2. Access. Upon written authorization executed in accordance with section 1711-C, subsection 3, a health care practitioner shall release copies of all treatment records of a patient or a narrative containing all relevant information in the treatment records to the patient. The copies or narrative must be released to the authorized representative in accordance with the requirements of 45 Code of Federal Regulations, Section 164.524 (2019) or for a health care practitioner not subject to the requirements of 45 Code of Federal Regulations, Section 164.524 (2019) within a reasonable time.
