CHAPTER 2-B

MAINE EMERGENCY MEDICAL SERVICES ACT OF 1982

§81. Title

This chapter may be cited as the "Maine Emergency Medical Services Act of 1982." [PL 1981, c. 661, §2 (NEW).]

SECTION HISTORY
PL 1981, c. 661, §2 (NEW).

§81-A. Statement of purpose

It is the purpose of this chapter to promote and provide for a comprehensive and effective emergency medical services system to ensure optimum patient care. The Legislature finds that the provision of medical assistance in an emergency is a matter of vital concern affecting the health, safety and welfare of the public. [PL 1985, c. 730, §§3, 16 (NEW).]

It is the intent of the Legislature to designate that a central agency be responsible for the coordination and integration of all state activities concerning emergency medical services and the overall planning, evaluation, coordination, facilitation and regulation of emergency medical services systems. Further, the Legislature finds that the provision of prompt, efficient and effective emergency medical dispatch and emergency medical care, a well-coordinated trauma care system, effective communication between prehospital care providers and hospitals and the safe handling and transportation of the sick and injured are key elements of an emergency medical services system. This chapter is intended to promote the public health, safety and welfare by providing for the creation of a statewide emergency medical services system with standards for all providers of emergency medical services. [PL 2007, c. 274, §1 (AMD).]

registration, in accordance with the procedures established in section 90-A and any rules adopted by the board, take one or more of the following actions:

A. Issue warnings, censures or reprimands to a licensee, deny or refuse to renew a license and suspend or revoke a license. Each warning, censure, reprimand and revocation issued must be based upon violations of different applicable laws, rules or conditions of licensure or must be based upon separate instances of actionable conduct or activity; [PL 2019, c. 370, §17 (AMD).]

B. Suspend a license or registration for up to 90 days for each violation of applicable laws, rules and conditions of licensure or registration or for each instance of actionable conduct or activity. Suspensions may be set to run concurrently or consecutively and may not exceed one year in total. Execution of all or any portion of a term of suspension may be stayed pending successful completion of conditions of probation, although the suspension remains part of the licensee's record; [PL 2001, c. 229, §4 (NEW).]

C. Impose civil penalties of up to $1,500 for each violation of applicable laws, rules and conditions of licensure or for each instance of actionable conduct or activity; [PL 2001, c. 229, §4 (NEW).]

Failure to comply with the conditions of probation is a ground for disciplinary action against a licensee; [PL 2011, c. 271, §15 (AMD).]

E. Execute a consent agreement that resolves a complaint or investigation without further proceedings. Consent agreements may be entered into only with the consent of the applicant or licensee, the board, its subcommittee or staff and the Department of the Attorney General. A consent agreement is not subject to review or appeal and may be modified only by a writing executed by all parties to the original consent agreement. A consent agreement is enforceable by an action in Superior Court; or [PL 2011, c. 271, §16 (AMD).]

F. Assess a licensee the costs of investigation and adjudicatory hearings relating to that licensee. [PL 2011, c. 271, §17 (NEW).]

A. Letter of guidance or concern may be used to educate, reinforce knowledge regarding legal or professional obligations and express concern over action or inaction by the licensee or applicant that does not rise to the level of misconduct sufficient to merit disciplinary action. The issuance of a letter of guidance or concern is not a formal proceeding and does not constitute an adverse disciplinary action of any form. Notwithstanding any other provision of law, a letter of guidance or concern is not confidential. The board or, as delegated, its subcommittee or staff may place a letter of guidance or concern, together with any underlying complaint, report and investigation materials, in a licensee's or applicant's file for a specified amount of time, not to exceed 10 years. Any letters, complaints and materials placed on file may be accessed and considered by the board, its subcommittee or staff in any subsequent action commenced against the applicant or licensee within the specified time frame. SECTION HISTORY

§90-A. Licensing actions

1. Disciplinary proceedings and sanctions. The board or, as delegated, its subcommittee or staff, shall investigate a complaint on its own motion or upon receipt of a written complaint filed with the board regarding noncompliance with or violation of this chapter or of any rules adopted by the board. Investigation may include an informal conference before the board, its subcommittee or staff to determine whether grounds exist for suspension, revocation or denial of a license or for taking other disciplinary action pursuant to this chapter. The board, its subcommittee or staff may subpoena witnesses, records and documents, including records and documents maintained by a health care facility or other service organization or person related to the delivery of emergency medical services, in any investigation or hearing it conducts.

[PL 2001, c. 229, §5 (AMD).]

2. Notice. The board shall notify the licensee of the content of a complaint filed against the licensee as soon as possible, but in no event later than 60 days after the board or staff receives the initial pertinent information. The licensee has the right to respond within 30 days in all cases except those involving an emergency denial, suspension or revocation, as described in the Maine Administrative Procedure Act, Title 5, chapter 375, subchapter 5. If the licensee's response to the complaint satisfies the board or staff that the complaint does not merit further investigation or action, the matter may be dismissed, with notice of the dismissal to the complainant, if any.

[PL 2003, c. 559, §2 (AMD).]

3. Informal conference. If, in the opinion of the board, its subcommittee or staff, the factual basis of the complaint is or may be true and the complaint is of sufficient gravity to warrant further action, the board or staff may request an informal conference with the licensee. The board shall provide the licensee with adequate notice of the conference and of the issues to be discussed. The conference must be conducted in executive session of the board, subcommittee or staff, pursuant to Title 1, section 405, unless otherwise requested by the licensee. Statements made at the conference may not be introduced at a subsequent formal administrative or judicial hearing unless all parties consent. The licensee may, without prejudice, refuse to participate in an informal conference if the licensee prefers to request an adjudicatory hearing. If the licensee participates in the informal conference, the licensee waives the right to object to a participant at the hearing who participated at the informal conference.

[PL 2003, c. 559, §2 (AMD).]
4. **Further action.** If the board, its subcommittee or staff finds that the factual basis of the complaint is true and is of sufficient gravity to warrant further action, it may take any of the following actions.

A. The board, its subcommittee or staff may negotiate a consent agreement with the licensee that fixes the period and terms of probation necessary to protect the public health and safety and to rehabilitate or educate the licensee. A consent agreement may be used to terminate a complaint investigation, if entered into by the board, the licensee and the Department of the Attorney General. [PL 2003, c. 559, §2 (AMD).]

B. If a licensee voluntarily surrenders a license, the board, its subcommittee or staff may negotiate stipulations necessary to ensure protection of the public health and safety and the rehabilitation or education of the licensee. These stipulations may be set forth only in a consent agreement signed by the board, the licensee and the Department of the Attorney General. [PL 2001, c. 229, §7 (AMD).]

C. If the board, its subcommittee or staff concludes that modification, nonrenewal or suspension pursuant to section 88, subsection 3 of a license or imposition of a civil penalty pursuant to section 88, subsection 3 is in order, the board shall so notify the licensee and inform the licensee of the licensee's right to request an adjudicatory hearing. If the licensee requests an adjudicatory hearing in a timely manner, the adjudicatory hearing must be held by the board in accordance with Title 5, chapter 375, subchapter 4. If the licensee wishes to appeal the final decision of the board, the licensee shall file a petition for review with the Superior Court within 30 days of receipt of the board's decision. Review under this paragraph must be conducted pursuant to Title 5, chapter 375, subchapter 7. [PL 2003, c. 559, §2 (AMD).]

D. Except in the specific circumstances where Title 5, section 10004 may be invoked, if the board or its staff concludes that suspension beyond the authority conferred by section 88 or revocation of the license is in order, the board or its staff shall request the Attorney General to file a complaint in the District Court in accordance with Title 4, chapter 5 and the Maine Administrative Procedure Act to commence either full or emergency proceedings. [PL 2001, c. 229, §7 (AMD).]

[PL 2003, c. 559, §2 (AMD).]

A, §123 (AMD).]

C. [PL 2007, c. 274, §26 (RP).]
