TITLE 7
AGRICULTURE AND ANIMALS

PART 1
ADMINISTRATION

CHAPTER 1
DEPARTMENT OF AGRICULTURE, CONSERVATION AND FORESTRY

§1. Department of Agriculture, Conservation and Forestry

The Department of Agriculture, Conservation and Forestry, is established and is maintained for the improvement of agriculture and the advancement of the interests of husbandry. The Department of Agriculture, Conservation and Forestry is referred to in this Title as the "department" and consists of the Commissioner of Agriculture, Conservation and Forestry, in this Title called the "commissioner," and the following: the Board of Pesticide Control, the Maine Milk Commission, the Maine Potato Board, the Seed Potato Board, the Harness Racing Commission and the Board of Veterinary Medicine. The commissioner is appointed by the Governor, subject to review by the joint standing committee of the Legislature having jurisdiction over agriculture matters and to confirmation by the Legislature, and holds office during the pleasure of the Governor. The commissioner is entitled to receive actual expenses incurred in the performance of the commissioner's official duties. The commissioner may employ such clerical labor as may be required, subject to the Civil Service Law, and may expend such sums for postage, telephone, telegraph and other general office expenses as may be necessary in the performance of the commissioner's duties, the same to be paid out of any money appropriated by the Legislature for such purpose. [PL 2009, c. 369, Pt. A, §20 (AMD); PL 2011, c. 657, Pt. W, §§5, 6 (REV).]

SECTION HISTORY

§1-A. Legislative intent

The Legislature finds agriculture to be a major industry in the State, contributing substantially to the state's overall economy, essential to the maintenance and strengthening of rural life and values and necessary to the preservation of the health, safety and welfare of all of the people of this State. [PL 1979, c. 731, §4 (NEW).]

The survival of the family farm is of special concern to the people of the State, and the ability of the family farm to prosper, while producing an abundance of high quality food and fiber, deserves a place of high priority in the determination of public policy. For this purpose there is established the Department of Agriculture, Conservation and Forestry. [PL 1979, c. 731, §4 (NEW); PL 2011, c. 657, Pt. W, §5 (REV).]
§1-B. Preservation of rural life and values; joint responsibility

The Legislature finds there has been a dramatic increase of interest in rural living and small and part-time farming; that a high proportion of the population in rural areas is poor, elderly and underemployed; agriculture is significant to the State's economy and that a prospering, stable rural community contributes to the rural quality of life, the preservation of productive farm, farmlands and open space. [RR 1991, c. 2, §21 (COR).]

The Legislature finds that programs that improve the employment opportunity, rural skills, food supply, health and nutrition of the rural people of Maine will improve the economy of Maine and improve the rural quality of life and the health of people and are therefore in the public interest. [RR 1991, c. 2, §21 (COR).]

The Legislature further finds the preservation of rural life and values in the State to be the joint responsibility of all public agencies, local, state and federal, whose policies and programs substantially impact the economy and general welfare of people who reside in rural Maine, such as the development and implementation of programs that assist in the maintenance of family farms, provide specialized opportunities for education and technical training and improve health and nutrition. The state agencies in addition to the department include, but are not limited to, the Department of Education, Department of Health and Human Services, Department of Labor and the Department of Agriculture, Conservation and Forestry. [RR 1991, c. 2, §21 (COR); PL 2003, c. 689, Pt. B, §6 (REV); PL 2011, c. 657, Pt. W, §5 (REV).]

He shall gather statistics of information concerning agriculture and publish the same annually. He shall assist the farmers of the State, in so far as is practicable, to secure farm help and to promote increased production of farm crops through the selection, the growing and the dissemination of superior strains of seeds. The report must be submitted to the Governor and the joint standing committee of the Legislature having jurisdiction over agriculture matters no later than December 1st of each even numbered year. For purposes of obtaining information, the Department of Agriculture, Conservation and Forestry may hold public hearings throughout the State, after giving public notice of the public hearings. [PL 1991, c. 837, Pt. A, §13 (AMD); PL 2011, c. 657, Pt. W, §5 (REV).]

To accomplish these objectives, the commissioner is authorized for, or on behalf of, Maine's farmers and rural community: to engage in research and educational programs; to participate directly or indirectly in programs to encourage and enable individuals to enter agricultural or other rural enterprises; to institute litigation or upon request to represent farmers or other members of the rural community in litigation where the commissioner determines that such litigation may be beneficial to agricultural industry as a whole; and to exercise all other powers of an agency of State Government. The commissioner may study such issues and, consistent with statute, take such actions either individually, for, or on behalf of, the State's farmers or rural residents, or jointly with such other persons, agencies or organizations as the commissioner determines may benefit the State's farmers and rural communities. To further accomplish these objectives, the commissioner is authorized beginning July 1, 1991, on behalf of the State's rural community, to administer food assistance programs including the receipt, distribution and administration of federal and state funds, including block grants, for food assistance. [PL 2019, c. 310, §1 (AMD).]

The commissioner may prepare and distribute printed and audio-visual materials on matters within his statutory jurisdiction. There is established within the department a revolving fund to cover the
printing and distribution costs of these materials. The commissioner shall fix the prices at which publications of the department may be sold or delivered. The department shall retain, without charge, an appropriate number of each publication for complimentary distribution. Income from the sale of publications that were charged to the revolving fund and any other moneys the commissioner may receive, from whatever source, consistent with the purposes of this section, shall be credited to the revolving fund to be used as a continuing carrying account to carry out the purposes of the revolving funds. [PL 1983, c. 10, §1 (NEW).]

The Legislature finds that the public health, safety and welfare is threatened when land immediately adjacent to farmland is developed for human habitation. 8. **Distance.** When farmland is registered for the application of agricultural chemicals, to provide some accommodation for that activity and for adjacent nonfarm developments by distancing them from each other and by providing a reasonable setback for new residential and other particularly sensitive types of development from actively used agricultural land.

   A. That consists of 5 or more contiguous acres; [PL 1989, c. 478, §1 (NEW).]
   B. That has produced a gross annual farming income of at least $2,000 per year from the sales value of farm products in one of the 2, or 3 of the 5, calendar years preceding the date of application for registration under this chapter; and [PL 2011, c. 608, §3 (AMD).]

   A. A farm support arrangement must be approved by majority vote of the municipality’s legislative body. [PL 2007, c. 301, §1 (NEW).]

In the event that a municipality’s obligation to make farm support payments ceases, the farm support arrangement and the related qualified easement are void and may not be given effect and the municipality shall provide notice of this fact to the owner of the qualified farmland and record that notice with the appropriate registry of deeds. [PL 2007, c. 301, §1 (NEW).]

SECTION HISTORY
PL 2005, c. 563, §3 (NEW).

§94. Entry fees; lien on animals or articles

1. Payment of entry fee. A person who enters an animal or article in a competition for premiums offered by a licensee must pay the entry fee in accordance with the advertised rules and regulations of the licensee, as long as the rules and regulations are not in conflict with the laws of the State or rules adopted in accordance with the laws of the State.

[PL 2005, c. 563, §3 (NEW).]

2. Lien for failure to pay. When an entry fee is not paid as required under subsection 1, a lien is created upon an animal or article to secure payment with costs. The lien may be enforced by a civil action against the person owning the animal or article, or the person entering the animal or article in the competition. Alternatively, the lien may be enforced in the same manner as liens on goods in possession.

[PL 2005, c. 563, §3 (NEW).]

3. Exception to lien. A lien under subsection 2 does not affect the ownership of an animal or article when a person who was not responsible for the entry fee and had no notice of the lien purchases the animal or article.

SECTION HISTORY

[PL 2005, c. 563, §3 (NEW).]

SECTION HISTORY
PL 2005, c. 563, §3 (NEW).

§96. Use of prohibited substance; animals entered in events

1. Prohibition on administration of prohibited substance. A person may not feed, inject, insert or otherwise administer or attempt to administer or instruct, aid or conspire with another person to
administer or employ anyone who administers or attempts to administer a prohibited substance to an animal.
[PL 2005, c. 563, §3 (NEW).]

2. Prohibited use or exhibition of drugged animal. A person may not enter or use in an event an animal that has been administered a prohibited substance. The commissioner may require that an animal be tested for the presence of a prohibited substance before, during or after an event.
[PL 2005, c. 563, §3 (NEW).]

3. Animals subject to examination; scope; request for test. An animal entered in an event is subject to examination under the direction of a licensed veterinarian or an agent of the licensed veterinarian. The licensed veterinarian, with the approval of the commissioner, may appoint technicians and agents to perform duties under this section that are not prohibited by other provisions of law. The examination may include physical, saliva, urine or blood tests or other tests or procedures that the licensed veterinarian considers necessary to carry out the purposes of this section. The licensed veterinarian may examine an animal entered in an event if that animal is on the grounds of the event. The licensed veterinarian also may examine an animal withdrawn by the owner of the animal within 24 hours prior to an event for which the animal had been entered. The pull superintendent appointed under section 99, subsection 1 may undertake a visual examination of any animal entered in an event and may request a licensed veterinarian or an agent of the licensed veterinarian to undertake an examination under this subsection.
[PL 2017, c. 207, §3 (AMD).]

4. Refusal to submit animal for examination. The owner or driver may not refuse to secure or restrain an animal for examination under this section by a licensed veterinarian or a technician or agent of the licensed veterinarian and may not interfere with the restraining or securing of an animal for that examination.
[PL 2017, c. 207, §3 (AMD).]

5. Presence of prohibited substance; prima facie evidence. If the chemical analysis of a test performed under subsection 3 indicates the presence of a prohibited substance, it is prima facie evidence that the substance has been administered to the animal. For purposes of this section, each administration of a prohibited substance to an animal and each occasion on which a prohibited substance was administered in violation of subsection 1 constitutes a separate violation.
[PL 2005, c. 563, §3 (NEW).]

6. Authority of commissioner to make rules. The commissioner may adopt rules relating to the administration of tests, the care and custody of test samples and all other matters necessary to carry out the purposes of this section. Rules adopted pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.
[PL 2005, c. 563, §3 (NEW).]

7. Responsibility of owner and driver for condition of animal. In the absence of substantial evidence to the contrary, the owner and driver of an animal are responsible for the condition of the animal, including the presence of a prohibited substance, and are charged with knowledge of all the provisions contained in this section and the rules adopted pursuant to this section. If the owner is prevented from performing the owner's duties for an animal under this subsection, by illness or other cause, or is absent from the event where an animal under the owner's care is entered and stabled, the owner shall immediately notify the secretary or general manager of the event.
[PL 2017, c. 207, §3 (AMD).]

8. Administrative hearing; suspension. In lieu of a civil action under subsection 9, the commissioner may institute an administrative proceeding on any alleged violation of this section. If the commissioner institutes an administrative proceeding, the commissioner shall give notice and an opportunity for hearing under Title 5, chapter 375, subchapter 4. Upon giving notice to a person who
is alleged to be in violation of this section, the commissioner shall immediately prohibit that person from competing in an event within the State. This prohibition remains in effect for 30 days or until the commissioner's decision following the hearing is received, whichever occurs first, except that the prohibition period is extended by any delays of the hearing requested by the person against whom the violation is alleged.

If the person against whom the violation is alleged does not request a hearing or if, after a hearing, the commissioner finds the person has committed the violation, the commissioner shall prohibit that person from competing in any event within the State for a period of 2 years for the first offense, 3 years for the 2nd offense and 5 years for the 3rd and subsequent offenses and shall also exclude the animal from competing in any event within the State for a period of one year. The commissioner may also, in an adjudicatory proceeding, in lieu of a civil action under subsection 9, impose an administrative penalty not to exceed $1,000 for a violation of this section.

The commissioner may establish, by rule, a schedule of administrative penalties for violations of this section that includes fines and prohibitions on competing. The schedule must be based on the severity of the violation. Rules adopted pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.

9. Civil violations. A person who violates subsection 1, 2 or 4 commits a civil violation for which the following may be adjudged:
   A. For the first violation, a fine of not less than $100 nor more than $500; or
   B. For a 2nd or subsequent violation, a fine of not less than $500 nor more than $1,000.

Fines adjudged under this subsection must be deposited in the General Fund.

10. Suspension. When a violation is adjudicated under subsection 9, the commissioner shall immediately suspend the person adjudicated to have committed the violation from participating in events for a period of 2 years for the first offense, 3 years for the 2nd offense and 5 years for the 3rd and subsequent offenses and shall also exclude the animal involved from competing in any event for a period of one year. An action by the commissioner based upon an adjudication under this section is automatic, and there is no right to a hearing before the commissioner on the suspension. A person who participated in an event during any period of suspension or prohibition ordered by the commissioner under this subsection or subsection 8 and the owner of any animal that competes during a period of suspension or prohibition commit an additional violation of this section.

11. Forfeiture. The owner of an animal found to have been administered a prohibited substance in violation of this section forfeits all prize money and any trophies, ribbons and points won at an event by the affected animal. The prize money and trophies, ribbons and points must be redistributed by the secretary or general manager of the event in accordance with its rules or bylaws.

12. Exception; therapeutic use of drugs. This section does not prohibit the administration to an animal of a drug the use of which is required for treatment of an illness or condition unrelated to the performance of the animal in an event. An animal in an event that receives a medication that contains a prohibited substance is not eligible for the event, unless the following requirements have been met and the information requested is submitted as a statement in writing to the secretary or general manager of the event.
A. The medication must be therapeutic and necessary for treatment of an illness or injury. [PL 2005, c. 563, §3 (NEW).]

B. The animal must be withdrawn from the event for a period of at least 24 hours after medication has been administered. [PL 2005, c. 563, §3 (NEW).]

C. Only a licensed veterinarian or an owner acting under the direction of a licensed veterinarian may administer medication. The owner may administer medication under the direction of a licensed veterinarian if the licensed veterinarian has assumed responsibility for making medical judgments regarding the health of the animal, has sufficient knowledge of the animal to make a general or preliminary diagnosis of the animal and is readily available to care for the animal in the event of an adverse reaction to medication or the failure of the owner to adhere to a therapy regimen. [PL 2017, c. 207, §6 (AMD).]

D. The amount, strength and mode of administration of medication must be identified. [PL 2005, c. 563, §3 (NEW).]

E. The statement must include the date and time of the administration of medication. [PL 2005, c. 563, §3 (NEW).]

F. The animal must be identified by name, age, sex, color and entry number. [PL 2005, c. 563, §3 (NEW).]

G. The statement must contain the diagnosis and reason for administering the medication. [PL 2005, c. 563, §3 (NEW).]

H. The statement must be signed by the person administering the medication. [PL 2005, c. 563, §3 (NEW).]

I. The statement must be filed with the secretary or general manager of the event within one hour after the administration of medication or one hour after the secretary or general manager of the event returns to duty, if the administration is at a time other than during event hours. [PL 2005, c. 563, §3 (NEW).]

J. The statement must be signed by the secretary or general manager of the event and the time of receipt of the statement must be recorded on the statement by the secretary or general manager. [PL 2005, c. 563, §3 (NEW).]

If the chemical analysis of a sample taken pursuant to subsection 3 from the animal treated under this subsection indicates the presence of a prohibited substance and all the requirements of this subsection have been met, the information contained in the statement and any other relevant evidence must be considered at a hearing provided under subsection 8 in determining whether there has been a violation of any provision of this section. [PL 2017, c. 207, §6 (AMD).]

13. Inapplicability to horse racing. This section does not affect laws governing horse racing or affect horse sales or horse auction sales when those sales are solely for the sale of racehorses or breeding stock that are used in the production of racehorses and when those sales are held or conducted on the premises of a racing association under the jurisdiction of, and with the authorization and approval of, the State Harness Racing Commission.

As used in this subsection, "racehorse" means a live horse, including a stallion, mare, gelding, ridgeling, colt or filly, that is eligible to participate in a horse racing contest in this State where pari-mutuel racing is permitted under the rules adopted by the State Harness Racing Commission. This subsection does not exempt racehorses participating in an event covered by this chapter. [PL 2005, c. 563, §3 (NEW).]

The seasonal permit covers all pulls conducted by that entity for the year in which the permit is issued. All revenue derived from the permit fees must be deposited in a nonlapsing dedicated account. [PL 2005, c. 563, §3 (NEW).]

4. Statutory rules. A permit may not be issued under this section unless the person or entity conducting the event has adopted the following rules governing the conduct of each pulling event.

   A. All drivers who are to compete in contests must have their teams ready at the published starting time. All classes must be closed after the positions are drawn. Classes must start as nearly as possible to the published time. [PL 2017, c. 207, §7 (AMD).]

This designation provides farmers an opportunity to recognize their commitment to sustainable agricultural practices and long-term resource management and to increase public awareness of agricultural producer commitment to best management practices. [PL 2017, c. 160, §1 (AMD).]

1. Application. An applicant for designation as a Maine Farm Agricultural Resource Management and Sustainability recipient shall submit a completed application for verification in accordance with subsection 3 to the department. The department shall develop an application and make it available through the offices of the soil and water conservation districts and private organizations and public agencies that support or represent farmers in the State. [PL 2017, c. 160, §1 (AMD).]

2. Eligibility. A farm is eligible for designation under this section if it engages in the management of cropland or the production of livestock, specialty crops or value-added products and meets the criteria established by the commissioner as follows:

   A. The farm consists of land classified as prime farmland, land of statewide or local importance or unique farmland by the Natural Resources Conservation Service within the United States Department of Agriculture. In counties where land of local importance has not been identified, land that is actively farmed may be eligible as provided in rules adopted under subsection 4. [PL 2009, c. 356, Pt. A, §1 (NEW).]

   B. The farm is engaged in the commercial production of agricultural products; or [PL 2017, c. 160, §1 (AMD).]

   C. The farm complies with additional criteria established in rules adopted under subsection 4. [PL 2017, c. 160, §1 (AMD).]
A farm that is farmed under a lease may be designated as long as the landowner and the lessee sign the application.
[PL 2017, c. 160, §1 (AMD).]

3. **Verification of eligibility.** An applicant for designation as a Maine Farm Agricultural Resource Management and Sustainability recipient shall submit a completed application form together with support materials as required in rules adopted under subsection 4 to the department for verification of eligibility.
[PL 2017, c. 160, §1 (AMD).]

4. **Rules.** The commissioner may adopt rules to further define the verification process under subsection 3 and establish additional eligibility criteria as needed for designation of Maine Farm Agricultural Resource Management and Sustainability recipients. The commissioner may provide signs or certificates or develop other means of recognizing a farm that has attained designation as a Maine Farm Agricultural Resource Management and Sustainability recipient. Rules adopted under this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.
[PL 2017, c. 160, §1 (AMD).]

5. **Fee.** The commissioner may charge fees as necessary for the administration of this section.
[PL 2017, c. 160, §1 (AMD).]

**SECTION HISTORY**

**§163. Pilot program for establishing agricultural districts and agriculture enhancement groups**

The commissioner may establish a pilot program to examine the effectiveness of agricultural districts in keeping farmland in agricultural production and enhancing the profitability of farming. For the purposes of this section, "pilot program" means an agricultural districts program that allows farmers to propose that the department designate their farmland as an agricultural district where commercial agriculture is encouraged and farmland protected through collaborative efforts at the state and local level. [PL 2009, c. 356, Pt. A, §2 (NEW).]

1. **Eligibility criteria for agricultural districts.** In order to be eligible to participate in the pilot program, farms must form agricultural districts. An agricultural district must be composed of 3 or more farms that are located in geographic proximity to each other, produce similar types of agricultural products or share common marketing interests. The commissioner shall review eligibility criteria for participants in agricultural districts in other states and may develop additional criteria for participation with the pilot program, including, but not limited to, minimum acreage and farm income thresholds.
[PL 2009, c. 356, Pt. A, §2 (NEW).]

2. **Benefits.** The commissioner shall review benefits accruing to participants in agricultural districts in other states. Prior to initiating the pilot program, the commissioner shall develop a description of potential benefits accruing to participants in a pilot program. Potential benefits may include, but are not limited to, scoring bonuses for competitive grants, loans or business assistance programs and for project proposals screened for submission to the Land for Maine's Future Fund under Title 5, section 6203. The commissioner shall consult with other agencies administering programs affected by the proposed benefits.
[PL 2009, c. 356, Pt. A, §2 (NEW).]

3. **Selection of regions.** The commissioner shall distribute a description of the purpose and potential benefits of forming an agricultural district. Distribution may be through public agencies and private organizations that have regular contact with farmers in the State. The description must be posted on the department's publicly accessible website. The description notice must include information on how to contact the department to express interest in learning more about or participating in an agricultural district.
Based on the response to the initial solicitation, the commissioner may designate one or more districts. Prior to making a selection, the commissioner shall communicate with local or regional planning commissions and state, local or regional land trusts to ascertain their willingness to participate in efforts to protect farmland in the proposed districts.

If more than one district is designated for the pilot program, the commissioner shall strive to select districts in different parts of the State or different sectors of the State's agricultural economy.

MANAGEMENT OF MOSQUITOES

§171. Management of mosquitoes for protection of public health; state policy

When the Department of Health and Human Services determines that the disease risk is high and public education efforts are insufficient to adequately prevent mosquito-borne diseases in the State, the Department of Health and Human Services may declare a mosquito-borne disease public health threat pursuant to Title 22, chapter 257-B and the State may undertake emergency activities to reduce disease-carrying mosquito populations that threaten the health of residents of this State. The State in undertaking emergency activities shall use a combination of the lowest risk, most effective integrated pest management techniques and science-based technology and shall consult with officials from affected municipalities in determining the most appropriate combination of response strategies.

   For purposes of this subsection, notice of the inherent risks of agritourism activities may be satisfied either by a statement signed by the participant or a sign or signs prominently displayed at the place or places where the agritourism activities take place. The statement or sign must contain the following information.

   "WARNING

Inherent risks of agritourism activities include, among others, risks of injury inherent to land, equipment and animals, as well as the potential for injury if you act in a negligent manner. You are assuming the risk of participating in this agritourism activity."

MAINE FARMS FOR THE FUTURE PROGRAM

§317. Maine Farms for the Future Program

The Maine Farms for the Future Program, referred to in this chapter as the "program," is created. The program is administered by the department, either directly or by contract with a suitable organization. The program provides a selected farm with assistance in developing a detailed business plan that involves changes in the farm's operation to increase the vitality of the farm and investment money to help implement the plan. Participants in the program are eligible to apply for reduced-interest loans from the Agricultural Marketing Loan Fund established under Title 10, section 1023-J and administered under section 435. The department shall organize a review panel, referred to in this chapter as the "panel," to evaluate and approve applications for participation in the program and for investment support. [PL 2007, c. 660, §1 (AMD).]

SECTION HISTORY

§318. Business plan development
1. **Eligibility.** An applicant must own a farm that has been producing agricultural products commercially in the State for at least 2 years at the time of application. The applicant must submit an application to the department to be eligible for participation in the program pursuant to procedures developed by the department. [PL 2007, c. 660, §2 (AMD).]

2. **Criteria for selection.** The panel shall evaluate and approve applications that are based upon criteria developed by the department, including:

   A. The degree of opportunity for increasing the vitality of the farm due to factors such as the capability of the applicant to effect positive changes in farm operations and the suitability of the land in agricultural use to sustain those changes; and [PL 1999, c. 763, §1 (NEW).]

   B. The degree of threat to the continuation of agricultural use of the land due to factors such as the financial capacity and current farm management practices of the applicant. [PL 2003, c. 167, §1 (AMD).] [PL 2003, c. 167, §1 (AMD).]

3. **Services package; reimbursement.** Once an applicant is selected to participate in the program, the department shall assist the selected farm in assembling a services package to develop the business plan within 18 months of the selection. These services must include:

   A. Outside experts to provide services such as analyzing production practices and markets or developing financial data; and [PL 2007, c. 660, §3 (AMD).]

   B. Department-approved instruction or classroom training in economics and business planning for the owner or operator of the farm. [PL 2007, c. 660, §3 (AMD).] A services package must be approved by the department before it is implemented. The department shall pay for outside services contracted as part of an approved services package. The department may not pay more than $10,000 for outside services contracted as part of the services package to a selected farm. The department shall keep an accounting of the services provided to a selected farm as part of the services package. [PL 2007, c. 660, §3 (AMD).]

4. **First farmland protection agreement.** [PL 2003, c. 167, §2 (RP).]

5. **Business plan requirements.** A selected farm must use a services package to develop a business plan that identifies changes in farm management practices and investments in equipment and property that would increase the vitality of the farm. [PL 1999, c. 763, §1 (NEW).]

**SECTION HISTORY**

§319. **Investment support**

1. **Eligibility.** A selected farm that has completed a business plan pursuant to section 318 is eligible to apply for funding to implement the plan. The applicant may apply for a reduced-interest loan from the Agricultural Marketing Loan Fund under chapter 101, subchapter 1-D and for a grant in exchange for a farmland protection agreement under subsection 4. A farmer requesting a grant in exchange for a farmland protection agreement must own at least 5 acres of land in agricultural use at the time of application. [PL 2007, c. 660, §4 (AMD).]

2. **Award of grants.** The panel shall develop a competitive process to determine the farms that receive grants to implement a business plan in exchange for a farmland protection agreement under
subsection 4 and farms that are eligible to apply for a reduced-interest loan under section 435, subsection 3-A. This determination must be based upon selection criteria developed by the department including:

A. The viability of the business plan; [PL 1999, c. 763, §1 (NEW).]
B. The degree of threat to the continuation of agricultural use of the land due to factors such as the financial capacity and current farm management practices of the applicant; and [PL 2003, c. 167, §3 (AMD).]
C. The degree to which the business plan would accomplish broader objectives such as the protection of water resources, wildlife habitat, open space and scenic and cultural amenities. [PL 1999, c. 763, §1 (NEW).]

When possible, the panel shall award grants to applicants representing diverse agricultural enterprises and geographic areas of the State. [PL 2007, c. 660, §4 (AMD).]

3. Uses and limitations of funding. Any funds provided by the department pursuant to this section must be used to implement the business plan either in the plan's original form or in a subsequent amended version that has been approved by the department. For a farm applying for and receiving a loan from the Agricultural Marketing Loan Fund, the loan requirements and limitations under chapter 101, subchapter 1-D and Title 10, section 1023-J apply. For a farm receiving a grant, the department may provide funds to implement the business plan in an amount not to exceed $25,000 or 25% of the total investments identified by the business plan, whichever is less. [PL 2007, c. 660, §4 (AMD).]

4. Farmland protection agreement. A farm selected to receive a grant under subsection 2 must enter into a 7-year farmland protection agreement with the department before the department provides investment support pursuant to this section. The agreement must provide that the farm will protect the land in agricultural use from nonagricultural development for the period of the agreement. A selected farm may terminate the farmland protection agreement at any time if the farm repays the department for any funds provided to the farm by the department pursuant to this section. [PL 2007, c. 660, §4 (AMD).]

5. Review of business plan. The department shall arrange to review the business plan for a farm selected to receive a grant under subsection 2 within 2 years of the date the grant is awarded. [PL 2007, c. 660, §4 (NEW).]

GRADERS AND STANDARDS FOR FARM PRODUCTS

§441. Rules

The commissioner may prescribe, in a manner consistent with the Maine Administrative Procedure Act, rules for carrying out this subchapter, including the fixing of fees to be charged any individual, firm or organization requesting an inspection pursuant to section 446 or receiving an inspection pursuant to section 951. These fees must, as nearly as possible, cover the costs of the inspection services for the commodity inspected. All fees collected must be paid by the commissioner to the Treasurer of State and are appropriated for the purposes of this subchapter. Any unexpended balance from the funds thus appropriated may not lapse, but must be carried forward to the same fund for the next fiscal year. [PL 1995, c. 298, §1 (AMD).]

SECTION HISTORY

§441-A. Legislative purpose

The Legislature finds that Maine agricultural producers have, in many cases, tended to focus on production, with less attention to marketing, including the adoption of and adherence to quality standards. Consistent high quality of Maine agricultural products is essential to the maintenance and expansion of Maine markets and to the success of agriculture in the State. In order to assure that those quality standards are properly adopted, enforced and promoted, the Legislature finds it is necessary to provide state assistance in these aspects of marketing. [PL 1983, c. 563, §3 (NEW).]

SECTION HISTORY

PL 1983, c. 563, §3 (NEW).

§441-B. Federal-State Inspection Fund

There is established the Federal-State Inspection Fund, referred to in this section as the "fund." The fund receives all revenues collected by the Federal-State Inspection Service from conducting inspections and inspection-related work including but not limited to inspection fees, fees from state and federal agencies and grants or other funds received by the Federal-State Inspection Service in support of operating a statewide inspection program. All money collected must be deposited in the fund to be used for the management and operation of the Federal-State Inspection Service. Unexpended balances in the fund do not lapse and must be carried forward to be used for the purposes specified in this section. [PL 1997, c. 24, Pt. OO, §1 (NEW).]

Any interest earned on the revenue deposited in the fund only accrues to the fund. [PL 1997, c. 643, Pt. MM, §1 (AMD).]

SECTION HISTORY

§442. Hearings

The commissioner may establish and promulgate official grades and standards for farm products, excepting dairy products produced within the State for the purposes of sale, and may from time to time amend or modify such grades and standards. Before establishing, amending or modifying any such grades or standards, the said commissioner shall hold public hearings in such places within the State as shall be most convenient to producers of the commodity under consideration. Notice of such hearings shall be provided in the manner specified in the Maine Administrative Procedure Act and shall further
be provided in a newspaper or newspapers of general circulation within the county where the hearing is to be held. [PL 1977, c. 694, §47 (AMD).]

SECTION HISTORY
PL 1977, c. 694, §47 (AMD).

§443. Brands, labels and trademarks; revocation

The commissioner may determine or design brands, labels or trademarks for identifying farm products, sardines and, subject to the additional conditions of this section, other natural resource products and commodities, packed in accordance with such official grades and standards established as provided by law and may furnish information to packers and shippers as to where those labels and trademarks may be obtained. A written application to the commissioner requesting permission to use brands, labels or trademarks, and a written acceptance by the commissioner or duly authorized assistants, shall be a condition precedent to the use of those brands, labels or trademarks. The right to use those brands, labels or trademarks may be suspended or revoked in a manner consistent with the Maine Administrative Procedure Act, Title 5, chapter 375, whenever it appears on investigation that they have been used to identify farm products, sardines or other natural resource products and commodities not in fact conforming to the grade indicated. [PL 1989, c. 670, §1 (AMD).]

1. Nonagricultural products. Before any natural resource product or commodity that is not a farm product is eligible to use a brand, label or trademark designed by the Commissioner of Agriculture, Conservation and Forestry, a commissioner of any other department with regulatory authority, marketing or promotion responsibility or other authority for that product or commodity shall determine whether the use of the brand, label or trademark is in the best interests of packers and shippers of the product or commodity and shall request that the Commissioner of Agriculture, Conservation and Forestry permit the use of the brand, label or trademark in accordance with the provisions of this subchapter. Grades and standards may be established by reference to marketing orders or to federal or state laws and regulations. Grades and standards may also be established through joint rulemaking by the appropriate department and the Department of Agriculture, Conservation and Forestry. [PL 1989, c. 670, §1 (NEW); PL 2011, c. 657, Pt. W, §§5, 6 (REV).]

2. Marine resource products. All marine resource products, as defined in Title 12, section 6001, except sardines, are excluded from the provisions of this subchapter except when the Commissioner of Marine Resources finds that a resource and its related industry would benefit by participation. [PL 1989, c. 670, §1 (NEW).]

SECTION HISTORY

§443-A. Native produce

1. Prohibition. Farm produce sold or offered for sale within the State may not be labeled or advertised as "native," "native-grown," "locally grown" or by a similar designation, unless that product was actually grown in the State. [PL 1995, c. 294, §1 (NEW).]

5. Enforcement; prima facie evidence. The commissioner or an agent of the commissioner may request proof of the origin of farm produce for the purpose of enforcing this section. Failure to provide written documentation or other reasonable proof upon request as to the origin of the produce offered for sale is prima facie evidence that a person is in violation of this section.

§443-B. Certification trademark for Maine products

1. Registration of trademark. The Commissioner of Agriculture, Food and Rural Resources shall, before December 31, 1988, apply to the United States Patent and Trademark Office for registration for a certification trademark or trademarks consisting of a seal in the form of the outline of the State, the word "Maine" and any other appropriate identifying words. Any certification trademark obtained may only be used on farm products or other natural resource products and commodities, as provided in section 443, produced within the State. Any certification trademark obtained may be registered with the State in accordance with Title 10, chapter 301-A.

2. Origin of product. For purposes of this section, the commissioner shall define, by rule, for each commodity group, the meaning of the term "produced within the State" and the minimum percent of the content of any package that must have actually been produced within the State to meet the requirements for use of any mark under this section.

The commissioner shall grant a waiver to the minimum content criteria when emergency market conditions arise which are abnormal to the historic flow of a specific commodity, with the degree of the waiver to be determined by the commissioner. The commissioner shall determine what constitutes an emergency condition.

3. Quality grades and standards. Any product bearing a certification trademark obtained under this section shall meet the official grades and standards established in accordance with section 443 for that commodity.

4. Promotion. The commissioner shall contract for services to promote the use of the proposed state trademark.

§444. Publicity

Upon the establishment of the grades or standards, brands, labels or trademarks, the commissioner shall give due publicity through the newspapers of the State, setting forth the grade or grades so established and the date on which such establishment is to become effective, and distribute information explaining the same and their use.

§445. Permits

1. Violation. After notice of the establishment of grades or standards and the determination of brands, labels or trademarks, a person may not use a brand, label or trademark to identify farm products.
and sardines as being of a grade established before a permit is granted or after the revocation of the right to use such brand, label or trademark by the commissioner. [PL 2003, c. 452, Pt. B, §1 (NEW); PL 2003, c. 452, Pt. X, §2 (AFF).]  

2. Penalty. The following penalties apply to violations of this section.

A. A person who violates subsection 1 commits a civil violation for which a fine of not more than $50 may be adjudged. [PL 2003, c. 452, Pt. B, §1 (NEW); PL 2003, c. 452, Pt. X, §2 (AFF).]  
B. A person who violates subsection 1 after having previously violated subsection 1 commits a civil violation for which a fine of not more than $200 may be adjudged. [PL 2003, c. 452, Pt. B, §1 (NEW); PL 2003, c. 452, Pt. X, §2 (AFF).]

SECTION HISTORY

§446. Inspections

The commissioner or the commissioner's duly authorized agents may inspect any fruits, vegetables, poultry, eggs, farm products, livestock or other commodities that are marked, branded or labeled in accordance with official grades or standards established and adopted by the commissioner for the purpose of determining and certifying the quality and condition thereof and other material facts relative thereto. Certificates issued in pursuance of that inspection and executed by the inspector must state the date and place of inspection, the grade, condition and approximate quality of the fruits, vegetables, poultry, eggs, farm products, livestock or other commodities inspected and such other pertinent facts as the commissioner may require. Such a certificate relative to the condition or quality of the farm products is prima facie evidence in all courts of the State of the facts required to be stated in the certificate. [PL 2003, c. 386, §1 (AMD).]

SECTION HISTORY

§447. Access for inspection purposes

The commissioner, in person or by deputy, shall have free access at all reasonable hours to any building or other place wherein it is reasonably believed that farm products are marked, branded or labeled in accordance with official grades established and promulgated by the said commissioner or are being marketed or held for commercial purposes. He shall have power in person or by deputy to open any bags, crates or other containers containing said farm products and examine the contents thereof and may, upon tendering the market price, take samples therefrom. Whoever obstructs or hinders the commissioner or any of his duly qualified assistants in the performance of his duties under this subchapter commits a civil violation for which a forfeiture of not less than $10 nor more than $100 shall be adjudged. [PL 1977, c. 696, §58 (AMD).]

SECTION HISTORY
PL 1977, c. 696, §58 (AMD).  

§448. Quality assurance

The commissioner shall, in conjunction with the Maine Agricultural Experiment Station, the Cooperative Extension Service and other public or private agencies, maintain a program of quality assurance by the diligent enforcement of all provisions of this Part which pertain to grading, labeling, licensing and advertising of agricultural products, and by providing direct and indirect assistance to the industry in the adoption of those new technologies and methods of production which will improve the quality of Maine agricultural products. [PL 1983, c. 563, §4 (NEW).]
SUBCHAPTER 2-A  

LICENSING OF DEALERS IN AGRICULTURAL COMMODITIES  

§451. Purpose  
The Legislature finds that agricultural production has a substantial and unique effect on the economy and way of life of the entire State. Large numbers of the people in the State are directly or indirectly dependent on agricultural production and related industries. It is of vital importance that producers be assured of payment for their production in order to assure commensurate stability in the productive capacity and economy. To a great extent the well-being of the industry is dependent upon those persons engaged in the buying and marketing of the agricultural commodities grown by others and the manner in which their services are performed. The entire manner of marketing of our agricultural production requires special consideration.  

The Legislature intends through this legislation to exercise the police power of the State in order to protect and promote the general welfare of the agricultural producers and the people of the State and maintain and encourage fair and equitable practices in the purchase, handling and sale of agricultural commodities, which will, in turn, have the beneficial effect of improving the economy and well-being of the entire State.

All fees collected under this subchapter shall be paid forthwith to the Treasurer of State and credited to the Department of Agriculture, Conservation and Forestry for the administration of this subchapter and other expenses incident to the administration of the department, and shall be expended by the commissioner for the purposes for which the department is created. If any fees are not expended during the year in which they are collected, the unexpended balance shall not lapse, but shall be carried as a continuing account available for the purposes specified, until expended. [PL 1981, c. 139 (NEW); PL 2011, c. 657, Pt. W, §5 (REV).]
§456. Complaints; investigation; hearings

The commissioner or his duly authorized agent may investigate, upon the complaint of any interested person, or on his own motion, the conduct and activities of any person applying for or holding a license under this subchapter and, for that purpose, may examine the books and papers of any applicant or licensee and may require testimony and affidavits thereon under oath. The commissioner may, in a manner consistent with the Maine Administrative Procedure Act, conduct such hearings as he deems necessary pursuant to this subchapter. He shall have full power to subpoena such witnesses and documents as he deems necessary. [PL 1981, c. 139 (NEW).]

§457. Refusal, suspension, revocation of license

1. Acts enumerated. The commissioner or his duly authorized agent may refuse to grant a license, after notice and opportunity for a hearing is provided in a manner consistent with the Maine Administrative Procedure Act as to adjudicatory proceedings, upon a finding that any of the following acts have occurred:

A. That fraudulent charges or returns have been made by the applicant or licensee for the handling, sale or storage of licensed commodities or for the rendering of any service in connection with the handling, sale or storage of licensed commodities; [PL 1981, c. 139 (NEW).]

B. That the applicant or licensee has failed or refused to render a true account of sales, or to make a settlement thereon, within the time and in the manner required by this subchapter or has failed to or refused to pay for licensed commodities purchased by the applicant or licensee within 30 days after acceptance of the licensed commodities; [PL 1981, c. 139 (NEW).]

C. That the applicant or licensee has knowingly made any false material statement as to the condition, quality or quantity of licensed commodities received, handled, sold, purchased or stored by him; [PL 1981, c. 139 (NEW).]

D. That the applicant or licensee has knowingly made any substantial misrepresentation as to the condition of the market for licensed commodities; [PL 1981, c. 139 (NEW).]

E. That the applicant or licensee has defrauded or attempted to defraud a producer; [PL 1981, c. 139 (NEW).]

F. That the applicant or licensee to whom any consignment is made has reconsigned the consignment to another dealer, processor, broker or agent and has received, collected or charged by such means more than one commission for making the sale for the consignor without previously obtaining the written consent of the consignor; [PL 1981, c. 139 (NEW).]

G. That the applicant or licensee knowingly made any false material statements in the procurement of a license under this subchapter; [PL 1981, c. 139 (NEW).]

H. That the applicant or licensee has not accounted promptly and properly to the producer with regard to any claim settled or collected by him for the producer; [PL 1981, c. 139 (NEW).]

I. That the applicant or licensee has failed or refused, upon demand, to permit the commissioner or his agents to make the investigations, examinations or audits as provided in this subchapter or that the applicant or licensee has removed or sequestered any books, records or papers necessary to any such investigations, examinations or audits or has otherwise obstructed the same; [PL 1981, c. 139 (NEW).]
J. That the applicant or licensee has failed or refused to keep and maintain the records as required by this subchapter; or [PL 1981, c. 139 (NEW).]

K. That the applicant or licensee has committed any act or conduct with regard to the handling, sale or storage of licensed commodities, whether of the same or different character than specified in this subsection, which constitutes or demonstrates bad faith, incompetency, untrustworthiness or dishonest, fraudulent or improper dealings. [PL 1981, c. 139 (NEW).]

2. District Court. The District Court may, in a manner consistent with the Maine Administrative Procedure Act, suspend or revoke a license upon finding that the licensee has committed any of the Acts enumerated in subsection 1. Any order revoking or suspending a license may, within the discretion of the District Court, be made conditional upon the settlement, adjustment or satisfaction of the consequence of the violation or violations as specified and the operation of such an order may be deferred for that purpose. Any order may contain provisions for its modification or dismissal upon presentation to the District Court of evidence that the matter of complaint has been settled, adjusted or withdrawn at any time before the order becomes final. [PL 1981, c. 139 (NEW); PL 1999, c. 547, Pt. B, §78 (AMD); PL 1999, c. 547, Pt. B, §80 (AFF).]

3. Notification of insufficient payment or nonpayment. Producers may notify the commissioner of insufficient payment or nonpayment for licensed commodities delivered to any agent, broker, dealer or processor in violation of subsection 1, paragraph B. In addition to any other remedies available under this subchapter:

A. The commissioner or his agent, upon notification by a producer of insufficient payment or nonpayment, shall immediately investigate the complaint and shall, in a manner consistent with the provisions of the Maine Administrative Procedure Act, hold a hearing. The person accused of nonpayment, the respondent, shall provide the commissioner with a copy of the contract, if any, and all other materials and information necessary to enable the commissioner to carry out this section. Upon finding that the respondent has violated the contract or other obligation, express or implied, the commissioner shall require the respondent to post a bond sufficient to cover the debt owed to the producer or producers. Failure to post the bond shall be considered a violation of this subchapter and each day failure continues shall be considered a separate violation; [PL 1981, c. 139 (NEW).]

B. The commissioner may require the licensee, accused of or found after a hearing to be in default of payment to a producer, to submit a payment schedule to the commissioner. In the event that the schedule of payment proposed is not satisfactory to the commissioner, he may establish the schedule of payment; and [PL 1981, c. 139 (NEW).]

C. The commissioner may file a complaint with the District Court to compel the posting of a bond required under paragraph A and to suspend the license of any licensee who fails to conform to the payment schedule established in this subsection until the producer is paid the total claim to which the producer is entitled. Upon the filing of a complaint by the commissioner in the District Court, the licensee shall post a bond sufficient to cover the total claim on the date on which the complaint is filed. The bond required in a court proceeding may be waived by the District Court in the event that the bond required in paragraph A is valid and sufficient to cover the total claimed. Nothing in this subsection may be construed to prohibit a producer from seeking redress for insufficient payment or nonpayment from licensees in any court or in accordance with any other state and federal procedure established to obtain redress. [PL 1981, c. 139 (NEW); PL 1999, c. 547, Pt. B, §78 (AMD); PL 1999, c. 547, Pt. B, §80 (AFF).]
SECTIONS 458. Exemptions

1. Producers. Producers are exempt from this subchapter when selling licensed commodities which they have grown, which they are presently growing or which they intend to grow.

2. Other persons. The commissioner, by rule, may provide an exemption from this subchapter for persons who deal in quantities of licensed commodities sufficiently small so as not to require the imposition of the standards of financial responsibility established by this subchapter.

3. Retailers. A retailer who sells licensed commodities to consumers is exempt from this subchapter with respect to those sales.

SECTIONS 459. Forfeiture of bond; recovery on bond

If a licensee fails to make payment as provided in section 457, subsection 1, paragraph B, that licensee by reason of the nonpayment is in default as to all producers or licensees whose accounts then remain unpaid and the bond provided for must be forfeited to the extent of all sums then due from the licensee to the producers or licensees. Whenever the commissioner determines that a licensee has failed to make payment, the commissioner shall provide notice, in a manner consistent with the Maine Administrative Procedure Act, that payment under the bond will be sought and indicating the time within which other producer or licensee claims may be made known to the commissioner. Upon determination of the commissioner that there has been a default in payment by a licensee, the conditions of the bond are deemed to be broken and the commissioner may bring action on the defaulted bond for the benefit of producers or licensees. Whenever the amount of the bond is not sufficient to cover all valid claims, the commissioner shall distribute the amount available on a pro rata basis.

SECTIONS 460. Violations

Any person who commits any of the actions specified in section 457, except in section 457, subsection 1, paragraph B, or otherwise fails, neglects or refuses to comply with the provisions of this subchapter or any rule promulgated hereunder is subject to the following civil penalties payable to the State, to be recovered in a civil action:

1. First violation. For the first violation, a civil penalty not to exceed $1,000; and

2. Subsequent violation. For each subsequent violation, a civil penalty not to exceed $3,000.

The commissioner may recover the penalties imposed for violations in a civil action brought in his own name and, if he prevails in that action, he may recover full costs. The District Court and the
Superior Court shall have concurrent jurisdiction of the actions. The Attorney General and the several district attorneys shall provide assistance to the commissioner. [PL 1981, c. 139 (NEW).]

All penalties received under this subchapter shall be paid to the Treasurer of State for deposit in the General Fund. [PL 1981, c. 139 (NEW).]

SUBCHAPTER 4
HAZARDOUS SUBSTANCES LABELING ACT
§501. Title

This subchapter shall be known and may be cited as the "Uniform Hazardous Substances Labeling Act." [PL 1965, c. 65 (NEW).]

SECTION HISTORY
PL 1965, c. 65 (NEW).

§502. Definitions

As used in this subchapter, unless the context otherwise indicates, the following terms shall have the following meanings.

2. Corrosive. "Corrosive" means any substance which in contact with living tissue causes destruction of tissue by chemical action; but does not refer to action on inanimate surfaces.

3. Department. "Department" means the Department of Agriculture, Conservation and Forestry.

4. Flammable. "Flammable" means any substance which has a flashpoint of above 20 degrees to and including 80 degrees Fahrenheit as determined by the Tagliabue Open Cup Tester, except that the flammability of solids and of the contents of self-pressurized containers is determined by methods generally applicable to such containers and established by regulations issued by the commissioner and "extremely flammable" means any substance which has a flashpoint at or below 20 degrees Fahrenheit as determined by the Tagliabue Open Cup Tester.

5. Hazardous substance. "Hazardous substance" means any substance or mixture of substances which is toxic, corrosive, an irritant, strong sensitizer, flammable, or which generates pressure through decomposition, heat or other means and which may cause substantial personal injury or illness during any customary or reasonable anticipated handling or use including reasonably foreseeable ingestion by children and also means any radioactive substance, if, with respect to such substance as used in a particular class of article or as packaged, the commissioner determines by regulation that the substance is sufficiently hazardous to require labeling in accordance with this subchapter in order to protect the public health.

6. Highly toxic. "Highly toxic" means any substance which produces death within 14 days in at least half of a group of 10 or more laboratory white rats each weighing between 200 and 300 grams, when a single dose of 50 milligrams or less per kilogram of body weight, is orally administered or when inhaled continuously for a period of one hour or less at an atmospheric concentration of 200 parts per million by volume or less of gas, vapor, mist or dust, or which produces death within 14 days in at least half of 10 or more rabbits tested in a dosage of 200 milligrams or less per kilogram of body weight, when administered by continuous contact with the bare skin for 24 hours or less.

If the commissioner finds that available data on human experience with any substance indicate results different from those on animals in the above-named dosages or concentrations, the human data shall take precedence.

7. Household use. "Household use" means any use, or intended use of an article in or about the living area or living quarters of a house, apartment house or other place of abode.

[PL 1965, c. 65 (NEW).]
8. **Immediate container.** "Immediate container" does not include package liners. [PL 1965, c. 65 (NEW).]

9. **Irritant.** "Irritant" means any substance, not corrosive, which on immediate, prolonged or repeated contact with normal living tissue will induce inflammatory reaction. [PL 1965, c. 65 (NEW).]

10. **Label.** "Label" means a display of written, printed or graphic matter upon or attached to the immediate package or container of any substance; and a requirement made by or under authority of this subchapter that any word, statement or other information appear on the label shall not be considered to be complied with unless such word, statement or other information also appears on the outside container or wrapper, if any there be, unless it is easily legible through the outside container or wrapper, and on all accompanying literature where there are directions for use, written or otherwise. [PL 1965, c. 65 (NEW).]

11. **Misbranded package.** "Misbranded package" or "misbranded package of a hazardous substance" means a hazardous substance in a container intended or suitable for household use unless the product bears a label with the information specified in section 507, except as otherwise provided by or pursuant to this subchapter. [PL 1965, c. 65 (NEW).]

12. **Person.** "Person" means and includes any corporation, association, copartnership or one or more individuals. [PL 1965, c. 65 (NEW).]

14. **Strong sensitizer.** "Strong sensitizer" means any substance which will cause on normal living tissue through an allergic or photodynamic process a hypersensitivity which becomes evident on reapplication of the same substance and which is designated as such by the commissioner. Before designating any substance as a strong sensitizer, the commissioner shall find that the frequency of occurrence and severity of the reaction indicate a significant potential for causing hypersensitivity. [PL 1965, c. 65 (NEW).]

15. **Toxic.** "Toxic" means any substance other than a radioactive substance, which has the inherent capacity to produce bodily injury or illness to man through ingestion, inhalation or absorption through any body surface. [PL 1965, c. 65 (NEW).]

Carriers engaged in commerce, and persons receiving hazardous substances in commerce or holding such substances so received, shall upon the request of an officer or employee duly designated by the department permit such officer or employee, at reasonable times, to have access to and to copy all records showing movement in commerce of any hazardous substance, or the holding thereof during or after such movement, and the quantity, shipper and consignee thereof. It is unlawful for any such carrier or person to fail to permit access to and copying of any such records so requested when such request is accompanied by a statement in writing specifying the nature or kind of hazardous substance to which the request relates. Evidence obtained under this section shall not be used in a criminal prosecution of the person from whom obtained and carriers shall not be subject to the other provisions of this subchapter by reason of their receipt, carriage, holding or delivery of hazardous substances in the usual course of business as carriers. §506. **Withdrawal from sale; condemnation and confiscation**

1. **"Withdrawal from sale" orders.** When the commissioner finds by inspection or examination of a hazardous substance that it is being sold or distributed in violation of any of the provisions of this subchapter, he may issue and enforce a written or printed "withdrawal from sale" order warning the distributor not to dispose of the hazardous substance in any manner until written permission is given by the commissioner or the court. The issuance of such an order shall not be considered licensing or an adjudicatory proceeding as defined by the Maine Administrative Procedure Act. The commissioner shall release the hazardous substance so withdrawn when the provisions and regulations have been complied with and all costs and expenses incurred in the withdrawal have been paid. If compliance is not obtained within 30 days, the commissioner may begin proceedings for condemnation. [PL 1977, c. 694, §50 (AMD).]

2. **Condemnation and confiscation.** Any hazardous substance not in compliance with this subchapter shall be subject to seizure on complaint of the commissioner to a court of competent jurisdiction in the area in which said hazardous substance is located. In the event the court finds the said hazardous substance to be in violation of this subchapter, and orders the condemnation of said
hazardous substance, it shall be disposed of in any manner consistent with the quality of the hazardous substance and the laws of the State. In no instance shall the disposition of said hazardous substance be ordered by the court without first giving the claimant an opportunity to apply to the court for release of said hazardous substance or for permission to process or relabel said hazardous substance to bring it into compliance with this subchapter. [PL 1965, c. 65 (NEW).]

SECTION HISTORY

§507. Labeling provisions

It is unlawful for any person to distribute, sell or offer for sale within the State or deliver for transportation or transport in intrastate commerce or between points within this State through any point outside this State any of the following: [PL 1965, c. 65 (NEW).]

1. Household use. Any hazardous substance intended or suitable for household use, unless there is affixed to the container, a label bearing:

   A. The name and address of the manufacturer, packer or distributor; [PL 1965, c. 65 (NEW).]

   C. One of the following words: "Danger," "Warning" or "Caution." The word "Danger" shall be used for substances which are highly toxic, extremely flammable or corrosive. The word "Warning" or "Caution" shall be used on all other hazardous substances; [PL 1965, c. 65 (NEW).]

2. Statement. Any statements required under this subchapter shall be located prominently and shall be in the English language in conspicuous and legible type in contrast by typography, layout or color with other printed matter on the label. [PL 1965, c. 65 (NEW).]

If the commissioner finds that, because of the size of the package involved or because of the minor hazard presented by the substance contained therein, or for other good and sufficient reasons, full compliance with the labeling requirements otherwise applicable under this subchapter is impracticable
or is not necessary for the adequate protection of the public health and safety, the commissioner shall promulgate regulations exempting such substance from these requirements to the extent he determines to be consistent with adequate protection of the public health and safety, or if the commissioner finds that the requirements of this section are not adequate for the protection of the public health and safety in view of the special hazard presented by any particular hazardous substance, he may by regulation establish such reasonable variations or additional label requirements as he finds necessary for the protection of the public health and safety; and any container of such hazardous substance, intended or suitable for household use, which fails to bear a label in accordance with such regulations shall be a misbranded package of a hazardous substance. [PL 1965, c. 65 (NEW).]

Whenever in the judgment of the commissioner, such action will promote the objectives of this subchapter by avoiding or resolving uncertainty as to its application, the commissioner may by regulation declare to be a hazardous substance, for the purposes of this subchapter, any substance or mixture of substances which he finds meets the requirements of section 502, subsection 5. [PL 1965, c. 65 (NEW).]

SECTION HISTORY
PL 1965, c. 65 (NEW).

§508. Unlawful acts

1. Alteration. For any person to detach, alter, deface or destroy, in whole or in part, any label or labeling provided for in this subchapter or the rules and regulations promulgated hereunder, or to add any substance to, or take any substance from a hazardous substance in a manner that may defeat the purposes of this subchapter; [PL 1965, c. 65 (NEW).]

2. Use of information. For any person to use for his own advantage or to reveal, other than to the commissioner, or officials or employees of the commissioner or officials or employees of the United States Department of Agriculture, or other federal agencies, or to the courts in response to a subpoena, or to physicians, and in emergencies to pharmacists and other qualified persons for use in the preparation of antidotes, in accordance with such directions as the commissioner may prescribe, any information relative to formulas of products acquired by authority of this subchapter; [PL 1965, c. 65 (NEW).]

The reuse of a food, drug or cosmetic container as a container for a hazardous substance is an act that
results in the hazardous substance being a misbranded package. For the purposes of this subsection and section 509, "drug" has the same meaning as defined in Title 32, section 13702-A, subsection 11. [PL 2007, c. 695, Pt. B, §1 (AMD).]

The term "misbranded": [PL 2005, c. 620, §4 (AMD).]

1. **False, misleading or inconspicuous labeling.** As applied to any pesticide subject to this subchapter means that:

   A. Its labeling bears any statement, design or graphic representation relative to the pesticide or to its ingredients that is false or misleading in any particular; [PL 2005, c. 620, §4 (AMD).]

   B. It is an imitation of or is distributed under the name of another pesticide; or [PL 2005, c. 620, §4 (AMD).]

   C. Any word, statement or other information required to appear on the label or labeling is not prominently placed thereon with such conspicuousness, as compared with other words, statements, designs or graphic matter, in the labeling and in such terms as to render it likely to be read and
understood by the ordinary individual under customary conditions of purchase and use; or [PL 2005, c. 620, §4 (AMD).]

2. Lack of certain information. As applied to any pesticide means that:

A. The labeling does not contain a statement of the use classification under which the product is registered; [PL 2005, c. 620, §4 (AMD).]

B. The labeling accompanying it does not contain directions for use that are necessary for effecting the purpose for which the product is intended and that, if complied with, together with any requirements imposed under FIFRA, Section 3(d), are adequate to protect health and the environment; [PL 2005, c. 620, §4 (AMD).]

B-1. The label does not contain a warning or caution statement that may be necessary and that, if complied with, together with any requirements imposed under FIFRA, Section 3(d), would be adequate to protect the health and environment; [PL 2005, c. 620, §4 (NEW).]

B-2. The label does not bear an ingredient statement on that part of the immediate container, and on the outside container and wrapper of the retail package, if there is one, through which the ingredient statement on the immediate container cannot be clearly read, which is presented or displayed under customary conditions of purchase. The pesticide is not misbranded if the ingredient statement appears prominently on another part of the container as permitted pursuant to FIFRA, Section 2(q)(2)(A) if the size or form of the container makes it impracticable to place it on the part of the retail package that is presented or displayed under customary conditions of purchase; [PL 2005, c. 620, §4 (NEW).]

C. There is not affixed to its container, and to the outside container or wrapper of the retail package, if there is one, through which the required information on the immediate container cannot be clearly read, a label bearing:

   (1) The name, brand or trademark under which the pesticide is sold;
   (4) The net weight or measure of the content;
   (5) The name and address of the manufacturer, registrant or person for whom manufactured; and

D. The pesticide contains any substance or substances in quantities highly toxic to human beings unless the label bears, in addition to other label requirements:

   (1) The skull and crossbones;
   (2) The word "POISON" in red prominently displayed on a background of distinctly contrasting color; and
   (3) A statement of a practical treatment, including first aid or otherwise, in case of poisoning by the pesticide; or [PL 2005, c. 620, §4 (AMD).]

E. The pesticide container does not bear a registered label or the label does not contain all the information required by this subchapter or the rules adopted under this subchapter. [PL 2005, c. 620, §4 (AMD).]

[PL 2005, c. 620, §5 (AMD).]

SECTION HISTORY

§607. Registration

1. Conditions requiring registration. A pesticide may not be distributed in this State unless it is registered with the board in accordance with the provisions of this subchapter, except that registration is not required if:

A. A pesticide is shipped from one plant or warehouse to another plant or warehouse operated by the same person and is used solely at that plant or warehouse as a constituent part to make a pesticide that is registered under the provisions of this subchapter; or [PL 2005, c. 620, §6 (NEW).]

B. A pesticide is distributed under the provisions of an experimental use permit issued by EPA. [PL 2005, c. 620, §6 (NEW).]

2. Contents of statement made by applicant. The applicant for registration shall file a statement with the board, which must include:

[PL 2005, c. 620, §6 (AMD).]

3. Submission of formula. The board, when it determines it necessary in the administration of this subchapter, may require the submission of the complete formula of any pesticide, including the active and inert ingredients. [PL 2005, c. 620, §6 (AMD).]

4. Test results. The board may require a full description of all tests made and the results of those tests on any pesticide not registered pursuant to FIFRA, Section 3 or on any pesticide on which restrictions are being considered by the board. In the case of renewal of registration, the board may require a statement only with respect to test result information that is different from that furnished when the pesticide was registered or last reregistered. [PL 2005, c. 620, §6 (AMD).]

5. Power to require other information. The board may by rules adopted under section 610 require the submission of other necessary information. [PL 2005, c. 620, §6 (AMD).]

5-A. Confidentiality. Notwithstanding Title 1, section 402, data submitted pursuant to subsections 3, 4 and 5 that have been determined confidential by the Administrator of the United States
Environmental Protection Agency in accordance with 7 United States Code, Section 136h (2007) are confidential and may not be available for public inspection.

[PL 2007, c. 597, §8 (AMD).]

6. Registration fee; programs funded. The applicant desiring to register a pesticide must pay an annual registration fee of $160 for each pesticide registered for that applicant. Annual registration periods expire on December 31st or in a manner consistent with Title 5, section 10002, whichever is later.

The board shall monitor fee revenue and expenditures under this subsection to ensure that adequate funds are available to fund board and related department programs and, to the extent funds are available, to provide grants to support stewardship programs. The board shall use funds received under this subsection to provide:

A. An annual grant of no less than $135,000 to the University of Maine Cooperative Extension, on or about April 1st, for development and implementation of integrated pest management programs; [PL 2019, c. 243, §1 (AMD).]

B. Funding for public health-related mosquito monitoring programs or other pesticide stewardship and integrated pest management programs, if designated at the discretion of the board, as funds allow after expenditures under paragraph A. The board may seek the advice of the Integrated Pest Management Council established in section 2404 in determining the most beneficial use of the funds, if available, under this subsection; and [PL 2019, c. 243, §1 (AMD).]

C. An annual grant of not less than $65,000 to the University of Maine Cooperative Extension, on or about April 1st, for the development and revision of training manuals for applicator certification, licensing and recertification and to perform other aspects of pesticide education programs. The University of Maine Cooperative Extension may seek the advice of the board in establishing the pesticide education programs and shall submit an annual report on the use of the funds under this paragraph, no later than January 15th, to the board and the joint standing committee of the Legislature having jurisdiction over pesticide education and certification matters. [PL 2019, c. 243, §1 (NEW).]

The University of Maine may not charge overhead costs against grants under this subsection.

By February 15th annually, the board shall submit a report to the joint standing committee of the Legislature having jurisdiction over agriculture, conservation and forestry matters detailing the grants funded by the fee under this subsection. The annual report must include a recommendation by the board as to whether the amount of the fee is adequate to fund the programs described in this subsection. The joint standing committee may report out a bill to the Legislature based on the board's recommendations.

[PL 2019, c. 243, §1 (AMD).]

7. Renewal of registration. Registrations must be renewed annually prior to January 1st. The board shall mail forms for reregistration to registrants at least 30 days prior to the due date.

[PL 2005, c. 620, §6 (AMD).]

8. Approval of application for registration.

[PL 2005, c. 620, §6 (RP).]

8-A. Approval of application for registration. The processing of an application for registration is governed by this subsection.

A. The board shall consider the required information set forth under subsections 2, 3, 4 and 5 and shall register a pesticide if it determines that:

(1) Its composition warrants the proposed claims for it;
(2) Its labeling and other material required to be submitted comply with the requirements of this subchapter;
(3) It will perform its intended function without unreasonable adverse effects on the environment;
(4) When used in accordance with widespread and commonly recognized practice, it will not generally cause unreasonable adverse effects on the environment; and
(5) A need for the pesticide exists. [PL 2005, c. 620, §6 (NEW)].

B. If, within 180 days from the date the completed application for registration is submitted, the board fails to act upon an application for registration of a pesticide that has been certified by EPA, the pesticide is deemed registered under this chapter unless the board issues a written statement containing the reasons for the failure to act upon the application. The statement of the board is deemed a refusal to register pursuant to section 609. [PL 2005, c. 620, §6 (NEW)].

C. Paragraphs A and B do not apply if the registrant fails to provide any information required to be submitted under this subchapter or does not provide other information requested by the board in order to determine whether the pesticide should be registered.

Nothing in this paragraph affects the rights of the board to make further inquiry regarding the registration of a pesticide or to refuse reregistration, to suspend or revoke registration or to otherwise restrict or condition the use of pesticides in order to protect public health and the environment. [PL 2005, c. 620, §6 (NEW)].

D. Prior to registering a pesticide for a special local need, the board shall classify the uses of the pesticide for general or restricted use in conformity with FIFRA, Section 3(d). The board may not make any lack of essentiality a criterion for denying registration of any pesticide. When 2 pesticides meet the requirements of this paragraph, the board may not register one in preference to the other. [PL 2005, c. 620, §6 (NEW)].

E. The board may establish such other requirements by rule in accordance with section 610 as are necessary to carry out the provisions of this subsection. [PL 2005, c. 620, §6 (NEW)].

9. Adverse environmental effects. If, at any time after the registration of a pesticide, the registrant has additional factual information regarding unreasonable adverse effects of a pesticide on the environment, the registrant shall submit that information to the board. [PL 2005, c. 620, §6 (AMD)].

SECTION HISTORY

§607-A. Review or reregistration

1. Review required. The board shall review chemical pesticides used in this State in accordance with the requirements of this section. The board shall select 2 pesticides for review each year with priority given to pesticides that have patterns of use in this State that differ from prevalent use patterns nationally or regionally. The board may select additional pesticides for review as the board determines need and as resources allow. [PL 2005, c. 620, §7 (AMD).]
2. Review process. In cooperation with technical personnel of the Department of Environmental Protection; the Department of Inland Fisheries and Wildlife; the Department of Health and Human Services; the Department of Marine Resources; and the Department of Agriculture, Conservation and Forestry, specifically the Maine Forest Service, the board shall conduct a review consisting of the following or portions of the following as the board determines relevant:

A. An environmental risk assessment to determine the effects of pesticides on the ecosystem. This assessment is to be based on available literature. The board shall request data that it determines necessary to carry out the purpose of this chapter; or [PL 2005, c. 620, §7 (AMD).]

B. A health risk assessment, based on a literature search of laboratory, clinical and epidemiological data available within and without the State. The board shall request data it determines necessary to carry out the purpose of this chapter. [PL 2005, c. 620, §7 (AMD).]

C. [PL 2005, c. 620, §7 (RP).]

[PL 2005, c. 620, §7 (AMD); PL 2011, c. 657, Pt. W, §5 (REV).]

2-A. Water residue surveys. The board shall conduct a water residue survey at least once every 6 years to establish a representative sample of a number of wells or bodies of water, selected at random, in areas of possible contamination or at other locations to be described by the board, for the purpose of testing these waters and preparing a profile of the kinds and amounts of pesticides present. [PL 2005, c. 620, §7 (NEW).]

3. Effect of review on reregistration. If the reviews in this section demonstrate that the impact of the pesticide on the ecosystem warrants additional health or environmental safeguards, the board shall require implementation of those safeguards prior to reregistration. The board may not refuse to renew a pesticides registration based solely on its inability to conduct a review in accordance with this section. [PL 2005, c. 620, §7 (AMD).]

SECTION HISTORY

§608. Experimental use permits

(REPEALED)

SECTION HISTORY

§609. Refusal to register; cancellation; suspension; legal recourse

1. Procedure. The following provisions govern the board when refusing to register a pesticide, refusing to renew a pesticide registration, canceling a pesticide registration or suspending a pesticide registration.

A. If it does not appear to the board that a pesticide warrants the proposed claims for it or if the pesticide and its labeling and other material required to be submitted do not comply with the provisions of this subchapter or rules adopted under this subchapter, the board shall notify the applicant of the manner in which the pesticide, labeling or other material required to be submitted fails to comply with the provisions of this subchapter so as to afford the applicant an opportunity to make the necessary corrections. [RR 2005, c. 2, §7 (COR).]

B. When the board determines that a pesticide or its labeling does not comply with the provisions of this subchapter or rules adopted under this subchapter, the board may cancel or refuse to renew the registration of a pesticide or change its classification, after notice and opportunity for hearing
has been provided in a manner consistent with the Maine Administrative Procedure Act. [PL 2005, c. 620, §9 (AMD).]

C. When the board determines that there is an imminent hazard, it may, on its own motion, suspend the registration of a pesticide in accordance with Title 5, section 10004. [PL 2005, c. 620, §9 (AMD).]

D. When the board becomes cognizant of any possible hazard or violation involving a registered product, it shall cause notice of the possible hazard or violation to be delivered by registered mail, return receipt requested, to the registrant and may cancel or refuse to renew the registration of the pesticide or change its classification after notice and opportunity for hearing has been provided in a manner consistent with the Maine Administrative Procedure Act. [PL 2005, c. 620, §9 (AMD).]

E. [PL 2005, c. 620, §9 (RP).]
[RR 2005, c. 2, §7 (COR).]

2. Federally registered pesticides. If the board determines that any federally registered pesticide, with respect to the use of such pesticide within this State, does not warrant the claims for it, or might cause unreasonable adverse effects on the environment, the board may refuse to register the pesticide as required in section 607 or, if the pesticide is registered under section 607, may cancel or suspend the registration in accordance with subsection 1. If the board believes the pesticide does not comply with the provisions of FIFRA or the regulations adopted by EPA pursuant to FIFRA, it shall advise EPA of the manner in which the pesticide, labeling or other material required to be submitted fails to comply with the provisions of FIFRA and suggest necessary corrections. [PL 2005, c. 620, §9 (AMD).]

3. Person adversely affected by board action. SECTION HISTORY

§611. Enforcement
1. Board powers. Notwithstanding any other provision of law, the sampling and examination of pesticides or devices for the purpose of determining whether they comply with the requirements of this subchapter must be done under the direction of the board. The board may, upon presentation of proper identification, enter any distributor's premises, including any vehicle of transport, at all reasonable times in order to have access to labeled pesticides or devices packaged for distribution, may open any case, package or other container and may, upon tendering the market price, take samples for analysis. If it appears from such an examination that a pesticide or device fails to comply with the provisions of this subchapter or rules adopted under this subchapter, and the board contemplates instituting criminal proceedings against any person, the board shall cause appropriate notice to be given to that person in a manner consistent with the Maine Administrative Procedure Act. The board shall provide any person so notified an opportunity for a hearing in a manner consistent with the Maine Administrative Procedure Act's provisions governing adjudicatory proceedings. If in the opinion of the board it appears that the
provisions of this subchapter or rules adopted under this subchapter have been violated by that person, the board shall refer a copy of the results of the analysis or the examination of such pesticide or device to the attorney for the district in which the violation occurred.

[RR 2005, c. 2, §9 (COR).]

2. **Minor violations.** Nothing in this subchapter may be construed as requiring the board to report minor violations of this subchapter for prosecution or for the institution of condemnation proceedings when the board believes that the public interest will be served best by a suitable notice of warning in writing.

[PL 2005, c. 620, §11 (AMD).]

3. **Repeated violations.** The board shall record all violations of this subchapter and Title 22, chapter 258-A, including the name of the owner of the land on which the pesticides were intended to be applied, the name of the licensed pesticides applicator and the name of the person who contracted the pesticide application services. The board shall identify persons who repeatedly violate provisions relating to pesticide use and recommend to the Attorney General methods to prevent further violations by those persons.

[PL 2005, c. 620, §11 (AMD).]

**SECTION HISTORY**

§612. "Stop sale, use or removal" order

When the board has reasonable cause to believe a pesticide or device is being distributed, stored, transported or used in violation of any of the provisions of this subchapter or of any of the rules adopted pursuant to this subchapter, it may issue and serve a written "stop sale, use or removal" order upon the owner or custodian of that pesticide or device. If the owner or custodian is not available for service of the order, the board may attach the order to the pesticide or device and notify the owner or custodian and the registrant. The pesticide or device may not be sold, used or removed until the provisions of this subchapter have been complied with and the pesticide or device has been released in writing under conditions specified by the board or the violation has been otherwise disposed of as provided in this subchapter by a court of competent jurisdiction. The issuance of such an order is not a licensing or an adjudicatory proceeding as defined by the Maine Administrative Procedure Act. [PL 2005, c. 620, §12 (AMD).]

**SECTION HISTORY**

§613. Judicial action after "stop sale, use or removal" order

The court may issue temporary or permanent injunctions, mandatory or restraining, and any intermediate orders it determines necessary or advisable. The court may order condemnation of any pesticide or device that does not meet the requirements of this subchapter or rules adopted under this subchapter.

[PL 2005, c. 620, §13 (AMD).]
2. Disposition of condemned pesticide; costs and fees. If the court orders that a pesticide or device is condemned, the court shall direct that the pesticide or device be disposed of by destruction or sale. If the pesticide or device is directed to be sold, the proceeds less costs, including legal costs, must be paid to the Treasurer of State as provided in section 621. A pesticide or device may not be sold contrary to the provisions of this subchapter or rules adopted under this subchapter. When a decree of condemnation is entered against a pesticide or device, the court shall charge court costs, fees, storage and other proper expenses against the person, if any, appearing as claimant of the pesticide. The court may direct that the pesticide or device be delivered to the owner, upon payment of costs and execution and delivery of a good and sufficient bond conditioned on the pesticide or device not being disposed of unlawfully, for relabeling, reprocessing or otherwise bringing the product into compliance. [PL 2005, c. 620, §13 (AMD).]

B. The degree of harm to the public and the environment; [PL 1989, c. 841, §3 (NEW).]

C. The degree of environmental damage that has not been abated or corrected; [PL 1989, c. 841, §3 (NEW).]

D. The extent to which the violation continued following the board's notice to the violator; [PL 1989, c. 841, §3 (NEW).]

E. The importance of deterring the same person or others from future violations; and [PL 1989, c. 841, §3 (NEW).]
F. The cause and circumstances of the violation, including:
   (1) The foreseeability of the violation;

The inspection may include the verification of only such records, and production and control procedures as may be necessary to determine compliance with the good manufacturing practice regulations established under section 717, subsection 4.

[PL 1971, c. 77, §1 (NEW).]

3. Receipt of sample. If the officer or employee making such inspection of a factory, warehouse or other establishment has obtained a sample in the course of the inspection, upon completion of the inspection and prior to leaving the premises he shall give to the owner, operator or agent in charge a receipt describing the samples obtained.

[PL 1971, c. 77, §1 (NEW).]

4. Warrant. If the owner of any factory, warehouse or establishment described in subsection 1, or his agent, refuses to admit the commissioner or his agent to inspect in accordance with subsections 1 and 2, the commissioner is authorized to obtain from any state court a warrant directing such owner or his agent to submit the premises described in such warrant to inspection.

[PL 1971, c. 77, §1 (NEW).]

5. Entry. For the purpose of the enforcement of this subchapter, the commissioner or his duly designated agent is authorized to enter upon any public or private premises, including any vehicle of transport during regular business hours to have access to, and to obtain samples, and to examine records relating to distribution of commercial feeds.

[PL 1971, c. 77, §1 (NEW).]

6. Methods. Sampling and analysis must be conducted in accordance with methods published by the Association of Official Analytical Chemists, or in accordance with other generally recognized methods.

When the commissioner or his authorized agent has reasonable cause to believe any lot of commercial feed is being distributed in violation of any of the provisions of this subchapter or of any of the prescribed regulations under this subchapter, he may issue and enforce a written or printed "withdrawal from distribution" order, warning the distributor not to dispose of the lot of commercial feed in any manner until written permission is given by the commissioner or the court. The commissioner shall release the lot of commercial feed so withdrawn when said provisions and regulations have been complied with. The issuance of such an order shall not be considered licensing or an adjudicatory proceeding, as defined by the Maine Administrative Procedure Act. If compliance is not obtained within 30 days, the commissioner may begin, or upon request of the distributor or registrant shall begin, proceedings for condemnation.

[PL 1977, c. 694, §72 (AMD).]

2. Condemnation and confiscation. Any lot of commercial feed not in compliance with said provisions and regulations shall be subject to seizure on complaint of the commissioner to a court of competent jurisdiction in the area in which said commercial feed is located. In the event the court finds the said commercial feed to be in violation of this subchapter and orders the condemnation of said commercial feed, it shall be disposed of in any manner consistent with the quality of the commercial feed and the laws of the State; provided that in no instance shall the disposition of said commercial feed be ordered by the court without first giving the claimant an opportunity to apply to the court for release of said commercial feed or for permission to process or relabel said commercial feed to bring it into compliance with this subchapter.

[PL 1971, c. 77, §1 (NEW).]

SECTION HISTORY

§722. Penalties

The following penalties apply to violations of this subsection.

A. A person who violates this subsection commits a civil violation for which a fine of not less than $100 and not more than $200 may be adjudged. [PL 2003, c. 452, Pt. B, §10 (NEW); PL 2003, c. 452, Pt. X, §2 (AFF).]

A person who violates this
subsection commits a civil violation for which a fine of not less than $100 and not more than $500 may be adjudged. This prohibition does not prohibit the commissioner or the commissioner's duly authorized agent from exchanging information of a regulatory nature with duly appointed officials of the United States Government or of other states who are similarly prohibited by law from revealing this information.

3. **Application.** This subchapter may not be construed as requiring the commissioner or the commissioner's agent to cause suit to be brought or institute seizure proceedings or issue a withdrawal from distribution order as a result of minor violations of this subchapter or when the commissioner believes that the public interest will best be served by suitable notice of warning in writing.

4. **Process.** The authorities to whom a violation is reported shall cause appropriate proceedings to be instituted in a court of competent jurisdiction without delay. Before the commissioner reports a violation for suit to be brought, the distributor must have an opportunity to present the distributor's view to the commissioner.

5. **Injunction.** The commissioner is authorized to apply for and the court to grant a temporary or permanent injunction restraining a person from violating or continuing to violate this subchapter or any rule or regulation adopted under this subchapter notwithstanding the existence of other remedies at law. This injunction must be issued without bond.

6. **Review.** A person adversely affected by an act, order or ruling made pursuant to this subchapter may bring action within 45 days after that act, order or ruling in the Superior Court in the county of the enforcement official's office for judicial review of the actions. The form of the proceeding must be any that may be provided by statute of the State to review decisions of administrative agencies or, in the absence or inadequacy of such a form, any applicable form of legal action, including actions for declaratory judgments or writs of prohibitory or mandatory injunctions.

SECTION HISTORY

§743. Registration

Each brand and grade of commercial fertilizer must be registered before being offered for sale, sold or distributed in this State. The application for registration must be submitted to the commissioner on forms furnished by the commissioner and must be accompanied by an annual fee of $125 per product. All registrations expire on December 31st or in a manner consistent with the provisions as to license expiration of the Maine Administrative Procedure Act, Title 5, section 10002, whichever is later. The commissioner may issue a registration for a one-year, 2-year or 3-year period. Registrations for a period in excess of one year may only be issued with the agreement of or at the request of the applicant. The fee for a 2-year registration is 2 times the annual fee. The fee for a 3-year registration is 3 times the annual fee. The commissioner may refuse to register or renew or may suspend or cancel registration for failure to comply with this subchapter or with rules adopted pursuant to this subchapter. This refusal, suspension or cancellation is considered rulemaking as that term is defined in the Maine Administrative Procedure Act, Title 5, chapter 375 and notice and opportunity for a hearing must be provided in a manner consistent with the Maine Administrative Procedure Act, Title 5, chapter 375. The application must include the following information: [PL 2015, c. 191, §2 (AMD).]

1. Weight. The net weight;
2. **Brand and grade.** The brand and grade;

3. **Analysis.** The guaranteed analysis;

4. **Registrant's name and address.** The name and address of the registrant; and

5. **Additional information.** Additional information as required in rules adopted by the department.
[PL 2001, c. 670, §3 (NEW).]

Of the fee collected by the commissioner under this section, $100 must be deposited in the General Fund and $25 must be deposited in a dedicated, nonlapsing account established under section 765, subsection 2 and used for the purpose of administering and enforcing this subchapter and subchapter 5-A. [PL 2015, c. 191, §2 (AMD).]

A distributor is not required to register any brand and grade of commercial fertilizer that is already registered under this subchapter by another person. [PL 2015, c. 191, §2 (AMD).]

The plant nutrient content of each and every brand and grade of commercial fertilizer must remain uniform for the period of registration.

The commissioner shall review annually the fertilizer inspection and sampling program established under this subchapter and report findings and any recommendations for changes to the program by February 1st annually to the joint standing committee of the Legislature having jurisdiction over agricultural matters, which after receiving the report may report out a bill to the Legislature to make adjustments to the program. [PL 2015, c. 191, §2 (NEW).]

**SECTION HISTORY**

§743-A. Tonnage report

1. **Registrants required to report.** On or before September 1st of each year, a registrant shall file with the commissioner, on a form prescribed by the commissioner, the number of tons of each brand and grade of commercial fertilizer sold by the registrant in the State during the 12 months preceding July 1st of that year.

§743-B. Exemption for biosolids

Sections 743 and 743-A do not apply to packaged biosolids or unpackaged biosolids that are derived primarily from residuals regulated by Title 38, chapter 13 and by rules adopted by the Department of Environmental Protection governing solid waste management matters concerning composting facilities and the agronomic utilization of residuals when those biosolids include a legible and conspicuous disclaimer on their marketing materials and labeling specifically stating: "This
product is not a commercial fertilizer, and any nutrient claims are not a guaranteed analysis." If a fertilizer material percentage statement appears on a label or accompanying delivery documentation, except for those products for which delivery documentation is required by Department of Environmental Protection rule, that product must be registered as a fertilizer. [PL 2013, c. 204, §5 (NEW).]

SECTION HISTORY
PL 2013, c. 204, §5 (NEW).

§744. Labeling

Any commercial fertilizer distributed in this State in containers must have placed on or affixed to the container a label setting forth in clearly legible form the information required by section 743, subsections 1 to 5. [PL 2007, c. 147, §3 (AMD).]

If distributed in bulk, a written or printed statement of the information required by section 743, subsections 1 to 5, must accompany delivery and be supplied to the purchaser at time of delivery. [PL 2007, c. 147, §3 (AMD).]

SECTION HISTORY
PL 2007, c. 147, §3 (AMD).

§745. Inspection, sampling and analysis

The commissioner shall inspect and sample for analysis in accordance with section 490 commercial fertilizers distributed within this State to the extent the commissioner considers necessary to determine compliance with this subchapter. The commissioner or the commissioner's agent is authorized to enter upon any public or private premises during regular business hours in order to have access to commercial fertilizers, subject to this subchapter and the rules adopted pursuant to section 748. [PL 2015, c. 191, §6 (AMD).]

The methods of sampling, sample preparation and analysis are those adopted from sources such as AOAC International. The commissioner, in determining for administrative purposes whether a commercial fertilizer is deficient in any component, is guided solely by the official sample as defined and obtained and analyzed as provided for in this section. [PL 2007, c. 147, §4 (AMD).]

When the inspection and analysis of an official sample indicate a commercial fertilizer has been adulterated or misbranded, the commissioner shall forward the results of the analysis to the distributor or manufacturer. Upon request within 30 days, the commissioner shall furnish to the registrant a portion of the sample concerned. [PL 2005, c. 512, §42 (AMD).]

SECTION HISTORY

§746. Misbranding

No person shall distribute misbranded fertilizer. A commercial fertilizer shall be deemed to be misbranded:

1. False or misleading statements. If false or misleading statements concerning its agricultural value are made on the container or in any advertising matter accompanying or associated with the commercial fertilizer;

2. Distributed under another name. If it is distributed under the name of another fertilizer;

3. Container not labeled as required. If its container is not labeled as required in section 744 and in regulations prescribed under this subchapter;
4. **Information required placed conspicuously.** If any word, statement or other information required by or under authority of this subchapter to appear on the label or labeling is not prominently placed thereon with such conspicuousness, as compared with other words, statements, designs or devices in the labeling, and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use;

5. **Not registered and fee not paid.** If it is a grade of commercial fertilizer which is not registered with the commissioner and the prescribed fee paid in accordance with this subchapter.

§747. **Adulteration**

No person shall distribute an adulterated commercial fertilizer. A commercial fertilizer shall be deemed to be adulterated:

1. **Quality, etc. not in conformity.** If its weight, composition, quality, strength or purity do not conform in each particular to the claims made upon the affixed guaranty;

2. **Deleterious materials.** If it contains any material in sufficient amount to be deleterious to growing plants or any deleterious or harmful substances in sufficient amount to render it injurious to beneficial plant life, animals, humans, aquatic life, soil or water; or

3. **Other materials.** If it is found to contain any pulverized leather, hair, ground hoofs, horns, wool waste, peat, garbage tankage or any nitrogenous ingredients derived from any inert material, unless the same has been so treated as to be available as plant food as determined by the methods adopted by AOAC International, without an explicit printed statement of fact, conspicuously affixed to the package of the fertilizer and accompanying and going with every lot or package of the same, in which fertilizer materials named in this subsection aid in making up the required or guaranteed analysis.

§748. **Regulations, standards and definitions**

The commissioner is charged with the enforcement of this subchapter, and is empowered to promulgate and adopt, in a manner consistent with the Maine Administrative Procedure Act, such reasonable rules and regulations as may be necessary to carry into effect the full intent and meaning of this subchapter. The commissioner is empowered to adopt regulations establishing definitions and standards for commercial fertilizer ingredients and such other regulations as may be necessary for the enforcement of any provisions of this subchapter.

1. **Withdrawal from sale orders.** When the commissioner has reasonable cause to believe a commercial fertilizer is being distributed in violation of any of the provisions of this subchapter, or of any of the prescribed regulations under this subchapter, he may issue and enforce a written or printed "withdrawal from sale" order warning the distributor not to dispose of the fertilizer in any manner until written permission is given by the commissioner or the court. The commissioner shall release the commercial fertilizer so withdrawn when the provisions and regulations have been complied with and all costs and expenses incurred in the withdrawal have been paid. The issuance of such an order shall not be considered licensing or an adjudicatory proceeding, as defined by the Maine Administrative Procedure Act. If compliance is not obtained within 30 days, the commissioner may begin proceedings for condemnation.

2. **Condemnation and confiscation.** Any lot of commercial fertilizer, not in compliance with this subchapter, shall be subject to seizure on complaint of the commissioner to a court of competent jurisdiction in the area in which said commercial fertilizer is located. In the event the court finds the
said commercial fertilizer to be in violation of this subchapter, and orders the condemnation of said
commercial fertilizer, it shall be disposed of in any manner consistent with the quality of the commercial
fertilizer and the laws of the State. In no instance shall the disposition of said commercial fertilizer be
ordered by the court without first giving the claimant an opportunity to apply to the court for release of
said commercial fertilizer or for permission to process or relabel said commercial fertilizer to bring it
into compliance with this subchapter.

3. **Establishment of allowances.** The commissioner shall establish by rule allowances for
deviations from the guaranteed analysis for plant nutrients and from the overall index value of a
fertilizer. Rules adopted pursuant to this subsection are routine technical rules as defined in Title 5,
chapter 375, subchapter 2-A.

[PL 2007, c. 147, §6 (NEW).]

**SECTION HISTORY**

§749. Enforcement

This subchapter shall be administered by the commissioner. [PL 1979, c. 541, Pt. A, §55
(AMD).]

**SECTION HISTORY**

PL 1979, c. 541, §A55 (AMD).

§750. Violations

1. **Violation.** A person, firm or corporation may not violate this subchapter or a rule adopted
    pursuant to this subchapter.

2. **Penalty.** The following penalties apply to violations of this section.

   A. A person who violates subsection 1 commits a civil violation for which a fine of not more than
      $500 may be adjudged. [PL 2007, c. 147, §7 (AMD).]

   B. A person who violates subsection 1 after having previously violated subsection 1 commits a
      civil violation for which a fine of not more than $1,000 may be adjudged. [PL 2007, c. 147, §7
      (AMD).]

[PL 2007, c. 147, §7 (AMD).]

3. **Application.** This subchapter may not be construed as requiring the commissioner or the
    commissioner's agent to report for suit or for the institution of seizure proceedings as a result of minor
    violations of this subchapter when the commissioner believes that the public interest will be best served
    by a suitable notice of warning in writing.

**SECTION HISTORY**

2007, c. 147, §7 (AMD).

§751. Assessments for deficiencies

In addition to any fine adjudged under section 750, an assessment for deficiencies in a fertilizer
must be made in accordance with this section. For the purposes of this section, a deficiency occurs
when an investigational analysis determines that the allowances established in rules adopted under
section 748, subsection 3 have been exceeded. [PL 2007, c. 147, §8 (NEW).]

1. **Primary plant nutrients; overall index.** An assessment of 2 times the commercial value of the
deficiency or deficiencies as determined under subsection 3 must be made if:
A. The analysis determines that a fertilizer is deficient in one or more of its guaranteed primary plant nutrients; or [PL 2007, c. 147, §8 (NEW).]

B. The analysis determines that the overall index value is deficient. [PL 2007, c. 147, §8 (NEW).]

When a fertilizer is subject to an assessment under both paragraphs A and B, the larger assessment applies. [PL 2007, c. 147, §8 (NEW).]

2. Other deficiencies. When a fertilizer is labeled to guarantee or a bulk fertilizer is accompanied by a statement guaranteeing that the fertilizer contains recognized plant nutrients other than nitrogen, available phosphate or soluble potash, the commissioner may evaluate the fertilizer and prescribe an assessment for deficiencies in any of the claimed nutrients based on commercial values determined under subsection 3. [PL 2007, c. 147, §8 (NEW).]

3. Determination of commercial value. For the purpose of determining the commercial value to be applied in determining assessment under this section, the commissioner shall determine and publish annually the values per unit of total nitrogen, available phosphate and soluble potash or other nutrients that the registrant is required to or may guarantee in fertilizers in this State. The values so determined and published must be used in determining and assessing penalty payments. [PL 2015, c. 191, §7 (AMD).]

4. Payment to consumer; commissioner. Assessments made under subsections 1 and 2 must be paid by the registrant to the consumer of the lot of fertilizer represented by the sample analyzed. The commissioner shall send notification of the amount of the assessment with the results of the analysis sent in accordance with section 745. Assessments must be made within 30 days of the date of the notification. If the consumer cannot be located, the registrant shall submit the assessment to the commissioner for deposit in the commercial fertilizer account under subsection 5. [PL 2007, c. 147, §8 (NEW).]

5. Commercial fertilizer account. The commissioner shall deposit all assessments submitted to the commissioner in accordance with subsection 4 in a dedicated account established within the department. The account is a nonlapsing interest-bearing account. Funds from the account may only be used to pay costs of sampling and analyzing fertilizer. [PL 2007, c. 147, §8 (NEW).]

GRADING

§950. Definitions

1. Exposed for sale. Potatoes packed in any type or kind of container, and found in any place in the State of Maine, whether that place shall be a depot, station, warehouse, packing house, boat dock or any place where potatoes are held in storage, or loaded on a boat, truck, trailer, or railroad car or motor vehicle, shall be deemed to be exposed for sale under this subchapter.

Potatoes in any dwelling house for the purpose of consumption on the premises shall not be deemed to be exposed for sale.
[PL 1965, c. 219, §1 (NEW)].

2. Consumer pack. "Consumer pack" means a unit of potatoes contained in a bag, crate or any other type of container.
[PL 1997, c. 388, §1 (AMD)].

3. Shipping season. "Shipping season" means the period after August 1st of each year and before July 31st of the following year.
[PL 1981, c. 513, §2 (NEW)].

SECTION HISTORY

§951. Official standards

The Commissioner of Agriculture, Conservation and Forestry is authorized and empowered, after holding public hearings in a manner consistent with the Maine Administrative Procedure Act, to establish and promulgate official definitions and standards for grading, or classifying, packing and labeling potatoes and to change such official standards from time to time.
[PL 1979, c. 731, §19 (AMD); PL 2011, c. 657, Pt. W, §8 (REV)].

Such official standards shall not be lower in their requirements than the minimum requirements of the official standards for corresponding grades or classifications as promulgated from time to time by
the Secretary of Agriculture of the United States, commonly known as U. S. Grades. [PL 1965, c. 219, §2 (RPR).]

Notwithstanding the provisions of article 4, the commissioner after consultation with the Maine Potato Board may require, by rules adopted pursuant to the Maine Administrative Procedure Act, the inspection of all consumer packs of potatoes for conformity with the U.S. #1 grade or other grades. Inspection under any rule adopted pursuant to this section must be performed by a licensed federal-state potato inspector, state potato inspector or seed potato inspector. At the request of and in consultation with the Maine Potato Board, the commissioner shall initiate rulemaking to require inspection of consumer packs of potatoes. [PL 1997, c. 388, §2 (AMD).]

A person who violates rules adopted under this section commits a civil violation for which a forfeiture not to exceed $1,000 for the first offense and $2,000 for any subsequent offense may be adjudged. [PL 1995, c. 298, §2 (NEW).]

SECTION HISTORY

§951-A. Minimum standards for planting

A person may not plant seed potatoes in the State, the product of which is intended for sale, in lots of one or more acres unless that seed is certified in accordance with rules adopted by the commissioner. These rules may include without limitation requirements for filing reports with the commissioner and requirements for filing records to the commissioner or the commissioner's designee, upon request, that demonstrate that the potatoes planted have been properly certified. A person, firm or corporation that plants potatoes in violation of this section is subject to a fine of $1,000 plus not more than $400 per acre for each acre or part of an acre planted. Failure to file complete and accurate records or failure to provide complete and accurate records in accordance with the rules adopted by the commissioner is an additional violation resulting in a separate fine of not less than $200 nor more than $1,000 for each such failure. Any fine collected under this section is payable to the Treasurer of State and credited without lapsing to the commissioner for the enforcement of this section. The commissioner shall adopt and may amend rules consistent with the Maine Administrative Procedure Act to implement this section. In addition to the enforcement powers and penalties established in this section, the commissioner may issue subpoenas to any individual in order to compel delivery of any reports or records required under this section. These subpoenas are enforceable by any court of competent jurisdiction. [PL 2013, c. 475, §1 (AMD).]

In the event there is not available to be planted in Maine in any year a sufficient volume of Maine potato seed meeting Maine certified seed potato disease standards, in any or all varieties, the commissioner may, upon application of one or more growers, permit seed of a higher disease content to be planted for that growing season. [PL 1979, c. 532, §1 (NEW).]

Each grower shall keep records of seed planted by variety and by fields during the growing season and report planting records as may be requested by the commissioner. Notwithstanding Title I, chapter 13, records pertaining to minimum standards for planting received or kept by the Department of Agriculture, Conservation and Forestry are confidential and not available for inspection. The confidential status terminates when the records are subpoenaed as evidence in any proceeding to enforce a provision of this section, or in any prosecution for a criminal violation. A grower may authorize in writing the disclosure of records pertaining to minimum standards for planting. [PL 1989, c. 783 (AMD); PL 2011, c. 657, Pt. W, §5 (REV).]

SECTION HISTORY

§951-B. Compliance with official standards

To achieve compliance with official standards, the commissioner may adopt, consistent with this Article and with section 402, a fee schedule for inspection of potatoes. The potato inspection fee schedule may provide for a lower inspection rate for any person who is packing potatoes in a Maine bag as defined by section 1032, subsection 3. [PL 1981, c. 540, §1 (AMD).]

SECTION HISTORY

§952. Branding

It shall be unlawful for any person, firm, association, organization or corporation, or agent, representative or assistant to any person, firm, association, organization or corporation to expose for sale, or sell, at wholesale or retail, to ship, deliver or consign or have in possession potatoes prepared for market unless in containers which have been legibly and conspicuously tagged, branded, labeled or stenciled with the name and address of the person or persons responsible for packing and the name of the grade, net weight and the word "potatoes." All potatoes packed in this State must be packed in containers which conspicuously bear the name of the country where the potatoes were grown. The person or persons responsible for grading shall be as follows: If the violation is discovered in the packing house then the person or persons packing the potatoes shall be responsible; if the violation is discovered at any other place, then the person or persons whose name appears on the container shall be responsible. Each lot of potatoes sold at wholesale shall be accompanied by a bill of lading or invoice stating grade, name and address of packer, name and address of the consignor, name and address of the consignee, date of loading and name of loading point. The bill of lading or invoice shall be prima facie evidence in any court of the person or persons packing potatoes. It shall be conclusive evidence that potatoes are exposed for sale when packed in containers for delivery or transit, or when the same are in the process of delivery or transit, or are located at a depot, station, warehouse, packing house, boat dock or any place where potatoes are held in storage, or loaded on a boat, truck, trailer or railroad car, for immediate or future sale or transit. For the purposes of this section only, potatoes located at warehouses, or packing houses at point of origin, shall not be deemed exposed for sale until they are loaded or are in the process of being loaded in vehicles of transportation. When a violation of this section occurs, it is deemed to have taken place at the loading point or where such violation first became evident to the commissioner or his duly authorized representative. Upon request and submission of proof to the Department of Agriculture, Food and Rural Resources by a packer that he has on hand a supply of bags that do not meet the requirement that the bags conspicuously bear the name of a country where the potatoes were grown, and those bags were purchased or contracted for before September 23, 1983, the Commissioner of Agriculture, Food and Rural Resources shall exempt the packer from that requirement until January 1, 1986. The commissioner, at his discretion and upon unusual circumstances, may grant packers extended waivers until January 1, 1987. [PL 1985, c. 655, §1 (AMD).]

SECTION HISTORY

§953. False or misleading potato branding or labeling

Notwithstanding section 952, it shall be unlawful for any person, firm, association, organization or corporation to expose for sale or sell at full sale or retail, to ship, deliver or consign, or have in possession potatoes prepared for market in containers which bear any statements, design or device regarding such potatoes which shall be false or misleading, in any particular, or potatoes packed in such manner that the face or shown surface is not an average of the contents of the package, or potatoes that fail to meet the grade requirements established and promulgated by the commissioner or potatoes that are accompanied by a bill of lading false or misleading in any particular. When a violation of this
section occurs, it is deemed to have taken place at the point where such violation first became evident to the commissioner or his duly authorized representative. [PL 1981, c. 513, §5 (AMD).]

**SECTION HISTORY**

**§954. Sale without grading by grower**

No provisions of sections 951 to 957 shall be construed to prevent a grower or shipper of potatoes from selling or delivering the same within the State unpacked, or selling his crop in bulk, or any part thereof, to a packer for grading, packing or storage within the State; nor shall any provision of said sections prevent any person from manufacturing the same into any by-product, or from selling the same unpacked to any person actually engaged in the operation of a commercial by-products factory for the sole and express purpose of being used within the State in the manufacture of a by-product. [PL 1965, c. 219, §5 (AMD).]

**SECTION HISTORY**

PL 1965, c. 219, §5 (AMD).

**§954-A. Seizure of misbranded, mislabeled or misrepresented product**

Whenever the commissioner or his duly authorized representative shall find from inspection, as authorized in section 956, that potatoes are being sold, exposed for sale, or shipped for sale in containers, and the containers bear any statements, design or device regarding such potatoes which shall be false or misleading, in any particular, or if potatoes are packed in such manner that the face or shown surface is not an average of the contents of the package, or if such potatoes fail to meet the minimum grade requirements established as a state grade by the commissioner, or if the potatoes are not accompanied by a proper bill of lading or invoice as provided by section 952, then the commissioner, or his duly authorized representative, may seize such potatoes so that they cannot be sold, offered, exposed for sale or transported. Any potatoes seized by the commissioner or his duly authorized representative for failure to meet the minimum grade requirements established by the commissioner shall be returned to the person, firm, or corporation responsible for packing the potatoes at the point of origin. Misbranded potatoes shall not be exposed or offered for sale or transported until such potatoes have been regraded and are accompanied by a federal-state inspection certificate showing that the potatoes meet the minimum grade requirements specified on the container. [PL 1975, c. 687, §1 (AMD).]

Notwithstanding section 957, any violation of this section shall constitute a separate civil violation with a minimum penalty of $1,000 for each occurrence. Each lot of potatoes exposed or offered for sale, transported, shipped or dumped without the requisite federal and state inspection certificate required under this section showing that the potatoes meet the minimum grade requirements specified on the container shall constitute a separate violation. There is no violation if the potatoes are removed from the containers under the supervision of the Department of Agriculture, Conservation and Forestry and are to be used for processing or charitable purposes. [PL 1989, c. 605 (NEW); PL 1989, c. 878, Pt. D, §5 (AMD); PL 2011, c. 657, Pt. W, §5 (REV).]

**SECTION HISTORY**

**§955. Exemptions**

Certified seed potatoes as defined by chapter 401 are exempted from sections 951 to 957, except as may otherwise be promulgated by the commissioner.
§956. Enforcement; jurisdiction

The commissioner shall diligently enforce all of the provisions of sections 951 to 957. The commissioner, either in person or by a duly authorized representative, has free access, ingress and egress to any place or field or any building, boat, truck, trailer, railroad car, warehouse, depot, station, packing house, boat dock or any building wherein potatoes are packed, stored, transported, sold, offered or exposed for sale or for transportation or for planting. The commissioner may also, in person, or by duly authorized representative, open any container and may take samples therefrom. The commissioner shall, upon written request, pay the packer the fair market value of any sample retained or destroyed by the commissioner. The commissioner may recover fines imposed for violation of those sections in a civil action brought in the commissioner's own name and, if the commissioner prevails in that action, recover full costs. [PL 2013, c. 475, §2 (AMD).]

Any person who refuses or interferes with access by the commissioner or the commissioner's representative as provided for in this section, following oral request and warning given by the commissioner or the commissioner's representative regarding the contents of this section, is guilty of a separate civil violation under section 957. [PL 1993, c. 699, §1 (AMD).]

All fees received under sections 951 to 957 by the commissioner and all money and forfeitures received by him under those sections shall be paid by him to the Treasurer of State and shall be appropriated for carrying out those sections. The commissioner shall, in a manner consistent with the Maine Administrative Procedure Act, establish such rules as may be needed for the proper enforcement of sections 951 to 957. [PL 1979, c. 541, Pt. B, §6 (RPR).]

[PL 1993, c. 699, §3 (NEW).]

1-B. Mandatory inspection. After notice and an opportunity for hearing in an adjudicatory proceeding in accordance with the Maine Administrative Procedure Act, the commissioner may order a person the commissioner finds has violated this chapter 3 or more times in a shipping season to undergo mandatory inspection in the manner provided in section 446 for a period of one year from the date of the final administrative determination. If the inspection order is stayed during appeal of the administrative determination, the period of the stay is not counted in calculating the one-year period.
A person subject to mandatory inspection under this subsection may not ship potatoes packed in consumer packs unless the packs are accompanied by an unrestricted, original certificate of inspection covering the entire manifest, or an original or a copy of a certificate of inspection positively identifying the actual bags or containers in the shipment. Any potatoes segregated under this subsection must be inspected by the department prior to shipment.

All testimony must be received under oath and a full and complete record of all proceedings at any such hearing must be made and filed by the commissioner at the commissioner's office. [RR 1999, c. 2, §10 (COR).]

In order to effectuate the declared policy of sections 991 to 994, the commissioner has the power, after due notice and opportunity for hearing, to enter into marketing agreements with handlers, producers and others engaged in the handling of potatoes, regulating the preparation, sale and handling of potatoes, which said marketing agreement is binding upon the signatories thereto exclusively. The execution of such marketing agreement may in no manner affect the issuance, administration or enforcement of any marketing order provided for in sections 991 to 994. The commissioner may issue such marketing order without executing a marketing agreement or may execute a marketing agreement without issuing a marketing order covering the same subject matter. The commissioner, in the commissioner's discretion, may hold a concurrent hearing upon a proposed marketing agreement and a proposed marketing order in the manner provided for giving due notice and opportunity for hearing for a marketing order as provided in sections 991 to 994. [RR 1999, c. 2, §10 (COR).]

After such notice and hearing, the commissioner may issue a marketing order if the commissioner finds it will tend to effectuate the declared policy of sections 991 to 994, subject to the following: [RR 1999, c. 2, §10 (COR).]

1. **Approved by 2/3 of producers participating in referendum.** No marketing order or amendment thereto issued pursuant to sections 991 to 994 may become effective unless and until the commissioner determines that the issuance of such order is approved and favored by at least 2/3 of the producers who participated in a referendum on the question of its approval and who, during the preceding fiscal year, have been engaged in the production of potatoes for market within the production area specified in such marketing order, and who, during such year, have produced at least 2/3 of the volume of potatoes produced for market within such production area specified herein by all producers who participated in the said referendum.
[RR 1999, c. 2, §10 (COR).]

2. **Assent of handlers.** No marketing agreement or amendment thereto, directly affecting handlers, issued pursuant to sections 991 to 994, may become effective unless and until the commissioner finds that such agreement has been assented to in writing by the handlers who handle not less than 50% of the volume of the potatoes handled within the area defined in such agreement and by not less than 50% of the number of handlers engaged in handling potatoes within such area.

§1007-A. Improperly maintaining cull potato piles; public nuisance
1. Declaration of public nuisance. The Legislature declares that the A2 strain of late blight and other potato diseases constitute a clear and present danger to the potato industry in the State, which is a significant part of the State's economy. Control of the A2 strain of potato blight and other potato diseases requires the proper disposal of cull potato piles. The Legislature finds it necessary to exercise the police power of the State to require proper disposal of cull potatoes and cull potato piles and to provide procedures for the disposal of these potatoes by the department when the responsible party fails to comply with the requirements of this section. In addition to constituting a civil violation as prescribed in this section, cull potato piles that are not managed and disposed of in accordance with these requirements are considered a public nuisance and are subject to action under Title 17, chapter 91. [PL 2007, c. 570, §1 (AMD).]

1-A. Definitions. As used in this section, unless the context otherwise indicates, the following terms have the following meanings.
A. "Cull potatoes" means:
   (1) Potatoes that are not marketable or usable for human consumption or as seed potatoes;
   (2) Potatoes that are used for animal feed;
(3) The residue potatoes left in the field from commercial or seed potato production the preceding year; and

(4) Potatoes that spoil while in storage. [PL 2007, c. 570, §1 (NEW).]

B. "Responsible party" means the owner or lessee of the property on which cull potatoes are found or another person determined to be responsible for the potatoes in accordance with rules adopted under subsection 3. [PL 2007, c. 570, §1 (NEW).]

2. Disposal requirements; maintenance of cull potato piles. The commissioner shall adopt rules in accordance with subsection 3 to prescribe acceptable methods for disposal of cull potatoes and establish best management practices for maintaining cull potato piles. Except as provided in rules adopted under subsection 3, all cull potatoes must be properly disposed of on or before June 10th of each year. A person who keeps a pile of cull potatoes shall maintain the pile in accordance with best management practices. Upon inspection authorized under subsection 4, the commissioner may determine site-specific best management practices for a pile of cull potatoes and order the responsible party to comply with these practices.

3. Rules. The commissioner shall adopt any rules necessary to implement this section in accordance with the Maine Administrative Procedure Act, except that the commissioner may shorten or suspend the notice and hearing requirements as necessary to respond to an imminent threat of disease. The commissioner shall adopt a set of best management practices for the maintenance of cull potato piles between June 10th and October 1st and may adopt a different set of best management practices applicable to piles maintained between October 1st of one year and June 10th of the following year. The commissioner may use emergency rulemaking to temporarily vary:

A. The dates established in subsection 2 when circumstances require that cull potatoes be disposed of prior to the June 10th date to prevent or minimize the spread of disease; [PL 2007, c. 570, §1 (NEW).]

B. The dates established in subsection 2 when weather or economic circumstances allow an extension of the time period during which cull potato piles may be maintained without significantly increasing the threat of disease; and [PL 2007, c. 570, §1 (NEW).]

C. The best management practices prescribed for maintaining cull potato piles when these practices are found inadequate to protect against an imminent threat. [PL 2007, c. 570, §1 (NEW).]

Except in an emergency, the commissioner shall consult with the Maine Potato Board prior to adopting rules under this section. Rules adopted pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.

4. Department action. The commissioner may take action to properly dispose of or manage cull potatoes and cull potato piles that violate the requirements of this section or any rules of the commissioner adopted to implement this section. The commissioner or the commissioner's designee is authorized to enter any property to inspect cull potato piles and to take any action required to secure their proper disposal or management. Designated representatives of the commissioner may, without search warrant, enter at reasonable times any real property, other than a building, where potatoes are grown, stored, packed, loaded for shipment or handled, and may enter any building, either with the consent of the owner, lessee, occupant or agent or pursuant to an administrative search warrant. Notwithstanding the Maine Rules of Civil Procedure, Rule 80E, paragraph (b), the commissioner or the commissioner's designee may obtain an administrative search warrant pursuant to this section by describing the premises to be entered and the purpose of the inspection or other authorized action and

[PL 2007, c. 570, §1 (AMD).]
by demonstrating that the entry is necessary in order to inspect potato cull piles or otherwise carry out the requirements of this section. This demonstration is deemed to be a demonstration of probable cause.

The costs incurred by the department in removing and properly disposing of or managing cull potatoes and cull potato piles must be reimbursed by the responsible party or parties, each of whom is jointly and severally liable for those costs to the department. The department, its employees and agents and any person acting on behalf of the department are not liable for any action taken pursuant to this section. [PL 2007, c. 570, §1 (AMD).]

5. **Potato Cull Removal Fund.** The Potato Cull Removal Fund is established to be used by the department to administer and enforce the provisions of this section and to pay any expenses of cull potato management, removal or disposal. The commissioner may receive funds from any source to be deposited into this fund, which does not lapse. If at any time the balance of the fund falls below $15,000, any penalties collected under this section must be deposited into the fund. Otherwise, penalties collected must be deposited into the General Fund. [PL 2007, c. 570, §1 (AMD).]

6. **Civil penalties.** Any person who violates any of the requirements of this section or any rules adopted under this section commits a civil violation for which a fine of not more than $1,000 for each violation, together with not more than $1,000 for each succeeding day of a continuing violation, may be adjudged. [PL 2005, c. 512, §43 (AMD).]

ARTICLE 3

LICENSING
§1011. Purpose

The Legislature finds that the potato industry has a substantial and unique effect on the economy of the entire State and Aroostook County in particular. Large numbers of the people in the State are directly or indirectly dependent on the industry. Over the years the industry has experienced wide fluctuations in prices and quality of product. Such fluctuations have caused commensurate instability in the economy of a large portion of the State. To a great extent the well-being of the industry is dependent upon those persons engaged in the marketing of the potatoes and rotation crops grown by others and the manner in which their services are performed. The entire manner of marketing potatoes and rotation crops is unique and requires special consideration. [PL 1997, c. 606, §1 (AMD)].

The Legislature intends through this legislation to exercise the police power of the State in order to protect and promote the general welfare of the potato industry and the people of the State and maintain and encourage fair and equitable practices in the handling, sale and storage of potatoes and rotation crops. Such stabilization of the potato industry will have the beneficial effect of improving the economy of the entire State. [PL 1997, c. 606, §1 (AMD)].

SECTION HISTORY

§1014. Licensing; agents

No person shall act as a dealer, processor, broker, agent or retailer unless duly licensed as provided in this Article. Every person, before acting as a dealer, processor, broker, agent or retailer, shall file an application with the commissioner for a license to transact the business of a dealer, processor, broker, agent or retailer and such application shall be accompanied by the license fee provided in this Article. [PL 1975, c. 555, §2 (AMD).]

A person may not buy, solicit or negotiate the sale of any potatoes or rotation crops in this State as a representative of any dealer, processor, broker or retailer, unless such a representative has been so authorized by a duly licensed dealer, processor, broker or retailer in writing, and a copy of such authorization is filed with the commissioner, except where such representative conducts business in the office of the dealer, processor, broker or retailer. The commissioner must be notified in writing by the dealer, processor, broker or retailer immediately upon the termination of such authorization. [PL 1997, c. 606, §8 (AMD).]

SECTION HISTORY

§1015. Application and renewal for license

The applicant shall file an application for a license or renewal of a license on forms as prescribed and furnished by the commissioner, which must contain the full name of the person applying for the license and, if the applicant is a corporation, partnership, association, exchange or legal representative, officer, director, partner or member of a corporation, partnership, association or exchange, all such names and positions. If the applicant is a foreign corporation, it shall certify that it is authorized to transact business in the State under former Title 13-A, chapter 12 or Title 13-C, chapter 15, and further state the principal business address of the applicant in the State or elsewhere, the address of all places of business in the State, and the name or names of the person or persons authorized to receive and accept service of lawful process upon the applicant within the State. All questions required to be answered in the application for licenses must be sworn to, and intentionally untruthful answers constitute the crime of perjury. [PL 2005, c. 333, §1 (AMD).]

Upon receipt of an initial application, the commissioner immediately shall cause notice of the application to be provided in a manner consistent with the provisions of the Maine Administrative Procedure Act as to adjudicatory proceedings and shall, in any case, cause a copy of the notice to be served upon the Maine Potato Board. Any interested person has 30 days in which to file comments as to the applicant's qualifications, to request a hearing or to file a verified complaint with the commissioner as provided by this Article. [PL 2005, c. 333, §1 (AMD).]

This applicant shall satisfy the commissioner of that applicant's character, financial responsibility and good faith in seeking to engage in the business. The commissioner shall, after notice and opportunity for a hearing has been provided in a manner consistent with the Maine Administrative Procedure Act as to adjudicatory proceedings, issue a license to an applicant if the commissioner is satisfied as to the applicant's qualifications, such license entitling the applicant to act in the capacity described in the license for a period of one year from the date of issuance. A license may not be granted to any applicant if such person or officer, director, partner, or member thereof, has been convicted in
any state or federal court of any felony within 5 years of the date of the application. [PL 2005, c. 333, §1 (AMD).]

In order to insure the licensee's financial responsibility and to protect potato and rotation crop producers, the commissioner shall require the licensee to file a bond as a prerequisite to the issuance of a license. The bond must be in a form and amount satisfactory to the commissioner, but not less than $50,000 nor more than $300,000 in the case of dealers and brokers engaged in buying or selling either potatoes or rotation crops, but not both, not less than $50,000 nor more than $400,000 in the case of dealers and brokers engaged in buying and selling both potatoes and rotation crops, or not less than $100,000 nor more than $500,000 in the case of processors, payable to the commissioner in the commissioner's official capacity and conditioned on the full and prompt payment for all potatoes or rotation crops received or purchased from producers or other licensees during the effective period of the license. In the case of processors, the amount of bond required must be based on the licensee's anticipated monthly volume of purchases, but may be adjusted to reflect other federal escrow accounts or bond requirements met by the licensee that satisfy the purposes of this section. [PL 2005, c. 333, §1 (AMD).]

Each license must plainly state the name and business address or addresses of the licensee and must be posted in a conspicuous place in each office where the business is transacted. The fee for each license is $100 annually. Such license may be renewed for successive periods of one year each upon payment of the renewal fee and the submission of an application demonstrating that the applicant continues to meet the requirements for licensing, including filing proof of financial responsibility. A license or license renewal issued expires on the 30th day of June following the date of issuance. The department is not required to provide notice and opportunity for a hearing as provided in the Maine Administrative Procedure Act when granting a license renewal. If the licensee desires to carry on business in more than one place within the State, the licensee shall procure additional copies of the license, certified by the commissioner, for each place where the business is to be conducted. The fee for each such additional certification is $100. In the event a person required to be licensed under this section fails to renew that person's license or submit the annual proof of financial responsibility, the department shall promptly provide notice to members of the potato producing industry through the Maine Potato Board and an agricultural bargaining council. [PL 2005, c. 333, §1 (AMD).]

All fees collected under this Article must be paid to the Treasurer of State and credited to the Department of Agriculture, Conservation and Forestry for the administration of this Article and other expenses incident to the administration of the department, and must be expended by the commissioner for the purposes for which the department is created. If any of such fees are not expended during the year in which they are collected, the unexpended balance does not lapse, but must be carried as a continuing account and available for the purposes specified until expended. [PL 2005, c. 333, §1 (AMD); PL 2011, c. 657, Pt. W, §5 (REV).]

SECTION HISTORY

§1016. Verified complaints; investigation

The commissioner or his duly authorized agent shall have full authority to investigate upon the verified complaint of any interested person, or on his own motion, the conduct and activities of any person applying for or holding a license as dealer, processor, broker, agent or retailer and for such purpose may examine the books and papers of any such person and may take testimony and affidavits
thereon under oath. Any interested person who has filed a verified complaint may be a party of record to all proceedings had with regard thereto. [PL 1975, c. 555, §3 (AMD).]

SECTION HISTORY

§1017. Violations

1. Acts enumerated. The commissioner or the commissioner's duly authorized agent may refuse to grant or renew a license, after notice and opportunity for a hearing is provided in a manner consistent with the Maine Administrative Procedure Act as to adjudicatory proceedings, upon a finding that any of the following acts have existed within 2 years of the date of the filing of an application for license:

A. That fraudulent charges or returns have been made by the applicant or licensee for the handling, sale or storage of potatoes or rotation crops, or for the rendering of any service in connection with the handling, sale or storage of potatoes or rotation crops; [PL 1997, c. 606, §10 (AMD).]

B. That the applicant or licensee has failed or refused to render a true account of sales, or to make a settlement thereon, within the time and in the manner required by this Article, or has failed or refused to pay for potatoes or rotation crops purchased by the applicant or licensee within 30 calendar days after acceptance of the potatoes or rotation crops; [PL 1997, c. 606, §10 (AMD).]

C. That the applicant or licensee has knowingly made any false material statement as to the condition, quality or quantity of potatoes or rotation crops received, handled, sold, purchased or stored by the applicant or licensee; [PL 1997, c. 606, §10 (AMD).]

D. That the applicant or licensee directly or indirectly has purchased for that applicant's or licensee's own account, potatoes or rotation crops received by the applicant or licensee upon consignment without prior authorization from consignor together with price fixed by consignor or without promptly notifying the consignor of such purchase. This does not prevent any dealer, processor, broker, agent or retailer, in order to close the day's business, from taking into account in the record of sales miscellaneous lots or parcels of potatoes or rotation crops remaining unsold, if such dealer, processor, broker, agent or retailer on the business day next following properly enters any such transaction in that applicant's or licensee's accounts; [PL 1997, c. 606, §10 (AMD).]

E. That the applicant or licensee has made any substantial misrepresentation as to the conditions of the market for potatoes or rotation crops; [PL 1997, c. 606, §10 (AMD).]

F. That the applicant or licensee has made fictitious sales or has defrauded or attempted to defraud a producer; [PL 1997, c. 606, §10 (AMD).]

G. That a dealer, processor, broker, agent or retailer to whom any consignment is made has reconsigned such consignment to another dealer, processor, broker, agent or retailer and has received, collected or charged by such means more than one commission for making the sale therefor for the consignor without written consent of such consignor; [PL 1975, c. 555, §5 (AMD).]

H. That the licensee knowingly made any false material statements in the procurement of such license; [PL 1971, c. 366 (NEW).]

I. That the applicant or licensee has not accounted promptly and properly to the producer with regard to any claim settled or collected by the applicant or licensee for such producer; [PL 1997, c. 606, §10 (AMD).]

J. That the applicant or licensee has failed or refused, upon demand, to permit the commissioner or the commissioner's agents to make the investigations, examinations or audits as provided in this Article or that the applicant or licensee has removed or sequestered any books, records or papers
necessary to any such investigations, examinations or audits, or has otherwise obstructed the same; [PL 1997, c. 606, §10 (AMD).]

K. That the licensee has failed or refused to keep and maintain the records as required by this Article; [PL 1971, c. 366 (NEW).]

L. That the applicant or licensee has committed any act or conduct with regard to the handling, sale or storage of potatoes or rotation crops whether of the same or different character than specified in this subsection, which constitutes or demonstrates bad faith, incompetency or untrustworthiness, or dishonest, fraudulent or improper dealings; [PL 2005, c. 333, §2 (AMD).]

M. That the applicant or licensee has failed to deliver to the seller the confirmation required by section 1022 within the time specified; or [PL 2005, c. 333, §2 (AMD).]

N. That the applicant or licensee has failed to maintain a bond to ensure financial responsibility to producers or other licensees as required under section 1015. [PL 2005, c. 333, §2 (NEW).]

The District Court may, in a manner consistent with the Maine Administrative Procedure Act, suspend or revoke a license upon finding any of the enumerated violations within 2 years of the date of the filing of a complaint. [PL 2005, c. 333, §2 (AMD).]

1-A. Mandatory nonrenewal. [PL 1983, c. 829, §15 (RP).]

2. Conditional. Any order revoking or suspending a license may, within the discretion of the District Court be made conditional upon the settlement, adjustment or satisfaction of the consequence of the violation or violations as specified, and the operation of such an order may be deferred for such purpose. Any such order may contain provisions for modification or dismissal thereof upon presentation to the District Court of evidence that the matter of complaint has been settled, adjusted or withdrawn at any time before such order becomes final. [PL 1977, c. 694, §105 (AMD); PL 1999, c. 547, Pt. B, §78 (AMD); PL 1999, c. 547, Pt. B, §80 (AFF).]

3. Effective date. The commission of the acts enumerated in this section after September 23, 1971 constitutes a violation of this Article. [PL 1975, c. 555, §§4, 5 (AMD).]

4. Notification of insufficient or no payment. Producers may notify the Department of Agriculture, Conservation and Forestry of insufficient or no payment for potatoes or rotation crops after acceptance by any processor, dealer, broker, agent or retailer in the State in violation of subsection 1, paragraph B.

A. The Commissioner of Agriculture, Conservation and Forestry or the commissioner's agent, upon notification by producers of insufficient or no payment, shall immediately investigate the complaint and shall, in a manner consistent with the provisions of the Maine Administrative Procedure Act as to adjudicatory proceedings, hold a hearing, unless such hearing is waived by the processor, dealer, broker, agent or retailer against whom the charge has been made. The processor, dealer, broker, agent or retailer accused of nonpayment shall provide the commissioner with a copy of the contract, if any, and all other materials and information to enable the commissioner to carry out the provisions of this section. Upon finding after investigation that the processor, dealer, broker, agent or retailer has violated the contract, express or implied, the commissioner may recover the proceeds of the bond required by section 1015 and apply those proceeds against the amounts owed producers. In the event the bond proceeds are inadequate to cover the debts owed producers, the commissioner shall require the processor, dealer, broker, agent or retailer to post an additional bond sufficient to cover the remaining debt owed to the producer or producers.
(1) The commissioner, after determination upon a hearing of insufficient payment or nonpayment of debts owed to a producer, may require the licensee to formulate a schedule of payments to the producer that is satisfactory to the commissioner. The schedule of payments may not exceed a 30-day period.

(2) The licensee, who after a hearing is determined to be in default of payment to a producer, shall submit a payment schedule to the commissioner within one week from the commissioner's request for a payment schedule. In the event that the schedule of payment is not satisfactory to the commissioner, the commissioner shall establish the schedule of payment not to exceed a 30-day period.

(3) The commissioner shall file a complaint with the District Court seeking to suspend the license of any licensee who fails to conform to the payment schedule established in this section until the producer is paid the total claim to which the producer is entitled.

(4) Upon the filing of a complaint by the commissioner in the District Court, the licensee shall post a bond sufficient to cover the total claim owed the producer on the date on which the complaint is filed. The bond required for an appeal procedure may be waived by the District Court in the event that the bond required by the commissioner under section 1015 or this paragraph is valid and sufficient to cover the total claim owed the producer.

(5) Nothing in this section may be construed to prohibit a producer from seeking redress for insufficient payment or nonpayment from licensees in any court or in accordance with any federal procedure established to obtain redress. 1-A. Processor records. Every processor licensed under this Article, upon having purchased potatoes or rotation crops from the producer, shall cause a record of the transaction to be made, and
deliver promptly to the seller a copy of that record setting forth the following with reference to the handling, sale and storage of those potatoes or rotation crops:

A. Date of sale; [PL 1983, c. 465, §3 (NEW).]

2. Guarantees. In any sale in which the buyer of such potatoes is a person required to be licensed by this article and has a place of business in this State except a retailer, any guarantees with regard to grade, size, weight or other specifications, made by the producer shall be deemed satisfied when the grade, size, weight or specifications, as certified by a licensed federal-state potato inspector, or seed potato inspector, after the potatoes have been or while they are being loaded for transit, equals or exceeds the grade, size, weight or other specifications of the potatoes stated in the record of transaction. Any producer making any such guarantees shall at all times prior to shipment have the option to determine whether or not the potatoes shall be inspected in accordance with this subsection. Any attempt by a dealer to coerce or influence a producer to forego an inspection shall be a civil violation subject to section 1028. Any agreement the effect of which is to deny the producer the right to satisfy the producer's guarantee obligations and any agreement conflicting with this subsection are void; provided that a producer waives any rights under this subsection or may sell potatoes under an agreement conflicting with this subsection when the record of transaction required by this article contains the following additional information:

A. Name and address of the person to whom the dealer resold the potatoes and any other person to whom the producer is obligated, directly or indirectly, by making any guarantees with regard to grade, size, weight or other specifications; [PL 1971, c. 600, §7 (NEW).]
B. Point of final destination for the shipment of potatoes; and [PL 1989, c. 319 (AMD).]
C. Price for the potatoes, per unit at final destination. [PL 1989, c. 319 (NEW).]

A buyer or dealer who attempts to enforce or hold a producer liable under a guarantee obligation, when the potatoes have been inspected in accordance with this subsection, without supplying the information in paragraphs A, B and C commits a civil violation and shall be subject to section 1028. [PL 1989, c. 319 (AMD).]

3. Waiver. In any sale by a producer in which the making of a record of such transaction is required by this Article and the name and address of the buyer are not set forth on such record, or if no such record of transaction is made or if a copy of the record of transaction is not delivered by depositing the copy in the United States mail, postage prepaid, addressed to the producer, prior to delivery of the potatoes or rotation crops at the point of final destination, the producer is deemed not to have made any guarantees with regard to grade, size, weight or other specifications, and such omission by the buyer or broker or agent constitutes a waiver of any and all claims against the producer for breach of warranty, expressed or implied. [PL 1997, c. 606, §14 (AMD).]

4. Copies of documentation. Before any change may be made in the agreed upon price, there shall be mutual agreement between the parties. The agreement must be verified in writing and, along with available documentation as to quality defects mailed to the seller within 2 working days of the availability of the documentation.
§1023. Brokers and agents

1. Brokerage fee. The brokerage fee, if any, shall be an agreed upon percentage of the gross proceeds from the sale, exclusive of the costs of transportation, and shall be charged the seller only upon receipt of payment in full of said gross proceeds from the buyer. [PL 1971, c. 366 (NEW).]

2. Duties of brokers. In addition to all the duties of the broker otherwise imposed by law or by agreement, the broker has the following duties.

   A. The broker shall invoice the buyer, shall collect and remit to the seller and any secured party noted on the record of the transaction any and all sums due on account of the sale, and shall render an itemized accounting to the seller promptly upon receipt of payment, showing the true gross selling price, all brokerage fees deducted, and any other charges or expenses incurred in connection with the sale of the potatoes or rotation crops. Agreement to collect from the buyer and remit to the seller is not a guarantee by the broker that the buyer will pay for the potatoes or rotation crops purchased, unless there is a specific agreement by the broker that the broker will pay if the buyer does not pay. [PL 1997, c. 606, §15 (AMD).]

   B. The broker shall, to the best of the broker's ability, make all necessary arrangements to effect the transportation of said shipment to the buyer, but the broker, in the absence of a specific agreement, does not guarantee the carrier payment of carrier charges. [PL 1997, c. 606, §15 (AMD).]

   C. The broker shall prepare, file and fully process with the carrier any and all claims for the seller of the potatoes or rotation crops, including taking all necessary action to bring the matter to a conclusion. [PL 1997, c. 606, §15 (AMD).]

3. Agents contracts. A person required to be licensed by this Article may not act as an agent for any grower without first having an agreement with the grower reduced to a written contract clearly defining the duties and responsibilities of both parties, the extent of the agent's authority in distributing the potatoes or rotation crops, and the agent's fee or selling charge, if any. [PL 1997, c. 606, §16 (AMD).]

4. Agent's fees. The agent's fee or selling charge shall be charged the seller only upon receipt from the buyer of payment in full of the gross proceeds from the sale. [PL 1971, c. 600, §9 (NEW).]

5. Duties of agents. In addition to all the duties of the agent of any grower otherwise imposed by law, rule or regulation, or by agreement, the agent has the same duties as are imposed upon the broker by subsection 2, paragraphs A, B and C. [PL 1997, c. 606, §16 (AMD).]
1. **Producers.** Producers are exempt from this Article when selling potatoes or rotation crops that they have grown, that they are presently growing or that they intend to grow, except when acting as an agent.

A producer or a licensee bringing an action against the bond must provide the department with notice of intent to file a claim within 30 days of the payment due date. A formal verified complaint and supporting documentation must be filed with the department within 90 days of the payment due date. [PL 2005, c. 333, §4 (AMD).]

For the purposes of this subsection, the production of an unrestricted, original certificate of inspection covering the entire manifest, or an original or copy of a certificate of inspection positively identifying the actual bags or containers in question shall be deemed to satisfy the requirements of this subsection. The commissioner may promulgate rules consistent with the Maine Administrative Procedure Act, Title 5, chapter 375, to designate other circumstances which will be deemed to satisfy the requirements of this subsection.

A license may be issued for a one-year, 2-year or 3-year period. Licenses for a period in excess of one year may only be issued with the agreement of or at the request of the applicant. SECTION HISTORY

§1045. Exemptions and violations

Sections 1043 and 1044 shall not apply to seed or grain not intended for sowing purposes, nor to seed in storage in, or consigned to, a seed cleaning or processing establishment for cleaning or processing. Any labeling or other representation which may be made with respect to the uncleaned or unprocessed seed shall be subject to this subchapter. [PL 1977, c. 696, §87 (RPR).]

No person shall be deemed in violation of this subchapter for having sold or offered or exposed for sale in this State any agricultural vegetable or tree and shrub seed which were incorrectly labeled or represented as to kind, variety, type or origin, which seeds cannot be identified by examination thereof, unless he has failed to obtain an invoice or grower's declaration giving kind, or kind and variety, or kind and type, and origin if required, and to take such other precautions as may be necessary to insure the identity to be that stated. [PL 1977, c. 696, §87 (RPR).]

Violation of this subchapter is a civil violation for which the following forfeitures may be adjudged. [PL 1977, c. 696, §87 (RPR).]

1. First violation. For the first violation, a forfeiture not to exceed $100; and [PL 1977, c. 696, §87 (NEW).]

2. Subsequent violation. For each subsequent similar violation, a forfeiture not to exceed $250. [PL 1977, c. 696, §87 (NEW).]

SECTION HISTORY
§1046. Duties of commissioner  

It shall be the duty of the commissioner, who may act through his authorized agents:

1. **Inspection.** To sample, inspect, cause to be analyzed or tested, agricultural, vegetable or tree and shrub seeds transported, sold or offered or exposed for sale within this State for sowing purposes, at such time and place and to such extent as he may deem necessary to determine whether said agricultural, vegetable or tree and shrub seeds are in compliance with this subchapter, and to notify promptly of any violation, the person who transported, sold, offered or exposed the seed for sale; [PL 1969, c. 42, §8 (AMD).]

2. **Rules and regulations.** To prescribe and, in a manner consistent with the Maine Administrative Procedure Act, to adopt rules and regulations governing the methods of sampling, inspecting, analysis, test and examination of agricultural, vegetable or tree and shrub seeds, and the tolerances to be followed, which shall be in general accord with officially prescribed practice in interstate commerce, and such other rules and regulations as may be necessary to secure the efficient enforcement of this subchapter. [PL 1977, c. 694, §113 (AMD).]

**SECTION HISTORY**

§1047. Powers  

For the purpose of carrying out this subchapter, the commissioner or his duly authorized agents shall have authority:

1. **Stop-sale orders.** To issue and enforce a written or printed "stop-sale" order to the owner or custodian of any lot of agricultural, vegetable or tree and shrub seeds which the commissioner finds is in violation of any of the provisions of this subchapter, which order shall prohibit further sale of such seed until such officer has evidence that the law has been complied with. The issuance of such an order shall not be considered licensing or an adjudicatory proceeding, as defined by the Maine Administrative Procedure Act. No "stop-sale" order shall be issued or attached to any lot of seed without first giving the owner or custodian of such seed an opportunity to comply with the law. The owner or custodian of seeds which have been denied sale by a "stop-sale" order shall have the right to appeal from such order to a court of competent jurisdiction in the locality in which the seeds are found, praying for a judgment as to the justification of said order and for the discharge of such seed from the order. This subsection shall not be construed as limiting the right of the enforcement officer to proceed as authorized by other provisions of this subchapter. [PL 1977, c. 694, §114 (AMD).]

2. **Employ qualified persons.** To employ qualified persons under the Civil Service Law and to incur such expenses as may be necessary to carry out this subchapter; and [PL 1985, c. 785, Pt. B, §44 (AMD).]

3. **Cooperate with Federal Government.** To cooperate with the Federal Government in seed law enforcement.

**SECTION HISTORY**

§1048. Seizure  

Any lot of agricultural, vegetable or tree and shrub seeds not in compliance with this subchapter shall be subject to seizure on complaint of the commissioner to a court of competent jurisdiction in the locality in which the seed is located. In the event that the court finds the seed to be in violation of this subchapter, and orders the condemnation of said seed, it shall be denatured, processed, destroyed,
relabeled or otherwise disposed of as provided in this subchapter. In no instance shall the court order such disposition of seed without first having given the claimant an opportunity to apply to the court for the release of said seed or permission to process or relabel it to bring it into compliance with this subchapter. [PL 1969, c. 42, §10 (AMD).]

SUBCHAPTER 11-A

GENETICALLY ENGINEERED PLANTS AND SEEDS

§1051. Definitions
As used in this subchapter, unless the context otherwise indicates, the following terms have the following meanings. [PL 2001, c. 330, §1 (NEW).]

1. Cross-contamination. "Cross-contamination" means the unintentional transfer and incorporation of genetic material between a genetically engineered crop, by cross-pollination or other means, and a nongenetically engineered crop or a wild plant population. [PL 2001, c. 330, §1 (NEW).]

2. Genetically engineered. "Genetically engineered" means the application of in vitro nucleic acid techniques, including recombinant deoxyribonucleic acid and direct injection of nucleic acid into cells or organelles, or the fusion of cells beyond the taxonomic family, that overcome natural physiological reproductive or recombinant barriers and that are not techniques used in traditional breeding and selection. [PL 2007, c. 602, §1 (AMD).]

3. Seed dealer. "Seed dealer" means a person who cleans, processes, sells or offers for sale a genetically engineered plant part, seed or plant in the State. [PL 2007, c. 602, §2 (AMD).]

4. Manufacturer. "Manufacturer" means a person that produces or commercializes a genetically engineered plant part, seed or plant, not including a farm operation as defined in section 152, subsection 6. [PL 2009, c. 323, §1 (AMD).]

4-A. Pharmaceutical or industrial crop. "Pharmaceutical or industrial crop" means a plant that has been genetically engineered to produce a medical or industrial product, including a human or veterinary drug, a biologic, industrial or research chemical, enzymes, vaccines, human antibodies and human blood proteins. [PL 2009, c. 388, §1 (NEW).]

5. Technology use agreement. "Technology use agreement" means an agreement between a manufacturer and a farmer that controls the right to plant a given genetically engineered plant part, seed or plant on a specific area of land for a certain period of time. [PL 2007, c. 602, §4 (NEW).]

SECTION HISTORY

§1052. Responsibilities of manufacturer
A manufacturer of genetically engineered plants, planting stock or seeds that present a risk of cross-contamination and are sold or distributed in this State is subject to the provisions of this subchapter. [PL 2001, c. 330, §1 (NEW).]

1. Instructions. The manufacturer or seed dealer of the genetically engineered plants, plant parts or seeds shall provide written instructions to all growers on how to plant the plant parts, seeds or plants and how to grow and harvest the crop to minimize potential cross-contamination. These instructions must be at least as inclusive as guidelines issued by the United States Department of Agriculture relative to the establishment of buffer zones between genetically engineered plants and wild or cultivated plants subject to the risk of cross-contamination. The manufacturer or seed dealer shall file a copy of these instructions with the commissioner at least 20 days in advance of any sale of the genetically engineered plants, plant parts or seeds in this State. [PL 2001, c. 330, §1 (NEW).]

2. Record keeping. The manufacturer or seed dealer shall identify and maintain, for at least 2 years after the date of sale, a list of the names and addresses of all growers of its genetically engineered plants, plant parts or seeds in this State. The list is not a public record as defined in Title 1, section 402, subsection 3. A manufacturer or seed dealer shall permit the commissioner to inspect the list when requested to facilitate an investigation into a claim of cross-contamination. A manufacturer or seed dealer is not required to keep records on seeds sold at the retail level in packets weighing less than one pound. A manufacturer of genetically engineered seeds is not required to keep records under this subsection when the required records are being kept by a seed dealer. [PL 2001, c. 330, §1 (NEW).]

2-A. Reporting. A manufacturer selling genetically engineered plant parts, plants or seeds in the State shall annually report to the commissioner the total potential acreage at a given planting density of genetically modified crops that could be grown based on the amount of each genetically engineered product sold in the State. Individual manufacturer data received under this subsection is confidential and may not be made public. The commissioner shall make public aggregate data that does not reveal the sales activities of an individual manufacturer. The commissioner shall provide aggregate data on sales of genetically engineered trees, tree seedlings, tree seeds, tree scions and other propagative materials to the Department of Agriculture, Conservation and Forestry, Bureau of Forestry. [PL 2009, c. 323, §2 (NEW); PL 2011, c. 657, Pt. W, §§5, 7 (REV); PL 2013, c. 405, Pt. A, §23 (REV).]

In accordance with Title 5, chapter 375, the commissioner may suspend or revoke a license issued under section 1044-A if the holder of the license fails to comply with this subchapter. [PL 2001, c. 330, §1 (NEW).]

SECTION HISTORY

§1053. De minimus possession and venue

1. De minimus possession. If a genetically engineered product in which a manufacturer has rights is possessed by a farmer or found on the property owned or occupied by the farmer and the presence of the product is either de minimus or not intended by the farmer, the farmer is not liable for breach of a seed contract nor for any damages claimed by the manufacturer. [PL 2007, c. 602, §5 (NEW).]
2. **Venue.** An infringement case brought against a grower who does not have a current technology use agreement with a manufacturer must be brought in a venue where the farmer resides or where the disputed crop was grown. [PL 2007, c. 602, §5 (NEW).]

**SECTION HISTORY**

**§1054. Rulemaking**

SECTION HISTORY

CHAPTER 105
PAYMENT OF DUES

§1090. Findings and purpose
The Legislature finds and declares that the agricultural industry as a whole is of significant economic and social importance to the State of Maine. The Legislature further finds and declares that the agricultural industry is subject to unique financial difficulties. Such difficulties include instability of prices, the general inflexibility of demand for farm products, rising costs to producers, dealers and processors, and the vagaries of nature. [PL 1971, c. 428 (NEW).]

Such financial difficulties have a direct effect on a significant portion of the people of the State who are not directly involved in agricultural activities or industries. [PL 1971, c. 428 (NEW).]

The Legislature further finds and declares that the relationships between agricultural producers and dealers or processors are also unique. The normal labor relationship of employer and employee does not ordinarily apply in the agricultural industry. In view of these facts, the Legislature has determined that it is in the best interests of those engaged in agriculture and agriculturally related industry, and of the people of the entire State to regulate the relationship of producers to dealers and processors by encouraging and facilitating the formation and operation of cooperative agricultural marketing associations. The Legislature in enacting this legislation intends to exercise the police power of the State to benefit the health and welfare of the agricultural industry and the people of the State. [PL 1971, c. 544, §18-A (AMD).]

SECTION HISTORY

§1091. Dues
(REPEALED)

SECTION HISTORY

§1091-A. Dues and fair share fees
1. Definitions. As used in this chapter, unless the context otherwise indicates, the following terms have the following meanings.

A. "Association" has the same meaning as in Title 13, section 1774, subsection 3. [PL 2003, c. 329, §2 (NEW).]

B. "Fair share fee" means a fee deducted by a dealer or processor from a producer who is not an association member. [PL 2003, c. 329, §2 (NEW).]

2. Association dues. When a member of an association makes a written assignment of dues to that association, those dues must be paid out of funds due or to become due to that member for any farm product produced or to be produced by that member or for any services performed or to be performed by that member in the production of farm products. A person who accepts or receives the product or services from the member is bound by that assignment after receiving written notice from
the association or from the member, and that person shall withhold the assigned dues from amounts payable by that person to the member thereafter during the period of the assessment. [PL 2003, c. 329, §2 (NEW).]

3. Fair share fees for contracts entered into after the association agreement. A nonmember producer who supplies farm products to a dealer or processor subject to collective bargaining and who enters into a preseason contract with the dealer or processor after the association has signed an agreement with that dealer or processor must be assessed a fair share fee equal to 50% of the amount charged to association members as dues. The dealer or processor shall withhold the fair share from the nonmember in the same manner as member dues are withheld. The nonmember shall make a written assignment directing the dealer or processor to have the fair share fee:

A. Remitted to the association and used to defray the costs incurred by the association as the recognized collective bargaining unit in fulfilling its duty to represent producers in their relations with the dealer or processor; or [PL 2003, c. 329, §2 (NEW).]

B. Deposited in a fund established by the dealer or processor for awarding educational scholarships to contributing nonmembers and association producers. [PL 2003, c. 329, §2 (NEW).]

4. Fair share fees for contracts entered into before the association agreement. Except as provided in subsection 5, a dealer or processor subject to collective bargaining may not assess or withhold a fair share fee from a nonmember producer who enters into a preseason contract to supply farm products to a dealer or processor before the association has signed an agreement with that dealer or processor unless the nonmember producer directs the dealer or processor to do so in accordance with this subsection.

A nonmember producer may make a written assignment directing the dealer or processor to withhold a fair share fee equal to 50% of the amount charged to association members as dues for deposit in a fund established by the dealer or processor for awarding educational scholarships to contributing nonmembers and association producers. [PL 2003, c. 329, §2 (NEW).]

5. Changes in nonmember contract. The dealer or processor shall withhold a fair share fee from a nonmember in accordance with subsection 3 when:

A. The nonmember entered into a preseason contract to supply farm products to a dealer or processor before the association signed an agreement with that dealer or processor; and [PL 2003, c. 329, §2 (NEW).]

B. The nonmember consents to a change or changes in that nonmember's contract after the association has signed an agreement with that dealer or processor and the change or changes provide an increase in contract value. [PL 2003, c. 329, §2 (NEW).]

§1092. Assignment

No provision that is inserted in any contract or other instrument that is prepared by a dealer or processor that makes an assignment of the dues or fair share fees described in section 1091-A ineffective is valid. [PL 2003, c. 329, §3 (AMD).]

An assignment of dues or fair share fees may not exceed 1% of the total value of the product or services delivered by the member to the dealer or processor. [PL 2003, c. 329, §3 (AMD).]
§1093. Remittance of dues and fair share fees; accounting

1. Sale of farm products. Subject to subsection 3, a dealer or processor shall, on or before the 15th day of each month, pay to an association all dues and fair share fees assigned to the association pursuant to section 1091-A with respect to farm products received from members and nonmembers by the dealer or processor during the preceding calendar month. At the time of each monthly payment of dues and fair share fees, the dealer or processor shall provide to the association a summary statement showing, for each member and nonmember, the quantity of farm products received, the payment due to the member and nonmember for those farm products prior to the deduction of dues or fair share fees and the amount of dues or fair share fees deducted therefrom pursuant to the assignment. [PL 2003, c. 329, §4 (AMD).]

2. Performance of farm services. Subject to subsection 3, a dealer or processor shall, on or before the 15th day of each month, pay to an association all dues and fair share fees assigned to the association pursuant to section 1091-A with respect to services performed by members and nonmembers in the production of farm products that were received by the dealer or processor during the preceding calendar month. At the time of each monthly payment of dues and fair share fees, the dealer or processor shall provide to the association a summary statement showing, for each member and nonmember, the quantity of farm products for which services were performed and the amount of dues or fair share fees deducted therefrom pursuant to the assignment. [PL 2003, c. 329, §4 (AMD).]

3. Flat rate dues and fair share fees deductions. In the event that the dues and fair share fees assigned to the association pursuant to section 1091-A are not calculated on the quantity of farm products sold or tendered by members and nonmembers to the dealer or processor, the dealer or processor shall pay the dues and fair share fees to the association according to the payment schedule contained in the assignment. No payment schedule may require the payment of assigned dues and fair share fees more frequently than once a month. [PL 2003, c. 329, §4 (AMD).]

SECTION HISTORY

§1094. -- liability

Any dealer or processor who pays any dues to an association pursuant to the assignment of dues governed by this chapter shall not be liable for such sums upon any seed lien, farm laborer's lien or any other lien or encumbrance which has priority by law upon the proceeds of the farm crop or product. Any lienholder who has priority upon the proceeds from such farm crop or product whose lien remains unsatisfied shall have the right to receive all sums paid to any association pursuant to the assignment of dues. Such association shall remit all dues paid pursuant to the assignment to the priority lienholder upon the receipt of notice and proof that a valid prior lien exists against such farm crop or product. [PL 1971, c. 438 (NEW).]

SECTION HISTORY
PL 1971, c. 438 (NEW).

§1095. -- deduction

Any dealer or processor may deduct a sum not to exceed 2% of the total dues to be paid to an association for administrative expenses incurred by the payment of such dues under the assignment. [PL 1971, c. 438 (NEW).]

SECTION HISTORY
§1096. Violation; penalties

1. Civil violation. Failure of a dealer or processor to pay assigned dues to an association within the time required by section 1093 is a civil violation for which a forfeiture of double the amount of the assigned dues that were not timely paid to the association shall be adjudged. The court shall order payment of the forfeiture to the association. In the event of a willful violation, the dealer or processor shall be subject to an additional civil penalty, payable to the State, of not more than $1,000 for a first violation and not more than $2,000 for each subsequent violation. The forfeiture and civil penalty created by this subsection are recoverable by the commissioner in a civil action. [PL 1987, c. 384, §4 (NEW).]

2. Private action. Any dealer or processor that fails to pay assigned dues to an association within the time required by section 1093 is liable to that association in a civil action for double the amount of the assigned dues that were not timely paid to the association, plus reasonable attorneys fees, provided that the filing of a civil violation action, pursuant to subsection 1, shall bar the filing of a private action under this subsection arising from the same events of nonpayment. [PL 1987, c. 384, §4 (NEW).]

[PL 2003, c. 386, §2 (NEW)].

The commissioner in consultation with the University of Maine Cooperative Extension, state and federal veterinarians and livestock producers in this State shall adopt rules for the administration of this section. 2. Criteria for reviewing applications. Upon receipt of a complete application under subsection 1, the commissioner shall review all materials submitted to determine the proximity of the proposed commercial large game shooting area to other licensed commercial large game shooting areas. If more than 2 applicants qualify for a license under this section, the commissioner shall give preference to a proposal to establish a commercial large game shooting area in Piscataquis County and to other proposals that advance geographic distribution of commercial large game shooting areas. The commissioner may establish additional criteria for rating applications in rules adopted under section 1342, subsection 8. The commissioner may require inspection of the proposed site prior to issuing a license under this section. [PL 2009, c. 249, §6 (NEW).]

SECTION HISTORY

§1755. Quarantine

The commissioner may, upon discovery or upon suspicion of the existence of any disease or pathogen among domestic animals or poultry in the State, take whatever action the commissioner considers necessary to prevent possible spread and to control or eradicate the disease or pathogen. Such action may include quarantine of domestic animals, birds, wild animals in captivity and products derived from them, including the quarantine of articles, materials and premises, equipment or areas, for a time and under conditions as the commissioner considers necessary to eradicate or control the disease or pathogen. This quarantine may not be considered licensing or an adjudicatory proceeding, as defined by the Maine Administrative Procedure Act. [PL 2001, c. 572, §27 (AMD).]

Any positive diagnosis of a disease made by recognized procedures by recognized diagnostic laboratories, or by recognized qualified persons, must be considered as official diagnosis until proved otherwise. [PL 2001, c. 572, §27 (AMD).]

Quarantine may be made by registered mail or in person by an authorized agent of the commissioner, or by any other person authorized to do so.

The commissioner may use placards or any other methods considered necessary to give notice or warning of the quarantine. [PL 2001, c. 572, §27 (AMD).]

It is illegal to violate any quarantine by any person, and such violation is punishable by penalties as outlined in section 1706. [PL 2001, c. 572, §27 (AMD).]

SECTION HISTORY

§1756. Appraisal, destruction and indemnity

Upon discovery of any contagious or infectious disease or pathogen among domestic animals, the commissioner may cause the affected or exposed animals to be appraised and destroyed, and a proper disposition of the carcasses made in accordance with rules and adopted by the commissioner in a manner consistent with the Maine Administrative Procedure Act, Title 5, chapter 375. The commissioner shall appraise each domestic animal at its true market value at the time it is condemned, provided that no indemnity may be paid except as established in section 1757 or in state-federal cooperative eradication programs for domestic animals and in those amounts as set by those agreements. In no case may the combined amount received from salvage and state and federal indemnity exceed the amount of appraisal. [PL 2001, c. 572, §28 (AMD).]

Indemnity may not be paid on any domestic animals imported into the State if the importation was in violation of the laws of the State or rules in effect at the time of importation. [PL 2001, c. 572, §28 (AMD).]

SECTION HISTORY
§1757. Poultry Disease Control Fund

The commissioner shall establish a Poultry Disease Control Fund to be used to detect, prevent, control or eradicate any contagious or infectious poultry disease or pathogen within the State, which may be funded through a legislative appropriation or through money received from other public and private sources, including an assessment on commercial poultry owners. [PL 2001, c. 572, §29 (AMD).]

1. Authority of the commissioner. Whenever the commissioner has sufficient reason to believe that a contagious or infectious poultry disease or pathogen has been or may be introduced into the State, the commissioner may:

   A. Inspect, cause to be disinfected or require evidence of disinfection of:
      (1) All incoming or outgoing vehicles being used to convey poultry, poultry products or materials related to the poultry industry; and
      (2) All incoming vehicles that, while carrying other domestic animals during the 30 days immediately prior to their arrival in Maine, stopped within or passed through an area declared quarantined by the United States Department of Agriculture, Animal and Plant Health Inspection Service, due to the outbreak of a contagious or infectious poultry disease or pathogen.

      Incoming vehicles may be refused entry into the State and outgoing vehicles may be detained within the State until any necessary inspection or disinfection has been performed or any required evidence of inspection or disinfection has been received. [PL 2001, c. 572, §30 (AMD).]

   B. Immediately eradicate poultry flocks in which disease or pathogen is found to exist; and [PL 2001, c. 572, §30 (AMD).]

   C. After consultation with appropriate industry organizations, indemnify owners of poultry destroyed under paragraph B. The amount of the indemnity must be established by rule adopted in a manner consistent with the Maine Administrative Procedure Act, Title 5, chapter 375, provided that the amount of any federal indemnity for the same flock is considered in setting the amount of indemnity under this paragraph. [PL 2001, c. 572, §30 (AMD).]

2. Assessment. The commissioner may, when necessary to carry out the purposes of this section and after consultation with appropriate industry organizations, levy an assessment upon owners of commercial poultry flocks located within the State. The levy shall be made and the amount of the assessment shall be established by rule, adopted in a manner consistent with the Maine Administrative Procedure Act, Title 5, chapter 375. In determining the amount of the assessment, the commissioner shall consider flock size, age and type of bird and the financial requirements of the fund provided that the total assessment levied upon the industry shall not exceed $100,000, and further provided that the assessment levied upon any single owner shall not exceed 25% of the total industry assessment or $25,000, whichever is smaller.

[PL 1983, c. 747, §2 (NEW).]

3. Use of fund. All moneys appropriated and otherwise received under this section shall be credited to the Poultry Disease Control Fund account and shall be nonlapsing. Moneys in the fund may be used for the purposes contained in subsection 1.

[PL 1983, c. 747, §2 (NEW).]

4. Reversion. When, in the judgment of the commissioner, the immediate threat of the introduction of a contagious or infectious poultry disease into the State no longer exists and no federal poultry...
quarantine is in effect in the State, he may direct that moneys remaining in the Poultry Disease Control Fund revert to contributors on a pro rata basis according to the amount of contributions made since the establishment of the fund or since the most recent reversion of the fund, whichever has last occurred. [PL 1983, c. 747, §2 (NEW).]

5. Penalties. Assessments authorized under subsection 2 may be recovered in a civil action. Any person who violates any provision or any rules adopted under this section shall be subject to a civil penalty not to exceed $1,000 to be recovered in a civil action. [PL 1983, c. 747, §2 (NEW).]

§1758. Salmonella enteritidis risk reduction and surveillance program

The commissioner, in cooperation with the University of Maine Cooperative Extension Service, shall develop a Salmonella enteritidis risk reduction and surveillance program for poultry. The commissioner shall adopt rules to implement the program. The rules must define the term "commercial egg producer" and establish requirements for participating in the program and a process for monitoring compliance with the program. Rules adopted pursuant to this section are major substantive rules as defined in Title 5, chapter 375, subchapter II-A. [PL 2001, c. 91, §1 (NEW).]

Upon final adoption of the rules, participation in the program is mandatory for all commercial egg producers in the State. A commercial egg producer who fails to comply with the requirements of this section and rules adopted pursuant to this section commits a civil violation for which a forfeiture of no more than $1,000 may be adjudged. [PL 2001, c. 572, §31 (NEW).]

An incoming vehicle may be refused entry into the State and an outgoing vehicle may be detained within the State until any necessary inspection or disinfection has been performed or any required evidence of inspection or disinfection has been received by the commissioner. CHAPTER 305

ERADICATION OF DISEASES

§1801. Reportable diseases

The commissioner shall, by rule adopted in a manner consistent with the Maine Administrative Procedure Act, determine which diseases or pathogens must be classified as "reportable." The form of transmissible spongiform encephalopathy known as chronic wasting disease is reportable. It is a
violation of this chapter for any owner, agent of any owner, veterinarian or other person having knowledge of the existence of such disease or pathogen or the exposure of domestic animals to such disease or pathogen not to properly report the existence of such disease or pathogen or exposure of domestic animals to the department immediately after knowledge of such disease or pathogen or exposure of domestic animals to such disease or pathogen. [PL 2001, c. 572, §32 (RPR).]

It is a violation of this chapter for any person to cause a domestic animal to be driven, trucked or otherwise moved intrastate or interstate when that person has knowledge that the animal is infected with or has been exposed to a reportable disease or pathogen. It is a violation of this chapter for any person to cause a domestic animal to be driven, trucked or otherwise moved intrastate or interstate when that person has knowledge that the animal has been treated with a vaccine or other substance that might make that animal capable of spreading a reportable disease or pathogen among susceptible domestic animals. A domestic animal infected with or exposed to a reportable disease or pathogen may be moved only under the direction of the commissioner. [PL 2001, c. 572, §32 (RPR).]

SECTION HISTORY

§1802. Condemnation of diseased animals

The commissioner may, when he deems it necessary, condemn and take possession of diseased or exposed domestic animals, or domestic animals suspected of being diseased or exposed, for diagnostic purposes, and may pay the owner for the same, health, condition and market value being considered. This condemnation shall not be considered licensing or an adjudicatory proceeding, as defined by the Maine Administrative Procedure Act. [PL 1977, c. 694, §123 (NEW).]

§1805. Securing animals for treatment

It is a violation of this chapter for an owner of domestic animals or that owner's agent to refuse or neglect to secure and restrain domestic animals to be tested, vaccinated, branded or tattooed to indicate vaccination or infection status, or otherwise treated as the commissioner may direct. [PL 2001, c. 572, §34 (AMD).]

The commissioner may require proper disinfecting by the owner of stables and premises where condemned diseased domestic animals are found and may withhold indemnity until satisfied that proper cleaning and disinfecting of premises have been completed. [PL 2001, c. 572, §34 (AMD).]
SECTION HISTORY

§1806. Disease control notifications

It is a violation of this chapter to tamper with, remove or alter eartags, labels, placards or notices affixed or posted by the commissioner to notify of and assist in the control of disease. [PL 2001, c. 572, §34 (AMD).]

A livestock product or byproduct may not be sold or offered for sale from any herd having a reportable disease or exposed to a reportable pathogen that may be transmitted in those products. [PL 2001, c. 572, §35 (NEW).]

SECTION HISTORY

§1807. Illegal vaccinations

1. Brucellosis vaccine. A person other than a licensed veterinarian may not vaccinate cattle with brucellosis vaccine. A licensed veterinarian may not vaccinate cattle with brucellosis vaccine unless:

A. The vaccine used has been approved by the commissioner; and [PL 2001, c. 572, §36 (NEW).]

B. The vaccine is administered to the animal at the age recommended by the manufacturer of the vaccine or determined by the commissioner. [PL 2001, c. 572, §36 (NEW).]

[PL 2001, c. 572, §36 (NEW).]

2. Prohibition on certain vaccines. The commissioner may prohibit a vaccination because the use of the vaccine being administered might cause the presumption that an actual disease or pathogen is present in the State. [PL 2001, c. 572, §36 (NEW).]

3. Commissioner's discretion to vaccinate. Notwithstanding subsection 2, the commissioner may authorize any vaccination necessary to control an outbreak of a disease or to diminish the threat of an outbreak of a disease. [PL 2001, c. 572, §36 (NEW).]

SECTION HISTORY

§1808. Sale, distribution and use of certain biologics

A biological product capable of eliciting an immunological response offered for use in the treatment or prevention of diseases of domestic animals may not be produced, sold, distributed, imported or used within the State, or imported into the State for sale, distribution or use unless approval and written permission has first been obtained from the commissioner. The commissioner has the right to refuse permission for distribution, sale, importation or use of any such product within the State, and may require reporting of sale, distribution, importation or use of any such product within the State, if permission is granted. [PL 2001, c. 572, §37 (AMD).]

A person except a licensed veterinarian may not offer for sale or distribution, within the State, any biological product containing living organisms or viruses offered for use in the treatment or prevention of diseases of domestic animals, without first obtaining a permit to act as a salesperson or distributor from the department. [PL 2001, c. 572, §37 (AMD).]

The commissioner shall, in a manner consistent with the Maine Administrative Procedure Act, adopt rules as to refrigeration, handling, shipping, disposing of outdated material and sale of such products. [PL 2001, c. 572, §37 (AMD).]

Failure to comply with this section or section 1807, or the rules adopted pursuant thereto, is grounds for revocation of any permit granted pursuant to these sections. [PL 2003, c. 510, Pt. A, §4 (AMD).]

SECTION HISTORY

§1808-A. Direct purchase of rabies vaccine

A veterinarian licensed in this State may sell rabies vaccine to a person who owns cattle, sheep, goats or cervids as defined in section 1333. A veterinarian who sells rabies vaccine in accordance with this section is not, as a result of selling the vaccine, liable for claims arising from the administration of the vaccine by the purchaser. [PL 2003, c. 386, §15 (AMD).]

[PL 2001, c. 308, §1 (NEW).]

SECTION HISTORY

§1809. Permits for state entry

1. Permit required. The commissioner may require a person who imports animals or avian hatching eggs into the State to obtain a permit before the time of entry. When a permit is required, the permit or permit number must accompany the shipment. The commissioner may refuse to grant a permit or may issue one subject to quarantine at destination if the animals or avian hatching eggs do not meet importation requirements or do not comply with the inland fisheries and wildlife laws and rules adopted by the Commissioner of Inland Fisheries and Wildlife under Title 12, chapter 915, subchapter 15 or Title 12, section 12102. The commissioner may require the owner to have those animals or avian hatching eggs tested or examined by a veterinarian at the owner's expense. The commissioner may release those animals or avian hatching eggs from quarantine only after the commissioner is satisfied that they are not a disease threat to other animals or humans.

When an animal or avian hatching egg is brought into the State without a required permit, the commissioner or the Commissioner of Inland Fisheries and Wildlife may condemn the animal and order it euthanized without indemnity or condemn the avian hatching egg and order it destroyed without indemnity. For purposes of this section, "avian hatching egg" means an egg of a bird species that is fertile and handled, transported and stored in a manner that maintains its viability. "Avian hatching egg" does not include fertile eggs marketed for human consumption. [PL 2017, c. 205, §1 (AMD).]
2. Rules. The commissioner shall adopt rules to establish importation requirements necessary to maintain the health of domestic animals. The commissioner, in consultation with the Commissioner of Inland Fisheries and Wildlife, shall maintain a list of animals for which a permit is required and conditions under which a permit is required for avian hatching eggs prior to entering the State. Such tests must be conducted by regularly employed federal or state veterinarians or technicians or authorized veterinarians and tested by the state laboratory. All animals showing a positive reaction to the test must be identified by a "reactor" ear tag and brand and must be slaughtered, except vaccinated animals under 14 months of age. [PL 2001, c. 572, §40 (AMD).]

Officially vaccinated calves, if purebred, must be properly identified by an official ear tag provided by the department or registration papers or tattoo number. Grade animals must be tagged with an official ear tag. All officially vaccinated calves must be tattooed with the official state tattoo mark. Evidence of vaccination must be the official state tattoo mark and either a vaccination ear tag or a tattoo number. [PL 2001, c. 572, §41 (AMD).]

Any person who tampers, with an intent to change or destroy, with a vaccination identification ear tag, official state tattoo mark, tattoo number or the identification on a registration paper shall be subject
to a civil penalty of $5,000 for each incident, payable to the State, to be recovered in a civil action. [PL 1981, c. 197, §2 (NEW).]

Authority to make, in a manner consistent with the Maine Administrative Procedure Act, all reasonable rules and regulations is given the said commissioner. [PL 1977, c. 694, §130 (AMD).]

No seed potatoes grown outside the State shall be sold or exposed for sale in the State unless that seed meets the standards of Maine certified seed potatoes as defined by the commissioner. [PL 1979, c. 321 (NEW).]

The grower shall provide the commissioner with the location and a description of the land on which the crop is grown and any additional information required by the commissioner. The grower shall enter into an agreement to pay inspection and certification fees determined by the commissioner to cover the cost of inspection and certification. Upon entering into an agreement with a grower, the commissioner or an agent of the commissioner shall list that grower's crops to be inspected and shall inspect and certify the crops in accordance with rules adopted pursuant to this chapter. All certification and inspection fees received in accordance with this section must be deposited in the Certified Seed Fund established in section 2107. [PL 2003, c. 578, §5 (RPR).]

Such tag or certificate shall indicate the name of the grower, the shipping station or depot, the name of the inspector making the final inspection, the variety of the seed and shall bear the imprint of the seal of the State. Any tag having the words "inspected" or "certified seed" thereon, attached to the container or package in which certified seed shall be offered or exposed for sale, shall be so attached thereto that the whole of said certificate or tag shall be in full view. Any person who shall knowingly misuse any such tag or certificate or who shall attach to any package or container of seed, which has not been duly inspected and certified, any such tag or certificate which shall have printed thereon the words "certified seed" or which by reason of color, size, shape or otherwise may convey the impression that the seed has been certified by the commissioner, or his agents, commits a civil violation for which a forfeiture of $50 may be adjudged for each violation and shall be thenceforth denied the privileges of this chapter. §2103-A. Certification of seed potatoes

1. Certification required. Seed potatoes may not be certified beyond 5 generations of the seed originally acquired from a nuclear seed generation source meeting criteria established by the department's rules. Seed potatoes imported into the State must meet the State's certification standards and all import certificates must designate the imported seed's generation, which must equal and compare to a state certified seed designation. The imported seed must "flush out" at the same rate as the equivalent state seed generation. The commissioner may test, or cause to be tested, a seed lot imported into the State if the commissioner has reason to believe the seed lot is, or may be infected with a potato disease that poses a risk to the well-being of the State's potato industry. A person importing seed or receiving imported seed that the commissioner indicates must be tested shall submit a sample for testing. A person may not plant seed from an imported seed lot required to be tested under this subsection until the seed sample is tested and meets allowable disease standards for seed potatoes produced in the State. [PL 1997, c. 538, §2 (AMD).]

2. Post-harvest tested. A seed potato that has not been post-harvest tested may not be certified. Seed shipped before post-harvest test results are available must be certified based on field certification. [PL 2019, c. 229, §1 (AMD).]
3. **Bacterial ring rot.** The commissioner may withhold from certification for in-state sales for that year any seed potatoes grown on a farm on which bacterial ring rot has been detected. [PL 1987, c. 336 (NEW).]

4. **Release to public.** For the benefit of the Maine potato industry as a whole, only varieties of seed potatoes that have been released to the public, as provided in this subsection, may be certified, except that varieties of seed potatoes that are protected by patent or are otherwise not released to the public may be certified if the applicant for certification demonstrates that the applicant has been authorized to propagate the variety by the patent holder or, if there is no patent, the registered breeder. Notwithstanding Title 1, chapter 13, subchapter I, all records pertaining to patented and nonreleased potato varieties received or kept by the department are confidential and not available for inspection. A grower may authorize in writing the disclosure of records pertaining to patented or nonreleased potato varieties. Pursuant to the rule-making provisions of the Maine Administrative Procedure Act, Title 5, chapter 375, the commissioner shall establish rules for the administration of this subsection, including, without limitation, procedures for demonstrating authorization from a patent holder or registered breeder and the establishment of a registry of bona fide breeders and patent holders of potato varieties. For purposes of this subsection, a potato variety is deemed to have been released to the public upon publication of a description of that variety for purposes of release in the North America Potato Variety Inventory, published by the Potato Association of America, or in the American Potato Journal or another equivalent scientific or technical journal. [PL 1997, c. 388, §5 (AMD).]

5. **Rules.** The commissioner may adopt rules to provide for exemptions from any of the requirements of this section when the application of the requirements would work a hardship on the Maine potato industry, and seed potato quality would not thereby be jeopardized; provided that the commissioner may not waive the requirements of subsection 4 relating to the certification of seed potatoes of patented or nonreleased potato varieties. [PL 1987, c. 336 (NEW).]

6. **Repeal.** Subsection 7 is repealed July 1, 1988 and subsection 8 is repealed July 1, 1990. [PL 1993, c. 125, §1 (AMD).]

[PL 2019, c. 528, §1 (NEW).]

The rules must establish methods for verifying that plant materials used in breeding, tissue culture and cloning are hemp and not marijuana.

Rules adopted pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A. [PL 2019, c. 528, §1 (AMD).]

6-A. Preliminary program; indoor cultivation. The commissioner shall establish a preliminary program to allow the growing of hemp inside buildings and greenhouses. The number of grower licensees selected for the program under this subsection may be limited by available resources as determined by the department. Notwithstanding subsection 7, the rules may specify additional fees based on square footage and the number of buildings or greenhouses approved under the program. A grower licensee who uses a hoop house, high tunnel, row cover or other season extender over crops approved for outdoor cultivation may not be required to be part of the program and may not be assessed additional fees. Summary reports of information designated as confidential may be released to the public using aggregate data that does not reveal the location of a field, site or indoor facility where hemp is grown, handled or stored.
[PL 2019, c. 528, §1 (NEW).]

10. Hemp not tracked as marijuana. Notwithstanding any provision of Title 22, chapter 558-C or Title 28-B, chapter 1 to the contrary, hemp and products derived from hemp may not be tracked as part of the medical use of marijuana program under Title 22, chapter 558-C or the regulation of adult use marijuana under Title 28-B, chapter 1.

§2301. Authority
The commissioner, when he shall find that there exists within the State, or in any other state, territory, district or part thereof any dangerous plant disease or insect infestation with reference to which the Secretary of Agriculture of the United States has not determined that a quarantine is necessary and has not established such quarantine, is authorized to promulgate and to enforce by appropriate rules and regulations, adopted in a manner consistent with the Maine Administrative Procedure Act, a quarantine prohibiting or restricting the transportation within, into or through the State, or any portion thereof, of any class of nursery stock, plant, fruit, seed or other article of any character whatsoever, capable of carrying such plant disease or insect infestation. The commissioner is authorized to make, in a manner consistent with the Maine Administrative Procedure Act, rules and regulations for the seizure, inspection, disinfection, destruction, or other disposition of any nursery stock, plant, fruit, seed or other article of any character whatsoever, capable of carrying any plant disease or insect infestation, a quarantine with respect to which shall have been established by the Secretary of Agriculture of the United States or the commissioner, and which exists within, or has been transported to, into or, through this State in violation of such quarantine. §2303. Penalties
1. Civil violation. A person who violates a rule adopted pursuant to section 2301 commits a civil violation. [PL 2019, c. 595, §1 (NEW).]

2. Penalty. Except as provided in subsection 3, the following penalties apply to violations of this section.
A. A person who violates this section commits a civil violation for which a fine of not less than $100 and not more than $1,000 may be adjudged for each day of that violation. [PL 2019, c. 595, §1 (NEW).]

B. A person who violates this section after having been adjudicated of a violation of this section within the previous 5-year period commits a civil violation for which a fine of not less than $1,000 and not more than $2,000 may be adjudged for each day of that violation. [PL 2019, c. 595, §1 (NEW).]

3. Economic benefit. If the economic benefit resulting from a violation under subsection 1 exceeds the applicable penalties under subsection 2, the maximum fines may be increased. 4. Costs permitted. In any action or proceeding brought by the Attorney General under this section, the court may award litigation costs, including court costs, reasonable attorney's fees and reasonable expert witness fees, to be deposited in the General Fund if the State or any of its officers or agencies is a prevailing party in the action or proceeding and the defendant's defense was not substantially justified. PEST CONTROL COMPACT

§2311. Pest Control Compact

The Pest Control Compact is enacted into law and entered into with all other jurisdictions legally joining the compact in the form substantially as provided in this chapter. [PL 2005, c. 147, §1 (NEW).]

SECTION HISTORY

PL 2005, c. 147, §1 (NEW).

§2312. Findings -- Article I

The party states find that in the absence of the higher degree of cooperation among them possible under this compact, the annual loss of approximately $137,000,000,000 from the depredations of pests is virtually certain to continue, if not to increase. [PL 2005, c. 147, §1 (NEW).]

Because of varying climatic, geographic and economic factors, each state may be affected differently by particular species of pests, but all states share the inability to protect themselves fully against those pests that present serious dangers to them. [PL 2005, c. 147, §1 (NEW).]

The migratory character of pest infestations makes it necessary for states, both adjacent to and distant from one another, to complement each other's activities when faced with conditions of infestation and reinfestation. [PL 2005, c. 147, §1 (NEW).]
While every state is seriously affected by a substantial number of pests and every state is susceptible to infestation by many species of pests not now causing damage to its crop and plant life and products, the fact that relatively few species of pests present equal danger to or are of interest to all states makes the establishment and operation of an insurance fund from which individual states may obtain financial support for pest control programs of benefit to them in other states and to which they may contribute in accordance with their relative interests the most equitable means of financing cooperative pest eradication and control programs. [PL 2005, c. 147, §1 (NEW).]

1. Administration. In each party state there is a compact administrator who is selected and serves in such a manner as the laws of the administrator's state provide and who shall:

A. Assist in the coordination of activities pursuant to the compact in the administrator's state; and

[PL 2005, c. 147, §1 (NEW).]

B. Represent the administrator's state on the governing board of the insurance fund. [PL 2005, c. 147, §1 (NEW).]

[PL 2005, c. 147, §1 (NEW).]

2. United States representatives. If the laws of the United States specifically so provide, or if administrative provision is made therefor within the Federal Government, the United States may be represented on the governing board of the insurance fund by up to 3 representatives. Any such representative or representatives of the United States must be appointed and shall serve in a manner provided by or pursuant to federal law, but no such representative has a vote on the governing board or on the executive committee.

[PL 2005, c. 147, §1 (NEW).]

SECTION HISTORY
PL 2005, c. 147, §1 (NEW).

§2317. Assistance and reimbursement -- Article VI

1. Efforts. Each party state pledges to each other party state that it will employ its best efforts to eradicate or control, within the strictest practicable limits, any and all pests. It is recognized that performance of this responsibility involves:

   A. Maintaining pest control and eradication activities of interstate significance by a party state at a level that would be reasonable for its own protection in the absence of this compact; and [PL 2005, c. 147, §1 (NEW).]

   B. Meeting emergency outbreaks or infestations of interstate significance to no less an extent than would have been done in the absence of this compact. [PL 2005, c. 147, §1 (NEW).]

2. Requests. Whenever a party state is threatened by a pest not present within its borders but present within another party state, or whenever a party state is undertaking or engaged in activities for the control or eradication of a pest or pests and finds that such activities are or would be impracticable or substantially more difficult because of the failure of another party state to cope with infestation or threatened infestation, that state may request the governing board to authorize expenditures from the insurance fund for eradication or control measures to be taken by one or more of the other party states at a level sufficient to prevent or to reduce, to the greatest practicable extent, infestation or reinfestation of the requesting state. Upon authorization of the expenditures, the responding state or states shall take or increase eradication or control measures as warranted. A responding state shall use money made available from the insurance fund expeditiously and efficiently to assist in affording the protection requested. [PL 2005, c. 147, §1 (NEW).]

3. Application. In order to apply for expenditures from the insurance fund, a requesting state must submit the following in writing:

   A. A detailed statement of the circumstances that occasion the request for invoking the compact; [PL 2005, c. 147, §1 (NEW).]

   B. Evidence that the pest for which eradication or control assistance is requested constitutes a danger to an agricultural or forest crop, product, tree, shrub, grass or other plant having a substantial value to the requesting state; [PL 2005, c. 147, §1 (NEW).]

   C. A statement of the extent of the present and projected program of the requesting state and its subdivisions, including full information as to the legal authority for the conduct of the program or programs and the expenditures being made or budgeted therefor, in connection with the eradication, control or prevention of introduction of the pest concerned; [PL 2005, c. 147, §1 (NEW).]

   D. Proof that the expenditures being made or budgeted as detailed in paragraph C do not constitute a reduction of the effort for the control or eradication of the pest concerned or, if there is a reduction, the reasons that the level of the program detailed in paragraph C constitutes a normal level of pest control activity; [PL 2005, c. 147, §1 (NEW).]

   E. A declaration as to whether, to the best of the requesting state's knowledge and belief, the conditions that in its view occasion the invoking of the compact in the particular instance can be abated by a program undertaken with the aid of money from the insurance fund in one year or less,
or whether the request is for an installment in a program that is likely to continue for a longer period of time; and [PL 2005, c. 147, §1 (NEW).]

F. Any other information as the governing board requires consistent with this compact. [PL 2005, c. 147, §1 (NEW).]

4. Notice of meeting. The governing board or executive committee shall give due notice of any meeting at which an application for assistance from the insurance fund is to be considered. The notice must be given to the compact administrator of each party state and to any other officers and agencies designated by the laws of the party states. The requesting state and any other party state are entitled to be represented and to present evidence and arguments at the meeting. [PL 2005, c. 147, §1 (NEW).]

5. Support. Upon the submission required by subsection 3 and any other information it has or acquires, and upon determining that an expenditure of funds is within the purposes of this compact and justified thereby, the governing board or executive committee shall authorize support of the program. The governing board or the executive committee may meet at any time or place for the purpose of receiving and considering an application. All determinations of the governing board or executive committee with respect to an application, together with the reasons therefor, must be recorded and subscribed in such a manner as to show and preserve the votes of the individual members. [PL 2005, c. 147, §1 (NEW).]

6. Review. A requesting state that is dissatisfied with a determination of the executive committee, upon notice in writing given within 20 days of the determination with which it is dissatisfied, is entitled to receive a review at the next meeting of the governing board. Determinations of the executive committee are reviewable only by the governing board at one of its regular meetings or at a special meeting held in such a manner as the governing board may authorize. [PL 2005, c. 147, §1 (NEW).]

7. Claims. Responding states required to undertake or increase measures pursuant to this compact may receive money from the insurance fund either at the time or times when the state incurs expenditures on account of the measures or as reimbursement for expenses incurred and chargeable to the insurance fund. The governing board shall adopt and from time to time may amend or revise procedures for submission of claims and for payment thereof. [PL 2005, c. 147, §1 (NEW).]

8. Federal Government assistance. Before authorizing the expenditure of money from the insurance fund pursuant to an application of a requesting state, the governing board shall ascertain the extent and nature of any timely assistance or participation that may be available from the Federal Government and shall request assistance and participation from the appropriate agency or agencies of the Federal Government. [PL 2005, c. 147, §1 (NEW).]

9. Memorandum of understanding. The governing board may negotiate and execute a memorandum of understanding or other appropriate instrument defining the extent and degree of assistance or participation between and among the insurance fund, cooperating federal agencies, states and any other entities concerned. The governing board may establish advisory and technical committees composed of state, local and federal officials and private persons to advise it with respect to any one or more of its functions. Any such advisory or technical committee or any member or members thereof may meet with and participate in its deliberations upon request of the governing board or executive committee. An advisory or technical committee may furnish information and recommendations with respect to any application for assistance from the insurance fund being considered by the governing board or executive committee and the board or committee may receive and consider the same, provided that any participant in a meeting of the governing board or executive committee held pursuant to section 2317, subsection 4 is entitled to know the substance of any such information and recommendations, at the time of the meeting if furnished before or as part of the meeting or, if furnished after the meeting, no later than the time at which the governing board or executive committee makes its disposition of the application. §2319. Relations with nonparty jurisdictions -- Article VIII

1. Application. A party state may make application for assistance from the insurance fund with respect to a pest in a nonparty state. The application must be considered and decided on by the governing board or executive committee in the same manner as an application with respect to a pest within a party state, except as provided in this section. [PL 2005, c. 147, §1 (NEW).]

2. Nonparty state. At or in connection with any meeting of the governing board or executive committee held pursuant to section 2317, a nonparty state is entitled to appear, participate and receive information only to the extent that the governing board or executive committee provides. A nonparty state is not entitled to a review of any determination made by the executive committee. [PL 2005, c. 147, §1 (NEW).]

3. Expenditures. The governing board or executive committee shall authorize expenditures from the insurance fund to be made in a nonparty state only after determining that the conditions in the nonparty state and the value of the expenditures to the party states, as a whole, justify them. The governing board or executive committee may set any conditions that it considers appropriate with respect to the expenditure of money from the insurance fund in a nonparty state and may enter into an agreement or agreements with nonparty states and other jurisdictions or entities as it determines necessary or appropriate to protect the interests of the insurance fund with respect to expenditures and activities outside of party states. [PL 2005, c. 147, §1 (NEW).]

SECTION HISTORY
PL 2005, c. 147, §1 (NEW).

§2320. Finance -- Article IX

1. Budget. The governing board shall submit to the executive head or designated officer or officers of each party state a budget for the insurance fund for such a period as may be required by the laws of that party state for presentation to the legislature thereof. [PL 2005, c. 147, §1 (NEW).]

2. Recommendations. Each budget must contain specific recommendations of the amount or amounts to be appropriated by each party state. The requests for appropriations must be appropriated among the party states as follows: one tenth of the total budget in equal shares and the remainder in proportion to the value of agricultural and forest crops and products, excluding animals and animal products, produced in each party state. In determining the value of the crops and products, the insurance
fund may employ any source or sources of information that in its judgment presents the most equitable and accurate comparison among the party states. Each budget and request for appropriations must indicate the source or sources used in obtaining information concerning the value of the products.

[PL 2005, c. 147, §1 (NEW).]

3. **Accounts.** The financial assets of the insurance fund must be maintained in 2 accounts to be designated as the "operating account" and the "claims account." The operating account consists only of those assets necessary for the administration of the insurance fund during the next ensuing 2-year period. The claims account contains all money not included in the operating account and may not exceed the amount reasonably estimated to be sufficient to pay all legitimate claims on the insurance fund for a period of 3 years. When the claims account has reached its maximum limit or would reach its maximum limit by the addition of money requested for appropriation by the party states, the governing board shall reduce its budget request on a pro rata basis in such a manner as to keep the claims account within the maximum limit. Any money in the claims account by virtue of conditional donations, grants or gifts must be included in calculations made pursuant to this subsection only to the extent that such money is available to meet demands arising out of claims.

[PL 2005, c. 147, §1 (NEW).]

4. **Pledge of credit.** The governing board may not pledge the credit of any party state. The governing board may meet any of its obligations in whole or in part with money available to it under section 2315, subsection 7 if the governing board takes specific action setting aside the money prior to incurring any obligation to be met in whole or in part in such a manner. Except when the insurance fund makes use of money available to it under section 2315, subsection 7, the governing board may not incur any obligation prior to the allotment of money by the party states adequate to meet the obligation.

[PL 2005, c. 147, §1 (NEW).]

5. **Records.** The governing board shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the insurance fund are subject to audit and accounting procedures established under its bylaws. All receipts and disbursements of funds handled by the insurance fund must be audited yearly by a certified or licensed public accountant, and a report of the audit must be included in and become part of the annual report of the insurance fund.

[PL 2005, c. 147, §1 (NEW).]

6. **Inspection of accounts.** The accounts of the insurance fund must be open at any reasonable time for inspection by duly authorized officers of the party states and by any persons authorized by the governing board.

[PL 2005, c. 147, §1 (NEW).]
§2322. Construction and severability -- Article XI

This compact must be liberally construed so as to effectuate the purposes thereof. This compact is severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any state or of the United States, or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance may not be affected thereby. If this compact is held contrary to the constitution of any state participating herein, the compact remains in full force and effect as to the remaining party states and in full force and effect as to the state affected as to all severable matters. §2901. Definitions

(REPEALED)

SECTION HISTORY

§2901-A. Standards and labeling

Notwithstanding any other requirements of this chapter, milk and milk products, defined in accordance with standards then in effect that have been adopted by the United States Government and labeled in conformity with labeling requirements then in effect that have been adopted by the United States Government, are considered to conform with the definitions and labeling requirements set forth in this chapter; except that containers of milk and cream packaged in Maine must also bear the name and address of the Maine licensed milk distributor and sufficient information to identify the milk plant where packaged. [PL 1999, c. 679, Pt. A, §3 (AMD).]

SECTION HISTORY

§2901-B. Trademark for milk and milk products

The department shall adopt rules permitting the use of the certification trademark provided for in section 443-B on milk or milk products. The initial rules must include limitations relating to the use of milk from cows that have been treated with recombinant bovine somatotropin, referred to in this section as "rbST." The rules must include a requirement that the department receive written consent from producers to draw blood from their milking herd, examine historical milk production records, inspect medicine storage places and perform other inspections reasonably necessary to verify compliance with the trademark criteria. [PL 2005, c. 382, Pt. F, §1 (AMD).]

1. Notice by producer. If the criteria for use of the certification trademark include absence of the use of rbST, a milk producer in this State who sells milk to a milk plant that uses the trademark must notify that milk plant before using rbST within the milking herd of the producer's dairy farm. Notification to the milk plant must be made at least 45 days before using rbST. Notification must be made by certified mail and sent to the milk plant's employee responsible for milk procurement at the plant location where the milk is processed. For purposes of this section, "possession of rbST" means use. [PL 1999, c. 679, Pt. A, §4 (AMD).]

2. Failure to provide notice. If a Maine milk producer fails to give the milk plant the notice required in subsection 1, the milk plant is not required to comply with the notice requirements of section 2903-A before refusing to continue to purchase milk under any contract with that milk producer. [PL 1999, c. 679, Pt. A, §4 (AMD).]

SECTION HISTORY

§2901-C. Licenses and permits

A person required to obtain a permit or license under this section, section 2902-A or rules adopted under section 2910 or pursuant to former section 2902 may not sell, transport or transfer milk or milk products prior to obtaining the appropriate license or permit. [PL 1999, c. 679, Pt. A, §5 (NEW).]
1. **Milk distributor license.** A milk distributor shall obtain a license from the commissioner and shall renew that license annually. The license fee is based on the annual volume of milk or milk products sold or distributed in the State. The annual fee may not be lower than $25 or exceed $300. The commissioner shall deposit all money received from milk distributor license fees into the General Fund.

2. **Bulk milk hauler and sampler permit.** A bulk milk hauler and sampler who is based in this State shall obtain a permit from the commissioner and shall renew that permit annually. For the purposes of this section, "based in this State" means a bulk milk hauler and sampler who does not have a permit from another state to sample raw milk or raw milk products.

3. **Receiving station permit.** A person who owns or operates a receiving station shall obtain a permit for that receiving station from the commissioner and shall renew that permit annually.

4. **Transfer station permit.** A person who owns or operates a transfer station shall obtain a permit for that transfer station from the commissioner and shall renew that permit annually.

§2902-A. **Operating permits**

1. **Sale prohibited.** Following the adoption of and in accordance with rules established according to this section, no operator of a dairy farm may sell any milk to a milk distributor unless the operator holds a valid operating permit for the farm issued by the commissioner.

[PL 1999, c. 679, Pt. A, §7 (AMD).]

2. **Issuance of operating permits.** The commissioner, in accordance with the Maine Administrative Procedure Act, Title 5, chapter 375, shall adopt rules for the issuance of operating permits. These rules must establish permitting procedures and standards for permit issuance. In establishing these procedures and standards, the commissioner shall seek consistency with applicable federal milk regulations and guidelines and with the provisions of agreements among states relating to the interstate shipment of milk. These permits are not transferable with respect to persons or locations or both.

[PL 1999, c. 679, Pt. A, §7 (AMD).]

3. **Permit granted; requirements; suspension.** A permit must be granted upon the express condition that the permittee at all times conducts the operation and maintains the facilities in accordance with the requirements of state law and any rules adopted under this chapter. Any violation that results
in a health or safety hazard may lead to suspension of a permit in accordance with Title 5, section 10004 for a period of up to 30 days. A suspension or revocation of a permit for longer than 30 days, or a refusal to renew a permit, must be in accordance with Title 5, chapter 375, subchapter 5. [PL 2017, c. 475, Pt. A, §7 (AMD).]

4. **Hearing on suspension of permit.** Upon receiving a written request from a person whose permit has been suspended, or who has been given a notice of intent to suspend by the commissioner, the commissioner shall within 72 hours conduct a hearing to ascertain the facts involved in the case and, based upon the evidence presented at that hearing, shall affirm, modify or rescind the suspension or notification of intent to suspend. [PL 1987, c. 700, §2 (NEW).]

5. **Exemption.** An operator of a dairy farm located outside this State who holds a similar operating permit for that farm from a regulatory agency in another state may be exempted from this permit requirement by the commissioner. [PL 1999, c. 679, Pt. A, §7 (AMD).]

**SECTION HISTORY**

§2902-B. Sale of unpasteurized milk and milk products

1. **Sale of unpasteurized milk or milk product.** A person may not sell unpasteurized milk or a product made from unpasteurized milk, including heat-treated cheese, unless the label on that product contains the words "not pasteurized." [PL 2005, c. 270, §3 (AMD).]

2. **Sale of unpasteurized milk or milk product at eating establishment.** Except as provided in subsection 5, a person may not sell unpasteurized milk or a product made from unpasteurized milk at an eating establishment as defined in Title 22, section 2491, subsection 7. [PL 2009, c. 652, Pt. B, §1 (AMD).]

3. **Exception.** This section does not apply to cheese that has been aged at a temperature above 35 degrees Fahrenheit for at least 60 days prior to sale. [PL 2005, c. 270, §3 (AMD).]

4. **Testing of unpasteurized milk products.** The commissioner shall establish a process by rule for submitting samples of unpasteurized milk products to an independent laboratory for testing when:

   A. The milk laboratory operated by the department has tested unpasteurized milk products and determined that they do not meet the standards for unpasteurized milk products established by rules adopted pursuant to section 2910; and [PL 2005, c. 172, §1 (NEW).]

   B. The person operating the milk plant that processed the milk products has requested independent testing. [PL 2005, c. 172, §1 (NEW).]

The commissioner may require the person requesting the independent testing under paragraph B to pay for that testing. Any restrictions on the sale of unpasteurized milk products pending test results and after receipt of test results must be established by rule. Rules adopted pursuant to this subsection are major substantive rules as defined in Title 5, chapter 375, subchapter 2-A. For the purposes of this subsection, "independent laboratory" means a laboratory that is operated by a private entity or a public entity other than the department. [PL 2005, c. 172, §1 (NEW).]

4. **(REALLOCATED TO T. 7, §2902-B, sub-§5) Sale of heat-treated cheese at eating establishment.**
5. **(REALLOCATED FROM T. 7, §2902-B, sub.§4)** Sale of heat-treated cheese at eating establishment. Notwithstanding subsection 2, heat-treated cheese may be offered for consumption at an eating establishment as defined in Title 22, section 2491, subsection 7 provided the menu identifies items on the menu that contain or are made with heat-treated cheese and provides notice that heat-treated cheese is not pasteurized using the words "not pasteurized" on the menu.

[PL 2005, c. 683, Pt. A, §12 (RAL).]

### §2903. Restrictions on sales

(REPEALED)

### §2903-A. Refusal to purchase

1. **Notice of refusal.** A milk plant owner or operator who has a verbal or written contract with a milk producer for the purchase of milk may not refuse to continue to purchase milk under the contract without first giving notice to the producer in accordance with this section. The milk plant owner or operator shall give written notice of intent to refuse to purchase to the producer and to the commissioner. The notice must state the date upon which the refusal will become effective.

   A. Except as provided in paragraph B, the refusal does not become effective until 30 days following the milk plant owner or operator's notice of intent to refuse to purchase milk from the producer. [PL 1999, c. 679, Pt. A, §8 (AMD).]

   B. If a milk plant owner or operator's refusal to continue to purchase milk is based on failure of the producer's milk to meet the milk plant owner or operator's quality criteria or the Interstate Milk Shipments Conference Standards, whichever is applicable, the refusal may become effective on less than 30 days' notice. Upon issuance of notice of intent to refuse purchase because of failure to meet the criteria or standards, the milk plant owner or operator shall cause a sample of the refused milk to be taken immediately and transferred to the commissioner for testing in the state central laboratory. Upon receipt of the test results that the sample does not meet the milk plant owner or operator's quality criteria or the Interstate Milk Shipments Conference Standards, whichever is applicable, refusal to continue to purchase becomes effective immediately. Notice must be given to the producer by the milk plant owner or operator immediately upon the milk plant owner or operator's receipt of the test results. The state central laboratory shall mail the results of the test to the milk plant owner or operator and milk producer. [PL 1999, c. 679, Pt. A, §8 (AMD).]

[PL 1999, c. 679, Pt. A, §8 (AMD).]

2. **Challenge of refusal; adjudicatory hearing.** If the producer or the milk plant owner or operator desires to question the refusal to purchase or the test given under subsection 1, paragraph B, either may do so within 10 days after receipt of the notice from the milk plant owner or operator of the test results by requesting, in writing, that the commissioner conduct an adjudicatory hearing pursuant to the Maine Administrative Procedure Act, Title 5, chapter 375. If a request for hearing is made by the milk plant owner or operator, refusal to purchase does not become effective until the hearing is held
and a decision upholding the milk plant owner or operator's refusal has been issued by the commissioner. The decision of the commissioner as to the reasonableness of the milk plant owner or operator's refusal to purchase is considered final agency action for purposes of the Maine Administrative Procedure Act. [PL 1999, c. 679, Pt. A, §8 (AMD).]

SECTION HISTORY

§2903-B. Testing of samples for resolving disputed test results

§2953-B. Hearings in a new or expanded market area

At least 14 days and not more than 21 days prior to designating a new or expanded natural market area, the commission shall hold a public hearing in the proposed area to determine whether to designate that area as a market. As a basis for its determinations, the commission shall solicit and seek to receive oral and written testimony in addition to the data received through the implementation of the information gathering procedures of its rules and regulations. Due notice of the public hearing shall be given by publishing the notice as provided in the Maine Administrative Procedure Act, Title 5, chapter 375. [PL 1979, c. 672, Pt. A, §39 (NEW).]

SECTION HISTORY
PL 1979, c. 672, §A39 (NEW).

§2954. Establishment of minimum prices

1. Commission empowered to establish prices; public hearing. The commission is vested with the power to establish and change, after investigation and public hearing, the minimum wholesale and retail prices to be paid to producers, dealers and stores for milk received, purchased, stored, manufactured, processed, distributed or otherwise handled within the State. The commission shall hold a public hearing prior to the establishing or changing of such minimum prices. The commission may proceed, however, under the emergency rule-making provisions of Title 5, section 8054 without making findings of emergency when the only changes to be made in the minimum prices are to conform with the orders of any federal or other agency duly authorized by law to establish or negotiate producer prices, are to respond to other conditions affecting prevailing Class I, Class II and Class III prices in southern New England or are to reflect the milk handling fee levied and imposed by Title 36, chapter 721. Title 5, section 8054, subsection 3, the 2nd sentence, does not apply to minimum prices adopted under this subsection. Due notice of the public hearing must be given by publishing notice as provided in Title 5, chapter 375. The commission shall hold such a public hearing not less frequently than once every 12 months to determine whether the minimum wholesale and retail prices then established should be changed. In addition to the data received through the implementation of the information gathering procedures of its rules as a basis for its determinations, the commission shall solicit and seek to receive oral and written testimony at hearings to determine whether the minimum wholesale and retail prices then established should be changed and whether the proposed minimum wholesale and retail prices are just and reasonable.

2. Considerations in establishing prices. The minimum wholesale and retail prices established by the commission must be just and reasonable taking into due consideration the public health and welfare and the insuring of an adequate supply of pure and wholesome milk to the inhabitants of this State under varying conditions in various marketing areas; prevailing prices in neighboring states; seasonal production and other conditions affecting the costs of production, transportation and marketing in the milk industry, including a reasonable return to producer, dealer and store; and the public need for the establishment of retail milk prices at the lowest practicable levels.

A. The minimum wholesale prices paid to producers are based on the prevailing Class I, Class II and Class III prices in southern New England except that, after investigation, the Maine Milk Commission may set different minimum wholesale prices paid to producers to reflect the costs of producing milk in this State. [PL 2005, c. 382, Pt. F, §8 (AMD).]

B. The minimum wholesale prices paid to dealers must be established to reflect the lowest prices at which milk purchased from producers in this State at minimum prices in the State can be received, processed, packaged and distributed within the State at a just and reasonable return, and in addition must include the amount of any fee levied and imposed by Title 36, chapter 721. [PL 2005, c. 396, §2 (AMD).]
C. The minimum retail prices established for payment by consumers must be based on the minimum wholesale price paid to dealers and a rate of return determined to be just and reasonable by the Maine Milk Commission. [PL 2005, c. 382, Pt. F, §8 (AMD).]

D. In establishing and changing minimum wholesale and retail prices, the commission shall consider the effect of possible pricing decisions on the ability of the Maine dairy industry to compete in supplying milk to Maine consumers and, in such a consideration, shall include the following factors:

1. The strength and viability of the Maine dairy industry as a whole;
2. The extent of any social or economic benefits of maintaining dairy processing plants in different geographic regions or natural marketing areas of the State; and
3. The encouragement of consumption by Maine consumers of milk produced and processed within the State, consistent with the Constitution of Maine and the United States Constitution. [PL 2005, c. 382, Pt. F, §8 (NEW).]

E. The commission may not set different minimum wholesale prices for different retail delivery volumes of milk. [PL 2005, c. 382, Pt. F, §8 (NEW).]

3. Exemption for on-premise sales of raw milk. The minimum price provisions of this chapter shall not apply to sales by producers of raw milk produced and sold to consumers on the premises of the producers. [PL 1975, c. 517, §3 (RPR).]

4. Commission empowered to establish classifications of milk. The commission may establish and change, after investigation and public hearing, classifications of milk according to its various usages and shall specify to what classification the prices established under this chapter apply. [PL 2005, c. 382, Pt. F, §9 (AMD).]

5. Minimum price schedule. Minimum prices set by the commission may vary in the several market areas of the State. The commission shall furnish all dealers registered in each market with a schedule of applicable prices and shall publish the schedule in appropriate newspapers in that market. Once minimum prices for a market take effect, no dealer, store or other person handling milk in that market may buy or offer to buy, sell or offer to sell milk for prices less than the scheduled minimum prices established for that market. [PL 2005, c. 382, Pt. F, §10 (AMD).]

6. Schedule of maximum transportation allowances; adjustments. The commission may annually establish a schedule of maximum transportation allowances that may be charged by any Maine dealer for hauling milk from a producer's farm to the dealer's dairy plant. The commission shall base its schedule on the recommendations of the commissioner pursuant to section 3156 and shall conduct hearings prior to establishing that schedule. Any dealer may petition the commission at any time to approve a proposed adjustment in that schedule of transportation charges for that dealer. The burden is on the dealer to substantiate the need and reasonableness of such a proposed adjustment, and in the absence of evidence, the proposed adjustments must be denied. [PL 2005, c. 382, Pt. F, §11 (AMD).]

7. Prohibition. A person may not engage in any practice destructive of the scheduled minimum prices for milk established under this chapter for any market, including but not limited to offering any discount, rebate, gratuity, advertising allowance or combination price for milk with any other commodity. A purchaser of milk at retail may tender a coupon or any item of value if the coupon or item of value is not brand specific and is redeemable for cash by the retailer and if the total value tendered by the purchaser is not less than the minimum retail price established by the commission. [PL 2005, c. 382, Pt. F, §12 (AMD).]
8. Milk produced outside the State. Whenever milk produced outside the State becomes a subject of regulation by the State in the exercise of its police powers, this chapter applies and the powers of the commission attach. After any such milk so produced comes within the jurisdiction of this State, no sale or purchase by dealers of such milk within this State may occur at a price less than the scheduled minimum price established according to usage in any given market.

[PL 2005, c. 382, Pt. F, §12 (AMD).]

9. Minimum wholesale prices paid to producers for their milk. Notwithstanding any other provisions of this chapter or chapter 611, minimum wholesale prices paid by dealers to producers for their milk that is sold in this State are subject to the minimum producer prices established by the Maine Milk Commission, regardless of whether the dealer is subject to federal milk pricing regulation in addition to state milk pricing regulation.

[PL 1999, c. 56, §1 (AMD).]

10. Additional considerations in establishing prices.

[PL 2005, c. 382, Pt. F, §13 (RP).]

11. Adjustments for over-order premiums. If following the establishment of minimum prices under subsection 1, which include an over-order premium as defined by section 3152, subsection 8-A, the commission receives new evidence showing that the actual over-order premium in effect in the period during which the minimum prices apply, or any portion thereof, are different from the over-order premium included in the prices, the commission may adjust minimum prices in a subsequent period to offset that difference. Any such adjustment shall be made equally applicable to wholesale and retail minimum prices.

[PL 1987, c. 857 (NEW).]

12. Adjustments for changes in costs of production. Notwithstanding any other provisions of this section, the commission may only adjust minimum prices to reflect changes in costs of production after posting notice of rulemaking in accordance with Title 5, section 8053. The commission may not adjust any minimum price to reflect changes in costs of production under the emergency rule-making provisions of Title 5, section 8054.

[PL 1989, c. 436, §1 (NEW).]

[PL 2005, c. 382, Pt. F, §14 (AMD); PL 2005, c. 396, §3 (RP).]

14. Effective date of certain prices. Any new minimum wholesale prices paid to dealers and new minimum retail prices established pursuant to this section are effective on the Sunday closest to the first day of the month.

[PL 1993, c. 274, §2 (AMD).]

15. Exception.

16. Initial notification and subsequent reports to State Tax Assessor. The Maine Milk Commission shall notify the State Tax Assessor the first time after May 1, 2005 that the basic price of milk as defined in Title 36, section 4901, subsection 1 is below $18 for 2 consecutive months. After initial notification, the Maine Milk Commission shall report before the first of each month to the State Tax Assessor the basic price of milk established for that month in Title 36, chapter 721.

[PL 2005, c. 396, §4 (NEW).]
§2954-A. Payment by dealers to producers

Payment by dealers to producers is governed by this section. For purposes of this section, the term "delivery month" means the calendar month in which milk is delivered to a dealer from the producer.

1. **First 15 days.** On or before the 5th day after the end of a delivery month, a dealer shall pay the producer for milk received from that producer during the first 15 days of the delivery month at a rate that is not less than the most recently published northeast marketing area milk marketing order statistical uniform price for Penobscot County.

2. **Balance due.** A dealer shall pay the producer for the balance due for milk received during that delivery month as follows.

   A. On or before the 20th day after the end of the delivery month, the dealer shall pay the producer for milk received from that producer during the delivery month an initial payment calculated using the minimum prices set by the commission pursuant to section 2954, subsection 2, paragraph A minus:

   (1) Any portion of that amount deposited in the Maine Milk Pool or deducted pursuant to section 3153, subsection 2; and

   (2) The amount of the payment made to the producer under subsection 1. [PL 2005, c. 382, Pt. F, §16 (AMD).]

   B. On or before the 5th day after the end of the month in which the payments required by subsection 1 and paragraph A are made, each dealer shall pay each of the dealer's producers any sums received on behalf of the producers pursuant to section 3153, subsection 4 and Maine Milk Pool rules. [PL 2005, c. 382, Pt. F, §16 (AMD).]

3. **Penalties.** The license of any dealer who violates this section may be suspended or revoked in accordance with Title 5, chapter 375. [PL 1985, c. 172 (NEW).]
2. **Basis for evaluation.** The study shall, at a minimum, evaluate existing and alternative pricing mechanisms in terms of their ability to:
   
   A. Stabilize dairy farmer incomes and assure that Maine farmers benefit to the greatest extent possible from the higher proportion of fluid milk processed and sold in Maine; [PL 1985, c. 42, §2 (NEW).]
   
   B. Maintain dairies in Maine which process fluid milk for Maine consumption; and [PL 1985, c. 42, §2 (NEW).]
   
   C. Encourage efficient farm and processor operations which provide consumers high quality, low-cost milk and milk products. [PL 1985, c. 42, §2 (NEW).]

3. **Report content.** The study's findings and conclusions shall be expressed in a final report which shall discuss the merits of each of the existing and alternative pricing mechanisms reviewed in terms of each of the objectives established in subsection 2, and shall outline the long-term changes in the dairy industry which might reasonably be expected to occur as a result of continuance or establishment of each of these alternatives. [PL 1985, c. 42, §2 (NEW).]

4. **Study panel.** The study shall be carried out by a panel of recognized experts in the economics of regulation and pricing. This panel shall be named by the Commissioner of Agriculture, Food and Rural Resources after consultation with the joint standing committee of the Legislature having jurisdiction over agriculture and shall be convened no later than May 1, 1985. [PL 1985, c. 42, §2 (NEW).]

5. **Select Committee on Milk Pricing.** There shall be a Select Committee on Milk Pricing consisting of 10 members to advise the study panel on the design of the study and on the options and policies to be evaluated. The committee shall be composed of 3 members of the House of Representatives, appointed by the Speaker of the House of Representatives, one of whom shall represent each political party; 2 members of the Senate, appointed by the President of the Senate, one of whom shall be chosen to represent each political party; and 3 members named by the Governor, one of whom shall be knowledgeable of the dairy processing industry, one of whom shall be knowledgeable of milk retailing and one milk producer who is knowledgeable of marketing systems. The Public Advocate or his designee shall also serve on the committee, representing consumer interests. The Commissioner of Agriculture, Food and Rural Resources shall serve ex officio as chairman of the committee. [PL 1985, c. 42, §2 (NEW).]

6. **Panel to meet with select committee.** The panel shall meet with the Select Committee on Milk Pricing no later than July 1, 1985, to present to the committee its preliminary study design, including the alternative pricing mechanisms to be evaluated and at other times at the request of the Select Committee on Milk Pricing. The panel shall issue its final report to the Select Committee on Milk Pricing no later than November 1, 1985. [PL 1985, c. 42, §2 (NEW).]

7. **Preparation of legislation.** After consultation with the Select Committee on Milk Pricing, the commissioner shall prepare legislation based on the report of the panel. The proposed legislation shall be provided to the members of the joint standing committee of the Legislature having jurisdiction over agriculture by December 15, 1985, for their review prior to its submission to the Legislature. [PL 1985, c. 42, §2 (NEW).]
§2954-C. Applicability to integrated operation

The provisions of this chapter which apply to dealers, including, but not limited to, the provisions of section 2956, shall apply to the dealer phase of the business of an integrated operation and those which apply to retail stores shall apply to the retail phase of the business of an integrated operation. [PL 1985, c. 717, §3 (NEW).]

§2955. Licenses

No dealer shall buy milk from producers or others for sale or shall process, distribute, sell or offer to sell milk in any market in the State designated by the commission unless duly licensed by the commission. No license shall be required of any person who produces or sells milk for consumption only on the premises of the producer or seller. Each person, before engaging in the business of a dealer in any market designated by the commission, shall make application to the commission for a license, which the commission is authorized to grant. No retailer shall sell or offer to sell milk in any market in the State which he has purchased in Maine from an unlicensed dealer. [PL 1975, c. 517, §4 (AMD).]

The license year shall commence on January 1st and end December 31st following. Application for a license shall be made on a form prescribed by the commission.

Licenses required by this chapter shall be in addition to any other license required by law.

The District Court as designated by Title 4, chapter 5 may, upon proper evidence, decline to grant a license or may suspend or revoke a license already granted upon due notice and after hearing. Violation of this chapter or of any order, rule or regulation made, or conviction of violating any other law or regulation of the State relating to the production, distribution and sale of milk, is sufficient cause to suspend, revoke or withhold such license. [PL 1999, c. 547, Pt. B, §21 (AMD); PL 1999, c. 547, Pt. B, §80 (AFF).]

Upon revocation or suspension of a license it shall not be reissued until the commission shall determine upon application and hearing that the cause for such revocation or suspension no longer exists, and that the applicant is otherwise qualified.

SECTION HISTORY

§2956. Records and fees

All dealers in any market designated by the commission shall keep the following records: [PL 1975, c. 517, §5 (RPR).]

1. Names and addresses of producers or milk dealers. A record of the quantity of all milk received or produced, detailed as to location and as to names and addresses of producers or milk dealers from whom received, or of importer of such milk into the State; [PL 1975, c. 517, §5 (RPR).]

2. Use, location and market outlet. A record of the quantity of all milk sold, detailed as to use, location and market outlet; and [PL 2005, c. 382, Pt. F, §17 (AMD).]

3. Other records and information. Such other records and information in such form and at such times as the commission may deem necessary for the proper enforcement of this chapter. [PL 1975, c. 517, §5 (RPR).]
Each dealer shall furnish to that dealer's producers a statement of the amount of milk purchased, the price per hundredweight or pound, the total amount paid for each pay period, the itemized deductions for transportation and other services, the percentages of milk in each classification and the butterfat test, protein test and other solids test when weight and test method of payment is used, and shall pay Maine producers in accordance with section 2954-A. [PL 2005, c. 362, Pt. F, §18 (AMD).]

Each licensed dealer shall pay to the commission an annual license fee of $1 and the sum of 5¢ per hundredweight as monthly payments, based on quantity of milk purchased or produced in any market area, or purchased or produced in an uncontrolled area and sold in any market area. Two and one-half cents per hundredweight may be deducted by dealers from amounts paid by them to producers of such milk, except that the milk farm-processed into cream for the manufacture of butter is not subject to such sums of 5¢ per hundredweight. [PL 1999, c. 161, §1 (AMD).]

Dealers shall file reports together with the prescribed hundredweight fees with the commission at its office in Augusta not later than the 20th of the following month, on forms provided for this purpose, of all matters on account of which a record is required to be kept and such other information or facts as may be pertinent and material within the scope of this chapter; except that dealers who sell less than 100 quarts of milk per day may file reports and pay the prescribed hundredweight fees every 3 months. [PL 1975, c. 517, §5 (RPR).]

In case the same milk is handled by more than one dealer, the first dealer within the State dealing in or handling said milk shall be deemed to be the milk dealer within the meaning of this section. For the purpose of computing fees as provided, 1/2 pint of cream shall be considered the equivalent of one quart of milk. [PL 1975, c. 517, §5 (RPR).]

§2956-A.  Dairy Industry Fund

1. Fund established; source. The Dairy Industry Fund, referred to in this section as the "fund," is established. In addition to payments to the commission pursuant to section 2956, a dealer shall deduct 1¢ per hundredweight from amounts paid by the dealer to each Maine milk producer and pay that amount into the fund as a monthly payment. [PL 2001, c. 8, §1 (NEW).]

2. Distributions from fund. Notwithstanding section 2957, the commission shall make distributions from the fund to a statewide association that has been approved by the majority of dairy farmers in the State in amounts allocated from the fund for that purpose. [PL 2001, c. 8, §1 (NEW).]

SECTION HISTORY

§2957.  Expenditure of funds

Moneys received through this chapter shall be paid forthwith to the Treasurer of State and shall be appropriated and used for the following purposes:

1. Collection. For the collection of all fees and assessments provided for by this chapter;

2. Administration. For the cost of administering this chapter.
Moneys received through this chapter shall remain a continuing carrying account and shall not lapse.

§2959. Injunctions and civil penalties

1. Injunction. In addition to any other remedy set forth in this chapter for the enforcement of this chapter or any rule, order or decision of the commission, the Superior Court has jurisdiction upon complaint filed by the commission, or any person duly authorized to act for the commission, including, but not limited to, its executive secretary, to restrain or enjoin any person from committing any act prohibited by this chapter or prohibited by any rule, order or decision of the commission. If it is established upon hearing that the person charged has been or is committing any unlawful act under this chapter or is in violation of any rule, order or decision of the commission, the court shall enter a decree enjoining that person from committing further such violations. In case of violation of any injunction issued under this section, the court shall summarily try and punish the person for contempt of court. The existence of other civil or criminal remedies is no defense to this proceeding. The commission or its authorized agent may not be required to give or post a bond when making an application for an injunction under this section.
[PL 2005, c. 382, Pt. F, §19 (AMD).]

2. Civil penalties. Any person who violates any provision of this chapter or of any rule, order or decision of the commission shall be subject to the following civil penalties, to be collected by the commission in a civil action:

A. For the first violation, a civil penalty not to exceed $1,000; and [PL 1985, c. 717, §4 (NEW).]

B. For each subsequent violation, a civil penalty not to exceed $2,000. [PL 1985, c. 717, §4 (NEW).]

§2962. Administrative enforcement
When the commission, after such investigation as it considers appropriate, believes that a violation of this chapter or of any rule, order or decision of the commission has occurred, it may order any person to cease that violation. Before issuing such an order, the commission shall afford any person who would be aggrieved by the order an opportunity for a hearing. In any such investigation or hearing, the commission may exercise all of the powers given to it by section 2952-A. Any person aggrieved by a final order issued under this section may obtain judicial review of the order in Superior Court by filing a petition in accordance with Title 5, section 11001 and the Maine Rules of Civil Procedure, Rule 80C. In responding to such a petition, the commission may seek enforcement of its order, including civil penalties for any violation found, and the court, if it upholds the order, may order its enforcement, including civil penalties. [PL 2005, c. 382, Pt. F, §21 (AMD).]

Nothing in this section is intended to require that the commission take administrative enforcement action prior to seeking judicial relief for any violation of this chapter or of any rule, order or decision of the commission, nor intended to limit the commission's ability to bring an independent action to enforce any decision or order issued by it, including civil penalties for any violation found by it. [PL 1985, c. 717, §6 (NEW).]

SECTION HISTORY

§2963. Transportation allowance study

The Legislature finds that historically the commission has allowed a deduction in the price paid to producers for Class II milk sold by Maine dealers to federally regulated plants. This transportation allowance has remained constant while the ability to transport milk and the shipping and sales practices of dealers have changed. In order to further understanding of the transportation allowance the commission shall: [PL 1989, c. 438 (NEW).]

1. Original intent. Examine the original intent of the transportation allowance;
[PL 1989, c. 438 (NEW).]

2. Current practice. Determine whether the transportation allowance is being applied in situations other than those originally intended;
[PL 1989, c. 438 (NEW).]

3. Finding. Determine whether the transportation allowance should be applied to transfers of milk that are ordinary business practice or are recurring transactions;
[PL 1989, c. 438 (NEW).]

4. Adopt rules. In accordance with the Maine Administrative Procedure Act, Title 5, chapter 375, adopt any necessary rules which the commission determines, after hearing, are not inconsistent with the original intent, and current use of the transportation allowance; and
[PL 1989, c. 438 (NEW).]

5. Report. Report its findings, any actions taken by the commission and any recommendations for legislation by March 1, 1990, to the joint standing committee of the Legislature having jurisdiction over agricultural matters. The committee may introduce any legislation necessary to address the findings or actions of the commission.

Donations under this section may occur only if the fresh milk produced and processed within the State to be donated does not have a wholesale or retail market that will provide a higher monetary value to the dealer or producer-dealer. It is unlawful for any dealer or retail store to sell milk for fluid consumption at less than the cost thereof to the dealer or retail store with the purpose or intent to injure competitors or destroy competition. In all proceedings brought to enforce this section, proof of consistent and repeated advertisements, offers to sell or sales of milk for fluid consumption by any dealer or retail store at less than cost to them, as defined in sections 2984 and 2985, the advertisements, offers to sell and sales thereby forming a pattern of sales below cost, shall be prima facie evidence of intent to injure competitors and destroy competition. This section shall not apply where the price of milk for fluid consumption is set in good faith to meet legal competition. [PL 1983, c. 484, §2 (NEW).]

§2984. Cost of milk to a dealer

Without limitation, these expenses shall include labor, including salaries and bonuses of executives and officers, rent, depreciation, selling costs, maintenance of equipment, utilities, delivery costs, interest, licenses, taxes, insurance, advertising, professional services and all other fixed and variable expenses. The commission may determine the dealer's expenses directly and indirectly incurred in receiving, processing, packaging and delivering fluid milk by either of the following methods: [PL 1983, c. 484, §2 (NEW).]
1. **Cost accounting data.** Through reliance upon cost accounting data, relating to the dealer, gathered or received by the commission pursuant to section 2952-A or 2986 for any 3-month period within one year preceding and one year following the date of an alleged violation, unless the dealer proves that changed circumstances render any cost accounting data relied upon by the commission incapable of proving that the violation occurred; or [PL 2005, c. 382, Pt. F, §22 (AMD).]

2. **Expenses; percentage of dealer price.** By imputing an amount to cover these expenses which, unless the dealer proves lower actual costs, shall be deemed to be the percentage of the total dealer price of the milk as the commission shall by rule establish in conjunction with any milk pricing orders which change base dealer margins. [PL 1983, c. 484, §2 (NEW).]

**SECTION HISTORY**

§2985. **Cost of milk to a retail store**

"Cost of milk to a retail store" means the price paid by a retail store to a dealer for fluid milk, to which shall be added the retail store's expenses directly and indirectly incurred in shipping, handling and selling fluid milk. Without limitation, these expenses shall include labor, including salaries and bonuses of executives and officers, rent, depreciation, selling costs, maintenance of equipment, utilities, shipping costs, interest, licenses, taxes, insurance, advertising, professional services and all other fixed and variable expenses. The commission may determine the retail store's expenses directly and indirectly incurred in shipping, handling and selling milk by any of the following methods: [PL 1983, c. 484, §2 (NEW).]

CHAPTER 611

MILK POOLING

§3151. Legislative Findings and Intent
The Legislature finds that among Maine's dairy farmers, prices received for milk differ substantially, and that these differences arise in part from a dual marketing system whereby approximately 1/2 the milk produced in Maine is marketed in Maine subject to the price control authority of the Maine Milk Commission, Maine market, while the other 1/2 is marketed to handlers
selling in southern New England, commonly known as the Boston market, subject to the price regulations of the northeast marketing area milk marketing order. [PL 1999, c. 679, Pt. B, §6 (AMD); PL 1999, c. 679, Pt. B, §14 (AFF).]

The Legislature finds that under this dual system, producers selling on the Maine market receive a significantly higher price for their milk than do their Boston market counterparts; that, in terms of net income after operating costs, producers on the Maine market receive, on the average, 50% more than their Boston market counterparts of equal size; that the lower net returns received by producers selling on the Boston market seriously limits their ability to withstand cost fluctuations caused by unpredictable increases in costs of fuel, credit, feed and other input costs or price fluctuations resulting from changing milk price support policies, all of which are largely controlled by national and international policies and other events beyond their control; that this relative vulnerability engenders an instability in the present marketing system resulting in a destructive competition for higher priced markets; that this instability has recently been aggravated by the introduction of store-brand milk in Maine markets; that the result is a serious threat not only to the viability of these Boston market farms but also to the Maine dairy industry as a whole; and that the loss of these dairy farms would seriously erode Maine's agricultural base. [PL 1983, c. 573, §4 (NEW).]

The Legislature finds that the higher prices paid to Maine milk producers selling on the Maine market result from the state and federal regulatory framework of the milk industry, as well as actual cost differences which would exist independent of any regulatory framework. Specifically, higher prices on the Maine market are found to derive from cost savings realized by the Maine market producers in transporting milk to local markets, and from a comparatively higher fluid milk, Class I, utilization rate. Whereas, this favorable utilization rate is made possible by the presence of 2 independently regulated markets which allow the sale of excess Maine production on the Boston market, with the result that such excess is excluded from the calculation of utilization rates on the Maine market, the Legislature finds that the resulting price difference is in the nature of an economic benefit which has arbitrarily accrued to Maine market producers over Boston market producers. [PL 1983, c. 573, §4 (NEW).]

The Legislature finds that dairy farms in Aroostook, Washington and northern Penobscot Counties presently operate at significantly higher costs because of their remoteness from markets and supplies; that they face greater risks because they operate on a closer margin; that their markets are less secure; and that negative changes in the overall economy have a magnified effect in the northern Maine region. [PL 1999, c. 679, Pt. B, §6 (AMD); PL 1999, c. 679, Pt. B, §14 (AFF).]

It is the intent of the Legislature that the reblending of Class I premiums under the Maine Milk Pool created by this chapter be deemed to be the reapportionment of an economic benefit created by regulation in order to smooth out differences in milk prices between different markets and not as a tax on the income of Maine market producers. It is also the interest of the Legislature that deductions from the Maine Milk Pool for promotion be deemed to be deductions from the amounts otherwise payable from the pool to Maine and Boston market producers. [PL 1983, c. 573, §4 (NEW).]

In addition to the above findings and as a result of the possible implementation of an over-order premium to be paid to milk producers, the Legislature finds that legislation is necessary to ensure that such a premium is distributed in a manner which is most advantageous and most equitable for all Maine milk producers and intends to achieve that result by enacting the provisions of this chapter relating to over-order pricing. The Legislature also finds that while the pooling and redistribution of such a
As used in this chapter, unless the context indicates otherwise, the following words have the following meanings.

1. **Blend price.** "Blend price" means the price of milk per hundredweight computed as the sum of the Class I price multiplied by the percentage of milk sold as Class I milk, the Class II price multiplied by the percentage sold as Class II milk and the Class III price multiplied by the percentage sold as Class III milk. The blend price must be separately calculated for the base minimum price and the over-order premium.

2. **Boston market dealer.** "Boston market dealer" means any dealer as defined in subsection 4 who purchases milk from producers subject to the price regulations of the northeast marketing area milk marketing order.

3. **Boston market producer.** "Boston market producer" means any Maine milk producer selling to a dealer marketing milk subject to the northeast marketing area milk marketing order, or any agricultural cooperative that buys milk from or handles milk for such a producer and sells it to such a dealer.

4. **Dealer.** "Dealer" means any person or entity who purchases or receives milk from a producer within the State for processing and sale within or outside the State.

   A. A producer-dealer which is not an agricultural cooperative shall be deemed a dealer only with respect to milk purchased or received from other producers.

   B. A producer-dealer which is an agricultural cooperative shall be deemed a dealer:
      1. With respect to all milk purchased or received from other producers; and
      2. With respect to all milk purchased or received from its members except to the extent that it is exempt from the Maine Milk Pool under section 3152-A.

   C. An agricultural cooperative which is not a producer-dealer shall be deemed a dealer with respect to all milk subject to the producer price control authority of the Maine Milk Commission which it purchases or receives and which is not sold to a dealer.

1. **Base minimum price.** "Base minimum price" means Class I, Class II and Class III prices established pursuant to the northeast marketing area milk marketing order.

2. **Adjusted base minimum price.** "Adjusted base minimum price" means the base minimum price plus any amounts established by the Maine Milk Commission to reflect the increased costs of production pursuant to section 2954, subsection 2, paragraph A.

3. **Dealer.** "Dealer" means any person or entity who purchases or receives milk from a producer within the State for processing and sale within or outside the State.

   A. A producer-dealer which is not an agricultural cooperative shall be deemed a dealer only with respect to milk purchased or received from other producers.

   B. A producer-dealer which is an agricultural cooperative shall be deemed a dealer:
      1. With respect to all milk purchased or received from other producers; and
      2. With respect to all milk purchased or received from its members except to the extent that it is exempt from the Maine Milk Pool under section 3152-A.

   C. An agricultural cooperative which is not a producer-dealer shall be deemed a dealer with respect to all milk subject to the producer price control authority of the Maine Milk Commission which it purchases or receives and which is not sold to a dealer.
4-A. Eligible marketing cooperative. "Eligible marketing cooperative" means an association of milk producers organized to negotiate producer prices higher than the minimum producer prices established pursuant to the northeast marketing area milk marketing order and that the commissioner has determined will not, through its operation, evade, impair or undermine the purposes of this chapter. [PL 2005, c. 382, Pt. F, §27 (AMD)].

5. Maine market dealer. "Maine market dealer" means any dealer as defined in subsection 4 who sells milk subject to the price control authority of the Maine Milk Commission. [PL 1983, c. 573, §4 (NEW)].

6. Maine market producer. "Maine market producer" means any Maine milk producer selling to a dealer marketing milk on the Maine market, or any agricultural cooperative that buys milk or handles milk for such a producer and sells it to such a dealer. [PL 1983, c. 573, §4 (NEW)].

8. Northern Maine market producer. "Northern Maine market producer" means any Maine milk producer located in Aroostook County or Washington County or that portion of Penobscot County north of and including the minor civil divisions of Medway, T.A.R. 7 and Long A T.W.P. who sells to a dealer determined by the commissioner to be marketing milk on the Maine market or any agricultural cooperative that buys milk or handles milk for such a producer and sells it to such a dealer. [PL 2005, c. 382, Pt. F, §28 (AMD)].

8-A. Over-order premium. "Over-order premium" means that part of the minimum Class I, Class II and Class III prices established by the Maine Milk Commission pursuant to chapter 603, that exceeds the applicable Class I, Class II and Class III prices established pursuant to the northeast marketing area milk marketing order as adjusted to reflect the increased costs of production pursuant to section 2954, subsection 2, paragraph A. [PL 1999, c. 679, Pt. B, §11 (AMD); PL 1999, c. 679, Pt. B, §14 (AFF)].

9. Plant price. "Plant price" means the F.O.B. price paid for milk at a milk processing plant, unless milk received at that plant is first collected at a federal order bulk reload station as defined by Part 1001 Federal Milk Order No. 1 in which case the plant price shall mean the price paid for milk at the reload station after deductions for subsequent transportation. [PL 1983, c. 573, §4 (NEW)].

10. Producer-dealer. "Producer-dealer" means a dealer who himself produces a part or all of his milk or a person who produces milk and sells to a grocery store or dairy products store or similar commercial establishment, and shall include an agricultural cooperative comprised solely of dairy farmers that wholly owns and operates its processing facilities, and whose individual members hold a share of that ownership which is in direct proportion to that individual's share of all milk produced by cooperative members for the cooperative, provided that such an agricultural cooperative shall be a "producer-dealer" under this chapter only if it was in existence on January 1, 1986, and had been recognized on or before that date by the commissioner as meeting the criteria established in this subsection. [PL 1985, c. 646, §2 (AMD)].

11. Utilization rate. "Utilization rate" means the percentage of milk produced that is used as Class I or fluid milk, the percentage of milk produced that is used as Class II milk and the percentage of milk that is used as Class III milk. [PL 1991, c. 266, §7 (AMD)].

SECTION HISTORY
§3152-A. Agricultural cooperatives which are producer-dealers

1. Exemption; pool payments. An agricultural cooperative that is a producer-dealer under section 3152, subsection 10 is exempt from payment into and redistributions out of the Maine Milk Pool to the extent that the milk sold or otherwise distributed by the agricultural cooperative does not exceed 5,000,000 pounds a month. Nothing in this subsection exempts an agricultural cooperative that is a producer-dealer from any other requirements of this chapter. In any month in which the milk sold or otherwise distributed by the agricultural cooperative that is a producer-dealer exceeds 5,000,000 pounds, the agricultural cooperative shall make payment into and redistributions out of the Maine Milk Pool in accordance with this chapter with respect to that milk that is in excess of 5,000,000 pounds. [PL 2005, c. 382, Pt. F, §29 (AMD).]

2. Promotion; administration. [PL 1999, c. 161, §4 (RP).]

SECTION HISTORY

§3153. Maine Milk Pool

1. Establishment. Within 180 days after September 23, 1983, the commissioner shall adopt rules establishing a fund to be known as the "Maine Milk Pool," to which all money collected from Maine dealers pursuant to subsection 2 must be credited. These funds must be redistributed to eligible Maine market producers, eligible northern Maine market producers and eligible Boston market producers according to procedures established under subsection 4. [PL 1999, c. 161, §5 (AMD).]

2. Collections from dealers. Collections from dealers must be made as follows.

A. Effective January 1, 2000, each Maine market dealer shall, on a monthly basis, calculate for its Maine market producers the amount of payment at the adjusted base minimum price that would be payable to its Maine market producers according to the price calculated using that dealer's utilization rate, referred to in this subsection as "the Maine sample payment amount," and the amount of payment that would be due its Maine market producers according to the price calculated using the applicable component prices and producer price differential for Suffolk County, Massachusetts for the northeast marketing area milk marketing order, referred to in this subsection as "the comparable Boston payment amount." Except as otherwise provided in this paragraph, in any month in which the Maine sample payment amount is more than the comparable Boston payment amount, the Maine market dealer shall pay to the Maine Milk Pool the amount of the difference. Based on the fact that northern Maine market producers presently operate at significantly higher costs because of their remoteness from markets and supplies, that they face greater risks because they operate on a closer margin and because their markets are less secure, payments to the Maine Milk Pool at the adjusted base minimum price attributable to northern Maine market producers must be reduced by 1/2 and those producers' initial payments under this section must be increased by the corresponding amounts.

(1) For any month in which there is only one Maine market dealer subject to this paragraph and the milk sold or otherwise distributed by that dealer during that month does not exceed 1,000,000 pounds, the additional payment due to the Maine Milk Pool must instead be made by that dealer to its Maine market producers. [PL 2005, c. 382, Pt. F, §30 (AMD).]
B. For any month in which the Maine sample payment amount is less than the comparable Boston payment amount, the Maine market dealer may deduct the difference from the next month's initial payment to producers under section 2954-A, subsection 2, paragraph A. Upon the termination of their business relationship, producers are liable to dealers for all sums advanced under this paragraph that have not been recouped by way of deduction. [PL 2005, c. 382, Pt. F, §30 (AMD).]

C. For any month in which the Maine Milk Commission has established minimum prices payable to producers that include an over-order premium that the commission has determined is attributable to the activity of an eligible marketing cooperative, this paragraph applies. Each Maine market dealer shall, on a monthly basis, calculate for its Maine market producers the amount of payment from the over-order premium that would be payable to its Maine market producers according to the blend price calculated using that dealer's utilization rate. With respect to those producers who have designated an eligible marketing cooperative to receive the over-order premium, the dealer shall make the payment to the eligible marketing cooperative. With respect to those producers who have not designated an eligible marketing cooperative to receive the over-order premium, the dealer shall make the payment into the Maine Milk Pool. [PL 2005, c. 382, Pt. F, §30 (AMD).]

D. For any month in which the Maine Milk Commission has established minimum prices payable to producers that include an over-order premium that the commission has determined is not attributable to the activity of an eligible marketing cooperative, the over-order premium is not pooled. [PL 2005, c. 382, Pt. F, §30 (AMD).]

E. [PL 1987, c. 874, §§2, 4 (RP).]

F. For any month in which the Maine Milk Commission has included in Class I, Class II or Class III prices any amounts to reflect the increased costs of production pursuant to section 2954, subsection 2, paragraph A, those amounts must be paid into the Maine Milk Pool for redistribution in accordance with subsection 4. [PL 2005, c. 382, Pt. F, §30 (AMD).]

3. Additional collections for promotion.
[PL 1999, c. 161, §6 (RP).]

4. Redistribution of pool; base minimum price. The commissioner shall, by rule, adopt procedures to redistribute payments into the Maine Milk Pool under subsection 2, paragraphs A and F on an equal basis to eligible Maine market producers and eligible Boston market producers, except that:

A. If any Boston market producer whose farm is located within 140 miles of Boston receives a plant price, excluding deductions or additions imposed by the northeast marketing area milk marketing order that is greater than the amount of the initial payment to Maine market producers under section 2954-A, subsection 2, paragraph A, the commissioner shall credit that additional amount against the redistribution from the Maine Milk Pool to which that producer would otherwise be entitled in order to avoid potential inequities arising from equal redistribution; [PL 2005, c. 382, Pt. F, §31 (AMD).]

B. If the credit against redistribution exceeds the pool payment due the producer, that producer shall pay into the Maine Milk Pool an amount equal to the excess or that producer's share of the cost of promotion, whichever is less. The commissioner may provide by rule that these amounts must be deducted from future pool payments made under this subsection to that producer or from pool payments due to that producer under subsection 5, or from future payments due to that producer for milk; and [PL 2005, c. 382, Pt. F, §31 (AMD).]
C. If the commissioner determines that payments from the pool will be made to dairies, cooperatives or some other entity as a representative of producers, then the dairy, cooperative or other representative shall pay to the producer the amount owed to that producer within such time period as is determined by the procedures established by rule under this subsection. [PL 2005, c. 382, Pt. F, §31 (AMD).]

D. [PL 1987, c. 447, §7 (RP).]
[PL 2005, c. 382, Pt. F, §31 (AMD).]

5. Redistribution of pool; over-order premium. Redistribution of payments into the pool under subsection 2, paragraph C is governed by this subsection.

A. For any month in which subsection 2, paragraph C is in effect, the commissioner shall pay those Maine market producers whose over-order premium was paid into the Maine Milk Pool an initial redistribution under this paragraph. In calculating the rate of this redistribution and the timing of its payment, the commissioner shall attempt to achieve, insofar as practicable, a redistribution that ensures that Maine producers who are not members of eligible marketing cooperatives receive an initial redistribution equivalent to that received by Maine producers who are members of eligible marketing cooperatives. The commissioner shall consider the following factors:

1. The gross rate of redistribution used by eligible marketing cooperatives to calculate payment to their members;
2. Reasonable administrative and other charges deducted by eligible marketing cooperatives from the redistributions made to their members;
3. The timing of the redistributions made by an eligible marketing cooperative to its members; and
4. Such other factors as may be relevant to the goal of achieving, insofar as practicable, price equity among producers. [PL 2005, c. 382, Pt. F, §32 (AMD).]

B. The commissioner shall redistribute the remainder of the amount paid into the Maine Milk Pool under subsection 2, paragraph C on an equal basis to eligible Maine market producers and eligible Boston market producers; except that if any Maine market producer or Boston market producer receives an additional premium other than one attributable to the activity of an eligible marketing cooperative, the commissioner shall credit that additional premium against the redistribution to which that producer would otherwise be entitled under this paragraph in order to avoid potential inequities arising from equal redistribution. [PL 2005, c. 382, Pt. F, §32 (AMD).]

C. If the commissioner determines that the basis for redistribution adopted by an eligible marketing cooperative is disadvantageous to Maine producers belonging to that cooperative, that the cooperative has not made redistributions to its Maine members in a timely manner or that the administrative or other fees deducted by the cooperative from redistributions to its members are excessive, unjust or unreasonable, the commissioner may commence proceedings to revoke the eligible status of the cooperative pursuant to section 3155-B. [PL 2005, c. 382, Pt. F, §32 (AMD).]

C-1. [PL 1987, c. 874, §§3, 4 (RP).]

D. The commissioner shall, by rule, adopt such procedures as are necessary to implement this subsection. If the commissioner determines that payments from the pool will be made to dairies, cooperatives or some other entity as a representative of producers, then the dairy, cooperative or other representative shall pay to the producer the amount owed to that producer within such time period as is determined by the procedures established by rule under this subsection. [PL 1987, c. 447, §8 (NEW).]
6. Rules. The commissioner shall adopt by routine technical rule such procedures as are necessary to implement this section. Rules adopted pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.

[PL 2005, c. 382, Pt. F, §33 (NEW).]

SECTION HISTORY

§3153-A. Dairy stabilization subsidy

If the base price of milk falls below $16.94 per hundredweight in any month beginning September 1, 2003 and ending May 31, 2004, the administrator of the Maine Milk Pool shall distribute to Maine milk producers on a per hundredweight basis 40% for the months of January to May 2004 of the difference between $16.94 per hundredweight and the base price of milk per hundredweight. The amount distributed for milk produced during the period between January 1, 2004 and May 31, 2004 may not exceed $2,100,000. The Governor shall provide these funds to the Maine milk pool administrator for distribution to Maine milk producers, as provided for in this section, during the months of October 2003 to June 2004. The base price of milk is the Suffolk County, Massachusetts Class I price of milk as determined for each month by the Northeast Market Administrator of the United States Department of Agriculture. [PL 2003, c. 522, §1 (AMD).]

SECTION HISTORY

§3153-B. Dairy stabilization

1. Definitions. As used in this section, unless the context otherwise indicates, the following terms have the following meanings.

A. "Annual production" means the total quantity of milk produced in a 12-month period beginning June 1st and ending May 31st of the next calendar year. Total quantity is expressed in hundredweight. [PL 2003, c. 648, §2 (NEW).]

B. "Base price" means the price of milk calculated each month in accordance with subsection 2. [PL 2003, c. 648, §2 (NEW).]

C. "Suffolk County price" means the Suffolk County, Massachusetts statistical uniform price of milk as determined for each month by the Northeast Market Administrator of the United States Department of Agriculture and expressed per hundredweight of milk. [PL 2003, c. 648, §2 (NEW).]

D. "Target price" means the short-run break-even point for each of 4 categories of annual production. Target prices are determined in accordance with subsection 3. [PL 2009, c. 467, §2 (AMD).]

[PL 2009, c. 467, §2 (AMD).]

2. Calculation of base price. Base price is calculated each month by adding to the Suffolk County price:
A. The amount per hundredweight paid to milk producers in the State as monthly premiums established by the Maine Milk Commission under section 2954, subsection 1; and [PL 2003, c. 648, §2 (NEW).]

B. The amount per hundredweight received by milk producers as a monthly payment from the Federal Government due to low milk prices. [PL 2003, c. 648, §2 (NEW).]

Cost-of-production adjustments established under section 2954, subsection 2, paragraph A are not considered premiums for the purpose of calculating base price. [PL 2003, c. 648, §2 (NEW).]

3. Determination of target prices. The Maine Milk Commission shall establish 4 tiers of production, each representing a range of annual production. The commission shall use the most recent studies conducted in accordance with section 2952-A, subsection 3, paragraph A to estimate the short-run break-even point within each tier.

The Maine Milk Commission may establish and amend ranges of production for each tier and target prices through rulemaking. Rules adopted pursuant to this subsection are major substantive rules as defined in Title 5, chapter 375, subchapter 2-A. [PL 2009, c. 467, §3 (AMD).]

4. Distribution of dairy stabilization support. Beginning July 1, 2004 for each month that the base price is below the target price, the administrator of the Maine Milk Pool shall distribute to each milk producer in the State an amount of money equal to the previous month's production in hundredweight multiplied by the difference between the applicable target price and the base price in the previous month. [PL 2003, c. 648, §2 (NEW).]

§3153-D. Transfer of revenues

On or before the 18th day of each month, the administrator of the Maine Milk Pool shall subtract the amount in the Maine Milk Pool, Other Special Revenue Funds account that is available for distribution for dairy stabilization support from the total amount to be distributed for the previous month pursuant to section 3153-B and certify this amount to the State Controller, who shall transfer the certified monthly amount when certified from General Fund undedicated revenue to the Maine Dairy Farm Stabilization Fund, Other Special Revenue Funds account. [PL 2013, c. 368, Pt. Y, §1 (AMD).]

SECTION HISTORY

§3154. Administration

1. Authority of commissioner. The commissioner may enter into agreement with the Maine Milk Commission or other state agency for administering the provisions of this chapter, and may employ such staff and services as may be necessary. [PL 1983, c. 573, §4 (NEW).]
2. Deductions. Prior to the redistribution of the pool as provided in section 3153, the commissioner shall deduct the following:

A. Amounts sufficient to cover the costs of administering this chapter. Those amounts must be determined annually and must be adopted by rule by the commissioner; and [PL 1995, c. 693, §19 (AMD); PL 1995, c. 693, §25 (AFF).]

B. [PL 1999, c. 161, §7 (RP).]
[PL 1999, c. 161, §7 (AMD).]

3. Records and information. The commissioner may receive and utilize such reports and other information from any dealer as furnished to the Maine Milk Commission pursuant to section 2956 for the purpose of administering this chapter. The commissioner may also require any dealer purchasing milk from producers who may be eligible for participation in the milk pool to furnish directly such reports and other information as may be necessary to determine the eligibility of those producers and the extent of their participation.
[PL 1983, c. 573, §4 (NEW).]

4. Interest on over-order premiums. Interest earned on over-order premiums paid into the Maine Milk Pool pursuant to section 3153, subsection 2, paragraph C, shall be credited to the pool. At least annually, the commissioner shall pay accrued interest on an equal basis to eligible Maine market and Boston market producers.
[PL 1987, c. 447, §9 (NEW).]

In the event that information requested is not adequately provided by any dealer, the commissioner may require producers who may be eligible for participation in the Maine Milk Pool to furnish such reports and other information as may be necessary to determine their eligibility and the extent of their participation. [PL 2005, c. 382, Pt. F, §35 (AMD).]

The cost of obtaining information required to determine eligibility and extent of participation shall be shared by all producers as provided in subsection 2, except that added costs incurred in obtaining information directly from a producer whose dealer does not furnish that information shall be assessed to that producer. [PL 1983, c. 573, §4 (NEW).]

An eligible marketing cooperative, or an organization applying for recognition as an eligible marketing cooperative, shall furnish the commissioner all information, records and reports necessary for the commissioner to determine and monitor the cooperative's initial eligibility and its ongoing compliance with this chapter. In addition to any other available remedies, the commissioner may commence proceedings pursuant to section 3155-B, to revoke the eligible status of a cooperative that willfully fails to provide information, records or reports requested by the commissioner. [PL 2005, c. 382, Pt. F, §36 (AMD).]

The commissioner shall prescribe by rule the form, content and time for filing of any reports which may be required under this section. All reports shall be subject to audit. [PL 1983, c. 573, §4 (NEW).]
2. **Subsequent violation.** For each subsequent violation within one year of the first violation, a civil penalty not to exceed $500.

[PL 1983, c. 573, §4 (NEW).]

Persons who violate any other rules promulgated under this chapter shall be subject to a civil penalty not to exceed $100 to be collected by the commissioner in a civil action. All penalties collected by the commissioner shall be paid to the Treasurer of State for deposit to the General Fund. In addition to other available remedies, the commissioner may bring a civil action to collect any amounts owed to the Maine Milk Pool under this chapter. [PL 1987, c. 447, §11 (AMD).]

**SECTION HISTORY**

§3155-A. Predatory behavior of eligible marketing cooperative prohibited

1. **Violations.** No eligible marketing cooperative may:

   A. Collect or attempt to collect from a Maine market dealer, directly or indirectly, all or any part of an over-order premium with respect to the milk of a Maine market producer who has not designated that cooperative to receive the over-order premium pursuant to section 3153, subsection 2, paragraph C; [PL 1987, c. 447, §12 (NEW).]

   B. Collect or attempt to collect from a Maine market dealer, directly or indirectly, any handling charge, fee or other payment in lieu of an over-order premium which the cooperative is barred from collecting under paragraph A; [PL 1987, c. 447, §12 (NEW).]

   C. Discriminate against any Maine market dealer making payments in accordance with section 3153, subsection 2, paragraph C, in the marketing of its members' milk based in whole or in part on the extent to which the dealer's producers have joined or refused to join the cooperative; or [PL 1987, c. 447, §12 (NEW).]

   D. Collect or attempt to collect all or any part of an over-order premium from a Maine market dealer prior to determination of its eligibility or during any period for which its eligible status has been revoked by the commissioner. [PL 1987, c. 447, §12 (NEW).]

   [PL 1987, c. 447, §12 (NEW).]

2. **Civil penalties.** Each violation of this section is punishable by a civil penalty not to exceed $2,000 for a first violation and $5,000 for each subsequent violation, which penalties may be collected by the commissioner in a civil action. All penalties collected by the commissioner shall be paid to the Treasurer of State for deposit into the General Fund.

   [PL 1987, c. 447, §12 (NEW).]

3. **Injunctive relief.** The Superior Court shall have jurisdiction upon complaint filed by the commissioner to restrain or enjoin any person from committing any act prohibited by subsection 1 or from violating any order or decision issued by the commissioner pursuant to subsection 4. The commissioner shall not be required to post a bond when applying for an injunction under this subsection.

   [PL 1987, c. 447, §12 (NEW).]

4. **Administrative enforcement.** When the commissioner, after such investigation as the commissioner determines appropriate, believes that a violation of this section has occurred, the commissioner may order the eligible marketing cooperative to cease that violation. In lieu of, or in addition to, such an order and notwithstanding Title 4, section 152, subsection 9 and Title 5, section 10051, subsection 1, the commissioner may also revoke the eligible status of the cooperative for purposes of this chapter for a period not to exceed one year for a first violation, 2 years for a 2nd violation and permanently for a 3rd or subsequent violation. Before issuing such an order or revoking a cooperative's eligibility, the commissioner shall afford the cooperative an opportunity for a hearing.
Any person aggrieved by a final order or decision issued under this subsection may obtain judicial review in Superior Court by filing a petition in accordance with Title 5, section 11001 and the Maine Rules of Civil Procedure, Rule 80C. In responding to such a petition, the commissioner may seek enforcement of the order or decision, including civil penalties for any violation found, and the court, if it upholds the order or decision, may order its enforcement, including civil penalties.

Nothing in this section is intended to require that the commissioner take administrative enforcement action prior to seeking judicial relief for any violation of this section or is intended to limit the commissioner's ability to bring an independent action to enforce any decision or order issued by him, including civil penalties for any violation found by him. [PL 1987, c. 447, §12 (NEW).]

§3155-B. Eligible marketing cooperative; revocation of status

Notwithstanding section 3155-A, Title 4, section 152, subsection 9 and Title 5, section 10051, subsection 1, the commissioner may revoke the eligible status of a marketing cooperative upon a determination that it has through its operation evaded, impaired or undermined the purposes of this chapter. §3156. Transportation allowances

The commissioner shall annually conduct a study investigating the costs of transporting milk from producers' farms to dairy processing plants and shall examine existing and practicably achievable cost efficiencies by market areas as defined by the Maine Milk Commission pursuant to section 2951, subsection 5. Based upon that study, the commissioner shall annually recommend a schedule of maximum allowable transportation charges to the Maine Milk Commission. [PL 1983, c. 573, §4 (NEW).]

§3908. Governmental function

(REPEALED)

SECTION HISTORY

§3909. Enforcement

1. Attorney General and District Attorneys. Whenever a person has engaged in or is about to engage in an act or practice that constitutes a violation of this Part, a rule adopted pursuant to this Part or a condition of an order, license or permit approved or decision issued by the commissioner pursuant to this Part, or that constitutes a violation of Title 17, chapter 42, the Attorney General or a District Attorney, at the request of the commissioner, may institute proceedings before the District Court or Superior Court for an order enjoining those acts or practices, an order directing compliance or imposing a civil or criminal penalty, or any combination of these actions, as provided by law. Upon a showing by the commissioner that the person has engaged or is about to engage in such an act or practice, the court may grant a permanent or temporary injunction, restraining order or other order as appropriate.

[PL 2005, c. 422, §1 (AMD).]

2. Designated employees of the department. For purposes of prosecution under this section, the commissioner may authorize humane agents and a state veterinarian who have been certified in accordance with subsection 3-A to issue and serve civil violation processes against offenders pursuant to the Maine Rules of Civil Procedure, Rule 80H and any other applicable rules of court for violations of this Part. The commissioner may authorize certified humane agents or a certified state veterinarian to represent the department in District Court in the prosecution of civil violations of these laws. A certified humane agent or a certified state veterinarian may seek civil penalties as provided by law as well as a permanent or temporary injunction, restraining order or other equitable relief as the court finds appropriate.

[PL 2009, c. 652, Pt. A, §6 (RPR).]

2-A. Animal welfare citation form. The commissioner shall designate the Uniform Summons and Complaint as the citation form to be used by the department.

A. The Department of Public Safety is responsible for all Uniform Summons and Complaint forms issued to the department. The commissioner or the commissioner’s designee is responsible for the further issuance of Uniform Summons and Complaint books to humane agents and a state
veterinarian certified under subsection 3-A and for the proper disposition of those books. [PL 2009, c. 343, §6 (NEW).]

B. It is unlawful and official misconduct for any humane agent or other public employee to dispose of an official citation form or Uniform Summons and Complaint, except in accordance with law and as provided for in an applicable official policy or procedure of the department. [PL 2009, c. 343, §6 (NEW).]

C. A Uniform Summons and Complaint may be filed in a court having jurisdiction and constitutes a lawful complaint to commence any criminal prosecution or civil violation proceeding if the Uniform Summons and Complaint is duly sworn to as required by law and is otherwise legally sufficient. [PL 2009, c. 343, §6 (NEW).]

D. A Uniform Summons and Complaint, when served upon a person by a humane agent, functions as a summons to appear in court. A person who fails to appear in court after having been served with a summons commits a Class E crime. Upon that person's failure to appear, the court may issue a warrant of arrest. It is an affirmative defense to prosecution under this paragraph that the failure to appear resulted from just cause. [PL 2009, c. 343, §6 (NEW).]

[PL 2003, c. 405, §5 (RP).]

3-A. Humane agents; training requirements. To issue and serve civil violation processes or represent the department in District Court under subsection 2, a humane agent or a state veterinarian must have completed a program at the Maine Criminal Justice Academy that certifies familiarity with court procedures.

A humane agent, regardless of appointment date, shall complete training in the handling of small and large animals and a minimum of 40 hours of training each year, including a combination of classroom and hands-on training. [PL 2009, c. 343, §7 (AMD).]

(1) The department may apply to the District Court to enforce a subpoena.

(2) A person who complies with a subpoena is immune from civil or criminal liability that might otherwise result from the act of turning over or providing information or records to the department. [PL 2001, c. 422, §5 (NEW).]

5. Enforcement provision; animal control officers. The certification of an animal control officer under section 3906-B may be suspended or revoked by the commissioner in accordance with Title 5, chapter 375. [PL 2009, c. 343, §8 (NEW).]

All money deposited in the fund and the earnings on that money remain in the fund to be used for the spaying or neutering of companion animals owned by persons meeting income limit standards and for the necessary direct administrative and personnel costs associated with the management of the fund and may not be deposited in the General Fund or any other fund except as specifically provided by law. The fund may not be charged for indirect costs under a departmental indirect cost allocation plan. [PL 2009, c. 148, §3 (AMD).]

Procedures and eligibility standards must be developed in consultation with veterinarians and representatives of humane societies and animal shelters.

[PL 2003, c. 682, §4 (NEW).]

3. Fund-raising. The commissioner or the commissioner's authorized agent may provide for the creation, reproduction, sale, licensing and distribution and other disposal of any art or other products for the purpose of generating revenues for the fund. All money generated from the sale of these items must be deposited into the fund.

[PL 2003, c. 682, §4 (NEW).]

4. Oversight. The Animal Welfare Advisory Council established in section 3906-C or a subcommittee of the council shall review the objectives of the fund and make recommendations for maximizing use of available resources to meet the objectives of the fund. The council or subcommittee shall review the administration of the fund and make recommendations, which may include the development of a competitive process to contract for the administration of the fund.

A person who abandons a wolf hybrid licensed under section 3922 commits a civil violation for which a fine not to exceed $1,000 may be adjudged. A person who abandons a wolf hybrid not licensed under section 3922 commits a civil violation for which a fine of $1,000 must be adjudged. For the purposes of this section "abandon" means to desert. For enforcement purposes a wolf hybrid is abandoned if the animal is found a distance of more than 5 miles from the premises of the owner and is not under the control of any person. [PL 2015, c. 301, §1 (AMD).]

SECTION HISTORY

§3911-B. Disposition of wolf hybrid at large
The owner or keeper of a wolf hybrid found at large commits a civil violation. An animal control officer or person acting in that capacity shall seize, impound or restrain a wolf hybrid found at large and proceed under this section. [PL 2011, c. 100, §6 (NEW).]

1. **Owner of wolf hybrid located.** If a wolf hybrid at large is licensed under section 3922, subsection 3-B or its owner can otherwise be identified and located, an animal control officer or person acting in that capacity shall take the wolf hybrid to its owner and issue citations for violations of this Part. [PL 2011, c. 100, §6 (NEW).]

2. **Unable to locate owner.** If an animal at large is permanently identified as a wolf hybrid in accordance with section 3921-A but the owner of record cannot be located, an animal control officer or person acting in that capacity shall take the wolf hybrid to the animal shelter designated by the respective municipality in which the wolf hybrid was found.

An animal shelter that accepts a wolf hybrid under this subsection is entitled to receive from the department the sum of $4 a day for the period for which food and shelter are furnished, not to exceed 6 days. The animal shelter's responsibilities and the procedure for filing claims and calculating fees established under section 3913, subsection 3 apply to wolf hybrids accepted under this subsection. Upon expiration of the 6-day period, ownership of the wolf hybrid is vested in the animal shelter. The animal shelter shall:

A. Transfer ownership of the wolf hybrid to a person holding a permit to possess wildlife under Title 12, section 12152 and authorized to accept wolf hybrids in compliance with rules adopted under Title 12, section 12160, subsection 2; [PL 2011, c. 100, §6 (NEW).]

C. After keeping the wolf hybrid for 8 days, euthanize the wolf hybrid humanely in accordance with Title 17, chapter 42, subchapter 4. [PL 2011, c. 100, §6 (NEW).]

3. **Owner unknown.** If an animal suspected of being a wolf hybrid is found at large and that animal is not licensed under section 3922 and does not bear any identification of the owner, an animal control officer or person acting in that capacity shall notify the Department of Inland Fisheries and Wildlife and request assistance in the capture and disposition of the animal under Title 12, section 12160. [PL 2011, c. 100, §6 (NEW).]

4. **Euthanasia for severely sick, severely injured or extremely vicious wolf hybrid.** Notwithstanding subsections 1, 2 and 3, a humane agent, an animal control officer or an animal shelter within the State may authorize in writing immediate euthanasia of a severely sick, severely injured or extremely vicious wolf hybrid upon determining that the following conditions are met:

A. The clerk, dog recorder or animal control officer of the respective municipality where the wolf hybrid was found has been notified of the animal's presence and the owner of the wolf hybrid, if known, has been notified; and [PL 2011, c. 100, §6 (NEW).]

B. A veterinarian states in writing that the wolf hybrid's recovery from its injury or illness, given reasonable time and reasonable care, is doubtful or that the wolf hybrid presents a danger to the public. [PL 2011, c. 100, §6 (NEW).]

Notwithstanding paragraphs A and B, a veterinarian may authorize immediate euthanasia if, in the veterinarian's judgment, the wolf hybrid is severely injured or sick and has no possibility of recovery. [PL 2011, c. 100, §6 (NEW).]
5. **Immunity from civil liability.** A veterinarian, a humane agent, an animal control officer or an animal shelter is not civilly liable to any party for authorization made in accordance with subsection 4 nor is any person performing euthanasia under that authorization.

[PL 2011, c. 100, §6 (NEW).]

SECTION HISTORY

If ownership can not be established, such a dog may be handled as a stray dog for the purpose of acceptance by an animal shelter.

[PL 1997, c. 690, §10 (NEW).]

2. **Ownership of dog known.** An animal control officer or person acting in that capacity shall seize, impound or restrain a dog found in violation of section 3911 and, if the owner is known, shall:

   A. Take the dog to its owner; or
   B. Deliver it to an animal shelter as provided in section 3913. An animal shelter receiving a dog in accordance with this paragraph shall follow the procedure for stray dogs provided in section 3913.

SECTION HISTORY

§3913. Procedure for stray dogs

1. **Persons finding stray dogs.** A person finding a stray dog and taking control of that dog shall take that dog to its owner if known or, if the owner is not known, to the animal shelter designated by the municipality in which the dog was found.

2. **Dog shelters.**

[PL 1991, c. 779, §20 (RP).]

2-A. **Animal shelter.** An animal shelter, as defined in section 3907, to which a stray dog is taken shall accept the dog for a period of 6 days unless the shelter is in quarantine or has a bona fide lack of adequate space. Except as provided in subsection 2-B, the acceptance entitles the animal shelter to receive from the department the sum of $4 a day for the period for which food and shelter are furnished to the dog. An animal shelter may refuse to accept dogs from municipalities not contracting with that animal shelter.

[PL 2009, c. 343, §9 (AMD).]

2-B. **Adoption policy.** Beginning January 1, 2010, to be eligible for reimbursement under subsection 2-A, an animal shelter must have an adoption policy. An adoption policy must provide for a dog to be available for adoption for a minimum of 24 hours except as provided in subsection 6.
3. Claims; fees. The procedure for filing claims and calculating fees is as follows.

A. On the business day next following the date of acceptance of a dog that is not delivered by an animal control officer or person acting in that capacity, the animal shelter shall notify the animal control officer or person acting in that capacity of the respective municipality of the acceptance of the dog, its description and the circumstances of its finding. [PL 1997, c. 690, §11 (AMD).]

B. An animal shelter that accepts a dog under this section, within 45 days of acceptance of the dog, shall submit a claim on a department-approved form to the department for fees incurred in providing food and shelter and the animal shelter shall forward a copy of the claim to the clerk of the respective municipality. [PL 1997, c. 690, §11 (AMD).]

C. If the owner claims the dog within the 6-day period, the owner may have and receive the dog upon payment of all department-approved fees as provided in subsection 2-A, the municipal impoundment fee and actual fees incurred for food, shelter, veterinary care and any other fees required by this chapter for each day that the dog has been sheltered, provided that the dog is licensed in accordance with chapter 721. [PL 1991, c. 779, §22 (AMD).] [PL 1997, c. 690, §11 (AMD).]

4. Ownership of dog. Upon expiration of the 6-day period, ownership of the dog is vested in the animal shelter. The animal shelter may then:

A. Except as provided in section 3938-A, sell or give away the dog, but not to a research facility, if a license is first obtained in accordance with chapter 721; or [PL 2007, c. 439, §6 (AMD).]

B. Otherwise dispose of the dog humanely in accordance with Title 17, chapter 42, subchapter IV. Except as provided in this section, an animal shelter must hold a dog at least 8 days before euthanasia. [PL 1997, c. 690, §11 (AMD).]

Notwithstanding this subsection, ownership of a dog for the purposes of adoption is immediately vested in an animal shelter if the animal shelter makes a determination that the dog is obviously abandoned. An obviously abandoned dog does not include a dog roaming at large.

An animal shelter shall establish and collect fees for reclaimed or adopted animals to offset costs of keeping a dog beyond 6 days.

None of the proceeds obtained from the sale, donation, adoption or other disposition of the dog may be deducted from the fee claimed.

Notwithstanding subsection 3, paragraph C, the previous owner may reacquire the dog at any time prior to its sale, donation or disposal upon payment of the municipal impoundment fee and actual fees incurred for food, shelter, veterinary care and any other fees required by this chapter for each day that the dog has been sheltered. In this case, no fee may be allowed by the department. [PL 2007, c. 439, §6 (AMD).]

5. Euthanasia for sick or injured dogs.

[PL 1997, c. 690, §11 (RP).]

6. Euthanasia for severely sick, severely injured or extremely vicious dog. A humane agent, an animal control officer or an animal shelter within the State may authorize in writing immediate euthanasia of a severely sick, severely injured or extremely vicious dog upon determining that the following conditions are met:

A. The clerk or animal control officer of the municipality where the dog was found has been notified of the dog's presence and the owner of the dog, if known, has been notified; and [PL 1997, c. 690, §11 (AMD).]
B. [PL 1997, c. 690, §11 (RP).]
   C. A veterinarian states in writing that the dog's recovery from its injury or illness, given reasonable
time and reasonable care, is doubtful or that the dog presents a danger to the public. [PL 1997, c.
690, §11 (AMD).]

Notwithstanding paragraphs A to C, a veterinarian may authorize immediate euthanasia if, in the
veterinarian's judgment, there is no possibility of recovery for a severely injured or sick animal.
[PL 1997, c. 690, §11 (AMD).]

RABIES PREVENTION AND SHELTER PROVISIONS

§3916. Rabies vaccinations

1. **Required for cats.** Except as provided in subsection 4, an owner or keeper of a cat over 3 months of age must have that cat vaccinated against rabies. Rabies vaccine must be administered by a licensed veterinarian or under the supervision of a licensed veterinarian. Upon receiving an initial vaccination, a cat is considered protected for one year and an owner or keeper of that cat must get a booster vaccination for that cat one year after the initial vaccination and subsequent booster vaccinations at intervals that do not exceed the intervals recommended by a national association of state public health veterinarians for the type of vaccine administered. [PL 1991, c. 779, §25 (NEW). PL 1997, c. 690, §12 (AMD). PL 2001, c. 13, §1 (AMD).]

1-A. **Required for dogs.** A person owning or keeping a dog shall, within 30 days after the dog attains the age of 6 months, cause the dog to be vaccinated against rabies and shall have booster vaccinations administered periodically in accordance with rules adopted by the Commissioner of Health and Human Services under section 3922, subsection 3. A wolf hybrid is required to be vaccinated in accordance with this subsection. The procedure prescribed under Title 22, chapter 251, subchapter 5 for a wolf hybrid suspected of having rabies does not change based on proof that the wolf hybrid has received a rabies vaccination. [PL 2007, c. 439, §8 (AMD).]

2. **Certificate.** A licensed veterinarian who vaccinates or supervises the vaccination of a cat or dog shall issue to the owner or keeper a certificate of rabies vaccination approved by the State and shall indicate on the certificate the date by which a booster vaccination is required pursuant to subsection 1 or 1-A. [PL 2005, c. 422, §4 (AMD).]

2-A. **Notice to department.** A veterinarian who issues a certificate of rabies vaccination for a dog pursuant to subsection 2 shall, within 30 days of issuing the certificate, forward by mail, e-mail or fax a copy of that certificate to the department. The department shall send a copy of the certificate by mail, e-mail or fax to the clerk of the municipality in which the owner resides. If the owner resides in the unorganized territory, the department shall send a copy of the certificate to the dog recorder in that unorganized territory or, in the absence of a duly authorized dog recorder, to the dog recorder in the nearest municipality or unorganized territory in the same county in which the owner resides. The department may retain a copy or electronic record of the rabies certificate. The department may accumulate certificates received and distribute them periodically to the appropriate municipalities and dog recorders. Distributions must be made no fewer than 4 times a year. [PL 2007, c. 119, §1 (NEW).]

3. **Enforcement.** A humane agent, an animal control officer or a law enforcement officer may ask an owner or keeper of a cat or dog to present proof of a certificate of rabies vaccination from the State. [PL 2005, c. 422, §5 (AMD).]

4. **Exception.** Notwithstanding any provision of this chapter, an animal shelter operated by a nonprofit organization is not required to vaccinate an abandoned or stray cat or dog received by the shelter. An owner or keeper of a cat is exempt from the requirements of subsection 1 if a medical reason exists that precludes the vaccination of the cat. To qualify for this exemption, the owner or keeper must have
a written statement signed by a licensed veterinarian that includes a description of the cat and the medical reason that precludes the vaccination.

§3952. Keeping a dangerous dog

(REPEALED)

SECTION HISTORY

§3952-A. Keeping a dangerous dog or a nuisance dog

A person who owns or keeps a dog determined by a court of competent jurisdiction to be a dangerous dog or a nuisance dog commits a civil violation for which the court shall adjudge a fine of not less than $250 and not more than $5,000, plus costs, none of which may be suspended. All fines, other than costs, must be paid to the municipality where the dog resides pursuant to section 3910-A and be placed in the municipality's animal welfare account established in accordance with section 3945. [PL 2017, c. 404, §12 (NEW).]

1. **Procedure.** A person who is assaulted or threatened with bodily injury by a dog or a person witnessing such an assault or threatened assault against a person or domesticated animal or a person with knowledge of such an assault or threatened assault against a minor, or a person whose property or crops have been damaged by a dog, within 30 days of the incident, may make written complaint to the sheriff, local law enforcement officer or animal control officer that the dog is a dangerous dog or a
nuisance dog. For the purposes of this chapter, "domesticated animal" includes, but is not limited to, livestock as defined in section 3907, subsection 18-A.

A representative of the sheriff's department, a local law enforcement officer or an animal control officer appointed by the municipality shall investigate and document the complaint. Upon completion of the investigation of the complaint, the investigator may issue a civil violation summons for keeping a dangerous dog or a nuisance dog.

All records of the outcome of the investigation must be kept by the municipality for the life of the dog, plus 2 years. [PL 2017, c. 404, §12 (NEW).]

2. Dangerous dog finding. If, upon hearing, the court finds that a dog is a dangerous dog, the court shall impose a fine and may order any one or more of the following that the court determines is appropriate:

A. Order the dog to be euthanized if the court finds that the dog:
   (1) Has killed, maimed or inflicted serious bodily injury upon a person or has a history of a prior assault or a prior finding by the court of being a dangerous dog; and
   (2) Presents a clear threat to public safety; [PL 2017, c. 404, §12 (NEW).]

B. Order that the owner or keeper of the dog, if that person has previously been adjudicated of having violated this section, may not own, possess or have on that person's premises any dogs for a period of time, which may be permanent; [PL 2017, c. 404, §12 (NEW).]

C. Order the owner or keeper of the dog, if the owner or keeper is allowed to keep the dog, to post dangerous dog signs, visible from all directions and provided by the department, around the entrance of the premises where the dog resides and to notify in writing any service provider that has a reasonable expectation to be on the property that the dog has been determined to be a dangerous dog. The owner or keeper is responsible for the cost of the signs; [PL 2017, c. 404, §12 (NEW).]

D. Order the dog confined in a secure enclosure. For the purposes of this paragraph, "secure enclosure" means a fence or structure of at least 6 feet in height forming or making an enclosure suitable to prevent the entry of young children and suitable to confine a dangerous dog in conjunction with other measures that may be taken by the owner or keeper. The secure enclosure must be locked, be designed with secure sides and be designed to prevent the animal from escaping from the enclosure. The enclosure may also be designed with a secure top and bottom if determined necessary by the court. The court shall specify the length of the period of confinement and may order permanent confinement; [PL 2017, c. 404, §12 (NEW).]

E. Order that the owner or keeper of a dog confined to a secure enclosure pursuant to paragraph D may not allow the dog outside of the secure enclosure unless:
   (1) It is necessary to obtain veterinary care for the dog or to comply with orders of the court; and
   (2) The dog is securely muzzled with a basket-style muzzle, restrained by a leash not more than 3 feet in length with a minimum tensile strength of 300 pounds and under the direct control of the dog owner or keeper; [PL 2017, c. 404, §12 (NEW).]

F. Order the dog to be securely muzzled with a basket-style muzzle, restrained by a leash not more than 3 feet in length with a minimum tensile strength of 300 pounds and under the direct control of the dog owner or keeper whenever the dog is off the owner's or keeper's premises; [PL 2017, c. 404, §12 (NEW).]

H. Order the dog to be microchipped within 60 days of the court order; [PL 2017, c. 404, §12 (NEW).]

I. Order the owner or keeper of the dog to obtain a minimum of $100,000 in liability insurance for the life of the dog; [PL 2017, c. 404, §12 (NEW).]

J. Order the owner or keeper of the dog to have the dog evaluated by a certified canine behaviorist or certified dog trainer and to attend dog training classes; and [PL 2017, c. 404, §12 (NEW).]

K. Order the owner or keeper of the dog to immediately notify the sheriff, a local law enforcement officer or an animal control officer if the dog escapes. [PL 2017, c. 404, §12 (NEW).]

The court may order restitution in accordance with Title 17-A, chapter 69 for any damages inflicted upon a person or a person's property by a dog determined to be a dangerous dog under this subsection. [PL 2019, c. 113, Pt. C, §2 (AMD).]

3. Nuisance dog finding. If, upon hearing, the court finds that a dog is a nuisance dog, the court shall impose a fine and may impose any of the penalties set forth in subsection 2, paragraphs F to K. A dog may be determined by a court to be a nuisance dog only once. After 2 years from the date of the court order finding that the dog is a nuisance dog, the owner or keeper may petition the court to amend or reduce any of the restrictions placed on the dog. The court may amend or reduce the restrictions placed on the dog if the owner or keeper demonstrates to the satisfaction of the court that the owner or keeper has complied with the court order and the dog no longer poses a risk as a nuisance dog. [PL 2017, c. 404, §12 (NEW).]

4. Identification and confinement of other dogs. In addition to orders imposed pursuant to subsections 2 and 3, the court may order that the owner or keeper of a dangerous dog or a nuisance dog:

   A. Provide the animal control officer in the municipality where the dangerous dog or nuisance dog is kept with photographs and descriptions of other dogs kept by that owner or keeper including the sex, breed, age, identifying markings and microchip numbers of each dog; and [PL 2017, c. 404, §12 (NEW).]

   B. Confine any other dogs kept on the owner's or keeper's premises as provided in subsection 2, paragraphs D and E. [PL 2017, c. 404, §12 (NEW).]

5. Failure to abide by court order. If the owner or keeper of a dog willfully fails to comply with any provision of a court order imposed pursuant to subsection 2, 3 or 4, the court shall find the owner or keeper in contempt.

If the court order imposed pursuant to subsection 2, paragraph A is not complied with within the time set by the court, the court may, upon application by the complainant under subsection 1 or other person, issue a warrant to the sheriff or any of the sheriff's deputies or to a local law enforcement officer or constable in the municipality where the dog is found, commanding the officer to have the dog humanely euthanized and make a return of the warrant to the court within 14 days from the date of the warrant.

The owner or keeper must be ordered to pay all costs of supplementary proceedings and all reasonable costs for seizure and euthanasia of the dog. [PL 2017, c. 404, §12 (NEW).]

6. Dogs presenting immediate or continuing threat to public. After issuing a summons pursuant to subsection 1 and before hearing, if the dog poses an immediate or continuing threat to the public, a sheriff, local law enforcement officer or animal control officer shall give a written order requiring the owner or keeper of the dog to muzzle with a basket-style muzzle, restrain or confine the dog to the owner's or keeper's premises or to have the dog confined at the owner's or keeper's expense at a place determined by the sheriff, local law enforcement officer or animal control officer. If an owner or keeper of a dog fails to comply with the written order, the sheriff, local law enforcement officer or animal control officer may take and keep possession of the dog.
control officer may apply to the District Court, the Superior Court or a justice of the peace for an ex parte order for authorization to take possession of the dog that poses an immediate or continuing threat to the public and turn the dog over to the applicant or other suitable person.

A dog owner or keeper who fails to abide by the written order commits a civil violation for which a fine of not less than $50 and not more than $200 may be adjudged for each day of noncompliance. [PL 2017, c. 404, §12 (NEW).]

7. Ex parte. An order may be entered ex parte upon findings by the court or justice of the peace when:

A. The dog has inflicted serious bodily injury; or [PL 2017, c. 404, §12 (NEW).]

B. There is a reasonable likelihood that the dog is dangerous or vicious and:
   (1) Its owner has failed to muzzle, restrain or confine the dog; and
   (2) That failure poses an immediate threat of harm to the public. [PL 2017, c. 404, §12 (NEW).]

8. Modify order. An order under subsection 7 may be modified by the court.

A. Upon 2 days' notice or a shorter period the court may prescribe, the owner or keeper whose dog has been possessed pursuant to an ex parte order may appear in the District Court or the Superior Court and move for the dissolution or modification of the ex parte order. [PL 2017, c. 404, §12 (NEW).]

B. The court shall hear and determine the motion, and the hearing may be advanced on the docket and receive priority over other cases when the court determines that the interests of justice so require. [PL 2017, c. 404, §12 (NEW).]

C. The owner or keeper shall submit an affidavit setting forth specific facts to substantiate the modification or dissolution of the order. The applicant has the burden of presenting evidence to substantiate the original findings. [PL 2017, c. 404, §12 (NEW).]

9. Lien. Any person taking possession of a dog as provided in this section has a lien on that dog in accordance with Title 17, section 1021, subsection 6. [PL 2017, c. 404, §12 (NEW).]

10. Treble damages. If a dog whose owner or keeper refuses or neglects to comply with an order under this section wounds any person by a sudden assault or wounds or kills any domesticated animal, the owner or keeper shall pay the person injured treble damages and costs to be recovered by a civil action. [PL 2017, c. 404, §12 (NEW).]

11. Class D crime. If the owner or keeper of a dog refuses or neglects to comply with an order issued under subsection 2, 3, 4 or 7, the owner or keeper commits a Class D crime. The court, as part of the judgment, may prohibit a person convicted under this subsection from owning or possessing a dog or having a dog on that person's premises for a period of time. The prohibition may be permanent. [PL 2017, c. 404, §12 (NEW).]

12. Duty of owner or keeper to notify. The owner or keeper of a dog determined by a court of competent jurisdiction to be a dangerous dog or a nuisance dog shall notify the municipality in which the dog resides in writing and within 30 days if ownership of the dog is transferred, the residence of the dog is changed or the dog is deceased. RESEARCH INSTITUTIONS

§3991. Regulation of research institutions

(REPEALED)

SECTION HISTORY

§3991-A. Regulation of research institutions

1. License necessary. A research or teaching institution of higher education may not employ live animals in scientific investigation, experiment or instruction or for the testing of drugs or medicines without first having been issued a license under this section by the commissioner. [PL 2003, c. 452, Pt. B, §23 (NEW); PL 2003, c. 452, Pt. X, §2 (AFF).]

2. Application. A research or teaching institution desiring to obtain a license shall make application to the commissioner. On receipt of the application, the commissioner shall investigate as necessary to determine whether the public interest will be served by the issuance of the license. The commissioner may issue the license as long as the research or teaching institution, by reason of its standards, facilities, practices or activities, is a fit and proper institution to receive the license and that its issuance is in the public interest. The standards for licensure are those contained in United States Code, Title 7, Section 2143 and any federal regulations issued pursuant to that law. This chapter may not be construed to be more restrictive than federal law. In the case of conflict between state law and federal law or a mandatory rule, regulation or order of the Federal Government or its agencies, the federal law, rule, regulation or order governs. [PL 2003, c. 452, Pt. B, §23 (NEW); PL 2003, c. 452, Pt. X, §2 (AFF).]
3. Fees; license renewal. Before issuance of a license, each research or teaching institution licensed under this chapter shall pay to the commissioner a license fee of $200. A license expires on June 30th next following the date of issue. The commissioner shall annually renew each license upon the application of the licensee, unless, after notice and hearing as provided in this chapter, the commissioner finds that, by reason of the standards, facilities, practices or activities of the licensee, the renewal is not in the public interest. The commissioner, after notice and hearing as provided in this chapter, may modify, fail to renew, suspend or revoke any license if the commissioner finds that, by reason of the standards, facilities, practices or activities of the licensee, the continuation of the license is not in the public interest.

4. Noncompliance. If, in the opinion of the commissioner, there is or may be noncompliance with or a violation of this chapter or of a rule adopted by the commissioner that is of sufficient gravity to warrant further action, the commissioner may request an informal conference with the licensee. The commissioner shall provide the licensee with adequate notice of the conference and the issues to be discussed.

If the commissioner finds that the factual basis of the alleged noncompliance with or violation of this chapter is true and may warrant further action, the commissioner:

A. With the consent of the licensee, may enter into a consent agreement that fixes the period and terms of probation best adapted to protect the health and welfare of animals and to rehabilitate or educate the licensee; [PL 2003, c. 452, Pt. B, §23 (NEW); PL 2003, c. 452, Pt. X, §2 (AFF).]

B. In consideration for acceptance of a voluntary surrender of the license, may negotiate stipulations, in a consent decree to be signed by the commissioner, the licensee and the Office of the Attorney General, that ensure protection of the health and welfare of animals and that serve to rehabilitate or educate the licensee; [PL 2003, c. 452, Pt. B, §23 (NEW); PL 2003, c. 452, Pt. X, §2 (AFF).]

C. If the commissioner concludes that modification or nonrenewal of the license may be in order, shall hold an adjudicatory hearing in accordance with Title 5, chapter 375, subchapter 4; or [PL 2003, c. 452, Pt. B, §23 (NEW); PL 2003, c. 452, Pt. X, §2 (AFF).]

D. If the commissioner concludes that suspension or revocation of the license is in order, shall file a complaint in the District Court in accordance with Title 4, chapter 5. [PL 2003, c. 452, Pt. B, §23 (NEW); PL 2003, c. 452, Pt. X, §2 (AFF).]

5. Grounds for discipline. Grounds for an action to modify, suspend, revoke or refuse to renew the license of a person licensed under this chapter are:

A. The practice of fraud or deceit in obtaining a license under this chapter or in connection with service rendered within the scope of the license issued; [PL 2003, c. 452, Pt. B, §23 (NEW); PL 2003, c. 452, Pt. X, §2 (AFF).]

B. A violation of this chapter or a rule adopted by the commissioner; and [PL 2003, c. 452, Pt. B, §23 (NEW); PL 2003, c. 452, Pt. X, §2 (AFF).]

C. Conviction of a crime involving cruelty to animals. [PL 2003, c. 452, Pt. B, §23 (NEW); PL 2003, c. 452, Pt. X, §2 (AFF).]

6. Violation; penalty. A person may not knowingly violate this chapter or the rules issued pursuant to this chapter. The following penalties apply.
A. A person who violates this subsection commits a civil violation for which a fine of not more than $100 may be adjudged. [PL 2003, c. 452, Pt. B, §23 (NEW); PL 2003, c. 452, Pt. X, §2 (AFF).]

B. A person who violates this subsection after having previously violated this subsection commits a civil violation for which a fine of not more than $250 may be adjudged. [PL 2003, c. 452, Pt. B, §23 (NEW); PL 2003, c. 452, Pt. X, §2 (AFF).]

7. Rules. The commissioner may adopt rules that are necessary to carry out the purposes of this chapter.

8. Inspection. In connection with the granting, continuance or renewal of a license and in connection with an investigation of alleged cruelty or alleged violation of this chapter or the rules issued pursuant to this chapter, the commissioner, at least annually, may visit and inspect the research and teaching institutions or animal research and care facilities of any licensee or of any research or teaching institution that has applied for a license.

SECTION HISTORY

§4012. Cruelty to birds

2. Construction. This section may not be construed to prohibit the shooting of wild game in its wild state or the shooting of birds at field trials under the supervision of the Department of Inland Fisheries and Wildlife in accordance with Title 12, chapter 915, subchapter 13. [PL 2003, c. 414, Pt. B, §16 (AMD); PL 2003, c. 614, §9 (AFF).]

3. Affirmative defense. It is an affirmative defense to this section that the conduct involved the use of live animals in the training of other animals in accordance with the laws of the Department of Inland Fisheries and Wildlife, Title 12, Part 13. [PL 2003, c. 414, Pt. B, §16 (AMD); PL 2003, c. 614, §9 (AFF).]
§4013. Necessary sustenance

No person owning or responsible for confining or impounding any animal may fail to supply the animal with a sufficient supply of food and water as prescribed in this section. [PL 1987, c. 383, §3 (NEW)].

1. Food. The food shall be of sufficient quantity and quality to maintain all animals in good health. [PL 1987, c. 383, §3 (NEW)].

2. Water. If potable water is not accessible to the animal at all times, it must be provided daily and in sufficient quantity for the health of the animal. Snow or ice is not an adequate water source. [PL 2003, c. 405, §23 (AMD)].

§4014. Necessary medical attention

No person owning or responsible for confining or impounding any animal may fail to supply the animal with necessary medical attention when the animal is or has been suffering from illness, injury, disease, excessive parasitism or malformed or overgrown hoof. [PL 1987, c. 383, §3 (NEW)].

§4015. Proper shelter, protection from the weather and humanely clean conditions

No person owning or responsible for confining or impounding any animal may fail to provide the animal with proper shelter, protection from the weather and humanely clean conditions as prescribed in this section. [PL 1997, c. 456, §7 (AMD)].

1. Indoor standards. Minimum indoor standards of shelter shall be as follows.

A. The ambient temperature shall be compatible with the health of the animal. [PL 1987, c. 383, §3 (NEW)].

B. Indoor housing facilities shall be adequately ventilated by natural or mechanical means to provide for the health of the animal at all times. [PL 1987, c. 383, §3 (NEW)].

2. Outdoor standards. Minimum outdoor standards of shelter are as follows.

A. When sunlight is likely to cause heat exhaustion of an animal tied or caged outside, sufficient shade by natural or artificial means must be provided to protect the animal from direct sunlight. As used in this paragraph, "caged" does not include farm fencing used to confine livestock. [PL 2007, c. 439, §27 (AMD)].

B. Except as provided in subsections 5, 5-A and 6, shelter from inclement weather must be as follows.

(1) An artificial shelter, with a minimum of 3 sides and a waterproof roof, appropriate to the local climatic conditions and for the species and breed of the animal must be provided as necessary for the health of the animal.

(2) If a dog is tied or confined unattended outdoors under weather conditions that adversely affect the health of the dog, a shelter must be provided in accordance with subsection 6,
paragraph A to accommodate the dog and protect it from the weather and, in particular, from severe cold. Inadequate shelter may be indicated by the shivering of the dog due to cold weather for a continuous period of 10 minutes or by symptoms of frostbite or hypothermia. A metal barrel is not adequate shelter for a dog. [PL 2011, c. 76, §1 (AMD).]

C. [PL 2007, c. 702, §16 (RP).]
[PL 2011, c. 76, §1 (AMD).]

3. Space standards. Minimum space requirements for both indoor and outdoor enclosures shall include the following.

[PL 1987, c. 383, §3 (NEW).]

5. Livestock. Livestock must be provided with shelter suitable for the health of the animal. Except as provided in subsection 5-A, livestock must have access to a constructed or natural shelter that is large enough to accommodate all livestock comfortably at one time. The shelter should be well drained and protect the livestock from direct sun, rain, wind and other inclement weather. Notwithstanding this subsection, shelter for equines must be provided in accordance with subsection 2, paragraph B, subparagraph (1). For purposes of this subsection, "livestock" includes large game as defined in section 1341, subsection 5 kept at a licensed commercial large game shooting area as defined in section 1341, subsection 1.

[PL 2011, c. 76, §2 (AMD).]

5-A. Livestock maintained under a rotational grazing system. Notwithstanding subsection 5, a person is not required to provide shelter for livestock while the animals are maintained under a rotational grazing system as long as the animals do not have injuries or infirmities that prevent them from accessing food and water and are in good body condition. For the purposes of this subsection, "rotational grazing system" means the practice of dividing up available pasture into multiple smaller areas during grazing season when pasture is available to meet the dietary requirements of the animals and subsequently moving the animals from one area to another after a number of days or weeks as determined by forage production and quality.

[PL 2011, c. 76, §3 (NEW).]

6. Dogs confined by tethering for long time periods. In addition to the requirements of subsection 2, paragraph B, subparagraph (2), when tethering is the primary means of confinement for a dog, the standards for shelter and tethering are as follows:

A. A shelter must be provided that is fully enclosed except for a portal. The portal must be of a sufficient size to allow the dog unimpeded passage into and out of the structure. For dogs other than arctic breeds, the portal must be constructed with a baffle or other means of keeping wind and precipitation out of the interior. The shelter must be constructed of materials with a thermal resistance factor of 0.9 or greater and must contain clean bedding material sufficient to retain the dog's normal body heat; and [PL 2007, c. 439, §28 (AMD).]

B. The chain or tether must be attached to both the dog and the anchor using swivels or similar devices that prevent the chain or tether from becoming entangled or twisted. The chain or tether
must be attached to a well-fitted collar or harness on the dog. For dogs other than dogs kept as sled
dogs or dogs used in competition, the chain or tether must be at least 5 times the length of the dog
measured from the tip of its nose to the base of its tail. For dogs kept as sled dogs or dogs used in
competition, the chain or tether must be:

(1) At least 2.5 times the length of the dog measured from the tip of its nose to the base of its
tail if the anchor is stationary; or

(2) At least 1.5 times the length of the dog measured from the tip of its nose to the base of its
tail if the anchor is a pivot point allowing a 360° area of movement. [PL 2009, c. 343, §23
(AMD).]

For the purposes of this subsection, "primary means of confinement" means the method used to confine
a dog for periods of time that exceed 12 hours in a 24-hour period. For the purposes of this subsection,
"arctic breeds" means Siberian Huskies, Alaskan Huskies, Alaskan Malamutes and other dogs with a
double-layered coat and bred to live in an arctic climate and "dogs kept as sled dogs or dogs used in
competition" means dogs regularly and consistently used in training or participation in competitive or
recreational sled dog activities or other competition canine events. [PL 2009, c. 343, §23 (AMD).]

SECTION HISTORY

§4016. Violation

to pay the costs of the care, housing and veterinary medical treatment for the animal. [PL 2001,
c. 425, §4 (NEW).]

C. The court, as part of the judgment, may prohibit a person adjudicated as having violated the
laws against cruelty to animals from owning, possessing or having on the defendant's premises an
animal for a period of time up to and including permanent relinquishment. [PL 2001, c. 425, §4
(NEW).]

D. The court, as part of the judgment, may order that the defendant submit to and complete a
psychological evaluation for in camera review by the court. [PL 2001, c. 425, §4 (NEW).]

1-A. Separate advocate. In any proceeding brought under this section, the court may order, upon
its own initiative or upon request of a party or counsel for a party, that a separate advocate be appointed
to represent the interests of justice. A decision of the court denying a request to appoint a separate
advocate to represent the interests of justice is not subject to appeal. An advocate appointed under this
subsection must be appointed from a list provided to the court by the Maine State Bar Association
pursuant to paragraph B.

A. The advocate may:

(1) Monitor the proceeding;
(2) Consult any individual with information that could aid the judge or fact finder and review records relating to the condition of the animal and the defendant's actions, including, but not limited to, records from animal control officers, veterinarians and law enforcement officers;

(3) Attend hearings; and

(4) Present information or recommendations to the court pertinent to determinations that relate to the interests of justice, as long as the information and recommendations are based solely on the duties undertaken pursuant to this subsection. [PL 2019, c. 547, §1 (NEW).]

B. The Maine State Bar Association shall maintain a list of attorneys with knowledge of animal issues and the legal system and a list of law schools that have students with an interest in animal issues and the legal system. Attorneys and law students serve on a voluntary basis as advocates under this subsection. [PL 2019, c. 547, §1 (NEW).]

2. Criminal or civil prosecution. A person may be arrested or detained for the crime of cruelty to animals under Title 17, chapter 42, subchapter III in accordance with the rules of criminal procedure. A person may not be arrested or detained for the civil violation of cruelty to animals. The attorney for the State may elect to charge a defendant with either the crime of cruelty to animals under Title 17, chapter 42, subchapter III or the civil violation of cruelty to animals under this chapter. In making this election, the attorney for the State shall consider the severity of the cruelty displayed, the number of animals involved, any prior convictions or adjudications of animal cruelty entered against the defendant and such other factors as may be relevant to a determination of whether criminal or civil sanctions will best accomplish the goals of the animal welfare laws in the particular case before the attorney for the State. The election and determination required by this subsection are not subject to judicial review. The factors involved in the election and determination are not elements of the criminal offense or civil violation of animal cruelty and are not subject to proof or disproof as prerequisites or conditions for conviction under Title 17, chapter 42, subchapter III or adjudication under this chapter. [PL 2001, c. 425, §4 (NEW).]

3. Affirmative defenses. It is an affirmative defense to alleged violations of this chapter that the animal was kept as part of an agricultural operation and in compliance with best management practices for animal husbandry as determined by the department. [PL 2007, c. 702, §17 (NEW).]

CHAPTER 741

ANIMAL TRESPASS

§4041. Animal trespass

1. Definitions.

1-A. Trespass. An owner or keeper of an animal may not allow that animal to enter onto or remain on the property of another or unattended on any local, county or state road or highway after the owner or keeper has been informed by a law enforcement officer, authorized employee of the department or animal control officer that that animal was found on that property or on that local, county or state road or highway.

2. Removal. The owner or keeper of an animal is responsible, at the owner's or keeper's expense, for removing any animal found trespassing. An animal control officer, authorized employee of the department or law enforcement officer may, at the owner's or keeper's expense, remove and control an animal found trespassing if:

   A. The owner or keeper fails to remove the animal after having been notified by an animal control officer, authorized employee of the department or law enforcement officer that the animal was trespassing; or

   B. The animal is an immediate danger to itself, persons or another's property.

3. Civil violation. A person commits a civil violation if an animal owned or kept by that person is found trespassing and:

   A. That person fails to remove the animal within 12 hours, or immediately if public safety or private or public property is threatened, after having been personally notified by an animal control officer, authorized employee of the department or law enforcement officer that the animal was trespassing; or

   B. That person owns an animal or animals that have been found trespassing on 5 or more days within a 30-day period or 3 or more days within a 7-day period.

[PL 2013, c. 348, §1 (RPR).]

4-A. Restitution; court costs and fees. In addition to fines, the court may as part of the sentencing include an order of restitution for costs incurred in removing and controlling the animal. When appropriate, the court may order restitution to the property owner based on damage done and financial loss. Any restitution ordered and paid must be deducted from the amount of any judgment awarded in a civil action brought by the property owner against the owner or keeper of the animal based on the same facts. When an owner or keeper violates this section 3 or more times within a 90-day period, the court shall order restitution of all costs incurred by the department in responding to a violation of this section or assisting an animal control officer or law enforcement officer responding to a violation of this section. Upon application of the department, municipality or law enforcement agency enforcing this section, the owner or keeper of the animal must also pay reasonable court costs and attorney's fees of the department, municipality or law enforcement agency if the department, municipality or law enforcement agency is the prevailing party in any court proceeding.

[PL 2013, c. 348, §2 (NEW).]

4-B. Forfeiture. If the department, a municipality or a law enforcement agency determines that a repeated violation of this section by an owner or keeper of an animal jeopardizes the public health, welfare or safety of the community, the department, municipality or law enforcement agency may bring a forfeiture action in the county in which the violations occurred under Title 14, section 506. In an action brought under this subsection, the burden of proof is on the department, municipality or law enforcement agency. If a court determines that a repeated violation of this section jeopardizes the public health, welfare or safety of the community, the court may order any animal that is the subject of the violation sold in a commercially reasonable manner and apply the proceeds to any fine, fee, restitution or cost owed by the owner or keeper under this section with any remaining balance returned to the owner or keeper of the animal.

[PL 2013, c. 348, §2 (NEW).]

5. Exemption. A person is not liable under this section if, at the time of the alleged trespass, that person was licensed or privileged to allow the animal to be on the property.

(REPEALED)

SECTION HISTORY

§4103-A. Liability for equine activities

1. Liability. Except as provided in subsection 2, an equine activity sponsor, an equine professional or any other person engaged in an equine activity is not liable for any property damage or damages arising from the personal injury or death of a participant or spectator resulting from the inherent risks of equine activities. Except as provided in subsection 2, a person may not make any claim or recover from any person for any property damage or damages for personal injury or death resulting from the inherent risks of equine activities. Each participant and spectator in an equine activity expressly
assumes the risk and legal responsibility for any property damage or damages arising from personal injury or death that results from the inherent risk of equine activities. Each participant has the sole responsibility for knowing the range of that person's ability to manage, care for and control a particular equine or perform a particular equine activity. It is the duty of each participant to act within the limits of the participant's own ability, to maintain reasonable control of the particular equine at all times while participating in an equine activity, to heed all warnings and to refrain from acting in a manner that may cause or contribute to the injury of any person or damage to property. [PL 1999, c. 498, §5 (NEW).]

2. Exceptions; participants. Nothing in subsection 1 prevents or limits the liability of an equine activity sponsor, an equine professional or any other person engaged in an equine activity, if the equine activity sponsor, equine professional or person:

A. Provided the equipment or tack, and knew or should have known that the equipment or tack was faulty, and the equipment or tack was faulty to the extent that it did cause the injury; [PL 1999, c. 498, §5 (NEW).]

C. Commits an act or omission that constitutes reckless disregard for the safety of others and that act or omission caused the injury. For the purposes of this section, "reckless" has the same meaning as "recklessly," defined in Title 17-A, section 35, subsection 3, paragraph A; or [PL 1999, c. 498, §5 (NEW).]

D. Intentionally injures the participant. [PL 1999, c. 498, §5 (NEW).]

3. Assumption of risk. In a personal injury action against an equine professional, a defense or immunity described in subsection 1 may be asserted only if the person injured in the course of an equine activity:

A. Had actual knowledge of the inherent risks of equine activities; [PL 1999, c. 498, §5 (NEW).]

B. Had professed to have sufficient knowledge or experience to be on notice of the inherent risks; or [PL 1999, c. 498, §5 (NEW).]

C. Had been notified of the inherent risks and the limitations of liability. [PL 1999, c. 498, §5 (NEW).]

For the purposes of this subsection, notice of the inherent risks of equine activity may be satisfied either by a statement signed by the person injured or by a sign or signs prominently displayed at the place where the equine activity was initiated. The statement or sign must contain at least the following information.

"WARNING

Under Maine law, an equine professional has limited liability for an injury or death resulting from the inherent risks of equine activities."

The message on a sign must be in black letters at least one inch in height and the sign or signs must be placed in a clearly visible location on or near stables, corrals or arenas where the equine professional conducts equine activities. [PL 1999, c. 498, §5 (NEW).]
4. Exceptions; persons who are not participants. Nothing in subsection 1 prevents or limits the liability of an equine activity sponsor, an equine professional or any other person engaged in an equine activity, if that equine activity:

A. Causes injury or death to a person who is not a participant and who is in a place where a reasonable person would not expect an equine activity to occur; or [PL 1999, c. 498, §5 (NEW)].

B. Causes injury or death to a spectator and that spectator was in a place designated or intended by an activity sponsor as a place for spectators. [PL 1999, c. 498, §5 (NEW)].

C. A seller who represents an animal as eligible for registration with an animal pedigree organization shall provide the retail purchaser with a notice stating that pedigree registration does not assure health or quality of an animal; and [PL 2007, c. 702, §23 (AMD).]

D. The seller shall indicate whether or not, to the seller's knowledge, the animal or its sire or dam is registered with, and whether the animal is certified by any organization that maintains a registry pertaining to congenital or hereditary problems and explain the meaning of these terms. 1. Animal with disease, illness or condition. Notwithstanding section 4152, a seller may not sell an animal that has any obvious clinical sign of infectious, contagious, parasitic or communicable disease or abnormality or has any disease, illness or condition that requires hospitalization or nonelective surgical procedures. [PL 2019, c. 544, §7 (NEW).]

2. Wolf hybrid. A seller may not sell a wolf hybrid. [PL 2019, c. 544, §7 (NEW).]
3. **Pet shop.** Except as provided in this subsection, a pet shop as defined in section 3907, subsection 23 may not offer an animal for sale.

   A. A pet shop may provide space to an animal rescue entity to offer to the public animals for adoption for an adoption fee, as long as the pet shop does not have any ownership interest in the animals offered for adoption and does not receive any fee for providing space or for the adoption of any of the animals. [PL 2019, c. 544, §7 (NEW).]

   B. A pet shop that lawfully offered animals for sale on the effective date of this paragraph may continue to offer animals for sale as long as the pet shop:

      1. Maintains a valid license under section 3933;
      2. Remains in the same ownership as existed on May 1, 2019; and
      3. Keeps for sale or offers for sale in any calendar year no greater a number of animals than were kept for sale or offered for sale by the pet shop in calendar year 2018.

   In order to qualify for the exception allowed under this paragraph, a pet shop must provide to the department, in a form and manner prescribed by the department, documentation of the ownership of the pet shop on May 1, 2019 as well as the number of animals offered for sale in 2018 and annually thereafter. For purposes of this paragraph, "remains in the same ownership" means a static state of ownership in which no ownership interest changes after May 1, 2019, except, in the case of a pet shop that on May 1, 2019 was owned by a family, a transfer of an ownership interest to the spouse, domestic partner or one or more children of the oldest member of the family holding an ownership interest on May 1, 2019. For purposes of this paragraph, "family" means one person or a group of people whose relationship to the oldest person in the group is either spouse, domestic partner or child. In order to maintain a valid license, the pet shop must provide to the department, in a form and manner prescribed by the department, documentation of any transfer of ownership under this paragraph. If there is ambiguity as to whether a pet shop remains in the same ownership, the pet shop does not satisfy the requirements of subparagraph (2). [PL 2019, c. 544, §7 (NEW).]

   4. **Penalties.** A person who violates subsection 3 commits a civil violation for which a fine of $500 may be adjudged and is subject to the suspension or revocation of the person's pet shop license pursuant to section 4162, subsection 2. Each offer for sale of an animal in violation of subsection 3 constitutes a separate violation.

[PL 1999, c. 530, §4 (NEW).]

8. **Variances.** For farms with compliance dates established in subsection 4, the commissioner may grant a variance from the date by which a nutrient management plan must be prepared and certified when the commissioner finds that technical assistance or resources are not available to complete and certify the plan by January 1, 2001. The commissioner may grant a variance from the implementation date in subsection 4, 5 or 6 when the commissioner finds that implementation of the plan would cause undue hardship. A person requesting a variance shall submit a request in writing to the commissioner at least 90 days prior to the applicable implementation date. The commissioner shall establish by rule criteria and a process for granting a variance. Factors considered must include protection of groundwater and surface water, cost of implementing the plan, availability of financial assistance to implement the plan and availability of technical assistance or resources to complete and certify the plan. Rules adopted pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter II-A.
