CHAPTER 709

DISPOSAL OF DEAD BODIES

§2881. Delivery to physician for scientific purposes

If any resident of the State requests or consents that after death his body may be delivered to a regular physician or surgeon for the advancement of anatomical science, it may be used for that purpose, unless some kindred or family connection makes objection.

§2882. Collection, distribution and delivery

The professors of anatomy, the professors of surgery and the demonstrators of anatomy in the medical schools of the State which are now or may hereafter become incorporated by Act of the Legislature shall be and are constituted a board for the collection, distribution and delivery of dead human bodies to and among such persons as under this chapter are entitled thereto. When no medical schools of the State are in active operation, the Superintendent of the Dorothea Dix Psychiatric Center, the Superintendent of the Riverview Psychiatric Center, the Superintendent of the Eastern Maine Medical Center, the Superintendent of the Maine Medical Center and the Superintendent of the Central Maine Medical Center shall constitute the board. The said board shall have full power to establish rules and regulations for its government and to appoint and remove officers, and shall keep full and complete minutes of its transactions. Records shall be kept under its direction of all bodies received and distributed by said board and of the persons to whom the same are distributed. The minutes and records shall be open at all times to the inspection of each member of said board, the Attorney General and the district attorney of any county within the State. [PL 1981, c. 470, Pt. A, §95 (AMD); PL 2005, c. 236, §§3, 4 (REV).]

SECTION HISTORY

§2883. Deaths in almshouses, prisons and institutions

All public officers, agents and servants of any and every county and municipality, and of any and every almshouse, prison, morgue, hospital or any other public institution having charge or control over dead human bodies required to be buried at the public expense are required to notify immediately the board of distribution, or the person or persons as may from time to time be designated by the board, or its duly authorized officer or agent, whenever any body or bodies come into their possession, charge or control, and shall, without fee or reward, deliver the body or bodies to the board or its duly authorized officer or agent, and permit and suffer the board or its agents, or the physicians and surgeons from time to time designated by it or them, who comply with this chapter, to take and remove any and all bodies to be used within the State for the advancement of medical education. No notice need be given and no body must be delivered if any person, satisfying the authorities in charge of the body that the person is a member of the family or next of kin to the deceased, shall claim the body for burial, but it must be surrendered to the person for interment, and no notice may be given and no body delivered to the board or its agents if the deceased person was a traveler and not a vagabond, who died suddenly, in which case the body must be buried. No notice may be given and no body delivered to the board or its agents by the Department of Corrections if, at its option, the department assumes responsibility for the expenses of burial. The option may be exercised by the Department of Corrections regardless of whether the body is claimed by a member of the family or next of kin, but in such a case it may only be exercised with the agreement of the person making the claim. The superintendents and medical staffs of the Riverview Psychiatric Center and the Dorothea Dix Psychiatric Center, having charge or
control over dead human bodies required to be buried at public expense, when no person satisfies the superintendent of either hospital for the mentally ill, and the department that the person is a member of the family of, or has some family connection or is next of kin to the deceased, and wishes to claim the body for burial, may for the advancement of science hold an autopsy and examine the body of the deceased person, notwithstanding any provisions of this chapter. [PL 1995, c. 395, Pt. G, §7 (AMD); PL 2005, c. 236, §§3,4 (REV).]

Notwithstanding the availability of lump sum death benefits under the United States Social Security Act, the term "buried at public expense" as written in this section shall be deemed to include the unclaimed dead bodies of all indigent persons otherwise within the intendment of this section. [PL 1989, c. 56 (AMD).]

As used in this section, "burial" includes cremation and burial of the cremated remains of the body. [PL 2001, c. 386, §5 (NEW).]

SECTION HISTORY

§2884. Distribution of bodies

The board or its duly authorized agent may take and receive such bodies, so delivered, and shall upon receiving them after 7 days from the date of decease distribute and deliver them to or among the schools, physicians and surgeons in the following manner: Those schools needing bodies for lectures and demonstrations shall first be supplied as fast as practicable, the number assigned to each to be based upon the number of students in actual attendance, which number shall be returned to the board at such times as it shall direct. The board of distribution may from time to time designate physicians or surgeons who shall receive said bodies, applications to be considered in the order of their receipt by said board. Subject to this chapter, it shall be lawful for the University of Maine System, Colby College, Bates College and Bowdoin College or any recognized medical school in New England to receive such bodies for the promotion of medical education, which shall be construed to include nursing training and premedical education. [PL 1985, c. 778, §62 (AMD).]

SECTION HISTORY

§2885. Enclosed from public view; carriers to obtain receipts

The said board may employ a carrier or carriers for the conveyance of said bodies, and the said bodies shall be well enclosed within a suitable encasement and carefully deposited free from public observation. Said carrier shall obtain receipts by name or, if the deceased is unknown, by a description for each body delivered by him, which receipt shall state the source from which said body was received, and shall deposit said receipts with the secretary of said board.

§2886. Bond for proper disposal; traffic outside of State

No school, college, university, or any recognized medical school in New England, physician or surgeon shall be allowed or permitted to receive any such body or bodies until a bond shall be given to the Treasurer of State by such physician or surgeon, or by and in behalf of such school, college, university or any recognized medical school in New England, to be approved by a justice of a court of record in and for the county in which said physician or surgeon resides, or in which such school, college, university or any recognized medical school in New England is situated. Such bond shall be in the penal sum of $1,000, conditioned that all such bodies, which the said physician or surgeon or the said school, college, university or any recognized medical school in New England shall receive thereafter, shall be
used only for the promotion within the state of medical education, which shall be construed to include nursing training and premedical education, and when no longer needed for such educational purposes shall be decently buried. Said bond shall be examined annually in the month of December by the Treasurer of State and he shall certify in writing upon each bond in his possession his approval of the same. In case any bond is not approved by him, he shall immediately notify the party giving the same, who shall forthwith file a new bond. Whosoever shall sell or buy such body or bodies, or in any way traffic in the same, or shall transmit or convey such body or bodies to any place outside of the State, or cause the same to be done, except as provided in section 2884, shall be punished by a fine of not more than $200 or by imprisonment for not more than 11 months.

§2887. Expenses

Neither the State nor any county or municipality, nor any officer, agent or servant thereof shall be at any expense by reason of the delivery or distribution of any such body, but all the expenses thereof, and of said board of distribution, shall be paid by those receiving the bodies in such manner as shall be specified by said board of distribution.

§2888. Neglect to discharge duties

Any person having duties enjoined upon him by this chapter who shall neglect, refuse or omit to perform the same as required by this chapter shall, on conviction thereof, be punished by a fine of not less than $100 nor more than $500, for each offense.

§2889. Disposal of eyes after death
