Amend the bill in section 1 in §1504 by striking out all of subsection 5 (page 1, lines 15 to 17 in L.D.) and inserting the following:

5. Maximum sample. The maximum amount of samples of distilled spirits given to a retail licensee by a sales representative may not exceed 3 liters per year per distiller represented by that sales representative, and samples may not exceed one liter.

SUMMARY

This amendment clarifies that the 3-liter-per-year limitation is per distiller represented by a sales representative. The amendment removes the provision that samples be provided in the smallest container size available for sale in this State and retains the provision that samples may not exceed one liter.
