SUMMARY

This amendment changes the Maine standard deduction, for tax years beginning on or after January 1, 2026, from an amount equal to the federal standard deduction to $12,000 for single filers, $18,000 for heads of households and $24,000 for individuals filing married joint returns, subject to an inflation adjustment. This will maintain the Maine standard deduction at current levels for tax years 2026 and later, as opposed to current law, which provides for a reduction in the Maine and federal standard deduction for those tax years.

In addition, this amendment changes references in the Maine dependent exemption tax credit from the federal child tax credit to the federal personal exemption. This will maintain the Maine dependent exemption tax credit at current levels for tax years 2026 and later, as
opposed to current law, which provides for a reduction in the credit due to the expiration of the referenced federal child tax credit provisions.
