**SUMMARY**

This amendment establishes the civil violation of intrastate transport of forest products by nonresidents to prohibit the transportation of certain forest products from a location in Maine to another location in Maine unless the person doing the transporting is a resident of the United States, except that the person may not be in the United States under the federal H-2A visa program. The civil violation applies to a landowner of 50,000 acres or more of forest land in Maine that contracts with an unauthorized motor carrier and to an unauthorized motor carrier that engages in the prohibited activity.

As in the committee amendment, this amendment specifies that enforcement is the responsibility of the Director of the Bureau of Forestry within the Department of Agriculture, Conservation and Forestry but limits the enforcement to violations of the new civil violation as part of the ticket inspection process, removes references to federal law or regulation and international trade agreements and requires enforcement to be done within the existing resources of the bureau. This amendment increases the amounts of the fines levied against landowners who hire or contract with an unauthorized motor carrier and imposes fines on unauthorized motor carriers that violate the law. This amendment allows

the bureau to retain any fines collected for the civil violation and to use them to assist with
the enforcement of the civil violation of intrastate transport of forest products by
nonresidents.

This amendment also removes the appropriations and allocations section from the
committee amendment.
