### Correctional and Judicial Impact Statements

This bill may increase the number of civil suits filed in the court system. The additional workload associated with the minimal number of new cases filed in the court system does not require additional funding at this time. The collection of additional filing fees may increase General Fund revenue by minor amounts.

### Fiscal Detail and Notes

This bill establishes new performance standards for transmission and distribution utilities operating in the State and creates new oversight responsibilities for the Public Utilities Commission (PUC). The bill includes ongoing allocations of \$333,530 starting in fiscal year 2022-23 for one Utility Analyst position and one Staff Attorney position and associated All Other costs. It also includes a one-time allocation of \$400,000 in fiscal year 2022-23 for contracted services related to the additional reporting requirements outlined in the bill. The PUC is funded by an assessment set to produce sufficient revenue for the expenditures allocated by the Legislature for operating the PUC. The increased allocations in this bill require a corresponding increase in revenue from the assessment on transmission and distribution utilities.
