[RR 2007, c. 2, §26 (RAL).]

2. General requirement for loading and unloading locations. A person who owns a location where a commercial motor vehicle that is not subject to an exemption under subsection 4 loads or unloads may not cause a driver of that vehicle to idle for a period longer than 30 minutes by requesting that the vehicle continue running while waiting to load or unload at that location. To the maximum extent practical, a person subject to this subsection shall minimize delays in loading and unloading operations in order to reduce idling times.

[RR 2007, c. 2, §26 (RAL).]
