communication, expressive communication, wandering, behavioral demands on others, danger to self or others and awareness of needs.

(2) The department shall reimburse a nursing facility for individuals who are eligible for care based on the supplemental dementia assessment only if the nursing facility demonstrates a program of training in the care of persons with Alzheimer's disease and other dementias for all staff responsible for the care of persons with these conditions. The department, in consultation with consumers, providers and interested parties, shall develop the requirements for training and adopt rules containing those requirements. By July 1, 1997, the department, in consultation with consumers, providers and interested parties, shall adopt rules establishing the standards for treatments, services and settings to meet the needs of individuals who have Alzheimer's disease and other dementias. These standards must apply to all levels of care available to such individuals.

(3) No later than January 15, 1997, the department shall report to the joint standing committee of the Legislature having jurisdiction over health and human service matters on the extent to which the use of the supplemental dementia assessment has expanded medical eligibility for nursing facility care to include persons with Alzheimer's disease or other dementias.

(4) Rules adopted pursuant to this subsection are major substantive rules as defined by Title 5, chapter 375, subchapter II-A. [PL 1995, c. 687, §1 (NEW).]

C. The department shall inform both the applicant and the administrator of the nursing facility of the department's determination of the services needed by the applicant and shall provide information and assistance to the applicant in accordance with subsection 1-A. [PL 1993, c. 410, Pt. FF, §10 (AMD); PL 1993, c. 410, Pt. FF, §19 (AFF).]

D. [PL 1995, c. 170, §2 (RP).]

E. The department shall perform a reassessment of the individual's medical needs when the individual becomes financially eligible for Medicaid benefits.

(1) If the individual, at both the admission assessment and any reassessment, is determined not to be medically eligible for the services provided by the nursing facility, and is determined not to be medically eligible at the time of the determination of financial eligibility, the nursing facility is responsible for providing services at no cost to the individual until such time as a placement at the appropriate level of care becomes available. After a placement becomes available at an appropriate level of care, the nursing facility may resume billing the individual for the cost of services.

(2) If the individual is initially assessed as needing the nursing facility's services under the assessment criteria and process in effect at the time of admission or is admitted as covered by Medicare for nursing facility services, but is reassessed as not needing those services at the time the individual is found financially eligible, then the department shall reimburse the nursing facility for services it provides to the individual in accordance with the principles of reimbursement for residential care facilities adopted by the department pursuant to section 3173. In calculating the fixed-cost component of per diem rates for nursing facility services,
the department shall exclude days of service for which reimbursement is provided under this subparagraph. [PL 1995, c. 696, Pt. B, §1 (AMD).]

F. Prior to performing assessments under this section, the department shall develop and disseminate to all nursing facilities and the public the specific standards the department will use to determine the medical eligibility of an applicant for admission to the nursing facility. A copy of the standards must be provided to each person for whom an assessment is conducted. In designing and phasing in the preadmission assessment under this section, the department shall collaborate with interested parties, including but not limited to consumers, nursing facility operators, hospital operators and home and community-based care providers. [PL 1995, c. 170, §2 (AMD).]

G. A determination of medical eligibility under this section is final agency action for purposes of the Maine Administrative Procedure Act, Title 5, chapter 375. [PL 1989, c. 498 (NEW).]

1-A. Information and assistance. If the assessment performed pursuant to subsection 1 finds the level of nursing facility care clinically appropriate, the department shall determine whether the applicant also could live appropriately and cost-effectively at home or in some other community-based setting if home-based or community-based services were available to the applicant. If the department determines that a home or other community-based setting is clinically appropriate and cost-effective, the department shall:

A. Advise the applicant that a home or other community-based setting is appropriate; [PL 1993, c. 410, Pt. FF, §11 (NEW); PL 1993, c. 410, Pt. FF, §19 (AFF).]

B. Provide a proposed care plan and inform the applicant regarding the degree to which the services in the care plan are available at home or in some other community-based setting and explain the relative cost to the applicant of choosing community-based care rather than nursing facility care; and [PL 1993, c. 410, Pt. FF, §11 (NEW); PL 1993, c. 410, Pt. FF, §19 (AFF).]

C. Offer a care plan and case management services to the applicant on a sliding scale basis if the applicant chooses a home-based or community-based alternative to nursing facility care. [PL 1993, c. 410, Pt. FF, §11 (NEW); PL 1993, c. 410, Pt. FF, §19 (AFF).]

The department may provide the services described in this subsection directly or through private agencies. [PL 1995, c. 170, §3 (AMD).]

1-B. Notification by hospitals. Whenever a hospital determines that a patient will require long-term care services upon discharge from the hospital, the hospital shall notify the department prior to discharge that long-term care services are indicated and that a preadmission assessment must be performed under this section. [PL 1995, c. 170, §3 (AMD).]

2. Assessment for mental illness, intellectual disability, autism or related conditions. The department shall assess every applicant to a nursing facility to screen for mental illness, intellectual disability, autism or other related conditions in accordance with the federal Nursing Home Reform Act, Public Law 100-203, Section 4211, 42 United States Code, Section 1396r. Such assessments are intended to increase the probability that any individual who has an intellectual disability, autism or other related condition or a mental illness will receive active treatment for that individual’s condition. [PL 2011, c. 542, Pt. A, §33 (AMD).]

3. Rules. The Department of Health and Human Services shall adopt rules in accordance with the Maine Administrative Procedure Act, Title 5, chapter 375, to implement this section. [PL 1989, c. 498 (NEW); PL 2003, c. 689, Pt. B, §6 (REV).]

By October 1, 1992, the department shall adopt rules to provide Medicaid coverage for crisis counseling for children up to 21 years of age who are in crisis as a result of their removal or imminent removal from their parents' homes. The rules must allow the counseling to be provided by licensed clinical social workers. [PL 1991, c. 882, §1 (NEW).]

SECTION HISTORY

§3174-L. Parity among counselors

1. **Licensed clinical social workers and licensed clinical professional counselors.** Licensed clinical social workers must be eligible to receive Medicaid reimbursement for counseling services whenever licensed clinical professional counselors are eligible to be reimbursed for those services. Licensed clinical professional counselors must be eligible to receive Medicaid reimbursement for counseling services whenever licensed clinical social workers are eligible to be reimbursed for those services. [PL 1993, c. 393, §1 (NEW).]

2. **Licensed master social workers and licensed professional counselors.** Licensed master social workers must be eligible to receive Medicaid reimbursement for counseling services whenever licensed professional counselors are eligible to be reimbursed for those services. Licensed professional counselors must be eligible to receive Medicaid reimbursement for counseling services whenever licensed master social workers are eligible to be reimbursed for those services. [PL 1993, c. 393, §1 (NEW).]

3. **Licensed clinical professional counselors.** A licensed clinical professional counselor, as defined in Title 32, section 13851, subsection 2, must be eligible to receive MaineCare reimbursement for counseling services at the same rate as a licensed clinical social worker, as defined in Title 32, section 7001-2. [PL 2017, c. 265, §1 (NEW).]

SECTION HISTORY

§3174-M. Medicaid drug formulary

1. **Authority.** The department has the authority to determine which prescription and over-the-counter drugs are subject to reimbursement and coverage under the Medicaid program. [PL 1993, c. 410, Pt. I, §10 (NEW).]

1-A. **Formulary standards.** Any formulary established by the department must:

A. Conform to nationally accepted standards for a sound and adequate drug formulary system that promotes rational, clinically appropriate and safe access to medically necessary prescription drugs,
ensures that members have timely and appropriate access to these drugs and does not discriminate based on disease or condition; [PL 2005, c. 386, Pt. X, §1 (NEW).]

B. Be structured to maintain at least the same therapeutic categories and pharmacological classes of drugs provided on the MaineCare preferred drug list in effect on July 1, 2005; and [PL 2005, c. 386, Pt. X, §1 (NEW).]

C. With respect to atypical antipsychotic drugs:
   (1) Ensure that atypical antipsychotic drugs remain available in the same manner as on July 1, 2005;
   (2) Adopt any clinical edits approved by the department's psychiatric work group; and
   (3) Conform to national standards for the prescribing of atypical antipsychotic drugs. [PL 2005, c. 386, Pt. X, §1 (NEW).]

2-A. Drug formulary committee. As authorized by Section 1927 (d) (4) (A) of the federal Social Security Act, 42 United States Code, Section 1396r-8, the department may develop a formulary using the department's MaineCare drug utilization review committee, except that the membership of the formulary committee must include pharmacists who are expert in pharmacotherapy for pediatric, geriatric and psychiatric populations.

   A. A vote of 2/3 of the members of the department's MaineCare drug utilization review committee present is required to add or delete a drug from the list of drugs that are subject to reimbursement and coverage under the MaineCare program. [PL 2005, c. 386, Pt. X, §3 (NEW).]

   B. A determination under rules adopted pursuant to subsection 3 that a drug or category of drug is not covered by the MaineCare program is a final agency action subject to review under the Maine Administrative Procedure Act. [PL 2005, c. 386, Pt. X, §3 (NEW).]

3. Emergency supply. The department shall adopt routine technical rules as necessary that provide for a pharmacy to dispense, in accordance with applicable licensing standards and professional judgment, a one-time supply for 10 days of the prescribed drug. The rules must allow the department to authorize refills of the drug on a case-by-case basis at the end of the 10-day period if the prescribing provider has not submitted the required information at that time or the department determines that an additional refill is necessary.

   The rules must provide that receipt of a 10-day supply under this subsection does not relieve the prescribing provider of the duty to submit all required information. The provision of the 10-day supply does not entitle the MaineCare member to receive benefits pending appeal in the event that a request for prior authorization is ultimately denied, except when the member was receiving the drug for which the 10-day supply was provided immediately prior to the provision of that supply.

   Any drug provided under this emergency procedure is considered a Medicaid-covered service pending departmental actions. [PL 2005, c. 386, Pt. X, §4 (RPR).]

4. Rulemaking. Rules adopted pursuant to section 3174-J prior to its repeal are effective as of the effective date of this chapter without the taking of any action pursuant to the Maine Administrative Procedure Act. [PL 1993, c. 410, Pt. I, §10 (NEW).]
5. ** Expedited review process.** The department shall provide an independent review process whenever a MaineCare member has written certification from the member's physician that:

A. Delay in the provision of the requested drug may severely jeopardize the life or health of the MaineCare member or cause a severe functional decline in the member; or [PL 2005, c. 386, Pt. X, §5 (NEW).]

B. A preferred drug, if provided, would impose a serious risk to the life or health of the MaineCare member. [PL 2005, c. 386, Pt. X, §5 (NEW).]

The independent review process must ensure a decision within 72 hours of the time that the request is filed, unless the parties otherwise agree that the 72-hour period may be extended. The independent review process must ensure that coverage decisions based upon lack of medical necessity are conducted by a physician or pharmacist. The physician need not in all cases be of the same specialty or subspecialty as the prescribing physician. [PL 2005, c. 386, Pt. X, §5 (NEW).]

**SECTION HISTORY**

§3174-N. **Authorization to pursue federal waivers to develop Medicaid managed-care program**

§3174-Q. **Medicaid stability**

1. **Legislative authorization.** Except as provided in subsection 2, the department, in its administration of the Medicaid program and the federal State Children's Health Insurance Program or any successor program, shall obtain authorization from the Legislature by proper enactment of law before:

   A. Implementing changes in eligibility for the Medicaid program that are reasonably likely to cause a decrease in excess of 10% in the percentages of enrollment in any covered group during any year or over any 5-year period unless individuals losing eligibility in a covered group are eligible in any other covered group with substantially similar or greater coverage; [PL 2019, c. 266, §1 (NEW).]
B. Eliminating, having the effect of significantly limiting or significantly reducing eligibility for a category of service covered under the Medicaid program or the federal State Children's Health Insurance Program without comparable service provided in its place; [PL 2019, c. 266, §1 (NEW).]

C. Accepting a block grant or any other fundamental alteration in the method of federal funding for the Medicaid program that could result in a substantial decrease in total funding for the program; or [PL 2019, c. 266, §1 (NEW).]

D. Applying for or amending a waiver, including a waiver pursuant to Section 1115 of the Social Security Act, or adopting a state plan amendment that could significantly reduce the scope of services or eligibility for the Medicaid program or the federal State Children's Health Insurance Program. [PL 2019, c. 266, §1 (NEW).]

2. Exceptions in the event of federal law changes. If an action must be taken by the department to comply with federal law and obtaining authorization from the Legislature cannot be achieved timely to comply with federal requirements, the department may act only to the extent necessary to achieve compliance with federal law, pending further action of the Legislature under this section. [PL 2019, c. 266, §1 (RPR).]

3. Failure to comply. A person may not be denied eligibility for the Medicaid program or the federal State Children's Health Insurance Program as the result of a change to those programs as described in subsections 1 and 2 if the department failed to comply with this section. [PL 2019, c. 266, §1 (NEW).]

§3174-R. Medicaid drug rebate program

The department shall enter into a drug rebate agreement with each manufacturer of prescription drugs under the Medicaid program, in accordance with the federal Social Security Act, Section 1927, as long as the agreements are consistent with state and federal law and result in a net increase in rebate revenue available to the Maine Medicaid Program. Individual rebate agreements may vary. [PL 2005, c. 397, Pt. A, §20 (RPR).]

§3174-S. Access to dental services for children under Medicaid

(REALLOCATED FROM TITLE 22, SECTION 3174-R)

The department shall increase access to comprehensive dental care for children under the Medicaid program so that services are received on a timely basis in the regions of the State in which they live, in accordance with this section. [RR 1997, c. 2, §45 (RAL).]

1. Telephone referral service. By April 1, 1998, the department shall establish a toll-free telephone referral service to provide individuals with information on dental services and assistance in
accessing dental services. The telephone service must provide persons calling about dental services with oral notice of the availability of assistance in arranging for appointments for dental screening and necessary corrective treatment, transportation to dental appointments and other services necessary to ensure access.

[RR 1997, c. 2, §45 (RAL).]

2. Increasing providers. The department shall work with a statewide dental association and dentists in the State to increase the number of providers of dental care and the number participating in the Medicaid program.

[RR 1997, c. 2, §45 (RAL).]

3. Goal. It is the goal of the Legislature that children enrolled in the Medicaid program in all regions of the State have the same access to dental care as children enrolled in private dental insurance programs.

4. Annual report. By February 15, 1999 and annually thereafter, the department shall submit to the joint standing committee of the Legislature having jurisdiction over health and human services matters an annual report containing information related to the progress of the department in meeting the goal stated in subsection 3 and an action plan to increase access to dental care. The report must include an analysis of the progress being made in increasing access, the problems incurred within the prior year and corrective action to be taken. The action plan must consider the following strategies to increase access: nonprofit clinics; purchase of practice clinics; enhanced reimbursement for dentists serving a large number of children under the Medicaid program; and contracts with dental clinics and health centers to provide dental care.

§3174-T. Cub Care program

(REALLOCATED FROM TITLE 22, SECTION 3174-R)

1. Program established. The Cub Care program is established to provide health coverage for low-income children who are ineligible for benefits under the Medicaid program and who meet the requirements of subsection 2. The purpose of the Cub Care program is to provide health coverage to as many children as possible within the fiscal constraints of the program budget and without forfeiting any federal funding that is available to the State for the State Children's Health Insurance Program through the federal Balanced Budget Act of 1997, Public Law 105-33, 111 Stat. 251, referred to in this section as the Balanced Budget Act of 1997.

[RR 1997, c. 2, §46 (RAL).]

2. Eligibility; enrollment. Health coverage under the Cub Care program is available to children under 19 years of age whose family income is above the eligibility level for Medicaid under section 3174-G and below the maximum eligibility level established under paragraphs A and B, who meet the requirements set forth in paragraph C and for whom premiums are paid under subsection 5.

A. The maximum eligibility level, subject to adjustment by the commissioner under paragraph B, is 200% of the nonfarm income official poverty line. [PL 1999, c. 401, Pt. QQ, §1 (AMD); PL 1999, c. 401, Pt. QQ, §5 (AFF).]

B. If the commissioner has determined the fiscal status of the Cub Care program under subsection 8 and has determined that an adjustment in the maximum eligibility level is required under this paragraph, the commissioner shall adjust the maximum eligibility level in accordance with the requirements of this paragraph.
(1) The adjustment must accomplish the purposes of the Cub Care program set forth in subsection 1.

(2) If Cub Care program expenditures are reasonably anticipated to exceed the program budget, the commissioner shall lower the maximum eligibility level set in paragraph A to the extent necessary to bring the program within the program budget.

(3) If Cub Care program expenditures are reasonably anticipated to fall below the program budget, the commissioner shall raise the maximum eligibility level set in paragraph A to the extent necessary to provide coverage to as many children as possible within the fiscal constraints of the program budget.

(4) The commissioner shall give at least 30 days' notice of the proposed change in maximum eligibility level to the joint standing committee of the Legislature having jurisdiction over appropriations and financial affairs and the joint standing committee of the Legislature having jurisdiction over health and human services matters. [RR 1997, c. 2, §46 (RAL).]

C. All children resident in the State are eligible except a child who:

(1) Is eligible for coverage under the Medicaid program;

(2) Is covered under a group health insurance plan or under health insurance, as defined in Section 2791 of the federal Public Health Service Act, 42 United States Code, Section 300gg(c) (Supp. 1997);

(4) Is an inmate in a public institution or a patient in an institution for mental diseases; or

(5) Within the 3 months prior to application for coverage under the Cub Care program, was insured or otherwise provided coverage under an employer-based health plan for which the employer paid 50% or more of the cost for the child's coverage, except that this subparagraph does not apply if:

(a) The cost to the employee of coverage for the family exceeds 10% of the family's income;

(b) The parent lost coverage for the child because of a change in employment, termination of coverage under the Consolidated Omnibus Budget Reconciliation Act of 1985, COBRA, of the Employee Retirement Income Security Act of 1974, as amended, 29 United States Code, Sections 1161 to 1168 (Supp. 1997) or termination for a reason not in the control of the employee; or

(c) The department has determined that grounds exist for a good-cause exception. [PL 2017, c. 284, Pt. SSSSSS, §1 (AMD).]

D. Notwithstanding changes in the maximum eligibility level determined under paragraph B, the following requirements apply to enrollment and eligibility:

(1) Children must be enrolled for 12-month enrollment periods. Prior to the end of each 12-month enrollment period the department shall redetermine eligibility for continuing coverage; and

(2) Children of higher family income may not be covered unless children of lower family income are also covered. This subparagraph may not be applied to disqualify a child during the 12-month enrollment period. Children of higher income may be disqualified at the end of the 12-month enrollment period if the commissioner has lowered the maximum eligibility level under paragraph B. [PL 2001, c. 450, Pt. A, §3 (AMD).]

E. Coverage under the Cub Care program may be purchased for children described in subparagraphs (1) and (2) for a period of up to 18 months as provided in this paragraph at a premium level that is revenue neutral and that covers the cost of the benefit and a contribution toward
administrative costs no greater than the maximum level allowable under COBRA. The department shall adopt rules to implement this paragraph. The following children are eligible to enroll under this paragraph:

(1) A child who is enrolled under paragraph A or B and whose family income at the end of the child's 12-month enrollment term exceeds the maximum allowable income set in that paragraph; and

(2) A child who is enrolled in the Medicaid program and whose family income exceeds the limits of that program. The department shall terminate Medicaid coverage for a child who enrolls in the Cub Care program under this subparagraph. [PL 2001, c. 450, Pt. A, §3 (AMD).]

[PL 2017, c. 284, Pt. SSSSSS, §1 (AMD).]

3. Program administration; benefit design. With the exception of premium payments under subsection 5 and any other requirements imposed under this section, the Cub Care program must be integrated with the Medicaid program and administered with it in one administrative structure within the department, with the same enrollment and eligibility processes, benefit package and outreach and in compliance with the same laws and policies as the Medicaid program, except when those laws and policies are inconsistent with this section and the Balanced Budget Act of 1997. The department shall adopt and promote a simplified eligibility form and eligibility process.

[RR 1997, c. 2, §46 (RAL).]

4. Benefit delivery. The Cub Care program must use, but is not limited to, the same benefit delivery system as the Medicaid program, providing benefits through the same health plans, contracting process and providers. Copayments and deductibles may not be charged for benefits provided under the program.

[RR 1997, c. 2, §46 (RAL).]

5. Premium payments. Premiums must be paid in accordance with this subsection.

A. Premiums must be paid at the beginning of each month for coverage for that month according to the following scale:

(1) Families with incomes between 150% and 160% of the federal nonfarm income official poverty line pay premiums of 5% of the benefit cost per child, but not more than 5% of the cost for 2 children;

(2) Families with incomes between 160% and 170% of the federal nonfarm income official poverty line pay premiums of 10% of the benefit cost per child, but not more than 10% of the cost for 2 children;

(3) Families with incomes between 170% and 185% of the federal nonfarm income official poverty line must pay premiums of 15% of the benefit cost per child, but not more than 15% of the cost for 2 children; and

(4) Families with incomes between 185% and 200% of the federal nonfarm income official poverty line must pay premiums of 20% of the benefit cost per child, but not more than 20% of the cost for 2 children. [PL 2003, c. 673, Pt. TTT, §1 (RPR); PL 2003, c. 673, Pt. TTT, §§3, 5 (AFF).]

B. When a premium is not paid at the beginning of a month, the department shall give notice of nonpayment at that time and again at the beginning of the 6th month of the 6-month enrollment period if the premium is still unpaid, and the department shall provide an opportunity for a hearing and a grace period in which the premium may be paid and no penalty will apply for the late payment. If a premium is not paid by the end of the grace period, coverage must be terminated.
unless the department has determined that waiver of premium is appropriate under paragraph D. The grace period is determined according to this paragraph.

(1) If nonpayment is for the first, 2nd, 3rd, 4th or 5th month of the 6-month enrollment period, the grace period is equal to the remainder of the 6-month enrollment period.

It is the mutual and shared duty of first, the individual and his family, second the community and private agencies of the community, and ultimately the governments of the political subdivisions of this State, the State of Maine, and the United States of America to enable blind, disabled and elderly people to secure income. CHAPTER 855-C

BENEFITS
§3271. Program

1. A program of regular monthly state supplemental income for blind, disabled and elderly people shall be provided for residents of the State of Maine. Benefits under the state supplemental income program shall be based on need and provided in supplementation of benefits provided by the United States Government to aged, blind and disabled individuals pursuant to Title XVI of the United States Social Security Act, as amended. Benefits shall be provided to any person who, on account of blindness, disability or age, qualifies for supplemental security income provided pursuant to Title XVI of the United States Social Security Act, as amended, and may, based on need, be provided to individuals who would, but for their income, be eligible for such supplemental security income benefits.

[RR 2015, c. 2, §12 (COR).]

2. The department, to the extent allowed by Title XVI of the United States Social Security Act, as amended, and regulations promulgated thereunder, shall establish, with the advice of the Maine Committee on Aging and the Maine Human Services Council, standard levels of state supplemental income benefits for blind, disabled and elderly people. The benefits shall be provided under a modified flat benefit system, and may vary by marital status, and by living arrangements to the extent allowed by Title XVI of the United States Social Security Act, as amended, and regulations promulgated thereunder. The benefits shall not be based on individual budgeted need and shall not vary by category or geographical area. Benefits for a couple, except as provided under section 3273, subsection 1, paragraph B, shall be equal to the sum of the amount of benefit for an individual and 50% of the benefit for an individual.

[PL 1973, c. 790, §3 (NEW).]

3. The department may also require, as a condition of eligibility, that any applicant for benefits or beneficiary under this Part must apply for any income supplementation that may be available under any other federal or state programs operated pursuant to the provisions of the Social Security Act, if it reasonably appears that such applicant or beneficiary is likely to be eligible for income supplementation under such other programs.

[PL 1973, c. 790, §3 (NEW).]

SECTION HISTORY

§3272. Standard

1. Standard. The standard utilized to determine need shall be the current annual budget at the lower level of living for a retired couple as most recently determined by the United States Department of Labor, Bureau of Labor Statistics, for Portland, Maine, or budgets which are consistent with such a budget at the lower level of living, taking into account budget variances by marital status and living arrangements permitted pursuant to Title XVI and regulations promulgated thereunder.

[PL 1973, c. 790, §3 (NEW).]

SECTION HISTORY
PL 1973, c. 790, §3 (NEW).

§3273. Types of benefits

1. Combined benefits. The department shall take action, as necessary, to assure that, within the limits of available funds, a state supplemental income benefit, when combined with a federal supplemental security income benefit, shall consist of such amounts that the sum shall:

A. Increase the minimum monthly federal payment standard, in addition to that established pursuant to federal law, by an amount of at least $8 per month for an individual and $12 per month for a couple; [PL 1973, c. 790, §3 (NEW).]
B. For an individual who resides in an adult foster home or boarding home, having a contract with the department for the provision of services to eligible residents, or nursing home, as defined in section 1812-A, in addition to the benefits provided herein under paragraphs A and C, provide sufficient income to allow the individual for personal needs an amount equal to at least $30 a month, plus an amount sufficient to meet the monthly per resident payment rate as established by the department of the adult foster home or boarding home in which the individual resides; and [PL 1985, c. 770, §3 (AMD).]

C. For a beneficiary who resides in a living arrangement which meets a living arrangement classification established by the department, but who does not reside in an adult foster home or boarding home, in addition to the minimum federal payment level as adjusted pursuant to paragraph A, provide, based on such living arrangement classification, an amount not to exceed $42 per month for an individual and $63 per month for a couple. [PL 1973, c. 790, §3 (NEW).]

2. Participation limited.

A. The limitation on eligibility of certain individuals established in subsections (e)(i)(A) and (e)(i)(B) of section 1611 of Title XVI of the United States Social Security Act, as amended, shall apply to benefits provided pursuant to this section. [PL 1979, c. 563, §2 (AMD).]

B. [P&SL 1975, c. 90, §§, §1 (RP).]

3. Payments for boarding home care.

A. If an agreement cannot include payment levels and variations thereof to provide the individual sufficient income to meet the monthly per resident payment rate for boarding home care, the department shall take any and all reasonable action necessary to the goal of achieving, within a reasonable time, a payment structure for each boarding home that will permit execution of an agreement with the secretary for administration of all state supplemental income benefits. [PL 1973, c. 790, §3 (NEW).]

B. In the unfortunate and unlikely event that such an agreement cannot be effected to provide the individual sufficient income as specified in subsection 1, paragraph B, the department may provide a special grant whenever the benefit pursuant to subsection 1, paragraph B, is insufficient to meet the rate set for a boarding home. The department shall make such special grant preferably via a vendor payment system or via payment to a payee designated by the individual, or if necessary, via payment to the individual. Noting the intent of Title XVI of the United States Social Security Act, as amended, the administrative efficiencies, and the substantial cost savings to Maine taxpayers, it is the intent of the Legislature that the department shall take any and all reasonable action to obtain the approval of the secretary for a system of vendor payments for such special grants. [RR 1991, c. 1, §30 (COR).]

4. Appropriations available for benefits provided in subsection 1 shall be budgeted and authorized for expenditure by the department in a priority sequence. First, the available appropriation shall be budgeted and expended to increase the minimum monthly federal payment, as specified in subsection 1, paragraph A. Second, any balance of the appropriation remaining after such budgeting, shall be budgeted and expended to provide an individual sufficient income for personal needs, in accordance with subsection 1, paragraph B, and to meet the monthly per resident payment rate for adult foster and boarding home care as provided in subsection 1, paragraph B and subsection 3. Finally, any balance of the appropriations remaining after such budgeting shall be budgeted and expended to provide benefits related to variations by living arrangements as provided in subsection 1, paragraph C. [PL 1979, c. 563, §3 (AMD).]
5. Retroactive payments relating to benefits provided in subsection 1, paragraph B, and subsection 3 shall not be made for any care provided prior to April 1, 1974. Retroactive payments relating to benefits provided in subsection 1, paragraphs A and C, shall not be provided for any period of time prior to July 1, 1974. [PL 1973, c. 790, §3 (NEW).]

6. Future changes in types of benefits.

A. It is the declared intent of this Act that, if it is proposed that benefits provided pursuant to subsection 1 are to be increased on any future date, that such proposal shall recommend, and implementation of such increases shall provide, that the benefits pursuant to subsection 1, paragraph A, shall be increased, and the benefits pursuant to subsection 1, paragraph B, shall be increased, rather than increasing benefits pursuant to subsection 1, paragraph C. [PL 1973, c. 790, §3 (NEW).]

B. [PL 1991, c. 528, Pt. E, §24 (AMD); PL 1991, c. 528, Pt. RRR (AFF); PL 1991, c. 591, Pt. E, §24 (AMD); MRSA T. 22 §3273, sub-§6, ¶ B (RP).]

B-1. On July 1st of every year, the sum of the monthly amount of any state supplemental income benefit authorized by subsection 1, paragraphs A and C, plus the amount of the minimum monthly federal supplemental security income in effect at that time must be increased by a percentage amount equal to the percentage rise in the United States Consumer Price Index for April 1st of that year over the level of the Index for April 1st of the previous year plus any additional percentage amount as is recommended annually by the department. Such an increase may be made only insofar as appropriations are available. In determining the additional percentage amount, consideration must be given to the goal of reaching, within a reasonable time, a benefit level equal to or consistent with the current budget at the lower level of living for a retired couple established by the United States Department of Labor, Bureau of Labor Statistics, for Portland, Maine.

If, on April 1st of any year, the sum of the monthly amount of any state supplemental payment authorized by subsection 1, paragraphs A and C, plus the amount of the minimum monthly federal supplemental security income in effect at that time, is equal to or exceeds the amount resulting from 12 divided into the current annual budget at the lower level of living for a retired couple as most recently established by the United States Department of Labor, Bureau of Labor Statistics, for Portland, Maine, or taking into account variances by marital status and living arrangements as established by the department, a budget that is not inconsistent with that annual budget divided by 12, the increase provided on July 1st next following is limited to the percentage rise in the Consumer Price Index.

This paragraph takes effect July 1, 1993. [PL 1991, c. 528, Pt. E, §25 (NEW); PL 1991, c. 528, Pt. RRR (AFF); PL 1991, c. 591, Pt. E, §25 (NEW).]

7. Balances of funds not to lapse.
[PL 2009, c. 462, Pt. I, §1 (RP).]

7-A. Transfer of funds prohibited. Funds appropriated to support benefits authorized under sections 3271 and 3274 may not be transferred by financial order unless the funds are transferred to the Department of Health and Human Services, Departmentwide program. These amounts may be transferred by financial order upon the recommendation of the State Budget Officer and approval of the Governor. These transfers are not considered adjustments to appropriations.
[PL 2015, c. 267, Pt. XX, §1 (AMD).]

8. Rulemaking. In addition to any other rule-making authority granted under this chapter, the department may adopt emergency rules. The need to reduce benefits to eligible recipients and payments
to boarding homes via vendor payments in accordance with the appropriations made available for this purpose is considered an emergency for the purpose of emergency rulemaking.

9. Supplemental security income for legal immigrants. Supplemental security income for legal immigrants is governed by the following.

A. The department shall provide assistance to all aliens lawfully residing in the United States who would be eligible for assistance under the federal supplemental security income program, 42 United States Code, Section 1381, et seq. except for the provisions of Sections 401, 402 and 403 of the Personal Responsibility and Work Opportunity Reconciliation Act of 1996. [PL 1997, c. 643, Pt. WW, §1 (NEW).]

B. The total amount of monthly assistance provided under this section must equal the amount that the individual would be eligible to receive under the federal supplemental security income program, 42 United States Code, Section 1382, or its successor, if the individual were eligible for that program, and the state supplemental income payment provided to eligible individuals under section 3274. [PL 1997, c. 643, Pt. WW, §1 (NEW).]

10. Balances of funds not to lapse. Any balances of funds appropriated for the program of state supplemental income benefits authorized under sections 3271 and 3274 may not lapse but must be carried forward from year to year to be expended for the same purpose.

[PL 2011, c. 655, Pt. U, §1 (NEW).]

SECTION HISTORY

§3274. Mandatory payments

1. Amount of payment. The department shall provide so-called "mandatory" state supplemental income payments to beneficiaries of the supplemental security income program who receive payments under the state's former aid to the aged, blind and disabled program based on eligibility established for the month of December, 1973.

A so-called "mandatory" state supplemental income benefit, when combined with a federal supplemental security income benefit, shall, to the extent required by federal law to qualify the State of Maine to receive federal matching funds for medical care pursuant to Title XIX of the United States Social Security Act, as amended, and in so far as funds are available, be at least equal to and in no event less than the level of payment to such a recipient effective for December, 1973, under the former state aid to the aged, blind and disabled program, based on eligibility for December, 1973, in accordance with standards of payment applicable to such aid.

[PL 1973, c. 790, §3 (NEW).]

2. Administration. Insofar as an agreement made pursuant to section 3261 pertains to so-called "mandatory" payments, it shall provide that the department enter into an agreement with the secretary under which the secretary, through the Social Security Administration, on behalf of the State of Maine, shall administer, effective with payments issued on January 1, 1974 and thereafter the program of so-called "mandatory" state supplemental income benefits authorized in subsection 1.

[PL 1973, c. 790, §3 (NEW).]
3. **Applying for benefits.** Persons who receive payments under the state's former aid to aged, blind and disabled Program based on eligibility established for the month of December, 1973, shall, if eligible, receive benefits provided pursuant to this Part and for medical care benefits provided by the State of Maine pursuant to Title XIX of the United States Social Security Act, as amended, without filing an application for supplemental security income with the Social Security Administration. [PL 1973, c. 790, §3 (NEW).]

4. **Inconsistent provisions.** The provisions of sections 3271, 3272 and 3273, except for section 3273, subsection 7-A, do not apply to so-called "mandatory" payments. If any provision of these sections is inconsistent with this section, this section, as it relates to mandatory payments, prevails. [PL 2009, c. 462, Pt. I, §3 (AMD).]

### §3274-A. Personal needs of nursing home residents

In administering this chapter, the department shall ensure that eligible individuals residing in nursing homes, as defined in section 1812-A, shall have at least $30 a month for personal needs. [PL 1979, c. 563, §4 (NEW).]

### CHAPTER 855-D

**SPECIAL PROVISIONS**

### §3275. Applicability of chapter

[PL 1973, c. 790, §3 (NEW).]

The Attorney General shall bring proceedings in the name of the State of Maine in any court of competent jurisdiction to compel any person liable under this section to contribute to the support of any recipient of such benefit, if, after reasonable efforts on the part of the department, voluntary contributions have not been made. The court shall determine a fair and reasonable amount for support to be paid by the defendant to the department as reimbursement for moneys furnished to a recipient. [PL 1973, c. 790, §3 (NEW).]

The action must be brought as a petition for support upon not less than 7 days' notice. Upon failure to pay the support ordered, execution must issue. The State shall pay the expense of commitment and support when the defendant is committed to jail on execution and the defendant may be discharged in the same manner as provided by Title 19-A, section 952. [RR 1997, c. 2, §47 (COR).]

If any of the provisions of said chapters shall be in violation of the provisions of the Federal Social Security Act as in effect on April 1, 1974, such provision shall be null and void and the department shall, in that event, take such action as is consistent with the intent of this Act and as is necessary to continue participation by the State of Maine in the program authorized by Title XVI of the United States Social Security Act, as amended. If any of the provisions of this Act shall be in violation of any amendment to the Social Security Act which shall take effect subsequent to April 1, 1974, the department shall recommend to the Legislature legislation which is necessary or desirable to conform the laws of the State to such amendments. ADULT PROTECTIVE SERVICES ACT

SUBCHAPTER 1

GENERAL PROVISIONS

§3470. Title

This Act may be cited as the Adult Protective Services Act. [PL 1981, c. 527, §2 (NEW).]

SECTION HISTORY

§3471. Declaration of policy and legislative intent

The Legislature recognizes that many adult citizens of the State, because of incapacitation or dependency, are unable to manage their own affairs or to protect themselves from abuse, neglect or exploitation. Often these persons can not find others able or willing to render assistance. The Legislature intends, through this Act, to establish a program of protective services designed to fill this need and to ensure its availability to all incapacitated and dependent adults who are faced with abuse, neglect, exploitation or the substantial risk of abuse, neglect or exploitation. It is also the intent of the Legislature to authorize only the least possible restriction on the exercise of personal and civil rights consistent with the person's need for services and to require that due process be followed in imposing those restrictions. Any requirements for disclosure of information contained in this chapter do not supersede federal law if federal law prohibits the disclosure of such information in the manner as set forth in this chapter. [PL 2003, c. 653, §1 (AMD).]

PREVENTION OF DEVELOPMENTAL DISABILITIES

§3571. Prevention of developmental disabilities

1. Prevention of developmental disabilities; Department of Health and Human Services. The Department of Health and Human Services shall serve as the principal agency for the primary prevention of developmental disabilities in the State and shall provide services for pregnant women and new mothers to minimize the likelihood of their having a developmentally disabled child. In particular, the department shall conduct professional education to assure that the best available prevention techniques are utilized by health care professionals in the State and shall assure that access to prenatal services exists for all women of childbearing age in the State.
[PL 1985, c. 484 (NEW); PL 2003, c. 689, Pt. B, §6 (REV).]
2. **Counseling and support services; Department of Health and Human Services.** The Department of Health and Human Services shall institute programs of family counseling and support services for families with developmentally disabled children aged 0 to 5 years. The purpose of these counseling and support services shall be to increase the family's understanding of the child's special needs and to enhance family members' abilities to cope with the physical and emotional strains experienced by families with handicapped children. [PL 1985, c. 484 (NEW); PL 1995, c. 560, Pt. K, §82 (AMD); PL 1995, c. 560, Pt. K, §83 (AFF); PL 2001, c. 354, §3 (AMD); PL 2003, c. 689, Pt. B, §6 (REV).]

3. **Preschool coordination projects; Department of Education.** The Department of Education through the preschool coordination projects shall assure the provision of comprehensive developmental services, including physical therapy, speech and language therapy and occupational therapy to preschool handicapped or delayed children. To the maximum extent possible, these programs shall make use of existing 3rd party payors and coordinate services with local resources. In instances where needed services are not available, the department shall use authorized funds to enable preschool coordination projects to work with local providers, including public and private agencies and school units to develop new or expand existing service to meet these needs.

In addition, the Department of Education shall ensure that comprehensive health educational programs are available in state schools and that teacher training programs in the State include preparation in conduct of health educational programs. [PL 1989, c. 700, Pt. A, §81 (AMD).]

**SECTION HISTORY**

§3572. **Use of private agencies to deliver services**

Private agencies shall be used as appropriate to carry out the implementation of initiatives to prevent developmental disabilities in cooperation with the respective departments so that State Government agencies do not duplicate existing resources in the community and so that all available resources are used effectively to rapidly achieve the goal of preventing developmental disabilities in the State. [PL 1985, c. 484 (NEW).]

**SECTION HISTORY**

PL 1985, c. 484 (NEW).

§3573. **Reporting**

1. **Definitions.** As used in this section, unless the context otherwise indicates, the following terms have the following meanings.

   A. "Developmental disability" means a disability attributable to a mental or physical impairment or combination of mental and physical impairments that:
      
      (1) Is manifested before the person reaches 22 years of age;
      
      (2) Is likely to continue indefinitely;
      
      (3) Results in substantial functional limitations in 3 or more of the following areas of major life activity:
      
      (a) Self-care;
      
      (b) Receptive and expressive language;
      
      (c) Learning;
      
      (d) Mobility;
(e) Self-direction;
(f) Capacity for independent living; and
(g) Economic self-sufficiency.
A person from birth through 9 years of age who has a substantial developmental delay or specific congenital or acquired condition may be considered to have a developmental disability without meeting 3 of the criteria stated in this subparagraph if there is a high probability that the person will meet those criteria later in life if services and supports are not provided to the person; and
(4) Reflects the person's need for a combination and sequence of special, interdisciplinary or generic care, treatment or other services that are of a lifelong or extended duration and are individually planned and coordinated. [PL 2003, c. 602, §1 (NEW).]

B. "Mental and physical impairments" includes, but is not limited to, the following conditions: intellectual disability, autism, cerebral palsy, Asperger syndrome, mental illness, Prader-Willi syndrome and epilepsy. [PL 2011, c. 542, Pt. A, §36 (AMD).]

2. Reporting requirements. The Department of Health and Human Services and Department of Education shall by January 15th of each year submit a joint report to the joint standing committee of the Legislature having jurisdiction over health and human services matters regarding activities conducted over the past fiscal year related to the prevention of developmental disabilities and underlying mental and physical impairments and plans for such activities in the succeeding year. The report must also include data on the incidence rate of births of developmentally disabled children in the State. [RR 2003, c. 2, §74 (COR).]

3. Limitation. The provisions of this section may not be interpreted to expand or otherwise affect the requirements of the Department of Health and Human Services to provide services to children and families under section 3571, subsection 2 or under Title 34-B. CHILD CARE SERVICES

§3731. Definitions

As used in this chapter, unless the context otherwise indicates or unless they are inconsistent with federal law, the following terms have the following meanings. [PL 1993, c. 158, §2 (NEW).]

1. Child care. "Child care" means a regular service of care and education provided for compensation for any part of a day less than 24 hours to a child or children under 16 years of age whose parents work outside the home, attend an educational program or are otherwise unable to care for their children. "Child care" also means administrative functions related to the delivery of child care services, including, but not limited to, contract management, voucher administration, licensing, training, technical assistance and referral. [PL 2011, c. 388, §4 (AMD).]

4. Region. "Region" means a service delivery region established by the commissioner. [PL 2007, c. 539, Pt. N, §32 (AMD).]

SECTION HISTORY
§3732. Principles of child care system

The department shall allocate resources available under this chapter in a manner that promotes the following principles. [PL 1993, c. 158, §2 (NEW).]

1. Family self-sufficiency. A stable source of child care is a critical ingredient to economic self-sufficiency. Child care policies and programs must facilitate a smooth transition into the work force for parents and a rich and stable environment for children. [PL 1993, c. 158, §2 (NEW).]

2. Investment in children. Child care is a critical investment that affects a child's readiness to learn. High-quality child care programs recognize and implement good, early childhood practices, as articulated by Head Start, the National Association for the Education of Young Children and other early childhood organizations. [PL 1993, c. 158, §2 (NEW).]

3. Consumer orientation and education. Child care policies and programs must be responsive to the changing needs of families and educate families about available options, identifying quality programs and selecting appropriate care. [PL 1993, c. 158, §2 (NEW).]

4. Accessibility. High-quality child care must be available to any family seeking care regardless of where the family lives or the special needs of the child. A centralized system in local communities must be available to facilitate parents' access to child care. [PL 2011, c. 388, §6 (AMD).]

5. Affordability. High-quality child care must be available to families who receive child care subsidies available in the State on a sliding scale fee basis, with families contributing based on ability to pay. [PL 2011, c. 388, §7 (AMD).]

6. Diversity. It is the goal of the State to strive wherever possible to provide child care in an integrated setting, where children with various needs and of various income levels and cultures are cared for together. [PL 1993, c. 158, §2 (NEW).]

7. Efficient, coordinated administration. Child care programs must be coordinated to ensure the most effective use of federal and state funds. [PL 1993, c. 158, §2 (NEW).]

8. Support for infrastructure. State child care agencies and policies must support the orderly development of a high-quality child care system. [PL 1993, c. 158, §2 (NEW).]

SECTION HISTORY

§3733. Designated agency

To the extent permitted by federal law, the department shall coordinate and administer all available federal and state child care funds, including, but not limited to, those available under the United States Social Security Act; the federal Omnibus Budget Reconciliation Act of 1990, Section 5081; and the federal Child Care and Development Block Grant Act of 1990, as amended by the federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996, Public Law 104-193, 110 Stat. 2105. [PL 1997, c. 530, Pt. A, §11 (AMD).]

SECTION HISTORY
§3734. Use of federal funds

The department shall seek the advice of the council when applying or reapplying for federal funds under this chapter and when submitting state plans, amendments to state plans or waivers for federal approval. Whenever the department makes these submissions to the Federal Government, it shall notify the joint standing committee of the Legislature having jurisdiction over human resource matters and the Executive Director of the Legislative Council. [PL 1993, c. 158, §2 (NEW).]

The following additional provisions apply to certain federal child care funds, as indicated. [PL 1993, c. 158, §2 (NEW).]

1. Used to supplement state funds. Federal child care funds must be used to supplement and may not replace existing state and local child care funds. [PL 1993, c. 158, §2 (NEW).]

2. Block grant funds encumbered. Within 6 months of receiving any payment under the federal Child Care and Development Fund, the department shall expend or encumber 100% of the payment. [PL 1997, c. 530, Pt. A, §12 (AMD).]

SECTION HISTORY

§3735. Child care for ASPIRE-TANF participants

The department shall ensure that all persons referred for participation in the State's ASPIRE-TANF program receive information regarding child care options from caseworkers who are knowledgeable about the range of child care subsidies available in this State and who can explain the relative advantages of each option. This may be done directly by the department or by the department's designee. [PL 1997, c. 530, Pt. A, §13 (AMD).]

SECTION HISTORY

§3736. Eligibility

1. Single application form. By October 1, 1993, the department shall develop a universal application for all publicly funded child care programs for applicants who are seeking child care as their primary service. By January 1, 1994, the department shall require all caseworkers and contractors to use the form to determine eligibility for those applicants. Applicants submitting applications to more than one caseworker or contractor may submit photocopies or facsimile copies. [PL 2011, c. 388, §8 (AMD).]

2. Eligibility decision within 30 days. The department shall determine eligibility for child care programs administered under this chapter within 30 days of receiving an application. If a contractor determines eligibility, the department shall require that the contractor determine eligibility within 30 days of receiving an application. [PL 1993, c. 158, §2 (NEW).]

3. Application; effective date. If an applicant for child care programs administered under this chapter is determined eligible, child care assistance must be provided retroactively to the date of application. [PL 2015, c. 267, Pt. RRRR, §1 (NEW).]

SECTION HISTORY

§3737. Payments to providers
1. **No payments to recipients.** The department may not make cash payments to recipients for child care services provided under this chapter, except when those payments represent reimbursement for services already provided to the recipient.  
[PL 1993, c. 158, §2 (NEW).]

2. **Maintenance of existing options.** The department shall ensure that child care funds are distributed through a range of mechanisms, including, but not limited to, vouchers to recipients and contracts to providers.  
[PL 1993, c. 158, §2 (NEW).]

3. **Quality differential.** To the extent permitted by federal law, the department shall pay a differential rate for child care services that meet or that make substantial progress toward meeting nationally recognized quality standards, such as those standards required by the Head Start program or required for accreditation by the National Association for the Education of Young Children, and shall do so from the Child Care Development Fund 25% Quality Set-aside funds or by other acceptable federal practices. Rules adopted pursuant to this subsection are routine technical rules as defined by Title 5, chapter 375, subchapter 2-A. The rules must establish a 4-step child care quality rating system and must provide for graduated quality differential rates for step 2, step 3 and step 4 child care services.

   A. [PL 2013, c. 559, §1 (RP).]
   B. [PL 2013, c. 559, §1 (RP).]

Nothing in this subsection requires the department to pay a quality differential rate for child care services provided through the Temporary Assistance for Needy Families block grant.  
[RR 2015, c. 1, §21 (COR).]

4. **Child care rates.** The department shall establish payment rates for child care services that are up to the 75th percentile of local market rates for the various categories of child care services. The payment rates for child care services for children with special needs may be higher than the 75th percentile of local market rates.  
[PL 2017, c. 412, §1 (NEW).]

EMERGENCY ASSISTANCE PROGRAM FOR NEEDY FAMILIES WITH CHILDREN

§3761. Emergency assistance

The department, at the discretion of the commissioner, may establish and operate a program of emergency assistance to needy families with children within the United States Social Security Act, Title IV-A, Section 406(e), and any amendments and additions. [PL 1993, c. 707, Pt. I, §3 (RPR).]

This program must provide: [PL 1993, c. 707, Pt. I, §3 (RPR).]

1. Benefits; emergency situation. Benefits to needy families with children in emergency situations in which the family is deprived of the basic necessities essential to their support, including, but not limited to, utility terminations, lack of adequate shelter, fire and other natural disasters. In determining what constitutes an emergency with respect to utility terminations, the department shall grant assistance when an otherwise qualified family has received a disconnection notice and has exhausted their ability to negotiate and pay the terms of a reasonable payment arrangement. The program may not be used to supplant local responsibility for operating or funding a general assistance program. The department shall not expend more than $750,000 of state general assistance funds for the purposes of covering the cost of services set out in this subsection; and [PL 1993, c. 707, Pt. I, §3 (RPR).]

2. Additional emergency services. Additional emergency services to children who are at risk of removal from the home because of their specified relative's inability to provide care and children in emergency situations where continued presence in the home is not in the best interest of the children. Additional emergency services are defined as those that cover emergency situations resulting from child abuse, neglect, abandonment or domestic abuse. The department may expend other general funds for the additional emergency services described in this subsection. [PL 1993, c. 707, Pt. I, §3 (RPR).]

The department may establish eligibility guidelines and limits on services covered under this program. [PL 1993, c. 707, Pt. I, §3 (RPR).]

CHAPTER 1053-B
TEMPORARY ASSISTANCE FOR NEEDY FAMILIES

§3762. Temporary assistance for needy families; promotion of economic self-support

The department shall promote family economic self-support in accordance with the provisions of this chapter. [PL 1997, c. 530, Pt. A, §16 (NEW).]

1. Definitions. As used in this chapter, unless the context otherwise indicates, the following terms have the following meanings.

A. "ASPIRE-TANF" means the ASPIRE-TANF program established in section 3781-A. [PL 1997, c. 530, Pt. A, §16 (NEW).]
B. "Domestic violence" has the same meaning as provided in Section 408(a)(7)(C)(iii) of PRWORA. [PL 1997, c. 530, Pt. A, §16 (NEW).]

C. "Federal poverty level" means the nonfarm income official poverty line for a family of the size involved, as defined by the federal Office of Management and Budget and revised annually in accordance with the United States Omnibus Budget Reconciliation Act of 1981, Section 673, Subsection 2. [PL 1997, c. 530, Pt. A, §16 (NEW).]
E. "TANF" means the Temporary Assistance for Needy Families program, under the United States Social Security Act, as amended by PRWORA. "TANF" provides temporary assistance to needy, dependent children and their parents or caretaker relatives. [PL 1997, c. 530, Pt. A, §16 (NEW).] [PL 2009, c. 291, §4 (AMD).]

2. Collaboration. The department shall work collaboratively with the following agencies and entities to provide efficient and effective services that lead to self-support for Maine's families receiving TANF assistance:

A. The state agency responsible for child care services; [PL 1997, c. 530, Pt. A, §16 (NEW).]
B. The Department of Labor for services including employment and job training partnership services and vocational services; [PL 1997, c. 530, Pt. A, §16 (NEW).]
C. [PL 2005, c. 397, Pt. A, §23 (RP).]
D. The Department of Transportation; [PL 1997, c. 530, Pt. A, §16 (NEW).]
F. The Department of Economic and Community Development; [PL 1997, c. 530, Pt. A, §16 (NEW).]

H. The municipalities of the State both individually and collectively; [PL 1997, c. 530, Pt. A, §16 (NEW).]
I. The Maine Community College System; [PL 1997, c. 530, Pt. A, §16 (NEW); PL 2003, c. 20, Pt. OO, §2 (AMD); PL 2003, c. 20, Pt. OO, §4 (AFF).]

J. The University of Maine System; and [PL 1997, c. 530, Pt. A, §16 (NEW).]

K. Local service providers appropriate for TANF participants. [PL 1997, c. 530, Pt. A, §16 (NEW).]

3. Administration. The department may administer and operate a program of aid to needy dependent children, called "Temporary Assistance for Needy Families" or "TANF," in accordance with the United States Social Security Act, as amended by PRWORA and DRA, and this Title.

A. The department shall adopt rules as necessary to implement and administer the program. The rules must include eligibility criteria, budgeting process, benefit calculation and confidentiality. The confidentiality rules must ensure that confidentiality is maintained for TANF recipients at least to the same extent that confidentiality was maintained for families in the Aid to Families with Dependent Children program unless otherwise required by federal law or regulation. [PL 1997, c. 530, Pt. A, §16 (NEW).]

B. The department may use funds, insofar as resources permit, provided under and in accordance with the United States Social Security Act or state funds appropriated for this purpose or a combination of state and federal funds to provide assistance to families under this chapter. In addition to assistance for families described in this subsection, funds must be expended for the following purposes:

1. To continue the pass-through of the first $50 per month of current child support collections and the exclusion of the $50 pass-through from the budget tests and benefit calculations;

2. To provide financial assistance to noncitizens legally admitted to the United States who are receiving assistance under this subsection as of July 1, 2011. Recipients of assistance under this subparagraph are limited to the categories of noncitizens who would be eligible for the TANF programs but for their status as aliens under PRWORA. Eligibility for the TANF program for these categories of noncitizens must be determined using the criteria applicable to other recipients of assistance from the TANF program. Any household receiving assistance as of July 1, 2011 may continue to receive assistance, as long as that household remains eligible, without regard to interruptions in coverage or gaps in eligibility for service. A noncitizen legally admitted to the United States who is neither receiving assistance on July 1, 2011 nor has an application pending for assistance on July 1, 2011 that is later approved is not eligible for financial assistance through a state-funded program unless that noncitizen is:

   a. Elderly or disabled, as described under the laws governing supplemental security income in 42 United States Code, Sections 1381 to 1383f (2010);

   b. A victim of domestic violence;

   c. Experiencing other hardship, such as time necessary to obtain proper work documentation, as defined by the department by rule. Rules adopted by the department under this division are routine technical rules as defined by Title 5, chapter 375, subchapter 2-A; or

   d. Unemployed but has obtained proper work documentation, as defined by the department by rule. Rules adopted by the department under this division are routine technical rules as defined by Title 5, chapter 375, subchapter 2-A;

3. To provide benefits to 2-parent families with children using the same eligibility requirements as apply to families headed by a single custodial parent or caretaker relative;
(4) To provide an assistance program for needy children, 19 to 21 years of age, who are in full-time attendance in secondary school. The program is operated for those individuals who qualify for TANF under the United States Social Security Act, except that they fail to meet the age requirement, and is also operated for the parent or caretaker relative of those individuals. Except for the age requirement, all provisions of TANF, including the standard of need and the amount of assistance, apply to the program established pursuant to this subparagraph;

(5) To provide assistance for a pregnant woman who is otherwise eligible for assistance under this chapter, except that she has no dependents under 19 years of age. An individual is eligible for the monthly benefit for one eligible person if the medically substantiated expected date of the birth of her child is not more than 90 days following the date the benefit is received;

(6) To provide a special housing allowance for TANF families whose shelter expenses for rent, mortgage or similar payments, homeowners insurance and property taxes equal or exceed 50% of their monthly income excluding any income disregarded pursuant to subparagraph (7-D), divisions (a) and (b). The special housing allowance is limited to $300 per month for each family. For purposes of this subparagraph, "monthly income" means the total of the TANF monthly benefit and all income countable under the TANF program, plus child support received by the family, excluding the $50 pass-through payment;

(7-C) In determining financial eligibility for applicants who have earnings from employment, the department shall disregard from monthly earnings the following:

(a) One hundred and eight dollars;

(b) Fifty percent of the remaining earnings that are less than the federal poverty level; and

(c) All actual child care costs necessary for work, except that the department may limit the child care disregard to $175 per month per child or $200 per month per child under 2 years of age or with special needs;

REVISOR'S NOTE: Subparagraph (7-C) as enacted by PL 2019, c. 485, §3 is REALLOCATED TO TITLE 22, SECTION 3762, SUBSECTION 3, PARAGRAPH B, SUBPARAGRAPH (7-F)

(7-D) In determining benefit levels, the department shall disregard the following amounts from the monthly earnings of recipients:

(a) One hundred percent of all earned income for the first 3 months of employment. Any month in which the disregard under this division does not increase the recipient's benefit above that which it would be if the disregard in division (c) is applied does not count as a month in which earned income is disregarded under this division;

(b) Seventy-five percent of all earned income for the 4th to 6th months of employment. Any month in which the disregard under this division does not increase the recipient's benefit above that which it would be if the disregard in division (c) is applied does not count as a month in which earned income is disregarded under this division;

(c) One hundred and eight dollars and 50% of the remaining earnings that are less than the federal poverty level for any month of employment in which a disregard in division (a) or (b) is not applied; and

(d) All actual child care costs necessary for work, except that the department may limit the child care disregard to $175 per month per child or $200 per month per child under 2 years of age or with special needs;

(7-E) For any period during which a household's food supplement assistance is reduced as a result of earnings and receipt of the earned income disregard applied under subparagraph (7-D), division (a) or (b), the household must receive additional food supplement assistance in an
amount that will, in addition to the food supplement assistance for which the household remains eligible, provide the household with a minimum of $50 in food supplement assistance. Additional food supplement assistance under this subparagraph is a noncash benefit and may be used to purchase only those food items permitted under the food supplement program;

(7-F) **REALLOCATED FROM T. 22, §3762, sub-§3, ¶B, sub-¶(7-C)** In determining financial eligibility and benefit levels for TANF applicants and TANF recipients, the department shall deduct the income less any applicable income disregards from the standard of need and may not apply any other income test;

(8) In cases when the TANF recipient has no child care cost, the monthly TANF benefit is the maximum payment level or the difference between the countable earnings and the standard of need established by rule adopted by the department, whichever is lower;

(9) In cases when the TANF recipient has child care costs, the department shall determine a total benefit package, including TANF cash assistance, determined in accordance with subparagraph (7-D) and additional child care assistance, as provided by rule, necessary to cover the TANF recipient's actual child care costs up to the maximum amount specified in section 3782-A, subsection 5, paragraph B. The benefit amount must be paid as provided in this subparagraph.

(a) Before the first month in which child care assistance is available to an ASPIRE-TANF recipient under this paragraph and periodically thereafter, the department shall notify the recipient of the total benefit package and the following options of the recipient: to receive the total benefit package directly; or to have the department pay the recipient's child care assistance directly to the designated child care provider for the recipient and pay the balance of the total benefit package to the recipient.

(b) If an ASPIRE-TANF recipient notifies the department that the recipient chooses to receive the child care assistance directly, the department shall pay the total benefit package to the recipient.

(c) If an ASPIRE-TANF recipient does not respond or notifies the department of the choice to have the child care assistance paid directly to the child care provider from the total benefit package, the department shall pay the child care assistance directly to the designated child care provider for the recipient. The department shall pay the balance of the total benefit package to the recipient;

(10) Child care assistance under this paragraph must be paid by the department in a prompt manner that permits an ASPIRE-TANF recipient to access child care necessary for work; and

(11) The department shall adopt rules pursuant to Title 5, chapter 375 to implement this subsection. Rules adopted pursuant to this subparagraph are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A. [RR 2019, c. 2, Pt. A, §27 (AMD).]

4. **Promoting support by both parents.** The department shall enforce laws and establish policies to ensure that both parents contribute to the economic support of their child or children and to promote every child's right to economic support from both parents. Applicants for and recipients of assistance may refuse to cooperate in the establishment of paternity or child support enforcement for good cause related to domestic violence, including situations when cooperation may result in harm to the parent or child, or when the child was conceived as a result of incest or rape. Evidence supporting a good cause determination includes, but is not limited to, the evidence specified in section 3785, subsection 13. The department shall notify all applicants and recipients orally and in writing of the availability of this determination. When a determination of good cause is made by the department, the department may
not impose sanctions or penalties against the applicant or recipient or engage in any other activity that could subject any member of the family to harm.  
[PL 1997, c. 530, Pt. A, §16 (NEW).]

5. Move to sustainable employment. The department shall assist parents who receive TANF assistance to move as quickly as possible into employment that will sustain the family. 
[PL 1997, c. 530, Pt. A, §16 (NEW).]

6. Training; partnerships. The department shall increase the employability of parents who receive TANF assistance through on-the-job training and strengthening the public and private workforce partnership by developing training sites and jobs for those parents. 
[PL 1997, c. 530, Pt. A, §16 (NEW).]

7. Teenage pregnancies; minimization. The department shall provide education and services to minimize teenage pregnancies with special attention paid to the role of the male. 
[PL 1997, c. 530, Pt. A, §16 (NEW).]

8. Transitional support services. The department shall administer a program of transitional support services in accordance with PRWORA, DRA and this subsection.

A. [PL 2019, c. 485, §4 (RP).]

B. The department shall provide limited transitional transportation benefits to meet employment-related costs to ASPIRE-TANF program participants who lose eligibility for TANF assistance due to employment. The department may also make transitional transportation benefits available to families in which one or both adults are working and who, although they remain financially eligible for TANF benefits, request that their benefits be terminated. Benefits may be provided for up to 18 months following loss of TANF eligibility. The department may adopt rules that impose a weekly limit on available transitional transportation benefits and that require a contribution from each participant toward the cost of transportation. [PL 2015, c. 267, Pt. RRRR, §3 (AMD).]

C. The department shall make available transitional child care services to families who lose eligibility for TANF as a result of increased earnings or an increase in the number of hours worked. The department shall make available transitional child care services to families who lose eligibility for TANF as a result of increased earnings or an increase in the number of hours worked and whose gross income is equal to or less than 250% of the federal poverty guidelines. The department may also make transitional child care services available to families in which one or both adults are working and who, although they remain financially eligible for TANF benefits, request that their benefits be terminated. The family shall pay a premium of 2% to 10% of gross income, based on the family's gross income compared to the federal poverty level in accordance with rules adopted by the department. Parents must have a choice of child care within the rate established by the department. [PL 2009, c. 291, §6 (AMD).]

D. [PL 2011, c. 655, Pt. S, §1 (RP).]

E. The department shall establish payment rates for child care services that are up to the 75th percentile of local market rates for the various categories of child care services. The payment rates for child care services for children with special needs may be higher than the 75th percentile of local market rates. [PL 2017, c. 412, §3 (RPR).]

F. The department may provide limited transitional food benefits to meet the needs of food supplement benefit recipients living with one or more dependent children under 18 years of age who are working at least 30 hours per week or who are working at least 20 hours per week if one or more dependent child is under 6 years of age. The benefit may not exceed $100 per month per family. [PL 2019, c. 484, §2 (AMD).]

[PL 2019, c. 484, §2 (AMD); PL 2019, c. 485, §4 (AMD).]
9. Procedures. The following procedural requirements apply to the program:

A. The department shall make information on the program available to the public in written form understandable at the 6th-grade reading level and orally, as needed. [PL 1997, c. 530, Pt. A, §16 (NEW).]

B. The department shall take written applications for assistance, which must be available on request. The department shall provide the applicant written notice of the granting or denial of assistance within 30 days of application. If the family is granted assistance, the notice must state the amount of the benefit. Assistance must be provided promptly to an eligible family without any delay attributable to the administrative process and must be continued regularly to all eligible individuals until they are found to be ineligible. Applicants and recipients must be provided with timely and adequate notice of any intended action to discontinue, terminate, suspend or reduce assistance or to change the manner of paying cash assistance to a protective payee, vendor or through a 2-party payment. Notices under this paragraph must inform the applicant of the right to a fair hearing before an impartial hearing officer and also inform the applicant how to request a hearing. Hearing requests may be made orally or in writing. Hearings must be conducted pursuant to the Maine Administrative Procedure Act. [PL 1997, c. 530, Pt. A, §16 (NEW).]

C. The department shall establish uniform statewide eligibility criteria and benefit levels under the TANF program except as provided in this chapter or chapter 1054-A. Eligibility criteria and benefit levels may not result in cash assistance levels below those in effect on June 1, 1997. [PL 1997, c. 530, Pt. A, §16 (NEW).]

10. Domestic violence. The following provisions apply with regard to victims of domestic violence.

A. The department shall provide all applicants for assistance under this chapter with information both orally and in writing of the availability of services for victims of domestic violence and of the good cause determination for victims of domestic violence and of the good cause determination for victims of domestic violence under section 3785, subsection 13. If an applicant requests a good cause determination under section 3785, subsection 13, the department shall promptly determine whether the applicant qualifies for good cause. An individual may not be required to participate in any TANF activity including orientation until the good cause determination is made. [PL 1997, c. 530, Pt. A, §16 (NEW).]

B. When a determination of good cause is made under section 3785, subsection 13, the ASPIRE-TANF program may contact the individual and offer domestic violence victim services or other appropriate services on a voluntary basis. [PL 1997, c. 530, Pt. A, §16 (NEW).]

11. Treatment of lump sum income. For the purpose of determining eligibility for and the amount of assistance under TANF, the department shall treat any nonrecurring lump sum income received by a family in accordance with this subsection.

A. Nonrecurring lump sum income includes, but is not limited to, personal injury awards, lottery winnings, inheritances and similar nonrecurring forms of income. It does not include income earmarked by the payor for particular expenses such as awards or insurance proceeds earmarked for medical expenses, attorney's fees or the replacement of lost property. Proceeds from the conversion of a nonliquid asset to a liquid asset must be treated as an asset and not as nonrecurring lump sum income. [PL 1997, c. 530, Pt. A, §16 (NEW).]

B. Up to $10,000 of nonrecurring lump sum income must be disregarded as income and excluded as an asset if used for the following purposes within 30 days of its receipt:
(1) Deposit in a separate identifiable account, approved by the department. Withdrawals from such an account may only be for the purposes identified in subparagraphs (2) to (6) and paragraph C;

[PL 1997, c. 530, Pt. A, §16 (NEW).]

[PL 1997, c. 530, Pt. A, §16 (NEW).]

The information must include a summary of any federal laws enacted in the previous fiscal year that may require changes in the ASPIRE-TANF program. 18. **Lifetime limit on assistance.** Beginning January 1, 2012, a family may not receive TANF assistance for longer than 60 months except in those cases in which the department has determined that the family qualifies for an exemption or extension under rules adopted by the department. When an adult has received TANF assistance for 60 months, unless the adult has been exempted or granted an extension by the department, the family unit in which the adult is a member is ineligible for assistance. The department shall consider conditions or situations beyond the control of the adult recipient, including but not limited to a physical or mental condition that prevents the adult from obtaining or retaining gainful employment, being a victim of domestic violence, participating in good standing in an approved education program or a program that is expected to lead to gainful employment, being the caretaker relative in the household who is not the parent of the child or children in the assistance unit and who is required to remain at home to care for a dependent in the assistance unit and loss of employment by the adult following termination of TANF under this subsection. The department shall grant an extension to a household for each month in which a family received TANF assistance and an earnings disregard under subsection 3, paragraph B, subparagraph (7-D), division (a) or (b). This extension does not apply to a TANF recipient who has reached the 60-month time limit prior to October 1, 2019.

The department shall adopt rules to implement this subsection. Rules adopted pursuant to this subsection are routine technical rules pursuant to Title 5, chapter 375, subchapter 2-A.

B. Explain that any determination made pursuant to this subsection may be appealed in accordance with the hearing process established in subsection 9, paragraph B. [PL 2011, c. 380, Pt. PP, §2 (NEW).]
For a family whose assistance is to be terminated, a supervisory review by the department is required. The review must include but is not limited to an evaluation of the need for additional information to determine if cause for an exemption or extension exists. If the conclusion of the evaluation determines additional vocational, health, mental health or other information is necessary, the department shall work in collaboration with the adult recipient in the development of the information prior to the determination of status or termination.

For a family whose assistance is to be terminated pursuant to this subsection, the department shall provide information to the family regarding any other resources that may be available to help meet that family's basic needs.

It is the intent of this chapter to commit these resources and institutions to this goal, and to provide for effective coordination that can result in recipients of Temporary Assistance for Needy Families becoming self-sufficient. [PL 1981, c. 512, §16 (NEW); PL 1997, c. 530, Pt. A, §34 (AMD).]

§3786. Rules
The department shall adopt rules in accordance with the Maine Administrative Procedure Act for the implementation of this chapter. [PL 1993, c. 385, §19 (AMD).]

Rules governing services provided under this chapter apply equally to all participating Temporary Assistance for Needy Families recipients, whether those services are provided by the department or any other agency, organization or individual providing TANF program services to participants. [PL 1997, c. 530, Pt. A, §25 (AMD).]

SECTION HISTORY

§3787. Availability of funds
Nothing in this chapter may be construed to mean that a department, agency, institution or program is required to obligate or expend funds beyond existing funds available to them for these purposes. [PL 1993, c. 385, §20 (AMD).]

SECTION HISTORY

§3788. Program requirements
1. Notice of program assistance. The department shall provide written notice to all applicants for and recipients of the Temporary Assistance for Needy Families program of the range of education, employment and training opportunities, and the types of support services, including transitional support services and medical assistance, available under the ASPIRE-TANF program, together with a statement that all participants may apply for those opportunities and services.
[PL 1997, c. 530, Pt. A, §26 (AMD).]

1-A. Information about and application for Parents as Scholars. When there are fewer than 2,000 enrollees in the Parents as Scholars Program under chapter 1054-B, the department shall inform all persons applying for ASPIRE-TANF and all ASPIRE-TANF participants reviewing or requesting to amend their education, training or employment program under ASPIRE-TANF of the program and shall offer them the opportunity to apply for the program.
[PL 1997, c. 530, Pt. A, §26 (AMD).]

2. Application; decision. As part of the orientation process for ASPIRE-TANF, all participants must be given the opportunity to apply for any education, training and employment support services at the office of the program serving the area in which the individual lives. At orientation, each participant shall receive a complete list of all support services and education, training and employment
services available under the ASPIRE-TANF program so that the individual may identify the services that the individual considers necessary to participate in the program. A written copy of each amendment to the family contract must be given to the participant, together with a complete list of all support services and education, training and employment services available under the program and notice of the participant's right to request a conciliation meeting and a fair hearing. A participant may request an amendment to the participant's family contract at any time. If the participant's request is denied, the participant must be notified in writing of the reason for the denial and must be given notice of right to a fair hearing.

[PL 1997, c. 530, Pt. A, §26 (AMD).]

3. Assessment. Each participant's case manager shall conduct an initial assessment to determine that individual's education, training and employment needs based on available program resources, the participant's skills and aptitudes, the participant's need for supportive services, local employment opportunities, the existence of any good cause circumstances under section 3785 and, to the maximum extent possible, the preferences of the participant. The department shall document findings in the participant's case record indicating any barriers to participation, including, but not limited to, any physical or mental health problems, including learning disabilities or cognitive impairments, or other good cause circumstances specified in section 3785.

[PL 2013, c. 376, §1 (AMD).]

3-A. Comprehensive screening and assessment. If upon an initial screening or at a later date it is determined that a participant has physical or mental health impairments, learning disabilities, cognitive impairments or limitations related to providing care for a household member with a disability or serious illness or a child with a serious behavioral condition, the participant must be offered the opportunity for a comprehensive assessment that may result in referral for alternative services, supports and income benefits. If the participant chooses to have a comprehensive assessment, the participant must be referred to a qualified professional to identify the strengths and needs of and barriers faced by that participant. The participant's case manager shall ensure that any accommodation or support services necessary for the participant to participate in the assessment are made available to the participant. The participant may supplement this assessment with medical records or any other credible information related to the participant's ability to participate in program activities. An assessment under this subsection may also be initiated at the choice of the participant at any time. The individual performing this assessment shall recommend to the case manager any services, supports and programs needed to improve the economic self-sufficiency and well-being of the participant and the participant's family based on the assessment.

In coordination with the participant, the case manager shall establish a plan for the participant and the participant's family based on the assessment that includes appropriate services, supports and programs consistent with the findings and recommendations of the assessment that may include:

A. Referral to a community agency qualified to assist the participant with services, supports, education, training and accommodations needed to reduce or overcome any barriers to achieving self-sufficiency and to fulfill the participant's personal and family responsibilities; and [PL 2013, c. 376, §2 (NEW).]

B. Assistance needed by the participant to obtain federal social security disability insurance benefits or federal supplemental security income benefits. [PL 2013, c. 376, §2 (NEW).]

This subsection does not preclude a determination that the participant is temporarily unable to participate, including participation in any assessment pursuant to this subsection, due to good cause as described in section 3785. Any determination made under this subsection may be appealed in accordance with section 3762, subsection 9.
A participant who chooses to participate in a comprehensive assessment under this subsection and fails to participate without good cause may be sanctioned in accordance with section 3763, subsection 1-A, paragraph A regardless of any previous sanctions that the participant may have incurred.

The department shall provide training for case managers regarding their job responsibilities and their obligation to comply with the requirements of the federal Americans with Disabilities Act of 1990; the federal Rehabilitation Act of 1973; and the Maine Human Rights Act when interviewing and providing information to participants, when referring participants for alternative services or when considering whether the participant requires reasonable accommodations in order to participate in the ASPIRE-TANF program.

[PL 2013, c. 376, §2 (NEW).]

4. Employability plan.

[PL 1997, c. 530, Pt. A, §26 (RP).]

4-A. Family contract amendment. To the extent that sufficient funds, training sites and employment opportunities are reasonably available, the department and a participant in the program shall enter into an amended family contract that must include both the department's and the participant's activities and the support services necessary for the individual to participate in accordance with the assessment, the federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996, Public Law 104-193, 110 Stat. 2105 and the federal Deficit Reduction Act of 2005, Public Law 109-171, 120 Stat. 4.

[PL 2009, c. 291, §8 (AMD).]

5. Provision of support services. Payment for support services must be furnished promptly in accordance with rules adopted by the department to, or on behalf of, eligible individuals as agreed to in the family contract. The rules must provide for an expedited procedure for payment for support services when those services are immediately necessary to enable the participant to participate in an approved education, training or employment plan.

The support services required to participate in ASPIRE-TANF must be specified in the family contract and each participant must receive the support services prescribed in that contract, which may include respite care.

[PL 1997, c. 530, Pt. A, §26 (AMD).]

6. Education, training and employment services. The ASPIRE-TANF program must make available a broad range of education, training and employment services in accordance with section 3781-A, subsection 3 and the federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996, Public Law 104-193, 110 Stat. 2105 and the federal Deficit Reduction Act of 2005, Public Law 109-171, 120 Stat. 4. These services and activities must include all of those services and activities offered by the Additional Support for People in Retraining and Employment Program on October 1, 1989, except in 2-year and 4-year postsecondary education and except as provided in chapter 1054-B. This section does not prohibit the department from purchasing equivalent services from providers other than those from whom those services were purchased on October 1, 1989. When a particular approved education or training service is available at comparable quality and cost, including the cost of support services, and the implementation of the family contract would not be unreasonably delayed, the program participant may choose to enroll for that service with the provider of that person's preference. If this decision is not mutually agreed to by the participant and the case manager, the decision must be reviewed by the case manager's supervisor. These services do not include reimbursement for the cost of tuition or mandatory fees for postsecondary education unless:

A. The participant is unable to secure other educational funding needed to complete the participant's family contract due to:

   (1) Poor credit as determined by the educational funding source; or
(2) The consideration by the educational funding source of resources from past years that are not actually available to the participant; [PL 1997, c. 530, Pt. A, §26 (AMD).]

B. In the determination of the department, failure to pay the tuition or fee would result in higher ASPIRE-TANF program costs to achieve the participant's approved goal; or [PL 1997, c. 530, Pt. A, §26 (AMD).]

C. The participant meets an exception specified in rules adopted by the department. [PL 1993, c. 385, §21 (NEW).]

When a substantially similar postsecondary education or training program of comparable quality is available at both a public and private institution, within a reasonable commuting distance for the participant, the department may choose to approve the program offered at the public institution if the participant's program can be completed at less cost at the institution. [PL 2009, c. 291, §9 (AMD).]

7. Readability.

7-A. Basic skills education. The department shall make available to individuals participating in the ASPIRE-TANF program basic skills education, including programs that assist individuals in obtaining a high school diploma or its equivalent or comparable credential. The time spent by an ASPIRE-TANF participant in basic skills education must be counted toward the first 20 hours of the participant's required weekly work participation, except that this subsection is suspended for any period for which it would cause the State to fail to meet the work participation rate requirements pursuant to 42 United States Code, Section 607, subsection (a). The department shall ensure that the State's work verification plan required under federal law for validating work participation activities of ASPIRE-TANF participants includes basic skills education in the definition of vocational educational training when it is a necessary part of a participant's vocational educational training plan. [PL 2019, c. 484, §5 (NEW).]

8. Annual report.

9. Rules. The department shall adopt rules in accordance with the Maine Administrative Procedure Act to implement this section. [PL 1997, c. 530, Pt. A, §26 (AMD).]

A. Individuals who are ready for jobs may participate in job search at any time. Up-front job search must focus on new recipients who are ready for jobs who are eligible for TANF based on underemployment of the primary wage earner and new single-parent recipients who are ready for jobs and whose children are 5 years of age or older. [PL 1997, c. 530, Pt. A, §26 (AMD).]

B. Work evaluation consists of all activities related to orientation, assessment and initial family contract formulation. Work evaluation is limited to a maximum of 90 days, unless extended by the commissioner or the designee of the commissioner. If an ASPIRE-TANF participant is determined by the department to be job ready, the participant may access the workforce-MaineServe component directly from work evaluation. [PL 1997, c. 530, Pt. A, §26 (AMD).]

C. Except for participants who are accepted into the Parents as Scholars Program established under section 3790, education, training and treatment is limited to a maximum of 24 months, starting with the first day of participation in any allowable and approved job skills or occupational skills training activity. The 24-month period may be extended by the commissioner or the designee of the commissioner for good cause shown.
The department may approve a job skills or occupational training activity longer than 24 months provided the participant agrees to perform a minimum of 20 hours a week of work site experience by no later than the end of the 24-month period. Qualifying work site experience may include, but is not limited to, paid employment, workforce-MaineServe, ASPIRE-Plus, work study, training-related practicums or any other such work site approved by the department. The 24-month period does not include periods of nonactivity in which good cause has been determined.

For individuals who are satisfactorily participating in an education or training program prior to the work evaluation, the department must determine the acceptability of the activity for purposes of meeting the participation requirements of this chapter using the same criteria as is used for any individual in the ASPIRE-TANF program. [PL 2005, c. 480, §1 (AMD).]

D. Workforce-MaineServe consists of paid employment, subsidized employment, apprenticeships or other mandatory work activities, which may continue until the participant is ineligible for TANF benefits. [PL 1997, c. 530, Pt. A, §26 (AMD).] [PL 2009, c. 291, §10 (AMD).]

11. Individual participation requirements. Participation in the program components is governed by subsection 10 and this subsection.

A. For recipients whose eligibility for TANF is based on unemployment or underemployment of the primary wage earner, participation in the workforce-MaineServe component is required and any participation in the education, training and treatment component is contingent on satisfactory participation in workforce-MaineServe. [PL 1997, c. 530, Pt. A, §26 (AMD).]

B. ASPIRE-TANF participants who are attending school or are involved in an equivalent educational program recognized by the Department of Education or a local school board are considered to be in the education, training or treatment component and their participation is not limited to 24 months. The department shall encourage recipients younger than 20 years of age who have not completed high school to attend traditional high school. [PL 1997, c. 530, Pt. A, §26 (AMD).]

C. Subject to the requirements of the Americans with Disabilities Act, if a recipient of TANF is hindered from obtaining employment or successfully completing any portion of the ASPIRE-TANF program by reason of substance use, the recipient must enter into a substance use disorder treatment program. This treatment activity may occur at any time during the ASPIRE-TANF program. [PL 2017, c. 407, Pt. A, §81 (AMD).]

D. If a claim of disability or other good cause is made by a participant, the department shall assess the circumstances of the claim. If good cause is found to exist, the department shall offer reasonable alternative participation requirements and document them in the participant's family contract and case record. [PL 2001, c. 335, §3 (NEW).] [PL 2017, c. 407, Pt. A, §81 (AMD).]

12. Developing resources. To assist the department in its efforts to encourage job placement opportunities and provide the services necessary to ensure self-support to recipients of TANF assistance, the department may contract with public and private agencies to establish job placement opportunities.

In order to assist in the development of job placement opportunities, the department in cooperation with the Department of Labor and other state agencies shall explore the feasibility of developing a shared approach to technology to support access to information talent banks, national job banks, Maine's job listings and any other job opportunity listings, to facilitate linking program resources listings and to coordinate case service providers.

In addition, all public and private agencies are subject to the following requirements.
A. All agencies that receive funds from any state department or division must provide at least one workforce-MaineServe opportunity for an ASPIRE-TANF participant. [PL 1997, c. 530, Pt. A, §26 (AMD).]

B. All state agencies that provide funding for child care or transportation services must require that recipients of TANF be given priority for those services. [PL 1997, c. 530, Pt. A, §26 (AMD).

C. All agencies that receive funds from any state agency for the treatment of substance use disorder must require that recipients of TANF be given priority for those services. [PL 2017, c. 407, Pt. A, §82 (AMD).]

13. Determination of types of opportunities.

[PL 1997, c. 530, Pt. A, §26 (RP)].

14. Family planning services.

[PL 2005, c. 480, §3 (RP).

[PL 1997, c. 530, Pt. A, §27 (AMD).]

[PL 1997, c. 530, Pt. A, §27 (AMD).]

3. Duration of service. MaineServe volunteers may serve for up to 9 months. At the end of the service period, the MaineServe volunteer and the ASPIRE-TANF case manager shall evaluate the

CHAPTER 1054-B

PARENTS AS SCHOLARS

§3790. Parents as Scholars Program

1. Established. The department shall establish a student financial aid program based on need for up to 2000 participants known as the Parents as Scholars Program, referred to in this section as the "program," to aid needy students who have dependent children and who are matriculating in postsecondary undergraduate 2-year and 4-year degree-granting education programs. Enrollees in the program must be provided with a package of student aid that includes aid for living expenses equivalent to that provided pursuant to chapter 1053-B, medical assistance pursuant to chapter 855 and services equivalent to those provided pursuant to chapter 1054-A. A family that ceases to receive aid under this chapter as a result of increased child support or increased hours of, or increased income from, employment is eligible to receive transitional support services in accordance with section 3762, subsection 8. The program must be supported with funds other than federal block grant funds provided under the United States Social Security Act, Title IV-A, except that federal funds may be used in accordance with federal law if their use does not result in the imposition of conditions of participation or program requirements other than those established by this chapter.

[PL 2003, c. 20, Pt. K, §14 (AMD).]

2. Eligibility criteria. Families that qualify for TANF assistance under chapter 1053-B may apply to participate in the program instead of TANF. Individuals with marketable bachelor's degrees are ineligible for enrollment. Eligibility for and the amount of assistance must be determined in accordance with criteria and procedures used in the TANF program, this chapter and the rules adopted pursuant to this chapter and chapter 1053-B. Individuals applying to the program must be assessed in accordance with the provisions of section 3788. To the extent that program resources and space permit, enrollment in the program must be granted if the assessment results in findings as follows:

A. That the individual does not possess the necessary skills to obtain employment that will enable that individual to support a family at 85% of the median family income in the State for a family of the same size; [PL 1997, c. 530, Pt. B, §1 (NEW).]

B. That, considering potential employment opportunities and local labor market conditions, the postsecondary education sought by the individual will significantly improve the ability of the family to be self-supporting; [PL 2017, c. 284, Pt. NNNNNNN, §15 (AMD).]

C. That the individual has the aptitude to successfully complete the proposed postsecondary program; and [PL 2017, c. 284, Pt. NNNNNNN, §15 (AMD).]
D. That enrollment is for the pursuit of any degree or certification if the occupation has at least an average job outlook as identified by the Center for Workforce Research and Information within the Department of Labor. For occupations with a lower than average job outlook, educational plans require approval of the commissioner or the commissioner's designee. [PL 2017, c. 284, Pt. NNNNNNN, §16 (NEW).]

PL 2017, c. 284, Pt. NNNNNNN, §§15, 16 (AMD).

3. Program requirements. An enrollee must participate in a combination of education, training, study or work-site experience for an average of 20 hours per week in the first 24 months of the program. Aid under this chapter may continue beyond 24 months if the enrollee remains in an educational program and agrees to participate in either of the following options:

A. Fifteen hours per week of work-site experience in addition to other education, training or study; or [PL 1999, c. 407, §1 (NEW).]

B. A total of 40 hours of education, training, study or work-site experience. [PL 1999, c. 407, §1 (NEW).]

The department shall present both options to enrollees and permit them to choose either option. For the purpose of this subsection, work-site experience includes, but is not limited to, paid employment, work study, practicums, internships, clinical placements, laboratory or field work directly related to the enrollee's employment goal or any other work activities that, as determined by the department, will enhance the enrollee's employability in the enrollee's field. In the last semester of the enrollee's educational program, work-site experience may also include resume preparation, employment research, interviews and other activities related to job placement.

The department shall make reasonable adjustments in the participation requirements in this subsection for good cause. For the purpose of this subsection, "good cause" means circumstances in which the required participation would cause the enrollee to seriously compromise academic performance. "Good cause" includes, but is not limited to, a verifiable need to take care of a family member with special needs, a physical or mental health problem, illness, accident, death or a serious personal or family problem that necessitates reduced participation or time off from education, training or work. An enrollee receiving aid under this chapter must make satisfactory progress in the enrollee's educational program. The department shall adopt rules defining satisfactory academic progress. The department may not disapprove an educational plan based solely on the length of the educational program. [PL 1999, c. 407, §1 (RPR).]

3-A. Coordination with state educational institutions and programs. The department shall deem a referral from an educational institution or program that is part of the University of Maine System; the Maine Community College System; Jobs for Maine's Graduates, established in Title 20-A, chapter 226; an adult education program established in Title 20-A, chapter 315; or the career centers established by the Department of Labor as an application for the Parents as Scholars Program as long as, in accordance with department rules, it is submitted by a qualified person at the institution or program on a form provided by the department for this purpose and signed by the prospective student expressing a desire to enroll in the Parents as Scholars Program. The department shall notify these institutions and programs of the opportunity to refer prospective students in accordance with this subsection and make available to prospective students and these institutions and programs referral forms to serve as an application for purposes of this subsection. [PL 2019, c. 485, §6 (NEW).]

3-B. Campus-based student support and navigation; working group. The commissioner or the commissioner's designee shall convene a working group to make recommendations to the department regarding the most effective means to establish or supplement personalized professional guidance, support and navigation services for participants in the Parents as Scholars Program in order to promote program completion and student success. The working group includes the Chancellor of
the University of Maine System or the chancellor's designees; the President of the Maine Community College System or the president's designees; members of advocacy or other organizations with expertise in policy related to supports and other assistance needed to help adults with low incomes successfully achieve higher education credentials or degrees; low-income students currently or previously enrolled in the University of Maine System or Maine Community College System; and other members determined appropriate by the commissioner. The working group shall also make recommendations to the department as to how the department may best contribute, through administration of the Parents as Scholars Program and the Higher Opportunity for Pathways to Employment Program established under chapter 1054-C, to the goal established in Title 26, section 2006, subsection 1, paragraph K. The department shall provide up to $250,000 annually to educational institutions or programs identified under subsection 3-A to implement services identified to achieve the purposes under this section. These funds must be provided under the TANF block grant available under Title IV-A of the United States Social Security Act. The commissioner or the commissioner's designee shall convene the first meeting of the working group no later than November 1, 2019.

[PL 2019, c. 485, §6 (NEW).]

4. Child support for participating families. A family participating in the program shall assign the right to child support to the department in the same manner as if the family were receiving TANF assistance. The department shall distribute to a family child support collected on behalf of a family in the same manner as if the family were receiving TANF assistance.

[PL 1997, c. 530, Pt. B, §1 (NEW).]

5. Protection from loss of income. To the extent permitted by federal law, aid received under this chapter must be disregarded as income and excluded as a resource or asset to the same extent as assistance under the TANF program under chapters 1053-B and 1054-A for the purposes of any state, federal, tribal or municipal assistance program. Aid received under this chapter must be treated in the same manner as assistance received under the TANF program under chapters 1053-B and 1054-A for all tax purposes.

[PL 1997, c. 530, Pt. B, §1 (NEW).]

6. Maintenance of effort. Aid provided under this chapter may not be paid for with federal funds provided under the United States Social Security Act, Title IV-A, provided that the state funds used for this program may be counted, without penalty, toward the State's federal maintenance of effort requirement.

[PL 1997, c. 530, Pt. B, §1 (NEW).]

7. Rules. The department shall adopt rules to implement this chapter that must be consistent with the rules adopted under chapter 1053-B. Rules adopted pursuant to this section are routine technical rules, as defined by Title 5, chapter 375, subchapter II-A.

[PL 1997, c. 530, Pt. B, §1 (NEW).]

CHAPTER 1054-C

HIGHER OPPORTUNITY FOR PATHWAYS TO EMPLOYMENT PROGRAM

§3790-A. Higher Opportunity for Pathways to Employment Program

1. Program established. The department shall establish a student financial aid program based on need to be known as the Higher Opportunity for Pathways to Employment Program, referred to in this
chapter as "the program," for a parent or caretaker relative of a minor child who is qualified to receive federal Temporary Assistance for Needy Families funds but does not receive Temporary Assistance for Needy Families cash assistance pursuant to chapter 1053-B and is matriculating in an education or training program, or is enrolled in a program providing remedial services necessary for the parent or caretaker relative to matriculate, that results in a high-value, industry-recognized certificate or similar credential, a postsecondary undergraduate 2-year degree or a postsecondary undergraduate 4-year degree in a health care, technology or engineering field. The department shall specify the health care, technology and engineering fields for the postsecondary undergraduate 4-year degree in department rules.

Enrollment in the program may not exceed 500 participants. To administer the program, the department may not divert funding from assistance and support services to families under the Temporary Assistance for Needy Families program pursuant to chapter 1053-B or from the operation of the Additional Support for People in Retraining and Employment - Temporary Assistance for Needy Families program pursuant to chapter 1054-A. If the commissioner reasonably anticipates that available funds will not support continued operation of the program, the commissioner shall limit or suspend enrollment or program services to the extent necessary to avoid negative effects to services provided under chapters 1053-B and 1054-A.

The program must be supported with funds provided under the Temporary Assistance for Needy Families block grant that are available under Title IV-A of the United States Social Security Act or funds transferred from that block grant to the social services block grant authorized under Title XX of the United States Social Security Act or the child care and development block grant authorized under the federal Child Care and Development Block Grant Act of 1990 and Section 418 of the United States Social Security Act. The department may not expend federal Temporary Assistance for Needy Families funds for services that meet the definition of "assistance" under regulations promulgated pursuant to the United States Social Security Act. To the extent allowable under federal law and subject to federal approval procedures associated with such funds, the program may also be supported with other federal funds, including, but not limited to, employment and training funds from the Supplemental Nutrition Assistance Program.

[PL 2017, c. 387, §1 (NEW).]

2. Eligibility criteria. To the extent that enrollment limits under subsection 1 permit, enrollment or continued participation in the program must be granted if the applicant or participant:

A. Does not already have a marketable bachelor's degree; [PL 2017, c. 387, §1 (NEW).]

B. Has the aptitude to successfully complete the proposed education or training program; [PL 2017, c. 387, §1 (NEW).]

C. Is pursuing a postsecondary undergraduate degree, industry-recognized certificate or similar credential in a field or occupation that has at least an average job outlook as identified by the Center for Workforce Research and Information within the Department of Labor. For fields or occupations for which the job outlook is lower than average, the commissioner or the commissioner's designee must approve the applicant's or participant's education plan. If the applicant or participant is pursuing a postsecondary undergraduate 4-year degree, it must be in a health care, technology or engineering field as specified in department rules; [PL 2017, c. 387, §1 (NEW).]

D. Is making satisfactory progress in the education or training program; [PL 2017, c. 387, §1 (NEW).]

E. Has income that is equal to or below 185% of the nonfarm income official poverty line for a family of the size involved as defined by the federal Office of Management and Budget and revised annually in accordance with the United States Omnibus Budget Reconciliation Act of 1981, Section 673, Subsection 2; and [PL 2017, c. 387, §1 (NEW).]
F. Has countable assets as described in department rules in the Temporary Assistance for Needy Families program pursuant to chapter 1053-B that are equal to or below $10,000. [PL 2017, c. 387, §1 (NEW).]
[PL 2017, c. 387, §1 (NEW).]

3. Program assistance. A program participant must be provided with a package of student aid that includes all support services necessary for participation in the program that are at least equivalent to those provided under chapter 1054-A.
[PL 2017, c. 387, §1 (NEW).]

4. Campus-based student support and navigation. The department shall provide annually up to $1,000,000 in Temporary Assistance for Needy Families funds described in subsection 1 to educational institutions to establish or supplement personalized professional guidance, support and navigation services provided directly to program participants to promote program completion and student success.
[PL 2017, c. 387, §1 (NEW).]

5. Protection from loss of income. To the extent permitted by federal law, aid received under this section must be disregarded as income and excluded as a resource or asset for the purposes of any state, federal, tribal or municipal assistance program.
[PL 2017, c. 387, §1 (NEW).]

6. Rules. The department shall adopt rules to implement this section. Rules adopted pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.

B, §4 (AMD).]

AA, §4 (AMD).]

5. **Report.** Require the department to report monthly to the joint standing committees of the Legislature having jurisdiction over appropriations and financial affairs and health and human services matters, beginning in July 2000, on the status of children served by the Office of Child and Family Services. The report must include, at a minimum, information on the department's caseload, the location of the children in the department's custody and the number of cases of abuse and neglect that were not opened for assessment. The guardian ad litem's reasonable costs and expenses must be paid by the District Court. The appointment must be made as soon as possible after the proceeding is initiated. Guardians ad litem appointed on or after March 1, 2000 must meet the qualifications established by the Supreme Judicial Court. [PL 1999, c. 251, §2 (AMD).]

   B. The guardian ad litem shall act in pursuit of the best interests of the child. The guardian ad litem must be given access to all reports and records relevant to the case and investigate to ascertain the facts. The investigation must include, when possible and appropriate, the following:

      (1) Review of relevant mental health records and materials;

      (2) Review of relevant medical records;
(3) Review of relevant school records and other pertinent materials;
(4) Interviews with the child with or without other persons present; and
(5) Interviews with parents, foster parents, teachers, caseworkers and other persons who have been involved in caring for or treating the child.

The guardian ad litem shall have face-to-face contact with the child in the child's home or foster home within 7 days of appointment by the court and at least once every 3 months thereafter or on a schedule established by the court for reasons specific to the child and family. The guardian ad litem shall report to the court and all parties in writing at 6-month intervals, or as is otherwise ordered by the court, regarding the guardian ad litem's activities on behalf of the child and recommendations concerning the manner in which the court should proceed in the best interest of the child. The court may provide an opportunity for the child to address the court personally if the child requests to do so or if the guardian ad litem believes it is in the child's best interest. [PL 1997, c. 715, Pt. A, §1 (AMD).]

C. The guardian ad litem may subpoena, examine and cross-examine witnesses and shall make a recommendation to the court. [PL 1983, c. 183 (NEW).]

D. The guardian ad litem shall make a written report of the investigation, findings and recommendations and shall provide a copy of the report to each of the parties reasonably in advance of the hearing and to the court, except that the guardian ad litem need not provide a written report prior to a hearing on a preliminary protection order. The court may admit the written report into evidence. [PL 2001, c. 696, §12 (AMD).]

E. The guardian ad litem shall make the wishes of the child known to the court if the child has expressed his wishes, regardless of the recommendation of the guardian ad litem. [PL 1983, c. 183 (NEW).]

F. The guardian ad litem or the child may request the court to appoint legal counsel for the child. The District Court shall pay reasonable costs and expenses of the child's legal counsel. [PL 1995, c. 405, §20 (AMD).]

G. A person serving as a guardian ad litem under this section acts as the court's agent and is entitled to quasi-judicial immunity for acts performed within the scope of the duties of the guardian ad litem. [PL 2001, c. 253, §4 (NEW).]

2. Parents. Parents and custodians are entitled to legal counsel in child protection proceedings, except a request for a preliminary protection order under section 4034 or a petition for a medical treatment order under section 4071, but including hearings on those orders. They may request the court to appoint legal counsel for them. The court, if it finds them indigent, shall appoint and pay the reasonable costs and expenses of their legal counsel. [PL 1983, c. 783, §2 (AMD).]

3. Wishes of child. The District Court shall consider the wishes of the child, in a manner appropriate to the age of the child, including, but not limited to, whether the child wishes to participate or be heard in court. In addition, when a child’s expressed views are inconsistent with those of the guardian ad litem, the court shall consider whether to consult with the child directly, when the child's age is appropriate. [PL 2009, c. 557, §1 (NEW).]

§4005-D. Access to and participating in proceedings
1. Definitions. For the purposes of this section, unless the context otherwise indicates, the following terms have the following meanings.

A. "Foster parent" means a person whose home is licensed by the department as a family foster home as defined in section 8101, subsection 3 and with whom a child lives pursuant to a court order or agreement of the department. [PL 2007, c. 255, §2 (AMD).]

B. "Grandparent," in addition to the meaning set forth in section 4002, subsection 5-C, includes a parent of a child's parent whose parental rights have been terminated, but only until the child is placed for adoption. [PL 2017, c. 411, §8 (AMD).]

C. "Interested person" means a person the court has determined as having a substantial relationship with a child or a substantial interest in the child's well-being, based on the type, strength and duration of the relationship or interest. A person may request interested person status in a child protection proceeding either orally or in writing. [PL 2001, c. 696, §16 (NEW).]

D. "Intervenor" means a person who is granted intervenor status in a child protective proceeding pursuant to the Maine Rules of Civil Procedure, Rule 24, as long as intervention is consistent with section 4003. [PL 2001, c. 696, §16 (NEW).]

E. "Participant" means a person who is designated as an interested person under paragraph C and who demonstrates to the court that designation as a participant is in the best interests of the child and consistent with section 4003. A person may request participant status in a child protection proceeding either orally or in writing. [PL 2001, c. 696, §16 (NEW).]

2. Interested persons. Upon request, the court shall designate a foster parent, grandparent, preadoptive parent or a relative of a child as an interested person unless the court finds good cause not to do so. The court may also grant interested person status to other individuals who have a significant relationship to the child, including, but not limited to, teachers, coaches, counselors or a person who has provided or is providing care for the child.
3. **Access to proceedings.** An interested person, participant or intervenor may attend and observe all court proceedings under this chapter unless the court finds good cause to exclude the person. The opportunity to attend court proceedings does not include the right to be heard or the right to present or cross-examine witnesses, present evidence or have access to pleadings or records.

4. **Right to be heard.** A participant or an intervenor has the right to be heard in any court proceeding under this chapter. The right to be heard does not include the right to present or cross-examine witnesses, present evidence or have access to pleadings or records.

5. **Intervention.** An intervenor may participate in any court proceeding under this chapter as a party as provided by the court when granting intervenor status under Maine Rules of Civil Procedure, Rule 24. An intervenor has the rights of a party as ordered by the court in granting intervenor status, including the right to present or cross-examine witnesses, present evidence and have access to pleadings and records.

6. **Foster parents, preadoptive parents and relatives providing care.** The foster parent of a child, if any, and any preadoptive parent or relative providing care for the child must be provided notice of and the right to be heard in any proceeding to be held with respect to the child. The right to be heard includes the right to testify but does not include the right to present other witnesses or evidence, to attend any other portion of the proceeding or to have access to pleadings or records. This subsection may not be construed to require that any foster parent, preadoptive parent or relative providing care for the child be made a party to the proceeding solely on the basis of the notice and right to be heard.

The foster parent of a child, if any, and any preadoptive parent or relative providing care for the child may attend a proceeding in its entirety under this subsection unless specifically excluded by decision of the presiding judge.

7. **Confidentiality and disclosure limitations.** Interested persons, participants and intervenors are subject to the confidentiality and disclosure limitations of section 4008.

**SECTION HISTORY**

**§4005-E. Relatives; visitation and access; placement (REPEALED)**

**SECTION HISTORY**

**§4005-F. Determinations of parentage**

As part of a child protection proceeding, the District Court may determine parentage of the child. Title 19-A, chapter 61 applies to determinations of parentage in a child protection proceeding. [PL 2015, c. 296, Pt. C, §27 (AMD); PL 2015, c. 296, Pt. D, §1 (AFF).]

This section may not be construed to limit the right of a person to file an action pursuant to Title 19-A, chapter 53, subchapter 1 to enforce a father’s obligations pursuant to that subchapter. [PL 2007, c. 257, §1 (NEW).]
§4005-G. Department responsibilities regarding kinship and sibling placement

1. Kinship preference. Except as provided in subsections 3, 5 and 6, in the residential placement of a child, the department shall give preference to an adult relative over a nonrelated caregiver when determining placement for a child, as long as the adult relative meets all relevant state child protection standards.

2. Sibling preference. Except as provided in subsection 3, in the residential placement of a child, the department shall make reasonable efforts to place a child with all of the child's siblings at the earliest possible time unless the placement is contrary to the safety or well-being of the child or one or more of the siblings. If placing a child with all of the child's siblings is impossible or contrary to the safety or well-being of the child or one or more of the siblings, the department shall place the child with as many of the child's siblings as is possible and consistent with the safety and well-being of the child and the siblings.

3. Exception; reunification. The department is not required to apply the placement preferences in subsections 1 and 2 if documented facts support the conclusion that the placement will interfere with active reunification under section 4041. If the court orders the department not to commence reunification or to cease reunification or if the court terminates parental rights pursuant to section 4055, the department must apply the placement preferences in subsections 1 and 2.

4. Identification of adult relatives. Prior to filing a child protection petition under section 4032, the department shall exercise due diligence to ask each individual that the department has identified as a parent of a child that is the subject of the petition to provide the names and contact information of the following:

   A. Relatives who have provided care for the child on a temporary basis in the past; [PL 2017, c. 411, §11 (NEW).]

   B. Relatives who the parent believes would be safe caregivers during family reunification under section 4041; and [PL 2017, c. 411, §11 (NEW).]

   C. Relatives who the parent believes would be able to serve as a safe resource to support family reunification under section 4041, including by safely supervising visits between the parent and the child. [PL 2017, c. 411, §11 (NEW).]

The department shall include the names and contact information of relatives identified by a parent in the petition pursuant to section 4032, subsection 2, paragraphs J and K. When the department identifies or locates a parent after filing the petition, the department shall exercise due diligence to ask that parent to provide the names and contact information of relatives as required by this subsection as soon as possible. [PL 2017, c. 411, §11 (NEW).]

5. Background check. Within 14 days of receiving information about a relative pursuant to subsection 4, the department shall conduct a background check on that relative unless the relative has informed the department that the relative does not want to provide a residential placement for the child or to serve as a safe resource under subsection 4, paragraph C for the child. The background check must include, at a minimum, obtaining public criminal history record information as defined in Title
Notwithstanding any other provision of this chapter, the department is not required to consider residential placement of the child with a relative or use a relative as a safe resource under subsection 4, paragraph C if:

A. The department has substantiated any report of child abuse or neglect regarding that relative or a substantially equivalent determination regarding that relative has been made in another state; or

[PL 2017, c. 411, §11 (NEW).]

B. The relative has been convicted of a criminal offense relevant to the relative's ability to provide a safe placement for the child or serve as a safe resource under subsection 4, paragraph C. [PL 2017, c. 411, §11 (NEW).]

6. License as a family foster home. The department is not required to consider residential placement of a child with a relative who does not exercise due diligence to obtain a license as a family foster home, including by applying for a license, attending all required trainings, cooperating with a home study and promptly addressing any problems identified by the department that prevent the department from granting the license. The department is also not required to consider or to continue residential placement of a child with a relative who has exercised due diligence to obtain a license as a family foster home but whose application for a license has been denied. As used in this subsection, "family foster home" has the same meaning as in section 8101, subsection 3. [PL 2017, c. 411, §11 (NEW).]

SECTION HISTORY

§4005-H. Relatives; visitation or access; placement by court

1. Grandparent visitation or access. A grandparent who is designated as an interested person or a participant under section 4005-D or who has been granted intervenor status under the Maine Rules of Civil Procedure, Rule 24 may request the court to grant reasonable rights of visitation or access. When a child is placed in a prospective adoptive home and the prospective adoptive parents have signed an adoptive placement agreement, a grandparent's rights of visitation or access that were granted pursuant to this chapter are suspended unless a court determines that it is in the best interest of the child to continue the grandparent's rights of visitation or access. A grandparent's rights of visitation or access terminate when the adoption is finalized pursuant to Title 18-A, section 9-308. Nothing in this section prohibits prospective adoptive parents from independently facilitating or permitting contact between a child and a grandparent, especially when a court has previously ordered rights of visitation or access.

For the purposes of this subsection, "grandparent" includes a parent of a child's parent whose parental rights have been terminated, but only until the child is adopted. [PL 2017, c. 411, §11 (NEW).]

2. Placement by court. A relative may request that the court order that the department place a child with that relative in accordance with this subsection.

A. A relative who is designated as an interested person or a participant under section 4005-D or who has been granted intervenor status under the Maine Rules of Civil Procedure, Rule 24 may request either orally or in writing that the court order that the child be placed with that relative. A relative who has not been designated as an interested person, a participant or an intervenor may request in writing that the child be placed with that relative. [PL 2017, c. 411, §11 (NEW).]

B. If one or more relatives request placement under paragraph A, the court may by order refer the relatives to mediation with the foster parents, if the child has been placed with foster parents, and
the guardian ad litem. The court may order the department to attend the mediation. The order must
designate the mediator and specify responsibility for the costs of mediation. An agreement reached
by the parties through mediation involving placement or visitation must be reduced to writing,
signed by all parties and presented to the court. The court shall consider but is not bound by an
agreement under this paragraph. [PL 2017, c. 411, §11 (NEW).]

C. In making a decision on a request under paragraph A, the court shall, consistent with section
4003, place the child with a relative who made a request if that placement is in the best interest of
the child. [PL 2017, c. 411, §11 (NEW).]

D. If a court order placing a child with a relative under paragraph C is made part of a permanency
planning order entered pursuant to section 4038-B, subsection 3, placement with that relative is the
preferred placement in all future proceedings on the child protection petition with respect to the
child unless evidence is presented that remaining in that placement will negatively affect the child's
emotional or physical health, safety, stability or well-being. [PL 2017, c. 411, §11 (NEW).]
[PL 2017, c. 411, §11 (NEW).]

3. Conviction or adjudication for certain sex offenses; presumption. There is a rebuttable
presumption that the relative would create a situation of jeopardy for the child if any contact were to be
permitted and that contact is not in the best interest of the child if the court finds that the relative:

A. Has been convicted of an offense listed in Title 19-A, section 1653, subsection 6-A, paragraph
A in which the victim was a minor at the time of the offense and the relative was at least 5 years
older than the minor at the time of the offense except that, if the offense was gross sexual assault
under Title 17-A, section 253, subsection 1, paragraph B or C, or an offense in another jurisdiction
that involves conduct that is substantially similar to that contained in Title 17-A, section 253,
subsection 1, paragraph B or C, and the minor victim submitted as a result of compulsion, the
presumption applies regardless of the ages of the relative and the minor victim at the time of the
offense; or [PL 2017, c. 411, §11 (NEW).]

B. Has been adjudicated in an action under this chapter of sexually abusing a person who was a
minor at the time of the abuse. [PL 2017, c. 411, §11 (NEW).]

The relative seeking visitation with or access to the child may produce evidence to rebut the
presumption. [PL 2017, c. 411, §11 (NEW).]

SECTION HISTORY

§4006. Appeals

A party aggrieved by an order of a court entered pursuant to section 4035, 4054 or 4071 may appeal
directly to the Supreme Judicial Court sitting as the Law Court and such appeals are governed by the

Appeals from any order under section 4035, 4054 or 4071 must be expedited. Any attorney
appointed to represent a party in a District Court proceeding under this chapter shall continue to
represent that client in any appeal unless otherwise ordered by the court. [PL 1997, c. 715, Pt. A, §3
(RPR).]

Orders entered under this chapter under sections other than section 4035, 4054 or 4071 are
interlocutory and are not appealable. [PL 1997, c. 715, Pt. A, §3 (RPR).]

SECTION HISTORY

§4007. Conducting proceedings
1. Procedures. All child protection proceedings shall be conducted according to the rules of civil procedure and the rules of evidence, except as provided otherwise in this chapter. All the proceedings shall be recorded. All proceedings and records shall be closed to the public, unless the court orders otherwise.
[PL 1985, c. 495, §17 (AMD).]

1-A. Nondisclosure of certain identifying information. This subsection governs the disclosure of certain identifying information.

A. At each proceeding, the court shall inquire whether there are any court orders in effect at the time of the proceeding that prohibit contact between the parties and participants. If such an order is in effect at the time of the proceeding, the court shall keep records that pertain to the protected person’s current or intended address or location confidential, subject to disclosure only as authorized in this section. Any records in the file that contain such information must be sealed by the clerk and not disclosed to other parties or their attorneys or authorized agents unless the court orders the disclosure to be made after a hearing in which the court takes into consideration the health, safety or liberty of the protected person and determines that the disclosure is in the interests of justice. [PL 2007, c. 351, §2 (NEW).]

B. If, at any stage of the proceedings, a party or a participant alleges in an affidavit or a pleading under oath that the health, safety or liberty of the person would be jeopardized by disclosure of information pertaining to the person’s current or intended address or location, the court shall keep records that contain the information confidential, subject to disclosure only as authorized in this section. Upon receipt of the affidavit or pleading, the records in the file that contain such information must be sealed by the clerk and not disclosed to other parties or participants or their attorneys or authorized agents unless the court orders the disclosure to be made after a hearing in which the court takes into consideration the health, safety or liberty of the person seeking protection and determines that the disclosure is in the interests of justice. [PL 2007, c. 351, §2 (NEW).]

C. If the current or intended address or location of a party or participant is required to be kept confidential under paragraph A or B, and the current or intended address or location of that person is a material fact necessary to the proceeding, the court shall hear the evidence outside of the presence of the person and the person’s attorney from whom the information is being kept confidential unless the court determines after a hearing that takes into consideration the health, safety or liberty of the protected person that the exclusion of the party or participant is not in the interests of justice. If such evidence is taken outside the presence of a party or participant, the court shall take measures to prevent the excluded person and the person’s attorney from accessing the recorded information and the information must be redacted in printed transcripts. [PL 2007, c. 351, §2 (NEW).]

D. Records that are required to be maintained by the court as confidential under this subsection may be disclosed to:

1. A state agency if necessary to carry out the statutory function of that agency;
2. A guardian ad litem appointed to the case; or
3. A criminal justice agency, as defined by Title 16, section 703, subsection 4, if necessary to carry out the administration of criminal justice or the administration of juvenile justice, and such disclosure is otherwise permitted pursuant to section 4008.

In making such disclosure, the court shall order the party receiving the information to maintain the information as confidential. [PL 2013, c. 267, Pt. B, §18 (AMD).]

2. Interviewing children. The court may interview a child witness in chambers, with only the guardian ad litem and counsel present, provided that the statements made are a matter of record. The
court may admit and consider oral or written evidence of out-of-court statements made by a child, and may rely on that evidence to the extent of its probative value.  
[PL 1979, c. 733, §18 (NEW).]

3. **Motion for examination.** At any time during the proceeding, the court may order that a child, parent, alleged parent, person frequenting the household or having custody at the time of the alleged abuse or neglect, any other party to the action or person seeking care or custody of the child be examined pursuant to the Maine Rules of Civil Procedure, Rule 35.  
[PL 1989, c. 270, §1 (AMD).]

3-A. **Report of licensed mental health professional.** In any hearing held in connection with a child protection proceeding under this chapter, the written report of a licensed mental health professional who has treated or evaluated the child shall be admitted as evidence, provided that the party seeking admission of the written report has furnished a copy of the report to all parties at least 21 days prior to the hearing. The report shall not be admitted as evidence without the testimony of the mental health professional if a party objects at least 7 days prior to the hearing. This subsection does not apply to the caseworker assigned to the child.  
[PL 1989, c. 226 (NEW).]

4. **Interstate compact.** The provisions of the Interstate Compact for the Placement of Children, sections 4251 to 4269, if in effect and ratified by the other state involved, apply to proceedings under this chapter; otherwise, the provisions of the Interstate Compact on Placement of Children, sections 4191 to 4247, apply to proceedings under this chapter. Any report submitted pursuant to the compact is admissible in evidence for purposes of indicating compliance with the compact and the court may rely on evidence to the extent of its probative value.  
[PL 2007, c. 255, §4 (AMD).]

5. **Records.**  
[PL 2005, c. 300, §1 (RP).]

6. **Benefits and support for children in custody of department.** When a child has been ordered into the custody of the department under this chapter, Title 15, chapter 507 or Title 19-A, chapter 55, within 30 days of the order, each parent shall provide the department with information necessary for the department to make a determination regarding the eligibility of the child for state, federal or other 3rd-party benefits and shall provide any necessary authorization for the department to apply for these benefits for the child.  

Prior to a hearing under section 4034, subsection 4, section 4035 or section 4038, each parent shall file income affidavits as required by Title 19-A, sections 2002 and 2004 unless current information is already on file with the court. If a child is placed in the custody of the department, the court shall order child support from each parent according to the guidelines pursuant to Title 19-A, chapter 63, designate each parent as a nonprimary care provider and apportion the obligation accordingly.  

Income affidavits and instructions must be provided to each parent by the department at the time of service of the petition or motion. The court may order a deviation pursuant to Title 19-A, section 2007. Support ordered pursuant to this section must be paid directly to the department pursuant to Title 19-A, chapter 65, subchapter IV. The failure of a parent to file an affidavit does not prevent the entry of a protection order. A parent may be subject to Title 19-A, section 2004, subsection 1, paragraph D for failure to complete and file income affidavits.  

SECTION HISTORY

§4008. Records; confidentiality; disclosure

1. Confidentiality of records and information. All department records that contain personally identifying information and are created or obtained in connection with the department's child protective activities and activities related to a child while in the care or custody of the department, and all information contained in those records, are confidential and subject to release only under the conditions of subsections 2 and 3.

Within the department, the records are available only to and may be used only by appropriate departmental personnel and legal counsel for the department in carrying out their functions.

(3) In order for the department to be able to conduct interviews in a manner consistent with
good forensic practice, except as provided in subparagraph (1), school officials may not place

or who otherwise comply with this paragraph are "participating in a related child protection

[PL 2003, c. 626, §3 (NEW).]

3. Consent to treatment. The department may give consent for the child to receive necessary emergency medical treatment while receiving short-term emergency services. When the department has given its consent, a physician or health care provider shall be immune from civil liability for providing emergency medical treatment without the informed consent of the child or the child's parents or custodian.

4. Contacting parents. The following procedures shall apply.

A. Prior to or on initiating short-term emergency services, the department or agency shall take reasonable steps to notify a custodian that the child will receive or is receiving the services. Notwithstanding this subsection, shelters for homeless children, as defined in section 8101, subsection 4-A, are governed by the parental notification requirements contained in the Department of Health and Human Services rules for the licensure of shelters for homeless children. [PL 1989, c. 270, §9 (AMD); PL 1989, c. 819, §3 (AMD); PL 2003, c. 689, Pt. B, §6 (REV).]

B. Short-term emergency services, except for medical treatment, shall not be provided to a child who expresses a clear desire not to receive them. [PL 1979, c. 733, §18 (NEW).]

C. If a parent or custodian objects to medical treatment, it shall be discontinued within 6 hours of receiving the objection. [PL 1979, c. 733, §18 (NEW).]
5. **Time limit.** Short-term emergency services shall not exceed 72 hours from the time of the department's assumption of responsibility for the child. Notwithstanding this subsection, shelters for homeless children, as defined in section 8101, subsection 4-A, are governed by the time-limit requirements contained in the Department of Health and Human Services rules for the licensure of shelters for homeless children.

[PL 1989, c. 270, §10 (AMD); PL 1989, c. 819, §4 (AMD); PL 2003, c. 689, Pt. B, §6 (REV).]

6. **Parent's obligations.** Providing short-term emergency services to a child shall not affect a parent's obligation for the support of the child.

[PL 1979, c. 733, §18 (NEW).]

7. **Reimbursement.** The department may, by agreement or court order, obtain reimbursement from a parent for the support of a child who receives short-term emergency services. An agency may also obtain reimbursement from a parent subject to its contract or written agreement with the department.

[PL 1979, c. 733, §18 (NEW).]

8. **Emergency assessment.** In the event of a homicide as described in subsection 2, paragraph E, the department shall perform an emergency assessment for the purposes of temporary placement with a relative or other responsible person. The department shall provide a copy of the assessment performed under this subsection to the law enforcement personnel involved with the family of the child.

[PL 2003, c. 626, §4 (NEW).]

**SECTION HISTORY**

§4024. Department responsible for required services

If the department requires that a child receive mental health services or other medical services as an alternative to the initiation of a child protection proceeding, the department shall inform the person responsible for the child that the services must be approved by the department. If the person responsible for the child's medical expenses is unable to pay for the services required, the department shall inform the person responsible for the child that the department will pay for the services if the services are approved by the department. [PL 1991, c. 623 (NEW).]

**SECTION HISTORY**

**SUBCHAPTER 4**

**PROTECTION ORDERS; PERMANENCY GUARDIANSHIP**

§4031. Jurisdiction; venue

1. **Jurisdiction.** The following provisions govern jurisdiction.

A. The District Court has jurisdiction over child protection proceedings and jurisdiction over petitions for adoption from permanency guardianship filed by the department. [PL 2011, c. 402, §3 (AMD).]

B. The Probate Court and the Superior Court have concurrent jurisdiction to act on requests for preliminary child protection orders under section 4034. As soon as the action is taken by the Probate Court or the Superior Court, the matter must be transferred to the District Court. [PL 2011, c. 402, §3 (AMD).]
C. [PL 1989, c. 270, §12 (RP).]
D. The District Court has jurisdiction over judicial reviews transferred to the District Court pursuant to Title 18-C, section 9-205. [PL 2017, c. 402, Pt. C, §62 (AMD); PL 2019, c. 417, Pt. B, §14 (AFF).]

2. Venue.
A. Petitions shall be brought in the district where the child legally resides or where the child is present. When a child is in voluntary placement with the department or an agency, the petition may be brought only in the district where he legally resides. [PL 1979, c. 733, §18 (NEW).]
B. The court, for the convenience of the parties or in the interests of justice, may transfer the petitions to another district or division. [PL 1979, c. 733, §18 (NEW).]
C. A judge from another district, division or county may hear a petition and make a preliminary or final protection order if no judge is available in the district and division in which the petition is filed. [PL 1979, c. 733, §18 (NEW).]

[PL 1979, c. 733, §18 (NEW).]

3. Scope of authority. The court shall consider and act on child protection petitions regardless of other decrees regarding a child’s care and custody. The requirements and provisions of Title 19-A, chapter 58 do not apply to child protection proceedings. If custody or parentage is an issue in another pending proceeding, the proceedings may be consolidated in the District Court with respect to the issue of custody, parentage or both. In any event, the court shall make an order on the child protection petition in accordance with this chapter. That order takes precedence over any prior order regarding the child’s care and custody.

[PL 2015, c. 296, Pt. C, §28 (AMD); PL 2015, c. 296, Pt. D, §1 (AFF).]

3. Hearing date. On the filing of a petition, the court shall set the earliest practicable time and date for a hearing. [PL 1979, c. 733, §18 (NEW).]

SECTION HISTORY

§4033. Service and notice

1. Petition service. A child protection petition shall be served as follows:

A. The petition and a notice of hearing must be served on the parents, legal guardian and custodians, the guardian ad litem for the child and any other party at least 10 days prior to the hearing date. A party may waive this time requirement if the waiver is written and voluntarily and knowingly executed in court before a judge. Service must be made in accordance with the Maine Rules of Civil Procedure. [PL 2015, c. 501, §3 (AMD).]

B. If the department is not the petitioner, the petitioner shall serve a copy of the petition and notice of hearing on the State. [PL 1979, c. 733, §18 (NEW).] [PL 2015, c. 501, §3 (AMD).]

2. Notice of preliminary protection order. If there is to be a request for a preliminary protection order, the petitioner shall, by any reasonable means, notify the parents, legal guardian and custodians of the intent to request that order and of the court in which counsel for the parents, legal guardian or custodians may file motions, including motions to modify or vacate any preliminary protection order issued. This notice is not required if the petitioner includes in the petition a sworn statement detailing a sufficient factual basis that:

A. The child would suffer serious harm during the time needed to notify the parents, legal guardian or custodians; or [PL 2015, c. 501, §4 (AMD).]

B. Prior notice to the parents, legal guardian or custodians would increase the risk of serious harm to the child or petitioner. [PL 2015, c. 501, §4 (AMD).]

Failure to provide the notice required by this section, after a good faith attempt to do so, does not constitute grounds for denial of a preliminary protection order. [PL 2015, c. 501, §4 (AMD).]

3. Service of preliminary protection order. If the court makes a preliminary protection order, a copy of the order must be served on the parents, legal guardian and custodians by:
A. In-hand delivery by the judge or court clerk to any parent, legal guardian, custodian or their counsel who is present when the order is made; [PL 2015, c. 501, §5 (AMD).]

B. Service in accordance with the Maine Rules of Civil Procedure. Notwithstanding the Maine Rules of Civil Procedure, the court may waive service by publication of a preliminary protection order for a party whose whereabouts are unknown if the department shows by affidavit that diligent efforts have been made to locate the party; or [PL 1989, c. 819, §5 (AMD).]

C. Another manner ordered by the court. [PL 1979, c. 733, §18 (NEW).]

[PL 2015, c. 501, §5 (AMD).]

3-A. Information provided to parents. When the court makes a preliminary protection order on a child who is physically removed from the child's parents, legal guardian or custodians, the following information must be provided to the parents, legal guardian or custodians in written form by the petitioner at the time of removal of the child:

A. The assigned caseworker's name and work telephone number; [PL 1987, c. 395, Pt. A, §90 (NEW).]

B. The placement with a relative or other location where the child will be taken; and [PL 2015, c. 501, §6 (AMD).]

C. A copy of the complete preliminary protection order. [PL 1987, c. 395, Pt. A, §90 (NEW).]

This information is not required if the petitioner includes in the petition a sworn statement of the petitioner's belief that providing the information would cause the threat of serious harm to the child, the substitute care giver, the petitioner or any other person. [PL 2015, c. 501, §6 (AMD).]

4. Service of final protection order. The court shall deliver in-hand at the court, or send by ordinary mail promptly after it is entered, a copy of the final protection order to the parent's, legal guardian's or custodian's counsel or, if no counsel, to the parents, legal guardian or custodians. The copy of the order must include a notice to them of their rights under section 4038. Lack of compliance with this subsection does not affect the validity of the order. [PL 2015, c. 501, §7 (AMD).]

5. Notice to legal guardians. When notice is required to be given to the legal guardian of a child, the department shall provide notice to all of the child's legal guardians that are known to the department. [PL 2015, c. 501, §8 (NEW).]

SECTION HISTORY

1. **Request.** A petitioner may add to a child protection petition a request for a preliminary protection order or may request a preliminary protection order separately from the child protection petition. A request for a preliminary protection order must include a sworn summary of facts to support the request and identify the specific services offered and provided under section 4036-B, subsection 3 to prevent the removal of the child from the home. [PL 2015, c. 501, §9 (AMD).]

2. **Order.** If the court finds by a preponderance of the evidence presented in the sworn summary or otherwise that there is an immediate risk of serious harm to the child, it may order any disposition under section 4036. A preliminary protection order automatically expires at the time of the issuing of a final protection order under section 4035 or a judicial review order under section 4038. [PL 2001, c. 696, §25 (AMD).]

3. **Custodial consent.** If the custodian consents in writing and the consent is voluntarily and knowingly executed in court before a judge, or the custodian does not appear after proper notice has been given, then the hearing on the preliminary protection order need not be held, except as provided in subsection 4. [PL 1983, c. 184, §3 (AMD).]

4. **Summary preliminary hearing.** The court shall schedule a summary preliminary hearing on a preliminary protection order within 14 days but not less than 7 days after issuance of the preliminary protection order, except that counsel for a parent may request that the hearing take place sooner. Upon request of counsel, the court may conduct the summary preliminary hearing as expeditiously as the court determines the interests of justice require. If a parent, custodian or legal guardian appears for the summary preliminary hearing and does not consent to the preliminary protection order, the court shall conduct a hearing at which the petitioner bears the burden of proof. At a summary preliminary hearing, the court may limit testimony to the testimony of the caseworker, parent, custodian, legal guardian, guardian ad litem, foster parent, preadoptive parent or relative providing care and may admit evidence, including reports and records, that would otherwise be inadmissible as hearsay evidence. If after the hearing the court finds by a preponderance of the evidence that returning the child to the child's custodian would place the child in immediate risk of serious harm, it shall continue the order or make another disposition under section 4036. If the court's preliminary protection order includes a finding of an aggravating factor, the court may order the department not to commence reunification or to cease reunification, in which case the court shall conduct a hearing on jeopardy and conduct a permanency planning hearing. The hearings must commence within 30 days of entry of the preliminary protection order.

If the petitioner has not been able to serve a parent, custodian or legal guardian before the scheduled summary preliminary hearing, the parent, custodian or legal guardian may request a subsequent summary preliminary hearing within 10 days after receipt of the petition. [PL 2015, c. 501, §10 (AMD).]

5. **Contents of order.** The preliminary protection order must include a notice to the parents and custodians of their right to counsel, as required under section 4032, subsection 2, paragraph G and, if the order was made without consent, notice of the date and time of the summary preliminary hearing. The order must include a notice to the parent or custodian that if a parent or custodian is not served with the petition before the summary preliminary hearing, the parent or custodian is entitled to request a subsequent preliminary hearing within 10 days after receipt of the petition. The order must include a notice that visitation must be scheduled within 7 days of the issuance of the order unless there is a compelling reason not to schedule visitation. [PL 2001, c. 696, §27 (AMD).]
6. Visitation. When the court issues a preliminary protection order, the court shall order the department to schedule visitation with the child's parents and siblings within 7 days of the issuance of the order, unless there is a compelling reason not to schedule such visitation. [PL 2001, c. 696, §28 (NEW).]

SECTION HISTORY

§4034-A. Evidence and findings inadmissible

1. Evidence. The exception under section 4034, subsection 4 for the admission of evidence that would otherwise be inadmissible hearsay applies to only the preliminary protection hearing under section 4034, subsection 4. Evidence admitted under that exception is not admissible in any other proceeding unless the evidence is admitted pursuant to the laws and rules of evidence applicable to that other proceeding. [PL 2001, c. 696, §29 (NEW).]

2. Findings. A finding made at the conclusion of a preliminary protection hearing based on evidence that would otherwise be inadmissible hearsay admitted under section 4034, subsection 4 is not admissible in any other proceeding. [PL 2001, c. 696, §29 (NEW).]

SECTION HISTORY

§4035. Hearing on jeopardy order petition

1. Hearing required. The court shall hold a hearing prior to making a jeopardy order. [PL 1997, c. 715, Pt. A, §7 (AMD).]

2. Adjudication. After hearing evidence, the court shall make a finding, by a preponderance of the evidence, as to whether the child is in circumstances of jeopardy to the child's health or welfare.

A. The court shall make a fresh determination of the question of jeopardy and may not give preclusive effect to the findings of fact made at the conclusion of the hearing under section 4034, subsection 4. [PL 2001, c. 696, §30 (NEW).]

B. The court shall make findings of fact on the record upon which the jeopardy determination is made. [PL 2001, c. 696, §30 (NEW).]

C. The court shall make a jeopardy determination with regard to each parent who has been properly served. [PL 2001, c. 696, §30 (NEW).]

[PL 2001, c. 696, §30 (AMD).]

2-A. Conviction or adjudication for certain sex offenses; presumption. There is a rebuttable presumption:

A. That the person seeking custody or contact with the child would create a situation of jeopardy for the child if any contact were to be permitted and that contact is not in the best interest of the child if the court finds that the person:

(1) Has been convicted of an offense listed in Title 19-A, section 1653, subsection 6-A, paragraph A in which the victim was a minor at the time of the offense and the person was at least 5 years older than the minor at the time of the offense except that, if the offense was gross sexual assault under Title 17-A, section 253, subsection 1, paragraph B or C, or an offense in another jurisdiction that involves conduct that is substantially similar to that contained in Title 17-A, section 253, subsection 1, paragraph B or C, and the minor victim submitted as a result
of compulsion, the presumption applies regardless of the ages of the person and the minor victim at the time of the offense; or

(2) Has been adjudicated in an action under Title 22, chapter 1071 of sexually abusing a person who was a minor at the time of the abuse.

The person seeking custody or contact with the child may produce evidence to rebut the presumption; and [PL 2007, c. 513, §6 (AMD).]

B. That the parent or person responsible for the child would create a situation of jeopardy for the child if the parent or person allows, encourages or fails to prevent contact between the child and a person who:

(1) Has been convicted of an offense listed in Title 19-A, section 1653, subsection 6-A, paragraph A in which the victim was a minor at the time of the offense and the person was at least 5 years older than the minor at the time of the offense except that, if the offense was gross sexual assault under Title 17-A, section 253, subsection 1, paragraph B or C and the minor victim submitted as a result of compulsion, the presumption applies regardless of the ages of the person and the minor victim at the time of the offense; or

(2) Has been adjudicated in an action under Title 22, chapter 1071 of sexually abusing a person who was a minor at the time of the abuse.

The parent or person responsible for the child may produce evidence to rebut the presumption. [PL 2005, c. 366, §7 (NEW).]
[PL 2007, c. 513, §6 (AMD).]

3. Grounds for disposition. If the court determines that the child is in circumstances of jeopardy to the child's health or welfare, the court shall hear any relevant evidence regarding proposed dispositions, including written or oral reports, recommendations or case plans. The court shall then make a written order of any disposition under section 4036. If, after reasonable effort, the department has been unable to serve a parent by the time of the hearing under subsection 1, the court may order any disposition under section 4036 until such time as the parent is served and a jeopardy determination is made with regard to that parent. If possible, this dispositional phase must be conducted immediately after the adjudicatory phase. Written materials to be offered as evidence must be made available to each party's counsel and the guardian ad litem reasonably in advance of the dispositional phase. [PL 2001, c. 696, §31 (AMD).]

4-A. Jeopardy order. The court shall issue a jeopardy order within 120 days of the filing of the child protection petition.
This time period does not apply if good cause is shown. Good cause does not include a scheduling problem. [PL 1997, c. 715, Pt. A, §9 (NEW).]

SECTION HISTORY

§4036. Disposition and principles

1. Disposition. In a protection order, the court may order one or more of the following:

A. No change in custody; [PL 1979, c. 733, §18 (NEW).]
B. Departmental supervision of the child and family in the child's home; [PL 1979, c. 733, §18 (NEW).]

C. That the child, the custodians, the parents and other appropriate family members accept treatment or services to ameliorate the circumstances related to the jeopardy; [PL 1979, c. 733, §18 (NEW).]

D. Necessary emergency medical treatment for the child when the custodians are unwilling or unable to consent; [PL 1979, c. 733, §18 (NEW).]

E. Emancipation of the child, if the requirements of Title 15, section 3506-A are met; [PL 1983, c. 480, Pt. B, §27 (AMD).]

F. Removal of the child from his custodian and granting custody to a noncustodial parent, other person or the department; [PL 1979, c. 733, §18 (NEW).]

F-1. Removal of the perpetrator from the child's home, prohibiting direct or indirect contact with the child by the perpetrator and prohibiting other specific acts by the perpetrator which the court finds may threaten the child; [PL 1985, c. 164 (NEW).]

F-2. Visitation between the child and a sibling pursuant to section 4068; [PL 2005, c. 526, §1 (NEW).]

G. Payment by the parents of a reasonable amount of support for the child as determined or modified according to Title 19-A, chapter 63; [PL 1995, c. 694, Pt. D, §42 (AMD); PL 1995, c. 694, Pt. E, §2 (AFF).]

G-2. If the court's jeopardy order includes a finding of an aggravating factor, the court may order the department to cease reunification, in which case a permanency planning hearing must commence within 30 days of the order to cease reunification. [PL 1997, c. 715, Pt. A, §11 (NEW).]

H. Other specific conditions governing custody; or [PL 1995, c. 405, §22 (AMD).]

I. The court may not order and the State may not pay for the defendant to attend a batterers' intervention program unless the program is certified under Title 19-A, section 4014. [PL 1995, c. 694, Pt. D, §43 (AMD); PL 1995, c. 694, Pt. E, §2 (AFF).] [PL 2005, c. 526, §1 (AMD).]

1-A. Parental rights and responsibilities orders. Upon request of a parent, the court may enter an order awarding parental rights and responsibilities pursuant to Title 19-A, section 1653 if the court determines that the order will protect the child from jeopardy and is in the child's best interest as defined in Title 19-A, section 1653, subsection 3. The court shall ensure that proper notice was given that the child protective case may be disposed of through an order awarding parental rights and responsibilities upon request of a parent. If the court enters an order pursuant to this subsection:

A. The court shall direct the clerk to open a family matters case on behalf of the parties and require the case to be appropriately docketed without a separate initial filing by the parties. The court shall require the parties to complete the income affidavits, child support worksheets and supporting documentation as required in Title 19-A, chapter 63. The court shall enter the order awarding parental rights and responsibilities pursuant to Title 19-A, section 1653; [PL 2013, c. 294, §1 (AMD).]

A-1. The order awarding parental rights and responsibilities may not include reference to or discussion of the child protective case, although the court may identify any jeopardy that remains as a finding of fact. Child protective case documents are confidential, and the court shall seal and
keep confidential any documents from the child protective case that are made a part of the record of the family matters case opened under paragraph A; [PL 2013, c. 294, §1 (NEW).]

B. The order awarding parental rights and responsibilities is subject to modification or termination in the same manner as other orders entered pursuant to Title 19-A, section 1653; [PL 2013, c. 294, §1 (AMD).]

C. Any person who requests a modification or termination of the order awarding parental rights and responsibilities must serve the department with the motion or petition; [PL 2013, c. 294, §1 (AMD).]

D. The department is not a party to proceedings to modify or terminate the order awarding parental rights and responsibilities unless otherwise ordered by the court; [PL 2013, c. 294, §1 (AMD).]

D-1. The court may either:

1. Immediately dismiss the child protection action; or
2. Enter a provisional order awarding parental rights and responsibilities and, after the passage of a period set by the court not to exceed 6 months, the child protection action must be dismissed, with the order awarding parental rights and responsibilities becoming permanent, unless there is good cause shown in writing to continue the child protection action; and [PL 2013, c. 294, §1 (NEW).]

E. [PL 2013, c. 294, §1 (RP).]

F. When a provisional order awarding parental rights and responsibilities is entered under paragraph D-1, subparagraph (2), the court may terminate the appointments of the guardian ad litem and attorneys for parents and guardians. When the child protection action is dismissed under paragraph D-1, subparagraph (1) or (2), the court shall terminate the appointments of the guardian ad litem and attorneys for parents and guardians. After the appointments are terminated, the attorneys and guardian ad litem have no further responsibilities to their clients or the court. [PL 2013, c. 294, §1 (AMD).]

2. Principles. In determining the disposition, the court shall apply the following principles in this priority:

A. Protect the child from jeopardy to his health or welfare; [PL 1979, c. 733, §18 (NEW).]

B. Give custody to a parent if appropriate conditions can be applied; [PL 1979, c. 733, §18 (NEW).]

C. Make disposition in the best interests of the child; and [PL 1979, c. 733, §18 (NEW).]

D. Terminate department custody at the earliest possible time. [PL 1979, c. 733, §18 (NEW).]

2-A. Determination of parentage. In a protection order or in a judicial review order, the court may determine the parentage of the child. The court's determination of the child's parentage must be made pursuant to Title 19-A, chapter 61 and has the same legal effect as a determination of parentage made pursuant to that chapter. [PL 2015, c. 296, Pt. C, §29 (NEW); PL 2015, c. 296, Pt. D, §1 (AFF).]

3. Time of order. The order may be for a specified period, with a review at the end of that period, or it may be for an indeterminate period, not beyond age 18. [PL 1979, c. 733, §18 (NEW).]
4. **Disposition of child in custody of department.** The court may not order that a child who has been ordered into the custody of the department be placed with a parent. Nothing in this subsection prevents the department from placing a child in its custody in the home of a parent for a trial period. [PL 1985, c. 739, §10 (NEW).]

5. **Notice of criminal penalties.** If an order is issued under this section that contains a provision subject to criminal penalties under section 4036-A, the order must indicate in a clear and conspicuous manner the potential consequences of violating the order. [PL 1993, c. 443, §1 (NEW).]

**SECTION HISTORY**

§4036-A. Criminal penalty

1. **Definition.** For purposes of this section, "order" means an order entered in a case filed pursuant to this chapter. [PL 1993, c. 443, §2 (NEW).]

2. **Crime committed.** When disposition under section 4036 includes a provision that a party named in a petition not have contact with a child or children named in the petition or a provision that a party named in the petition not enter the residence of a child or children named in the petition, and the party has prior actual notice of the order containing those provisions, violation of that provision is a Class D crime. The criminal sanctions in this subsection are in addition to and not in lieu of contempt powers of the court. [PL 1993, c. 443, §2 (NEW).]

3. **Warrantless arrest.** Notwithstanding any statutory provision to the contrary, an arrest for criminal violation of an order may be without warrant upon probable cause whether or not the violation is committed in the presence of the law enforcement officer. The law enforcement officer may verify, if necessary, the existence of an order by telephone or radio communication with an agency with knowledge of the order. [PL 1993, c. 443, §2 (NEW).]

**SECTION HISTORY**

PL 1993, c. 443, §2 (NEW).

§4036-B. Removal of child from home

1. **Application.** The provisions of this section apply in any case in which the court orders, or has ordered, the removal of a child from home. [PL 2003, c. 408, §1 (NEW).]

2. **Welfare of child.** Before a court may order removal of a child from home, the court must specifically find that remaining in the home is contrary to the welfare of the child. [PL 2003, c. 408, §1 (NEW).]

3. **Reasonable efforts to prevent removal.** The department shall make reasonable efforts to prevent removal of the child from home, unless the court finds the presence of an aggravating factor. In an order providing for removal of the child from home, or within 60 days of the date of removal of the child from home, the court shall make a finding:
A. Whether or not the department has made reasonable efforts to prevent the removal of the child from home; and [PL 2003, c. 408, §1 (NEW)].

B. If the court finds that the department did not make reasonable efforts to prevent the removal of the child from home, whether or not there is an aggravating factor. [PL 2003, c. 408, §1 (NEW)].

3-A. Notification to relatives. Except as required by family or domestic violence safety precautions, the department shall exercise due diligence to identify and provide notice, within 30 days after the removal of a child from the custody of a parent or custodian, to the following relatives: all grandparents; all parents of a sibling of the child who have legal custody of the sibling; and other adult relatives of the child, including any other adult relatives suggested by the parents. For the purposes of this subsection, "sibling" includes an individual who would have been considered a sibling of the child but for a termination or other disruption of parental rights, such as the death of a parent. Failure to comply with this provision does not affect service on a parent or custodian. [PL 2015, c. 381, §4 (AMD)].

4. Reasonable efforts to reunify. The department shall make reasonable efforts to rehabilitate and reunify the family as provided in section 4041, subsection 1-A unless the court has ordered that the department need not commence or may cease reunification pursuant to section 4041, subsection 2. In the jeopardy order pursuant to section 4035 and in each judicial review order pursuant to section 4038, the court shall make a finding whether or not the department has made reasonable efforts to rehabilitate and reunify the family. [PL 2003, c. 408, §1 (NEW)].

5. Reasonable efforts to finalize permanency plan. The department shall make reasonable efforts to finalize the permanency plan. In each order determining a permanency plan pursuant to section 4038-B, the court shall make a finding whether or not the department has made reasonable efforts to finalize the permanency plan. [PL 2005, c. 372, §3 (AMD)].

6. Requirements for findings. A court order making any finding required by this section must:

A. Be in writing; [PL 2003, c. 408, §1 (NEW)].

B. State that the finding was based on the specific facts and circumstances relating to the child; and [PL 2003, c. 408, §1 (NEW)].

C. Explicitly document the basis for the finding. [PL 2003, c. 408, §1 (NEW)].

SECTION HISTORY

§4037. Authority of custodian

When custody of the child is ordered to the department or other custodian under a preliminary or final protection order, the custodian has full custody of the child subject to the terms of the order and other applicable law. [PL 2015, c. 187, §1 (NEW)].

1. Adoption. Custody does not include the right to initiate adoption proceedings without parental consent, except as provided under Title 18-C, section 9-302. [PL 2017, c. 402, Pt. C, §63 (AMD); PL 2019, c. 417, Pt. B, §14 (AFF)].

2. Withhold or withdraw life-sustaining medical treatment. Except as provided in paragraphs A and B, the custodian may not withhold or withdraw life-sustaining medical treatment.
A. The custodian may withhold or withdraw life-sustaining medical treatment if the parental rights of the parents of the child have been terminated pursuant to section 4055 and the custodian determines that withholding or withdrawing life-sustaining medical treatment is in the best interests of the child after considering the factors in paragraph C and the opinions of the child's treating physicians. [PL 2015, c. 187, §1 (NEW).]

B. If the parental rights of one or more parent of the child have not been terminated, the custodian under a preliminary or final child protection order may withhold or withdraw life-sustaining medical treatment:

(1) If the parent or parents whose parental rights have not been terminated consent to the custodian having that authority and the custodian determines that withholding or withdrawing life-sustaining medical treatment is in the best interests of the child after considering the factors in paragraph C and the opinions of the child's treating physicians; or

(2) If any parent whose parental rights have not been terminated does not consent, after notice and hearing, the District Court finds by clear and convincing evidence that:

(a) All of the nonconsenting parents are unfit under one or more of the grounds for termination in section 4055, subsection 1, paragraph B, subparagraph (2), division (b); and

(b) Withholding or withdrawing life-sustaining medical treatment is in the best interests of the child. [PL 2015, c. 187, §1 (NEW).]

C. Withholding or withdrawing life-sustaining medical treatment is in the best interests of the child if the child is in a persistent vegetative state or suffers from another irreversible medical condition that severely impairs mental and physical functioning, with poor long-term medical prognosis, and the child would experience additional pain and suffering if life-sustaining medical treatment were administered. [PL 2015, c. 187, §1 (NEW).]

§4037-A. Extended care

1. Extended care requirements. A person who is 18, 19 or 20 years of age and who attained 18 years of age while in the care and custody of the State may continue to receive care and support if the person:

A. Is enrolled in secondary school or its equivalent or is enrolled in postsecondary or career and technical school; [PL 2011, c. 402, §5 (NEW).]

B. Is participating in a program or activity that promotes employment or removes barriers to employment; [PL 2011, c. 402, §5 (NEW).]

C. Is employed for at least 80 hours per month; or [PL 2011, c. 402, §5 (NEW).]

D. Is found to be in special circumstances, including but not limited to being incapable of qualifying under paragraphs A to C due to a documented medical or behavioral health condition. [PL 2011, c. 402, §5 (NEW).]

2. Placement. A person who qualifies for care and support under this section may be placed in a supervised setting in which the person lives independently, in a foster home or in a group home. [PL 2011, c. 402, §5 (NEW).]
3. **Judicial review.** The District Court shall hold a judicial review for each person who qualifies for care and support under this section at least once every 12 months. The court shall hear evidence and shall consider the original reason for the extended care and support of the person and the agreement of extended care and support between the department and the person. The court shall, after hearing or by agreement, make written findings, based on a preponderance of the evidence, that determine:

   A. The safety of the person in the person's placement; [PL 2011, c. 402, §5 (NEW).]

   B. The services needed to transition the person from extended care and support to independent living; and [PL 2011, c. 402, §5 (NEW).]

   C. The compliance of the parties to the agreement of extended care and support. [PL 2011, c. 402, §5 (NEW).]

In a judicial review order, the court may order either the department or the person or both to comply with the agreement of extended care and support but may not order the department to pay for a specific placement.

[PL 2011, c. 402, §5 (NEW).]

4. **Termination; notice.** A person receiving care and support under this section or the department may terminate the agreement of extended care and support without approval by the court. The department shall notify the court of the termination of extended care and support within 30 days of the termination.

[PL 2011, c. 402, §5 (NEW).]

5. **Guardian ad litem; attorney.** The appointments of the guardian ad litem and attorneys for the parents are terminated when a person receiving care and support under this section attains 18 years of age, and a new guardian ad litem or attorney may not be appointed for or on behalf of the person or the parents.

[PL 2011, c. 402, §5 (NEW).]

SECTION HISTORY

PL 2011, c. 402, §5 (NEW).

§4038. **Mandated review; review on motion**

1. **Mandated review.** If a court has made a jeopardy order, it shall review the case at least once every 6 months, unless the child has been emancipated or adopted.

1-A. **No mandated review.** Notwithstanding subsection 1, no subsequent judicial review is required unless petitioned for by any party or unless specifically ordered by the court:

   A. When custody has been granted to a person other than a parent or the department; [PL 2007, c. 284, §6 (AMD).]

   B. When custody has been granted to a parent who did not have custody at the time the child protection petition was filed; or [PL 2007, c. 284, §6 (AMD).]

[PL 2007, c. 284, §6 (AMD).]

2. **Review on motion.** The court, the child's parent, custodian or guardian ad litem or a party to the proceeding, except a parent whose rights have been terminated under subchapter VI, may move for judicial review. The moving party shall have the burden of going forward.
3. Notice of review. Notice of the reviews must be given to all parties to the initial proceeding according to District Court Civil Rule 4. Notice may not be given to a parent whose rights have been terminated under subchapter VI. The department shall provide written notice of all reviews and hearings in advance of the proceeding to the foster parent, preadoptive parent and relative providing care. The notice must be dated and signed, must include a statement that the foster parent, preadoptive parent and relative providing care are entitled to notice of and an opportunity to be heard in any review or hearing held with respect to the child and must contain the following language:

"The right to be heard includes only the right to testify and does not include the right to present other witnesses or evidence, to attend any other portion of the review or hearing or to have access to pleadings or records."

A copy of the notice must be filed with the court prior to the review or hearing.

3-A. Prehearing conference. The court may convene a prehearing conference to clarify the disputed issues and review the possibility of settlement.

4. Disposition.

5. Hearing. The court shall hear evidence and shall consider the original reason for the adjudication and disposition under sections 4035 and 4036, the events that have occurred since then and the efforts of the parties as set forth under section 4041. After hearing or by agreement, the court shall make written findings that determine:

A. The safety of the child in the child's placement; [PL 2003, c. 408, §6 (NEW).]

B. The continuing necessity for and appropriateness of the child's placement; [PL 2003, c. 408, §6 (NEW).]

C. The effect of a change in custody on the child; [PL 2003, c. 408, §6 (NEW).]

E. A likely date by which the child may be returned to and safely maintained in the home or placed for adoption or legal guardianship; and [PL 2003, c. 408, §6 (NEW).]

F. If the child is 16 years of age or older, whether or not the child is receiving instruction to aid the child in independent living. [PL 2003, c. 408, §6 (NEW).]

6. Disposition. The court may make any further order, based on a preponderance of evidence, that is authorized under section 4036.

A. [PL 1989, c. 270, §13 (RP).]

B. [PL 1989, c. 270, §13 (RP).]

C. [PL 1989, c. 270, §13 (RP).]

7. Review of child in custody of the department.

7-A. Permanency planning hearing.
§4038-A. Transfer to District Court

If a case is transferred to the District Court pursuant to Title 18-C, section 9-205, the court shall conduct a hearing and enter a dispositional order using the same standards as set forth in section 4036. The court after the hearing and entering of a dispositional order shall conduct reviews in accordance with section 4038 and permanency planning hearings in accordance with section 4038-B. [PL 2017, c. 402, Pt. C, §64 (AMD); PL 2019, c. 417, Pt. B, §14 (AFF).]

§4038-B. Permanency plans

1. Mandated permanency planning hearing. Unless subsequent judicial reviews are not required pursuant to section 4038, subsection 1-A, the District Court shall conduct a permanency planning hearing and shall determine a permanency plan within the earlier of:

   A. Thirty days after a court order to cease reunification; and [PL 2005, c. 372, §6 (NEW).]

   B. Twelve months after the time a child is considered to have entered foster care. A child is considered to have entered foster care on the date of the first judicial finding that the child has been subjected to child abuse or neglect or on the 60th day after removal of the child from home, whichever occurs first. [PL 2005, c. 372, §6 (NEW).]

   [PL 2005, c. 372, §6 (NEW).]

2. Subsequent permanency planning hearings. Unless subsequent judicial reviews are not required pursuant to section 4038, subsection 1-A, the District Court shall conduct a permanency planning hearing within 12 months of the date of any prior permanency planning order. [PL 2005, c. 372, §6 (NEW).]

3. Permanency planning orders. After each permanency planning hearing, the District Court shall adopt a permanency plan for a child that complies with subsection 4. The court shall enter the order within the time limitations contained in subsection 1 or 2, whichever is applicable to the permanency planning hearing. [PL 2005, c. 372, §6 (NEW).]

4. Contents of permanency plan. A permanency plan for a child under this section must contain determinations on the following issues.

   A. The permanency plan must determine whether and when, if applicable, the child will be:

      (1) Returned to a parent. Before the court may enter an order returning the custody of the child to a parent, the parent must show that the parent has carried out the responsibilities set forth in section 4041, subsection 1-A, paragraph B; that to the court's satisfaction the parent has rectified and resolved the problems that caused the removal of the child from home and any subsequent problems that would interfere with the parent's ability to care for the child and protect the child from jeopardy; and that the parent can protect the child from jeopardy;
(2) Placed for adoption, in which case the department shall file a petition for termination of parental rights;

(3) Cared for by a permanency guardian, as provided in section 4038-C, or a guardian appointed by the Probate Court pursuant to Title 18-C, sections 5-204 to 5-206;

(4) Placed with a fit and willing relative; or

(5) Placed in another planned permanent living arrangement. The District Court may adopt another planned permanent living arrangement as the permanency plan for the child only after the department has documented to the court a compelling reason for determining that it would not be in the best interests of the child to be returned home, be referred for termination of parental rights or be placed for adoption, be cared for by a permanency guardian or be placed with a fit and willing relative. [PL 2017, c. 402, Pt. C, §65 (AMD); PL 2019, c. 417, Pt. B, §14 (AFF).]

B. In the case of a child placed outside the state in which the parents of the child live, the permanency plan must determine whether the out-of-state placement continues to be appropriate and in the best interests of the child. [PL 2005, c. 372, §6 (NEW).]

C. In the case of a child who is 14 years of age or older, the permanency plan must determine the services needed to assist the child to make the transition from foster care to independent living. [PL 2015, c. 381, §5 (AMD).]

D. The permanency plan must ensure that all in-state and out-of-state placements are considered to provide the child with all possible permanency options. [PL 2009, c. 557, §2 (NEW).] [PL 2017, c. 402, Pt. C, §65 (AMD); PL 2019, c. 417, Pt. B, §14 (AFF).]

5. Wishes of child. The District Court shall consider the wishes of a child, in a manner appropriate to the age of the child, in making a determination under this section. [PL 2009, c. 557, §3 (AMD).]

SECTION HISTORY

§4038-C. Permanency guardian

As part of the permanency plan, the District Court may appoint a person or persons as guardian of a minor, to be known as a permanency guardian. "Permanency guardian," when used in this section and in section 4038-D and Title 20-A, section 12572, means the person or persons appointed as the permanency guardian. [PL 2005, c. 471, §3 (AMD).]

1. Criteria. The District Court may appoint a person to be a permanency guardian only if the court finds that the prospective permanency guardian:

A. Has the ability to provide a safe home for the child; [PL 2005, c. 372, §6 (NEW).]

B. Has a close emotional bond with the child and that the child has a close emotional bond with the prospective permanency guardian; [PL 2005, c. 372, §6 (NEW).]

C. Is willing and able to make an informed, long-term commitment to the child; [PL 2011, c. 402, §6 (AMD).]

D. Has the skills to care for the child; and [PL 2011, c. 402, §7 (AMD).]

E. Has submitted to having fingerprints taken for the purposes of a national criminal history record check. [PL 2011, c. 402, §8 (NEW).] [PL 2011, c. 402, §§6-8 (AMD).]
2. **Powers and duties of permanency guardian.** A permanency guardian has all of the powers and duties of a guardian of a minor pursuant to Title 18-C, sections 5-207 and 5-208. A permanency guardianship terminates upon the minor's death, adoption or attainment of majority or as ordered by the court pursuant to this section. [PL 2019, c. 664, Pt. C, §1 (AMD).]

3. **Parental and relative contact.** A parent, grandparent or sibling of a child subject to a permanency guardianship or to a proceeding to establish a permanency guardianship may petition the court to determine rights of contact as provided in subsection 6. If the District Court determines that it is in the best interest of the child, it may order that the parent, grandparent or sibling of the child has a reasonable right of contact with the child and may specify the type, frequency, duration and conditions of that contact. [PL 2005, c. 372, §6 (NEW).]

4. **Child support.** The parents shall pay the permanency guardian child support. Title 19-A, section 1652 and Title 19-A, chapter 63 govern the award of child support to the permanency guardian. The child support obligation may be enforced pursuant to Title 19-A, chapter 65 or 67. If there is an existing child support order or obligation regarding the child, and if the District Court fails to make a child support order at the time of appointing a permanency guardian, the permanency guardian becomes the obligee under the existing support order or obligation. A copy of the order appointing the permanency guardian is sufficient proof of the permanency guardian's status as obligee. [PL 2005, c. 372, §6 (NEW).]

5. **Jurisdiction over permanency guardian.** The District Court has exclusive jurisdiction to appoint or remove a permanency guardian and to establish any rights of contact between a child and a parent, grandparent or sibling. [PL 2005, c. 372, §6 (NEW).]

6. **Proceedings to terminate permanency guardianship or to determine rights of contact.** Proceedings to terminate permanency guardianship or to determine rights of contact are governed by the following.

   A. Any party to the child protective proceeding may petition to terminate a permanency guardianship and any parent, grandparent or sibling of the child may petition the court to establish rights of contact with the child, except that a person having once petitioned unsuccessfully to terminate a permanency guardianship or to establish rights of contact may not bring a new petition to terminate the permanency guardianship or to establish rights of contact within 12 months after the end of the previous proceeding, and then only if the petitioner alleges and proves that there has been a substantial change of circumstances regarding the child's welfare. [PL 2005, c. 372, §6 (NEW).]

   B. Notice of a petition under paragraph A must be given in the manner provided for by Rule 4 of the Maine Rules of Civil Procedure to all parties to the child protective case and to the permanency guardian. [PL 2005, c. 372, §6 (NEW).]

   C. The permanency guardianship may be terminated only if the petitioner proves by a preponderance of the evidence that the termination is in the best interest of the child. [PL 2005, c. 372, §6 (NEW).] [PL 2005, c. 372, §6 (NEW).]

7. **Effect on inheritance rights and public benefits.** The appointment of a permanency guardian does not affect the inheritance rights between a child and the child's parent or parents. The appointment of a permanency guardian may not affect the child's entitlement to benefits due that child from any 3rd person, agency or state or the United States. Except as required by federal law or
regulation, the permanency guardian's resources and income are not counted in determining eligibility for any public benefit to which the child may be entitled.

The permanency guardianship does not affect the rights and benefits that a Native American derives from descent from a member of a federally recognized Indian tribe.

[PL 2005, c. 521, §1 (AMD).]

8. **Resignation, death or incapacity of permanency guardian.** Resignation of a permanency guardian does not terminate the guardianship until it has been approved by the court. If a permanency guardian resigns, dies or becomes incapacitated, the District Court shall hold a judicial review and a permanency planning hearing at the earliest practicable time.

[PL 2005, c. 372, §6 (NEW).]

9. **Preference.** The District Court shall give preference for placement and permanency guardianship to a person nominated by a deceased permanency guardian in a valid will or by an incapacitated permanency guardian in a valid power of attorney, unless the District Court finds that the placement or permanency guardianship is not in the child's best interest.

[PL 2005, c. 372, §6 (NEW).]

10. **Limitation.** The District Court does not have authority to provide a guardianship subsidy for permanency guardianship under section 4038-D.

[PL 2005, c. 683, Pt. A, §36 (AMD).]

11. **Application to pending cases.** The District Court may appoint a permanency guardian in a proceeding pending on September 17, 2005 or in a proceeding commenced on or after September 17, 2005.

[PL 2005, c. 521, §2 (NEW).]

12. **Appointments terminate; later appointments.** Unless the District Court has scheduled a judicial review or orders otherwise, the court's appointments of the guardian ad litem and attorneys for parents and guardians terminate, and the attorneys and guardian ad litem have no further responsibilities to their clients or the court upon appointment of a permanency guardian pursuant to this section. If a party files a motion for judicial review when no judicial review is required pursuant to section 4038, subsection 1-A, or if a party files a petition pursuant to subsection 6 to terminate a permanency guardianship or determine rights of contact, the court shall appoint a guardian ad litem and attorneys for indigent parents and custodians, including permanency guardians, as required by section 4005.

[PL 2007, c. 284, §7 (NEW).]

13. **Resource family license.** The department shall issue a resource family license in accordance with standards adopted by the department to a resource family that meets the requirements and standards for permanency guardianship of children in foster care under subsection 1 and for a license fee established by the department.

[PL 2011, c. 402, §9 (NEW).]

**SECTION HISTORY**

§4038-D. **Guardianship subsidy**

1. **Establishment of program; use of federal funds.** There is established in the department the Guardianship Subsidy Program, referred to in this section as "the program." For the purposes of this section, the department is authorized to use funds that are appropriated for child welfare services and
funds provided under the United States Social Security Act, Titles IV-B and IV-E, or under any waiver that the department receives pursuant to those Titles. [PL 2005, c. 372, §6 (NEW).]

2. Eligibility for guardianship subsidy payments. Subject to rules adopted to implement this section, the department may provide subsidies for a child who is placed in a permanency guardianship or in a similar status by a Native American tribe, when reasonable but unsuccessful efforts have been made to place the child without guardianship subsidies and if the child would not be placed in a permanency guardianship without the assistance of the program. [PL 2011, c. 402, §10 (AMD).]

3. Definition of "special needs child." [PL 2011, c. 402, §11 (RP).]

4. Amount of guardianship subsidy. The amount of a guardianship subsidy is determined according to this subsection.
   A. The amount may vary depending upon the resources of the permanency guardian, the needs of the child and the availability of other resources. [PL 2011, c. 402, §12 (AMD).]
   B. The amount may not exceed the total cost of caring for the child if the child were to remain in the care or custody of the department, without regard to the source of the funds. [PL 2005, c. 372, §6 (NEW).]
   C. [PL 2011, c. 402, §12 (RP).]
   D. Subject to rules adopted by the department, expenses of up to $2,000 per child may be reimbursed. This reimbursement is for legal expenses required to complete the permanency guardianship, including attorney's fees and travel expenses. [PL 2011, c. 402, §12 (AMD).]

5. Duration of guardianship subsidy. A guardianship subsidy may be provided for a period of time based on the needs of a child. The subsidy may continue until the termination of the permanency guardianship or until the permanency guardian is no longer caring for the child, at which time the guardianship subsidy ceases. If the child has need of educational benefits or has a physical, mental or emotional handicap, the guardianship subsidy may continue until the child has attained 21 years of age if the child, the parents and the department agree that the need for care and support exists. [PL 2011, c. 402, §13 (AMD).]

6. Administration of program. Applications for the program may be submitted by a prospective permanency guardian. A written agreement between the permanency guardian entering into the program and the department must precede the order creating the permanency guardianship, except that an application may be filed subsequent to the creation of the permanency guardianship if there were facts relevant to the child's eligibility that were not presented at the time of placement or if the child was eligible for participation in the program at the time of placement and the permanency guardian was not apprised of the program. [PL 2005, c. 372, §6 (NEW).]

7. Annual review required. If the subsidy continues for more than one year, the need for the subsidy must be reviewed annually. The subsidy continues regardless of the state in which the permanency guardian resides, or the state to which the permanency guardian moves, if the permanency guardian continues to be responsible for the child. [PL 2005, c. 372, §6 (NEW).]

8. Death of permanency guardian. [PL 2011, c. 402, §14 (RP).]
9. **Adoption of rules.** The department shall adopt rules for the program consistent with this section. Rules adopted pursuant to this subsection are routine technical rules pursuant to Title 5, chapter 375, subchapter 2-A.
[PL 2005, c. 372, §6 (NEW).]

10. **Permanency guardian's eligibility for public benefits.** Except as required by federal law or regulation, the guardianship subsidy may not be counted as resources or income in the determination of the permanency guardian's eligibility for any public benefit.
[PL 2005, c. 521, §3 (AMD).]

11. **Application to pending cases.** The department may provide a guardianship subsidy pursuant to this section to a child who is the subject of a child protection proceeding pending on September 17, 2005 or to a child who is the subject of a child protection proceeding commenced on or after September 17, 2005.
[PL 2005, c. 521, §4 (NEW).]

§4038-E. **Adoption from permanency guardianship**

A permanency guardian may petition the District Court to adopt the child in the permanency guardian's care and to change the child's name upon the issuance of the adoption decree. The petition must be filed and adjudicated in accordance with Title 18-C, Article 9, except that the adoption may not be granted unless each living parent identified in the child protection action whose rights have not been terminated has executed a consent to the adoption pursuant to Title 18-C, section 9-202 or the court finds that such consent is not required pursuant to Title 18-C, section 9-302, subsection 2. A permanency guardian may not seek an order terminating the parental rights of a parent as part of a petition to adopt the child. [PL 2019, c. 664, Pt. C, §2 (NEW).]

SECTION HISTORY

§4039. Enforcement of custody orders

When the court has ordered a change in the custody of a child and a person not entitled to custody refuses to relinquish physical custody to the custodian, then, at the request of the department or custodian, a law enforcement officer may take any necessary and reasonable action to obtain physical custody of the child for the rightful custodian. Necessary and reasonable action may include entering public or private property with a warrant based on probable cause to believe that the child is there. [PL 1979, c. 733, §18 (NEW).]

SUBCHAPTER 5

FAMILY REUNIFICATION

§4041. Departmental responsibilities

1. Rehabilitation and reunification.

1-A. Rehabilitation and reunification. A child is considered to have entered foster care on the date of the first judicial finding that the child has been subjected to child abuse or neglect or on the 60th day after the child is removed from the home, whichever occurs first. When a child is considered to have entered foster care, the responsibility for reunification and rehabilitation of the family must be shared as follows.

A. The department shall:

(1) Develop a rehabilitation and reunification plan as provided in this subparagraph.

(a) In developing the rehabilitation and reunification plan, the department shall make good faith efforts to seek the participation of the parent. Information that must be included in developing the plan includes the problems that present a risk of harm to the child, the services needed to address those problems, provisions to ensure the safety of the child while the parent engages in services, a means to measure the extent to which progress has been made, and visitation that protects the child's physical and emotional well-being. With this information, the department shall prepare a written rehabilitation and reunification plan.

(b) The department shall circulate the plan to the parties at least 10 days before a scheduled court hearing and shall present the plan to the court for filing at that hearing.
(c) The rehabilitation and reunification plan must include the following:

(i) The reasons for the removal of the child from home;

(ii) The changes that are necessary to eliminate jeopardy to the child while in the care of a parent;

(iii) Rehabilitation services that will be provided and must be completed satisfactorily prior to the child's returning home;

(iv) Services that must be provided or made available to assist the parent in rehabilitating and reunifying with the child, as appropriate to the child and family, including, but not limited to, reasonable transportation for the parent for visits and services, child care, housing assistance, assistance with transportation to and from required services and other services that support reunification;

(v) A schedule of and conditions for visits between the child and the parent designed to provide the parent and child time together in settings that provide as positive a parent-child interaction as can practically be achieved while ensuring the emotional and physical well-being of the child when visits are not detrimental to the child's best interests;

(vi) Any use of kinship support, including, but not limited to, placement, supervision of visitation, in-home support or respite care;

(vii) A reasonable time schedule for proposed reunification, reasonably calculated to meet the child's needs; and

(viii) A statement of the financial responsibilities of the parent and the department during the reunification process;

(2) Provide the parent with prompt written notice of the following, unless that notice would be detrimental to the best interests of the child:

(a) The child's residence and, when practicable, at least 7 days' advance written notice of a planned change of residence; and

(b) Any serious injuries, major medical care received or hospitalization of the child;

(3) Make good faith efforts to cooperate with the parent in the pursuit of the plan;

(4) Periodically review with the parent the progress of the plan and make any appropriate changes in that plan. If the parties disagree about the proposed changes in the plan, any party may seek an informal conference with all other parties in an effort to resolve the disagreement, prior to initiating court action. If the parties are unable to agree after an informal conference, the parties may have access to the court's case management system. This subparagraph may not be construed to limit the court's authority to manage and control any cases within the court;

(5) Petition for judicial review and return of custody of the child to the parent at the earliest appropriate time; and

(6) Petition for termination of parental rights at the earliest possible time that it is determined that family reunification efforts will be discontinued pursuant to subsection 2 and that termination is in the best interests of the child. [PL 2001, c. 559, Pt. CC, §5 (NEW).]

B. The responsibilities of the parent include, as appropriate to the child and family, that the parent:

(1) Rectify and resolve problems that prevent the return of the child to the home;

(2) Cooperate with the department in the development of the plan, as described in paragraph A;
(3) Take part in a reasonable rehabilitation and reunification plan. Use of rehabilitation and other services by a parent may not be used to constitute an admission by the parent;

(4) Maintain meaningful contact with the child pursuant to the plan. When a parent has moved from the area where the child has been placed, the parent shall make arrangements to visit the child at or near the child's placement. If a significant practical barrier to parental contact with the child arises, any party aware of the barrier shall notify the other parties and all parties shall make efforts to overcome the barrier to contact;

(5) Seek and utilize appropriate services to assist in rehabilitating and reunifying with the child;

(6) Pay reasonable sums toward the support of the child within the limits of the parent's ability to pay;

(7) Maintain contact with the department, including prompt written notification to the department of any change of address; and

(8) Make good faith efforts to cooperate with the department in developing and pursuing the plan. [PL 2001, c. 559, Pt. CC, §5 (NEW).]

C. Unless excused for good cause shown, at any hearing held under section 4034, subsection 4 or within 10 days of the filing of the petition if a hearing under section 4034, subsection 4 is not held, the department shall present to the court for review a preliminary rehabilitation and reunification plan, a plan to avoid removal of the child from home or decision not to commence reunification.

(1) A preliminary plan must be developed with the custodial parent and the department caseworker if the parent is willing to engage in the development of the plan.

(2) The preliminary plan must include the following: a statement of the problems causing risk to the child identified by the department and by the parent; preliminary identification by the parent and by the department of services needed; a description of the visitation plan or explanation of why visits are not scheduled; the names, addresses and telephone numbers of any relatives or family friends known to the department and parent to be available as resources for rehabilitation and reunification; and the department's preliminary assessment of any kinship placements.

(3) Prior to review by the court, the department shall provide a copy of the preliminary plan to counsel for the parents, or to the parents if they do not have counsel, and to the guardian ad litem.

(4) The court may review the preliminary plan in a hearing that does not allow testimonial evidence with all parties and counsel present or may hold a summary hearing at which the court may limit testimony to the testimony of the caseworker, parent, guardian ad litem, person to whom trial placement was given, foster parents, preadoptive parents or relatives providing care and may admit evidence, including reports and records, that would otherwise be inadmissible as hearsay evidence.

(5) The preliminary plan remains in effect until the court enters a jeopardy order under section 4035. A party may file an amended plan at any time before the jeopardy order is entered with the written agreement of all parties. [PL 2001, c. 559, Pt. CC, §5 (NEW).]

D. The department may make reasonable efforts to place a child for adoption or with a legal guardian concurrently with reunification efforts if potential adoptive parents have expressed a willingness to support the rehabilitation and reunification plan. [PL 2001, c. 559, Pt. CC, §5 (NEW).]
2. Determination of need to commence or discontinue rehabilitation and reunification efforts. The following provisions determine when rehabilitation and reunification efforts are not necessary or may be discontinued.

   A-1. [PL 2001, c. 696, §33 (RP).]

A-2. The court may order that the department need not commence or may cease reunification efforts only if the court finds at least one of the following:
   (1) The existence of an aggravating factor; or
   (2) That continuation of reunification efforts is inconsistent with the permanency plan for the child.

(a) When 2 placements with the same parent have failed and the child is returned to the custody of the department, the court shall make a finding that continuation of reunification efforts is inconsistent with the permanency plan for the child and order the department to cease reunification unless the parent demonstrates that reunification should be continued and the court determines reunification efforts to be in the best interests of the child.

(b) If the permanency plan provides for a relative or other person to have custody of the child and the court has ordered custody of the child to that relative or other person, the court shall make a finding that continuation of reunification efforts is inconsistent with the permanency plan for the child and order the department to cease reunification unless the parent demonstrates that reunification should be continued and the court determines reunification efforts to be in the best interests of the child. [PL 2001, c. 696, §34 (NEW).]

B-1. When the department discontinues efforts to return the child to a parent, it shall give written notice of this decision to that parent at the parent's last known address. This notice must include the specific reasons for the department's decision, the specific efforts the department has made in working with the parent and child and a statement of the parent's rights under section 4038. The department shall seek an order authorizing it to discontinue reunification efforts. Within 10 days of sending written notice of the decision to discontinue reunification efforts, the department shall file a motion for approval of discontinuance of reunification efforts with supporting affidavits. If the parents file a responsive pleading within 21 days, the court shall conduct a summary proceeding in accordance with the provisions of section 4034, subsection 4. If no responsive pleading is filed, the court may hold a summary hearing in accordance with the provisions of section 4034, subsection 4 or may decide the matter without a hearing. [PL 1997, c. 715, Pt. B, §11 (NEW).]

C. If the department discontinues efforts to return the child to a parent but does not seek termination of parental rights, then subsection 1-A, paragraph A, subparagraph (1), division (c), subdivision (v) and subsection 1-A, paragraph A, subparagraph (2) still apply. [PL 2005, c. 397, Pt. B, §5 (AMD).]

3. Notice to guardian ad litem. The department shall notify the guardian ad litem, as described in section 4005, of any substantial change in circumstances that may have an impact on the best interests of the child. A substantial change in circumstances includes but is not limited to any change in the child's residence.
   [PL 1991, c. 356 (AMD).]

SECTION HISTORY

§4050. Purpose

Recognizing that instability and impermanence are contrary to the welfare of children, it is the intent of the Legislature that this subchapter:

1. **Termination of parental rights.** Allow for the termination of parental rights at the earliest possible time after rehabilitation and reunification efforts have been discontinued and termination is in the best interest of the child; [PL 1983, c. 772, §7 (NEW).]

2. **Return to family.** Eliminate the need for children to wait unreasonable periods of time for their parents to correct the conditions which prevent their return to the family; [PL 1983, c. 772, §7 (NEW).]

3. **Adoption.** Promote the adoption of children into stable families rather than allowing children to remain in the impermanency of foster care; and [PL 1983, c. 772, §7 (NEW).]

4. **Protect interests of child.** Be liberally construed to serve and protect the best interests of the child. [PL 1983, c. 772, §7 (NEW).]

**SECTION HISTORY**

PL 1983, c. 772, §7 (NEW).

§4051. Venue

A petition for termination of parental rights must be brought in the court that issued the final protection order. The court, for the convenience of the parties or other good cause, may transfer the petition to another district or division. A petition for termination of parental rights may also be brought in a Probate Court as part of an adoption proceeding as provided in Title 18-C, Article 9, when a child protective proceeding has not been initiated. [PL 2017, c. 402, Pt. C, §68 (AMD); PL 2019, c. 417, Pt. B, §14 (AFF).]

**SECTION HISTORY**

§4052. Termination petition; petitioners; time filed; contents

1. **Petitioner.** A termination petition may be brought by the custodian of the child or by the department. [PL 1997, c. 715, Pt. B, §12 (AMD).]

2-A. Department as petitioner or as party. The department shall file a termination petition or seek to be joined as a party to any pending petition:

A. When a child has been in foster care for 15 of the most recent 22 months. The department must file the petition before the end of the child's 15th month in foster care. In calculating when to file a termination petition:

(1) The time the child has been in foster care begins when the child is considered to have entered foster care as specified in section 4038-B, subsection 1, paragraph B;

(2) When a child experiences multiple exits from and entries into foster care during the 22-month period, all periods in foster care must be accumulated; and

(3) The time in foster care does not include trial home visits or times during which the child is a runaway.

This paragraph does not apply if the department is required to undertake reunification efforts and the department has not provided to the family of the child such services as the court determines to be necessary for the safe return of the child to the child's home consistent with the time period in the case plan; [PL 2005, c. 372, §7 (AMD).]

B. Within 60 days of a court order that includes a finding of an aggravating factor and an order to cease reunification; or [PL 2003, c. 408, §7 (AMD).]

C. Within 60 days of a court finding that the child has been abandoned. [PL 2003, c. 408, §7 (NEW).]

The department is not required to file a termination petition if the department has chosen to have the child cared for by a relative or the department has documented to the court a compelling reason for determining that filing such a petition would not be in the best interests of the child. [PL 2005, c. 372, §7 (AMD)].

3. Contents of petition. A termination petition shall be sworn and shall include at least the following:

A. The name, date and place of birth and municipal residence, if known, of the child; [PL 1979, c. 733, §18 (NEW).]

B. The name and address of the petitioner and the nature of his relationship to the child; [PL 1979, c. 733, §18 (NEW).]

C. The name and municipal residence, if known, of each of the child's parents; [PL 1979, c. 733, §18 (NEW).]

D. The names and address of the guardian ad litem of the child in the related child protection proceeding or adoption proceeding; [PL 1981, c. 369, §14 (AMD).]

E. A summary statement of the facts which the petitioner believes constitute the basis for the request for termination; [PL 1979, c. 733, §18 (NEW).]

F. An allegation which is sufficient for termination; [PL 1979, c. 733, §18 (NEW).]

G. A statement of the effects of a termination order; and [PL 1979, c. 733, §18 (NEW).]

H. A statement that the parents are entitled to legal counsel in the termination proceedings and that, if they want an attorney and are unable to afford one, they should contact the court as soon as possible to request appointed counsel. [PL 1979, c. 733, §18 (NEW).]

[PL 1981, c. 369, §14 (AMD).]

4. Hearing date. On the filing of a petition, the court shall set a time and date for a hearing. [PL 1979, c. 733, §18 (NEW).]
§4053. Service and notice

The petition and the notice of hearing must be served on the parents and the guardian ad litem for the child at least 10 days prior to the hearing date. Service must be made in accordance with the District Court Civil Rules. The department shall provide written notice of all reviews and hearings in advance of the proceeding to foster parents, preadoptive parents and relatives providing care. The notice must be dated and signed, must include a statement that foster parents, preadoptive parents and relatives providing care are entitled to notice of and an opportunity to be heard in any review or hearing held with respect to the child and must contain the following language:

"The right to be heard includes only the right to testify and does not include the right to present other witnesses or evidence, to attend any other portion of the review or hearing or to have access to pleadings or records." [PL 1997, c. 715, Pt. B, §15 (AMD).]

A copy of the notice must be filed with the court prior to the review or hearing. The department shall mail a copy of the petition to all attorneys of record when the petition is filed in court. [PL 1997, c. 715, Pt. B, §15 (NEW).]

§4054. Hearing on termination petition

The court shall hold a hearing prior to making a termination order. [PL 1979, c. 733, §18 (NEW).]

§4055. Grounds for termination

1. Grounds. The court may order termination of parental rights if:

A. One of the following conditions has been met:

(1) Custody has been removed from the parent under:
   (a) Section 4035 or 4038;
   (b) Title 19-A, section 1502 or 1653;
   (c) Section 3792 prior to the effective date of this chapter; or
   (d) Title 15, section 3314, subsection 1, paragraph C-1; or

(2) The petition has been filed as part of an adoption proceeding in Title 18-C, Article 9; and [PL 2017, c. 402, Pt. C, §69 (AMD); PL 2019, c. 417, Pt. B, §14 (AFF).]

B. Either:

(1) The parent consents to the termination. Consent shall be written and voluntarily and knowingly executed in court before a judge. The judge shall explain the effects of a termination order; or

(2) The court finds, based on clear and convincing evidence, that:
(a) Termination is in the best interest of the child; and

(b) Either:

(i) The parent is unwilling or unable to protect the child from jeopardy and these circumstances are unlikely to change within a time which is reasonably calculated to meet the child's needs;

(ii) The parent has been unwilling or unable to take responsibility for the child within a time which is reasonably calculated to meet the child's needs;

(iii) The child has been abandoned; or

(iv) The parent has failed to make a good faith effort to rehabilitate and reunify with the child pursuant to section 4041. [PL 1983, c. 772, §8 (AMD).]

1-A. Rebuttable presumption. The court may presume that the parent is unwilling or unable to protect the child from jeopardy and these circumstances are unlikely to change within a time which is reasonably calculated to meet the child's needs if:

A. The parent has acted toward a child in a manner that is heinous or abhorrent to society or has failed to protect a child in a manner that is heinous or abhorrent to society, without regard to the intent of the parent; [PL 1995, c. 481, §3 (AMD).]

B. The victim of any of the following crimes was a child for whom the parent was responsible or the victim was a child who was a member of a household lived in or frequented by the parent and the parent has been convicted of:

(1) Murder;
(2) Felony murder;
(3) Manslaughter;
(4) Aiding or soliciting suicide;
(5) Aggravated assault;
(6) Rape;
(7) Gross sexual misconduct or gross sexual assault;
(8) Sexual abuse of minors;
(9) Incest;
(10) Kidnapping;
(11) Promotion of prostitution, sexual exploitation of a minor, sex trafficking or aggravated sex trafficking; or
(12) A comparable crime in another jurisdiction; [PL 2015, c. 360, §4 (AMD).]

C. The child has been placed in the legal custody or care of the department, the parent has a chronic substance use disorder, and the parent's prognosis indicates that the child will not be able to return to the custody of the parent within a reasonable period of time, considering the child's age and the need for a permanent home. The fact that a parent has been unable to provide safe care of a child for a period of 9 months due to substance use constitutes a chronic substance use disorder; [PL 2017, c. 407, Pt. A, §85 (AMD).]

D. The child has been placed in the legal custody or care of the department, the court has previously terminated parental rights to another child who is a member of the same family and the parent continues to lack the ability or willingness to show the court that the parent has sought services that
would rehabilitate the parent or the parent can not show evidence that an additional period of
services would result in reunification in a time reasonably calculated to meet the needs of the child
and the child's need for a permanent home; or [PL 1995, c. 481, §4 (NEW).]

E. The child has been placed in the legal custody or care of the department for at least 9 months,
and the parents have been offered or received services to correct the situation but have refused or
have made no significant effort to correct the situation. [PL 1997, c. 475, §9 (AMD).]

1-B. Conception by sexual assault as grounds for termination. The court may order termination
of parental rights if the court finds, based on clear and convincing evidence, that the child was conceived
as a result of an act by the parent of sexual assault or a comparable crime in another jurisdiction. For
purposes of this subsection, "sexual assault" has the same meaning as in Title 17-A, section 253, 254
or 556. A guilty plea or conviction for sexual assault is considered clear and convincing evidence for
purposes of this subsection.
[PL 2015, c. 427, §2 (NEW).]

2. Primary considerations. In deciding to terminate parental rights, the court shall consider the
best interest of the child, the needs of the child, including the child's age, the child's attachments to
relevant persons, periods of attachments and separation, the child's ability to integrate into a substitute
placement or back into the parent's home and the child's physical and emotional needs.
[PL 1997, c. 475, §10 (AMD).]

3. Wishes of child. The court shall consider the wishes of a child, in a manner appropriate to the
age of the child, in making an order under this section.
[PL 2009, c. 557, §4 (AMD).]

SECTION HISTORY

§4056. Effects of termination order

1. Parent and child divested of rights. An order terminating parental rights divests the parent
and child of all legal rights, powers, privileges, immunities, duties and obligations to each other as
parent and child, except the child inherits from the child's former parents if so provided in the order.

2. Only one parent affected. The termination of one parent's rights shall not affect the rights of
the other parent.
[PL 1979, c. 733, §18 (NEW).]

3. Parent not entitled to participate in adoption proceedings. A parent whose rights have been
terminated shall not be entitled to notice of the child's adoption proceedings, nor shall he have any right
to object to the adoption or participate in the proceedings.
[PL 1979, c. 733, §18 (NEW).]

4. Child not disentitled to benefit. No order terminating parental rights may disentitle a child to
benefits due him from any 3rd person, agency, state or the United States; nor may it affect the rights
and benefits that a native American derives from his descent from a member of a federally-recognized
Indian tribe.
5. **Financial support.** If, prior to the termination of parental rights, the parent was convicted of a crime against the child, the court may include in the termination order the requirement that the parent whose rights are terminated make a lump sum payment to assist in the future financial support of the child. [PL 2003, c. 216, §1 (NEW).]

**SECTION HISTORY**

§4057. **Termination orders of other states**

   D. The names and residences of all persons known to the department that affect custody, visitation or access to the child; [PL 2011, c. 402, §16 (NEW).]

   E. A summary of the reasons for the termination of parental rights; [PL 2011, c. 402, §16 (NEW).]

   F. A summary statement of the facts that the petitioner believes constitute a substantial change in circumstances of the parent that demonstrate the parent has the capacity and willingness to provide for the health and safety of the child; [PL 2011, c. 402, §16 (NEW).]

   G. A statement of the intent of the parent whose rights were terminated to consent to the reinstatement of parental rights; and [PL 2011, c. 402, §16 (NEW).]

   H. A statement of the intent or willingness of the child as to the reinstatement of parental rights. [PL 2011, c. 402, §16 (NEW).]
2. **Permanency plan.** The sworn petition must be accompanied by the permanency plan that provides for the health and safety of the child, outlines the transition services to the family and outlines the conditions and supervision required by the department for placing the child in the home on a trial basis. [PL 2011, c. 402, §16 (NEW).]

3. **Scheduling of case management conference.** On the filing of the petition, the court shall set a time and date for a case management conference under subsection 7. [PL 2011, c. 402, §16 (NEW).]

4. **Withdrawal of petition.** The department may withdraw the petition without leave of the court at any time prior to the final hearing. [PL 2011, c. 402, §16 (NEW).]

5. **Guardian ad litem.** The court shall appoint a guardian ad litem for the child. [PL 2011, c. 402, §16 (NEW).]

6. **Service.** The petition and the notice of the case management conference under subsection 7 must be served on the parent whose rights were terminated and the guardian ad litem for the child at least 10 days prior to the scheduled case management conference date. Service must be in accordance with the Maine Rules of Civil Procedure or in any other manner ordered by the court. [PL 2011, c. 402, §16 (NEW).]

7. **Case management conference.** Upon the filing of a petition for reinstatement of parental rights, the court shall hold a case management conference to review the permanency plan filed by the department to provide for transition services to the family. The permanency plan must outline the conditions and supervision required by the department for placing the child in the home on a trial basis. [PL 2011, c. 402, §16 (NEW).]

8. **Reinstatement of parental rights.** Parental rights may be reinstated as follows.
   A. The court shall hold a hearing prior to the reinstatement of parental rights. [PL 2011, c. 402, §16 (NEW).]
   B. The department has the burden of proof. [PL 2011, c. 402, §16 (NEW).]
   C. The court may order reinstatement of parental rights if the court finds, by clear and convincing evidence, that:
      1. The child has been in the custody of the department for at least 12 months after the issuance of the order terminating parental rights;
      2. The child has lived for at least 3 months in the home of the parent after the petition for reinstatement has been filed;
      3. The parent consents to the reinstatement of parental rights. Consent must be written and voluntarily and knowingly executed in court before a judge. The judge shall explain the effects of reinstatement of parental rights;
      4. If the child is 12 years of age or older, the child consents to the reinstatement of parental rights; and
      5. Reinstatement of parental rights is in the best interest of the child. [PL 2011, c. 402, §16 (NEW).]
   D. In determining whether to reinstate parental rights, the court shall consider the age and maturity of the child, the child's ability to express a preference, the child's ability to integrate back into the home of the parent whose rights were terminated, the ability of the parent whose rights were
terminated to meet the child's physical and emotional needs, the extent that the parent whose rights were terminated has remedied the circumstances that resulted in the termination of parental rights and the likelihood of future risk to the child. [PL 2011, c. 402, §16 (NEW)].

E. The court shall enter its findings in a written order that further states that from the date of the order of reinstatement of parental rights, the child is the child of the parent whose rights were terminated and must be accorded all the same rights as existed prior to the order terminating parental rights, including inheritance rights. The order must further state that all legal rights, powers, privileges, immunities, duties and obligations to each other as parent and child are reinstated. [PL 2011, c. 402, §16 (NEW)].

F. The reinstatement of one parent's rights does not affect the rights of the other parent. [PL 2011, c. 402, §16 (NEW)].

   B. "Program" means the ombudsman program established under this section. [PL 2001, c. 439, Pt. X, §5 (NEW).]

2. Program established. The ombudsman program is established as an independent program within the Executive Department to provide ombudsman services to the children and families of the State regarding child welfare services provided by the Department of Health and Human Services. The program shall consider and promote the best interests of the child involved, answer inquiries and investigate, advise and work toward resolution of complaints of infringement of the rights of the child and family involved. The program must be staffed, under contract, by an attorney or a master's level social worker who must have experience in child development and advocacy, and support staff as determined to be necessary. The program shall function through the staff of the program and volunteers recruited and trained to assist in the duties of the program.

3. Contracted services. The program shall operate by contract with a nonprofit organization that the Executive Department determines to be free of potential conflict of interest and best able to provide the services on a statewide basis. The ombudsman may not be actively involved in state-level political party activities or publicly endorse, solicit funds for or make contributions to political parties on the state level or candidates for statewide elective office. The ombudsman may not be a candidate for or hold any statewide elective or appointive public office.

4. Services. The program shall provide services directly or under contract. The first priority in the work of the program and any contract for ombudsman services must be case-specific advocacy services. In performing services under this section, the program, as it determines to be appropriate, may create and maintain records and case-specific reports. Any work on systems improvements or lobbying must be adjunctive to case-specific activities. The program may:
A. Provide information to the public about the services of the program through a comprehensive outreach program. The ombudsman shall provide information through a toll-free telephone number or numbers; [PL 2001, c. 439, Pt. X, §5 (NEW).]

H. Apply for and utilize grants, gifts and funds for the purpose of performing the duties of the program; and [PL 2001, c. 439, Pt. X, §5 (NEW).]

4-A. Information for parents in child protective cases. The program, in consultation with appropriate interested parties, shall provide information about child protection laws and procedures to parents whose children are the subject of child protective investigations and cases under this chapter. The providing of the information under this subsection does not constitute representation of parents. Parents may seek and receive information regardless of whether they are represented by legal counsel. The information must be provided free of charge to parents.

The program shall report annually to the joint standing committee of the Legislature having jurisdiction over judiciary matters, starting February 1, 2003, on the provision of information required by this subsection.

This subsection does not create new rights or obligations concerning the provision of legal advice or representation of parents. Failure to provide information under this subsection does not create a cause of action or have any effect on a child protective proceeding. [PL 2001, c. 696, §36 (NEW).]

5. Access to persons, files and records. As necessary for the duties of the program, the ombudsman has access to the files and records of the department, without fee, and to the personnel of the department for the purposes of investigation of an inquiry or complaint. Unlawful dissemination is subject to the provisions of section 4008, subsection 4.
7. Liability. Any person who in good faith submits a complaint or inquiry to the program pursuant to this section is immune from any civil or criminal liability. For the purpose of any civil or criminal proceedings, there is a rebuttable presumption that any person acting pursuant to this section did so in good faith. The ombudsman and employees and volunteers in the program are employees of the State for the purposes of the Maine Tort Claims Act.

8. Penalties. A person who intentionally obstructs or hinders the lawful performance of the ombudsman's duties commits a Class E crime. The Attorney General shall enforce this subsection under Title 5, section 191.

9. Information. Beginning January 1, 2002, information about the services of the program and any applicable grievance and appeal procedures must be given to all children and families receiving child welfare services from the department and from all persons and entities contracting with the department for the provision of child welfare services.

B. "Youth" means a child 12 to 20 years of age. [PL 2011, c. 385, §1 (NEW).]

2. Placement. A licensed emergency shelter may place in an emergency shelter family home operated by the shelter a youth who was referred to the shelter by the Department of Corrections if the shelter has obtained the agreement of the parent or legal guardian of the youth. 3. Requirements. A licensed emergency shelter that operates an emergency shelter family home must be licensed as a child placing agency by the department under rules adopted pursuant to sections 7801 and 8202 and must operate the home under a contract with the Department of Corrections and in accordance with an agreement between the department and the Department of Corrections. SECTION HISTORY

SUBCHAPTER 17

AT-RISK NONCITIZEN CHILDREN

§4099-I. At-risk noncitizen children

1. Definitions. As used in this subchapter, unless the context otherwise indicates, the following terms have the following meanings.

A. "At-risk" means there is reasonable cause to suspect that a child's health, safety and welfare is in jeopardy due to abuse, neglect, abandonment or similar circumstances and that return to the child's or the child's parent's country of origin or country of last habitual residence would not be in the best interest of the child. [PL 2019, c. 366, §5 (NEW).]

B. Notwithstanding section 4002, subsection 2, "child" means an unmarried person who has not attained 21 years of age. [PL 2019, c. 366, §5 (NEW).]

C. "Court" includes, but is not limited to, the Probate Court and District Court, or any other state court with juvenile jurisdiction. [PL 2019, c. 366, §5 (NEW).]

D. "Dependent on the court" means subject to the jurisdiction of a court competent to make decisions concerning the protection, well-being, care and custody of a child for findings, orders or referrals to support the health, safety and welfare of a child or to remedy the effects on a child of abuse, neglect, abandonment or similar circumstances. [PL 2019, c. 366, §5 (NEW).]

E. "Noncitizen" means any person who is not a United States citizen. [PL 2019, c. 366, §5 (NEW).]

F. "Similar circumstances" means conditions that have an effect on a child comparable to abuse, neglect or abandonment, including, but not limited to, the death of a parent. [PL 2019, c. 366, §5 (NEW).]

2. Petition for special findings and rulings for certain at-risk noncitizen children. An at-risk noncitizen child may petition the court for special findings. Upon reviewing the petition or complaint
seeking special findings, any supporting affidavits and other evidence presented, the court shall issue findings of fact and rulings of law that must determine whether the child who is the subject of the proceeding:

A. Is dependent on the court; [PL 2019, c. 366, §5 (NEW).]

B. Has suffered from abuse, neglect, abandonment or similar circumstances; [PL 2019, c. 366, §5 (NEW).]

C. May not be viably reunified with one or both parents due to abuse, neglect, abandonment or similar circumstances; and [PL 2019, c. 366, §5 (NEW).]

D. May not be returned to the child's or the child's parent's country of origin or country of last habitual residence because it is not in the best interest of the child. [PL 2019, c. 366, §5 (NEW).]

A court making a decision under this subsection is acting as a juvenile court in that it has jurisdiction over a child.

The health and safety of the child must be of paramount concern. When considering the child's health and safety, the court shall consider whether present or past living conditions will adversely affect the child's physical, mental or emotional health. [PL 2019, c. 366, §5 (NEW).]

3. Notice. If the identity or location of the child's parents is unknown or if the parents reside outside of the United States, the court may serve notice using any alternative method of service the court determines is appropriate or waive service when the child is described in 8 United States Code, Section 1101(a)(27)(J)(2019) and 8 United States Code, Section 1357(h)(2019). [PL 2019, c. 366, §5 (NEW).]

4. Expeditious adjudication. A court shall hear, adjudicate and issue findings of fact and rulings of law on any petition or complaint for special findings under this section as soon as it is administratively feasible and prior to the child reaching 21 years of age to serve the best interest of the child. [PL 2019, c. 366, §5 (NEW).]

5. Availability of special findings. Special findings are available under subsection 2 for the protection, well-being, care and custody of an at-risk noncitizen child for whom a remedy is not otherwise available or appropriate under Title 18-C, Title 19-A or this Title. [PL 2019, c. 366, §5 (NEW).]

6. Referral for services or protection. A child who is the subject of a petition for special findings under subsection 2 may be referred for psychiatric, psychological, educational, occupational, medical, dental or social services or for protection against human trafficking or domestic violence. Participation in any referred services is voluntary. [PL 2019, c. 366, §5 (NEW).]

7. Additional available remedies; similar findings of fact and rulings of law. Nothing in this section prevents a petitioner from filing a complaint under Title 18-C, Title 19-A or this Title or for any other remedy available under the laws of this State to protect the at-risk noncitizen child from further abuse or other harm, or to provide support. Nothing in this section prevents the court from issuing similar findings of fact and rulings of law to those in subsection 2 in any other proceeding concerning a noncitizen child. [PL 2019, c. 366, §5 (NEW).]

8. Construction. This section must be liberally construed to promote the best interest of the child. [PL 2019, c. 366, §5 (NEW).]

CHAPTER 1153

INTERSTATE COMPACT ON PLACEMENT OF CHILDREN

SUBCHAPTER 1

COMPACT

§4191. Purpose and policy -- Article I

It is the purpose and policy of the party states to cooperate with each other in the interstate placement of children to the end that each child requiring placement shall receive the maximum opportunity to be placed in a suitable environment and with persons or institutions having appropriate qualifications and facilities to provide a necessary and desirable degree and type of care.

The appropriate authorities in a state where a child is to be placed may have full opportunity to ascertain the circumstances of the proposed placement, thereby promoting full compliance with applicable requirements for the protection of the child.

The proper authorities of the state from which the placement is made may obtain the most complete information on the basis of which to evaluate a projected placement before it is made.

Appropriate jurisdictional arrangements for the care of children will be promoted.

§4192. Definitions -- Article II

As used in this compact:

1. Child. "Child" means a person who, by reason of minority being under 18 years of age, is legally subject to parental, guardianship or similar control.

[PL 1971, c. 598, §39 (AMD).]

2. Placement. "Placement" means the arrangement for the care of a child in a family free or boarding home or in a child-caring agency or institution but does not include any institution caring for
the mentally ill, mentally defective or epileptic or any institution primarily educational in character, and any hospital or other medical facility.

3. Receiving state. "Receiving state" means the state to which a child is sent, brought or caused to be sent or brought, whether by public authorities or private persons or agencies, and whether for placement with state or local public authorities or for placement with private agencies or persons.

4. Sending agency. "Sending agency" means a party state, officer or employee thereof; a subdivision of a party state, or officer or employee thereof; a court of a party state; a person, corporation, association, charitable agency or other entity which sends, brings or causes to be sent or brought any child to another party state.

SECTION HISTORY

§4193. Conditions for placement -- Article III

No sending agency shall send, bring or cause to be sent or brought into any other party state any child for placement in foster care or as a preliminary to a possible adoption unless the sending agency shall comply with each and every requirement set forth in this article and with the applicable laws of the receiving state governing the placement of children therein.

Prior to sending, bringing or causing any child to be sent or brought into a receiving state for placement in foster care or as a preliminary to a possible adoption, the sending agency shall furnish the appropriate public authorities in the receiving state written notice of the intention to send, bring or place the child in the receiving state. The notice shall contain the name, date and place of birth of the child, the identity and address or addresses of the parents or legal guardian, the name and address of the person, agency or institution to or with which the sending agency proposes to send, bring or place the child and a full statement of the reasons for such proposed action and evidence of the authority pursuant to which the placement is proposed to be made.

Any public officer or agency in a receiving state which is in receipt of a notice pursuant to this article may request of the sending agency, or any other appropriate officer or agency of or in the sending agency's state, and shall be entitled to receive therefrom, such supporting or additional information as it may deem necessary under the circumstances to carry out the purpose and policy of this compact.

The child shall not be sent, brought or caused to be sent or brought into the receiving state until the appropriate public authorities in the receiving state shall notify the sending agency, in writing, to the effect that the proposed placement does not appear to be contrary to the interests of the child.

§4194. Penalty for illegal placement -- Article IV

The sending, bringing or causing to be sent or brought into any receiving state of a child in violation of the terms of this compact shall constitute a violation of the laws respecting the placement of children of both the state in which the sending agency is located or from which it sends or brings the child and of the receiving state. Such violation may be punished or subject to penalty in either jurisdiction in accordance with its laws. In addition to liability for any such punishment or penalty, any such violation shall constitute full and sufficient grounds for the suspension or revocation of any license, permit or other legal authorization held by the sending agency which empowers or allows it to place or care for children.

§4195. Retention of jurisdiction -- Article V

The sending agency shall retain jurisdiction over the child sufficient to determine all matters in relation to the custody, supervision, care, treatment and disposition of the child which it would have had if the child had remained in the sending agency's state, until the child is adopted, reaches majority, becomes self-supporting or is discharged with the concurrence of the appropriate authority in the receiving state. Such jurisdiction shall include the power to effect or cause the return of the child or its...
transfer to another location and custody pursuant to law. The sending agency shall continue to have financial responsibility for support and maintenance of the child during the period of the placement. Nothing contained herein shall defeat a claim of jurisdiction by a receiving state sufficient to deal with an act of delinquency or crime committed therein.

When the sending agency is a public agency, it may enter into an agreement with an authorized public or private agency in the receiving state providing for the performance of one or more services in respect of such case by the latter as agent for the sending agency.

Nothing in this compact shall be construed to prevent a private charitable agency authorized to place children in the receiving state from performing services or acting as agent in that state for a private charitable agency of the sending state; nor to prevent the agency in the receiving state from discharging financial responsibility for the support and maintenance of a child who has been placed on behalf of the sending agency without relieving the responsibility set forth in the first paragraph.

§4196. Institutional care of delinquent children -- Article VI

A child adjudicated delinquent may be placed in an institution in another party jurisdiction pursuant to this compact but no such placement shall be made unless the child is given a court hearing on notice to the parent or guardian with opportunity to be heard, prior to his being sent to such other party jurisdiction for institutional care and the court finds that:

1. Facilities. Equivalent facilities for the child are not available in the sending agency's jurisdiction; and

2. Best interest of child. Institutional care in the other jurisdiction is in the best interest of the child and will not produce undue hardship.

§4197. Compact administrator -- Article VII

The executive head of each jurisdiction party to this compact shall designate an officer who shall be general coordinator of activities under this compact in his jurisdiction and who, acting jointly with like officers of other party jurisdictions, shall have power to promulgate rules and regulations to carry out more effectively the terms and provisions of this compact.

§4198. Limitations -- Article VIII

This compact shall not apply to:

1. Non-agencies. The sending or bringing of a child into a receiving state by his parent, step-parent, grandparent, adult brother or sister, adult uncle or aunt, or his guardian and leaving the child with any such relative or non-agency guardian in the receiving state.

2. Other compacts or agreements. Any placement, sending or bringing of a child into a receiving state pursuant to any other interstate compact to which both the state from which the child is sent or brought and the receiving state are party, or to any other agreement between said states which has the force of law.

§4199. Enactment and withdrawal -- Article IX

This compact shall be open to joinder by any state, territory or possession of the United States, the District of Columbia, the Commonwealth of Puerto Rico, and, with the consent of Congress, the Government of Canada or any province thereof. It shall become effective with respect to any such jurisdiction when such jurisdiction has enacted the same into law. Withdrawal from this compact shall be by the enactment of a statute repealing the same, but shall not take effect until 2 years after the effective date of such statute and until written notice of the withdrawal has been given by the withdrawing state to the Governor of each other party jurisdiction. Withdrawal of a party state shall not affect the rights, duties and obligations under this compact of any sending agency therein with respect to a placement made prior to the effective date of withdrawal.
§4200. Construction and severability -- Article X

This compact shall be liberally construed to effectuate the purposes thereof. This compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state party thereto, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters.

The interstate commission shall keep minutes that must fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, and the reasons for taking the actions, including a description of the views expressed and the record of a roll call vote. All documents considered in connection with an action must be identified in the minutes. All minutes and documents of a closed meeting must remain under seal, subject to release by a majority vote of the interstate commission or by court order. [PL 2007, c. 255, §6 (NEW).]

(1) The liability of the interstate commission's staff director and employees or interstate commission representatives acting within the scope of their employment or duties for acts, errors or omissions occurring inside their state may not exceed the limits of liability set forth under the constitution and laws of that state for state officials, employees and agents. The interstate commission is considered to be an instrumentality of the states for the purposes of any such action. Nothing in this subparagraph is construed to protect a person from suit or
liability for damage, loss, injury or liability caused by a criminal act or the intentional or willful and wanton misconduct of the person.

(2) The interstate commission shall defend the staff director and its employees and, subject to the approval of the Attorney General or other appropriate legal counsel of the member state, shall defend the commissioner of a member state in a civil action seeking to impose liability arising out of an actual or alleged act, error or omission that occurred within the scope of interstate commission employment, duties or responsibilities or that the defendant had a reasonable basis for believing occurred within the scope of interstate commission employment, duties or responsibilities as long as the actual or alleged act, error or omission did not result from intentional or willful and wanton misconduct on the part of a person.

(3) To the extent not covered by the state involved, member state or the interstate commission, the representatives or employees of the interstate commission must be held harmless in the amount of a settlement or judgment, including attorney's fees and costs, obtained against the persons arising out of an actual or alleged act, error or omission that occurred within the scope of interstate commission employment, duties or responsibilities, or that the persons had a reasonable basis for believing occurred within the scope of interstate commission employment, duties or responsibilities, as long as the actual or alleged act, error or omission did not result from intentional or willful and wanton misconduct on the part of the persons. C. The interstate commission is entitled to receive service of process in any action in which the validity of a compact provision or rule is the issue for which a judicial determination has been sought and has standing to intervene in any proceedings. Failure to provide service of process to the interstate commission renders any judgment, order or other determination, however so captioned or classified, void as to the interstate commission, this chapter and bylaws or rules of the interstate commission. The withdrawing state shall immediately notify the chair of the interstate commission in writing upon the introduction of legislation repealing this compact in the withdrawing state. The interstate commission shall then notify the other member states of the withdrawing state's intent to withdraw. The withdrawing state is responsible for all assessments, obligations and liabilities incurred through the effective date of withdrawal. **PART 5**

**MUNICIPAL SUPPORT OF THE POOR**

**CHAPTER 1161**

**MUNICIPAL GENERAL ASSISTANCE**

§4301. **Definitions**

As used in this chapter, unless the context indicates otherwise, the following terms have the following meanings.  
[PL 1983, c. 577, §1 (NEW).]

1. **Basic necessities.** "Basic necessities" means food, potable water, clothing, shelter, fuel, electricity, non elective medical services as recommended by a physician, nonprescription drugs, telephone where it is necessary for medical reasons and any other commodity or service determined essential by the overseer in accordance with the municipality's ordinance and this chapter. "Basic necessities" do not include security deposits for rental property, except for emergency purposes. For the purposes of this subsection, "emergency purposes" means any situation in which no other permanent lodging is available unless a security deposit is paid.  
[PL 2019, c. 126, §2 (AMD).]

1-A. **Direct costs.** "Direct costs" means the total value of general assistance benefits paid out by a municipality that is in compliance with this chapter and the municipality's general assistance ordinance.  
[PL 1991, c. 9, Pt. U, §2 (NEW).]

2. **Dwelling unit.** "Dwelling unit" means a building or part thereof used for separate living quarters for one or more persons living as a single housekeeping unit.  
[PL 1983, c. 577, §1 (NEW).]

3. **Eligible person.** "Eligible person" means a person who is qualified to receive general assistance from a municipality according to standards of eligibility determined by the municipal officers whether or not that person has applied for general assistance. "Eligible person" does not include a person who is a fugitive from justice as defined in Title 15, section 201, subsection 4. Beginning July 1, 2015, in accordance with 8 United States Code, Section 1621(d), "eligible person" means a person who is lawfully present in the United States or who is pursuing a lawful process to apply for immigration relief, except that assistance for such a person may not exceed 24 months.  
[PL 2015, c. 324, §1 (AMD).]

4. **Emergency.** "Emergency" means any life threatening situation or a situation beyond the control of the individual which, if not alleviated immediately, could reasonably be expected to pose a threat to the health or safety of a person.  
[PL 1983, c. 577, §1 (NEW).]

5. **General assistance program.** "General assistance program" means a service administered by a municipality for the immediate aid of persons who are unable to provide the basic necessities essential
to maintain themselves or their families. A general assistance program provides a specific amount and type of aid for defined needs during a limited period of time and is not intended to be a continuing "grant-in-aid" or "categorical" welfare program. This definition shall not in any way lessen the responsibility of each municipality to provide general assistance to a person each time that the person has need and is found to be otherwise eligible to receive general assistance.  
[PL 1983, c. 577, §1 (NEW).]

5-A. Homelessness. "Homelessness" means a situation in which a person or household is:
   A. Living in a place that is not fit for human habitation;  [PL 2019, c. 515, §1 (NEW).]
   B. Living in an emergency shelter;  [PL 2019, c. 515, §1 (NEW).]
   C. Living in temporary housing, including but not limited to a hotel, motel, campground, unlicensed campsite or rehabilitation facility;  [PL 2019, c. 515, §1 (NEW).]
   D. Exiting a hospital or institution licensed under chapter 405 or a correctional facility where the person or household resided for up to 90 days if the person or household was in an emergency shelter or a place not fit for human habitation before entering the hospital, institution or correctional facility;  [PL 2019, c. 515, §1 (NEW).]
   E. Losing the person's or household's primary nighttime residence and lacking the resources or support networks to remain in that residence; or  [PL 2019, c. 515, §1 (NEW).]
   F. Fleeing or attempting to flee violence and has no other residence.  [PL 2019, c. 515, §1 (NEW).]
[PL 2019, c. 515, §1 (NEW).]

6. Household. "Household" means an individual or a group of individuals who share a dwelling unit. When an applicant shares a dwelling unit with one or more individuals, even when a landlord-tenant relationship may exist between individuals residing in the dwelling unit, eligible applicants may receive assistance for no more than their pro rata share of the actual costs of the shared basic needs of that household according to the maximum levels of assistance established in the municipal ordinance. The pro rata share is calculated by dividing the maximum level of assistance available to the entire household by the total number of household members. The income of household members not legally liable for supporting the household is considered available to the applicant only when there is a pooling of income.  
[PL 2013, c. 368, Pt. OO, §5 (AMD).]

7. Income. "Income" means any form of income in cash or in kind received by the household, including net remuneration for services performed, cash received on either secured or unsecured credit, any payments received as an annuity, retirement or disability benefits, veterans' pensions, workers' compensation, unemployment benefits, benefits under any state or federal categorical assistance program, supplemental security income, social security and any other payments from governmental sources, unless specifically prohibited by any law or regulation, court ordered support payments, income from pension or trust funds, household income from any other source, including relatives or unrelated household members and any benefit received pursuant to Title 36, chapter 907, Title 36, section 5219-II and Title 36, section 5219-KK, unless used for basic necessities as defined in section 4301, subsection 1.

The following items are not available within the meaning of this subsection and subsection 10:
   A. Real or personal income-producing property, tools of trade, governmental entitlement specifically treated as exempt assets by state or federal law;  [PL 1991, c. 9, Pt. U, §3 (AMD).]
   B. Actual work-related expenses, whether itemized or by standard deduction, such as taxes, retirement fund contributions, union dues, transportation costs to and from work, special equipment costs and child care expenses; or  [PL 1983, c. 577, §1 (NEW).]
C. Earned income of children below the age of 18 years who are full-time students and who are not working full time. [PL 1991, c. 9, Pt. U, §3 (AMD).]

In determining need, the period of time used as a basis for the calculation is the 30-day period commencing on the date of the application. This prospective calculation does not disqualify an applicant who has exhausted income to purchase basic necessities if that income does not exceed the income standards established by the municipality. Notwithstanding this prospective calculation, if any applicant or recipient receives a lump sum payment prior or subsequent to applying for assistance, that payment must be prorated over future months. The period of proration is determined by disregarding any portion of the lump sum payment that the applicant or recipient has spent to purchase basic necessities, including but not limited to: all basic necessities provided by general assistance; reasonable payment of funeral or burial expenses for a family member; reasonable travel costs related to the illness or death of a family member; repair or replacement of essentials lost due to fire, flood or other natural disaster; repair or purchase of a motor vehicle essential for employment, education, training or other day-to-day living necessities; repayments of loans or credit, the proceeds of which can be verified as having been spent on basic necessities; and payment of bills earmarked for the purpose for which the lump sum is paid. All income received by the household between the receipt of the lump sum payment and the application for assistance is added to the remainder of the lump sum. The period of proration is then determined by dividing the remainder of the lump sum payment by the verified actual monthly amounts for all of the household's basic necessities. That dividend represents the period of proration determined by the administrator to commence on the date of receipt of the lump sum payment. The prorated sum for each month must be considered available to the household for 12 months from the date of application or during the period of proration, whichever is less. [PL 2013, c. 551, §1 (AMD).]

8. Just cause. "Just cause" means a valid, verifiable reason that hinders an individual in complying with one or more conditions of eligibility. [PL 1983, c. 577, §1 (NEW).]

8-A. Lump sum payment. "Lump sum payment" means a one-time or typically nonrecurring sum of money issued to an applicant or recipient. Lump sum payment includes, but is not limited to, retroactive or settlement portions of social security benefits, workers' compensation payments, unemployment benefits, disability income, veterans' benefits, severance pay benefits, or money received from inheritances, lottery winnings, personal injury awards, property damage claims or divorce settlements. A lump sum payment includes only the amount of money available to the applicant after payment of required deductions has been made from the gross lump sum payment. A lump sum payment does not include conversion of a nonliquid resource to a liquid resource if the liquid resource has been used or is intended to be used to replace the converted resource or for other necessary expenses. [PL 2001, c. 571, §2 (AMD).]

9. Municipality of responsibility. "Municipality of responsibility" means the municipality which is liable for the support of any eligible person at the time of application. [PL 1983, c. 577, §1 (NEW).]

10. Need. "Need" means the condition whereby a person's income, money, property, credit, assets or other resources available to provide basic necessities for the individual and the individual's family are less than the maximum levels of assistance established by the municipality. [PL 1985, c. 489, §§2, 14 (AMD).]

11. Net general assistance costs. "Net general assistance costs" means those direct costs incurred by a municipality in providing assistance to eligible persons according to standards established by the municipal officers and does not include the administrative expenses of the general assistance program. [PL 1983, c. 577, §1 (NEW).]

Municipalities may by ordinance establish as a rebuttable presumption that persons sharing the same dwelling unit are pooling their income. Applicants who are requesting that the determination of eligibility be calculated as though one or more household members are not pooling their income have the burden of rebutting the presumption of pooling income. [PL 1991, c. 622, Pt. M, §22 (NEW).]

13. **Real estate.** "Real estate" means any land, buildings, homes, mobile homes and any other things affixed to that land. [PL 1983, c. 577, §1 (NEW).]

[PL 1991, c. 209, §1 (AMD).]

2. **District office.** In situations where in the judgment of a municipality the number of applicants does not justify the establishment of a local office or designated place, or where for other reasons a local office or designated place is not necessary, 2 or more municipalities, by a vote of their respective
legislative bodies, may establish a district office for the administration of general assistance and make agreements as to the payment of expenses and any other matters relevant to the operation of the office. Any district office established pursuant to this subsection shall be located so as to be accessible by a toll-free telephone call from any part of every municipality it is designated to serve. Every district general assistance officer shall be available for the taking of applications at least 35 hours each week and shall make provision for designated personnel to be available to take applications in an emergency 24 hours a day. Beginning October 2005 and annually thereafter, the aggregate maximum level of assistance must be established at the greater of 110% of the fair market rents as determined in this subsection and the amount achieved by annually increasing the most recent aggregate maximum level of assistance by the percentage increase in the federal poverty level of the current year over the federal poverty level of the prior year.

For the purposes of this subsection, "federal poverty level" means that measure defined by the federal Department of Health and Human Services and updated annually in the Federal Register under authority of 42 United States Code, Section 9902(2).

[PL 1983, c. 577, §1 (NEW).]

SECTION HISTORY
PL 1983, c. 577, §1 (NEW).

§4307. Municipality of responsibility; residency

1. General assistance required. Municipalities shall provide general assistance to all eligible persons at the expense of that municipality, except as provided in section 4311. A municipality shall not move or transport a person into another municipality to avoid responsibility for general assistance support for that person. Any municipality which illegally moves or transports a person, or illegally denies assistance to a person which results in his relocation, in addition to the other penalties provided in this chapter, shall reimburse twice the amount of assistance to the municipality which provided the assistance to that person. That reimbursement shall be made in accordance with subsection 5.

[PL 1987, c. 349, Pt. H, §15 (RPR).]

2. Municipality of responsibility. Except as provided in subsection 4, a municipality is responsible for the general assistance support of the following individuals:

A. A resident of the municipality. For the purposes of this section, a "resident" means a person who is physically present in a municipality with the intention of remaining in that municipality to maintain or establish a home and who has no other residence; and [PL 1987, c. 349, Pt. H, §15 (NEW).]

B. Eligible persons who apply to the municipality for assistance and who are not residents of that or any other municipality. If a person is not a resident of any municipality, the municipality where
that person first applies shall be responsible for support until a new residence is established. [PL 1987, c. 349, Pt. H, §15 (NEW).]
[PL 1987, c. 349, Pt. H, §15 (RPR).]

3. **Durationally residency requirement prohibited.** No municipality may establish a durationally residency requirement for general assistance.
[PL 1987, c. 349, Pt. H, §15 (RPR).]

4. **Special circumstances.** Overseers of a municipality may not move or transport an applicant or recipient into another municipality to relieve their municipality of responsibility for that applicant's or recipient's support. The municipality of responsibility for relocations and institutional settings is as follows.

   A. When an applicant or recipient requests relocation to another municipality and the overseers of a municipality assist that person to relocate to another municipality, the municipality from which that person is moving continues to be responsible for the support of the recipient for 30 days after relocation. As used in this paragraph, "assist" includes:

   1. Granting financial assistance to relocate; and
   2. Making arrangements for a person to relocate. [RR 2009, c. 2, §58 (COR).]

   B. If an applicant is in a group home, shelter, rehabilitation center, nursing home, hospital or other institution at the time of application and has either been in that institution for 6 months or less, or had a residence immediately prior to entering the institution which the applicant had maintained and to which the applicant intends to return, the municipality of responsibility is the municipality where the applicant was a resident immediately prior to entering the institution. For the purpose of this paragraph, a hotel, motel or similar place of temporary lodging is considered an institution when a municipality:

   1. Grants financial assistance for a person to move to or stay in temporary lodging;
   2. Makes arrangements for a person to stay in temporary lodging;
   3. Advises or encourages a person to stay in temporary lodging; or
   4. Illegally denies housing assistance and, as a result of that denial, the person stays in temporary lodging. [RR 2009, c. 2, §58 (COR).]

   C. [PL 2017, c. 130, §1 (RP).]
[PL 2017, c. 130, §1 (AMD).]

5. **Disputes between municipalities.** Nothing in this section may permit a municipality to deny assistance to an otherwise eligible applicant when there is any dispute regarding residency. In cases of dispute regarding which municipality is the municipality of responsibility, the municipality where the application has been filed shall provide support until responsibility has been determined by the department. The department shall make a written determination within 30 working days of a complaint or notification of a dispute. The department's decision must include the sources of information relied upon, findings of fact and conclusions of law regarding which municipality is responsible and the reimbursement due, if any, from the responsible municipality to the municipality providing assistance. If after 30 days the reimbursement has not been paid, the municipality to which reimbursement is due shall notify the department, the department shall credit the municipality owed the reimbursement and either deduct that amount from the debtor municipality or refer the bill to the Treasurer of State for payment from any taxes, revenue, fines or fees due from the State to the municipality.
[RR 2009, c. 2, §59 (COR).]

6. **Appeals.** Any municipality or person who is aggrieved by any decision or action made by the department pursuant to this section shall have the right to appeal pursuant to the Maine Administrative Procedure Act, Title 5, chapter 375. A request for that appeal shall be in writing and shall be made
within 30 days of the written department decision. The appeal shall be held within 30 days of receipt of that request and shall be conducted by one or more fair hearing officers. In no event may an appeal be held before a person or body responsible for the decision or action. Review of any decision under this subsection shall be pursuant to the Maine Rules of Civil Procedure, Rule 80C. [PL 1987, c. 349, Pt. H, §15 (NEW).]

1. Initial and subsequent applications. Except as provided in section 4316-A, subsection 1-A, a person who makes an application for assistance, who has not applied for assistance in that or any other municipality must have that person's eligibility determined solely on the basis of need. All applications for general assistance that are not initial applications are repeat applications. The eligibility of repeat applicants must be determined on the basis of need and all other conditions of eligibility established by this chapter and municipal ordinance. [PL 1993, c. 410, Pt. AAA, §6 (AMD).]

1-A. Limit on housing assistance. Except as provided in subsections 1-B and 2, housing assistance provided pursuant to this chapter is limited to a maximum of 9 months during the period from July 1, 2012 to June 30, 2013. [PL 2011, c. 655, Pt. R, §2 (NEW).]

1-B. Extension of housing assistance due to hardship. [PL 2011, c. 655, Pt. R, §2 (NEW).]

2. Emergencies. A person, including a person experiencing or facing homelessness, who does not have sufficient resources to provide one or more basic necessities in an emergency is eligible for emergency general assistance, even when that applicant has been found ineligible for nonemergency general assistance, except as provided in this subsection.

A. A person who is currently disqualified from general assistance for a violation of section 4315, 4316-A or 4317 is ineligible for emergency assistance under this subsection. [PL 1985, c. 489, §§5, 14 (NEW).]

B. Municipalities may by standards adopted in municipal ordinances restrict the disbursement of emergency assistance to alleviate emergency situations to the extent that those situations could not have been averted by the applicant's use of income and resources for basic necessities. The person requesting assistance shall provide evidence of income and resources for the applicable time period. [PL 1991, c. 528, Pt. OOO, §1 (AMD); PL 1991, c. 528, Pt. RRR (AFF); PL 1991, c. 591, Pt. OOO, §1 (AMD).]

A municipality may provide emergency assistance when the municipality determines that an emergency is imminent and that failure to provide assistance may result in undue hardship and unnecessary costs. [PL 2019, c. 515, §2 (AMD).]

3. Initial applicant. Notwithstanding section 4301, subsection 7, the household of an initial applicant that is otherwise eligible for emergency assistance may not be denied emergency assistance
to meet an immediate need solely on the basis of the proration of a lump sum payment. Upon subsequent applications, that household's eligibility is subject to all the standards established by this chapter.

[PL 2001, c. 571, §3 (NEW).]

SECTION HISTORY

§4309. Eligibility

1. Eligibility of applicant; duration of eligibility. The overseer shall determine eligibility each time a person applies or reapply for general assistance pursuant to this chapter and the ordinance adopted by the municipality in accordance with section 4305. The period of eligibility must not exceed one month. At the expiration of that period the person may reapply for assistance and the person's eligibility may be redetermined.

[PL 1989, c. 840, §4 (AMD).]

1-A. Determination of eligibility; applicant's responsibilities. Applicants for general assistance are responsible for providing to the overseer all information necessary to determine eligibility. If further information or documentation is necessary to demonstrate eligibility, the applicant must have the first opportunity to provide the specific information or documentation required by the overseer. When information required by the overseer is unavailable, the overseer must accept alternative available information, which is subject to verification.

[PL 1989, c. 840, §5 (NEW).]

1-B. Determination of eligibility; overseer's responsibilities. In order to determine an applicant's eligibility for general assistance, the overseer first must seek information and documentation from the applicant. Once the applicant has presented the necessary information, the overseer is responsible for determining eligibility. The overseer may seek verification necessary to determine eligibility. In order to determine eligibility, the overseer may contact sources other than the applicant for verification only with the specific knowledge and consent of the applicant, except that the overseer may examine public records without the applicant's knowledge and consent. Assistance may be denied or terminated if the applicant is unwilling to supply the overseer with necessary information, documentation, or permission to make collateral contacts, or if the overseer can not determine that eligibility exists based on information supplied by the applicant or others.

[PL 1989, c. 840, §5 (NEW).]

2. Redetermination of eligibility. The overseer may redetermine a person's eligibility at any time during the period that person is receiving assistance if the overseer is notified of any change in the recipient's circumstances that may affect the amount of assistance to which the recipient is entitled or that may make the recipient ineligible, provided that once a determination of eligibility has been made for a specific time period, a reduction in assistance for that time period may not be made without prior written notice to the recipient with the reasons for the action and an opportunity for the recipient to receive a fair hearing upon the proposed change.

[PL 1989, c. 840, §6 (AMD).]

3. Eligibility of members of person's household. Failure of an otherwise eligible person to comply with this chapter shall not affect the general assistance eligibility of any member of the person's household who is not capable of working, including at least:

A. A dependent minor child; [PL 1983, c. 577, §1 (NEW).]

B. An elderly, ill or disabled person; and [PL 1983, c. 577, §1 (NEW).]
C. A person whose presence is required in order to provide care for any child under the age of 6 years or for any ill or disabled member of the household. [PL 1983, c. 577, §1 (NEW).] [PL 1983, c. 577, §1 (NEW).]

4. Eligibility of minors who are parents. An otherwise eligible person under the age of 18 who has never married and who has a dependent child or is pregnant is eligible only if that person and child reside in a dwelling maintained by a parent or other adult relative as that parent's or relative's own home or in a foster home, maternity home or other adult-supervised supportive living arrangement unless:

A. The person has no living parent or the whereabouts of both parents are unknown; [PL 1991, c. 528, Pt. RRR (AFF); PL 1991, c. 528, Pt. SS, §3 (NEW); PL 1991, c. 591, Pt. SS, §3 (NEW).]

B. No parent will permit the person to live in the parent's home; [PL 1991, c. 528, Pt. RRR (AFF); PL 1991, c. 528, Pt. SS, §3 (NEW); PL 1991, c. 591, Pt. SS, §3 (NEW).]

C. The department determines that the physical or emotional health or safety of the person or dependent child would be jeopardized if that person and dependent child lived with a parent; [PL 1991, c. 528, Pt. RRR (AFF); PL 1991, c. 528, Pt. SS, §3 (NEW); PL 1991, c. 591, Pt. SS, §3 (NEW).]

D. The individual has lived apart from both parents for a period of at least one year before the birth of any dependent child; or [PL 1991, c. 528, Pt. RRR (AFF); PL 1991, c. 528, Pt. SS, §3 (NEW); PL 1991, c. 591, Pt. SS, §3 (NEW).]

E. The department determines, in accordance with rules adopted pursuant to this section, which must be in accordance with federal regulations, that there is good cause to waive this requirement. [PL 1991, c. 528, Pt. RRR (AFF); PL 1991, c. 528, Pt. SS, §3 (NEW); PL 1991, c. 591, Pt. SS, §3 (NEW).]

For the purposes of this subsection, "parent" includes legal guardian. [PL 2013, c. 368, Pt. OO, §8 (AMD).]

5. Presumptive eligibility. The overseer in a municipality shall presume eligibility to receive general assistance of a person who is provided shelter in an emergency shelter for the homeless located in that municipality. After 30 days, that person's eligibility must be redetermined. When presumptive eligibility is determined under this subsection, no other municipality may be determined to be the municipality of responsibility during that 30-day period. [PL 2019, c. 515, §3 (NEW).]

SECTION HISTORY

[PL 2015, c. 494, Pt. A, §24 (AMD).]

1. Probability of eligibility for assistance after full verification. As a result of the initial interview with the applicant, the overseer shall have determined that the applicant will probably be eligible for assistance after full verification is completed. [PL 1983, c. 577, §1 (NEW).]
2. Documentation. Where possible, the applicant shall submit to the overseer at the time of the initial interview, adequate documentation to verify that there is a need for immediate assistance. [PL 1983, c. 577, §1 (NEW).]

3. Information obtained. When adequate documentation is not available at the time of the initial application, the overseer may contact at least one other person for the purpose of obtaining information to confirm the applicant's statements about his need for immediate assistance. [PL 1983, c. 577, §1 (NEW).]

4. Limitations. In no case:
   A. May the authorization of benefits under this section exceed 30 days; and [PL 1983, c. 577, §1 (NEW).]
   B. May there be further authorization of benefits to the applicant until there has been full verification confirming the applicant's eligibility. [PL 1983, c. 577, §1 (NEW).]

SECTION HISTORY

§4311. State reimbursement to municipalities; reports

1. Departmental reimbursement. When a municipality incurs net general assistance costs in any fiscal year prior to July 1, 2015 in excess of .0003 of that municipality's most recent state valuation relative to the state fiscal year for which reimbursement is being issued, as determined by the State Tax Assessor in the statement filed as provided in Title 36, section 381, the Department of Health and Human Services shall reimburse the municipality for 90% of the amount in excess of these expenditures when the department finds that the municipality has been in compliance with all requirements of this chapter. If a municipality elects to determine need without consideration of funds distributed from any municipally-controlled trust fund that must otherwise be considered for purposes of this chapter, the department shall reimburse the municipality for 66 2/3% of the amount in excess of such expenditures when the department finds that the municipality has otherwise been in compliance with all requirements of this chapter.

The department shall reimburse each municipality and each Indian tribe 70% of the direct costs incurred by that municipality or tribe on or after July 1, 2015 for the general assistance program granted by that municipality or tribe. For the purposes of this subsection, "Indian tribe" has the same meaning as in section 411, subsection 8-A. [PL 2015, c. 267, Pt. SSSS, §1 (AMD).]

1-A. Municipalities reimbursed. When a municipality pays for expenses approved pursuant to section 4313 for hospital inpatient or outpatient care at any hospital on behalf of any person who is otherwise eligible and who would have been entitled to receive payments for hospital care if that care had been rendered prior to May 1, 1984, for services under the Catastrophic Illness Program, section 3185, the department shall reimburse the municipality for 100% of those payments. [PL 1995, c. 696, Pt. A, §39 (AMD).]

1-B. Reimbursement for administrative expenses. The department shall reimburse each municipality for the costs of a portion of the direct costs of paying benefits incurred prior to July 1, 2015 through its general assistance program if the department finds that the municipality was in compliance with all requirements of this chapter during the fiscal year for which reimbursement is sought. The amount of reimbursement to each municipality must be an amount equal to:

   A. Fifty percent of all general assistance granted by that municipality below the .0003% of all state valuation amount; or [PL 1991, c. 9, Pt. U, §8 (AMD).]
B. Ten percent of all general assistance granted. [PL 1991, c. 9, Pt. U, §8 (AMD).]

Each municipality shall elect to be reimbursed under paragraph A or B at the beginning of the fiscal year for which reimbursement is sought.

Notwithstanding any other provision of law, this subsection takes effect on July 1, 1989. [PL 2015, c. 267, Pt. SSSS, §1 (AMD).]

1-C. Indian tribe reimbursement. The department shall reimburse each Indian tribe for the costs of a portion of the direct costs of paying benefits through its general assistance program if the department finds that the Indian tribe was in compliance with all requirements of this chapter during the fiscal year for which those benefits are sought.

The amount of reimbursement must be calculated for each fiscal year by adding 10% of all general assistance granted up to the threshold amount to 100% of all general assistance granted above the threshold amount.

For the purposes of this subsection, "Indian tribe" has the same meaning as in section 411, subsection 8-A. For purposes of this subsection, "threshold amount" means 0.0003 of the Indian tribe’s most recent state valuation, as determined by the State Tax Assessor in the statement filed as provided in Title 36, section 381, relative to the year for which reimbursement is being issued. [PL 2013, c. 368, Pt. OO, §10 (NEW).]

2. Submission of reports. Each municipality shall report on a schedule determined by the department through rulemaking the direct cost of paying benefits through the general assistance program on forms for reimbursement provided by the department.

   A. [PL 2015, c. 267, Pt. SSSS, §1 (RP).]

   B. [PL 2015, c. 267, Pt. SSSS, §1 (RP).]

Rules adopted pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A. [PL 2015, c. 267, Pt. SSSS, §1 (AMD).]

3. Claims. The Department of Health and Human Services may refuse to accept and pay any claim for reimbursement that is not submitted by a municipality to the department within 90 days of the payment on which that claim is based or at the end of the reporting period for which reimbursement is sought unless just cause exists for failure to file a timely claim. [PL 1991, c. 9, Pt. U, §10 (AMD); PL 2003, c. 689, Pt. B, §6 (REV).]

SECTION HISTORY

§4312. Unorganized territory

Residents of the unorganized territory shall be eligible for general assistance in the same manner as provided in this chapter. The commissioner shall establish standards of eligibility for the unorganized territory and shall have the same responsibilities with regard to the unorganized territory as apply to overseers in a municipality. The commissioner may appoint agents to administer the general assistance program within the unorganized territory. All costs of providing general assistance in the unorganized territory shall be charged to the Unorganized Territory Education and Services Fund established under Title 36, chapter 115, except that costs which the State would reimburse under section 4311, if the unorganized territory were a municipality, shall be paid by the General Fund. [PL 1985, c. 459, Pt. B, §1 (RPR).]
SECTION HISTORY

§4313. Reimbursement to individuals relieving eligible persons; prior approval; emergencies

Municipalities, as provided in section 4307, shall pay expenses necessarily incurred for providing basic necessities to eligible persons anywhere in the State by any person not liable for their support provided that the municipality of responsibility shall be notified and approve those expenses and services prior to their being made or delivered, except as provided in this section. [PL 1983, c. 577, §1 (NEW).]

In the event of an admission of an eligible person to the hospital, the hospital shall notify the overseer of the liable municipality within 5 business days of the person's admission. In no event may hospital services to a person who meets the financial eligibility guidelines adopted pursuant to section 1716 be billed to the patient or to a municipality. [PL 1995, c. 696, Pt. A, §40 (AMD).]

2. Burial or cremation. In the event of the death of an eligible person, the funeral director shall notify the overseer prior to burial or cremation or by the end of 3 business days following the funeral director's receipt of the body, whichever is earlier. Notwithstanding section 4305, subsection 3, paragraph C, a decision on any application for assistance with burial expenses need not be rendered until the overseer has verified that a relative or other resource is not available to pay for the direct burial or cremation costs, but the decision must be rendered within 8 days after receiving an application. The father, mother, grandfather, grandmother, children or grandchildren, by consanguinity, or the spouse or registered domestic partner are responsible for the burial or cremation costs of the eligible person in proportion to their respective abilities. When no legally liable relative possesses a financial capacity to pay either in lump sum or on an installment basis for the direct costs of a burial or cremation, the contribution of a municipality under this subsection is limited to a reasonable calculation of the funeral director's direct costs, less any and all contributions from any other source. For the purposes of this subsection, "registered domestic partner" means an individual registered as a domestic partner under section 2710, subsection 3. [PL 2017, c. 62, §1 (AMD).]

SECTION HISTORY

§4314. Cooperation in administration of general assistance

1. State departments. Upon the request of any municipal official charged with the responsibility of administering general assistance, the Department of Health and Human Services and any other department of the State having information which has a bearing on the eligibility of any person applying for general assistance shall release that information. The information shall be restricted to those facts necessary for the official to make a determination of eligibility for general assistance. [PL 1983, c. 577, §1 (NEW); PL 2003, c. 689, Pt. 2. Financial institutions. An officer of any bank, federally or state-chartered credit union, trust company, benefit association, insurance company, safe deposit company or any corporation or association receiving deposits of money shall, upon receipt of a written release signed by a depositor and a written request signed by the overseer of any municipality or its agents, or by the Commissioner of Health and Human Services or the commissioner's agents or by the Commissioner of Defense, Veterans and Emergency Management or the commissioner's agents, disclose to that overseer or the Department of Health and Human Services or the Maine Bureau of Veterans' Services the amount deposited in the corporation or association to the credit of the named depositor granting the release,
who is a charge upon the municipality or the State, or who has applied for support to the municipality or the State. When the named depositor who is a charge upon the municipality is deceased and the municipality or its agents are acting in accordance with section 4313, subsection 2, the officer shall disclose the amount deposited in the corporation or association upon receipt of a written request from the municipality or its agents and a notarized affidavit signed by the overseer of the municipality or its agents stating that the named depositor is deceased.

[PL 2017, c. 28, §1 (AMD); PL 2019, c. 377, §6 (REV).]

3. Verification of employment. The applicant has responsibility for providing documentary verification of benefits received during the period for which assistance is requested, or in the month immediately prior to the application for assistance when those wages and benefits are expected to be the same during the period for which assistance is requested.

The overseer shall give the applicant written notice that if the applicant does not provide the documentary verification within one week of the application, the employer will be contacted.

Notwithstanding any other provision of law, every employer shall, upon written request of the overseer, release information regarding any wages or other financial benefits paid to the applicant or a member of the applicant's household. No employer may discharge or otherwise adversely affect an employee because of any request for information pursuant to this section.

[PL 1983, c. 577, §1 (NEW).]

4. Confidentiality. Any person who seeks and obtains information under this section is subject to the same rules of confidentiality as the person who is caretaker of the information which is by law confidential.

[PL 1983, c. 577, §1 (NEW).]

5. Refusal. Any person who refuses to provide any information to an overseer who requests it in accordance with this section shall state in writing the reasons for the refusal within 3 days of receiving the request.

[PL 1983, c. 577, §1 (NEW).]

6. Refusal; penalty. A person who refuses upon request to provide information under this section without just cause commits a civil violation for which a fine of not less than $25 and not more than $100 may be adjudged.

7. False information; penalty. A person who intentionally or knowingly renders false information under this section to an administrator commits a Class E crime.

SECTION HISTORY

§4315. False representation

Whoever knowingly and willfully makes any false representation of a material fact to the overseer of any municipality or to the department or its agents for the purpose of causing that or any other person to be granted assistance by the municipality or by the State is guilty of a Class E crime and shall reimburse the municipality for that assistance. Further assistance may be denied until that person reimburses the municipality for the assistance or enters into a written agreement, which must be reasonable under the circumstances, to reimburse the municipality or that person has been ineligible for assistance for a period of 120 days, whichever period is longer. [PL 2015, c. 312, §1 (AMD).]
A person disqualified from receiving general assistance for making a false representation must be provided notice and an opportunity for an appeal as provided in sections 4321 and 4322. [PL 1993, c. 410, Pt. AAA, §9 (AMD).]

If the overseer of any municipality or the fair hearing officer finds that a recipient made a false representation to the overseer in violation of this section, that recipient is required to reimburse the municipality for any assistance rendered for which that recipient was ineligible. The recipient is ineligible from receiving further assistance for a period of 120 days or until that person reimburses the municipality for the assistance or enters into a written agreement, which must be reasonable under the circumstances, to reimburse that municipality, whichever period is longer. [PL 2015, c. 312, §2 (AMD).]

Any recipient whose assistance is terminated or denied under this section has the right to appeal that decision pursuant to the Maine Rules of Civil Procedure, Rule 80-B. [PL 1993, c. 410, Pt. AAA, §9 (AMD).]

No recipient who has been granted assistance, in accordance with this chapter, may have that assistance terminated prior to the decision of the fair hearing officer. In the event of any termination of assistance to any recipient, the dependents of that person may still apply for and, if eligible, receive assistance. [PL 1983, c. 577, §1 (NEW).]

All persons requesting general assistance must use their income for basic necessities. Except for initial applicants, recipients are not eligible to receive assistance to replace income that was spent within the 30-day period prior to the application on goods and services that are not basic necessities. The income not spent on goods and services that are basic necessities is considered available to the applicant. A municipality may require recipients to utilize income and resources according to standards established by the municipality, except that a municipality may not reduce assistance to a recipient who has exhausted income to purchase basic necessities. Municipalities shall provide written notice to applicants of the standards established by the municipalities. [PL 1991, c. 528, Pt. OOO, §2 (NEW); PL 1991, c. 528, Pt. RRR (AFF); PL 1991, c. 591, Pt. The municipality may also require recipients, as a part of the municipal work program, to participate in a training, educational or rehabilitative program that would assist the recipient in securing employment. The municipal work program is subject to the following requirements.

SECTION HISTORY

§4317. Use of potential resources

An applicant or recipient must make a good faith effort to secure any potential resource that may be available, including, but not limited to, any state or federal assistance program, employment benefits, governamental or private pension programs, available trust funds, support from legally liable relatives, child-support payments and jointly held resources where the applicant or recipient share may be available to the individual. Assistance may not be withheld pending receipt of such resource as long as application has been made or good faith effort is being made to secure the resource. [PL 1993, c. 410, Pt. AAA, §11 (AMD).]

An individual applying for or receiving assistance due to a disability must make a good faith effort to make use of any medical and rehabilitative resources that may be recommended by a physician, psychologist or other professional retraining or rehabilitation specialist that are available without financial burden and would not constitute further physical risk to the individual. [PL 1993, c. 410, Pt. AAA, §11 (AMD).]

An applicant who refuses to utilize potential resources without just cause, after receiving a written 7-day notice, is disqualified from receiving assistance until the applicant has made a good faith effort to secure the resource. [PL 1993, c. 410, Pt. AAA, §11 (AMD).]

An applicant who forfeits receipt of or causes reduction in benefits from another public assistance program because of fraud, misrepresentation or a knowing or intentional violation of program rules or a refusal to comply with program rules without just cause is not eligible to receive general assistance to replace the forfeited assistance for the duration of the forfeiture. [PL 1993, c. 410, Pt. AAA, §11 (AMD).]

An applicant who is found to be ineligible for unemployment compensation benefits because of a finding of fraud by the Department of Labor pursuant to Title 26, section 1051, subsection 1 is ineligible to receive general assistance to replace the forfeited unemployment compensation benefits for the duration of the forfeiture established by the Department of Labor. [PL 2013, c. 368, Pt. OO, §12 (NEW).]

SECTION HISTORY

§4318. Recovery of expenses

A municipality or the State, which has incurred general assistance program costs for the support of any eligible person, may recover the full amount expended for that support either from the person relieved or from any person liable for the recipient's support, their executors or administrators, in a civil action. In no case may a municipality or the State be authorized to recover through a civil action, the full or part of, the amount expended for the support of a previously eligible person, if, as a result of the repayment of that amount, this person would, in all probability, again become eligible for general assistance. [PL 1985, c. 489, §§8, 14 (RPR).]
Notwithstanding any other provision of law, municipalities have a lien for the value of all general assistance payments made to a recipient on any lump sum payment made to that recipient under the former Workers' Compensation Act, the Maine Workers' Compensation Act of 1992 or similar law of any other state. [PL 1995, c. 462, Pt. A, §44 (AMD).]

The department shall enter into an agreement with the Social Security Administration to institute an interim assistance reimbursement for the purpose of the repayment of state and local funds expended for providing assistance to Supplemental Security Income applicants or recipients while the Supplemental Security Income payments are pending or suspended. Written authorization must be given by the recipients. [PL 1991, c. 780, Pt. R, §5 (AMD).]

1. Repayment.
[PL 1985, c. 489, §§8, 14 (RP).]

2. Public assistance.
[PL 1985, c. 489, §§8, 14 (RP).]

A municipality may not recover from any recipient who has been injured while performing work under section 4316-A, subsection 2, any portion of any medical or rehabilitative expenses associated with that injury or any portion of any other general assistance benefits associated with that injury. [PL 1991, c. 9, Pt. U, §15 (AMD).]

Nothing in this section may be construed as limiting or affecting in any way the right of any individual to file an action under the Maine Tort Claims Act, Title 14, chapter 741, except that a municipality that provides general assistance to a minor is absolutely immune from suit on any tort claims seeking recovery or damages by or on behalf of the minor recipient in connection with the provision of general assistance. [PL 1991, c. 9, Pt. U, §15 (AMD).]

All collections, fees and payments received by the department from the Federal Government as a result of an interim assistance reimbursement must be dedicated to support the administration of the General Assistance program. [PL 1993, c. 415, Pt. H, §1 (NEW).]

SECTION HISTORY

§4319. Liability of relatives for support

1. Relatives liable. A parent of a child under 25 years of age and a spouse living in or owning property in the State shall support their children or husband or wife in proportion to their respective ability. Liability for burial expenses is governed by section 4313.
[PL 1993, c. 410, Pt. AAA, §12 (AMD).]

2. Rental payments to relatives. A municipality or the State may decide not to make payments for rental assistance on behalf of an otherwise eligible individual when the rental payments would be made to a parent, grandparent, child, grandchild, sibling, parent's sibling or any of their children, unless the municipality finds that the rental arrangement has existed for 3 months prior to the application for assistance and is necessary to provide the relative with basic necessities.
[PL 1993, c. 410, Pt. AAA, §12 (AMD).]

3. Recovery of assistance provided. A municipality or the State, after providing general assistance to a dependent of a legally responsible parent or to a person's spouse who is financially capable of providing support, may then seek reimbursement or relief for that support by initiating a complaint to the Superior Court or District Court, including by small claims action, located in the division or county where the legally responsible parent or spouse resides. The court may cause the
legally responsible parent or spouse to be summoned and upon hearing or default may assess and
apportion a reasonable sum upon those who are found to be of sufficient ability for the support of the
eligible person and shall issue a writ of execution. The assessment may not be made to pay any expense
for relief provided more than 12 months before the complaint was filed. Any action brought under this
section is governed by the Maine Rules of Civil Procedure. The court may, from time to time, make
any further order on complaint of an interested party and, after notice is given, alter the assessment or
apportionment.
[PL 1993, c. 410, Pt. AAA, §12 (AMD).]

SECTION HISTORY

§4320. Liens on real estate

A municipality or the State may claim a lien against the owner of real estate for the amount of
money spent by it to provide mortgage payments on behalf of an eligible person under this chapter on
any real estate that is the subject of a mortgage, whether land or buildings or a combination thereof. In
addition, a municipality may claim a lien against the owner of real estate for the amount of money spent
by it to make capital improvements to the real estate, whether land or buildings or a combination of
land and buildings, on behalf of an eligible person under this chapter. [PL 1991, c. 528, Pt. OOO,
§5 (AMD); PL 1991, c. 528, Pt. RRR (AFF); PL 1991, c. 591, Pt. OOO, §5 (AMD).]

The municipal officers, their designee or the State shall file a notice of the lien with the register of
deeds of the county wherein the property is located within 30 days of making a mortgage payment or,
if applicable, payment for capital improvements. That filing secures the municipality or State's lien
interest for an amount equal to the sum of that mortgage or capital improvement payment and all
subsequent mortgage or capital improvement payments made on behalf of the same eligible person.
Not less than 10 days prior to the filing, the municipal officers, their designee or the State shall send
notification of the proposed action by certified mail, return receipt requested, to the owner of the real
estate and any record holder of the mortgage. The lien notification must clearly inform the recipient of
the limitations upon enforcement contained in this section; it shall also contain the title, address and
telephone number of the municipal official who granted the assistance. A new written notice including
these provisions must be given to the recipient each time the amount secured by the lien is increased.
The lien is effective until enforced by an action for equitable relief or until discharged. [PL 1991, c.
528, Pt. OOO, §6 (AMD); PL 1991, c. 528, Pt. RRR (AFF); PL 1991, c. 591, Pt. OOO, §6
(AMD).]

Interest on the amount of money secured by the lien may be charged by the State or a municipality,
but in no event may the rate exceed the maximum rate of interest allowed by the Treasurer of State,
pursuant to Title 36, section 186. For the State, the rate of interest shall be established by the
department. For a municipality, the rate of interest shall be established by the municipal officers.
Interest shall accrue from and including the date the lien is filed. [PL 1983, c. 697, §3 (RPR).]

The costs of securing and enforcing the lien may be recoverable upon enforcement. [PL 1983, c.
697, §3 (RPR).]

No lien may be enforced under this section while the person named in the lien is either currently
receiving any form of public assistance or, as a result of enforcement, would become eligible for general
assistance. [PL 1983, c. 697, §3 (RPR).]

In no event may the lien be enforced prior to the death of the recipient of general assistance or the
transfer of the property. [PL 1983, c. 697, §3 (NEW).]

SECTION HISTORY
§4321. Grant, denial, reduction or termination to be communicated in writing; right to a hearing

Any action relative to the grant, denial, reduction, suspension or termination of relief provided under this chapter must be communicated to the applicant in writing. The decision shall include the specific reason or reasons for that action and shall inform the person affected of his right to a hearing, the procedure for requesting such a hearing, the right to notify the department and the available means for notifying the department, if he believes that the municipality has acted in violation of this chapter. All proceedings relating to the grant, denial, reduction, suspension or termination of relief provided under this chapter are not public proceedings under Title 1, chapter 13, unless otherwise requested by the applicant or recipient. [PL 1983, c. 577, §1 (NEW).]

SECTION HISTORY
PL 1983, c. 577, §1 (NEW).

§4322. Right to a fair hearing

A person aggrieved by a decision, act, failure to act or delay in action concerning that person's application for general assistance under this chapter has the right to an appeal. If a person's application has been approved, general assistance may not be revoked during the period of entitlement until that person has been provided notice and an opportunity for hearing as provided in this section. Within 5 working days of receiving a written decision or notice of denial, reduction or termination of assistance, in accordance with the provisions of section 4321, or within 10 working days after any other act or failure to act by the municipality with regard to an application for assistance, the person may request an appeal. A hearing must be held by the fair hearing authority within 5 working days following the receipt of a written request by the applicant for an appeal. The hearing may be conducted by the municipal officers, a board of appeals created under Title 30-A, section 2691, or one or more persons appointed by the municipal officers to act as a fair hearing authority. An appeal may not be held before a person or body responsible for the decision, act, failure to act or delay in action relating to the applicant. [PL 1993, c. 410, Pt. AAA, §13 (AMD).]

The person requesting the appeal and the municipal administrator responsible for the decision being appealed must be afforded the right to confront and cross-examine any witnesses presented at the hearing, present witnesses in their behalf and be represented by counsel or other spokesperson. A claimant must be advised of these rights in writing. The decision of such an appeal must be based solely on evidence adduced at the hearing. The Maine Rules of Evidence do not apply to information presented to the fair hearing authority. The standard of evidence is the standard set in Title 5, section 9057, subsection 2. The person requesting the appeal must, within 5 working days after the appeal, be furnished with a written decision detailing the reasons for that decision. When any decision by a fair hearing authority or court authorizing assistance is made, that assistance must be provided within 24 hours. Review of any action or failure to act under this chapter must be conducted pursuant to the Maine Rules of Civil Procedure, Rule 80-B. The municipality shall make a record of the fair hearing. The municipality's obligation is limited to keeping a taped record of the proceedings. The applicant shall pay costs for preparing any transcripts required to pursue an appeal of a fair hearing authority's decision. [RR 2009, c. 2, §60 (COR).]

SECTION HISTORY

§4323. Department of Health and Human Services; responsibilities
The Department of Health and Human Services shall, in accordance with this section, share responsibility with municipalities for the proper administration of general assistance. [PL 1993, c. 410, Pt. AAA, §13 (AMD); PL 2003, c. 689, Pt. B, §6 (REV).]

1. **Review.** The department shall review the administration of general assistance in each municipality for compliance with this chapter. This review shall be made on a regular basis and may be made in response to a complaint from any person as necessary.

The department shall inspect the municipality's records and discuss the administration of the program with the overseer. The overseer or his designee shall be available during the department's review and shall cooperate in providing all necessary information.

The department shall report the results of its review in writing to the municipality and, when applicable, to the complainant. The written notice shall set forth the department's findings of whether the municipality is in compliance with this chapter. [PL 1985, c. 489, §§11, 14 (AMD).]

2. **Violation; penalty.** If the department finds any violation of this chapter after review, it shall notify the municipality that it has 30 days in which to correct that violation and specify what action shall be taken in order to achieve compliance. The municipality shall file a plan with the department setting forth how it will attain compliance. The department shall notify the municipality if the plan is acceptable and that it will review the municipality for compliance within 60 days of accepting the plan. Any municipality which fails to file an acceptable plan with the department or which is in violation of this chapter at the expiration of the 60-day period shall be subject to a civil penalty of not less than $500. The Department of Health and Human Services shall enforce this section in any court of competent jurisdiction. Every 30-day period that a municipality is in violation of this chapter after review and notification shall constitute a separate offense. In addition to the civil penalty, the department shall withhold reimbursement to any municipality which is in violation of this chapter until it reaches compliance. [PL 1983, c. 577, §1 (NEW); PL 2003, c. 689, Pt. B, §6 (REV).]

3. **Departmental assistance.** Whenever the department finds that a person in immediate need of general assistance has not received that assistance as a result of a municipality's failure to comply with the requirements of this chapter, the department shall, within 24 hours of receiving a request to intervene and after notifying the municipality, grant this assistance in accordance with regulations adopted by it. The expense of that assistance granted, including a reasonable proportion of the State's administrative cost that can be attributed to that assistance, shall be billed by the department to the municipality. Should that bill remain unpaid 30 days after presentation to the municipality, the department shall refer the bill to the Treasurer of State for payment from any taxes, revenue, fines or fees due from the State to the municipality.

A municipality may not be held responsible for reimbursing the department for assistance granted under this subsection if the department failed to intervene within 24 hours of receiving the request to intervene or if the department failed to make a good faith effort, prior to the intervention, to notify the municipality of the department's intention to intervene. [PL 1989, c. 840, §7 (AMD).]

4. **Appeal.** Any municipality or person who is aggrieved by any decision or action made by the department pursuant to this section shall have the right to appeal pursuant to the Maine Administrative Procedure Act, Title 5, chapter 375, subchapter IV. A request for that appeal shall be in writing and shall be made within 30 days of receiving notification. The appeal shall be held within 30 days of receipt of that request and shall be conducted by one or more fair hearing officers. In no event may an appeal be held before a person or body responsible for the decision or action. Review of any decision under this section shall be pursuant to the Maine Rules of Civil Procedure, Rule 80 C. [PL 1985, c. 489, §§11, 14 (AMD).]
5. Emergency contact information. The department shall collect from each municipality emergency contact information for use by municipal residents in applying for assistance under this section. The department shall forward the municipal emergency contact information periodically to the statewide 2-1-1 telephone number designated pursuant to Title 35-A, section 7108. SUBTITLE 4
HUMAN SERVICES

PART 1
SERVICES TO MAINE'S AGING AND ADULTS

CHAPTER 1451
GENERAL PROVISIONS

§5101. Short title
This Act may be cited as the "1973 Act of Maine's Elderly." [PL 1973, c. 630, §1 (NEW).]

SECTION HISTORY
PL 1973, c. 630, §1 (NEW).

§5102. Declaration of a people
This declaration of a people shall serve as a credo of the elderly offering a philosophy that serves as a general state of policy and basic tenets to guide the administration and implementation of this Act. The declaration of a people: [PL 1973, c. 630, §1 (NEW).]

We older Americans place great emphasis on leading a life of value to our nation, states, communities, friends, families and to ourselves. America's elderly want to and are able to contribute to the good of our fellow human beings, even if such contribution lies outside the traditional realms of employment and productivity. We want to help improve the quality of life of each citizen of the United States regardless of his age. Our personal experiences, knowledge and skills are our qualifications. We are a strong, vital segment of society. We possess the power of a people. [PL 1973, c. 630, §1 (NEW).]

We older Americans believe that attaining the status of senior citizen is merely beginning another stage in the life of each man and is not a signal to withdraw from life. Each person ages from birth to death. We are all aging men. [PL 1973, c. 630, §1 (NEW).]

While our particular page in the history of mankind is the choice of our Creator, it is our place in history which surrounds us with the consequences of American society. America's elderly have been transformed by the events of American society. America's elderly now gain sustenance and meet social needs outside our homes, and have no family under our roof. Once we were dependent on our family, now we are dependent on impersonal organizations, systems and our society as a whole. America's exiling of us as the unwanted generation is its loss -- its economic, its human, its moral, its spiritual loss. [PL 1973, c. 630, §1 (NEW).]
We do not want to be taken from the mainstream of life, away from the everyday activities of society, and put on the shelf. We do not want a dole, but rather help in our times of crisis. We wish to live with minimum dependence on other people and government. [PL 1973, c. 630, §1 (NEW).]

To achieve this credo, we older Americans believe the United States must provide us a full and equal opportunity for meeting sustenance and social needs -- the same opportunity that is enjoyed by our fellow citizens. To continue fulfilling our role in history, to continue helping our fellow human beings and to enrich our society; the elderly must be provided an opportunity to attain the basic essentials of life. [PL 1973, c. 630, §1 (NEW).]

To achieve this credo, we believe older Americans must plan, establish, direct and operate our own programs and services. We also believe we must participate in the administration and operation of programs conducted by others for our benefit. Through our programs, we intend to bring benefits not just to ourselves, but to all generations in fulfillment of our personal responsibility to help improve the quality of life of all human beings. [PL 1973, c. 630, §1 (NEW).]

To assist us, our families -- children, brothers, sisters, nieces and nephews -- must care about us. Is it too much to seek, that the people to whom we devoted ourselves, devote themselves to us? [PL 1973, c. 630, §1 (NEW).]

To assist us, the government of the United States of America and each State of the Union must conduct programs which are mutually acceptable to us. The programs must be fostered by units on aging located at the highest echelons of government and charged with ultimate line authority and responsibility for any government program serving the elderly. [PL 1973, c. 630, §1 (NEW).]

Government should not do all for the elderly, but rather challenge and help citizens to grasp their personal responsibilities. Government should not be the sole keeper of America's elderly, but rather a help in times of crisis. Programs must help us care for ourselves. They must encourage all people, especially our families to care about us. Programs must provide a strong advocacy of America's elderly, unencumbered by the restrictions of partisan politics and the pressures of special interests, except those interests inherent to this credo of the elderly. [PL 1973, c. 630, §1 (NEW).]

Programs we operate must be distinct and clearly identified as intended to benefit older people, or be identified as the elderly's way of helping mankind. Government programs benefiting America's elderly must be distinct and visibly separate from other government services. This distinctness must be maintained in legislation, sources of funds and generally in operation of programs and services. We believe our policy provides that programs serving older people may be integrated with programs serving broader populations in those instances where gross duplication of identical programs would otherwise result. We also believe that programs with features specifically needed by older people must not be integrated with programs serving broader populations -- even though the programs may be similar -- except where it is conclusively demonstrated that such specific features will be retained or that greater benefits will accrue to the elderly from the integration of programs. [PL 1973, c. 630, §1 (NEW).]

First, older people must receive income adequate to obtain the basic essentials of life from the market place, like our fellow Americans; rather than be given income supplement programs, such as food stamps, Old Age Assistance, subsidized housing and property tax relief. Secondly, the elderly with a time of crisis because of age, physical condition or social status must be assisted by appropriations providing services directly to them, such as homemakers, meals on wheels, home health care and nursing homes. [PL 1973, c. 630, §1 (NEW).]

AMERICA MUST CONSIDER AND DECIDE HOW TO ACHIEVE PURPOSEFUL, PRIMARY GOALS TO GIVE AGING MEN THE OPPORTUNITY OF RETURNING TO A FULLER EXISTENCE OR AMERICA SHALL CONTINUE TO RELEGATE AGING MEN TO THE BACK DOOR STOOP OF HISTORY WHERE WE WILL SLIDE INVISIBLY AND UNNOTICED INTO EXTINCTION. THE LAST CHOICE IS NOT ACCEPTABLE. [PL 1973, c. 630, §1 (NEW).]
Responsibility for achieving this credo rests on the shoulders of all Americans, but especially our own. We shall attain a life of greater value if each American accepts his personal responsibility for his fellow human beings. We shall reestablish our role in society by operating services to help all generations. We shall resurrect our independence by redirecting the country's resources. [PL 1973, c. 630, §1 (NEW).]

We shall express the status of our survival to all Americans. We shall carry our call to all the sources of help, to all the seats of power. We shall wield our power as a people. Through our own groups, we shall shatter the bondage of our geriatric shackles. [PL 1973, c. 630, §1 (NEW).]

As older Americans, we grasp the gauntlet of this credo. We pledge ourselves to it. We shall achieve it. We accept the credo's challenge, not with the intent of personal gain, but rather remembering that, what we achieve today will benefit those who follow, for we will soon be gone. [PL 1973, c. 630, §1 (NEW).]

**SECTION HISTORY**

PL 1973, c. 630, §1 (NEW).

§5103. Declaration of objectives

1. **Objectives.** It is declared that, in keeping with the traditional American concept of the inherent dignity of the individual in our society, the older people of our State are entitled to, and it is the joint and several duty of the individual, his family, relatives and friends; the community and private agencies of the community; and the governments of the political subdivisions of this State, the State of Maine and the United States of America to assist our older people to secure equal opportunity to full and free enjoyment of the following objectives:

   A. An adequate income in retirement in accordance with the American standard of living; [PL 1973, c. 630, §1 (NEW).]

   B. The best possible physical and mental health which science can make available and without regard to economic status; [PL 1973, c. 630, §1 (NEW).]

   C. Suitable housing, independently selected, designed and located with reference to special needs and available at costs which older citizens can afford; [PL 1973, c. 630, §1 (NEW).]

   D. Full restorative services for those who require institutional care; [PL 1973, c. 630, §1 (NEW).]

   E. Opportunity for employment with no discriminatory personnel practices because of age; [PL 1973, c. 630, §1 (NEW).]

   F. Retirement in health, honor and dignity after years of contribution to the economy; [PL 1973, c. 630, §1 (NEW).]

   G. Pursuit of a meaningful life within the widest range of civic, cultural, and recreational opportunities; [PL 1973, c. 630, §1 (NEW).]

   H. Efficient community services, including access to low-cost transportation, which provide social assistance in a coordinated manner and which are readily available when needed; [PL 1973, c. 630, §1 (NEW).]

   I. Immediate benefit from proven research knowledge which can sustain and improve health and happiness; [PL 1973, c. 630, §1 (NEW).]

   J. Freedom, independence and the free exercise of individual initiative in planning and managing their own lives. [PL 1973, c. 630, §1 (NEW).]
2. Purpose. It is further declared that thousands of older people in this State are suffering unnecessary harm from the lack of adequate services. It is therefore the purpose of this Act, in support of the above objectives, to:

A. Make available programs which include a full range of health, education and social services to our older citizens who need them; [PL 1973, c. 630, §1 (NEW).]

[PL 1975, c. 523, §1 (RPR).]

§6111. Cost sharing of expenditures

1. Development of resources, cooperation and funding. To encourage and assist development of more effective and more coordinated use of existing and new resources and interagency cooperation as well as combined, joint funding of social services; expenditures for priority social services shall be shared either by the beneficiary of each service to extent possible within the resources available to the beneficiary in accordance with subsection 2; or by the agency providing the social service; by available federal resources as discussed in subsection 3; or by the State of Maine in total amount not to exceed that specified in each agreement and in a proportion not to exceed the percent of expenditures for each type of service specified in subsection 4. [P&SL 1975, c. 90, §C, §4 (RPR).]

2. Fees for services. Private, nonprofit and public agencies operating social services as authorized and funded in part under the Priority Social Services Program may charge fees or accept contributions to the agency for beneficiaries for actual provision of priority social services. Fee charges will be in accordance with a graduated fee scale. This scale shall not require charges to lower income beneficiaries.

The Department of Health and Human Services may establish and enforce adherence to a graduated fee scale that applies uniformly throughout the State of each type of service and based upon a resident's
ability to pay. Social agencies making charges for priority social services shall do so in accordance with the graduated fee scale established by the department.
[PL 1975, c. 293, §4 (AMD); PL 2003, c. 689, Pt. B, §6 (REV).]

3. **Use of federal government resources.** State funds appropriated for priority social services may be used to match appropriate federal funds, except those appropriated under the Social Services Block Grant, to continue or expand priority programs under this chapter.
[PL 1981, c. 608, §2 (RPR).]

4. **Maximum state share of cost.** State funds appropriated for priority social services may be used to pay a portion of expenditures under each agreement for each type of social service in an amount not to exceed the maximum percentage for state funds of 100% of the total expenditures for each type of priority social service as specified below. One hundred percent funding must be available for not more than 2 years consecutively or in total. State funds appropriated for priority social services may be used to pay a portion of expenditures under each agreement for each type of social service in an amount not to exceed the maximum percentage for state funds of the total expenditures for each type of priority social service as specified below when programs have been funded for a total of 2 years, consecutively or in total. The maximum percentage of state funds of the total expenditures for each type of service may not exceed:

- 75% for homemaker service;
- 75% for developmental day care, including family day care;
- 75% for services for persons with intellectual disabilities or autism;
- 75% for meals for older people;
- 75% for mental health services;
- 75% for transportation services;
- 75% for health and home care needs for the elderly.
[PL 2011, c. 542, Pt. A, §44 (AMD).]

5. **Maximum use of nonstate resources.** State funds paying a portion only of expenditures for priority social services are valid only when "earned" or "matched" by expenditure of nonstate resources, which may be cash or in-kind. The expenditure of such resource must be in an amount at least equal to the minimum percentage for nonstate resources of the total expenditures for each type of priority social services as specified below. The minimum percentage for nonstate resources of the total expenditures for each type of service is:

- 25% for homemaker service;
- 25% for developmental day care, including family day care;
- 25% for services for persons with intellectual disabilities or autism;
- 25% for meals for older people;
- 25% for mental health services;
- 25% for transportation services;
- 25% for health and home care needs for the elderly.

Nonstate resources authorized to qualify to earn or match state funds include private funds such as gifts, grants, fees for service or contributions; in-kind resources that are actual out-of-pocket expenditures; or actual loss of revenue related directly and essentially as an integral part of the operation of a priority social service; and public revenues such as municipal taxes, a municipal or county amount of federal revenue sharing funds, other appropriate federal resources and state revenue sharing funds and such
other public resources as may be received by, generated by or available to a municipal or county
government or other political subdivision or quasi-governmental bodies.
[PL 2011, c. 542, Pt. A, §45 (AMD).]

CHAPTER 1505

ADULT DAY CARE

§6201. Legislative intent

1. Findings. The Legislature finds that:

A. Many adults with long-term care needs who are at risk of institutionalization are in need of the
range of health and related services that can be provided more efficiently in an adult day care
program within a long-term health care facility or at another community site; [PL 1989, c. 347,
§1 (AMD).]

B. Many spouses and families, who are caring for adults with long-term care needs who are at risk
of placement in an institutional setting, are in need of assistance for extended hours on a regular or
respite basis; [PL 1989, c. 347, §1 (AMD).]
C. For many adults with long-term care needs, it may be less costly for the State to provide adult day care to supplement the care provided by the family than to provide 24-hour long-term care in institutional settings; and [PL 1989, c. 347, §1 (AMD).]

D. [PL 1989, c. 347, §1 (RP).]

E. Long-term health related care facilities and other community-based programs located throughout the State could respond to the adult day care needs of individuals and their families. [PL 1989, c. 347, §1 (AMD).]

2. Policy. The Legislature declares that it is the policy of this State:

A. [PL 1989, c. 347, §1 (AMD).]

B. To enhance the systems of in-home services by utilizing the resources available through long-term care facilities and community-based programs; [PL 1989, c. 347, §1 (AMD).]

C. To assure that the recipients of adult day care services from long-term care facilities and other community-based programs, pursuant to this chapter, are the elderly and disabled adults who are at the greatest risk of being placed in a long-term care institutional setting; [PL 1989, c. 347, §1 (AMD).]

D. [PL 1989, c. 347, §1 (RP).]

E. To develop payment policies for long-term care facilities and community-based programs that will allow fair and equitable payments for services provided pursuant to this chapter; and [PL 1989, c. 347, §1 (AMD).]

F. To establish a permanent program of adult day care, to be provided through both long-term care facilities and in community-based programs. [PL 1989, c. 347, §1 (NEW).]

The chair or, in the chair's absence or disability, the vice-chair shall preside at all meetings of the interstate commission. [PL 2011, c. 217, §1 (NEW).]

shall hire and supervise other persons as may be authorized by the interstate commission. [PL 2011, c. 217, §1 (NEW).]

4. Liability. The interstate commission's executive director and the commission's employees are immune from suit and liability, either personally or in their official capacity, for a claim for damage to or loss of property or personal injury or other civil liability caused or arising out of or relating to an actual or alleged act, error or omission that occurred or that such person had a reasonable basis for believing occurred within the scope of interstate commission employment, duties or responsibilities, except that such person is not protected from suit or liability for damage, loss, injury or liability caused by the intentional or willful and wanton misconduct of such person.

A. The liability of the interstate commission's executive director and employees or interstate commission representatives, acting within the scope of that person's employment or duties for acts, errors or omissions occurring within the person's state may not exceed the limits of liability set forth under the constitution and laws of that state for state officials, employees and agents. §7269. Rule-making functions of the interstate commission - Article 9

1. Rule-making authority. The interstate commission shall promulgate reasonable rules in order to effectively and efficiently achieve the purposes of this compact. Notwithstanding this subsection, in the event the interstate commission exercises its rule-making authority in a manner that is beyond the scope of the purposes of this compact or the powers granted under this compact, such an action by the interstate commission is invalid and has no force or effect. Any rules promulgated by the commission do not override the State's authority to govern prescription drugs or each member state's prescription monitoring program. [PL 2011, c. 217, §1 (NEW).]
2. **Rule-making procedure.** Rules must be made pursuant to a rule-making process that substantially conforms to the "Model State Administrative Procedure Act," of 1981 Act, Uniform Laws Annotated, Vol. 15, p. 1 (2000) as amended, as may be appropriate to the operations of the interstate commission. [PL 2011, c. 217, §1 (NEW).]

3. **Judicial review.** Not later than 30 days after a rule is promulgated, any person may file a petition for judicial review of the rule as long as the filing of such a petition does not stay or otherwise prevent the rule from becoming effective unless the court finds that the petitioner has a substantial likelihood of success. The court shall give deference to the actions of the interstate commission consistent with applicable law and may not find the rule to be unlawful if the rule represents a reasonable exercise of the interstate commission's authority. [PL 2011, c. 217, §1 (NEW).]

### SECTION HISTORY

§7270. **Oversight, enforcement and dispute resolution - Article 10**

1. **Oversight.** The following provisions govern the oversight of the compact.

   A. The executive, legislative and judicial branches of state government in each member state shall enforce this compact and shall take all actions necessary and appropriate to effectuate the compact's purposes and intent. The provisions of this compact and the rules promulgated under this compact have standing as statutory law but do not override the State's authority to govern prescription drugs or the State's prescription monitoring program. [PL 2011, c. 217, §1 (NEW).]

   B. All courts shall take judicial notice of the compact and the rules in any judicial or administrative proceeding in a member state pertaining to the subject matter of this compact that may affect the powers, responsibilities or actions of the interstate commission. [PL 2011, c. 217, §1 (NEW).]

   C. The interstate commission is entitled to receive all service of process in any proceeding under paragraph B and has standing to intervene in the proceeding for all purposes. Failure to provide service of process to the interstate commission renders a judgment or order void as to the interstate commission, this compact or promulgated rules. [PL 2011, c. 217, §1 (NEW).]

2. **Default, technical assistance, suspension and termination.** If the interstate commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this compact or the bylaws or promulgated rules, the interstate commission shall provide written notice to the defaulting state and other member states of the nature of the default, the means of curing the default and any action taken by the interstate commission. The interstate commission shall specify the conditions by which the defaulting state must cure its default. The interstate commission shall provide remedial training and specific technical assistance regarding the default.

   A. If the defaulting state fails to cure the default, the defaulting state must be terminated from the compact upon an affirmative vote of a majority of the member states and all rights, privileges and benefits conferred by this compact are terminated from the effective date of termination. A cure of the default does not relieve the defaulting state of obligations or liabilities incurred during the period of the default. [PL 2011, c. 217, §1 (NEW).]

   B. Suspension or termination of membership in the compact may be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate must be given by the interstate commission to the governor of the defaulting state, the majority and minority leaders of the defaulting state's legislature and each of the member states. [PL 2011, c. 217, §1 (NEW).]
C. A defaulting state that has been suspended or terminated is responsible for all dues, obligations and liabilities incurred through the effective date of suspension or termination, including obligations the performance of which extends beyond the effective date of suspension or termination. [PL 2011, c. 217, §1 (NEW).]

D. The interstate commission may not bear costs relating to any state that has been found to be in default or that has been suspended or terminated from the compact, unless otherwise mutually agreed upon in writing between the interstate commission and the defaulting state. [PL 2011, c. 217, §1 (NEW).]

E. The defaulting state may appeal the action of the interstate commission by petitioning the United States District Court for the District of Columbia or the federal district where the interstate commission has its principal offices. The prevailing party must be awarded all costs of such litigation including reasonable attorney's fees. [PL 2011, c. 217, §1 (NEW).]

3. Dispute resolution. The following provisions govern dispute resolution.

A. The interstate commission shall attempt, upon the request of a member state, to resolve disputes that are subject to the compact and that may arise among member states. [PL 2011, c. 217, §1 (NEW).]

B. The interstate commission shall promulgate rules providing for both mediation and binding dispute resolution as appropriate. [PL 2011, c. 217, §1 (NEW).]

4. Enforcement. The following provisions govern enforcement of the compact.

A. The interstate commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact. [PL 2011, c. 217, §1 (NEW).]

B. The interstate commission may, by majority vote of the members, initiate legal action in the United States District Court for the District of Columbia or, at the discretion of the interstate commission, in the federal district where the interstate commission has its principal offices, to enforce compliance with the provisions of the compact and its promulgated rules and bylaws against a member state in default. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary the prevailing party must be awarded all costs of such litigation including reasonable attorney's fees. [PL 2011, c. 217, §1 (NEW).]

C. The remedies in this subsection are not the exclusive remedies of the interstate commission. The interstate commission may avail itself of any other remedies available under state law or the regulation of a profession. [PL 2011, c. 217, §1 (NEW).]

Thereafter it becomes effective and binding on a state upon enactment of the compact into law by that state. The governors of nonmember states or their designees must be invited to participate in the activities of the interstate commission on a nonvoting basis prior to adoption of the compact by all states.
3. **Amendments.** The interstate commission may propose amendments to the compact for enactment by the member states. An amendment may not become effective and binding upon the interstate commission and the member states until it is enacted into law by unanimous consent of the member states.

   [PL 2011, c. 217, §1 (NEW).]

   C. The withdrawing state shall immediately notify the chair of the interstate commission in writing upon the introduction of legislation repealing this compact in the withdrawing state. SUBTITLE 5

IN-HOME AND COMMUNITY SUPPORT SERVICES FOR ADULTS WITH LONG-TERM CARE NEEDS

CHAPTER 1621

GENERAL PROVISIONS

§7301. Legislative intent

1. Findings. The Legislature finds that:

A. In-home and community support services have not been sufficiently available to many adults with long-term care needs;  
[PL 1981, c. 511, §1 (NEW).]

B. Many adults with long-term care needs are at risk of being or already have been placed in institutional settings, because in-home and community support services or funds to pay for these services have not been available to them;  
[PL 1981, c. 511, §1 (NEW).]

C. In some instances placement of adults with long-term care needs in institutional settings can result in emotional and social problems for these adults and their families;  
[PL 2009, c. 279, §2 (AMD).]

D. For many adults with long-term care needs, it is less costly for the State to provide in-home and community support services than it is to provide care in institutional settings;  
[PL 2009, c. 279, §2 (AMD).]
E. The majority of adults with long-term care needs have indicated a preference to remain in their own homes and in community settings rather than having their needs met in institutional settings; [PL 2009, c. 279, §2 (NEW).]

F. For many adults with long-term care needs and their families, the process to identify and secure appropriate services may be confusing and difficult to navigate; and [PL 2009, c. 279, §2 (NEW).]

G. A sustainable system of long-term care to meet the needs of citizens must emphasize in-home and community support services that capitalize upon personal and family responsibility. [PL 2009, c. 279, §2 (NEW).]

2. Policy. The Legislature declares that it is the policy of this State, with regard to in-home and community support services:

A. To increase the availability of long-term care services that are consumer-driven, optimize individual choice and autonomy and maximize physical health, mental health, functional well-being and independence for adults with long-term care needs through high-quality services and supports in settings that reflect the needs and choices of consumers and that are delivered in the most flexible, innovative and cost-effective manner; [PL 2009, c. 279, §2 (AMD); PL 2009, c. 420, §1 (AMD).]

B. That the priority recipients of in-home and community support services, pursuant to this subtitle, must be adults with long-term care needs who are at the greatest risk without needed in-home and community support services; [PL 2009, c. 279, §2 (AMD); PL 2009, c. 420, §1 (AMD).]

C. That a variety of agencies, facilities and individuals must be encouraged to provide in-home and community support services and to increase the percentages of adults with long-term care needs receiving in-home and community support services provided by persons who are employed as personal care assistants or direct support aides or by other providers. For the purposes of this paragraph, "direct support aide" means a personal care worker or direct support worker who provides a range of services, including personal daily living supports, health supports and community supports, to adults with long-term care needs; [PL 2009, c. 546, §1 (AMD).]

D. To promote and encourage public and private partnerships among a variety of agencies, facilities and individuals; [PL 2009, c. 279, §2 (NEW); PL 2009, c. 420, §1 (NEW).]

E. To support the roles of family caregivers and a qualified workforce in the effort to streamline and facilitate access to high-quality services in the least restrictive and most integrated settings; and [PL 2009, c. 279, §2 (NEW); PL 2009, c. 420, §1 (NEW).]

F. To establish the most efficient and cost-effective system for delivering a broad array of long-term care services. [PL 2009, c. 546, §2 (RPR).]

The program must have a unified system for intake and eligibility determination for all consumers, regardless of diagnosis, type of disability or demographic factors, including age, using the multidisciplinary teams pursuant to section 7323, consumer assessment and the development of plans of care that take into consideration the consumer's living arrangement, informal supports and services provided by other public or private funding sources to ensure nonduplication of services for consumers. CHAPTER 1622-A

CONSOLIDATION OF LONG-TERM CARE SERVICES

§7316. Consolidation of long-term care services

Beginning July 1, 2012, all long-term care services provided directly or indirectly under the MaineCare program or other state-funded programs by the department under this Title must be combined into one program, referred to in this chapter as "the program," with a single set of rules, coordinated criteria for assessment and qualifications and a single budget. [PL 2011, c. 422, §1 (NEW).]

SECTION HISTORY
PL 2011, c. 422, §1 (NEW).

§7317. In-home and community support services; nursing facility services

In-home and community support services and nursing facility services must be provided under the program, giving priority to expenditures that serve first those consumers with the greatest needs and the lowest service costs in accordance with the provisions of this section. [PL 2011, c. 422, §1 (NEW).]

1. Intake and eligibility assessment. The department shall develop for the program a single system for intake and eligibility determination for all consumers, regardless of diagnosis, type of disability or age or other demographic factors, using the multidisciplinary teams designated by the commissioner pursuant to section 7323. The intake process, application and forms must be standardized despite differences in the criteria for eligibility for services under different provisions of the MaineCare program state plan or federally approved waiver under Medicaid or under state-funded services.
[PL 2011, c. 422, §1 (NEW).]
2. **Needs assessment.** The department shall assess a consumer for benefits determination periodically, as appropriate to the consumer, based on assessments of functional, health care and financial needs performed by an agency that is available to the consumer for case management services but that does not directly or indirectly provide in-home and community support services or nursing facility services. The assessment of the consumer’s functional, health care and financial needs for in-home and community support services and nursing facility services must include a medical evaluation conducted by the consumer’s primary care provider or health care specialist, as appropriate, and an evaluation by the department of the requirements for personal care assistant services and the hours of service necessary to maintain the consumer in a home-based or community-based setting.

[PL 2011, c. 422, §1 (NEW).]

3. **Benefits determination; service delivery model selection.** Once the needs assessment under subsection 2 has been completed for a consumer, the department shall determine the benefits that are available for the consumer and the consumer may choose which services to purchase. The consumer may select service delivery through the following models: the model in which the consumer directs the consumer's care and employs the persons who provide care, with or without a surrogate or unpaid representative to assist the consumer; the agency model in which an agency directs the consumer's care and employs the persons who provide care; and the residential care model or nursing facility care model. If a consumer does not indicate a preference of service delivery model, the department shall assign the consumer to a self-directed model of in-home and community support services unless self-direction is determined to be inappropriate for the consumer.

[PL 2011, c. 422, §1 (NEW).]

4. **Plan of care.** The department shall develop and authorize a plan of care for each consumer determined to be eligible under this chapter or Title 34-B, chapter 5, subchapter 3, article 2. The plan of care must be based on the needs assessment under subsection 2 and must be designed to meet the needs of the consumer identified in the assessment, giving consideration to the consumer’s living arrangement and informal supports and, to avoid duplication of services, services provided by other private and public funding sources.

[PL 2011, c. 422, §1 (NEW).]

5. **Transitional facilities and services.** The program must provide a consumer with transitional facilities and services to assist with changing functional needs and health care status.

[PL 2011, c. 422, §1 (NEW).]

6. **Nursing facility diversion.** The program must include a nursing facility diversion component to encourage the use of facilities and services consistent with the consumer’s needs assessment under subsection 2 and as chosen by the consumer under subsection 3.

[PL 2011, c. 422, §1 (NEW).]

7. **Reimbursement.** The program must provide reimbursement for skilled nursing care and in-home and community support services based on a uniform rate-setting process that is consistent across types of care and services, that reduces administrative costs and that is realistic regarding access to care and services. The process must set aside a fixed percentage of the rate for wages and benefits of the direct-care workers.

[PL 2011, c. 422, §1 (NEW).]

8. **Implementation.** In implementing the program the department shall:

   A. Establish best practices training standards in a common module-based format with standard designations for direct-care workers; [PL 2011, c. 422, §1 (NEW).]

   B. Create structures for service delivery that apply to all types of payors; [PL 2011, c. 422, §1 (NEW).]

   C. Promote the use of assistive technology; [PL 2011, c. 422, §1 (NEW).]
D. Integrate the delivery of skilled nursing care and personal care and services; [PL 2011, c. 422, §1 (NEW).]

E. Establish a system to designate qualified providers who must:

1. Provide the full range of services in the self-directed and agency models under subsection 3;

2. Have the organizational and administrative capacity to administer and monitor a complete range of in-home and community support services, including, but not limited to, serving as a resource regarding service options, coordinating and implementing consumer services, ensuring the services are delivered, providing skills training, responding to questions and problems, performing administrative services, ensuring compliance with policies and performing utilization review functions; and

3. Submit proposals for coordinated in-home and community support services in response to a solicitation for proposals to qualified provider agencies from the department, in the form and manner required by the department as specified in rules. Rules adopted pursuant to this subparagraph are routine technical rules as defined by Title 5, chapter 375, subchapter 2-A; [PL 2011, c. 422, §1 (NEW).]

F. Promote consumer choice by investing in needed care and services that consumers choose; and [PL 2011, c. 422, §1 (NEW).]

G. Develop expanded financing options to encourage private investment in residential care and nursing facilities. [PL 2011, c. 422, §1 (NEW).]

Rules adopted pursuant to this section are major substantive rules as defined in Title 5, chapter 375, subchapter 2-A, except that rules to establish categories of licensed assisted housing programs, including private nonmedical institutions, are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.
[PL 2003, c. 673, Pt. V, §2 (AMD); PL 2003, c. 673, Pt. V, §29 (AFF).]

1. **Consultation.** The rules must be developed in consultation with the long-term care ombudsman program established pursuant to section 5106, subsection 11-C, consumer representatives and providers of the type of assisted housing program to which the rules will apply.

2. **Subject matter.** The rules must include, but are not limited to, administration, quality of care and treatment, if applicable, level and qualifications of staff, rights of residents, contracts, administration of medication, available public and private sources of payment, health and safety of residents and staff, community relations and licensing procedures.

3. **Administration of medication rules.** In adopting the rules for administration of medication, the commissioner shall consider, among other factors, the general health of the persons likely to receive medication and the numbers of persons served and employed by the assisted housing program facility. The department may require unlicensed personnel to have successfully completed a program of training.
and instruction, approved by the department for the administration of medication, that is not limited to in-service training.

4. Residential care rules. The commissioner shall adopt rules for the various levels of residential care facilities. In addition to the subject matter of the rules listed in subsection 2, the rules must include criteria for placement of residents who qualify for services as minors, as adults and as persons with disabilities.

5. Assisted living program rules. The commissioner shall adopt rules for assisted living programs. In addition to the subject matter of rules listed in subsection 2, the rules must recognize and promote the efficiencies inherent in providing services in the applicable setting with respect to staffing and other responsibilities, while ensuring quality of care and safety. The rules must set requirements and standards for services rendered in the applicable settings that recognize the differences between those settings and private homes served pursuant to chapter 419. The rules must permit staff in assisted living programs to be shared in accordance with section 1812-C, subsection 6-A and section 7914.
[PL 2003, c. 449, §3 (AMD).]

6. Applicability of residents’ rights rules. Any rules adopted pursuant to this section pertaining to residents’ rights are applicable to licensed assisted housing programs.
[PL 2003, c. 449, §3 (AMD).]

7. Relationship to tax credit financing. In adopting rules under this section, the department shall give due consideration to and shall avoid conflicts with the requirements of the federal Internal Revenue Code and regulations promulgated under the federal Internal Revenue Code and any other requirements imposed by the Internal Revenue Service when financing based on low-income housing tax credits is utilized for the housing component of assisted living programs.
[PL 2003, c. 449, §4 (NEW).]

1. Fees for residential care facility. Ten dollars per licensed bed for a residential care facility; and

2. Fees for assisted living programs. Two hundred dollars for an assisted living program.

SECTION HISTORY

§7855. Fire safety inspection for residential care facilities

1. Inspection required. A license may not be issued by the department to a residential care facility until the department has received from the Commissioner of Public Safety a written statement signed by one of the officials designated under Title 25, section 2360, 2391 or 2392 to make fire safety inspections. This statement must indicate that the residential care facility has complied with applicable fire safety provisions referred to in Title 25, section 2452.
2. **Fees.** The department shall establish and pay reasonable fees to the Commissioner of Public Safety or a municipal official for each inspection under subsection 1.

3. **Local regulations.** A local regulation that affects the life-safety requirements of a residential care facility and that is more stringent than those referred to in this section takes precedence.

4. **Requirements for residential care facilities.** Residential care facilities must comply with the chapters of the National Fire Protection Association Life Safety Code relating to new and existing residential board and care occupancies adopted by the Commissioner of Public Safety. Residential care facilities must comply as follows.

   A. A residential care facility that has one to 3 beds must comply with the one-family and 2-family dwelling chapter of the Life Safety Code. [PL 2001, c. 596, Pt. A, §1 (NEW); PL 2001, c. 596, Pt. B, §25 (AFF).]

   A-1. A residential care facility with 4 to 6 beds whose residents have prompt evacuation capability, as defined in the Life Safety Code, must comply with the one-family and 2-family dwellings chapter of the Life Safety Code if that residential care facility was licensed under that chapter prior to October 1, 2002. [PL 2003, c. 398, §1 (NEW).]

   B. Except as provided in paragraph A-1, a residential care facility with 4 to 16 beds must comply with the sections of the Life Safety Code that apply to small facilities and with the chapter relating to new residential board and care occupancy if that facility is a facility that was constructed on or after July 25, 2002 or with the existing residential board and care occupancy chapter if that facility was licensed before July 25, 2002. [RR 2003, c. 2, §80 (COR).]

   C. A residential care facility with more than 16 beds must comply with the sections of the Life Safety Code that apply to large facilities and with the chapter relating to new residential board and care occupancy if that facility is a facility constructed on or after July 25, 2002 or with the chapter relating to existing residential board and care occupancy if that facility was licensed before July 25, 2002. [PL 2003, c. 398, §1 (AMD).]

   D. Notwithstanding any other provision of law or rule a residential care facility with 4 or fewer beds is not required to obtain certification from a design specialist to satisfy the requirements of this section or Title 5, section 4594-F. [PL 2003, c. 398, §1 (NEW).] [RR 2003, c. 2, §80 (COR).]

5. **Fire safety inspection and certificate of compliance required for licensure.** A fire safety inspection must be performed and a certificate of compliance must be provided to the department before a license to a residential care facility is issued. Inspections must be scheduled to coincide with the term of the license.

6. **Timed drills.** Timed drills, as described in the applicable chapters of the National Fire Protection Association Life Safety Code, must be used to determine a residential care facility's capability to evacuate its residents, unless the facility has elected to complete evacuation scores in lieu of timed drills in accordance with the standards described in the National Fire Protection Association Life Safety Code 101A or when timed drills are not required pursuant to the Life Safety Code. When a new resident has participated in a timed drill in another residential care facility within the previous 2 months, the results of that drill may be used to determine evacuation capability in the resident's new
facility for a period of up to 4 months. A person who violates or fails to comply with this subsection commits a civil violation for which a forfeiture of not more than $25 per bed for each occurrence of failure to comply may be adjudged.

7. Requirement for manual fire alarm activation may be waived. For a residential care facility with 4 to 8 beds, the requirement for manual fire alarm activation may be waived at the discretion of the Commissioner of Public Safety.

SECTION HISTORY

§7856. Fire safety inspection for assisted living programs

In accordance with this section, the department shall adopt rules pursuant to Title 5, chapter 375 for the inspection of assisted living programs as defined in section 7852, subsection 4, by the Commissioner of Public Safety or the commissioner's designee and the fees for that inspection. Rules regarding fees adopted pursuant to this section are major substantive rules as defined in Title 5, chapter 375, subchapter II-A.

1. Permits; inspection. Construction and renovation of assisted living programs require a construction permit from the Commissioner of Public Safety. Prior to licensure all assisted living programs must be inspected by the Commissioner of Public Safety or the commissioner's designee at the request of the department. All assisted living programs must be inspected upon performing renovations and must be reinspected every 2 years.

2. Certificate of compliance. The Commissioner of Public Safety shall issue a certificate of compliance with the provisions of this section to the department.

3. Requirements. All assisted living programs must be inspected using the chapter pertaining to the applicable building type of the National Fire Protection Association Life Safety Code adopted by the Department of Public Safety, Office of the State Fire Marshal and must be protected throughout by a supervised, automatic sprinkler system approved by the Commissioner of Public Safety.

[PL 2019, c. 338, §1 (AMD).]

SECTION HISTORY

§7857. Personal funds of residents

1. Permission to manage personal funds. An operator or agent of an assisted housing program may not manage, hold or deposit in a financial institution the personal funds of a resident of the facility unless the operator or agent has received written permission from:

   A. The resident if the resident does not have a guardian, trustee or conservator; [PL 2001, c. 596, Pt. A, §1 (NEW); PL 2001, c. 596, Pt. B, §25 (AFF).]

   B. The resident's guardian, trustee or conservator if that person exists and can be reached; or [PL 2001, c. 596, Pt. A, §1 (NEW); PL 2001, c. 596, Pt. B, §25 (AFF).]

   C. The department if a guardian, trustee or conservator exists but cannot be reached. [PL 2001, c. 596, Pt. A, §1 (NEW); PL 2001, c. 596, Pt. B, §25 (AFF).]

2. **Itemized accounting.** An operator or agent of an assisted housing program who, after receiving written permission pursuant to subsection 1, manages or holds the personal funds of a resident shall maintain an account for these funds, which must include for each resident a separate, itemized accounting for the use of that resident's personal funds with supporting documentation for every expenditure in excess of $2.

3. **Depositing personal funds.** The department may require an operator or agent of an assisted housing program to deposit in a financial institution the personal funds of a resident if the resident has a guardian, trustee or conservator who can not be reached.

4. **Use of personal funds by operator prohibited.** Under no circumstances may an operator or agent of an assisted housing program use the personal funds of a resident for the operating costs of the facility or for services or items that are reimbursed by a 3rd party. The personal funds of a resident may not be commingled with the business funds of the facility or with the personal funds or accounts of the owner, a member of the owner's family or an employee of the facility.

**SECTION HISTORY**

§7858. **Certain residential care payments**

1. **Facilities with 4 or fewer beds.** Reimburse all residential care facilities of up to 4 beds at a rate of at least $433 per month; and

2. **Facilities with 5 or 6 beds.** Reimburse all residential care facilities of 5 or 6 beds whose residents do not have severe mental or physical dysfunction or disability on a flat rate basis of at least $601 per month.

**SECTION HISTORY**

§7859. **Residents' records**

Whenever there are pertinent and available health and other records about a person who seeks admission as a resident to a residential care facility, those records must be provided to the administrator of the facility at least 7 days prior to the date of admission, unless there are compelling reasons that make this impossible or impractical. If there are compelling reasons, including, but not limited to, emergency situations, the administrator must receive, by not later than the date of admission, a written note that:

1. **Reasons explained.** Explains the compelling reasons why the records could not be provided 7 days prior to the date of admission; and

2. **When records will be provided.** If the records have not yet been received, states by when the records will be provided.

This section may not be construed to mean that a resident who is not a client of the department is required, as a condition of admission, to provide records to the administrator of the residential care facility. [RR 2003, c. 2, §81 (COR).]
SECTION HISTORY

§7860. Shared staffing

The department shall permit shared staffing between residential care facilities and other levels of assisted housing on the same premises as long as there is a clear, documented audit trail and the staffing in the residential care facilities remains adequate to meet the needs of residents. Staffing to be shared may be based on the average number of hours used per week or month within the assisted housing program. For the purposes of this section, "shared staffing" means the use of licensed and unlicensed personnel who are employed, directly or under a contract, by a long-term care facility in more than one level of care provided by a single entity on the same premises. [PL 2001, c. 596, Pt. A, §1 (NEW); PL 2001, c. 596, Pt. B, §25 (AFF).]

SECTION HISTORY

For the purposes of this subsection, "eligible clients" means adults who have been determined through an approved assessment by the department to be functionally or cognitively impaired and in need of financial assistance to access assisted housing programs; and [PL 2013, c. 582, §2 (AMD).]

4. Residential care facility depreciation. Calculating depreciation recapture for a residential care facility, as defined in section 7852, subsection 14, that is reimbursed by the department under the rules of reimbursement for room and board costs, including depreciation, when the facility is sold on or after July 1, 2013, using a methodology that provides percentage credits for buildings, fixed equipment and moveable equipment based on the number of years of operation of the residential care facility by the owner that is consistent with the following:

A. For the purposes of determining depreciation recapture for buildings and fixed equipment, the methodology must determine the number of years of operation by reference to the date on which the owner began operating with the original license; [PL 2013, c. 582, §3 (NEW).]

B. For the purposes of determining depreciation recapture for moveable equipment, the methodology must enable percentage credits to reach 100% after the first 6 years of the assigned useful life; and [PL 2013, c. 582, §3 (NEW).]
C. The methodology must treat as equivalent to the owner of the residential care facility any person or entity that owns or controls the entity that owns the residential care facility and any entity that is owned or controlled by the owner of the residential care facility. **SECTION HISTORY**

§7862. Contracts for assisted living services

All contracts or agreements executed by providers of assisted living services under this chapter and a consumer or the legal representative of the consumer are subject to the requirements of this section. [PL 2003, c. 546, §1 (NEW).]

1. **Required contract provisions.** Each contract or agreement for assisted living services must contain the provisions designated as required in the standardized contract adopted by the department by rule pursuant to Public Law 1999, chapter 731, Part BBBB, section 5 and may contain additional provisions as allowed under subsection 2. [PL 2003, c. 546, §1 (NEW).]

2. **Other contract provisions.** In addition to the provisions required under subsection 1, each contract or agreement for assisted living services may contain provisions that do not violate a state law or rule or federal law or regulation. PL 2003, c. 546, §1 (NEW).

§7863. Reimbursement for residential care facilities; room and board costs

1. **New construction, acquisitions and renovations.** Notwithstanding any other law to the contrary, the department shall permit a capital expenditure by a residential care facility for new construction, an acquisition or a renovation that is less than $500,000 and shall provide reimbursement to the facility for the capital expenditure without prior approval. The department shall permit a residential care facility to seek and obtain approval for a capital expenditure that exceeds $500,000. The department shall require that capital expenditures for energy efficiency improvements, for replacement equipment, for information systems, for communications systems and for parking lots and garages be permitted without prior approval and not be counted toward the determination of the $500,000 threshold. [PL 2017, c. 304, §1 (NEW).]

2. **Extraordinary circumstance allowance.** A residential care facility that experiences an unforeseen and uncontrollable event during a year that results in unforeseen or uncontrollable increases in expenses may request an adjustment to a prospective rate in the form of an extraordinary circumstance allowance. As used in this subsection, "extraordinary circumstance" includes, but is not limited to, an event of a catastrophic nature, an increase in minimum wage or social security expenses or employee retirement contribution expenses in lieu of social security expenses, a change in the number of licensed beds and a change in licensure or accreditation requirements. If the department
concludes that an extraordinary circumstance existed, the department shall make an adjustment in the form of a supplemental allowance. The department shall determine from the nature of the extraordinary circumstance whether the extraordinary circumstance will have a continuing impact and whether the allowance should be included in the computation of the base rate for the succeeding year. Reimbursement to a residential care facility for additional costs arising from an extraordinary circumstance must be paid via a supplemental payment that is added to the per diem reimbursement rate until the department adjusts the direct care price, the routine limit and the personal care services limit, as applicable, to fairly and properly reimburse a facility for these costs.

[PL 2017, c. 304, §1 (NEW).]

3. **Regulatory compliance costs.** Costs incurred by a residential care facility to comply with changes in federal or state laws, regulations and rules or local ordinances and not otherwise specified in rules adopted by the department are considered reasonable and necessary costs. Reimbursement for these additional regulatory costs must be paid via a supplemental payment that is added to the per diem rate until the department adjusts the direct care price, the routine limit and the personal care services limit, as applicable, to fairly and properly reimburse facilities for these costs.

[PL 2017, c. 304, §1 (NEW).]

4. **Rulemaking.** The department shall adopt rules to implement this section. Rules adopted pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.

CHAPTER 1666  
PATIENTS' RIGHTS  

§7921. Intent  
It is the intent of the Legislature to establish a mechanism for residents of long-term care facilities  
in this State to articulate their rights and to be responsible for the protection of those rights. [PL 1981,  
c. 445 (NEW).]  
SECTION HISTORY  
§7922. Definitions

As used in this chapter, unless the context indicates otherwise, the following terms have the following meanings. [PL 1981, c. 445 (NEW).]

1. Long-term care facility. "Long-term care facility" means any facility program of assisted living licensed pursuant to chapters 1663 and 1664, and any nursing facility or unit licensed pursuant to chapter 405. [PL 2001, c. 596, Pt. B, §13 (AMD); PL 2001, c. 596, Pt. B, §25 (AFF).]

SECTION HISTORY

§7923. Residents' council

1. Establishment; composition. Each long-term care facility shall inform residents of their right to establish a council. This information must be given to all residents and a family member or designated representative for those residents on admission and must be posted prominently in the facility. The administrator shall assist residents in establishing a residents' council, if the residents choose to establish one. If there is no council, at least once each year residents must be given the choice to establish one. A majority vote prevails. The council shall draw up bylaws. The council may meet as often as specified in the bylaws, but at least quarterly. No employee or representative of the facility may be a member of the council. Family members may sit on the council, but may not be members. [PL 1991, c. 69, §5 (AMD).]

2. Responsibilities. The council has, but is not limited to, the following responsibilities:

A. To review and make recommendations to strengthen the facility's policies and procedures relating to residents' rights; [PL 1981, c. 445 (NEW).]

B. To establish procedures for informing all residents about their rights; [PL 1981, c. 445 (NEW).]

C. To serve as a forum for obtaining and disseminating information, soliciting and adopting recommendations for facility programming and improvement, and early identification of and recommendations for orderly resolution of residents' problems; [PL 1981, c. 445 (NEW).]

D. To inform the administrator about the opinions and concerns of the residents; [PL 1981, c. 445 (NEW).]

E. To find ways of involving the families of residents in the facility; and [PL 1981, c. 445 (NEW).]

F. To notify the Department of Health and Human Services and the long-term care ombudsman when they are constituted. [PL 1999, c. 384, §3 (AMD); PL 2003, c. 689, Pt. B, §6 (REV).]

Records of council meetings and decisions shall be prepared and disseminated by the council, which may request the assistance of the designated staff member and shall be kept on file in the facility, available at all times to residents and family members or designated representatives. [PL 1999, c. 384, §3 (AMD); PL 2003, c. 689, Pt. B, §6 (REV).]
3. Assistance. Except as provided in this subsection, the administrator shall designate a staff member, not related to the administrator, to assist the residents' council. In small long-term care facilities in which no staff members are unrelated to the administrator or owner of the facility, the administrator may designate a staff member who is related to the administrator.

[PL 1991, c. 69, §5 (AMD).]

SECTION HISTORY

§7924. Reporting of violations

1. Alleged violations reported and investigated. Any person who believes that any of those rules governing the licensure of long-term care facilities or the operation of assisted living programs and services authorized pursuant to section 7853 adopted by the department pertaining to residents' rights and conduct of resident care has been violated may report the alleged violation to the protection and advocacy agency designated pursuant to Title 5, section 19502; the long-term care ombudsman pursuant to section 5106, subsection 11-C and section 5107-A; and any other agency or person whom the commissioner may designate.

[PL 2011, c. 657, Pt. EE, §1 (AMD).]

2. Professionals to report. Any professional who provides health care, social services or mental health services or who administers a long-term care facility or program and who knows of or has reasonable cause to suspect that there has been a violation of any of those rules adopted by the department governing the licensure of long-term care facilities pertaining to residents' rights or conduct of resident care shall immediately report or cause a report to be made to an agency or person referred to in subsection 1.

[PL 2005, c. 397, Pt. A, §25 (AMD).]

3. Written report of findings. Any agency or person investigating a situation pursuant to subsection 1 or 2 shall submit a written report of the findings and results of the investigation to the administrator of the long-term care facility in which the residents' rights allegedly have been violated and to the commissioner.

[PL 2005, c. 397, Pt. A, §26 (AMD).]

4. Immunity from liability. No professional shall be held liable for any report or action taken pursuant thereto if the professional acted in good faith pursuant to this section.

[PL 1981, c. 445 (NEW).]

5. Construction. This section may not be construed to limit the powers or responsibilities of the long-term care ombudsman.

[PL 1999, c. 384, §4 (AMD).]

6. Notice of program. Each long-term care facility shall provide to each resident, guardian or personal representative, at the time of admission, information that the long-term care ombudsman program is a source of assistance with complaints and problems. At least 2 posters must be mounted in prominent places in each long-term care facility to inform residents about the services of the program. The posters must also include the department's current rules regarding the rights of residents of long-term care facilities.

[PL 1989, c. 644 (NEW).]

SECTION HISTORY

§7925. Discharges and transfers

It is the purpose of this chapter to develop a mechanism by which the concept of receivership can be utilized for the protection of residents in long-term care facilities, clients of home health care providers, general and specialty hospitals, critical access hospitals, ambulatory surgical centers, hospice agencies and end-stage renal disease units. It is the intent of the Legislature that receivership be a remedy of last resort when all other methods of remedy have failed or when the implementation of other remedies would be futile. [PL 1999, c. 384, §5 (AMD).]

SECTION HISTORY

§7932. Definitions

continuous 24-hour emergency treatment and that includes the following services or organizational units:

"General hospital" does not mean a federally controlled or state-controlled institution, a community health center, an independent outpatient diagnostic or treatment center, a doctor's office, a college infirmary or an industrial dispensary. [PL 1999, c. 384, §9 (NEW).]

3. Habitual violation. "Habitual violation" means a violation of state or federal law which, due to its repetition, presents a reasonable likelihood of serious physical or mental harm to residents. [PL 1983, c. 454 (NEW).]

3-A. Home health care provider. "Home health care provider" means any business entity or subdivision of a business entity, whether public or private, proprietary or nonprofit, that is engaged in providing acute, restorative, rehabilitative, maintenance, preventive or health promotion services through professional nursing or another therapeutic service, such as physical therapy, home health aides, nurse assistants, medical social work, nutritionist services or personal care services, either directly or through contractual agreement, in a client's place of residence. This term does not apply to any sole practitioner providing private duty nursing services or other restorative, rehabilitative, maintenance, preventive or health promotion services in a client's place of residence or to municipal entities providing health promotion services in a client's place of residence. This term does not apply to a federally qualified health center or a rural health clinic as defined in 42 United States Code, Section 1395x, subsection (aa) (1993) that is delivering case management services or health education in a client's place of residence. Beginning October 1, 1991 "home health care provider" includes any business entity or subdivision of a business entity, whether public or private, proprietary or nonprofit, that is engaged in providing speech pathology services. [PL 1999, c. 384, §10 (AMD).]

3-B. Hospice agency. "Hospice agency" means a public agency or private organization that is primarily engaged in providing specified services to terminally ill individuals and their families. The services provided are nursing care, physicians services, physical and speech therapy, home health aid, homemaker services, pastoral counseling, social work services, occupational therapy and dietary services in addition to bereavement counseling. The care may be provided as services to patients in institutions, as respite care, as routine home care or as continuous home care. [PL 1999, c. 384, §11 (NEW).]

4. Licensee. "Licensee" means any person or any other legal entity, other than a receiver appointed under section 7933, who is licensed or required to be licensed to operate a facility.
5. **Owner.** "Owner" means the holder of the title to the real estate in which the facility is maintained.

6. **Resident.** "Resident" means any person who lives in and receives services or care in a long-term care facility.

7. **Substantial violation.** "Substantial violation" means a violation of state or federal law that presents a reasonable likelihood of serious physical or mental harm to residents or clients.

8. **Transfer trauma.** "Transfer trauma" means the combination of medical and psychological reactions to abrupt physical transfer that may increase the risk of grave illness or death.

9. **Ambulatory surgical facility.** "Ambulatory surgical facility" means a facility with the primary purpose of providing elective surgical care to a patient who is admitted to and discharged from the facility within the same day. In order to meet this primary purpose, a facility must at least administer anesthetic agents, maintain a sterile environment in a surgical suite and share a facility fee separate from the professional license. "Ambulatory surgical facility" does not include:

   A. A facility that is licensed as part of a hospital;
   B. A facility that provides services or accommodations for patients who stay overnight;
   C. A facility existing for the primary purpose of performing terminations of pregnancies; or
   D. The private office of a physician or dentist in individual or group practice, unless the office is certified as a Medicare ambulatory surgical center.

10. **Critical access hospital.** "Critical access hospital" means a hospital that must first be designated and approved by the State, as long as the State also has established an approved rural hospital flexibility program, and that meets the conditions in effect on March 1, 2004 for critical access hospital status under the federal Medicare program. In addition, it must also:

   A. Have a Medicare participation agreement as a hospital and be in compliance with the Medicare hospital conditions of participation when applying to become a critical access hospital;
   B. Be certified by the State prior to January 1, 2006 as being a necessary provider of health care services to residents in the area or be located more than a 35-mile drive from any other hospital or critical access hospital. In mountainous terrain or in areas with only secondary roads, the mileage criterion is 15 miles;
   C. Provide not more than 25 beds for acute hospital-level inpatient care:
      1. Except that a swing-bed facility is allowed to have up to 25 inpatient beds that can be used interchangeably for acute or skilled nursing facility care; and
      2. In addition to the 25-bed limit for acute inpatient care, a hospital may have distinct parts with 10 or fewer psychiatric inpatient beds or 10 or fewer inpatient rehabilitation beds, or both; and
E. Agree to provide inpatient care for a period that does not exceed, as determined on an annual average basis, 96 hours per patient. [PL 2003, c. 673, Pt. HH, §2 (AMD).]

SECTION HISTORY

§7933. Appointment of receiver

1. Grounds for appointment. The following circumstances are grounds for the appointment of a receiver to operate a long-term care facility, home health care provider, general and specialty hospitals, critical access hospitals, ambulatory surgical centers, hospice agencies and end-stage renal disease units.

A. A long-term care facility, home health care provider, general hospital, specialty hospital, critical access hospital, ambulatory surgical center, hospice agency or end-stage renal disease unit intends to close but has not arranged at least 30 days prior to closure for the orderly transfer of its residents or clients. [PL 1999, c. 384, §14 (AMD).]

B. An emergency exists in a long-term care facility, home health care provider, general hospital, specialty hospital, critical access hospital, ambulatory surgical center, hospice agency or end-stage renal disease unit that threatens the health, security or welfare of residents or clients. [PL 1999, c. 384, §14 (AMD).]

C. A long-term care facility, home health care provider, general hospital, specialty hospital, critical access hospital, ambulatory surgical center, hospice agency or end-stage renal disease unit is in substantial or habitual violation of the standards of health, safety or resident care established under state or federal regulations to the detriment of the welfare of the residents or clients. [PL 1999, c. 384, §14 (AMD).]

This remedy is in addition to, and not in lieu of, the power of the department to revoke, suspend or refuse to renew a license under the Maine Administrative Procedure Act. [PL 1999, c. 384, §14 (AMD).]

2. Who may bring action. The commissioner or acting commissioner may bring an action in Superior Court requesting the appointment of a receiver. [PL 2005, c. 397, Pt. A, §27 (AMD).]

3. Procedure for hearing. The procedure for a hearing shall be as follows.

A. The court shall hold a hearing not later than 10 days after the action is filed, unless all parties agree to a later date. Notice of the hearing shall be served on both the owner and the licensee not less than 5 days before the hearing. If either the owner or the licensee cannot be served, the court shall specify the alternative notice to be provided. The department shall post notice, in a form approved by the court, in a conspicuous place in the facility, for not less than 3 days before the hearing. After the hearing, the court may appoint a receiver if it finds that any one of the grounds for appointment set forth is satisfied. [PL 1983, c. 454 (NEW).]

B. A temporary receiver may be appointed with or without notice to the owner or licensee if it appears by verified complaint or affidavit that an emergency exists in the facility that must be remedied immediately to insure the health, safety and welfare of the residents. The temporary appointment of a receiver without notice to the owner or licensee may be made only if the court is satisfied that the petitioner has made a diligent attempt to provide reasonable notice under the circumstances. Upon appointment of a temporary receiver, the department shall proceed forthwith
to make service as provided in paragraph A, and a hearing must be held within 10 days, unless all parties agree to a later date. If the department does not proceed with the petition, the court shall dissolve the temporary receivership. On 2 days' notice to the receiver, all parties and the department, or on such shorter notice as the court may prescribe, the owner or licensee may appear and move the dissolution or modification of an order appointing a receiver that has been entered without notice, and in that event the motion may be advanced on the docket and receive priority over other cases when the court determines that the interests of justice so require. [PL 2011, c. 559, Pt. A, §25 (AMD).]

4. **Who may be appointed receiver.** The court may appoint any person deemed appropriate by the court to act as receiver, except any state employee. The court may remove a receiver for good cause. [PL 1983, c. 454 (NEW).]

5. **Compensation of receiver.** The court shall set a reasonable compensation for the receiver and may require the receiver to furnish a bond with such surety as the court may require. Any expenditures shall be paid from the revenues of the facility. [PL 1983, c. 454 (NEW).]

SECTION HISTORY

§7934. Powers and duties of the receiver

1. **Powers and duties.** A receiver appointed pursuant to this chapter has such powers as the court may direct to operate the long-term care facility, home health care provider, general hospital, specialty hospital, critical access hospital, ambulatory surgical center, hospice agency or end-stage renal disease unit and to remedy the conditions that constituted grounds for the receivership, to protect the health, safety and welfare of the residents or clients and to preserve the assets and property of the residents or clients, the owner and the licensee. On notice and hearing, the court may issue a writ of possession in behalf of the receiver, for specified facility property.

The receiver shall make reasonable efforts to notify residents or clients and family that the long-term care facility, home health care provider, general hospital, specialty hospital, critical access hospital, ambulatory surgical center, hospice agency or end-stage renal disease unit is placed in receivership. The owner and licensee are divested of possession and control of the long-term care facility, home health care provider, general hospital, specialty hospital, critical access hospital, ambulatory surgical center, hospice agency or end-stage renal disease unit during the period of receivership under such conditions as the court specifies. With the court's approval, the receiver has specific authority to:

A. Remedy violations of federal and state regulations governing the operation of the long-term care facility, home health care provider, general hospital, specialty hospital, critical access hospital, ambulatory surgical center, hospice agency or end-stage renal disease unit; [PL 1999, c. 384, §15 (AMD).]

B. Hire, direct, manage and discharge any employees, including the administrator of the long-term care facility, home health care provider, general hospital, specialty hospital, critical access hospital, ambulatory surgical center, hospice agency or end-stage renal disease unit; [PL 1999, c. 384, §15 (AMD).]

C. Receive and expend in a reasonable and prudent manner the revenues of the long-term care facility, home health care provider, general hospital, specialty hospital, critical access hospital, ambulatory surgical center, hospice agency or end-stage renal disease unit due during the 30-day
period preceding the date of appointment and becoming due thereafter; [PL 1999, c. 384, §15 (AMD).]

D. Continue the business of the long-term care facility, home health care provider, general hospital, specialty hospital, critical access hospital, ambulatory surgical center, hospice agency or end-stage renal disease unit and the care of residents or clients; [PL 1999, c. 384, §15 (AMD).]

E. Correct or eliminate any deficiency of the long-term care facility, home health care provider, general hospital, specialty hospital, critical access hospital, ambulatory surgical center, hospice agency or end-stage renal disease unit that endangers the safety or health of the residents or clients, if the total cost of the correction does not exceed $3,000. The court may order expenditures for this purpose in excess of $3,000 on application from the receiver; and [PL 1999, c. 384, §15 (AMD).]

F. Exercise such additional powers and perform such additional duties, including regular accountings, as the court considers appropriate. [PL 1995, c. 620, §7 (AMD).]

[PL 1999, c. 384, §15 (AMD).]

2. **Revenues of the facility.** Revenues of the facility must be handled as follows.

A. The receiver shall apply the revenues of the long-term care facility, home health care provider, general hospital, specialty hospital, critical access hospital, ambulatory surgical center, hospice agency or end-stage renal disease unit to current operating expenses and, subject to the following provisions, to debts incurred by the licensee prior to the appointment of the receiver. The receiver shall ask the court for direction in the treatment of debts incurred prior to appointment where such debts appear extraordinary, of questionable validity, or unrelated to the normal and expected maintenance and operation of the long-term care facility, home health care provider, general hospital, specialty hospital, critical access hospital, ambulatory surgical center, hospice agency or end-stage renal disease unit, or where payment of the debts will interfere with the purposes of the receivership. Priority must be given by the receiver to expenditures for current direct resident or client care. Revenues held by or owing to the receiver in connection with the operation of the long-term care facility, home health care provider, general hospital, specialty hospital, critical access hospital, ambulatory surgical center, hospice agency or end-stage renal disease unit are exempt from attachment and trustee process, including process served prior to the institution of receivership proceedings. [PL 1999, c. 384, §15 (AMD).]

B. The receiver may correct or eliminate any deficiency of the long-term care facility, home health care provider, general hospital, specialty hospital, critical access hospital, ambulatory surgical center, hospice agency or end-stage renal disease unit that endangers the safety or health of the resident or client, if the total cost of the correction does not exceed $3,000. On application by the receiver, the court may order expenditures for this purpose in excess of $3,000. The licensee or owner may apply to the court to determine the reasonableness of any expenditure over $3,000 by the receiver. [PL 1999, c. 384, §15 (AMD).]

C. In the event that the receiver does not have sufficient funds to cover expenses needed to prevent or remove jeopardy to the residents or clients, the receiver may petition the court for permission to borrow for these purposes. Notice of the receiver’s petition to the court for permission to borrow must be given to the owner, the licensee and the department. The court may, after hearing, authorize the receiver to borrow money upon specified terms of repayment and to pledge security, if necessary, if the court determines that the long-term care facility, home health care provider, general hospital, specialty hospital, critical access hospital, ambulatory surgical center, hospice agency or end-stage renal disease unit should not be closed and that the loan is reasonably necessary to prevent or remove jeopardy or if it determines that the long-term care facility, home health care provider, general hospital, specialty hospital, critical access hospital, ambulatory surgical center, hospice agency or end-stage renal disease unit should be closed and that the expenditure is
necessary to prevent or remove jeopardy to residents or clients for the limited period of time that they are awaiting transfer. The purpose of this provision is to protect residents or clients and to prevent the closure of long-term care facilities, home health care providers, general hospitals, specialty hospitals, critical access hospitals, ambulatory surgical centers, hospice agencies or end-stage renal disease units that, under proper management, are likely to be viable operations. This section may not be construed as a method of financing major repair or capital improvements to facilities that have been allowed to deteriorate because the owner or licensee has been unable or unwilling to secure financing by conventional means. [PL 1999, c. 384, §15 (AMD).]

3. Avoidance of preexisting leases, mortgages and contracts. A receiver may not be required to honor a lease, mortgage, secured transaction or other contract entered into by the owner or licensee of the long-term care facility, home health care provider, general hospital, specialty hospital, critical access hospital, ambulatory surgical center, hospice agency or end-stage renal disease unit if the court finds that:

A. The person seeking payment under the agreement has an ownership interest in the long-term care facility, home health care provider, general hospital, specialty hospital, critical access hospital, ambulatory surgical center, hospice agency or end-stage renal disease unit or was related to the licensee, the long-term care facility, home health care provider, general hospital, specialty hospital, critical access hospital, ambulatory surgical center, hospice agency or end-stage renal disease unit by a significant degree of common ownership or control at the time the agreement was made; or [PL 1999, c. 384, §15 (AMD).]

B. The rental, price or rate of interest required to be paid under the agreement is in excess of a reasonable rental, price or rate of interest. [PL 1983, c. 454 (NEW).]

If the receiver is in possession of real estate or goods subject to a lease, mortgage or security interest that the receiver is permitted to avoid and if the real estate or goods are necessary for the continued operation of the long-term care facility, home health care provider, general hospital, specialty hospital, critical access hospital, ambulatory surgical center, hospice agency or end-stage renal disease unit, the receiver may apply to the court to set a reasonable rental, price or rate of interest to be paid by the receiver during the term of the receivership. The court shall hold a hearing on the application within 15 days, and the receiver shall send notice of the application to any known owners and mortgagees of the property at least 10 days before the hearing. Payment by the receiver of the amount determined by the court to be reasonable is a defense to an action against the receiver for payment or for the possession of the subject goods or real estate by a person who received such notice.

Notwithstanding this subsection, there may not be a foreclosure or eviction during the receivership by any person if the foreclosure or eviction would, in view of the court, serve to defeat the purpose of the receivership. [PL 1999, c. 384, §15 (AMD).]

4. Closing of long-term care facility, home health care provider, general hospital, specialty hospital, critical access hospital, ambulatory surgical center, hospice agency or end-stage renal disease unit. The receiver may not close the long-term care facility, home health care provider, general hospital, specialty hospital, critical access hospital, ambulatory surgical center, hospice agency or end-stage renal disease unit without leave of the court. In ruling on the issue of closure, the court shall consider:

A. The rights and best interests of the residents or clients; [PL 1995, c. 620, §7 (AMD).]

B. The availability of suitable alternative placements; [PL 1983, c. 454 (NEW).]

C. The rights, interest and obligations of the owner and licensee; [PL 1983, c. 454 (NEW).]
D. The licensure status of the long-term care facility, home health care provider, general hospital, specialty hospital, critical access hospital, ambulatory surgical center, hospice agency or end-stage renal disease unit; and [PL 1999, c. 384, §15 (AMD).]

E. Any other factors that the court considers relevant. [PL 1995, c. 620, §7 (AMD).]

When a long-term care facility, home health care provider, general hospital, specialty hospital, critical access hospital, ambulatory surgical center, hospice agency or end-stage renal disease unit is closed, the receiver shall provide for the orderly transfer of residents or clients to mitigate transfer trauma. [PL 1999, c. 384, §15 (AMD).]

SECTION HISTORY

§7935. Termination of receivership

The receivership terminates when the court certifies that the conditions that prompted the appointment have been corrected or, in the case of a discontinuance of operation, when the residents or clients are safely relocated. The court shall review the necessity of the receivership at least semiannually. [PL 1995, c. 620, §8 (AMD).]

A receivership may not be terminated in favor of the former or the new licensee, unless that person assumes all obligations incurred by the receiver and provides collateral or other assurances of payment considered sufficient by the court. [PL 1995, c. 620, §8 (AMD).]

SECTION HISTORY

§7936. Liability of receiver

No person may bring suit against a receiver appointed under section 7933 without first securing leave of the court. Except in cases of gross negligence or intentional wrongdoing, the receiver is liable in his official capacity only and any judgment rendered shall be satisfied out of receivership assets. [PL 1983, c. 454 (NEW).]

SECTION HISTORY
PL 1983, c. 454 (NEW).

§7937. Court order to have effect of license

An order appointing a receiver under section 7933 has the effect of a license for the duration of the receivership. The receiver is responsible to the court for the conduct of the long-term care facility, home health care provider, general hospital, specialty hospital, critical access hospital, ambulatory surgical center, hospice agency or end-stage renal disease unit during the receivership, and a violation of regulations governing the conduct of the long-term care facility, home health care provider, general hospital, specialty hospital, critical access hospital, ambulatory surgical center, hospice agency or end-stage renal disease unit, if not promptly corrected, must be reported by the department to the court. [PL 1999, c. 384, §16 (AMD).]

SECTION HISTORY

§7938. Rule-making authority to implement receivership law

The department may adopt regulations as necessary, pursuant to the Maine Administrative Procedure Act, Title 5, chapter 375, to implement this chapter. [PL 1983, c. 454 (NEW).]

SECTION HISTORY
CHAPTER 1666-B
INTERMEDIATE SANCTIONS AND INCENTIVES FOR IMPROVING THE QUALITY OF
CARE IN LONG-TERM CARE FACILITIES

§7941. Policy
It is the purpose of this chapter to authorize the Department of Health and Human Services to impose intermediate sanctions in order to improve the quality of care in long-term care facilities and to establish programs to reward long-term care facilities that provide the highest quality care. These intermediate sanctions will also provide an alternative to taking action to close facilities, which may cause great distress to the residents of those facilities. [PL 1987, c. 774, §4 (NEW); PL 2003, c. 689, Pt. B, §6 (REV).]

SECTION HISTORY

§7942. Definitions
As used in this chapter, unless the context indicates otherwise, the following terms have the following meanings. [PL 1987, c. 774, §4 (NEW).]

1. Department. "Department" means the Department of Health and Human Services.
[PL 1987, c. 774, §4 (NEW); PL 2003, c. 689, Pt. B, §6 (REV).]

2. Directed plan of correction. "Directed plan of correction" means a plan of correction issued by the department which directs a long-term care facility how to correct a deficiency or deficiencies of state licensing rules and when the correction must be made.
[PL 1987, c. 774, §4 (NEW).]

3. Long-term care facility. "Long-term care facility" means an assisted living program or residential care facility subject to licensure pursuant to chapters 1663 and 1664 and a nursing or intermediate care facility or unit subject to licensure pursuant to chapter 405.
[PL 2003, c. 634, §7 (AMD).]

4. Person. "Person" means any natural person, partnership, association or corporation or other entity, including any county, local or governmental unit.
[PL 1987, c. 774, §4 (NEW).]

5. Plan of correction. "Plan of correction" means a document executed by a long-term care facility in response to a statement of deficiencies issued by the department. A plan of correction shall describe with specificity how and when deficiencies of state licensing rules will be corrected.
[PL 1987, c. 774, §4 (NEW).]

6. Resident. "Resident" means any person who lives in and receives services or care in a long-term care facility.
[PL 1987, c. 774, §4 (NEW).]

7. State licensing rules. "State licensing rules" refers to the department's rules governing the licensing and functioning of nursing facilities, intermediate care facilities for persons with intellectual disabilities and assisted living programs or residential care facilities.
[PL 2011, c. 542, Pt. A, §47 (AMD).]
[PL 1987, c. 774, §4 (NEW).]

SECTION HISTORY

§7943. Violations

1. License required. It is a violation of this chapter for a person to manage or operate a long-term care facility as defined in this chapter without first obtaining a license to manage or operate a long-term care facility.
[PL 1993, c. 661, §22 (AMD).]

2. Interference or false information. It shall be a violation of this chapter for any person to impede or interfere with the enforcement of laws or rules governing the licensing of long-term care facilities, or for any person to give any false information in connection with the enforcement of laws or rules.
[PL 1987, c. 774, §4 (NEW).]

3. Correction of deficiencies. It shall be a violation of this chapter to:

A. Fail to submit a plan of correction within 10 working days after receipt of a statement of deficiencies; and [PL 1987, c. 774, §4 (NEW).]

B. Fail to take timely corrective action in accordance with a plan of correction or a directed plan of correction. Each failure to correct any deficiency may be considered a separate violation of this section. [PL 1987, c. 774, §4 (NEW).]

[PL 1987, c. 774, §4 (NEW).]

4. Protection of residents. Notwithstanding subsection 3, the following conduct is deemed to be a violation of this chapter without regard to whether a plan of correction or directed plan of correction is followed by a facility:

A. Failure to comply with state licensing laws or rules when this failure poses an immediate threat of death or substantial probability of serious mental or physical harm to a resident. Each failure to comply with any law or rule may be considered a separate violation of this section; and [PL 1987, c. 774, §4 (NEW).]

B. The occurrence of a repeated deficiency that poses a substantial risk to residents' health or safety or infringes upon residents' rights. For purposes of this section, a repeated deficiency is one that is found to exist in a long-term care facility during a current survey or investigation that has also been cited in a statement of deficiencies of that facility within the past 2 years. Each repeated deficiency may be considered a separate violation of this section. [PL 1987, c. 774, §4 (NEW).]

[PL 1987, c. 774, §4 (NEW).]

5. Compliance with federal requirements. It shall be a violation of this chapter for any long-term care facility subject to the provisions of United States Code, Title 42, Section 1919 to fail to comply with the requirements of Section 1919, Subsections (b), (c) or (d). Each failure to comply with a requirement of United States Code, Title 42, Section 1919, Subsections (b), (c) or (d) may be considered a separate violation of this section.
[PL 1987, c. 774, §4 (NEW).]
§7944. Intermediate sanctions

1. Authorization. The department is authorized to impose one or more of the following sanctions when a violation of this chapter occurs and the department determines that a sanction is necessary and appropriate to ensure compliance with state licensing rules or to protect the residents of long-term care facilities as defined in section 7852 or the general public.

A. The long-term care facility may be directed to stop all new admissions regardless of payment source or to admit only those residents the department approves until such time as it is determined that corrective action has been taken. [PL 1987, c. 774, §4 (NEW).]

B. The department may direct a long-term care facility to correct any deficiencies in a manner and within a time frame that the department determines are appropriate to ensure compliance with state licensing rules or to protect the residents of the long-term care facility. [PL 2007, c. 324, §11 (AMD).]

C. The department may impose a penalty upon a long-term care facility for a violation of this chapter. Each day of violation constitutes a separate offense. The minimum penalty for operating without a license is $500 per day. A penalty or a combination of penalties imposed on a facility may not be greater than a sum equal to $10 times the total number of residents residing in the facility per violation, up to a maximum of $10,000 for each instance in which the department issues a statement of deficiency to a long-term care facility. [PL 2007, c. 324, §11 (AMD).]

D. The department may direct a long-term care facility to transfer residents in that facility to other locations in an emergency that threatens the health, safety or welfare of the residents of the facility and shall assist the facility in making arrangements for transfers. [PL 1989, c. 747, §1 (NEW).]

The department may adopt rules as necessary for the implementation of this subsection. Rules adopted pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A. [PL 2007, c. 324, §11 (AMD).]

2. Schedule of penalties. The department shall establish a schedule of penalties according to the nature of the violation. In establishing the schedule, the department shall consider, among other factors, the immediacy and probability of physical or mental harm to residents caused by a particular type of violation and whether the facility in question has repeated deficiencies or a substantial number of deficiencies. [PL 1987, c. 774, §4 (NEW).]

3. Reimbursement. Nothing in this chapter may limit the authority of the department to adjust the reimbursement due facilities for residents as stated in the departmental regulations governing reimbursement. [PL 1987, c. 774, §4 (NEW).]

SECTION HISTORY

§7945. Incentives for high quality care

By January 1, 1989, the department shall establish programs to reward long-term care facilities that provide the highest quality care to residents, including, but not limited to, programs of public recognition. [PL 1987, c. 774, §4 (NEW).]

SECTION HISTORY

PL 1987, c. 774, §4 (NEW).
§7946. Enforcement and appeal

1. Procedure. The department may impose any sanction in conformity with the Maine Administrative Procedure Act, Title 5, chapter 375, subchapter IV, providing the long-term care facility the opportunity for an administrative hearing, or file a complaint with the Superior Court requesting the imposition of any sanction authorized by this chapter.
[PL 1987, c. 774, §4 (NEW).]

2. Collection of penalties; interest. Long-term care facilities that are fined pursuant to this chapter are required to pay the department the amount of the penalties. Penalties may be collected by the department by the offset of any reimbursement due the facility, or by any other method authorized by law. An appeal of the department's decision to penalize a long-term care facility stays the collection of any penalties. All penalties are to be assessed for each day that the facility is or was out of compliance and are to be collected with interest accruing at the rate set by Title 14, section 1602-C. An appeal of the department's decision to penalize a long-term care facility does not stay the assessment of any penalties or interest as long as the long-term care facility continues to be in violation of any requirement of section 7943.
[PL 2003, c. 460, §12 (AMD).]

3. Reduction or delay of penalties. The department may reduce the amount or delay the payment of a penalty when a facility is able to show that payment of the total amount due would result in inadequate funds to provide necessary services to residents. In making this determination, the department may consider, among other factors, the amount of any savings as calculated pursuant to the principles of reimbursement, overall profits or cash reserves and any extraordinary expenses experienced by the facility, as well as the necessity of providing an incentive to correct violations of this chapter.
[PL 1987, c. 774, §4 (NEW).]

4. Income from penalties. Any income from penalties must be placed in a special revenue account and be used by the department for purposes related to improving the quality of care for residents of long-term care facilities.
[PL 2009, c. 621, §7 (AMD).]

5. No limitation on right of action.
[PL 1991, c. 637, §1 (RP).]

SECTION HISTORY

§7947. Rules

The department shall adopt rules for intermediate sanctions in conformity with the Maine Administrative Procedure Act, Title 5, chapter 375, subchapter II. [PL 1987, c. 774, §4 (NEW).]

SECTION HISTORY
PL 1987, c. 774, §4 (NEW).

§7948. Right of action

1. Generally. Any resident whose rights have been violated as described in this section may commence a civil action in the Superior Court on that resident's own behalf for injunctive and declaratory relief against any long-term care facility or provider of assisted living programs and services that is alleged to be in violation of any rule described in section 7853 or 7924 or in violation of the rights enumerated in 42 United States Code, Section 1396r, Subsection (c). In order to grant a preliminary or permanent injunction under this section, the Superior Court must find that:
A. The plaintiff will suffer irreparable injury if the injunction is not granted; [PL 1991, c. 637, §2 (NEW).]

B. The irreparable injury outweighs any harm that granting the injunctive relief would inflict on the defendant; [PL 1991, c. 637, §2 (NEW).]

C. The plaintiff has exhibited a likelihood of success on the merits of the case; and [PL 1991, c. 637, §2 (NEW).]

D. The public interest will not be adversely affected by granting the injunction. [PL 1991, c. 637, §2 (NEW).]

2. Right of action limited. An action may not be commenced under this section until 15 days after the resident has given notice of the violation and an intention to bring suit under this chapter to the commissioner, the Attorney General and each party alleged to be violating the law or rule. The court may waive the 15-day notice requirement and issue a temporary restraining order when the plaintiff shows that the alleged violation presents an immediate threat to the plaintiff's health or safety. [PL 1991, c. 637, §2 (NEW).]

3. Parties may intervene. In any action brought by the Attorney General or the commissioner under this chapter, any resident who has a right of action under this section may intervene if that resident has a direct interest that is or may be adversely affected by the action and the disposition of the action may impair or impede the resident's ability to protect that interest. The Attorney General and the commissioner may intervene in any action brought by a resident under this section. This subsection does not affect the ability of any party to take action under Title 5, section 9054. [PL 1991, c. 637, §2 (NEW).]

4. Service. A copy of the complaint and other pleadings must be delivered to the commissioner and the Attorney General at the time of service on the defendant. Copies of all answers and other documents accompanying the answers must be delivered to the commissioner and the Attorney General at the time of service on the plaintiff. [PL 1991, c. 637, §2 (NEW).]

5. Dismissal of action. The court may, on the motion of any party or on its own motion, dismiss any action brought under this section that alleges a de minimis violation of section 7924 or of 42 United States Code, Section 1396r, Subsection (c). [PL 1991, c. 637, §2 (NEW).]

SECTION HISTORY

§7949. No limitation on right of action

The remedies provided under section 7948 are in addition to those otherwise available under state or federal law and may not be construed as limiting any other remedies including any remedy available to an individual at common law. Exhaustion of any available administrative remedy is not required prior to commencement of an action under this section. [PL 1991, c. 637, §2 (NEW).]

1. Children's home. "Children's home" means any residence maintained exclusively or in part for the board and care of one or more children under the age of 18. "Children's home" does not include:
   A. A facility established primarily to provide medical care;  
   [PL 1981, c. 260, §4 (NEW).]
   B. A youth camp licensed under section 2495; or  
   [PL 2009, c. 211, Pt. B, §19 (AMD).]

2. Emergency children's shelter. "Emergency children's shelter" means a facility that operates to receive children 24 hours a day and that limits placement to 30 consecutive days or less. For purposes of this section, the definition of "children" includes a person under 21 years of age. "Emergency children's shelter" does not mean a family foster home or specialized children's home. If emergency shelter is a service provided by a children's residential care facility, the service is restricted to a designated physical area of the facility.  
[PL 2013, c. 179, §7 (AMD).]
3. Family foster home. "Family foster home" means a children's home, other than an Indian foster family home, that is a private dwelling where substitute parental care is provided within a family on a regular, 24-hour a day, residential basis. The total number of children in care may not exceed 6, including the family's legal children under 16 years of age, with no more than 2 of these children under the age of 2. "Family foster home" includes the home of a resource family whether the family provides foster care, kinship care, adoption or permanency guardianship services, as long as the home meets the requirements and standards for adoption of children in foster care. Family foster homes licensed by the Department of Health and Human Services or relatives' homes approved by the Department of Health and Human Services as meeting licensing standards are eligible for insurance pursuant to Title 5, section 1728-A. In any action for damages against a family foster home provider insured pursuant to Title 5, section 1728-A, for damages covered under that policy, the claim for and award of those damages, including costs and interest, may not exceed $300,000 for any and all claims arising out of a single occurrence. When the amount awarded to or settled for multiple claimants exceeds the limit imposed by this section, any party may apply to the Superior Court for the county in which the governmental entity is located to allocate to each claimant that claimant's equitable share of the total, limited as required by this section. Any award by the court in excess of the maximum liability limit must be automatically abated by operation of this section to the maximum limit of liability. Nothing in this subsection may be deemed to make the operation of a family foster home a state activity nor may it expand in any way the liability of the State or foster parent.

[PL 2011, c. 187, §1 (AMD).]

3-A. Indian foster family home. "Indian foster family home" means a foster home licensed, approved or specified by the Indian child's tribe where substitute parental care is provided for an Indian child as defined in the Indian Child Welfare Act, 25 United States Code, Section 1901, et seq.

For purposes of this section, the definition of "children" includes a person under 21 years of age. A children's residential care facility does not mean a family foster home, a specialized children's home or an emergency children's shelter. The term includes, but is not limited to:

A. [PL 2007, c. 324, §13 (RP).]

F. A children's residential treatment facility with secure capacity. [PL 2013, c. 179, §7 (NEW).]

[PL 2013, c. 179, §7 (AMD).]

4-A. Shelter for homeless children. "Shelter for homeless children" means a facility designed to provide for the overnight lodging and supervision of children 10 years of age or older for no more than 30 consecutive overnights. For purposes of this section, the definition of "children" includes a person under 21 years of age.

[PL 2013, c. 179, §7 (AMD).]

4-B. Children's residential treatment facility with secure capacity. "Children's residential treatment facility with secure capacity" means a children's residential care facility that provides a mental health intensive treatment program to a child whose diagnostic assessment indicates that the persistent pattern of the child's mental health presents a likely threat of harm to self or others and
requires treatment in a setting that prevents the child from leaving the program. For purposes of this section, the definition of "children" includes a person under 21 years of age.

[PL 2013, c. 179, §7 (AMD).]

5. **Specialized children's home.** "Specialized children's home" means a children's home where care is provided to no more than 4 moderately to severely handicapped children by a caretaker who is specifically educated and trained to provide for the particular needs of each child placed. The total number of children in a specialized children's home may not exceed 4, including the caretaker's legal children under 16 years of age, with no more than 2 children under the age of 2.

[PL 2019, c. 444, §3 (NEW).]

Facilities having 3 or fewer residents must meet the requirements of the one-family and 2-family dwelling chapter of the Life Safety Code of the National Fire Protection Association as adopted by the Commissioner of Public Safety.

[PL 2003, c. 411, §1 (NEW).]

2. **Handicapped; placement.** The definitions used shall not preclude the department from placing a moderately to severely handicapped child in any appropriate child care facility at the department's discretion, subject to the limitations on the number of children specified in section 8101, subsections 1 and 3. [PL 1985, c. 706, §10 (AMD).]

3. **Residents 18 years of age or older.** A resident in a children's home may remain in that home after attaining the age of 18 years without the home being required to be licensed as a boarding care facility under chapter 1663 if the department determines that it is in the best interest of the resident. A search of a resident's backpack or travel bag conducted under this section must be reasonably related to the objectives of the search and not excessively intrusive in light of the age and sex of the resident and the nature of the suspected misappropriated or harmful items. Following a search of a resident's backpack or travel bag authorized under this section, the administrator or designated staff may confiscate any items found in the resident's possession that are misappropriated or that pose a health or safety risk to the resident or other residents. [PL 1977, c. 515, §3 (NEW).]

2. License not required. 5. Request for additional information. If, after a child is placed for adoption and either before or after the adoption is final, the child suffers a serious medical or mental illness for which the specific medical, psychological or social history of the birth parents or the child may be useful in diagnosing or treating such illness, the prospective adoptive or adoptive parents may request the child placing agency to attempt to obtain additional information. The child placing agency shall attempt to obtain the information promptly and shall disclose any information collected to the prospective adoptive or adoptive parents as soon as reasonably possible. The licensed child placing agency may charge a fee to the prospective adoptive or adoptive parents to cover the cost of obtaining and providing the additional information. SECTION HISTORY

§8706. Revenues and expenditures

1. Transition funding. [PL 1999, c. 353, §10 (RP).]

2. Permanent funding. Permanent funding for the organization is provided from reasonable costs, user fees and assessments according to this subsection and as provided by rules adopted by the board.

A. Fees may be charged for the reasonable costs of duplicating, mailing, publishing and supplies. [PL 1997, c. 525, §3 (RPR).]

B. Reasonable user fees must be charged on a sliding scale for the right to access and use the health data and information available from the organization. Fees may be charged for services provided to the department on a contractual basis. Fees may be reduced or waived for users that demonstrate a plan to use the data or information in research of general value to the public health or inability to pay the scheduled fees, as provided by rules adopted by the board. [PL 2005, c. 253, §6 (AMD).]

C. The operations of the organization must be supported from 4 sources as provided in this paragraph:
(1) Fees collected pursuant to paragraphs A and B;

(2) Annual assessments of not less than $100 assessed against the following entities licensed under Titles 24 and 24-A: nonprofit hospital and medical service organizations, health insurance carriers and health maintenance organizations on the basis of the total annual health care premium; and 3rd-party administrators, carriers that provide only administrative services for a plan sponsor and pharmacy benefits managers that process and pay claims on the basis of claims processed or paid for each plan sponsor. The assessments are to be determined on an annual basis by the board. Health care policies issued for specified disease, accident, injury, hospital indemnity, disability, long-term care or other limited benefit health insurance policies are not subject to assessment under this subparagraph. For purposes of this subparagraph, policies issued for dental services are not considered to be limited benefit health insurance policies. The total dollar amount of assessments under this subparagraph must equal the assessments under subparagraph (3);

(3) Annual assessments of not less than $100 assessed by the organization against providers. The assessments are to be determined on an annual basis by the board. The total dollar amount of assessments under this subparagraph must equal the assessments under subparagraph (2); and

(4) Annual assessments of $500 assessed by the organization against prescription drug manufacturers, wholesale drug distributors and pharmacy benefits managers. The aggregate level of annual assessments under subparagraphs (2), (3) and (4) must be an amount sufficient to meet the organization's expenditures authorized in the state budget established under Title 5, chapter 149. The board may waive assessments otherwise due under subparagraphs (2), (3) and (4) when a waiver is determined to be in the interests of the organization and the parties to be assessed.

3. Use of funds. The organization shall use the revenues from fees, assessments and user fees to defray the costs incurred by the board pursuant to this chapter, including staff salaries, administrative expenses, data system expenses, consulting fees and any other reasonable costs incurred to administer this chapter.

4. Budget. The expenditures of the organization are subject to legislative approval in the biennial budget process.

5. Unexpended funds. Any funds not expended at the end of a fiscal year may not lapse but must be carried forward to the succeeding fiscal year.

6. Deposit with Treasurer of State. The organization shall deposit all payments made pursuant to this section with the Treasurer of State into a dedicated account. The deposits must be used for the sole purpose of paying the expenses of the organization.

SECTION HISTORY

The board shall adopt rules to provide for public access to data and to implement the requirements of this section. [PL 1995, c. 653, Pt. A, §2 (NEW); PL 1995, c. 653, Pt. A, §7 (AFF.).]

1. Public access; confidentiality. The board shall adopt rules making available to any person, upon request, information, except privileged medical information and confidential information, provided to the organization under this chapter as long as individual patients are not directly or indirectly identified through a reidentification process. The board shall adopt rules to protect the identity of certain health care practitioners, as it determines appropriate, except that the identity of practitioners performing abortions as defined in section 1596 must be designated as confidential and must be protected. Rules adopted pursuant to this subsection are major substantive rules as defined in Title 5, chapter 375, subchapter II-A. [PL 2001, c. 457, §14 (AMD.).]

2. Notice and comment period. The rules must establish criteria for determining whether information is confidential clinical data, confidential financial data or privileged medical information and adopt procedures to give affected health care providers and payors notice and opportunity to comment in response to requests for information that may be considered confidential or privileged. [PL 2003, c. 469, Pt. C, §27 (AMD.).]

3. Public health studies. The rules may allow exceptions to the confidentiality requirements only to the extent authorized in this subsection.

A. The board may approve access to identifying information for patients to the department and other researchers with established protocols that have been approved by the board for safeguarding confidential or privileged information. [PL 2001, c. 457, §15 (AMD.).]

B. The rules must ensure that:

   (1) Identifying information is used only to gain access to medical records and other medical information pertaining to public health;

   (2) Medical information about any patient identified by name is not obtained without the consent of that patient except when the information sought pertains only to verification or comparison of health data and the board finds that confidentiality can be adequately protected without patient consent;

   (3) Those persons conducting the research or investigation do not disclose medical information about any patient identified by name to any other person without that patient's consent;

   (4) Those persons gaining access to medical information about an identified patient use that information to the minimum extent necessary to accomplish the purposes of the research for which approval was granted; and

   (5) The protocol for any research is designed to preserve the confidentiality of all health care information that can be associated with identified patients, to specify the manner in which contact is made with patients and to maintain public confidence in the protection of confidential information. [PL 2001, c. 457, §15 (AMD.).]

C. The board may not grant approval under this subsection if the board finds that the proposed identification of or contact with patients would violate any state or federal law or diminish the confidentiality of health care information or the public's confidence in the protection of that information in a manner that outweighs the expected benefit to the public of the proposed investigation. [PL 2001, c. 457, §15 (AMD.).] [PL 2001, c. 457, §15 (AMD.).]

4. Certain confidential information. The board may determine financial data submitted to the organization under section 8709 to be confidential information if the public disclosure of the data will
directly result in the provider of the data being placed in a competitive economic disadvantage. This section may not be construed to relieve the provider of the data of the requirement to disclose such information to the organization in accordance with this chapter and rules adopted by the board.

[PL 2011, c. 524, §4 (AMD).]

5. Rules for release, publication and use of data. The rules must govern the release, publication and use of analyses, reports or compilations derived from the health data made available by the organization.

3. More than one licensed health care facility or location. When more than one licensed health care facility is operated by the reporting organization, the information required by this chapter must be reported for each health care facility separately. Data filed by payors must be provided in a format that does not directly identify the patient.  
[PL 2007, c. 136, §6 (AMD).]

7. Authority to obtain information. Nothing in this section may be construed to limit the board's authority to obtain information that it considers necessary to carry out its duties. The board shall adopt rules regarding the definition, collection, use and release of clinical data before collecting any type of clinical data that it did not collect as of March 1, 2014. Rules adopted pursuant to this subsection are major substantive rules as defined in Title 5, chapter 375, subchapter 2-A.

The rules must be based on the quality measures adopted by the Maine Quality Forum pursuant to Title 24-A, section 6951, subsection 2. The rules must specify the content, form, medium and frequency of quality data to be submitted to the organization. In the collection of quality data, the organization must minimize duplication of effort, minimize the burden on those required to provide data and focus on data that may be retrieved in electronic format from within a health care practitioner's office or health care facility. As specified by the rules, health care practitioners and health care facilities shall submit quality data to the organization. SECTION HISTORY

§8710. Restructuring data
Restructuring data must be filed, stored and managed as follows.

1. Major structural changes. The board may require providers and payors to report the occurrence of major structural changes relevant to the restructuring of the delivery and financing of health care in the State and to the potential effects of that restructuring upon consumers.

2. Rulemaking. The board shall adopt rules to define the specific structural changes to be reported, consistent with subsection 1. The required report must be limited to the filing of a concise narrative description of those occurrences that are clearly defined by the rule as requiring a report, accompanied by a chart depicting the relationship among organizations affected by the structural change. The rule must allow a single report to be filed by all providers and payors participating in or affected by a structural change for which a report is required.

3. Additional information. In addition to the reports required under subsections 1 and 2, the organization may collect, store and analyze additional information from published sources and information that a provider or payor has prepared voluntarily for nonconfidential distribution to persons other than employees, officers and the governing body of the provider or payor.

4. Construction. Nothing in this section may be construed to require providers or payors to notify the organization prior to taking action to evaluate restructuring or to require providers or payors to generate, compile, analyze or submit information in addition to the concise narrative descriptions and chart required in subsection 2.
§8711. Other health care information

1. Development of health care information systems. In addition to its authority to obtain information to carry out the specific provisions of this chapter, the organization may require providers and payors to furnish information with respect to the nature and quantity of services or coverage provided to the extent necessary to develop proposals for the modification, refinement or expansion of the systems of information disclosure established under this chapter. The organization's authority under this subsection includes the design and implementation of pilot information reporting systems affecting selected categories or representative samples of providers and payors.

2. Information on mandated services.

§8712. Reports

The organization shall produce clearly labeled and easy-to-understand reports as follows. Unless otherwise specified, the organization shall distribute the reports on a publicly accessible site on the Internet or via mail or e-mail, through the creation of a list of interested parties. The organization shall make reports available to members of the public upon request.

The organization shall promote public transparency of the quality and cost of health care in the State in conjunction with the Maine Quality Forum established in Title 24-A, section 6951 and shall collect, synthesize and publish information and reports on an annual basis that are easily understandable by the average consumer and in a format that allows the user to compare the information listed in this section to the extent practicable. The organization's publicly accessible websites and reports must, to the extent practicable, coordinate, link and compare information regarding health care services, their outcomes, the effectiveness of those services, the quality of those services by health care facility and by individual practitioner and the location of those services. The organization's health care costs website must provide a link in a publicly accessible format to provider-specific information regarding quality of services required to be reported to the Maine Quality Forum.

2. Payments. The organization shall create a publicly accessible interactive website that presents reports related to payments for services rendered by health care facilities and practitioners to residents of the State. The services presented must include, but not be limited to, imaging, preventative health, radiology, surgical services, comparable health care services as defined in Title 24-A, section 4318-A, subsection 1, paragraph A and other services that are predominantly elective and may be provided to a large number of patients who do not have health insurance or are underinsured. The website must also be constructed to display prices paid by individual commercial health insurance companies, third-party administrators and, unless prohibited by federal law, governmental payors. Beginning October 1, 2012, price information posted on the website must be posted semiannually, must display the date of posting and, when posted, must be current to within 12 months of the date of submission of the information. Payment reports and price information posted on the website must include data submitted by payors with regard to all health care facilities and practitioners that provide comparable health care services as defined in Title 24-A, section 4318-A, subsection 1, paragraph A or services for which the organization
reports data pertaining to the statewide average price pursuant to this subsection or Title 24-A, section 4318-B. Upon notice made by a health care facility or practitioner that data posted by the organization pertaining to that facility or practitioner is inaccurate or incomplete, the organization shall remedy the inaccurate or incomplete data within the earlier of 30 days of receipt of the notice and the next semiannual posting date.

For health care improvement studies, regarding health care utilization, improvement, cost or quality and involving patients with whom the study entity has a treatment or payor relationship, whether the study is funded by the Federal Government or the State Government or private persons, the organization may disclose protected health information to a study entity who is a covered entity or to the covered entity's business associates if those persons conducting the study do not disclose protected health information to any person not directly involved in the study without consent from the subject of the protected health information. [PL 2013, c. 528, §10 (NEW); PL 2013, c. 528, §12 (AFF).]

2. Recipients of information. A person receiving protected health information under subsection 1 may use that information only to the minimum extent necessary to accomplish the purposes of the study for which approval was granted and for no other purpose. [PL 2013, c. 528, §10 (NEW); PL 2013, c. 528, §12 (AFF).]

4. Additional protection. The board may not grant approval to a study entity under this section for the disclosure of protected health information if the board finds that the proposed identification of

[PL 2013, c. 528, §10 (NEW); PL 2013, c. 528, §12 (AFF).]

5. Data use agreement. Prior to disclosing any data pursuant to subsection 1, the organization shall enter into a data use agreement with a study entity. (1) A thorough root cause analysis must include: a determination of the human and other factors most directly associated with the sentinel event and the processes and systems related to its occurrence; an analysis of the underlying systems and processes to determine where redesign might reduce risk; an inquiry into all areas appropriate to the specific type of event; an identification of risk points and their potential contributions to the event; a determination of potential improvement in processes or systems that would tend to decrease the likelihood of
such an event in the future or a determination, after analysis, that no such improvement opportunities exist; an action plan that identifies changes that can be implemented to reduce risks or formulates a rationale for not undertaking such changes; and, where improvement actions are planned, an identification of who is responsible for implementation, when the action will be implemented and how the effectiveness of the action will be evaluated.

(2) A credible root cause analysis must include participation by the leadership of the health care facility and by the individuals most closely involved in the processes and systems under review, is internally consistent without contradictions or unanswered questions, provides an explanation for all findings, including those identified as "not applicable" or "no problem," and includes the consideration of any relevant literature.

C. The division shall take appropriate measures to protect the security of any information to which this chapter applies. [PL 2001, c. 678, §1 (NEW); PL 2001, c. 678, §3 (AFF).]

[PL 2001, c. 678, §1 (NEW); PL 2001, c. 678, §3 (AFF).]

E. For the purposes of this subsection, "privileged and confidential information" does not include:

If the facility in good faith notified the division of a suspected sentinel event and the division later determines it is a sentinel event, the facility is not subject to a penalty for that event. Funds collected pursuant to this section must be deposited in a dedicated special revenue account to be used to support sentinel event reporting and education.

[PL 2009, c. 358, §7 (NEW).]

There is established within the department the Newborn Hearing Program, referred to in this chapter as the "program," to enable children and their families and caregivers to obtain information regarding hearing screening and evaluation and to learn about treatment and intervention services at the earliest opportunity in order to prevent or mitigate developmental delays and academic failures associated with undetected hearing loss. The obligations of the department regarding this program begin when funding is available to the department to implement the program. [PL 1999, c. 647, §2 (NEW).]

[PL 1999, c. 647, §2 (NEW).]

D. "Intervention" or "treatment" means the early intervention services described in the federal Individuals with Disabilities Education Act, 20 United States Code, Chapter 33, Subchapter III, Sections 1431 to 1445, as amended. The information must explain the process of hearing screening, the likelihood of a child having a hearing loss, follow-up procedures and community resources and must include a description of the normal auditory, speech and language development process in children. The hospital must provide information about hearing screening that may be provided at the hospital or coordinated, scheduled or arranged for by the hospital. The program must provide this information prior to discharge from the birth admission to the hospital or within 3 months of discharge. [PL 1999, c. 647, §2 (NEW).]

That follow-up appointment must be scheduled prior to discharge, when possible. The hospital, center or facility must notify the newborn's primary care provider in writing of the screening result and audiologist appointment. This notice must be prepared prior to discharge, when possible. [PL 2007, c. 646, §1 (NEW).]

5. Reporting. Beginning January 1, 2003, every hospital and other location providing birthing services shall report annually to the department concerning the following:

12. Appeal by individual. The department shall establish procedures in accordance with the provisions of the Maine Administrative Procedure Act to ensure that each individual submitted for a background check in compliance with this chapter has the opportunity to challenge and correct errors in records created and generated by the Background Check Center. [PL 2015, c. 299, §25 (NEW).]

13. Waiver; disqualifying offense. In the event that no other federal or state law mandates an employment prohibition by an employer subject to this chapter, an individual who is banned from employment because of a disqualifying offense may initiate a request for a waiver under subsection 8, paragraph H in accordance with a process established by rules adopted pursuant to this chapter under the following circumstances:

A. The individual is seeking to be employed or is currently employed by an employer subject to the requirements of this chapter; [PL 2015, c. 299, §25 (NEW).]

B. The employer has chosen to sponsor the individual's request for the removal of the ban in order to create or maintain an employment relationship; and [PL 2015, c. 299, §25 (NEW).]

C. The employer must attest to the department that the decision to sponsor the waiver request occurred after the employer considered the objectively reasonable factors under subsection 15 and the following factors:

(1) The nature and gravity of the disqualifying offense or offenses;

(2) The time that has passed since the disqualifying offense or offenses;

(3) The nature of the employment held or sought;

(4) Whether the criminal conduct was employment-related; and

(5) A reasonable conclusion that the individual does not pose a threat of harm to a protected individual or others in the care and support of the individual. [PL 2015, c. 299, §25 (NEW).]

The waiver must be sought with respect to the prospective or continued employment by a specific employer that is willing to sponsor the individual's request. An employee seeking a waiver may be conditionally employed in accordance with section 9057, subsection 4 and section 9058, subsection 3 until the waiver is denied. [PL 2015, c. 299, §25 (NEW).]
14. **Approval of waiver.** The department shall specify in rule the criteria for issuing a waiver for a disqualifying offense. The waiver determination is based on a consideration of the facts and circumstances of the specific individual's conviction that include the passage of time, extenuating circumstances, a demonstration of rehabilitation and the relevancy of the particular disqualifying offense with respect to the current or prospective employment with a sponsoring employer. All waivers are contingent on a final determination by the department that the employer has reasonably determined that the health and safety of a protected individual is not in jeopardy and a denial of a waiver request is not otherwise warranted in accordance with federal or state law. [PL 2015, c. 299, §25 (NEW).]  

15. **Waivers; factors.** The department shall specify in rule the minimum factors that an employer must consider when sponsoring a waiver under subsection 13. Any factors that an employer chooses to consider must be objectively reasonable in supporting the attestation that the individual to whom the waiver would apply is unlikely to cause harm to a protected individual or others in the employer's care. Objectively reasonable factors include:

   A. The age of the individual applying for a waiver at the time of the disqualifying offense; [PL 2015, c. 299, §25 (NEW).]
   B. The amount of time that has passed since the disqualifying offense occurred; [PL 2015, c. 299, §25 (NEW).]
   C. The total number and type of disqualifying offenses; [PL 2015, c. 299, §25 (NEW).]
   D. Any proven mitigating circumstances surrounding the disqualifying offense; [PL 2015, c. 299, §25 (NEW).]
   E. Objective evidence that the individual has successfully completed a criminal rehabilitation program; [PL 2015, c. 299, §25 (NEW).]
   F. The relevance of the circumstances pertaining to the disqualifying offense with respect to the nature of the proposed employment; [PL 2015, c. 299, §25 (NEW).]
   G. The length and consistency of similar employment post-conviction if applicable; [PL 2015, c. 299, §25 (NEW).]
   H. Whether the individual is bonded under federal or state law; and [PL 2015, c. 299, §25 (NEW).]
   I. Personal references or recommendations from employers on behalf of the individual. [PL 2015, c. 299, §25 (NEW).]

[PL 2015, c. 299, §25 (NEW).]

16. **Denial or revocation of waiver.** The department shall establish by rule informal and formal review procedures for denial or revocation of a waiver. Denial or revocation of waiver procedures must comply with the Maine Administrative Procedures Act and final determinations may be appealed pursuant to the Maine Administrative Procedures Act in Title 5, Part 18, Chapter 375, subchapter 4. Rules concerning the denial or revocation of waiver procedures include, but are not limited to, the following:

   A. The process of filing a waiver request; [PL 2015, c. 299, §25 (NEW).]
   B. The time frame for filing a waiver request; [PL 2015, c. 299, §25 (NEW).]
   C. The time frame for issuing a waiver request decision; [PL 2015, c. 299, §25 (NEW).]
   D. The rules for employment during the waiver request process; and [PL 2015, c. 299, §25 (NEW).]
E. A written determination stating the objectively reasonable factors under subsection 15 explaining the department's determination to grant, deny or revoke a waiver. [PL 2015, c. 299, §25 (NEW).]

Rules adopted pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.

[PL 2015, c. 299, §25 (NEW).]

17. Immunity. A provider that denies employment for an individual selected for hire or continued employment as a direct access worker, including during any period of conditional employment, and that reasonably relies upon information obtained through a final background check report regarding the individual is not liable in an action brought by the individual based on an employment determination resulting from the information.

[PL 2015, c. 299, §25 (NEW).]

18. Presumption of good faith. In a proceeding regarding immunity from liability, there is a rebuttable presumption of good faith.
