§3173-C. Copayments

1. Authorization required. The department may not require any MaineCare member to make any payment toward the cost of a MaineCare service unless that payment is specifically authorized by this section, except that any copayment or premium expressly approved by the federal Secretary of the Department of Health and Human Services as part of a waiver must be implemented. [PL 2003, c. 20, Pt. K, §5 (AMD).]

2. Prescription drug services. Except as provided in this subsection and subsections 3 and 4, a pharmacy shall charge a MaineCare member $3.00 for each drug prescription that is an approved MaineCare service. The department shall adopt and follow procedures to ensure compliance with the requirements of 42 United States Code, Section 1396o-1. A pharmacy that has followed the procedures adopted by the department to ensure compliance with the requirements of 42 United States Code, Section 1396o-1 may refuse to dispense the drug if the copayment is not paid. Copayments must be capped at $30 per month per member. If a member is prescribed a drug in a quantity specifically intended by the provider or pharmacist, for the recipient's health and welfare, to last less than one month, only one payment for that drug for that month is required.
