The board may not issue a certificate pursuant to this section for a period longer than that required to obtain the D.O. degree. SECTION HISTORY

Subchapter 4: LICENSES HEADING: PL 1993, C. 600, PT. A, §179 (RPR)

32 §2581. LICENSES; BIENNIAL RELICENSURE; FEES; REINSTATEMENT

Upon satisfactorily qualifying for licensure, the applicant may be issued a license by the board, which is dated and signed by its members and upon which the official seal of the board is affixed. The license must designate the holder as a physician licensed to practice osteopathic medicine in the State of Maine. The license must be publicly displayed at the individual's principal place of practice. [1993, c. 600, Pt. A, §180 (AMD).]

Every osteopathic physician legally licensed to practice in this State, shall, on or before the expiration date of the osteopathic physician's license, pay to the board a fee set by the board not to exceed \$600 for the renewal of the osteopathic physician's license to practice. An osteopathic physician's license is issued for a period of 2 years and must be renewed in accordance with a schedule adopted by the board by rule. Rules adopted pursuant to this section are routine technical rules pursuant to Title 5, chapter 375, subchapter II-A. In addition to the payment of the renewal fee, each licensee applying for the renewal of the osteopathic physician's license shall furnish to the board satisfactory evidence that the osteopathic physician has attended in the 2 preceding years at least 100 hours of educational programs devoted to continuing medical education approved by the board. The required education must be obtained from formalized programs of continuing medical education sponsored by recognized associations, colleges or universities, hospitals, institutes or groups approved by the board. A copy of the current approved list must be available in the office of the secretary-treasurer of the board. At least 40% of these credit hours must be osteopathic medical education approved in the rules established by the board. The board may adjudicate continuing medical education performance in situations of illness, hardship or military service upon written petition by the applicant. The secretary-treasurer of the board shall send a written notice of the foregoing requirements to each osteopathic physician, at least 60 days prior to each osteopathic physician's license expiration date, directed to the last known address of the licensee and enclosing with the notice proper blank forms for application for renewal. If a licensee fails to furnish the board evidence of attendance at continuing medical educational programs, as approved by the board, fails to pay the renewal fee or fails to submit a completed application for renewal, the osteopathic physician automatically forfeits the right to practice osteopathic medicine in this State. After the expiration of a license, the board shall send notice by first class mail to each licensee who has failed to meet the requirements for renewal. If the failure is not corrected within 30 days, then the osteopathic physician's license may be considered lapsed by the board. The secretary-treasurer of the board may reinstate the osteopathic physician upon the presentation of satisfactory evidence of continuing medical education as outlined and approved by the board and upon payment of the renewal fee. [2001, c. 492, §6 (AMD).]

Relicensure fees provided for under this section are not required of an osteopathic physician who is 70 years of age or older on the first day of January of the year in which the relicensure is made, although the requirements for continuing medical education apply without regard to age. [1993, c. 600, Pt. A, §180 (AMD).]

The license entitles an individual to whom it is granted the privilege to practice osteopathic medicine in any county in this State, in all its branches as taught in a school or college of osteopathic medicine approved by the American Osteopathic Association with the right to use drugs that are necessary in the practice of osteopathic medicine. [1997, c. 50, §8 (AMD).]

An individual to whom a license is granted under this section shall designate that individual's status as an osteopathic physician either by the letters D.O. following the licensee's name or by the words "osteopathic physician" following or accompanying the licensee's name when the prefix Doctor or Dr. is used. [1993, c. 600, Pt. A, §180 (AMD).]

An applicant not complying with relicensure requirements is entitled to be reinstated upon paying the relicensure fee for the given year and satisfying the board that the applicant has paid all relicensure fees due at the time of the applicant's withdrawal, and that a cause does not exist for revoking or suspending the applicant's license. The board shall determine the skill and competence of an osteopathic physician applying for a reinstatement who has not been engaged in the active practice of osteopathic medicine in this or some other state for a period in excess of one year from the date of the physician's most recent relicensure in Maine. [1993, c. 600, Pt. A, §180 (AMD).]

32 §2591-A. DISCIPLINARY ACTIONS

1. Disciplinary proceedings and sanctions. The board shall investigate a complaint, on its own motion or upon receipt of a written complaint filed with the board, regarding noncompliance with or violation of this chapter or of rules adopted by the board.

The board shall notify the licensee of the content of a complaint filed against the licensee as soon as possible, but, absent unusual circumstances justifying delay, not later than 60 days from receipt of this information. The licensee shall respond within 30 days. The board shall share the licensee's response with the complainant, unless the board determines that it would be detrimental to the health of the complainant to obtain the response. If the licensee's response to the complaint satisfies the board that the complaint does not merit further investigation or action, the matter may be dismissed, with notice of the dismissal to the complainant, if any.

If, in the opinion of the board, the factual basis of the complaint is or may be true, and the complaint is of sufficient gravity to warrant further action, the board may request an informal conference with the licensee. The board shall provide the licensee with adequate notice of the conference and of the issues to be discussed. The complainant may attend and may be accompanied by up to 2 individuals, including legal counsel. The conference must be conducted in executive session of the board, pursuant to Title 1, section 405, unless otherwise requested by the licensee. Before the board decides what action to take at the conference or as a result of the conference, the board shall give the complainant a reasonable opportunity to speak. Statements made at the conference may not be introduced at a subsequent formal hearing unless all parties consent.

When a complaint has been filed against a licensee and the licensee moves or has moved to another state, the board may report to the appropriate licensing board in that state the complaint that has been filed, other complaints in the licensee's record on which action was taken and disciplinary actions of the board with respect to that licensee.

When an individual applies for a license under this chapter, the board may investigate the professional record of that individual, including professional records that the individual may have as a licensee in other states. The board may deny a license or authorize a restricted license based on the record of the applicant in other states.

If the board finds that the factual basis of the complaint is true and is of sufficient gravity to warrant further action, it may take any of the following actions it considers appropriate:

- A. With the consent of the licensee, enter into a consent agreement that fixes the period and terms of probation best adapted to protect the public health and safety and to rehabilitate or educate the licensee. A consent agreement may be used to terminate a complaint investigation, if entered into by the board, the licensee and the Attorney General's office; [1993, c. 600, Pt. A, §181 (AMD).]
- B. In consideration for acceptance of a voluntary surrender of the license, negotiate stipulations, including terms and conditions for reinstatement, that ensure protection of the public health and safety and that serve to rehabilitate or educate the licensee. These stipulations may be set forth only in a consent agreement signed by the board, the licensee and the Attorney General's office; [1993, c. 600, Pt. A, §181 (AMD).]
- C. If the board concludes that modification or nonrenewal of the license is in order, the board shall hold an adjudicatory hearing in accordance with the provisions of Title 5, chapter 375, subchapter IV; or [1997, c. 680, Pt. B, §2 (AMD).]
- D. If the board concludes that suspension or revocation of the license is in order, the board shall file a complaint in the District Court in accordance with Title 4, chapter 5. [1999, c. 547, Pt. B, §64 (AMD); 1999, c. 547, Pt. B, §80 (AFF).]

[1999, c. 547, Pt. B, §64 (AMD); 1999, c. 547, Pt. B, §80 (AFF) .]

2. Grounds for discipline. The board may suspend or revoke a license pursuant to Title 5, section 10004. The following are grounds for an action to refuse to issue, modify, restrict, suspend, revoke or refuse to renew the license of an individual licensed under this chapter:

- A. The practice of fraud or deceit in obtaining a license under this chapter or in connection with service rendered within the scope of the license issued; [1983, c. 378, §38 (NEW).]
- B. Habitual substance abuse that has resulted or is foreseeably likely to result in the licensee performing services in a manner that endangers the health or safety of the licensee's patients; [1993, c. 600, Pt. A, §181 (AMD).]
- C. A professional diagnosis of a mental or physical condition that has resulted or may result in the licensee performing the licensee's duties in a manner that endangers the health or safety of the licensee's patients; [1993, c. 600, Pt. A, §181 (AMD).]
