The assessment is a percentage of the revenue each fund receives under section 1036. An assessment may be made on a monthly basis. The commission shall certify the amounts to be assessed on each of the assessed funds to the Treasurer of State, who shall transfer those amounts to the operating account. [PL 2007, c. 539, Pt. This section applies to information or records included in an application or materials required by the commission for issuance of a commercial track license, including records obtained or developed by the commission related to an applicant or licensee. [PL 2007, c. 483, §1 (NEW).]

SECTION HISTORY

PL 2007, c. 483, §1 (NEW).

§271. Issuance of licenses for the conduct of racing

1. Licensing. If the commission is satisfied that all of this chapter and rules prescribed by the commission have been substantially complied with during the past year and will be fully complied with during the coming year by the person, association or corporation applying for a license; that the applicant, its members, directors, officers, shareholders, employees, creditors and associates are of good moral character; that the applicant is financially responsible; and that the award of race dates to the applicant is appropriate under the criteria contained in subsection 2, it may issue a license for the holding of harness horse races or meets for public exhibition with pari-mutuel pools, which must expire on December 31st. The fee for a license is $100 or $10 per week, whichever is higher. The commission shall make available harness racing laws and rules and relevant portions of the Maine Administrative Procedure Act to every initial licensee. The license must set forth the name of the licensee, the place where the races or race meets are to be held and the specific race dates and time of day or night during which racing may be conducted by the licensee. If the commission determines that the location where a commercial track is licensed to conduct races is unavailable, it may permit a licensee to transfer its license to another location. The substitute location and the races conducted there by the licensee must be conducted in accordance with this chapter. A license issued pursuant to this subsection is not transferable or assignable. The District Court Judge, as designated in Title 4, chapter 5, may revoke any license issued at any time for violation of the commission's rules or licensing provisions upon notice and hearing. The license is automatically revoked, subject to Title 5, chapter 375, upon a change in ownership, legal or equitable, of 50% or more of the voting stock of the licensee; the licensee may not hold a harness horse race or meet for public exhibition without a new license. [PL 2017, c. 475, Pt. A, §9 (AMD).]

2. Minimum number of race days; criteria for date awards. The commission shall determine the number of race days that should be awarded to licensed applicants pursuant to this section based on the criteria set forth herein. The commission may award fewer than the minimum race days set forth in section 275-A, subsection 1 to commercial tracks with the express written approval of the track, and with the express written approval of an association of horsemen as defined in section 272-B, if credible evidence is presented that demonstrates that fewer race days is in the best interest of Maine's harness racing industry. The award of fewer race days than set forth in section 275-A, subsection 1 may not affect the status of those tracks as commercial tracks pursuant to section 299. In assigning race dates to licensees, the commission shall consider the following factors:

A. The revenues to be generated, consistent with the profitability and financial health of the licensee, for the operating account pursuant to section 287; the purse supplements pursuant to section 286; the Sire Stakes Fund pursuant to section 281; and the Stipend Fund pursuant to Title 7, section 86; [PL 2007, c. 539, Pt. G, §7 (AMD); PL 2007, c. 539, Pt. G, §15 (AFF).]
B. The quality of race programming and facilities offered and to be offered by the licensee and the
suitability of the applicant's racing facilities for operation at the season for which the race dates are
requested; [PL 1995, c. 408, §2 (AMD).]

C. The necessity of having and maintaining proper physical facilities for racing meetings; and
consequently, to ensure the continuance of the facilities, the quality of the licensee's maintenance
of its track and plant, the adequacy of its provisions for rehabilitation and capital improvements
and the necessity of fair treatment of the economic interests and investments of those who, in good
faith, have provided and maintained racing facilities; [PL 2017, c. 231, §9 (AMD).]

D. The desirability of reasonable consistency in the pattern of race date assignments from year to
year; [PL 1995, c. 408, §2 (AMD).]

E. With respect to agricultural societies seeking licenses to conduct harness racing meets at the
time of their annual fairs, the scheduling of agricultural fairs determined by the Commissioner of
Agriculture, Conservation and Forestry pursuant to Title 7, sections 83 and 84; [PL 2005, c. 563,
§5 (AMD); PL 2011, c. 657, Pt. W, §6 (REV).]

F. The preservation of a diversity of harness racing tracks in the State; [PL 1985, c. 444, §2
(NEW).]

G. The quality of the licensee's observance and enforcement of this chapter and the rules adopted
pursuant to this chapter during the past year; [PL 2017, c. 231, §9 (AMD).]

H. The extent to which the licensee fully utilized race dates granted to it for the past year; [PL
1995, c. 408, §2 (AMD).]

I. The personnel and resources available to the commission for the enforcement of this chapter and
the rules adopted pursuant to this chapter; [PL 2017, c. 231, §9 (AMD).]

J. The likely availability of race-worthy horses throughout the year with a goal of promoting full
cards and avoiding 5-horse fields; and [PL 2017, c. 231, §9 (AMD).]

K. Such other criteria consistent with the betterment of harness racing and the public health, safety
and welfare as the commission may establish by rule. [PL 1985, c. 444, §2 (NEW).]

If the executive director or the commission determines that any of the criteria listed in this subsection
have not been met by the licensee, the executive director shall submit a notice of the deficiency in
meeting any criteria to the licensee, regardless of whether the deficiency resulted in the denial of the
application for or the refusal to award race dates. The director shall also submit a copy of the notice in
the same manner and at the same time to the joint standing committee of the Legislature having
jurisdiction over agriculture matters. [PL 2017, c. 231, §9 (AMD).]

3. Overlapping race dates. The commission may not award overlapping race dates for extended
meets to licensees within 50 miles of each other without the approval of 60% or more of the entire
commission. [PL 1991, c. 579, §10 (AMD).]

5. Minimum number of race dates. The commission may assign a commercial licensee a
minimum number of race dates for a period of up to 3 years. The specific calendar dates for the
minimum number of race dates and any additional race dates are determined each year in accordance
with subsection 1. For the purposes of this subsection, "commercial licensee" means a licensee with
an annual total of at least 25 race dates with pari-mutuel wagering in the previous calendar year.
[PL 2017, c. 231, §10 (AMD).]
6. Conditions. The commission may impose conditions on a license if one or more of the criteria established in this section are not met at the time the license is issued, but may be brought into compliance within a time period during the licensing year.

[PL 1997, c. 406, §1 (NEW).]

7. Hearing on horse supply. Prior to August 31st of each year, the commission shall conduct a hearing to determine whether the horse supply in the State has been adequate for the number of dashes conducted on assigned race dates. If the commission concludes that the horse supply has been inadequate, the commission shall limit to the extent necessary the number of dashes that a licensee may race on any date after August 1st of that year that has been assigned to more than one track. The commission may not restrict the number of dashes to fewer than 8.

[PL 2017, c. 231, §11 (AMD).]

8. Term of license and race date assignment. Notwithstanding any provision of this chapter to the contrary, each license to conduct live racing or to engage in simulcast wagering, including by operating an off-track betting facility as defined in section 275-A and all awards of race dates issued or made by the commission, beginning with licenses issued and race dates awarded for 1998, may be for a 2-year period.

[PL 2001, c. 320, §1 (AMD).]

9. Previous year’s dates.

[PL 2017, c. 231, §12 (RP).]

§272. Bonds

Every person, association or corporation licensed under this chapter shall, before said license is issued, give bond or irrevocable letter of credit to the State in such reasonable sum, not exceeding $100,000, as may be fixed by the commission, with a surety or sureties to be approved by the commission, conditioned to faithfully make the payments prescribed by this chapter and to keep its books and records and make reports as provided, and to conduct its racing in conformity with this chapter and the rules and regulations prescribed by the commission. [PL 2003, c. 401, §7 (AMD).]

SECTION HISTORY

§272-B. Association funding

Notwithstanding any other provision of this chapter, up to 3% of funds designated to supplement purses may be paid to a statewide association of horsemen in accordance with this section. A statewide association of horsemen, referred to in this section as "the association," means an association of horsemen a majority of the membership of which is composed of owners, trainers and drivers or any combination of owners, trainers and drivers who are licensed by the commission and whose officers are authorized by the membership to negotiate with a person licensed to conduct racing under section 271 on behalf of the association’s membership. [PL 2013, c. 490, §1 (AMD).]

SECTION HISTORY

§272-C. Trust account

1. Establishment; deposits; rules. A licensee conducting live racing in the State shall establish a trust account for the benefit of the persons who race horses at that licensee's facility. Except as provided by subsection 3, funds distributed to or retained by the licensee pursuant to sections 287, 289, 290, 292 and 298 and Title 7, section 91, less any administrative assessments pursuant to section 267-A, that must be used to pay or supplement harness racing purses must be deposited in that account and used exclusively to pay harness racing purses. The funds in a trust account established in accordance with this subsection are not considered to be property of the licensee, may not be pledged as security for the debts of the licensee and are not subject to attachment or execution by creditors of the licensee. The commission may adopt rules governing the handling of trust accounts, providing for the reallocation of trust account funds to other licensed commercial tracks in the event that a track ceases operation or cancels a significant number of race days, as determined by the commission, and governing the handling of harness racing purses at any commercial track that does not have a contract with a statewide horsemen association. Rules adopted pursuant to this subsection are routine technical rules pursuant to Title 5, chapter 375, subchapter 2-A.

[PL 2017, c. 231, §13 (AMD).]

2. Payment if licensee fails to conduct racing. If a licensee ceases to operate and therefore fails to conduct racing during any of the assigned race dates in a calendar year, all funds not committed to pay purses held in the trust account established under this section by that licensee must be returned within 15 days to the commission, which shall return to the licensee any amount that represented a reimbursement that equaled an overpayment of harness racing purses. Any remaining balance of the trust account must be redistributed by the commission to the trust accounts of all racetracks that continue to conduct live racing in the State, with each track receiving that portion of money determined by multiplying the amount of money available for redistribution by a fraction, the numerator of which is the number of race dates at that racing facility during the prior calendar year and the denominator of which is the total number of race dates throughout the State during that year, except that those funds received by a licensee pursuant to section 298 must be returned to the fund to supplement harness racing purses established in section 298 and must be distributed according to that section.

[PL 2017, c. 231, §13 (AMD).]

3. Limited interim use of funds permitted.

[PL 2013, c. 490, §2 (NEW); MRSA T. 8 §272-C, sub-§3 (RP).]

§275-A. Definitions

As used in this chapter, unless the context otherwise indicates, the following terms have the following meanings. [PL 1997, c. 528, §13 (AMD).]

1. Commercial track. "Commercial track" means any harness horse racing track that is a for-profit business and is licensed under this chapter to conduct harness horse racing with pari-mutuel wagering that is not associated with an agricultural fair as defined in Title 7, section 81 and that:

   A. If the population of the region is 300,000 or more, based on the 1990 U.S. Census, conducted racing on more than 69 days in each of the previous 2 calendar years, except that if a racetrack that qualifies as a commercial track under this paragraph ceases operation, a separate racetrack operated by the owner or operator of the racetrack that ceased operation qualifies as a commercial track, and for all purposes is considered the same commercial track as the track that ceased operation, if the population of the region of that separate racetrack is 300,000 or more, based on the 1990 U.S. Census, and the sum of the number of days on which racing was conducted at the track that ceased operation and the number of days on which racing was conducted at the separate racetrack equals at least 70 days in each of the 2 preceding calendar years; [PL 2017, c. 231, §14 (AMD).]

   B. If the population of the region is less than 300,000, based on the 1990 U.S. Census, conducted racing on more than 34 days in each of the previous 2 calendar years, except that if a racetrack that qualifies as a commercial track under this paragraph ceases operation, a separate racetrack operated by the owner or operator of the racetrack that ceased operation qualifies as a commercial track, and for all purposes is considered the same commercial track as the track that ceased operation, if the population of the region of that separate racetrack is less than 300,000, based on the 1990 U.S.
Census, and the sum of the number of days on which racing was conducted at the track that ceased operation and the number of days on which racing was conducted at the separate racetrack equals at least 35 days in each of the 2 preceding calendar years; [PL 2017, c. 231, §14 (AMD).]

C. Began operation after January 1, 2014 in a region with a population of 300,000 or more, based on the 1990 U.S. Census, to replace a commercial track as defined by paragraph A that ceased operation after January 1, 2014 and for which no separate racetrack has been opened by the owner or operator of that commercial track that ceased operation. For purposes of this paragraph, a racetrack is not required to have conducted racing during the 2 preceding calendar years but is required to conduct racing on at least 70 days during each calendar year after the track is initially licensed as a commercial track. If a commercial track under this paragraph has not been granted 70 race days by the commission for the initial calendar year of operation, race days conducted during that year by the commercial track that ceased operation after January 1, 2014 are credited to the replacement commercial track; or [PL 2017, c. 231, §14 (AMD).]

D. Began operation after January 1, 2014 in a region with a population of less than 300,000, based on the 1990 U.S. Census, to replace a commercial track as defined by paragraph B that ceased operation after January 1, 2014 and for which no separate racetrack has been opened by the owner or operator of that commercial track that ceased operation. For purposes of this paragraph, a racetrack is not required to have conducted racing during the 2 preceding calendar years but is required to conduct racing on at least 35 days during each calendar year after the track is initially licensed as a commercial track. If a commercial track under this paragraph has not been granted 35 race days by the commission for the initial calendar year of operation, race days conducted during that year by the commercial track that ceased operation after January 1, 2014 are credited to the replacement commercial track. [PL 2017, c. 231, §14 (AMD).]

For the purposes of this subsection, "region" is determined by measuring a distance of 50 miles from the center of the racing track along the most commonly used roadway, as determined by the Department of Transportation, drawing a circle around the center of the racing track using that 50-mile measurement and excluding those municipalities or unorganized territories that do not have boundaries contained entirely by that circle.

For the purpose of determining the number of days a race track conducted racing under this subsection, if a race day is canceled due to a natural or other disaster, or due to a horse supply shortage as verified by the state steward, the track is considered to have conducted racing on that day. [PL 2017, c. 231, §14 (AMD).]

1-B. Commission; agency. "Commission," with regard to an agency, means the State Harness Racing Commission. [PL 1997, c. 528, §14 (NEW).]

In the event of cancellation of a portion of the scheduled racing program due to weather, power failure or a decision to cancel by the presiding judge on duty, a minimum of 5 live races actually raced constitutes a race date. If a licensee schedules separate programs for both an afternoon and an evening on the same calendar day and each program qualifies as a race date under this subsection, that licensee is granted one race date for each program.
[PL 2017, c. 231, §15 (AMD).]

9-B. **Race day.** "Race day" means a scheduled day of racing awarded by the commission pursuant to section 271 on which racing occurred.
[PL 2017, c. 231, §16 (NEW).]

[PL 1993, c. 388, §8 (NEW).]
10-A. Regular meeting. "Regular meeting" means the period of time from the first date a licensee is authorized to conduct live racing through the last date a licensee is authorized to conduct live racing, excluding periods of time longer than 14 days when the licensee is not authorized to conduct live racing. [PL 2017, c. 231, §17 (AMD).]

[PL 1997, c. 390, §1 (NEW).]

The commission shall suspend consideration of the application for the 30-day objection period. If the commission receives an objection from a racetrack in whose market area the facility would be located within the 30-day period, the commission shall reject the application. If the commission does not receive an objection within that period, the commission may proceed to consider the application. For purposes of this subsection, the market area is determined by measuring a distance of 50 miles from the center of the racetrack along the most commonly used roadway adjacent to the racetrack, as determined by the Department of Transportation, drawing a circle around the center of the racetrack using that 50-mile measurement.

If the commission receives an objection from an off-track betting facility in whose market area the facility would be located within the 30-day period, the commission shall reject the application. If the commission does not receive an objection within that period, the commission may proceed to consider the application. For purposes of this subsection, the market area is determined by measuring a distance of 35 miles from the off-track betting facility along the most commonly used roadway adjacent to the off-track betting facility, as determined by the Department of Transportation, drawing a circle around the center of the off-track betting facility using that 35-mile measurement.

[PL 2003, c. 401, §13 (AMD).]

which the facility is to be located and shall send a copy of the application to those officers. The municipal officers shall hold a public hearing for the consideration of the application in accordance with this subsection. [PL 1993, c. 388, §8 (NEW).]

[PL 1993, c. 388, §8 (NEW).]

C. Following the public hearing, the municipal officers shall grant or deny approval of the facility, indicate the reasons for their decision and provide a copy to the applicant. [PL 1993, c. 388, §8 (NEW).]

D. Approval of a facility may be denied on one or more of the following grounds:

1. Objection on policy or other grounds to the conduct of pari-mutuel wagering within the municipality;
2. Conviction by the applicant or a holder of more than 50% of the shares or other interests of the applicant of a Class A, Class B or Class C crime;
3. Noncompliance of the facility or the facility's use with a local zoning ordinance or other land use ordinance;
4. Conditions of record, such as waste disposal violations, health or safety violations and repeated parking or traffic violations, on or in the vicinity of the facility and caused by persons patronizing or employed by the facility or other conditions caused by persons patronizing or employed by the facility that unreasonably disturb, interfere with or affect the ability of persons or businesses residing or located in the vicinity of the facility to use their property in a reasonable manner;

6. Requirements for approval of license. The commission shall review the application and hold a public hearing on the application. The commission may issue a license to conduct pari-mutuel wagering at an off-track betting facility if:

4. Provides a potential for job creation, including jobs in the racing and wagering industries and other service jobs;
5. Has adequate seating facilities, toilet facilities and parking;
6. Will not adversely affect the value of abutting property;
7. Operation of facility. An off-track betting licensee may not permit a person under the age of 16 to enter the facility unless accompanied by a parent, legal guardian or custodian, as defined in Title 22, section 4002. The off-track betting licensee may not permit a person under the age of 18 within 15 feet of a betting window or other place for accepting wagers.

8. Requirements for simulcasting. The following requirements apply to simulcasting by off-track betting facilities.

A. An off-track betting facility located within a 75-mile radius of a noncommercial racing licensee may not present a simulcast at the same time that racing licensee is conducting live racing, unless the racing licensee consents and the facility pays the racing licensee 2% of the wagers made at the facility at the time live racing is being conducted. An off-track betting facility within a 50-mile radius of a noncommercial racing licensee may not present a simulcast during any day on which that racing licensee is conducting live racing, unless the racing licensee consents and the facility pays the racing licensee 1% of the wagers made on that day. Amounts payable under this section are taken from the facility’s share of wagers authorized in section 286. If the racing licensee is conducting simulcasting pursuant to section 295, subsection 2, then the racing licensee is not entitled to payment by the facility under this section.

B. If live racing being conducted in this State is available for simulcast, all off-track betting facilities shall provide broadcasts originated in the State on the monitors in the facility, as required by rule of the commission, and shall accept wagers on those races on all of its pari-mutuel selling terminals. The races must be broadcast as announced on the track. At any time harness racing originated in the State is available for simulcast, the facility may not broadcast harness racing from outside the State without approval of:

SECTION HISTORY

§287. Payment of state share

1. Payment. Amounts calculated as state share under section 286 must be paid to the Treasurer of State for deposit in the operating account established under section 267-A. If the total of regular and exotic wagers placed at facilities licensed under this chapter exceeds $35,000,000 for any calendar year, the portion payable to the operating account must be distributed in accordance with this section. All
wagers placed at off-track betting facilities and racetracks must be included in making this calculation, including wagers made in this State to commingled pools.

2. Commercial meet account. The Treasurer of State shall deposit in a commercial meet account 72% of the revenue credited to the operating account under this section that is attributable to amounts in excess of $35,000,000. This account must be divided in the proportion that the contributions of regular and exotic wagers of pari-mutuel pools on live racing made or conducted at the commercial meets of each licensee during the calendar year bear to the total contributions of regular and exotic wagers to pari-mutuel pools on live racing made or conducted at the commercial meets of all licensees during that calendar year. Licensees sharing in this distribution shall use 1/2 of the funds received for the purpose of supplementing purse money. The other 1/2 of this distribution must be paid to the commercial licensees as reimbursement for improvements made to their racing facilities in the calendar year during which the funds are generated or, beginning January 1, 2000, during the prior year. To receive reimbursement, commercial licensees must submit plans for the improvements to the commission and receive approval from the commission prior to making the improvements, and the commission must verify that the approved improvements have been made.

3. Payment to Stipend Fund. Nine percent of the revenue credited to the operating account under this section that is attributable to amounts in excess of $35,000,000 must be distributed to the Stipend Fund as provided in Title 7, section 86.

4. Sire Stakes Fund. Nine percent of the revenue credited to the operating account under this section that is attributable to amounts in excess of $35,000,000 must be paid to the commission to be credited to the Sire Stakes Fund as provided in section 281.

5. Definition. For the purposes of this section, "improvements" means the amount paid out for new buildings or for permanent improvements made to improve the facilities utilized by the licensee for conducting its racing meetings; or the amount expended in restoring property or in improving the facility or any part of the facility that results in the addition, replacement or substantial enhancement or restoration of a fixed asset or of a movable asset that is important to efficient operation of the racing meetings. In general, the amounts referred to as improvements include amounts paid that add to the value, improve or substantially prolong the useful life of the racetrack and moveable assets utilized by the licensee for conducting its racing meetings. Amounts paid or incurred for routine repairs and maintenance of property, interest expense or lease payments in connection with the capital improvements are not improvements within the meaning of this section. In order to qualify as an improvement, a substantial enhancement or restoration of an asset must cost at least $2,000 and must be an expenditure that would qualify for depreciation under the United States Internal Revenue Code. A moveable asset may be considered important to the efficient operation of a race meeting if the asset will remain at the commercial track or at the offices of the licensee throughout its use and if that asset is directly associated with running races, accommodating patrons of the race meet, conducting pari-mutuel wagering or paying purses.

[PL 1999, c. 622, §1 (AMD).]

6. Timing of payment. Payment under this section must be made no later than 7 days after each race and must be accompanied by a report under oath showing the total of all contributions to pari-mutuel pools covered by the report and other information the commission requires.

[PL 1997, c. 528, §46 (NEW).]

7. Interim payments to commercial tracks. If during the course of any calendar year the commission finds that wagers placed at facilities licensed under this chapter for the year are likely to

Amounts calculated as Sire Stakes Fund share under section 286 must be paid to the Treasurer of State for deposit in the Sire Stakes Fund for use as provided in section 281. [RR 2019, c. 1, Pt. A, §10 (COR).]

The Treasurer of State shall credit .189% of the commission on regular wagers made to interstate commingled pools, .402% of the commission on exotic wagers made to interstate commingled pools, 0.72% of the regular wagers made to all other pools and 0.49% of the exotic wagers made to all other pools to the Stipend Fund as provided in Title 7, section 86 and shall distribute the balance as provided in subsection 2. [PL 2005, c. 563, §7 (AMD).]

2. Extended meet account. The Treasurer of State shall distribute the balance of the amount calculated as Stipend Fund share as follows.

   A. The first $400,000 of the total amount, regardless of when actually collected, must be credited to the Stipend Fund as provided in Title 7, section 86. [PL 2005, c. 563, §7 (AMD).]

   B. From the balance of the total amount in excess of $400,000, regardless of when actually collected, 80% must be paid and returned no later than 30 days after the end of the calendar year to those persons, associations and corporations that during that calendar year conducted an extended meet pursuant to a license granted by the commission in section 271. This payment must be divided in the proportion that the contributions of regular and exotic wagers to pari-mutuel pools on live racing made or conducted at the extended meets of each racing licensee during that calendar year bear to the total contributions of regular and exotic wagers to pari-mutuel pools on live racing made or conducted at the extended meets of all racing licensees during that calendar year.

   Licenses sharing in this distribution shall use 1/2 of the funds so received for the purpose of supplementing the purse money. [PL 1997, c. 528, §46 (NEW).]

Beginning January 30, 1997, the January 30th payment must be adjusted to reflect the dates when live racing was actually conducted during the previous year, not the dates granted.

SECTION HISTORY

§298. Fund to supplement harness racing purses

1. Fund created. A fund is established to supplement harness racing purses to which the commission shall credit all payments received pursuant to section 1036, subsection 2, paragraph B for distribution in accordance with this section. The fund is a dedicated, nonlapsing fund, and all revenues deposited in the fund remain in the fund and must be disbursed in accordance with this section, except that assessments and advances may be withdrawn in accordance with section 267-A. The commission shall distribute in accordance with this section amounts credited to the fund.

2. Distribution.

[PL 2007, c. 183, §1 (RPR); PL 2007, c. 183, §3 (AFF); MRSA T. 8 §298, sub-§2 (RP).]

2-A. Distribution. On April 30th, July 30th, October 30th and January 30th of each year, all amounts credited to the fund established by this section as of the last day of the preceding month and not distributed before that day must be distributed to each commercial track, as defined in section 275-A, subsection 1, to each agricultural fair licensee that conducts live racing on fair dates assigned by the commissioner pursuant to Title 7, section 84 and to each agricultural fair licensee that conducts an extended meet as long as that licensee conducted an extended meet in 2005, with each commercial track and each agricultural fair licensee receiving an amount of money determined by multiplying the amount
of money available for distribution by a fraction, the numerator of which is the total number of live race dashes assigned to the commercial track or agricultural fair licensee for the year and the denominator of which is the total number of race dashes assigned to all commercial tracks and agricultural fair licensees for the year. The payment in January must be adjusted so that for the prior year each commercial track or agricultural fair licensee entitled to a distribution receives that portion of the total money distributed for the full year from the fund established by this section that is determined by multiplying the total amount of money by a fraction, the numerator of which is the number of live race dashes conducted by the commercial track or agricultural fair licensee during the calendar year that qualify for a distribution and the denominator of which is the total number of race dashes conducted during that calendar year that qualify for a distribution. For purposes of this subsection, a race dash qualifies for distribution if the dash was conducted by a commercial track or by an agricultural fair licensee on dates assigned under Title 7, section 84 or during an extended meet. The funds distributed pursuant to this subsection must be used to supplement harness racing purses.

This subsection takes effect December 31, 2009.

[PL 2007, c. 183, §2 (NEW); PL 2007, c. 183, §3 (AFF).]

3. Rules. The commission may adopt rules to enforce the obligation of licensees to use funds distributed under this section to supplement harness racing purses and to require licensees to account for funds. Rules adopted pursuant to this subsection are routine technical rules pursuant to Title 5, chapter 375, subchapter 2-A.

SECTION HISTORY

§299. Fund to Encourage Racing at Maine's Commercial Tracks

1. Fund created. The Fund to Encourage Racing at Maine's Commercial Tracks is established to provide revenues to Maine's commercial tracks. The fund is a dedicated, nonlapsing fund. All revenues deposited in the fund remain in the fund and must be disbursed in accordance with this section, except that assessments and advances may be withdrawn in accordance with section 267-A.

2. Distribution. On July 30th and January 30th, all amounts credited to the fund established by this section as of the last day of the preceding month and not distributed before that day must be distributed to each commercial track licensed under section 271 within 30 days, with each track receiving that amount of the money available for distribution determined by multiplying that amount times a fraction, the numerator of which is the total number of race day credits awarded to the commercial track during the preceding time period and the denominator of which is the total number of race day credits awarded for all commercial tracks licensed under section 271 during that time period. The payment in January must be adjusted so that for the prior 2 time periods each commercial track receives that fraction of the total money distributed over the full year from the fund established by this section, the amount determined by multiplying the total amount of money times a fraction, the numerator of which is the number of live race day credits actually earned by the commercial track during the calendar year and the denominator of which is the total number of race day credits actually earned by all commercial tracks licensed under section 271 during that calendar year.

[PL 2017, c. 231, §23 (AMD).]

3. Track closure distribution. Notwithstanding subsection 2, if a commercial track ceases operation and is not immediately replaced by a commercial track in the same region that is owned by the same owner as the commercial track that ceased operation, all amounts credited to the fund established by this section must be disbursed to the remaining commercial tracks and to agricultural
fair licensees that conduct live racing based on days raced during extended meets up to a maximum of 100 days raced during extended meets per year and until such time as a new commercial track begins operation. If a commercial track ceases operation, the commission may vary from the distribution schedule set forth in subsection 2 to facilitate racing at other licensed tracks in the State. The payment to a commercial track or agricultural fair is determined pursuant to subsections 2 and 5, with agricultural fair licenses conducting live racing during extended meets receiving race day credits as determined in subsection 5 in a similar manner as commercial race tracks receive race day credits. An agricultural fair must receive its payment no later than May 30th before extended meets are held based on assigned dates for extended meets for that agricultural fair. An adjustment must be made no later than the January 30th following the extended meets that results in payment to an agricultural fair based on days actually raced during extended meets by that agricultural fair. Any amount remaining in the fund on January 30th after payments are made to commercial tracks and agricultural fairs must be transferred to the operating account of the commission under section 267-A.

For the purposes of this subsection, "region" is determined by measuring a distance of 50 miles from the center of the racing track along the most commonly used roadway, as determined by the Department of Transportation, drawing a circle around the center of the racing track using that 50-mile measurement and excluding those municipalities or unorganized territories that do not have boundaries contained entirely by that circle. [PL 2017, c. 231, §24 (AMD).]

4. Natural disaster exception. If the commission determines that a commercial track is unable to conduct harness racing due to a natural disaster and that the commercial track licensee cannot immediately relocate to another venue, the commercial track licensee may be allowed up to 6 months to repair, rebuild or relocate at the discretion of the commission and, if the commercial track licensee repairs, rebuilds or relocates within the time frame allowed, the commission may authorize the commercial track licensee to again receive distributions in accordance with subsection 2. If the commercial track licensee is unable to repair, rebuild or relocate during this 6-month time frame due to circumstances that are determined by the commission to be outside of the control of the commercial track licensee, the commission may grant a reasonable extension beyond 6 months. During any time that is granted by the commission under this subsection to the commercial track licensee in order to repair, rebuild or relocate, the distribution formula established under subsection 3 must be in effect. [PL 2015, c. 493, §3 (NEW).]

5. Race day credits. For the purposes of this section, race day credits are awarded as follows:
   A. One race day credit is earned for each day actually raced; [PL 2017, c. 231, §25 (NEW).]
   B. One additional race day credit is earned for each day raced when no other association licensed under section 271 is scheduled to race; and [PL 2017, c. 231, §25 (NEW).]
   C. One additional race day credit is earned for each day raced during the months of March and December. A maximum of 12 race day credits may be awarded per commercial track for the month of March and a maximum of 12 race day credits may be awarded per commercial track for the month of December. [PL 2017, c. 231, §25 (NEW).]

SECTION HISTORY

§300-A. Illegal wagering

1. Illegal wagering on horse races. A person is liable for the damages specified in this section if that person accepts a wager from a person located within this State and:

   B. The person who accepts the wager is not licensed to do so under this chapter. [PL 2005, c. 683, Pt. C, §3 (NEW).]

   [PL 2005, c. 683, Pt. C, §3 (AMD).]

3. Punitive damages. If a person accepting an illegal wager described in subsection 1 has been advised in writing of the provisions of this section either by the Attorney General or by a commercial track licensed under this chapter before accepting any such wager, then the person accepting the illegal wager, in addition to all other damages authorized under this section, is liable in an amount of up to 4
times the damages awarded under subsection 2 that the court determines are appropriate given the willfulness of the violation, any mitigating circumstances, any efforts by the person who accepted the wager to comply with Maine law, the need to deter acceptance of illegal wagers and all other relevant circumstances.

[PL 2005, c. 304, §1 (NEW).]

4. Distribution of damages. Damages awarded under this section must be distributed as follows.
