SUMMARY

This amendment replaces the bill. It creates a civil violation for landowners of 50,000 acres or more of forest land that hire, or contract with a person who hires, a person to transport forest products that are harvested from the landowner’s land from a location in the State to another location in the State in violation of federal law or regulation or an international trade agreement. The Director of the Bureau of Forestry within the Department of Agriculture, Conservation and Forestry is required to enforce this provision and to notify the State Tax Assessor and municipal property tax assessors of violations. The amendment clarifies the treatment of violations under the Maine Tree Growth Tax Law and removes the provision in the bill that provides that violators may not receive certain state grants or other state funding. The amendment retains the provision of the bill that requires owners and managers of log yards and mill sites to present a copy of a trip ticket to a forest ranger in the log yard or mill site upon request. The amendment adds an appropriations and allocations section.
