Fiscal Detail and Notes

The Department of Health and Human Services will require an annual General Fund appropriation of \$1,541,815 beginning in fiscal year 2024-25 for a new MaineCare lifespan waiver, which will offer the services currently offered under the department's rule Chapter 101: MaineCare Benefits Manual, Chapters II and III, Sections 21 and 29 and also incorporate innovations such as self-directed services, employment options and transition services.

There is funding in the currently proposed biennial budget for this new waiver program. If that initiative were part of the final budget passed by the legislature, this appropriation can be removed and the language can move forward.
