The board shall cause a seal of suitable inscription to be procured and affixed to papers that may require the seal, shall keep a correct record of its proceedings and has power to make rules, not inconsistent with this chapter, it considers necessary for the successful enforcement of its authority and the performance of its duties. As part of the biennial relicensure process, the board shall prepare and distribute to each licensed osteopathic physician practicing in the State a copy of its code of ethics and current rules relative to continuing medical education. The chair and the secretary-treasurer may administer oaths in matters connected with the duties of the board. The records of the board must include a report of all money received and disbursed by the board and a list of all applicants for licenses, including the name and location of the school or college of osteopathic medicine approved by the American Osteopathic Association that granted the degree to each applicant and whether the applicant was granted or denied a license. These records, or duplicates, must always be open to inspection in the office of the Secretary of State during regular office hours. Four members of the board constitute a quorum for the transaction of business. A license to practice osteopathic medicine may not be granted, except on an affirmative vote of a majority of the board.

[PL 1997, c. 50, §2 (AMD).]
Each member of the board is entitled to compensation according to the provisions of Title 5, chapter 379. All requisitions for payment of money must be signed by the chair and the secretary-treasurer of the board. If the fees to be collected under the provisions of this chapter are insufficient to pay the salaries and expenses provided by this section, the members of the board are entitled to only a pro rata payment for salary in years in which the fees are insufficient. [PL 1993, c. 600, Pt. A, §170 (AMD).]

The board has the duty and the power to annually determine the salary of the secretary-treasurer, not to exceed $6,000. The board has the power to employ, fix the salary of and prescribe the duties of other personnel as the board considers necessary. The board shall utilize the consumer assistant position as provided in section 3269, subsection 15. The functions and expense of the consumer assistant position must be shared on a pro rata basis with the Board of Licensure in Medicine. [PL 1997, c. 680, Pt. B, §1 (AMD).]

The board may set reasonable fees for services, such as providing license certifications and verifications, providing copies of laws and rules and providing copies of documents. [PL 1993, c. 600, Pt. A, §170 (AMD).]

§2562-A. Adequacy of budget

The budget submitted by the board to the Commissioner of Professional and Financial Regulation must be sufficient to enable the board to comply with this subchapter. The fiscal resources available to the board must enable it to strengthen its staffing capabilities and those of the Department of the Attorney General's legal and investigative staff so that complaints, including the professional liability related complaints detailed in Title 24, section 2607, are resolved in a timely fashion. [PL 1993, c. 600, Pt. A, §171 (AMD).]

§2563. Report; liaison; limitations

On or before August 1st of each year, the board shall submit to the Commissioner of Professional and Financial Regulation, for the preceding fiscal year ending June 30th, its annual report of its operations and financial position, together with such comments and recommendations as the board deems essential. [PL 1985, c. 748, §42 (AMD).]

The commissioner shall act as a liaison between the board and the Governor. [PL 1977, c. 604, §24 (RPR).]

The commissioner may not exercise or interfere with the exercise of discretionary, regulatory or licensing authority granted by statute to the board. The commissioner may require the board to be accessible to the public for complaints and questions during regular business hours and to provide any information the commissioner requires in order to ensure that the board is operating administratively within the requirements of this chapter. [PL 1993, c. 659, Pt. B, §12 (AMD).]

§2563-A. Budget
The board shall submit to the Commissioner of Professional and Financial Regulation its budgetary requirements in the same manner as is provided in Title 5, section 1665, and the commissioner shall in turn transmit these requirements to the Bureau of the Budget without any revision, alteration or change, unless alterations are mutually agreed upon by the department and the board or the board's designee. [PL 1993, c. 659, Pt. B, §13 (AMD).]

SUBCHAPTER 2

LICENSURE

§2571. Licensure; qualifications; fees

An individual, before engaging in the practice of osteopathic medicine in this State, shall make application for a license to the board, on a form prescribed by the board. The application must be filed with the board at least 60 days before the date of examination together with a fee of not more than $525. The applicant shall present a diploma granted by a school or college of osteopathic medicine approved by the American Osteopathic Association. That applicant shall present evidence of having completed an internship of at least 12 months in a hospital conforming to the minimal standards for accreditation by the American Osteopathic Association, or the equivalency, as determined by the board. All applicants shall provide reasonable and proper facts as the board in its application may require. The board at its discretion may permit an applicant, who is otherwise qualified to be examined during internship, a license to be withheld until successful completion of internship. [PL 2001, c. 492, §1 (AMD).]

All fees set in this chapter are nonrefundable application fees or administrative processing fees payable to the board at the time of application or at the time board action is requested. Unless otherwise specified, the board shall set the fees. [PL 1991, c. 425, §2 (NEW).]

An applicant may not be licensed unless the board finds that the applicant is qualified and that no cause exists, as set forth in section 2591-A, that would be considered grounds for disciplinary action against a licensed physician. [PL 1993, c. 600, Pt. A, §173 (NEW).]

SECTION HISTORY

§2571-A. Background check for expedited licensure through the Interstate Medical Licensure Compact

1. Background check. The board shall request a background check for an individual licensed under this chapter who applies for an expedited license under section 18506. The background check must include criminal history record information obtained from the Maine Criminal Justice Information System and the Federal Bureau of Investigation.

A. The criminal history record information obtained from the Maine Criminal Justice Information System must include a record of public criminal history record information as defined in Title 16, section 703, subsection 8. [PL 2017, c. 253, §5 (NEW).]

B. The criminal history record information obtained from the Federal Bureau of Investigation must include other state and national criminal history record information. [PL 2017, c. 253, §5 (NEW).]
C. An applicant shall submit to having fingerprints taken. The State Police, upon payment by the applicant, shall take or cause to be taken the applicant's fingerprints and shall forward the fingerprints to the State Bureau of Identification so that the bureau can conduct state and national criminal history record checks. Except for the portion of the payment, if any, that constitutes the processing fee charged by the Federal Bureau of Investigation, all money received by the State Police for purposes of this paragraph must be paid over to the Treasurer of State. The money must be applied to the expenses of administration incurred by the Department of Public Safety. [PL 2017, c. 253, §5 (NEW).]

D. The subject of a Federal Bureau of Investigation criminal history record check may obtain a copy of the criminal history record check by following the procedures outlined in 28 Code of Federal Regulations, Sections 16.32 and 16.33. The subject of a state criminal history record check may inspect and review the criminal history record information pursuant to Title 16, section 709. [PL 2017, c. 253, §5 (NEW).]

E. State and federal criminal history record information of an applicant may be used by the board for the purpose of screening that applicant. [PL 2017, c. 253, §5 (NEW).]

F. Information obtained pursuant to this subsection is confidential. The results of background checks received by the board are for official use only and may not be disseminated to the Interstate Medical Licensure Compact Commission, established in section 18512, or to any other person or entity. [PL 2017, c. 253, §5 (NEW).]

G. An individual whose expedited licensure through the Interstate Medical Licensure Compact under chapter 145 has expired and who has not applied for renewal may request in writing that the State Bureau of Identification remove the individual's fingerprints from the bureau's fingerprint file. In response to a written request, the bureau shall remove the individual's fingerprints from the fingerprint file and provide written confirmation of that removal. [PL 2017, c. 253, §5 (NEW).]

2. Rules. The board, following consultation with the State Bureau of Identification, shall adopt rules to implement this section. Rules adopted pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A. [PL 2017, c. 253, §5 (NEW).]

SUBCHAPTER 3
EXAMINATION

§2572. Examination, reexamination; endorsement; temporary licensure

Applicants must be examined in whole or in part in writing and must be thorough in subjects the board determines necessary, including osteopathic theories and methods, to determine the competency of the candidate to practice osteopathic medicine in the State. If the examination is passed in a manner satisfactory to the board, the board shall issue to the applicant a license granting the applicant the right to practice osteopathic medicine in this State. If the applicant fails to pass the examination, the applicant is entitled to one reexamination within one year after failure upon payment of a fee set by the board. Osteopathic physicians who have been certified by the National Board of Osteopathic Examiners or have been strictly examined and licensed to practice osteopathic medicine in another state, which has equivalent licensing requirements to this State, may be licensed to practice osteopathic medicine in this State upon the payment of not more than $300 and the substantiation to the board that the applicant is
a graduate of a school or college of osteopathic medicine approved by the American Osteopathic Association and that the license was obtained in the other state. The board may at its discretion require an examination of any such applicant. [PL 1997, c. 50, §4 (AMD).]

SECTION HISTORY

§2573. Temporary licensure

An osteopathic physician in good repute who is a graduate of a school or college of osteopathic medicine approved by the American Osteopathic Association, serving as a fellow, intern or resident physician in a hospital in this State, shall register with the board and must be issued a temporary license by the board evidencing the right to practice only under hospital control. Such a license may not be issued for a period in excess of one year but may be renewed from time to time, not to exceed an aggregate of 5 years. The license must be in a form prescribed by the board and may be revoked or suspended by the board with the suspension or revocation effective immediately when written notification from the board is received by the hospital. An examination may not be required for applicants for this temporary license. The fee for such a license may not be more than $450. [PL 2001, c. 492, §2 (AMD).]

SECTION HISTORY

§2574. Locum tenens

An osteopathic physician who is a graduate of a school or college of osteopathic medicine approved by the American Osteopathic Association and who is of good repute may, at the discretion of the board, be given a temporary license to be effective for not more than 6 months after issuance, for the purpose of permitting the physician to serve as "locum tenens" for another osteopathic physician who is unable, because of illness or some other substantiated reason, to maintain the practice, thus fulfilling a need in that area for providing health services. The fee for such a license may not be more than $600. [PL 2001, c. 492, §3 (AMD).]

SECTION HISTORY

§2575. Youth camp physicians

An osteopathic physician who is a graduate of a school or college of osteopathic medicine approved by the American Osteopathic Association and who is of good repute may, at the discretion of the board, make application for a temporary license to practice as a youth camp physician at a specified youth camp licensed under Title 22, section 2495. Such an osteopathic physician is entitled to practice only on the patients at the youth camp. The license must be obtained each year. Applications for such a temporary license must be made in the same manner as for regular licenses. An examination may not be exacted from applicants for temporary licenses. The fee may not be more than $600. [PL 2009, c. 211, Pt. B, §27 (AMD).]

SECTION HISTORY

§2576. Visiting instructors
A temporary visiting instructor's license may be granted an osteopathic physician who holds a current and valid license to practice osteopathic medicine in another state. This license entitles the osteopathic physician to practice in this State when that physician is performing osteopathic medical procedures as a part of a course or courses of instruction in continuing medical education in a hospital in this State. The annual fee for such a temporary license may not be more than $150. The license issued pursuant to this section is for a duration set by the board. Such a temporary license may be revoked for any one of the reasons in section 2591-A. [PL 2001, c. 492, §5 (AMD).]

SECTION HISTORY

§2577. Joint program interns
An applicant who is enrolled in a program of medical and graduate medical training conducted jointly by a college or university having the power to grant a D.O. degree and accredited by the American Osteopathic Association and a graduate medical education program approved by the American Osteopathic Association may receive a temporary educational certificate from the board to act as a hospital intern as part of that graduate medical education program as long as the applicant is concurrently enrolled in the final year of medical training and initial year of graduate medical education. The board may not issue a certificate pursuant to this section for a period longer than that required to obtain the D.O. degree. The period during which the certificate is in force may not be considered as satisfaction of the requirement for postgraduate medical education under section 2571. [PL 1995, c. 337, §1 (NEW).]

SECTION HISTORY
PL 1995, c. 337, §1 (NEW).

SUBCHAPTER 4
LICENSES

§2581. Licenses; biennial relicensure; fees; reinstatement
Upon satisfactorily qualifying for licensure, the applicant may be issued a license by the board, which is dated and signed by its members and upon which the official seal of the board is affixed. The license must designate the holder as a physician licensed to practice osteopathic medicine in the State of Maine. The license must be publicly displayed at the individual's principal place of practice. [PL 1993, c. 600, Pt. A, §180 (AMD).]

Every osteopathic physician legally licensed to practice in this State, shall, on or before the expiration date of the osteopathic physician's license, pay to the board a fee set by the board not to exceed $600 for the renewal of the osteopathic physician's license to practice. An osteopathic physician's license is issued for a period of 2 years and must be renewed in accordance with a schedule adopted by the board by rule. Rules adopted pursuant to this section are routine technical rules pursuant to Title 5, chapter 375, subchapter II-A. In addition to the payment of the renewal fee, each licensee applying for the renewal of the osteopathic physician's license shall furnish to the board satisfactory evidence that the osteopathic physician has attended in the 2 preceding years at least 100 hours of educational programs devoted to continuing medical education approved by the board. The required education must be obtained from formalized programs of continuing medical education sponsored by recognized associations, colleges or universities, hospitals, institutes or groups approved by the board. A copy of the current approved list must be available in the office of the secretary-treasurer of the board. At least 40% of these credit hours must be osteopathic medical education approved in the rules
established by the board. The board may adjudicate continuing medical education performance in situations of illness, hardship or military service upon written petition by the applicant. The secretary-treasurer of the board shall send a written notice of the foregoing requirements to each osteopathic physician, at least 60 days prior to each osteopathic physician's license expiration date, directed to the last known address of the licensee and enclosing with the notice proper blank forms for application for renewal. If a licensee fails to furnish the board evidence of attendance at continuing medical educational programs, as approved by the board, fails to pay the renewal fee or fails to submit a completed application for renewal, the osteopathic physician automatically forfeits the right to practice osteopathic medicine in this State. After the expiration of a license, the board shall send notice by first class mail to each licensee who has failed to meet the requirements for renewal. If the failure is not corrected within 30 days, then the osteopathic physician's license may be considered lapsed by the board. The secretary-treasurer of the board may reinstate the osteopathic physician upon the presentation of satisfactory evidence of continuing medical education as outlined and approved by the board and upon payment of the renewal fee. [PL 2001, c. 492, §6 (AMD).]

The board may not require an applicant for initial licensure or license renewal as an osteopathic physician under this chapter to obtain certification from a specialty medical board or to obtain osteopathic continuous certification as a condition of licensure. For the purposes of this section, "osteopathic continuous certification" means a program that requires an osteopathic physician to engage in periodic examination, self-assessment, peer evaluation or other activities to maintain certification from a specialty medical board. [PL 2017, c. 189, §1 (NEW).]

Relicensure fees provided for under this section are not required of an osteopathic physician who is 70 years of age or older on the first day of January of the year in which the relicensure is made, although the requirements for continuing medical education apply without regard to age. [PL 1993, c. 600, Pt. A, §180 (AMD).]

The license entitles an individual to whom it is granted the privilege to practice osteopathic medicine in any county in this State, in all its branches as taught in a school or college of osteopathic medicine approved by the American Osteopathic Association with the right to use drugs that are necessary in the practice of osteopathic medicine. [PL 1997, c. 50, §8 (AMD).]

An individual to whom a license is granted under this section shall designate that individual's status as an osteopathic physician either by the letters D.O. following the licensee's name or by the words "osteopathic physician" following or accompanying the licensee's name when the prefix Doctor or Dr. is used. [PL 1993, c. 600, Pt. A, §180 (AMD).]

An applicant not complying with relicensure requirements is entitled to be reinstated upon paying the relicensure fee for the given year and satisfying the board that the applicant has paid all relicensure fees due at the time of the applicant's withdrawal, and that a cause does not exist for revoking or suspending the applicant's license. The board shall determine the skill and competence of an osteopathic physician applying for a reinstatement who has not been engaged in the active practice of osteopathic medicine in this or some other state for a period in excess of one year from the date of the physician's most recent relicensure in Maine. [PL 1993, c. 600, Pt. A, §180 (AMD).]

SECTION HISTORY

§2582. Exemption for licensed person accompanying visiting athletic team

1. Licensed person accompanying visiting athletic team. This chapter does not apply to a person who holds a current unrestricted license to practice osteopathic medicine and surgery in another state when the person, pursuant to a written agreement with an athletic team located in the state in which the
person holds the license, provides medical services to any of the following while the team is traveling to or from or participating in a sporting event in this State:

A. A member of the athletic team; [PL 2017, c. 119, §1 (NEW).]
B. A member of the athletic team's coaching, communications, equipment or sports medicine staff; [PL 2017, c. 119, §1 (NEW).]
C. A member of a band or cheerleading squad accompanying the team; or [PL 2017, c. 119, §1 (NEW).]
D. The team's mascot. [PL 2017, c. 119, §1 (NEW).]

2. Restrictions. A person authorized to provide medical services in this State pursuant to subsection 1 may not provide medical services at a health care facility, including a hospital, ambulatory surgical facility or any other facility where medical care, diagnosis or treatment is provided on an inpatient or outpatient basis. [PL 2017, c. 119, §1 (NEW).]

SUBCHAPTER 5
SUSPENSION AND REVOCATION

§2591. Complaints; investigations; hearings; censure; probation; suspension; revocation (REPEALED)
SECTION HISTORY

§2591-A. Disciplinary actions

1. Disciplinary proceedings and sanctions. The board shall investigate a complaint, on its own motion or upon receipt of a written complaint filed with the board, regarding noncompliance with or violation of this chapter or of rules adopted by the board.

The board shall notify the licensee of the content of a complaint filed against the licensee as soon as possible, but, absent unusual circumstances justifying delay, not later than 60 days from receipt of this information. The licensee shall respond within 30 days. The board shall share the licensee's response with the complainant, unless the board determines that it would be detrimental to the health of the complainant to obtain the response. If the licensee's response to the complaint satisfies the board that the complaint does not merit further investigation or action, the matter may be dismissed, with notice of the dismissal to the complainant, if any.

If, in the opinion of the board, the factual basis of the complaint is or may be true, and the complaint is of sufficient gravity to warrant further action, the board may request an informal conference with the licensee. The board shall provide the licensee with adequate notice of the conference and of the issues to be discussed. The complainant may attend and may be accompanied by up to 2 individuals, including legal counsel. The conference must be conducted in executive session of the board, pursuant to Title 1, section 405, unless otherwise requested by the licensee. Before the board decides what action to take at the conference or as a result of the conference, the board shall give the complainant a reasonable opportunity to speak. Statements made at the conference may not be introduced at a subsequent formal hearing unless all parties consent.
When a complaint has been filed against a licensee and the licensee moves or has moved to another state, the board may report to the appropriate licensing board in that state the complaint that has been filed, other complaints in the licensee's record on which action was taken and disciplinary actions of the board with respect to that licensee.

When an individual applies for a license under this chapter, the board may investigate the professional record of that individual, including professional records that the individual may have as a licensee in other states. The board may deny a license or authorize a restricted license based on the record of the applicant in other states.

If the board finds that the factual basis of the complaint is true and is of sufficient gravity to warrant further action, it may take any of the following actions it considers appropriate:

A. With the consent of the licensee, enter into a consent agreement that fixes the period and terms of probation best adapted to protect the public health and safety and to rehabilitate or educate the licensee. A consent agreement may be used to terminate a complaint investigation, if entered into by the board, the licensee and the Attorney General's office; [PL 1993, c. 600, Pt. A, §181 (AMD).]

B. In consideration for acceptance of a voluntary surrender of the license, negotiate stipulations, including terms and conditions for reinstatement, that ensure protection of the public health and safety and that serve to rehabilitate or educate the licensee. These stipulations may be set forth only in a consent agreement signed by the board, the licensee and the Attorney General's office; [PL 1993, c. 600, Pt. A, §181 (AMD).]

C. If the board concludes that modification or nonrenewal of the license is in order, the board shall hold an adjudicatory hearing in accordance with the provisions of Title 5, chapter 375, subchapter IV; or [PL 1997, c. 680, Pt. B, §2 (AMD).]

D. If the board concludes that suspension or revocation of the license is in order, the board shall file a complaint in the District Court in accordance with Title 4, chapter 5. [PL 1999, c. 547, Pt. B, §64 (AMD); PL 1999, c. 547, Pt. B, §80 (AFF).]

2. Grounds for discipline. The board may suspend or revoke a license pursuant to Title 5, section 10004. The following are grounds for an action to refuse to issue, modify, restrict, suspend, revoke or refuse to renew the license of an individual licensed under this chapter:

A. The practice of fraud or deceit in obtaining a license under this chapter or in connection with service rendered within the scope of the license issued; [PL 1983, c. 378, §38 (NEW).]

B. Misuse of alcohol, drugs or other substances that has resulted or may result in the licensee performing services in a manner that endangers the health or safety of the licensee's patients; [PL 2013, c. 105, §6 (AMD).]

C. A professional diagnosis of a mental or physical condition that has resulted or may result in the licensee performing the licensee's duties in a manner that endangers the health or safety of the licensee's patients; [PL 1993, c. 600, Pt. A, §181 (AMD).]

D. Aiding or abetting the practice of osteopathic medicine by an individual not duly licensed under this chapter and who claims to be legally licensed; [PL 1993, c. 600, Pt. A, §181 (AMD).]

E. Incompetence in the practice for which the licensee is licensed. A licensee is considered incompetent in the practice if the licensee has:

(1) Engaged in conduct that evidences a lack of ability or fitness to discharge the duty owed by the licensee to a client or patient or the general public; or
(2) Engaged in conduct that evidences a lack of knowledge, or inability to apply principles or skills to carry out the practice for which the licensee is licensed; [PL 1993, c. 600, Pt. A, §181 (AMD).]

F. Unprofessional conduct. A licensee is considered to have engaged in unprofessional conduct if the licensee violates a standard of professional behavior that has been established in the practice for which the licensee is licensed; [PL 1993, c. 600, Pt. A, §181 (AMD).]

G. Subject to the limitations of Title 5, chapter 341, conviction of a crime that involves dishonesty or false statement or that relates directly to the practice for which the licensee is licensed, or conviction of a crime for which incarceration for one year or more may be imposed; [PL 1993, c. 600, Pt. A, §181 (AMD).]

H. A violation of this chapter or a rule adopted by the board; [PL 1993, c. 600, Pt. A, §181 (AMD).]

I. Engaging in false, misleading or deceptive advertising; [PL 1983, c. 378, §38 (NEW).]

J. Advertising, practicing or attempting to practice under a name other than one's own; [PL 1983, c. 378, §38 (NEW).]

L. Division of professional fees not based on actual services rendered; [PL 1997, c. 680, Pt. B, §5 (AMD).]

M. Failure to comply with the requirements of Title 24, section 2905-A; [PL 2015, c. 488, §14 (AMD).]

N. Revocation, suspension or restriction of a license to practice medicine or other disciplinary action; denial of an application for a license; or surrender of a license to practice medicine following the institution of disciplinary action by another state or a territory of the United States or a foreign country if the conduct resulting in the disciplinary or other action involving the license would, if committed in this State, constitute grounds for discipline under the laws or rules of this State; [PL 2019, c. 165, §9 (AMD).]

O. Failure to comply with the requirements of Title 22, section 7253; or [PL 2019, c. 165, §10 (AMD).]

P. A violation of section 2600-D. [PL 2019, c. 165, §11 (NEW).]

[PL 2019, c. 165, §9-11 (AMD).]

3. Report. By March 1st of each year, the board shall submit to the Legislature a report consisting of statistics on the following for the preceding year:

A. The number of complaints against licensees received from the public or filed on the board's own motion; [PL 1989, c. 462, §7 (NEW).]

B. The number of complaints dismissed for lack of merit or insufficient evidence of grounds for discipline; [PL 1989, c. 462, §7 (NEW).]

An osteopathic physician licensed under this chapter, who, in the exercise of due care, renders emergency care at the scene of an accident, is not liable for any civil damages as the result of acts or omissions by such an individual in rendering emergency care. [PL 1993, c. 600, Pt. A, §183 (AMD).]

SECTION HISTORY
§2594-A. Assistants

Nothing contained in this chapter may be construed to prohibit an individual from rendering medical services if these services are rendered under the supervision and control of a physician and if the individual has satisfactorily completed a training program approved by the Board of Osteopathic Licensure. Supervision and control may not be construed as requiring the personal presence of the supervising and controlling physician at the place where these services are rendered, unless a physical presence is necessary to provide patient care of the same quality as provided by the physician. Nothing in this chapter may be construed as prohibiting a physician from delegating to the physician's employees or support staff certain activities relating to medical care and treatment carried out by custom and usage when these activities are under the direct control of the physician. The physician delegating these activities to employees or support staff, to program graduates or to participants in an approved training program is legally liable for the activities of those individuals, and any individual in this relationship is considered the physician's agent. Nothing contained in this section may be construed to apply to registered nurses acting pursuant to chapter 31. [PL 2013, c. 33, §1 (AMD).]

When the delegated activities are part of the practice of optometry as defined in chapter 34-A, then the individual to whom these activities are delegated must possess a valid license to practice optometry in Maine or otherwise may perform only as a technician within the established office of a physician and may act solely on the order of and under the responsibility of a physician skilled in the treatment of eyes as designated by the proper professional board and without assuming evaluation or interpretation of examination findings by prescribing corrective procedures to preserve, restore or improve vision. [PL 1993, c. 600, Pt. A, §184 (AMD).]

An individual licensed under this chapter who renders medical care to a minor for the prevention or treatment of a sexually transmitted infection or treatment of substance use or for the collection of sexual assault evidence through a sexual assault forensic examination is under no obligation to obtain the consent of the minor's parent or guardian or to inform the parent or guardian of the prevention or treatment or collection. Nothing in this section may be construed so as to prohibit the licensed individual rendering the prevention services or treatment or collection from informing the parent or guardian. For purposes of this section, "substance use" means the use of drugs or alcohol solely to induce a stimulant, depressant or hallucinogenic effect upon the higher functions of the central nervous system and not as a therapeutic agent recommended by a practitioner in the course of medical treatment. [PL 2019, c. 236, §10 (AMD).]

§2596-A. Establishment of protocols for operation of a professional review committee

§2598. Penalty

An individual who attempts to practice osteopathic medicine without proper license or who induces the belief that that individual is legally engaged in the practice of osteopathic medicine without having fully complied with all requirements of law commits a Class E crime; except that nothing in this chapter may be construed to prohibit a lawfully qualified osteopathic physician in another state meeting a licensed osteopathic physician in this State for consultation. [PL 1993, c. 600, Pt. A, §191 (AMD).]

§2599. Records of proceedings of hospital medical staff review committees confidential
