For the purposes of this paragraph, "net cost of the insurer's investment" means the sum of the total money or other consideration expended and obligations assumed in the acquisition or formation of a subsidiary, including all organizational expenses and contributions to capital and surplus of that subsidiary, and all amounts expended in acquiring additional common stock, preferred stock, debt obligations and other securities, and all contributions to the capital or surplus, of a subsidiary subsequent to its acquisition or formation less any returns of capital, repayments of principal and any other payments that reduce the insurer's investment in the subsidiary. [PL 2023, c. 59, §2 (AMD).]

5. The insurer's investments in common stock, preferred stock, debt obligations and other securities of subsidiaries other than insurance subsidiaries are limited to the lesser of 10% of the insurer's admitted assets or 50% of the insurer's surplus as to policyholders except in instances when a greater investment has been approved by the superintendent.

[PL 1993, c. 313, §21 (NEW).]

6. The assets of an insurer may be invested in obligations issued, assumed, guaranteed or accepted by domestic institutions, or trustees or receivers of those institutions and preferred shares of any of those institutions, except that, without the prior approval of the superintendent, a domestic insurer may not acquire any high-yield or medium grade obligations of any institution if:

A. The aggregate amount of all medium grade obligations and all high-yield obligations then held by the insurer exceeds the lesser of 20% of its admitted assets or its surplus as to policyholders; [PL 1993, c. 313, §21 (NEW).]

B. The aggregate amount of all high-yield obligations then held by the insurer exceeds 10% of its admitted assets; [PL 1993, c. 313, §21 (NEW).]
