Temporary space is instructional space consisting of one or more mobile or modular buildings that are portable, that are constructed on- or off-site and that can be disassembled and moved economically to a new location. Permanent small instructional space consists of new buildings or additions to existing buildings that are secured to a permanent foundation. Once an existing leased temporary or interim instructional space has been replaced by a permanent small instructional space through an approved financing agreement, that space is eligible for state support for a maximum of 10 years; and

(4) Regional programs and services space. A school administrative unit engaged in a state-approved lease-purchase agreement for regional programs and services space that serves students from 2 or more school administrative units is eligible for state support for a maximum of 5 years.
