SUMMARY

This amendment:

1. Removes specific language related to the requirements of licensure from the definition of "conditional license," since the definition already contains a reference to the section of statute that outlines those requirements;

2. Gives the Director of the Office of Professional and Occupational Regulation within the Department of Professional and Financial Regulation rule-making authority related to a qualifying score on an American Sign Language proficiency interview. It also provides that a score of 3+ or higher is a qualifying score until the director is able to complete the rule-making process; and

3. Removes the specific names of 2 separate knowledge exams that are no longer being used and replaces that language with reference to the knowledge exam administered by the Registry of Interpreters for the Deaf, Inc.
