Fiscal Note Required: Yes

Fiscal Note

No state fiscal impact

Fiscal Detail and Notes

Requiring local school administrative units (SAU's) to allow eligible students enrolled in a public charter school to participate in its extracurricular and cocurricular activities under certain conditions will have no fiscal impact to the State. The fiscal impact to local SAU's and the public charter schools in which the eligible students attend as a result of the public charter school being required to pay the local SAU the EPS-per-pupil funding received by the public charter school for cocurricular and extracurricular activities can not be determined and will depend on the number of eligible students in a public charter school that choose to participate in a SAU's extracurricular and cocurricular activities.
