SUMMARY

This amendment replaces the resolve and establishes a task force to design a unified pension and benefit plan to apply to all state employees and teachers who are first hired after December 31, 2010. Under this unified pension and benefit plan:

1. In order to enhance portability of benefits and eliminate the issues associated with the government pension offset and the windfall elimination provision of the federal Social Security Act, every state employee and teacher subject to the plan will be covered under Social Security;

2. All new employees will be members of a common health plan with benefits that are identical to those paid for in accordance with current law and collective bargaining contracts;

3. In addition to Medicare and Social Security, each member will be entitled to a supplemental defined pension and retiree health benefit;

4. The present actuarial cost of retiree benefits under the plan will be divided equally between the employee and the employer;

5. Continuing health coverage will be offered to retirees and their dependents;

6. A retired member may receive a subsidy of up to 100% of the cost for the retiree's own health insurance and up to 50% of the cost of a spouse or dependent. The level of subsidy will be graduated to reflect length of service;

7. The future cost of retiree health benefits will be paid into an existing dedicated revenue account by assessing the current payroll of active members a percentage that is divided equally between the member and the member's employer;

8. Each member's supplemental defined pension will be calculated as a percentage of base year compensation multiplied by years of service. The percentage, rounded to the nearest tenth, will be calculated based on funding available after deducting the cost of the retiree health benefit from the 6% total benefit cost; and

9. A vested member may retire after 30 years of service or at 62 years of age, whichever occurs first. A member who retires early may recover 1.5 times the member's own contribution plus 6% interest if benefits are withdrawn as cash, or 1.8 times the member's own contribution plus 6% interest if the benefits are withdrawn in the form of an annuity.

The resolve directs the task force to submit a report on the design of the unified pension and benefit plan, together with proposed implementing legislation, to the Joint Standing Committee on Labor no later than March 1, 2010 and authorizes the committee to report out a bill to the Second Regular Session of the 124th Legislature.
