An Act to Establish the Winter Energy Relief Payment Program to Aid Residents with High Heating Costs and to Finalize the COVID Pandemic Relief Payment Program

(EMERGENCY)

Received by the Clerk of the House on December 16, 2022. Referred to the Committee on Appropriations and Financial Affairs pursuant to Joint Rule 308.2 and ordered printed pursuant to Joint Rule 401.

ROBERT B. HUNT
Clerk

Presented by Speaker TALBOT ROSS of Portland. Cosponsored by President JACKSON of Aroostook.
Emergency preamble. Whereas, acts and resolves of the Legislature do not become effective until 90 days after adjournment unless enacted as emergencies; and

Whereas, on March 13, 2020, the President of the United States declared a nationwide emergency pursuant to Section 501(b) of the Robert T. Stafford Disaster Relief and Emergency Assistance Act and, on April 4, 2020, the President of the United States approved a major disaster declaration for the State of Maine for periods beginning on January 20, 2020 and continuing; and

Whereas, on March 13, 2020, the President of the United States declared a national emergency concerning the coronavirus disease 2019 (COVID-19) pandemic pursuant to Sections 201 and 301 of the National Emergencies Act and, on February 18, 2022, the President of the United States continued the national emergency pursuant to Section 202(d) of the National Emergencies Act; and

Whereas, on January 31, 2020, the United States Secretary of Health and Human Services determined that a public health emergency exists and has existed since January 27, 2020 nationwide and, on October 13, 2022, the United States Secretary of Health and Human Services renewed that determination; and

Whereas, Maine consumers are experiencing increased energy prices across all fuel types and experiencing volatility; and

Whereas, with nearly 60% of homes reliant on heating oil, Maine is the most heating oil dependent state in the country. Also, the New England electric grid, which supplies power to a majority of Maine, is over-reliant on natural gas to generate electricity. This makes Maine distinctly vulnerable to price increases; and

Whereas, residential energy prices have increased significantly throughout the pandemic and high winter energy prices will exacerbate the ongoing effects of the pandemic and pose a threat to Maine's recovery from the pandemic; and

Whereas, in the judgment of the Legislature, these facts create an emergency within the meaning of the Constitution of Maine and require the following legislation as immediately necessary for the preservation of the public peace, health and safety; now, therefore,

Be it enacted by the People of the State of Maine as follows:

PART A

Sec. A-1. Transfer from General Fund unappropriated surplus; Housing Authority - State; supplement federal funding. **Sec. B-2. Transfer from General Fund unappropriated surplus; Winter Energy Relief Payment Program Fund.** Notwithstanding any provision of law to the contrary, on or before December 31, 2022, the State Controller shall transfer $398,000,000 from the unappropriated surplus of the General Fund to the Department of Administrative and Financial Services, Winter Energy Relief Payment Program Fund Other Special Revenue Funds account for the purpose of providing payments to help eligible recipients of the State pay for high winter energy costs and recover from the economic effects of the pandemic related to coronavirus disease 2019, referred to in this Part as "the COVID-19 pandemic." eligible Maine recipients to offset some of the expenses that have been incurred, and will be incurred in the winter months of 2022-2023, by those recipients as a result of high winter energy costs and the COVID-19 pandemic, including, without limitation, personal, family and living expenses.

PART E

Sec. E-1. 38 MRSA §603-A, sub-§7-A is enacted to read:

7-A. Emergency variance. The commissioner, without hearing, may suspend any of the sulfur content requirements of subsection 2 if the commissioner finds that the expected availability of fuel that complies with those requirements is inadequate to meet the needs of residential, commercial or industrial users in this State and that such expected unavailability constitutes an immediate threat to public health, safety or the general welfare. The commissioner shall specify in writing the period during which the suspension is in effect.

PART F

Sec. F-1. Suspension of transfers to Maine Budget Stabilization Fund.
Notwithstanding any provision of law to the contrary, the requirement in the Maine Revised Statutes, Title 5, section 1535 that certain baseline General Fund revenue and other available budgeted General Fund resources that exceed the General Fund appropriation limit be transferred to the Maine Budget Stabilization Fund is suspended for the duration of fiscal year 2022-23.

Emergency clause. In view of the emergency cited in the preamble, this legislation takes effect when approved.

SUMMARY

This bill provides relief to certain Maine households to assist them with high costs for home heating.

Part A transfers funds totaling $71,000,000 from the unappropriated surplus of the General Fund to the Maine State Housing Authority no later than June 30, 2023. Of this amount, $40,000,000 is allocated for heating assistance to households in the State eligible for the federal Low Income Home Energy Assistance Program, $10,000,000 is allocated as emergency funds to households to avert an energy crisis and $21,000,000 is allocated for
emergency housing to prevent people from experiencing homelessness during the 2022-2023 winter months.

Part B establishes the Winter Energy Relief Payment Program and transfers funds on a one-time basis totaling $398,000,000 from the unappropriated surplus of the General Fund to the newly created Winter Energy Relief Payment Program Fund Other Special Revenue Funds account no later than December 31, 2022 to fund the program. The program provides relief payments of $450 to individuals who filed a Maine income tax return as of October 31, 2022 and who had income less than: $200,000, if filing as an individual filing a married joint return or a surviving spouse permitted to file a joint return; $150,000, if filing as a head of household; or $100,000, if filing as a single individual or as a married individual filing a separate return.

The State Tax Assessor is required to identify eligible recipients and make relief payments to those individuals no later than March 15, 2023. A process is specified to allow individuals who are eligible but who have not received a relief payment to document eligibility to the State Tax Assessor. The relief payment is not considered income for Maine income tax purposes.

Part C transfers $4,433,437 from the unappropriated surplus of the General Fund to the COVID Pandemic Relief Payment Program no later than June 30, 2023. Part C also transfers $385,754 from the COVID Disaster Relief Payment Fund Other Special Revenue Funds account and $6,674,993 from the Homestead Property Tax Exemption Reimbursement, Other Special Revenue Funds account to the COVID Pandemic Relief Payment Program. Part C provides the COVID Pandemic Relief Payment Program with an Other Special Revenue Funds allocation of $11,494,184 in fiscal year 2022-23 to complete the $850 pandemic relief payment to each eligible resident of the State as authorized in Public Law 2021, chapter 635, Part L.
